BROWNE'S PLANE FALLS IN FLAMES

Seattle-Tokyo Flight Ends Before Leaving For Japan Monday

Neither Ocean Pilot or His Refuelling Aide Badly Injured in Drop to Elliott Bay—Fuel Hose Touched Machine in Mid-Air

SEATTLE, May 31.—The big Fokker monoplane, in which Nathan C. Browne, young United States Army flyer from New York, had intended to make a non-stop flight from Seattle to Tokyo for prize money aggregating \$29,000, burst into flames yesterday when a hose from the refuelling plane touched it. The plane fell blazing into Elliott Bay from mid-air. Browne had been attempting to fuel in the air for the Pacific flight.

Both Browne and his refuelling aide, Frank Brooks, "balled out," landing in the water, but were rescued. Browne suffered an injury to his arm.

Had the refuelling been successful, Brooks was to have "balled out," leaving Browne alone to proceed on the flight to Tokio.

PLANES ON WAY NORTH

Four Detroit Flying Boats to Fly Into Atlin District

Four American flying boats, financed by a syndicate of Detroit and Toronto men, cleared the Canadian customs a few days ago at Detroit enroute to Scurvy Creek in the Atlin district where they will be used in staking claims for a Michigan syndicate. The party is headed by J. H. Eastman, designer of the Eastman flying boat, and the planes are being flown by Canadian pilots. The expedition is expected to reach Prince George any time now enroute north.

The Detroit party has been attracted to Scurvy Creek by reports of a placer strike made there some time ago by an Indian. The syndicate already has had one plane in the district earlier in the season. It is reported that \$50,000 has been subscribed to finance the present expedition.

Other eastern United States parties are interested in the Scurvy Creek area and are using the Junkers plane of the Canadian Airways Ltd., piloted by Stan McMillan, to reach the district from Atlin.

LANDINGS ARE DOWN

Halibut Arrivals at Prince Rupert For May Just About Half of Those For Month in 1931

Halibut landings at the port of Prince Rupert for the month of May this year amounted to 1,678,500 pounds as compared with 3,006,000 pounds in the same month last year. Landings of Canadian halibut for the month ending today have totalled 497,700 pounds as against 1,052,500 pounds in May last year while American landings this month amount to 1,180,800 pounds as compared with 1,903,500 pounds in May 1931.

Ambassador Mellon Inquires of British Attitude On Matter of Conference on Commodity Prices

Andrew Mellon Has Discussed Question With Sir John Simon—British Government is Now Giving Suggestion Consideration, it is Learned

LONDON, May 31.—Ambassador Andrew W. Mellon of the United States has asked the British Foreign Office whether Great Britain believes a world conference to consider the universal slump in commodity prices would ameliorate the general economic conditions, it was learned today. The ambassador discussed the question with Sir John Simon, British Secretary for Foreign Affairs, but thus far nothing definite has developed.

MORE BULLS ARE COMING

Third Shipment of Sires Into Central Interior to Be Made Within Next Fortnight

Shipment of a third carload of registered bulls into the central interior districts will be made within the next two weeks. The shipment will again be in charge of Tom Stewart of the Dominion Livestock Bureau and will consist of dairy bulls which are now being picked up from leading breeders in the Fraser Valley.

Of the consignment two sires will go to McBride, two to Telkwa, three to Fraser Lake and one to the Nadina Valley.

Local Girl Does Well In Exams At University

Miss Dorothy E. Patmore, daughter of L. W. Patmore of this city, was one of eleven students out of 106 enrolled in the 1932 teachers' class at the University of British Columbia who took first class honors in the education and teaching examinations, results of which have just been announced. To rank in the first class, it is necessary to have percentage of eighty or over.

Miss Patmore graduated from the University last year and has been taking this special course this year. She is now qualified for teaching in either high or public schools.

TRIBUTE IS PAID

Large Congregation Attends Mass For Late Mrs. Morrissey at Church of Annunciation

The Church of the Annunciation was filled to capacity by the congregation which gathered this morning to pay final tributes of esteem and respect to the memory of the late Mrs. Mary Susanne Morrissey for whom Requiem High Mass was celebrated by Father Charles Webb O.M.I., the parish priest, assisted by Fathers Charles Wolfe of Anyox and Father E. Allard of Fort St. James. The sermon was delivered by Father P. J. McGrath O.M.I. of McBride and Charles P. Balagno presided at the organ.

