### Stevens Resolution In House of Commons Aims to Help Trade

Canadian Delegates to Imperial Conference to Be Urged to Initiate and Support Measures For Strengthening Empire

OTTAWA, Feb. 16:—House of Commons yesterday adopted a resolution of Hon. H. H. Stevens, minister of trade and commerce, that Canadian delegates to the Imperial Conference be instructed to initiate and support measures for the stabilization of the currency of all British countries in such a manner as to facilitate trade within the Empire.

### JAPANESE LOSE OUT

Driven From Miaochangchen Sector Shortly After Midnight; Fighting During Day Desultory

SHANGHAI, Feb. 26:—In a slashing counter-attack just before midnight, the Chinese drove the enemy out of Miaochangchen sector Saturday morning and held on against desultory machine gun fire.

Except for occasional sniping, Friday was quiet in Shanghai. The warring forces seemed to be preparing themselves for renewal of the conflict. While there was little in the way of actual fighting, the air was filled with tenseness. Both sides were moving troops to points of vantage.

### WILL GREET ARMY HEAD

Commissioner Robert Henry Expected to Arrive Here on Sunday

Sunday afternoon the Boys' Band will be out, under the leadership of Charles Balagno, to greet Commissioner and Mrs. Robert Henry of the Salvation Army, who are expected to arrive in the city aboard the steamer Princess Norah from Ketchikan. Mayor Orme will also meet them and extend a civic welcome. Staff Captain Acton will accompany the party.

Commissioner Henry, who makes his headquarters at Winnipeg, is making his first visit to the city. He met General Higgins in Vancouver just before the latter sailed for Australia and since then has been visiting Alaska points.

The Commissioner will hold a service at the Citadel Sunday night and on Monday he will visit Port Simpson. Tuesday he will attend a big welcome meeting in the United Church here and on Wednesday he will go up the line to visit Cedarvale, Hazelton, Glen Vowell and Prince George before proceeding east.

### S. J. MAYER CHAIRMAN OF SMITHERS COMMISSION

SMITHERS, Feb. 26:—S. J. Mayer, sole surviving member of last year's board, was elected chairman of the board of village commissioners at the initial meeting, following the election of Charles Morris as the third member. A mill rate of twelve was set on the assessed value of land and forty percent of the assessed value of improvements.

### LONG TOUR DESCRIBED

G. A. Woodland Tells Rotarians of Interesting Two Months' Holiday

### Many Experiences

Went East Via Panama Canal and Back By Same Route—Had Splendid Rest

The Prince Rupert Rotary Club, at its regular weekly luncheon yesterday afternoon, heard a very interesting account by G. A. Woodland of a recent two months' holiday trip which took him through Panama Canal to Bermuda, Eastern Canada and United States and back to Prince Rupert. Mr. Woodland's talk was in part as follows:

"I left Prince Rupert on December 10. There was snow on the ground. When going up the Inlet to Ocean Falls, I saw eight large sperm whales, which Captain Donald said had been in that vicinity for the past six weeks, apparently Canadian National whales, as they sported around to amuse the passengers on board ship. I had a nice trip to Vancouver but found very bad weather at Vancouver. Sailed on the Prince David at 12 midnight on December 12.

