Unemployed Men Tried To Take Over Control At Allco; Are Foiled

Eighteen Leaders Are Expelled After Attempt and Ninety Follow Them on Their Departure For Vancouver Following Riot

VANCOUVER, April 28:—An attempt by a group of men to seize control of the Allco unemployment relief camp was thwarted by provincial police officers yesterday. Eighteen of the ringleaders in the attempt were expelled from the camp and about ninety other men accompanied them to Vancouver. The incident followed refusal of the men to accept the \$7.50 per month wage scale set by the provincial government for relief work.

Cox, Mrs. are still making progress.

The visit of Mr. Buckley next week is understood to be in connection with the securing of a water supply from the Rev. J. B. Gibson, the dean, officcity for the mill and other matters in connection with the lating, and Rev. Canon W. F. Rushproposed site at Seal Cove.

FUR SEAL PEST

Yesterday we published an article dealing with the depredations of the fur seals on the halibut and salmon on woman's Auxiliary to the delegates. this coast. It seems that with the consent of our govern- Mrs. W. J. Greer, the president, was ments the seals are protected on the Pribiloff Islands and in charge. these seals pass down the coast in the fall and return north in the spring, taking large toll of the fish as they pass. There are many thousands of these animals and it is almost impossible to estimate the number of halibut and salmon they destroy. It is not only what they eat but what they kill that really counts.

Every year the government spends considerable money * killing the sea lions. This is good work but it is not enough. Editor, Daily News:-The fur seals are just as bad in the localities where they pass. They not only kill the fish but interfere with the 8900, spent for fire protection \$10.- Friday & Saturday fishermen in their arduous labors by actually taking the 735 and for administration of jusfish off the hooks, salmon in the inside waters of Hecate tice (police force principally) \$10,-Strait and halibut on the banks west of Queen Charlotte 668, in 1930, which is the most re-Islands.

The fishermen have to look on these depredations, help- 403 which is \$2.52 per capita. less to do anything to stop them because the seals are protected by international agreement to which the govern of 6400, spent in the same year for ment of Canada is a party.

At various times we have advocated the abrogation of ministration of justice \$14,519. Both the treaty and the throwing open to everyone of the right services cost us \$32,706, which is to catch the seals in open waters. Then Prince Rupert fish- actly twice as much as it cost Naermen could turn from halibut fishing at a time like this naimo. and take seals instead, thus making an honest living when our estimates for the police de such is denied them from the fisheries.

In view of the prevailing situation it is very desirable for the fire department \$14,930, that the government of Canada take action to protect the making a total of \$27,430 for both fishermen on this coast by destroying the fur seals or allowing them to be destroyed when they prey upon the fish from which our fishermen make their living.

Some Babies owe it

THAT'S what grateful mothers often write us, praising Carnation Milk for baby feeding. Famous specialists recommend it because of its purity, uniformity and safety. Carnation is heat-treated forming finest, softest curds in the baby's stomach. And homogenization breaks up the coarse fat globules into easily assimilable ones. This makes Carnation super-smooth in cookery, too. Splendid when creaming coffee and for use with fruits and cereals. Economical because double-rich.

Hard service does not mar their beauty..

Congoleum Gold Seal Rugs are made to give you service far in excess of their moderate cost. Their beauty is not a passing quality . . . it remains constant long after the modest price you paid is forgotten. Brighter rooms can now be yours no matter how small your budget . . . for Congoleum introduces a new ideal of economy in guaranteed floor covering. No hard labor to keep them clean . . . a damp mop brings back their full color immediately. New 1932 patterns give you a wide choice of delightful designs.

CONGOLEUM RUGS

SPENDING TO SAVE .. THROUGH

Auculiant

Not many of us, these days, are troubled with so much money that we cannot spend it. But we are interested in spending the money we have, to get the most out of it.

One way—and not a new way, either—is to make a budget. Put down, week by week, the money that comes in. Put down beside it, week by week, the money that goes out. So much for food, so much for clothing, so much for rent. So much for giving, and for luxuries.

Where Advertising Helps

It won't always be easy, of course, to stay within the budget. That's where advertising helps you. Advertisements in this newspaper tell you how much rugs, butter, breakfast foods, dishes, homes, automobiles will cost, before you go shopping! They point out ways to save money. They show you how to cut a little here, a little there. And each day, they tell about new inventions, new products, new ways of doing things, that help make this life of ours very much worth living!

