PRICE: FIVE CENTS

BRITISH PARTY IS COMING TO CITY

SEEDING COMPLETED ON PRAIRIES -- CROPS LOOK STRONG

Warm Weather and Rain Now Needed To Promote Good Growth Of Grains

Conditions Excellent in Alberta Including Peace River—Moisture Came During Past Week to That Area

WINNIPEG, May 28.—The past week on the prairies has seen some of the warmest and coldest weather since April 1, according to the weekly crop report of the agricultural department, Canadian National Railways. There have been some very high winds and considerable soil drifting over a wide area although no great damage has been done. The cool weather has retarded growth above ground but has strengthened and extended root systems. Land is drying out rapidly and local light showers, which visited many districts, were not really sufficient to be of any value. With the exception of some barley and oats, crop is all sown and that above ground is looking strong, healthy and of good color.

PROPERTY INSPECTED

Royal Sheppard, Juneau Mining Engineer, and Angelo Pognotto Back From Vital Creek

Royal Sheppard, Juneau mining engineer, and Angelo Pognotto of Prince Rupert returned to the city on this morning's train after a three weeks' trip into the Vital Creek country north of Hazelton to inspect placer holdings of Mr. Pognotto, D. Zarelli and other Prince Rupert men. Although snow was still five feet deep on the ground there, precluding the possibility of any general exploration of the property, Mr. Sheppard got good gold from a tunnel driven years ago by Chinamen and is quite favorably impressed with the prospects. He plans another trip into the property in July by which time the snow is expected to be off the ground.

Mr. Sheppard will sail by the Princess Norah next Wednesday morning on his return to Juneau.

Victoria People Saw Airship Pass Over Puget Sound

Soaring majestically at a lofty altitude above the waters of Puget Sound as she crossed from Bellingham to Port Angeles, the giant United States Navy dirigible Akron was plainly visible last Tuesday afternoon at Victoria and from steamers in the gulf thereabouts, according to arrivals from the south on the Princess Adelaide yesterday afternoon. The great airship, which was making a cruise over the northwest states from her base at Sunnyvale, Cal., appeared from the distance of eighteen or twenty miles like a huge silver cigar floating through the air. She had come north over Portland, Tacoma, Seattle and Bellingham and, after crossing Puget Sound from Bellingham to Port Angeles, flew back down off the Washington coast.

WEATHER REPORT

Dead Tree Point—Clear, light southwest wind; barometer, 30.10; temperature, 62; light chop.
Triple Island—Clear, strong westerly wind; westerly swell.

NO FISH IN

No boats being in with catches, there was no auction of halibut on the Prince Rupert Fish Exchange this morning.

A Small Powerful Plane

This is the "Doodle Bug," one of the smallest planes ever built for actual use. The wing is 20 feet long, the body 14 feet and a 40-horsepower engine gives it speed of well over a 100 miles an hour. George Hales, Californian, will compete at Cleveland in it.

ROBINSON IS GUILTY

Police Court Clerk in Vancouver Sentenced to 2½ Years' Imprisonment For Theft

VANCOUVER, May 28.—Earl Robinson, police court clerk since 1907 until October 27 last when he was discharged from his duties, was convicted at his second trial yesterday on a charge of stealing \$17,177 from the city of Vancouver. He was sentenced by Chief Justice Anlay Morrison to two and a half years in penitentiary. At the first trial recently the jury was unable to agree.

SHOT BOY AND BEAR

Jack Bulger Tells of Recent Hunting Adventure Near Aiyansh on Naas River

Jack Bulger returned yesterday from the Naas River where he installed an electric clock in the church tower.

While in Aiyansh, Mr. Bulger met a native and son, the latter of whom had been shot accidentally in the fleshy part of the thigh by his father. It seems that they were on a lake in a dugout hunting grizzly bear. The bear turned the tables on the hunters and got so far as to put his huge paw on the side of the canoe. This frightened the Indian so much that his gun went off and the bullet went through the boy's leg.

The grizzly bear was captured. The Indian then carried the boy on his back 14 miles back to the village. The incident was the talk of the village when Mr. Bulger was there.

JAPANESE DIVISION ARRIVES AT HARBIN

HARBIN, Manchuria, May 28.—Fresh from Shanghai, the Japanese Army ninth division arrived here yesterday and is expected to launch a general offensive at once on Chinese bandits and rebels in Manchuria who have been pillaging and looting railway trains in addition to committing other offences.