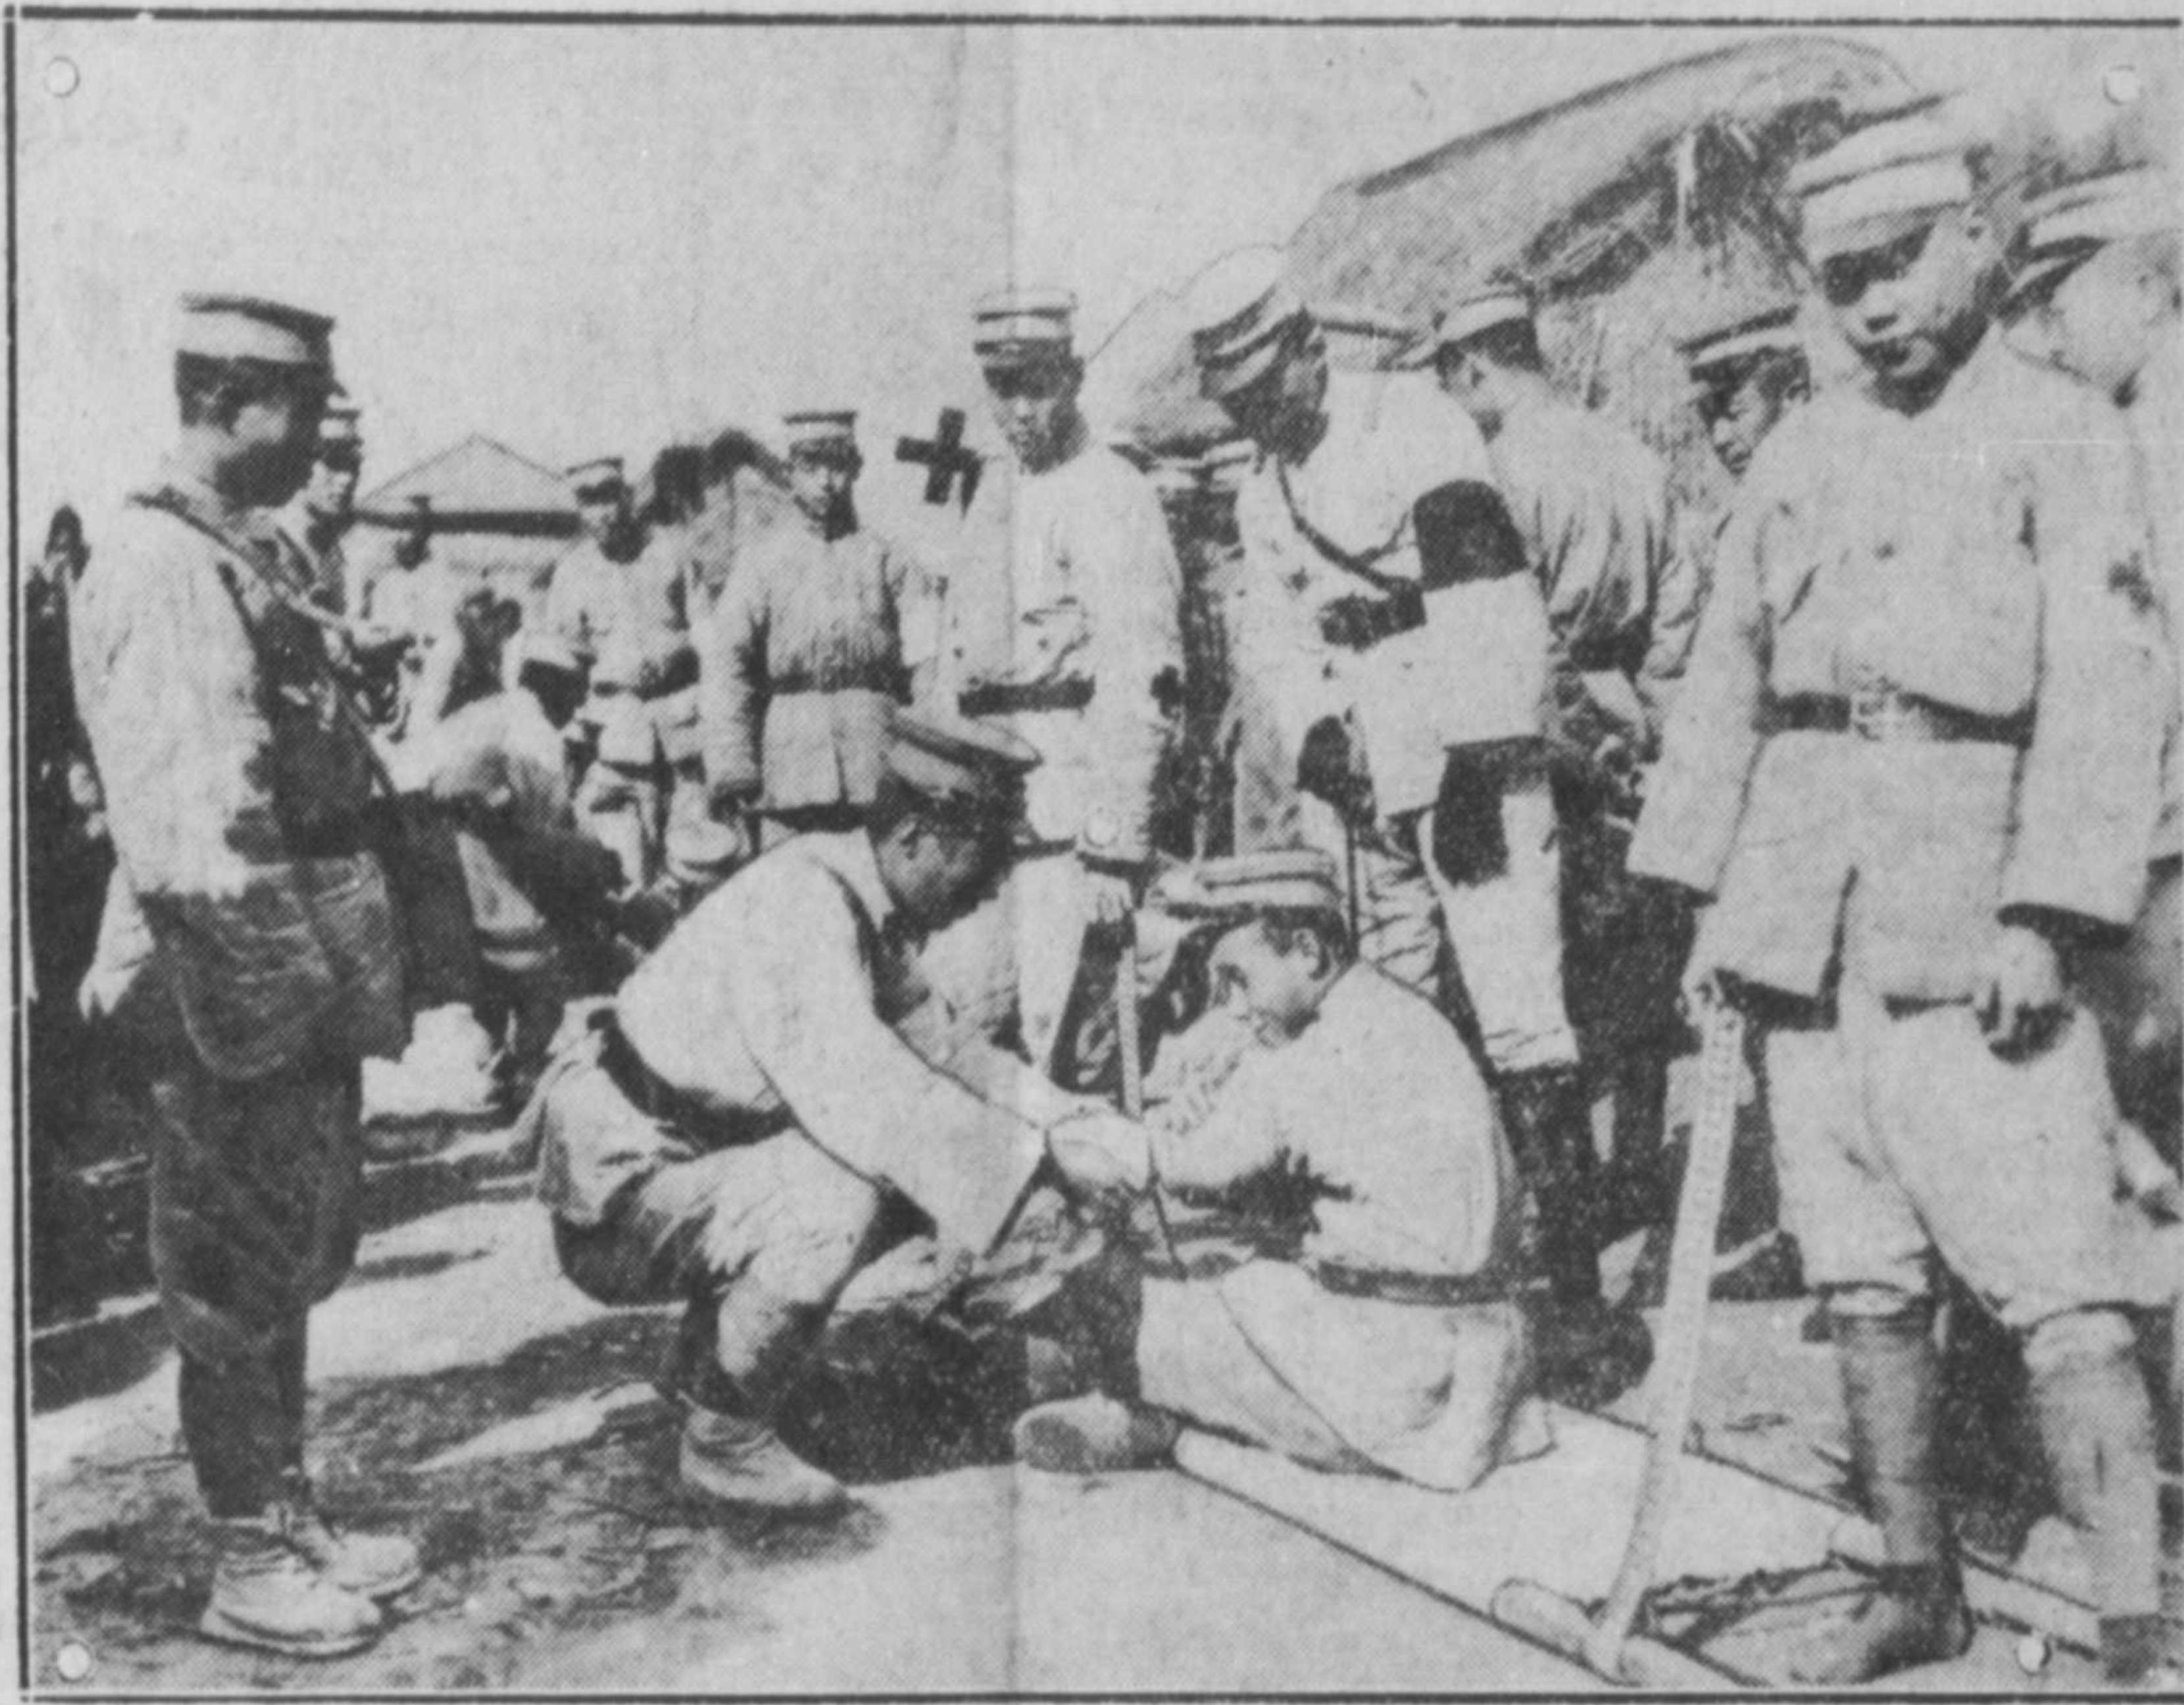

"The ss. 'Prince David' is well known as the sister ship of the 'Prince Henry.' She carried a full complement of ship's officers, stewards, etc., and had 66 passengers on board, 10 of whom left at San Francisco, and 23 at San Pedro, leaving 33 passengers for the Canal trip, which made it almost like a private yachting party.

"Arrived at Victoria on December 13, and had several hours there for driving. No snow.

"Had a very pleasant trip to San Francisco, weather getting increasingly warmer. Saw Mr. and Mrs. McNaughton. One of the noticeable features of San Francisco was the empty warehouses. We had a big laugh when strolling around. We saw a huge tank marked P. G. E. Natural Gas. We were pleased to discover the source.

"Arrived at San Pedro—port of Los Angeles—and spent a very pleasant 24 hours shore leave. Visited Long Beach, Los Angeles and Hollywood, where we were thrilled with the street, house and store lighting, and decorations for Christmas—a veritable fairyland. We were also interested in seeing seven battle-ships of the United States Navy anchored in this harbor. In conversation with the manager of one large departmental store (a Canadian) he deplored the loss of Canadian patronage this winter—no doubt due to the high exchange (Continued on Page Two)

### Chinese Red Cross Cross Are Kept Busy

Members of the Chinese Red Cross are shown dressing the arm of a wounded soldier not far from Shanghai. Such scenes are too common just now.

### GOV'T IN BAD WAY

Province Owes Eight Millions and Has Only Million to Pay Pattullo Claims

VICTORIA, Feb. 26—Public accounts of British Columbia up to March 31 last showed that the government owed \$8,000,000 and had cash in the bank of only \$1,000,000 with which to pay the bills. T. D. Pattullo, leader of the opposition, argued before the public accounts committee yesterday.