Members of the Imperial Order, Daughters of the Empire, and of the Catholic Women's League, of which deceased during life was a valued member, attended the service in a body.

Following the church service, a large procession followed the cortege to the chapel of the B. C. Undertakers. This afternoon the remains were placed aboard the steamer Catala on which they will be taken to Seattle where interment will be made in the family plot.

Pallbearers were G. W. Nickerson, James McNulty, Joseph Garon, Harold McEwen, Henri Letourneau and M. P. McCaffery. The last-mentioned is accompanying the remains to Seattle.

Vancouver Man Had Daughter At Snowshoe

LUMBER TARIFF

Member For Skeena Asks Question In House and Minister of Trade and Commerce Replies

In the course of recent discussion in the House of Commons at Ottawa on proposed changes in the customs tariff of New Zealand on timber, rough sawn and rough hewn, under the new trade agreement between Canada and New Zealand, Olof Hanson, M.P. for Skeena, inquired if this item included poles and pilings a good deal of which kind of lumber is shipped to the United States.

In reply, Hon. H. H. Stevens, minister of trade and commerce, gave it as his impression that poles, pilings and that sort of lumber would come under the general British preference.

CONCERT IS ENJOYABLE

Prince Rupert Singers Again Acquit Themselves With Credit

The Prince Rupert Singers, under the able direction of H. N. Brocklesby, gave a repeat recital last evening in First United Church and acquitted themselves even more creditably than in the original presentation about a month ago in the Capitol Theatre. The program had been considerably altered for this occasion, only vocal numbers being offered including mixed choruses, ladies' choruses, men's choruses, duets and solos. The program was received with much enthusiasm by the audience and, at the conclusion, many of those present went forward to offer personal congratulations to Mr. Brocklesby.

Before the regular program opened, the concert party sang the anthem "He Shall Keep Him in Perfect Peace" in honor of the memory of the late William Mitchell, victim of a recent drowning accident, who was chairman of the concert on the occasion of the first presentation. The audience stood while this anthem was being sung.

Numbers sung by the mixed choruses were "Were You There When They Crucified My Lord," "Eriska Jay Love Lift," "Inchape Rock," "Boreas," "Challenge of Thor," "The Fortune Teller's Song" and "Come Lasses and Lads."

Ladies' choruses were "Indian Mountain Song" and "Snow" and men's choruses "Swing Along" and "Promis' Land" (sea chanteys).

Vocal duets were "O That We Two Were Maying" by Mrs. A. J. Webber and Miss Jean Robertson and "Flow Gently Deva" by J. E. Davey and Dr. R. G. Large. Solos were "Two Scotch Folk Songs" by Mrs. H. N. Brocklesby, "Homing" and "Once in a Blue Moon" by Mrs. F. W. Allen. These were all new numbers and each was very acceptable.

Charles P. Balagno was piano accompanist, O. F. Denstedt and A. C. Cameron were violinists. William Cruickshank and L. W. Waugh presided at the door and ushers were C. C. Mills, N. L. Freeman, C. E. Starr and Sam Jabour.

Alphonse Levecque Laid at Rest Today

Interment in Fairview Cemetery Followed Requiem Mass in Church of Annunciation

Solemn requiem mass for the repose of the soul of Alphonse Levecque, pioneer resident of this city, and ex-service man, was celebrated this morning in the Church of the Annunciation by Father E. M. Lery O.M.I. of Stewart. There was quite a large gathering of old friends and returned men in attendance for the rites.

Following the church service, the remains were taken to Fairview Cemetery where interment was made. The Last Post was sounded by Bugler William Rance.

Pallbearers were William Wilson, Henry Smith, Alex Harvey, Fred Riffou, D. Seguin and W. H. McCallum.

Those sending flowers were Bulkley Market, Mr. and Mrs. W. Barton and Eric, Mr. and Mrs. M. M. Stephens and family, Yvonne Riffou, Mr. and Mrs. Lewis Leroux, Mr. and Mrs. V. Terrien, T. Trotter, Canadian Legion and Mr. and Mrs. P. J. McCormick.

Former Assistant Superintendent Engineer Now General Superintendent of C. N. Steamships

Thomas Loudon, for the past five years general superintendent engineer, Canadian National Steamships at Montreal, has returned to this coast to take over the post of general superintendent of Canadian National Steamships with headquarters in Vancouver. He will have jurisdiction over the operation of company ships on the Pacific Coast and the Prince Rupert dry dock. Mr. Loudon, before going to Montreal, was assistant superintendent engineer for the company on this coast.