MORE CANNERIES TO BE OPERATED

VICTORIA, May 28.—Close to fifty cannery licences are expected to be issued this year owing to better export facilities with Great Britain. Last year only thirty were issued.

PARTY ON WAY HERE

Agent General's Tour Group, Numbering 30 Prominent Persons, Leave Liverpool

VICTORIA, May 28.—Thirty prominent financial and industrial men of the British Isles sailed from Liverpool yesterday enroute to British Columbia under a tour plan worked out by Agent General F. P. Burden.

It is expected that improved trade relations will result from the visit which will take the party to Prince Rupert and many other parts of the province.

Virtually the whole of the province will be placed on exhibit before the specially selected party. The prime feature of the tour is that farms, orchards, ranches, mines, sawmills and canneries—in short every aspect of activity relating to life in the province and the development of its resources—will be open for the inspection of the party whose members will be accredited paying guests of the province. The idea has its origin in the desire of the government to quicken British interest in the province and maintain its essentially British character.

The party is in charge of W. A. McAdam, secretary of B. C. House. It will make the boat trip from Vancouver to Prince Rupert where, arriving July 1, a day will be spent before entraining for the east.

John McNamara Is Acquitted

INDIANAPOLIS, May 28.—John J. McNamara, who figured in the Los Angeles bomb outrage of years ago, was acquitted in federal court here yesterday of violation of the dry laws.

PASSING OF CAPITALIST

Edward W. Swift, Chairman of Swift & Co., Dies in Fall At Chicago

CHICAGO, May 28.—Edward F. Foster Swift aged 64, chairman of Swift & Company, plunged to his death this morning from the window of his sixth storey apartment. He had been in ill health for several weeks.

The son of the late Gustavus Franklin Swift, Edward Swift was also president of the Swift Fertilizer Works, the Swift Refrigerator Transportation Co., and a director of the Willys-Overland Co., Consumers Cotton Oil Co., the Illinois Trust & Savings Bank, Fort Dearborn National Bank, Livestock Exchange National Bank and Libby, McNeill & Libby. He was a member of the Society of Mayflower Descendants.

The late Mr. Swift took an active part in club and athletic life and was a member of the Commercial, Union League, Chicago, Mid-Day, Chicago Athletic, South Shore Country, Old Elm, Midlothian, Kenwood, Saddle and Sirloin and Lake Geneva Country Clubs. He made his home in the winter in Chicago and in the summer at Lake Geneva, Wisconsin. His office and business were here.

The widow was formerly Miss Newcomer of Shannon, Illinois.

Famous Aviatrix' Husband Departs For Other Side

NEW YORK, May 28.—George Palmer Putnam, American publisher, sailed yesterday for London where he will join his wife, Mrs. Amelia Earhart Putnam, who succeeded in flying across the Atlantic Ocean last week-end. Mrs. Putnam will forego a proposed trip to Rome in order to await her husband's scheduled arrival in London next Wednesday. The couple will probably visit Paris before returning soon to the United States.

VANCOUVER WHEAT

VANCOUVER, May 28.—Wheat was quoted at 61½c. on the local exchange today.

ALASKA WEATHER

Ketchikan—High, 54; low, 42.

DEATH BY POISONING

Alphonse Leveque, Resident of City For Years, Believed Victim of Cyanide of Potassium

Alphonse Leveque, resident of many years standing in Prince Rupert, whose body was found in his room early yesterday afternoon at the Shamrock Rooms, is believed to have been a victim of potassium cyanide poisoning.

It was at 1:40 p.m. yesterday that Mrs. John O. Dahlberg, proprietor of the Shamrock Rooms, made the discovery of Leveque's death. The police were immediately called and Constables George Wyman and Alex Livingstone proceeded to investigate. Deceased was lying on his bed fully clothed except for his coat. It is believed that he had been dead for a couple of days.

It was only after he had not been seen for a couple of days that the landlady entered the room to discover that he was dead.

Fifty-nine years of age and a French-Canadian, Leveque had lived in Prince Rupert for many years and owned a house on Ninth Avenue. His wife left the city a year or so ago and is now residing in Los Angeles with their only child—son, Yves Leveque, who at one time was a member of the typographical staff of the Daily News. Deceased has sisters in Vancouver. He had been employed as a carpenter at the dry dock here.