Jack Loutet, North Vancouver, chairman of the committee, claimed that this impression should not be allowed to go abroad. The government he said, had used money it had in carrying on instead of going to the bank to borrow.

### PASSES IN VICTORIA

William Dunn of Smithers Dies in Capital City After Lengthy Illness

SMITHERS, Feb. 26—William Dunn, pioneer resident of this district and for the past several years janitor of the Court House buildings here, passed away last Saturday morning at the home of a sister in Victoria, the victim of ailments with which he had suffered for years.

Born in Birmingham, England, sixty-four years ago, the late Mr. Dunn came to Canada in 1905 with his two sons. For many years he followed his trade as a blacksmith, eventually being located at Mile 5 1/2 Sealy's Landing and Burns Lake during the construction of the Grand Trunk Pacific Railway. He enlisted in 1914 with his sons for service in the Great War but was discharged as physically unfit before the end of the conflict. After the war he engaged for a few years in blacksmithing at Vegreville, Ontario, finally coming to Smithers to join his sons.

The late Mr. Dunn is survived by seven children in all.

### Assisting Soldiers

Yankee soldiers from the Philippines find Shanghai weather a bit cool, so Mrs. Richard Hooker has mobilized American women there to knit woolies

### Halibut Landings

Summary  
Canadian— 17,050 pounds, 6c. and 3c.  
American— 12,000 pounds, 7c. and 3c.

Margalce, 3750 and Alice May, 2,800, Atlin, 6c. and 3c.

American  
Havana, 12,000, Cold Storage, 7c. and 3c.  
Yakutat, 35,000, left for Seattle.

### DUE IN MORNING

Union steamer Venture, Capt. Ernest Georgeson, is reported due in port at 8 o'clock tomorrow morning from the south. The vessel will sail soon after her arrival on her return to Vancouver and waypoints.

### VANCOUVER WHEAT

VANCOUVER, Feb. 26:—Wheat was quoted at 66 1/2c on the local exchange today.