FORTUNE IS UNCLAIMED

Two Heirs of Late Edwin John Miller Awaited—Money in Vancouver, Terrace and Hazelton

Two heirs of the late Edwin John Miller, who left \$21,853 in savings banks in Vancouver, Hazelton and Terrace, are believed to be resident in British Columbia although they have not yet turned up to claim the fortune. The only two known relatives of the deceased are known as "Mr. Miller" and "Miss Miller," their Christian names being unknown.

Miller died in Victoria on May 11 after having been a patient in hospitals and nursing homes for some time. He died intestate with large amounts in savings banks which will be divided by the official administrator between the two relatives whose whereabouts is so far unknown. The money is being held in trust until they turn up and establish their identity.

MAKING AN ESTIMATE

Most people at some time or other make an estimate of the affairs of their neighbors. It may be a stated estimate or simply a mental estimate but in any event it is made.

Many people judge of a person's affairs by the amount of money he spends. This naturally is a fallacy. One of Dickens' characters judged by the amount saved and considered a person rich as long as he balanced his budget and had some little left over.

It will often be found that the best spenders are the poorest people. They have no reserve for a rainy day. On the other hand the man who is shabby and whose wife and children are not always going out clad in the latest hats and gowns often has money in the bank and a dollar to help a poorer neighbor over a difficult time. The credit man does not look at the outward appearance.

And yet it is not always wise to go shabby, giving the impression of poverty. The medium course is usually the best. The well dressed person is the least conspicuous, always seeming to fit in with his or her surroundings. Good quality clothes always look well.

ELECTORS QUESTIONING

In Manitoba they are having a provincial election and the Free Press asks the following questions:

"Has the government been equal to its responsibilities in these difficult times, or has it not? Has it made all the economies that could be expected in order to keep down taxation? Has it managed efficiently the various government enterprises, whether initiated by the present government or its predecessors? All governments are imperfect. Has the Bracken government seriously failed? Are the statements of the opposition convincing as to their ability to give better government?"

Presumably we shall be asking similar questions pretty soon on behalf of the electors of British Columbia and they will answer with their votes.

A Week's Doings at Parliament

By Tom Reid, M.P.

Port Churchill Again Under Fire—Radio Report Highly Commended—Experimental Farms Discussed

Friday, May 13:—As is frequently the case on Fridays there was a slim attendance in the House and practically the whole of the day was taken up with agricultural matters. The minister having his estimates for agriculture before the House, many members took advantage of the occasion to say something on this very important industry, the discussions being carried on right up to 11 o'clock with not an item passed. The principal subjects for discussion and which were elaborated on were butter, wool, eggs and hides and it was evident, from the speeches made, that agriculture generally throughout Canada was in pretty bad shape indeed. The matter of an export market board was mentioned and advocated by most of the speakers. It would seem to me that nearly every member was willing that a board of this kind should at least be given a fair trial.

The weather has turned fairly warm which has the effect of making many of the members more eager now for the close of the session.

Monday, May 16:—The question of grain being routed through Port Churchill was brought up at the beginning of the day, Dr. Manion, minister of railways, having a prepared statement ready for the House in connection with the development of this port. Considerable feeling is usually engendered when this port is brought up for discussion, many members taking the stand that the building of the railway to Churchill and placing the port on the Hudson Bay was not entirely warranted but, as some \$56,000,000 has already been spent on it, something has to be done to encourage its use. The information given in regard to this port is that it is open on an average only three months a year.

Some estimates were also gone into, the minister of national defence coming in for a good deal of questioning regarding expenditures—both military and naval.

After recess the House was still sitting as a committee, estimates in connection with the finance department being discussed.

The question of the expenditures on the Montreal bridge was under fire, many members declaring they would like to have this matter investigated as, when the bridge was first mooted, it was estimated at the time to cost some \$10,000,000 which has been increased to \$19,000,000 on the completion thereof.

The Prime Minister intimated that, on the following day, he would introduce a bill in regard to radio broadcasting. Up to 11 o'clock the House was still discussing estimates in connection with the department of national defence.

Gasoline Report

Tuesday, May 17:—The committee that had been sitting inquiring into the matter of gasoline brought in its report. It had held some 22 meetings in all and some very interesting figures were brought out in connection with gasoline and gas prices throughout Canada.