An inquest opened before Coroner Norman A. Watt this afternoon and after the body had been viewed, the hearing was adjourned until Monday. Funeral arrangements are in the hands of the B. C. Undertakers.

County Clerk of Los Angeles Was Arrested in Reno

RENO, May 28.—L. A. Hill, chief deputy clerk for the county of Los Angeles, charged with embezzlement of \$75,000 of public funds, was apprehended here last night. He will be taken back to Los Angeles to face trial.

WORKLESS TO FARMS

NEW YORK, May 28.—Governor Franklin D. Roosevelt yesterday announced a plan whereby unemployed families of the state of New York would be placed on small farms to grow their own food and, possibly, some for sale. The present system of direct relief would be diverted to aiding in this program.

FRENCH CABINET TO BE ALL SOCIALIST

PARIS, May 28.—Premier-elect Eduard Herriot intimated yesterday that he intends to form a cabinet consisting almost entirely of Radical Socialist followers. Herriot stated that he hoped the policies of the new cabinet would be such as to command the support of other parties on which he will be dependent to carry on.

BIG SHIP ON CRUISE

Seattle and Bellingham See Giant Dirigible Akron Soar Overhead

SEATTLE, May 28.—Seattle had the thrill Tuesday of seeing the giant United States navy dirigible Akron soar over the city in the course of an all-day cruise over Oregon and Washington. The airship went as far north as Bellingham where many Canadians were on hand to see her, and then turned back southward. She was due to moor at dawn next day at Sunnyvale, her Pacific Coast base.

EMERGENCY IN HAWAII

Floyd Gibbons Testifies Before Senate Committee—Mrs. Fortescue Unable To Attend

WASHINGTON, D.C. May 28.—Mrs. Granville Fortescue was unable to attend the territorial committee of the Senate before which she was to have appeared to give testimony regarding conditions in Hawaii.

Floyd Gibbons, noted newspaper correspondent, declared that an emergency existed in Hawaii and urged the setting up of military rule.

BROWNIES' DISPLAY

Mothers and Friends Entertained at Final Meeting of Season Last Night

The First Brownie Pack held its final meeting of the season last evening when mothers and friends of the girls were entertained. Mrs. Ernest Anderson, secretary of the Girl Guides' Association, presided over the gathering and the program consisted of dancing, marches, drills, games, bandaging and semaphore signalling, the display being carried out in a splendid manner by the girls.

The following awards were made: First Year Service Stars—Flora Leslie, Helen Leslie, Aileen Shrub-sall, Aileen Hamblin, Jean Smith, Pat Anderson, Helen McDonald and Irene Forkrud.

Second Year Service Stars—Jean Watt, Ella Krause, Jean Krause, Joan Squire and Dorothy Shrub-sall. Second Class Badges—Flora Leslie, Helen Leslie, Aileen Hammond, John Squire and Jean Krause. First Class Badges—Jean Watt and Ella Krause.

After the display, refreshments were served by the Brownies.

Miss Kathleen Duncan was accompanist for the evening. The Brownie Pack is winding up the season this afternoon by holding its annual picnic at Grassy Bay with Mrs. A. J. Squire in charge.

Card of Thanks

Mr. and Mrs. John Mitchell and family wish to thank all those who so freely gave their help and sympathy or who sent flowers on the occasion of their recent bereavement. Special thanks are extended to the members of the Provincial Police and others who gave their assistance at the lake.

IMPORTANCE OF CONFERENCE

The Imperial Economic Conference, which is to be held at Ottawa, would not take place unless the principal parties to it thought some good would come from it. It could quite easily be adjourned for a year or indefinitely postponed. But Premier Bennett and the leaders of the other British governments are impressed with the importance of the event and look to bring some kind of order out of the chaos of the British Commonwealth.

In the speech from the Throne, which is prepared or approved by Premier Bennett, reference was made to the conference and to its possible value to the people of the British nations.

Many people are opposed to the policies of Premier Bennett but all will hope that he may succeed in conjunction with the other leaders in doing something for Canada which will be of material benefit. Just now wise leadership is needed and co-operation to every possible extent in bringing about a better condition.