### DETAILS OF SHOOTING

Mrs. Dorothy Brown, Teacher at 22-Mile in Kispiox, Now in Hazelton Hospital

Further details were received by divisional headquarters of the provincial police this morning regarding the shooting of Mrs. Dorothy Brown, school teacher at 22-Mile in the Kispiox Valley out of Hazelton.

The woman was brought into Hazelton yesterday by Provincial Constable Harold Raybone and Dr. Leonard B. Wrinch, who had gone out by sleigh to investigate. She is now a patient in the Hazelton Hospital where she is said to be in no immediate danger.

On Wednesday afternoon Mrs. Brown was found unconscious in her cabin near the school house. She had two wounds in her left side from a 32-calibre revolver. The wounds are stated by the police to have been self-inflicted.

Mrs. Brown was admitted to the Hazelton Hospital at 4 o'clock yesterday afternoon.

### Glentanna Youth Dies This Week

Matthew McKenzie, Aged 21, is Victim of Ailment With Which He Had Suffered Since Early Youth

SMITHERS, Feb. 26—Matthew McKenzie, 21-year old son of Mr. and Mrs. Matthew McKenzie, ranchers of the Glentanna district, passed away suddenly at the family home on Tuesday morning of this week. He had been afflicted since early youth.

### SHOWHOUSE IS ROBBED

VANCOUVER, Feb. 26:—Expert safe crackers early this morning took \$2,000 in cash from the Vancouver Theatre, formerly the Orpheum, on Granville Street. The safe-crackers left no clue as to their identity.

### Lack of Gasoline Was Cause of Plane Being Forced Down in North

Pilot William Graham and Mrs. Christofferson Had Considerable Hardships But Both Well; Their Machine in Perfect Condition

Pilot Stan McMillan and Mechanic Fred Little with search party from Atlin in a Canadian Airways Junkers all-metal ski-equipped airplane succeeded, after six hours flying yesterday, in locating Pilot William R. Graham of Nome and Mrs. Edna Christofferson, Portland sports-woman, stranded on a lake 45 miles southeast of Teslin.

### MUSIC CLUB GUEST DAY

Large Gathering Yesterday at Cathedral Hall

The spring guest day of the Ladies' Music Club was held yesterday afternoon in the Parish Hall of St. Andrew's Cathedral.

A large number of ladies were in attendance as guests of the club. They were welcomed by the president, Mrs. R. L. McIntosh. Votes of thanks were tendered the Dean and wardens for the use of the church hall and to the Woman's Auxiliary.

Mrs. C. E. Cullin and Mrs. E. Anderson were in charge of the program which was well received by the audience. The stage setting was very attractive and called forth many commendatory remarks from those present. In closing the program with "God Save the King," Mrs. McIntosh asked the audience to call to mind Geneva, Japan and the affairs taking place in China and to make the Anthem a prayer.

The program was as follows: "O Canada," Piano solo, "Prelude" (Rachmaninoff), Miss M. McCaffery.

Vocal solo, "In Sympathy," Mrs. Wm. Millar.

Violin solo, Sonata No. 4 (Mozart), Miss N. Lawrence.

Vocal duet, "Were I a Bird," (Schumann), Mrs. J. McLeod and Mrs. C. E. Cullin.

Vocal solo, selected, Dr. R. G. Large.

Vocal solo, "Since I Have Loved Thee," (Noel Johnson), Mrs. E. Anderson.

Recitation, "Legend of the Organ Builder," (Julia Don), Mrs. C. E. Perry.

Vocal solo, "Prelude From Cycle of Life," (Landon Ronald), Mrs. J. H. Carson.

Piano duet, "Hungarian Dance," (Brahms), Mrs. R. Bartlett and Mrs. W. L. Stamford.

Vocal solo, "Waipi Poi," Mrs. F. N. Good.

Vocal solo, "A Summer Night," Mrs. J. A. Hinton with violin obligato by Miss N. Lawrence.

God Save the King.

Accompanists were Mrs. R. Bartlett, Mrs. E. Smith, Mrs. C. E. Cullin, Mrs. W. L. Stamford and Miss S. Olafson.

Tea was served at the conclusion of the program, Mrs. A. T. Parkin and Mrs. Max Heilbronner were conveners of the refreshment committee. Members of the club assisted in serving the guests. Pouring were Mrs. H. F. Pullen and Mrs. W. J. Greer.

All marine serpents are venomous.

### RICHNESS OF NORTH

Report of Survey of P. G. E. Resources is Tabulated in Legislature

VICTORIA, Feb. 26:—Millions of acres of agricultural lands, millions of cords of pulpwood, hundreds of millions of tons of high-grade coal and thousands of square miles of mineral areas are recorded in the report on the survey of resources contiguous to the line of the Pacific Great Eastern Railway, which was tabled in the Legislature yesterday.

Both the missing plane and the search plane arrived in Atlin yesterday afternoon, the provincial police here were advised last evening.

Pilot Graham had landed on the ice of a lake. Bucking of head winds had caused exhaustion of fuel supply before Atlin was reached. The rescue plane refuelled Graham's Bellanca.

Both the missing plane and the search plane arrived in Atlin yesterday afternoon, the provincial police here were advised last evening.

**PLACING THE BLAME**

A commission has been appointed to place the blame for the failure of the policy of unemployment relief. The provincial government has been blaming the federal authorities for not backing them up and the federal authorities deny that they have failed to live up to their promises. Also charges have been made of maladministration in connection with the handling of the money. It is to be presumed that this will be cleared up by the committee. The difficulty is that the men who have suffered from not receiving employment cannot be satisfied and the people who feel that money has been squandered without adequate return will never be satisfied. They know large sums were spent and no work done.

**TAXES TO BE INCREASED**

While people are struggling under a load of depression, they are now assured that taxes will be increased, thus adding to the load. While we all expect an improvement in conditions soon, the improvement will be slow and the more taxes are levied the more difficult it will be to carry on. This is particularly true of the businessmen who find themselves losing money and some of them losing a good deal.

**SURPRISE TO MOST PEOPLE**

In the present Eastern situation China has been a great surprise. Most people seem to have expected that it would be a walk away for the Japanese. Judging from past experience the Chinese troops were expected to disperse like chaff once a real army was opposed to them. The Japanese seemed to have had the idea that they could just as easily spread dismay among the Chinese at Shanghai as they did among the brigands of Manchuria.