The Prime Minister brought in a resolution for the House to sit at 11 a.m. on Thursday next which portends the dying days of the session.

When the ten percent cut of the civil servants' salaries was brought down, judges and those connected with the navy and military forces of Canada were exempt. This has caused a great deal of opposition and the government, to meet the opposition, now introduced a bill to take ten percent of the income tax off judges and naval and military forces. As one member had said, during the said discussion, in his opinion the best way to foment trouble was to start exempting any one class. The Prime Minister, however, declared that the judges were in a class by themselves. It was easy to distinguish the lawyer members by their speeches in the House, it being evident that a strong bond of unanimity existed among the members of the fraternity and I suppose it is correct to say every lawyer is a potential judge at least it has been the usual custom to give defeated candidates a position on the bench.

A great deal of the time of the House was taken up over changes in the budget which were being made at the request of New Zealand which had asked that the tariff on certain articles be raised against other countries, one of these ar-

icles being hides. This subject created a great deal of discussion, two members of the government rising to condemn Mr. Stevens. They also claimed, like the members of the opposition, that the effect of duty on hides would simply mean that the people of this country would pay more for their boots and shoes and that the farmers would also pay more for their harness. An interesting fact was given to the House that the cattle in Canada at present were not suitable to produce the best hides and that the best hides in the world came from the Argentine where no barbed wire is allowed and where there is no warble fly as we have here in Canada and which punctures holes in the hides or skins of all animals.

The six percent sales tax also came in for a great deal of comment, and the Hon. E. N. Rhodes, minister of finance, was subjected to a great deal of questioning in connection with this matter.

The matter of the tax on telephone calls and telegrams brought many members to their feet. They were desirous not only of criticizing it but wished definite information as to the effect of this tax. A tax is now to be made on those insurance policies taken out in companies which are not listed in Canada. The day ended with only half of the customs tariff having been passed. Considerable discussion will yet take place before it is finally put through the House.

Radio Bill In

Wednesday, May 18:—After prayers the Prime Minister introduced the radio bill as promised the day before and I am frank to state that no bill has met with such universal approval from all sides of the House as the bill which was introduced in regard to public ownership and control of radio. It is the intention of Parliament to appoint a commission clothed with very wide powers and also to have nine deputy commissioners, one for each province. It was interesting to learn that the air lines were very limited and that, as radio was only in its infancy, it was very proper that Canada should obtain control for the people of Canada of so important a natural resource. It is a pity that most of our natural resources have been given over to private interests and many of the natural resources of Canada are now gone. There may be difficulties and criticisms arise in the future but I believe it was a wise step and one taken in the interests of the Canadian people to take over radio now before it was too late. Any oppositor that has been heard in the matter has come from private interests entirely. All the money derived from licenses, etc. is to be placed with the department of radio and advertising matter is to be limited to five percent of the radio programs.

The rest of the day was taken up by the department of agriculture supply and, as it was a short day, not much progress was made. Agricultural estimates generally, come in for a great deal of criticism and comment and it usually takes some days before the minister can get the various items through the committee. Last year it was not until the very last day of the session that the minister of agriculture introduced his expenditures and anything introduced in the dying hours of the session is usually gone through very quickly. Once the date and the hour for prorogation is set the House is not in a good mood to entertain long and protracted discussions. It is during closing hours of the session that a member, if he has anything to say, has to be very alert and ready to jump to his feet immediately the item is called. Woe betide him if he hesitates.

Thursday, May 19:—Although the House met at 11 o'clock it was surprising to see the great number of members who were in their places at this hour.

After prayers, a message was read by the Speaker from the Governor General intimating to the House that he had given Royal Assent to many measures that had been passed by both Houses. All the

members stand up when a message from His Excellency the Governor General is being read.

The Prime Minister would have liked if the House would sit on Saturday but, as unanimous consent was not given to this, it could not be put into effect.

The new Act in connection with bankruptcy was introduced into the House; the discussion on this lasting until the hour of six. It is interesting to watch the attention the lawyers give to all bills affecting their trade of the nation. The object of the bill in brief is to set up a central control body in charge of insolvency. No doubt the lawyers understood what it was all about but, to many of the lay members, it was just another bill.