CHILDREN OFF STREETS

It is not good for children to be running the streets late at night. The police are being asked to enforce the curfew law requiring the young folks to be off the streets by 10 o'clock and they intimate that drastic action may be necessary. The parents are the real offenders and presumably they will be the ones who will be punished if they do not take better care of their offspring.

Children should be in bed by 10 o'clock ordinarily and many parents require that they retire much earlier than that. They need sleep in order to properly develop. If the parents do not realize their duty to their children it is then the duty of public officials to compel them to do it. Children of today will be the citizens of tomorrow and the whole community is interested in seeing that they are brought up to be useful men and women with the right outlook on life.

ISNT IT TRUE?

Herbert W. Casson, editor of "The Efficiency Magazine," London, England, says the depression has lasted so long "because it is so well advertised. Newspapers," he says, "have given it about \$50,000,000 worth of space for nothing. Parsons, bishops and archbishops have advertised it. Politicians have advertised it. Worst of all," he continues, "even travelling salesmen, who ought to know better, have advertised it, and carried the bad news from customer to customer." Then he issues this warning: "Everyone who talks depression and predicts disaster is advertising this depression. The continuance of the depression proves the power of advertising. It keeps the fear of bad trade in men's minds. It prevents them from buying what they ought to buy."

We quite agree with Mr. Casson that the trouble is accentuated by the advertising it gets, just as inflation is advertised in a similar manner. It is the subject that is nearest most people's minds for it affects them all the time, at every meal they eat and every time they deny themselves any of the luxuries of life. It is worldwide and each nation advertises it to the others. The result is that the depression is as much exaggerated as was the inflation which preceded it. To urge optimism then was just as bad as would be today an urge to greater depression. It is quite impossible for newspapers to refuse to see that which affects the lives of its readers more than anything else in the world.

Today we are adjusting ourselves to the new condition which has arrived and we are beginning to see the silver lining to the dark cloud. Pretty soon we shall be looking back to the year 1932 as the time when things began to improve and many will realize that the depression of that time was the best thing that ever happened to them for it had a chastening effect which could be brought to them in no other way.

FLOWERS AT FUNERAL OF W. MITCHELL

Hundreds Sent Floral Offerings For Sad Ceremony Yesterday

Hundreds of floral offerings were received for the funeral of the late William Mitchell which took place yesterday. Those sending flowers were:

Nerves A Complete Wreck Sat Up Half The Night

Mrs. John Rose, Berk Lake, Ont., writes:—"I was troubled so much with my nerves I was a complete wreck. I could not do my work, and would have to sit up half the night on account of not being able to sleep. One day a friend recommended Milburn's Heart and Nerve Pills. I used one box and got relief, and by the time I had taken six boxes I was as well as ever."

A SATURDAY SERMON

The Message of the Church

(Rev. W. D. Grant Hollingworth, First Presbyterian Church)

Text: "Be of good cheer; for I believe God." Acts: 27:25. Moffatt's translation of this verse is vivid. "Cheer up men; I believe God." This verse is taken from a passage describing in detail the seamanship of Biblical times. A ship is sinking. There is much confusion. And in the midst of it all Paul, the apostle, stands forth and says: "Cheer up men. I believe God." He appears to have been the only self-possessed man on board.

There is a much-needed word for the world today—a word of cheer. One of the most familiar words of Jesus was the message: "Be of good cheer." Surely the church today, speaking to shed forth the teaching of Jesus, should emphasize this message.

An analysis of the present situation by Babson, the noted economist, reveals the fact that people today seem to lack that faith which is essential to personal and national progress. "They have no spiritual wealth on which to depend." "What can the church say? It can and does offer at least a cheering and, when truly understood, a thoroughly satisfying conception of God. Certainly Christianity admits that there is much mystery about God—but, in Jesus Christ, we have revealed a God whom we can so learn to love that we can call him Father. The existence of such a God is attested further by the experience of countless thousands during the past nineteen hundred years. We dare not say that this vast and consistent experience has been a vast and consistent illusion. And this God, what is he like? The central message of Christianity reiterated again and again is that God is love. We are assured that none are outside the circle of his love. Times and circumstances may change, old friends forget and forsake, the very foundations of the earth may be shaken but the eternal goodness and mercy still stand.