The Chinese have already shown that, given proper training they can fight just as well as the nationals of any other country. Young China is inspired with the idea of changing the country into a great and progressive nation, respected by the world and able and ready to hold her own in the arts of war or peace. They are just as patriotic as the Japanese and every day the invader is in the country the solidarity of China is increased. As spectators we can look with great interest at the drama being played out on the other side of the ocean.

**Dr. Wood's Tickling In The Throat And Coughing Spells**

Norway Pine Syrup

Mrs. James McGann, Kinmount, Ont., writes:—"Some time ago I had a very bad cold, and the tickling in my throat would cause long spells of coughing. I was advised by a friend to use Dr. Wood's Norway Pine Syrup, and after taking the first bottle my cough had all gone. I can recommend 'Dr. Wood's' to everyone with a cold or cough."  
Price 35c. a bottle; large family size 65c.; at all drug and general stores; put up only by The T. Milburn Co., Ltd., Toronto, Ont.

**NESTLÉ'S UNWEETENED EVAPORATED MILK**

FIRST we take pure creamy cow's milk—then concentrate it to double richness by evaporation. Splendid in coffee and gives cream soups, sauces and desserts a smoother, creamier flavor.  
NESTLÉ'S—World's Largest Producers and Sellers of Condensed and Evaporated Milk.

**Long Tour Described**

(Continued from Page 1)

rate, which he blamed on Premier Bennett of Canada (purely a piece of propaganda).

"We sailed next morning, weather getting very summerlike, and all passengers getting into lighter clothing. We now began to see porpoises, flying fish and an occasional shark. By this time we had left the sea gulls behind us, and for some time had no bird life, till near Mexico, we got the albatross.

"We arrived at Manzanillo, one terminus of the Mexico Railway, and tied up at the Standard Oil Co. wharf, when a large number of armed officials came on board to see that we were all clean and healthy. Dr. Hugh McKechnie vouched for us, and we rather lots of talk about papers, cameras, official reports) were allowed to go ashore by tenders, a charge of 25 cents each way being made. The only sight-seeing buss was a truck with straw in the bottom on which to sit. Needless to say, few took the trip. One peculiar fish we saw while tied up at the wharf was the bat fish. The streets of Manzanillo are watered by a man with a can such as we use to water our gardens, and streets are swept by a man with a long handled broom. The chief industry is salt making.

"We sailed at 8 p.m. and had five days' straight sailing to Balboa. These days were spent in playing tennis, golf, shuffleboard, quito, etc., horse racing in the lounge, resting in deck chairs—11 a.m. to 4 p.m. afternoon tea, etc. Weather being so fine, all the passengers enjoyed the wonderful meals. The sea life was now most interesting—turtles, flying fish, tuna.

On December 23 members of the crew staged a boxing tournament, and on December 24 a Christmas Tree with presents for every passenger was much enjoyed, also community singing, singing of carols, etc. On Christmas Day, and on each Sunday, service was held in the lounge—Purser Kerr reading the service. Christmas Day was fine and warm, fortunately a nice breeze blowing, which made conditions perfect for the Canal, which we entered at 8 a.m., our ship being taken over at Balboa by a pilot from the Canal Zone, also a crew of negroes to handle the ropes.

"The Canal is beautifully situated and the operation of same is very efficient. The Mira Flores and Pedro Miguel Locks were soon left behind, and the ship, now 85 feet above sea level, sailed through Galliard Cut (formerly Culebra Cut) on the way to Gatun Lake, the largest artificial lake in the world. In the narrow cut we met vessels of British, Canadian, Japanese, United States, Norwegian, and other registries. The total length of the Canal is 50.43 miles. It runs in an easterly direction from the Atlantic to the Pacific Ocean. One emerges into the Pacific 27 miles further east than one entered from the Atlantic. The Canal Zone is a veritable garden, beautiful flowers, flowering trees, etc., golf courses, with ladies and gentlemen, dressed in summer costumes, enjoying the links.

"No stop was made at Balboa on the trip east, but we stopped at Cristobal, where we took drives. One of the principal sights seen was the garrison quarters of the U. S. Navy and Airports. We also drove along the old DeLesseppe Canal. Cristobal is under U. S. jurisdiction and consequently "Dry" while, across the street is Colon—in the Republic of Panama—and everything wide open. The main shops in Cristobal are run by East Indians, and panama hats, silks, brassware, etc. are much in evidence. One amusing incident at Cristobal was hearing a negro man addressing three or four other negroes on a street corner, on the "Silver Question."

**Gala Christmas Dinner**  
"All passengers returned to the ship for Christmas dinner on board. The dining saloon was gaily decorated with balloons, streamers, flags, etc., and each one received caps, noise-makers, serpentine, etc. A wonderful dinner was served, nothing missing for a Christmas dinner. We sailed again at 8 p.m.

"Three days later, after a gorgeous sail through the Caribbean Sea, we arrived at Havana, Cuba. While the boat was being tied up, several boys swam around begging coins, which, when thrown to them, were caught under the water, and placed in their mouths. They then called for more. Upon going ashore, we were greeted by scores of taxi drivers, children selling rose buds, Salvation Army men selling "War Crys," men selling beads, cigars, rum, wine, etc. The down-town streets of Havana are very narrow,

in some places not room for two cars to pass, and the sidewalks 18 inches wide, but the new part has beautiful buildings, streets, etc. At Havana is the famous old Morro Castle of ancient history. Through the courtesy of the manager of the Bank of Nova Scotia, we were introduced to the 'Chief of Police' who is also a Senator of Cuba, who took us through the 'Capital' building, a wonderful building costing seventeen and a half million dollars, very elaborately decorated, the roof being finished in 18 carat gold leaf. One outstanding feature is a 23-carat diamond, set in a square of black onyx, in the centre of the floor, and reflecting the dome. Each State of Cuba has its own room in this building, and they are all differently decorated. Fifteen kinds of marble being used, and native woods used throughout, mostly mahogany from the 'Isle of Pines.' The halls contain some wonderful oil paintings. The main banks of Havana are Canadian, Bank of Nova Scotia, Bank of Commerce and the Royal Bank. A large import business in potatoes is being done with Prince Edward Island. On a very enjoyable drive we saw beautiful residences, tropical palms, flowers, etc. We also visited the cemetery—a very outstanding place for sight-seeing—beautiful statues.