TOP PLACE

Detroit Tigers Lose the American League Leadership-Cubs in Tie for National

NEW YORK, April 28- Losing a close game to the Chicago White Sox yesterday, the Detroit Tigers dropped out of first place in the American League, leaving the idle New York Yankees on top with a mathematical lead. As a result of the victory, the White Sox moved into fifth place ahead of the Philadelphia Athletics and St. Louis' Browns. The Browns were stubborn victims for the Cleveland Indians in the only other American League game yesterday.

Chicago Cubs doubled the score of the Pittsburg Pirates and movea into first place in the National League with the Boston Braves who were idle. The Pirates and Phillies are now tied for third place. The Cincinnati Reds defeated the St. Louis Cardinals and relegated the world champions to seventh place while they, themselves, moved into sixth position.

All other Big League games were postpened because of rain or cold weather.

RAJAH HAS

Right-Hander, Thirty-Six Years Old Yesterday

CHICAGO, April 28: - Rogers Hornsby, manager of the Chicago Cubs, and one of the greatest righthand batters of all time, celebrated his thirty-sixth birthday yesterday. It was also the seventeenth anniversary of the "Rajah's" entry into Big League baseball. He started with St. Louis Cardinals after a year in the minors.

That is the verdict of thousands who now "roll their own" with Chantecler Cigarette Papers. If you want to speed up rolling cigarettes and want a better smoke besides, try these better papers.

The Man Who Threw Away LOVE

"Let me go," she cried. "I cannot marry you. I never should have promised."

NOTHER romance ended-all because of "B.O." Had he only been more careful! Only realized how important it is to guard against "B.O." - body odour.

Our pores are constantly giving off odourcausing waste—a quart daily. Yet we quickly become used to an ever-present odour and don't notice it in ourselves-don't realize how it may be annoying others. For of all unpleasant odours, the one most disliked is "B.O." in somebody else!

Don't risk offending

A hint of "B.O." may easily ruin our chances with the girl we love—the man we want to impress in business. Don't run this risk-ever. Keep pores clean and deodorized by frequent bathing with Lifebuoy. Its creamy, abundant, penetrating lather goes deep into the pores, purifies them of every trace of unpleasant odour-leaves you gloriously, satisfyingly CLEAN. Lifebuoy's pleasant, extra-clean scent that vanishes as you rinse-tells you, "Here's an end to 'B.O.' danger."

And remember too, harmful germs lurk on things we touch. Our finger prints leave them on food we eat and so they get into our system. Frequent washing in Lifebuoy's rich, antiseptic lather renders germs inactive - keeps

Watch complexions freshen

When complexions look dull and cloudy, it's generally because the skin is only ball cleansed. Get rid of pore-deep dirt and impurities with nightly Lifebuoy "facials" Work the pure, bland lather well into the pores; then rinse. See how quickly dull skins freshen and glow with clear healthy radiance.

Try Lifebuoy Free

If you don't use Lifebuoy and want to try it, send a clipping from this advertisement with your name and address to Lever Brothen Limited, Dept. 54, Toronto, Ont. One ful sized cake will be sent you without cost.

Dr. Gault measures his results in somewhat unusual manner. Although many of his instruments are in use at the Illinois School for the Deaf at Jacksonville, Ill., from which he has been receiving encouraging reports, no "genuine" opportunity to test the apparatus appeared until he discovered Miss Helen May Martin, 38, who has been a blind, deaf mute since she was four.

Remarkable Feat

Miss Martin, who-oddly enoug -has been using her big toe as an ear, taught herself to play a few pieces on the piano by pressing that big toe against the middle pedal of the instrument. Her music was halting, crude, expressionless and a trifle wierd. Nevertheless, she eventually pieced together "A Perfect

The teletactor consists of a small vibrating disk, upon which the deaf person places his finger. It is con- Barthelmess Gets nected with a microphone through! a battery and amplifier. With this outfit sounds of spoken language can be felt. Inasmuch as no two sounds feel alike, a deaf person's understanding develops as he differentiates between the intensity of the vibrations.

By patient application, Dr. Gault is slowly teaching Miss Martin the differences in sound. The woman has learned only 30 basic words, but her progress in music has been bet-

"By playing 'A Perfect Day' on the phonograph for her." he said, "we finally taught her that it was the piece she had been playing on the piano. Then, slowly, she noted for Vancouverthe differences between her rendition of the song and that of the orchestra. In the past few weeks she has been putting color into her music."

L. T. Wood of Queen Charlotte City was among last night's arrivals in the city from the Islands on the steamer Prince John.