Where Danger Lies

Our danger lies in putting things of people in the place of God, pinning our faith to something less than God himself. We must recognize that the working life whether of brains or of hands or of both has not the same fulness of purpose which it has when God is taken into account. Those who have enriched the world and the life of the world have always been those men

Eagles' Narcissus Dance is Enjoyed

One Hundred and Fifty Persons Present at Affair in Aerie Hall Last Night

The Eagles' Narcissus dance, held last night in the Aerie Hall, was a very enjoyable affair which was attended by some 150 persons. The usual fine brand of music was supplied by Charlie Balagno and his orchestra for the dancing which commenced at 9:30 p.m. and concluded at 2 a.m. Frank Fitzgerald was master of ceremonies and James Brown presided at the door. At midnight delicious refreshments were served.

After tomorrow a change will be made in the schedule of the steamer Catala whereby she will sail from here for Anyox, Stewart, and other northern points at 8 p.m. Sundays instead of 9 p.m. as at present.

LOCAL NEWS

Prince Rupert Singers Concert

Final Appearance of Local Organization in Event Monday Evening

The final appearance of the Prince Rupert Singers will take place in the United Church on Monday evening, May 30 at 8:30, when a concert of mixed choruses, duets and solos will be presented. The program is different from that presented last month in that only vocal numbers will be given.

No tickets are being sold for this concert, the price of admission is 50c for adults and 25c for children, if accompanied by parents. Proceeds are in aid of the Gyro Relief Fund. The following is the program to be presented:

- Program**
- Mixed chorus, "Were You There?" "Eriskay Love Lilt."
 - Duet, "Flow Gently Deva," J. E. Davey and R. G. Large.
 - Ladies' chorus, "Indian Mountain Song," "The Snow."
 - Soprano solo, "Two Scotch Folk Songs," Mrs. H. N. Brocklesby.
 - Mixed chorus, "The Incecape Rock."
 - Intermission.
 - Mixed chorus, "Boreas," "The Challenge of Thor."
 - Soprano solo, "Homings," "Once in a Blue Moon," Mrs. F. W. Allen.
 - Men's chorus, Two Sea Chanteys, "Swing Along," "Promis' Land."
 - Duet, "Oh, That We Two Were Maying," Mrs. A. J. Webber and Miss J. Robertson.
 - Mixed chorus, "The Fortune Teller's Song," "Come Lasses and Lads."
- The concert is under the direction of H. N. Brocklesby with Chas. P. Balagno as accompanist and O. F. Denstedt and A. C. Cameron as violinists.

A. J. Lancaster, provincial collector, returned to the city on this morning's train from a trip to interior points.

ACID stomach

EXCESS acid is the common cause of indigestion. It results in pain and sourness about two hours after eating. It is responsible for most of the everyday ailments that people suffer; sick headache, sluggishness, nausea, biliousness, gas on the stomach, etc. The quick corrective is an alkali which will neutralize the acid. The best corrective known to medical science is Phillips' Milk of Magnesia. It has remained standard with physicians in the 50 years since its invention. One spoonful of Phillips' Milk of Magnesia neutralizes instantly many times its volume in acid. It is harmless and tasteless and its action is quick. You will never rely on crude methods, never continue to suffer when you learn how quickly, how pleasantly this premier method acts. Please let it show you—now. Go to the drug store and get a bottle to try. Take it tonight, and follow the simple directions you find in the package. Learn what it means to have a well-alkalimized system. See how much better your general health will be. How seldom you will catch cold.

Be sure that you get the genuine Phillips' Milk of Magnesia that physicians prescribe. It is sold in 50c bottles at drug stores everywhere throughout the Dominion. * To keep the teeth white and guard against acid mouth, use Phillips' Dental Magnesia; it is a superior tooth-paste. (Made in Can.)

PITTSBURG MOVES UP

Pirates Advance Into Third Place in National League—Giants in Cellar

NEW YORK, May 28.—Pittsburg Pirates continued their meteoric advance by defeating the St. Louis Cardinals yesterday to advance to third place in the National League ahead of the Cincinnati Reds who lost to Chicago Cubs.

Brooklyn Dodgers defeated New York Giants to move from seventh place to fifth ahead of the St. Louis Cardinals, the Giants dropping into the cellar below the Phillies who won over the Boston Braves.

In the American League the Cleveland Indians defeated the St. Louis Browns and the two teams are now tied for fifth place.