"Business in Havana is very poor, and there is a great deal of begging, owing to the low prices being paid for their sugar and tobacco crop, the only revenue being from the tourist trade, and even this is less than in other years. Havana Harbor is very beautifully situated, and is a very busy port, ships from many ports being anchored there.

"We left Havana at 8 a.m., December 29—a beautiful day. After sailing, deck games were again enjoyed, until New Year's Eve, when another gala dinner, at which the Haggis was piped in by ship's piper, and another dinner as wonderful as the Christmas dinner was enjoyed. Dancing on deck was enjoyed as usual in the evening, the ladies being able to sit out on deck in evening dress without any wraps. At midnight the usual 'New Year's

celebration was carried out, passengers all entering into the spirit. Right here I would like to say that we had a wonderful lot of passengers, who entered into all the sports and entertainments of all sorts all being one very happy family.

"On New Year's morning we arrived at Hamilton, Bermuda. In the harbor we exchanged greetings with the 'Lady Drake' and the 'Prince Henry,' two Canadian National ships. Bermuda is very beautiful. It is unique in one respect—no automobiles are allowed on the island. Owing to the scarcity of

**UNHEARD-OF VALUES**

That make the problem of food economy amazingly simple. Never before have there been such values in Northern B. C.

water, all roofs of the houses are painted white and kept scrupulously clean, as all rain water is caught and stored in wells in the basements. This is their only source of supply for water for cooking and drinking; sea water is used extensively for bathing purposes. Here again we found the tourist trade the one most catered to, and prices exceedingly high, even to the point of discounting Canadian money. Here we hired a horse and carriage with a negro driver, and had a lovely drive, visiting the 'Crystal Caves,' a perfectly marvelous sight—the aquarium, in which there were many kinds of fish—trained and otherwise. Canada does a big trade with Bermuda supplying quantities of grain and other fodder for the horses. Bermuda is of course, well known as a great British naval base.

"We left Bermuda at 4 p.m. New Year's Day, with about 15 passengers less. We also left our fine weather there as, shortly after sailing, the wind and the sea made themselves felt, and those who were anxious to see what the 'Prince David' (Continued on page six)

**Will Receive at Least \$200 Monthly During the Rest of Her Life!**

IN November, 1925, M.R., holder of Monthly Income Policies Nos. 152,205 and 127,666 died. Every month since that time his widow has received a cheque for \$200 from The Mutual Life of Canada. During the past six years she has also received more than \$4,400 in excess interest dividends, and will continue to receive these dividends for the next fourteen years.

Her age when the payments started was 53. She will receive monthly cheques for \$200 AS LONG AS SHE LIVES.

If she does not survive to receive 240 payments the balance of this number will be paid to her heirs.

Money placed in a Mutual Life of Canada Monthly Income Policy is well-invested. It provides a steady, substantial income when it is needed most.

The Monthly Income Policy can be combined with the Endowment Plan. This provides for a retirement income for the person insured.

## ANNOUNCEMENT

Jasper Wildfire Coal is now the best in the domestic field. Government analysis shows it to be the highest in B.T.U.'s and less ash. It starts quick and lasts longer. Furthermore, for your benefit don't think for one minute because our coal is lower in price that we are giving you a cheaper grade as other coal dealers may state to you.  
Your next order "Jasper Wildfire" egg or lump. Note our adv. for cash prices and save your dollars.

Sergeant W. J. Service, chief of the city detachment of the provincial police, is still confined to his home suffering from a severe cold and complications. It has been necessary for him to be off duty for the past few days.

## To Stamp Out National Evil

Thousands No Longer Fear Constipation

IN view of that menace to health, constipation, there is special significance in the discovery made by a brilliant Canadian doctor, licentiate of the Royal College of Physicians, Edinburgh, and post graduate of famous European hospitals.  
This doctor's personal research, lasting 15 years, resulted in the formula of Fruit-a-tives, which has had astonishing success in correcting constipation, indigestion, sick headaches and skin troubles, also uric acid diseases such as Rheumatism. Try Fruit-a-tives yourself. 25c and 50c. At all druggists.

Having been withdrawn from service on her return here last evening from Anyox and Stewart, C. N.R. steamer Prince Rupert, Capt. D. Donald, moved up from the C. N.R. wharf this morning to the dry dock where she will now start annual overhaul. The steamer Prince George, Capt. Harry Nedden, took over the run, sailing from here last night for Vancouver via Ocean Falls and Powell River.

## Study the Public Says Executive

TORONTO, Ont., Feb. 26—"Progress under modern conditions must be based on a more thorough understanding of public needs and a greater willingness on the part of manufacturers to develop new ways and means to satisfy those needs," claimed Bradford Ellison in an interview today.  
Mr. Ellison's remarks are supported by the record of Nestle's Milk Products (Canada) Ltd., of which company he is vice president. Nestle's have enjoyed increasing business each year in spite of depressed conditions due to this policy of anticipating the public needs. Mr. Ellison continued in part:

"That a considerable number of the Canadian people have ample purchasing power is confirmed by the current reports on savings deposits in the Dominion and the unprecedented manner in which Dominion, Provincial and Municipal bonds are absorbed in the domestic market. Dependence on what satisfied the public in former years in some cases retards the full benefit to be derived from the potential purchasing power. Only by constantly adapting their product to changing needs and demands can an industry make the greatest measure of progress."

## GIRL HAD 'CROSS EYES' THREE YEARS AGO BUT YOU WOULDN'T KNOW IT NOW

Local girl had a bad case of "Cross Eyes" until about three years ago, when she was fitted with new glasses by Geo. F. Davey, Reg. Optometrist, in charge of the Optical Dep't. of Max Helbronner, Jeweler.

Recently she came back for examination and now you could not tell that the eye had ever turned, even without glasses, and we found it only necessary to change one lens.