When the House met at 8 o'clock agricultural estimates started in again, and a great deal of discussion ensued regarding the item of expenditures for experimental farms. The chairman had some difficulty keeping many of the speakers to the subject under discussion as many of them endeavored to take advantage and speak of everything else but experimental farms. However, as the feeling of the House is getting towards the close, no such latitude is now being allowed. At 9:35 this gave place to the Post Office estimates and matters affecting the dismissal of postmasters was discussed right up to the hour of 12 without any items having been passed. It was really a Quebec night and, believe me, they take politics seriously in that province.

For years before coming to Ottawa I oftentimes wondered why a French-Canadian was generally

picked as Postmaster-General but, after listening to the discussions from the Quebec members, this is easily understood.

The Hansard reporters have a busy time during discussions like

these, as sometimes the member speaking will suddenly break from French into English or from English into French. The House adjourned without much progress having been made.

Bring Back Prosperity

In times like these...

more than ever, life insurance is a boon to all—to the Uninsured as well as the Insured.

As its premiums accumulate they are promptly used to assist in purchasing homes, in aiding farmers and financing industry—thus keeping Canadian citizens gainfully employed.

It insures more than Life—it helps to provide work for the Breadwinner, and Food, Comfort and Shelter for his family.

It supports the Nation, too—the collective enterprise of all the people. During the Great War, for instance, the Sun Life Assurance Company of Canada itself subscribed for \$70,000,000 Canadian and allied government war loan bonds.

Last year the Sun Life subscribed \$23,000,000 to Canadian government issues. A portion of the proceeds of these loans was to relieve unemployment. Even the jobless share indirectly in the benefits of life insurance.

The Sun Life is an important factor in restoring prosperity to Canada. For over sixty years it has been privileged to serve its policyholders and proud to serve the State. To-day, its world-wide organization and facilities make it more serviceable than ever to the whole community.

Try Miss McFarlane's Favorite Recipe for BISCUITS

1/2 teaspoon salt 4 teaspoons Magic
2 cups pastry flour Baking Powder
(or 1 1/2 cups 2 tablespoons
bread flour) shortening
3/4 cup milk, or half milk, and half water

Sift together flour, baking powder and
salt. Cut in the chilled shortening. Now
add the chilled liquid to make soft
dough. Turn dough onto a floured board
and do not handle more than is neces-
sary. Roll or pat out with hands to about
3/8 inch thickness. Cut out with a floured
biscuit cutter. Place on slightly greased
pan or baking sheet and bake in hot oven
at 450° F. 12 to 15 minutes.

"For Light, Flaky Biscuits use Magic Baking Powder,"

says Miss M. McFarlane,
dietitian of
St. Michael's Hospital,
Toronto

"I RECOMMEND
Magic be-
cause I know it is
pure, and free
from harmful in-
gredients."

Miss McFarlane's opinion is
based on a thorough knowledge of
food chemistry, and on close study
of food effects upon the body. On
practical cooking experience, too.

Most dietitians in public in-
stitutions, like Miss McFarlane, use
Magic exclusively. Because it is
always uniform, dependable, and
gives consistently better baking
results.

And Magic is the favorite of
Canadian housewives. It outsells
all other baking powders combined.
You'll find Magic makes all your
baked foods unusually light and
tender... and gives you the same
perfect results every time.

Give Way to Detroit Tigers For Second Place in American League — Athletics Going Strong

NEW YORK, May 31.—Memorial Day double-headers were played in all Big League cities yesterday. In the American League, the New York Yankees took both games from the lowly Boston Red Sox, increasing their margin of league leadership to four and a half games.

The Detroit Tigers, taking both games from the St. Louis Browns, moved into second place in the standing ahead of the Washington Senators who lost twice to the heavy-hitting Philadelphia Athletics who seem now to have struck their real stride.

In the National League, the Boston Braves slumped still further by dropping both games to the New York Giants who moved out of the cellar into sixth place.

The Phillies dropped to the foot of the class by losing two games to the fast-moving Brooklyn Dodgers while the St. Louis Cardinals maintained seventh position by splitting honors with the Chicago Cubs.

Yesterday's Big League scores: National League Philadelphia 4-3, Brooklyn 13-5, New York 6-4, Boston 2-2, St. Louis 6-2, Chicago 4-6, Cincinnati 4-2, Pittsburg 2-5. American League Boston 5-3, New York 7-13, Washington 2-6, Philadelphia 13-8, Chicago 6-11, Cleveland 12-12, Detroit 17-4, St. Louis 9-0.