Yesterday's scores:

American League

Detroit 5, Chicago 3.
Cleveland 6, St. Louis 3.
New York-Washington, rain.

National League

Philadelphia 8, Boston 5.
Brooklyn 5, New York 2.
Chicago 6, Cincinnati 4.
Pittsburg 8, St. Louis 4.

RAIN STOPS NET MATCH

Ellsworth Vines of United States Finally Defeats Jack Crawford of Australia

PHILADELPHIA, May 28.—Following the opening singles match in the North American zone Davis Cup finals in which Frank X. Shields, United States, defeated Harry O. Hopman, Australia, yesterday afternoon, rain and wind halted the play when Ellsworth Vines, United States, was leading Jack Crawford, Australia, 6-2, 6-4, 2-6, and the pair were squared three-all in the fourth set when play was suspended. Play was resumed today and Vines took the fourth set and the match, 6-4.

John Van Ryn and Wilmer Allison, United States, defeated Jack Crawford and Harry Hopman, Australia, 6-0, 6-4, 5-7, 7-5 in the first of the doubles today.

The Three Things That Made It Happen

Winchester Cigarettes are growing more rapidly in favour with Canadian smokers than any other cigarette... and there are three reasons for it:

- *The Blend*—originated by experts and brought to its high degree of perfection through years of experimentation.
- *Knowledge*—the result of long years of experience in making cigarettes by Canada's largest tobacco manufacturers.
- *Quality*—combination of the most up-to-date methods of manufacture and the use of none but choice tobaccos.

Disturbance of Such Intensity That It Was Recorded in Various Parts of World

LONDON, May 28.—Seismographs in various parts of the world on Thursday recorded an earthquake shock which is believed to have had its centre on the floor of the extreme North Pacific Ocean. It is believed that the disturbance was of such intensity that, had its centre on land, much damage would have been done.

Reports from ships which may have been in the region are being awaited.

WATERFRONT WHIFFS

Salmon Canning Prospects—B.C. Packers Announce Plans—Halibut Situation

There is even yet some doubt as to the exact extent of salmon canning operations in the district this year. The big pink run is due on the Queen Charlotte Islands but it still seems likely that few plants will pack extensively of pinks unless the market shows an early and distinct improvement. There will, of course, be the usual extensive canning activity on the Skeena River and, while the primary effort will be to can sockeyes,

it also appears likely that the pink pack will be considerably larger than in 1931 when it amounted to practically nothing. Packers anticipate a rather light run of sockeyes in most districts and a smaller production than last year. While estimates of necessity are uncertain, some packers feel that a million to a million and a quarter cases will be the probable volume for the British Columbia coast. Canning will become general in this district with the opening of the sockeye fishing season on June 20.

The British Columbia Packers have announced that Mill Bay cannery (Naas) which was used only as a fishing camp last year, will can salmon again this year. On the Skeena River, Balmoral, Sunnyside and Claxton canneries will be operated. In the central area Nanu and Bella Bella will operate, no decision having yet been made in regard to Lowe Inlet. Bella Coola will run and on Rivers Inlet Wadhams and R. I. C. plants will operate with the possibility of Brunswick as well. In Smith's Inlet, Boswell cannery will be operated. This makes quite a few more plants to be operated by B. C. Packers this year than last.

Results of salmon tagging operations conducted on the Queen Charlotte Straits throw some interesting light on the migration of spring salmon frequenting those waters. Of ten recoveries from the Queen Charlotte Strait tagging five were taken in the Fraser River and three in American waters of Puget Sound.

Break From Co-operative

During the past two or three weeks a number of Ketchikan halibut boats, which since the first of the season had been turning their catches over to John Berg's co-operative concern at Ketchikan, have been noticed in Prince Rupert offering their catches to the com-

pany bidders here. Apparently, the Ketchikan co-operative has not been working out so satisfactorily as might have been expected. The Pacific Fisherman points out that the fact is that there have been very large shipments of halibut going forward from Ketchikan via Prince Rupert to the eastern markets, the fish being shipped east for fishermen's account and sold for what it will bring. The conditions of the ownership under which the fish reach market of the Atlantic seaboard and elsewhere enables the sellers there to dispose of it at low prices, all of which eventually has its adverse effect upon the producing fishermen. After the consigned stocks are sold, the eastern broker takes his commission. Express charges are deducted, the shipper takes a fixed amount for handling the fish and the fishermen get what is left which it is reported in many cases has not been much.