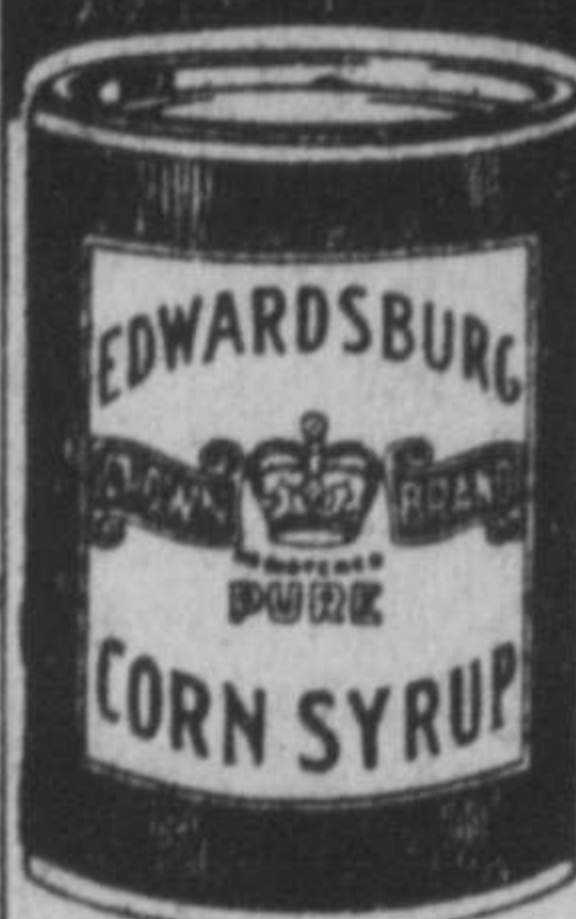

It has always been admitted that children's eyes are the most difficult to fit, yet Mr. Davey has not had a single failure with children in nearly four years service here.

## HAS SHE MR BOVRIL?

Remember  
Bovril strengthens you  
against the risk of colds,  
chills and influenza.

## "How do they do it?"

Among your friends there's sure to be at least one smart young married couple who are the envy and admiration of all who know them.

With an income that is frankly abbreviated, and with no benevolent Aunts in the offing, they still have a home that is correct and comfortable in all its appointments, a home that is admired and copied by their friends.

"Yes, Jane is a remarkable little manager," will probably be the young husband's proud answer. And there is little doubt about it.

## THEY DO IT THIS WAY

Take a look around that home and you will find no end of well known advertised products. For Jane is an efficient little manager. She can't afford to take chances that must only be debited to "Experience." When she buys for her home she must get tried and tested and trusted products which carry an honorable name to guarantee her satisfaction.

You will find that Jane is a consistent reader of the advertisements. Are you?

## BEER is an aid for malnutrition

IT WAS recently claimed by Dr. Martin Dewey, President of the American Dental Association, that beer has long been recognized as a valuable addition to the diet, especially in cases of malnutrition. During the period of maternity, beer has proved to be particularly beneficial.

Pilsener Beer, as brewed and bottled by the Vancouver Breweries Limited, is an excellent beverage. This product of pure Canadian malt, very best rice and a blend of fine B.C. and imported Bohemian hops, is produced under the supervision of experts who have been actively engaged in the brewing industry for more than forty years. Pilsener Beer is brewed and bottled in one of the most up-to-date plants in Canada, under modern hygienic conditions.

For strength, nourishment and general body tone, drink PILSENER—the most popular beer in British Columbia.

## Pilsener \$2.00 Per Bottle LAGER BEER

As well as Dutch Girl, Cascade and U.R.C. Bohemian Beers are the fine quality products of VANCOUVER BREWERIES LIMITED

This advertisement is not published or displayed by the Liquor Control Board or by the Government of British Columbia.

## PIPE TESTED by a SALESMAN

10¢, 15¢ and 20¢ packages also in 1/2-pound humidior tins

"The satisfaction one experiences when, and after, smoking a pipe of Turret is most gratifying. In Turret pipe tobacco you have been unusually successful in preparing a blend which suits all discerning smokers, both in quality and price—therein, undoubtedly, lies the cause of its popular approval and demand. After an arduous session at the 'daily round' I find few pleasures to equal the fragrant, mellow smoke of Turret pipe tobacco. Those who smoke Turret pipe tobacco live up to that wise old Latin quotation: Dum vivimus vivamus (while we live, let us live)."

# The Daily News

The paper that Northern and Central British Columbia people look to to keep them informed on world news and the problems peculiar to the north.

The Only A. B. C. paper north of Vancouver and west of Edmonton.

The Daily News goes into all the—

TOWNS AND VILLAGES  
 MINING CAMPS  
 LUMBER CAMPS  
 PAPER MILLS  
 FARMING CENTRES  
 FISHING CAMPS

It is the paper that is read by the fishermen, miners, workers and operators throughout a district twice as large as the three Maritime Provinces of the east.

When a person wishes a message to go to the people of Northern and Central British Columbia there is only one way of sending it, and that is through the columns of the Daily News.

The future is full of hope. The Daily News is making plans to keep pace with the progress of the country. No one can afford to be without it.

The cost is small.

Delivered by Carrier, in Prince Rupert, per week, 10c.

Mailed to any address in Northern or Central B.C., \$3 a year.

Mailed to points in Canada, Britain or United States, \$6 a year.

### Long Tour Described

(Continued from Page Two)

could do in a storm, were satisfied she could do her stuff. We ran into a 50-mile gale with snow and had to slow down, causing us to be seven hours late in landing in Halifax, the first delay on the voyage.

"At Halifax we spent several days visiting old school chums, relatives, etc. The existing depression was not very apparent at Halifax, and prices were holding very well, and considerable building was in evidence.

#### Weather Unusual

"From Halifax, I went to Boston by train, and thence on to New York, passing through many manufacturing cities en route. Weather conditions, after the one snow-storm at Halifax, were exceedingly mild, trees budding, etc. At Moncton, N.B., we were met at the train by Mr. and Mrs. Stuart McLeod—Mr. McLeod was formerly manager of the Royal Bank at Prince Rupert. They sent best wishes to Rupert friends.

"At New York we went to the top of the Empire State Building, 102 storeys and 1248 feet high. The view of New York City from there was amazing. A great many of the offices in the building were vacant. Signs of depression were seen in Boston and New York, in many vacant stores and office buildings. There were also numbers of closed factories along the line of railway between these two cities. We were pleased to have as our guest at luncheon Mrs. Wood (nee Miss Winnie Dibb) who is now living in Brooklyn. One feature that I would like to mention is that we paid our hotel bills in Canadian funds at par.