Primo Carnera Meets Waterloo At Hands of Larry Gains; Lost Decision in Ten Round Battle

LONDON, May 31.—Larry Gains, Toronto negro, heavyweight champion of the British Empire, last night outpointed Primo Carnera, the giant Italian, at White City Stadium in a 10-round bout which commanded the attention of the entire pugilistic world. A crowd of seven thousand people saw the fight, this being an all time record for British boxing attendance.

New Uniforms of Canucks Dazzle Lodgemen in Heavy Scoring Encounter

Hard Hitting

Barry's Triple With Bases Loaded Surprises Lambie—Menzie Gets Three Hits

Sons of Canada breezed forth last night in their snappy new grey and maroon uniforms and, after a hectic struggle, in which the lead changed hands on several occasions, finally managed to record their first victory of the season at the expense of the Elks by a score of nine to eight. It was a ding dong battle all the way with some heavy hitting by both sides and some glaring errors thrown in for good measure. Bill Harold at short for the Elks was the worst offender of the evening with four miscues registered against him. Walter Johnson, shortstop for the Sons, also made a couple of errors, dropping a fly in the fourth with two men out which cost his team four runs.

Barry's triple in the fourth, after Lambie had intentionally passed Harold to fill the bases, was the sensation of the game. Menzie was fortunate with the stick, two of his grounders hitting rocks and bouncing clear over the shortstop's head while Comadina misjudged his drive to right field which he managed to stretch to a three-bagger. Elks started the scoring in the second with two runs when Alex Mitchell and Chenoski scored on George Mitchell's single.

In the third Sons of Canada gathered in five runs. Smith walked. Moran was safe when Harold dropped Chenoski's throw of Moran's bunt trying to cut off Smith at second. Lambie singled and Smith scored. Stiles hit a sizzler to centre which went for three bases when Skinner slipped in the loose gravel. Comadina was safe on second when Harold threw wild on his grounder. Comadina went to third on a passed ball and scored on a wild pitch. Johnson fouled out to A. Mitchell. Frizzell batted for McNulty and popped out to Chenoski. Barry made a pretty catch on Stalker's foul.

The Elks came right back in the fourth with four runs to take the lead. Moran threw out Chenoski at first. Menzie tripled to right. Eddie Smith took G. Mitchell's roller and caught Menzie at the plate. Skinner was safe when Johnson dropped his pop fly. Harold walked filling the bases. Barry came through with a hard-hit drive to left to clean the bases, and scored a moment later as Johnson booted Arsenau's grounder. Stephens walked. Frizzell caught A. Mitchell's high fly to end the inning.

Canucks got two more in their half of the inning. Bury was safe when Menzie dropped Barry's throw. He was out stealing. Smith doubled to left. Harold threw Moran out at first. Lambie walked and stole second. Harold missed Stiles grounder and Smith and Lambie scored. Comadina struck out.

Again the Elks took the lead in the fifth. Chenoski singled and pliffed second. Menzie singled. Chenoski scoring. Menzie was forced at second on G. Mitchell's drive to Johnson and Mitchell likewise went out on Skinner's grounder to the same man. Skinner went to second on a passed ball and scored on Harold's double. Barry was thrown out at first.

The final runs of the game were

FOOTBALL TONIGHT, 6:30

SPORT CHAT

Possibly in athletic circles, more than any other, will Bill Mitchell, victim of a tragic accident at Shawsatams Lake recently, be regretted for, like others of his family, he was a leader and an expert in many lines of sport. Bill fairly exuded good sportsmanship and, after time has somewhat assuaged the severity of the snock, it will be a lasting comfort to his father, mother, brothers, sisters and his many friends that he died as he had lived—a good sportsman. After all, he sank in those icy waters not thinking of his own safety but rather staying with the young boy, Bob Kelsey, so that he would be assured that he would reach shore safely. Bill was a good swimmer and coult, no doubt, have saved himself had he been willing to leave the boy behind. But, as would have been his way on the field of sports where he was such a prominent figure, he chose to lend the kindly hand and help the other fellow.

HASN'T MARY AGED FAST! SHE USED TO BE SO GIRLISH. NOW SEE HOW DRAGGY SHE IS.

NO WONDER! THE POOR GIRL WORKS LIKE A HORSE ON WASHDAY WITH HER SCRUBBING AND BOILING. LET'S TELL HER OUR WAY.