The Pacific Fisherman, in analyzing the present unsatisfactory state of the halibut market, gives the following as the four chief reasons for the presently existing depressed price situation:

1. Consigned shipments of halibut appearing in the Boston and New York markets.
2. Increased production of halibut.
3. Competition of other fresh fish and other foodstuffs.
4. Hesitancy of dealers to build up frozen stocks.

The fishermen have some control over the first two causes and are, apparently, moving in the direction of rectifying them at least to a certain extent. This may make for an improvement in conditions as the season advances even if it may be impossible to do anything regarding the last two factors.

American halibut boats, which early this season left Prince Rupert for Seattle with their catches in the

hope of obtaining better prices, in many cases did not better themselves by making the long run south. Once or twice, indeed, the Prince Rupert prices were actually higher than those paid at Seattle on the same day. Price tendencies at Prince Rupert so far this year have been closely in keeping with those at Seattle.

The Canadian halibut boat Zaporra, Capt. Lars Voge, under charter to the International Fisheries Commission for research work, has completed her investigations for the present around the Queen Charlotte Islands and has now gone to the westward to fish for a month or so with silk nets for halibut larvae in inshore waters and around Alitak. The Zaporra only took six larvae in Queen Charlotte Island waters which does not look well for the spawning in that section. Of course, it might have been different if the Zaporra had been in those waters a little earlier than she was.

Landings of halibut livers for pharmaceutical use are steadily being increased by the halibut boats. Not only is this the case at Prince Rupert but also at Seattle and Vancouver. It presents one of the rare opportunities these days for the fishermen to increase their earnings somewhat by saving something that was heretofore wasted. Some of the boats have adopted special means of preserving the livers in good shape to be landed in port for shipment to the eastern laboratories.

The Northern British Columbia Fishermen's Association recently withdrew objections which had been previously taken to the application of the Canadian Fish & Cold Storage Co. for foreshore rights at Squadree and Goose Bay, Dundas Island, and at Canoe Pass. The company proposes to improve its salmon buying facilities at these points.

Shruballs at Vancouver

Bill Shruballs, pioneer of the fish curing game in Prince Rupert where he established in 1906, is now located in Vancouver where he is erecting a four-kiln fish smoking plant on Alexander Street, the plant having a capacity for 4,000 pounds at a time. The plant is handy to the new Vancouver fish dock, thus providing a convenient source of supplies. Bill is planning to smoke all varieties of British Columbia coast fish at the plant.

Low prices this spring have been forcing away a good deal of spring salmon which is ordinarily disposed

Huge Specimen

Engineer Gast of Westwood, California, needed a cactus to decorate his new bulding—went into the desert, returned with this 36-foot specimen, weighing twelve tons.

of at Prince Rupert. Flewin & Brown, with their packer Taplow II, have been delivering Dundas Island and Warke Canal fish to New Westminster while the halibut boats Embia and Takia are packing from Langara Island to Vancouver. The Vancouver packer B. and Y., Capt. Ben Yelf, is packing from Langara Island to Butedale also is the Bruce I, Capt. B. M. Newell.

Harry Menzie, popular member of the staff of F. E. Hunt Ltd., ship outfitting establishment, has been at home for the past week nursing a painfully injured right hand which he chopped badly while splitting wood with a sharp axe a few days ago. It required 14 stitches to close up the gaping laceration and Harry now has his arm in a sling. He hopes to be sufficiently recovered to at least partially resume his duties during the coming week. Meantime, the injury is doing nicely.

According to word received from the Queen Charlotte Islands, not one of the Skidegate trollers is now out. Small prices offered by the buyers recently caused the fleet there to tie up.

The Department of Marine announces the establishment of a new light and fog alarm on Boat Bluff in Finlayson Channel. The position is the western side of Boat Bluff on Sarah Island and the character a fixed white light with red sector. The structure is a white rectangular wooden building with extension on the south face. There is a lantern on the top of the extension and fog alarm machinery below. The fog alarm will give one blast of two seconds duration every 15 seconds. When the new light and fog alarm are placed in operation the present occulting white acetylene light will be discontinued.