#### Returning Home

"We sailed from New York on January 23 on board the Panama Pacific liner 'California,' a 33,000-ton vessel, electrically driven. We had a most enjoyable voyage down the eastern coast, passing close enough to the coast of Florida to enjoy its beauty, temperature becoming noticeably warmer again. We passed Daytona Beach, Palm Beach, etc., with large buildings showing up plainly. We also saw many beautiful yachts and motor launches, also tarpon fishing. Three days out from New York we again arrived at Havana, and took in other points of interest not seen on our previous trip, such as Tropical Gardens, part of the agricultural district, seeing bananas, dates, pineapples, papaya, bread fruit, mangos and many other tropical growths.

American women have named the following as being the twenty greatest women in the history of the world: Florence Nightingale, Catherine of Russia, Queen Elizabeth, Joan of Arc, Mary Baker Eddy, Queen Cleopatra, the Dowager Empress of China, Clara Barton, Frances Willard, Elizabeth Barrett Browning, Queen Victoria, Queen Maria Theresa, Catherine de Medici, Susan B. Anthony, Jane Addams, Rosa Bonheur, Harriet Beecher Stowe, Margaret of Valois and George Elliot, Madame Curie.

"Left Havana at 6 p.m., January 26, arrived once more at the Canal Zone on January 29, passing through from Atlantic to Pacific side with much the same conditions as on our previous trip. The cost of taking the 'California' through the Canal was \$15,000.

"We arrived at Balboa and hired a car and drove through the city of Ancon, also old Panama, where we viewed the ruins of the city, which had been sacked by the buccaner Morgan in 1671. We also drove through the new city of Panama, founded 1673, also visited the San Jose Church, which contains the golden altar. There are many beautiful residences, club houses, etc. in this section of the country.

"At Balboa we visited H.M.S. 'Dragon,' and were taken on board by Lt. Dryer. The Dragon was ordered to San Salvador but, owing to the 'Skeena' and 'Vancouver' being there already, the Dragon was ordered to remain temporarily at Balboa. An interesting sight while at Balboa was to see 7000 bunches of bananas put on board the California.

"Sailed at 1 a.m., January 30 for San Diego, a trip taking seven and a half days, distance over 3300 miles. The usual sports were carried on, as on the trip east, and the weather was beautiful.

"During this part of the trip, we had our first bit of sadness, in the death of one of the officers, who died suddenly and was buried at sea. The ceremony was very impressive to the few passengers who saw it, the whole complement of the officers and crew being present, and the service was read by the Captain, and the Last Post sounded. Some idea of the size of the ship California can be seen by the fact that, while the funeral service was being conducted in the fore part of the ship, a masquerade ball was in progress in the aft part.

"On February 5 we arrived at San Diego, spent the day sight-seeing, enjoyed an organ recital in Balboa Park, a daily pleasure enjoyed by tourists. The weather was grand. We sailed at 10 p.m. for San Pedro, where we arrived next morning at 8 p.m., and again spent 24 hours sight-seeing, visiting, etc. Rained

### TROUBLED ALL LIFE WITH CONSTIPATION

But Kellogg's ALL-BRAN Brought Real Relief

If you are subject to headaches, loss of appetite and energy, sleeplessness and other effects that so often result from constipation, read Mrs. Turner's voluntary letter.

"For the past six months I have been eating Kellogg's ALL-BRAN, and cannot praise it too highly.

"Am fifty years of age. All my life have been troubled with constipation. Kellogg's ALL-BRAN has not only helped me, but has cured me.

"I thought I couldn't like the taste of bran, but Kellogg's ALL-BRAN is delicious."—Mrs. C. J. Turner (address upon request).

Tests show ALL-BRAN contains two things which overcome constipation: "Bulk" to exercise the intestines; Vitamin B to help tone the intestinal tract. ALL-BRAN also supplies iron for the blood.

The "bulk" in ALL-BRAN is much like that of lettuce. Inside the body, it forms a soft mass, which gently clears the intestines of wastes.

Certainly this is more natural than taking pills and drugs—so often harmful. ALL-BRAN is not habit-forming. Two tablespoonfuls daily will correct most types of constipation. If you have intestinal trouble not relieved this way, see your doctor.

Get the red-and-green package at your grocer's. Made by Kellogg in London, Ontario.

very hard. Sailed at 10 a.m. February 7, arriving at San Francisco next day. Rained very hard. Callifornia had an unusual winter—rain, snow, etc. Had as my guest at Rotary Club Roy McNaughton, Canadian National agent.

"We sailed on board the 'Emma Alexander' at 5 p.m., February 9 and although weather was fine, there was a heavy sea, aftermath of an ocean storm. We arrived at Victoria 11 p.m., February 11 and sailed on the Canadian Pacific Steamship 'Princess Elizabeth' and arrived Vancouver at 7 a.m., February 12, exactly two months from the date of sailing on the Prince David. Spent four days at Vancouver, sailing for Prince Rupert February 15, and arriving February 17, completing close on 16,000 miles by sea, and approximately 46 days on board ship.

In summing up this trip I would certainly recommend it to any one who had the time, and wished a rest in the sunshine.

Ted LePage of Prince Rupert and Edward Lipsett of Vancouver were guests at the luncheon which was presided over by G. H. Munro, president.

### Twenty Years Ago

In Prince Rupert

February 26, 1912

Progress in track laying operations having been very rapid during the past few weeks owing to favorable weather conditions, W. C. C. Meehan, general superintendent of the Grand Trunk Pacific Railway, stated this morning that steel would reach Mile 140 and that, by March 16, it was expected Skeena Crossing will have been reached.

Ballot-papers were distributed at services yesterday in First Presbyterian Church so that members may vote on the proposal for union between Methodist, Congregation and Presbyterian Churches. Rev. F. W. Kerr, the minister, believes that a large majority will be rolled up here in favor of union.

American women have named the following as being the twenty greatest women in the history of the world: Florence Nightingale, Catherine of Russia, Queen Elizabeth, Joan of Arc, Mary Baker Eddy, Queen Cleopatra, the Dowager Empress of China, Clara Barton, Frances Willard, Elizabeth Barrett Browning, Queen Victoria, Queen Maria Theresa, Catherine de Medici, Susan B. Anthony, Jane Addams, Rosa Bonheur, Harriet Beecher Stowe, Margaret of Valois and George Elliot, Madame Curie.