Halibut landings at the port of Prince Rupert for the week of May 21-27 inclusive totalled 358,500 pounds of which 138,000 pounds was brought in by Canadian vessels and 220,500 pounds by Americans. For the season up to and including May 27 landings totalled 4,389,050 pounds consisting of 1,767,250 pounds Canadian and 2,621,800 pounds American as against a total of 4,877,340 pounds at a similar date last year comprising 2,305,600 pounds Canadian and 2,571,740 pounds American fish.

Prices during the week continued at extremely low levels with the top price for Canadian fish 4.6c and 2c received by the Lysekil for 28,000 pounds. The top bid for American fish was 6.2c and 3c paid the Viking for 7,000 pounds and the low 4c and

2c which a number of boats received.

The Granby Co.'s service boat Granby arrived in port Thursday afternoon from Anyox, having on board Charles Bocking, president and general manager of the company, who caught the steamer Prince George here that evening and sailed for Vancouver. The Granby returned to the smelter town yesterday morning.

Capt. Norman Brodhurst was in port Thursday afternoon with the cannery tender Jabolo from Inverness to pick up a load of lumber to be used in construction work at the cannery this spring. Skipper Brodhurst reports that a good deal more construction work than usual has been in progress at Inverness this spring, the full crew having been busy at the plant for several weeks.

The yeoman work of numerous boatmen and citizens generally in conducting operations at Shawatons Lake which finally resulted on Wednesday in recovering the body of William Mitchell, fine local boy who lost his life by drowning last Saturday night while rescuing a younger companion after their small boat had upset while they were angling, was at once a matter of great commendation to all those who took part in the search work and a testimonial to the universal popularity in which deceased was held. The police themselves are not hesitant in acknowledging that the zeal and persistence of the searchers, together with the thoroughness of their work in combing the deep bottom of the lake, was, no doubt, instrumental in the desired result being so speedily accomplished. After their recovery, the remains were gently and sadly brought home on board John Currie & Son's power tug C. R. C. to the mourning but appreciative family. The tragedy itself was one that shocked the entire community and expressions of sympathy and regret have been as spontaneous as they were widespread.

Pile Driver Laid Up

The Pacific Salvage Co.'s power tug Salvage Princess, Capt. Frank Tyler, made a trip on Thursday to Tucks Inlet with the Pacific Stevedoring & Contracting Co.'s pile driver which has now been laid up alongside the plant of the Rupert Marine Products Limited.

Having completed a thorough overhaul at McLean's yard at Seal Cove as a result of which the vessel is in the best of trim again to resume her arduous duties, the provincial police cruiser P. M. L. 4 was moved down to the Pacific Salvage Co.'s floats Wednesday night of this week. Her skipper, Corp. A. W. Stone, is now standing by awaiting orders to proceed to his field of operations in the Rivers Inlet and Ocean Falls area. The P. M. L. 4 has been here for several months.

Capt. Brandy Newell was in port on Monday of this week with his big packer Bruce I and, while here, was kept busy receiving the greetings of numerous old friends. Brandy, a former resident of Prince Rupert, arrived in the north recently from Vancouver and is engaged in packing salmon from North Island to Butedale.

The Indian Department's cruiser Naskeena, commanded by Constable A. J. Watkinson, is reported to have got in difficulties early in the week, when her wheel was badly damaged by striking a log. The vessel has been beached at Port Simpson and the wheel was brought into town for repairs. The Naskeena was on her way from here to Mill Bay with Indian Agent W. E. Collison on board when she had the trouble not far off Port Simpson.

After a two weeks' visit to Cedarvale as a result of which his health is considerably improved, Doc Clapperton returned on Thursday morning's train and is now on deck as large as life at the government wharf.

Capt. Mike Jensen, who lost his halibut boat J. R. in a fire in the harbor early in the year, was outfitting the troller Bonito this week for salmon fishing. The Bonito belongs to Capt. H. K. Kohrt, veteran gasboat man of this port, who has been a patient in the Prince Rupert General Hospital for about a year now.

AIR DRIED SHINGLES

Retain the cedar oil in the wood, affording extra and better preservation than kiln-dried shingles from which the essential oil has been evaporated. Our shingles are made on Queen Charlotte Islands and, as a home product, deserve your preference. Shingle makers wages on the Islands are spent eventually in Prince Rupert, while Vancouver wages never come north. Support a home industry and your own welfare by specifying Air Dried Shingles.