MARY, IT'S SILLY TO SCRUB YOUR LIFE AWAY WHEN THERE'S A HARD-WATER SOAP LIKE RINSO THAT SOAKS CLOTHES CLEAN.

BESIDES, DOCTORS SAY SCRUBBING RUINS THE FIGURE.

I'VE HEARD A LOT ABOUT RINSO—IT'S THE NEXT MORNING!

WELL! WELL! THIS IS ALMOST TOO GOOD TO BE TRUE. I NEVER DREAMED A SOAP COULD SAVE SO MUCH WORK. I MUST TRY IT FOR DISHES, TOO.

JUST IMAGINE, DEAR. I GOT THE SNOWIEST, BRIGHTEST WASH TODAY AND I DIDN'T HAVE TO SCRUB OR BOIL A BIT.

THAT'S GREAT, DEAR AND YOU LOOK AS FRESH AS A DAISY. TOO LET'S INVITE FRED AND DOT OVER FOR THE EVENING.

These wonder-working soap delight thrifty women

WHY do so many women insist on their whiter—gets washable colored things longer. Because it saves scrubbing and boiling—that saves the clothes! It's the suds that do it—thick, creamy, long-lasting suds. Twice as much as from light-weight pulps—soaps—even in hardest water. The makers of 40 washers endorse Rinso. Great for dishwashing, too. Get the BIG size.

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.
Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.
Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

The Daily News

The paper that Northern and Central British Columbia people look to to keep them informed on world news and the problems peculiar to the north.

The Only A. B. C. paper north of Vancouver and west of Edmonton.

The Daily News goes into all the

- TOWNS AND VILLAGES
- MINING CAMPS
- LUMBER CAMPS
- PAPER MILLS
- FARMING CENTRES
- FISHING CAMPS

It is the paper that is read by the fishermen, miners, workers and operators throughout a district twice as large as the three Maritime Provinces of the east.

When a person wishes a message to go to the people of Northern and Central British Columbia there is only one way of sending it, and that is through the columns of the Daily News.

The future is full of hope. The Daily News is making plans to keep pace with the progress of the country. No one can afford to be without it.

The cost is small.

Delivered by Carrier, in Prince Rupert, per week, 10c.

Mailed to any address in Northern or Central B.C., \$3 a year.

Mailed to points in Canada, Britain or United States, \$6 a year.

NORTHERN B. C. NEWS

NEW HAZELTON

William Ware, for many years fur superintendent for the Hudson Bay Co., who is well known in Hazelton and throughout the north, will retire on pension on June 1, according to word which has been received here.

Despite the depression, New Hazelton had a very successful Victoria Day celebration last Tuesday, there being a large gathering of people in town from many parts of the district. The feature of the

sports program was a baseball game between New Hazelton and the Snappy Nine of Smithers which the home team won by a score of 8 to 5. In the evening a splendid dance was held in the Community Hall to bring the day's proceedings to a fitting conclusion.

Harry Walker, for some years a member of the staff of the Hudson Bay store at Hazelton, will be leaving early in June to take charge of the company's store at Kitwanga, succeeding Otto Utterstrom who is to be transferred to the Babine district.

BURNS LAKE

Investigation may be made of cavernous caves in the mountains south of Tintagel which it is believed here might prove interesting as a tourist attraction. The caves, which are known to be very deep and extensive, were discovered several years ago by R. G. Stearns while engaged in prospecting.

J. R. Stanyer and son, Raymond, of Francois Lake, have left for the Cariboo district where they plan on spending the summer engaged in placer prospecting. They had their farm all seeded before leaving and expect to be back by harvest time.

Government Agent J. D. Moore of Fort Fraser held a court of revision here recently when a number of

additional names were put on the list.

Nohr Hauer, Donald R. Smith and Dick Stanyer have left for the Cariboo where they will prospect for gold.

Pilot E. P. H. Wells and Air Engineer W. Faulkner have returned here with the airplane of the Canadian Airways after a flight to Vancouver for overhaul. The plane is again engaged in freighting supplies in the northern gold fields, having 12 passengers and four tons of freight to move in.

McBRIDE

It is expected that there will be several candidates in the field for the first board of village commissioners here although it is understood that W. A. E. Wall, the chairman of the provisional board, will not seek election.

L. A. Johnson has returned here from Edmonton where he received hospital treatment. His son-in-law and daughter, Mr. and Mrs. Lawrence Donovan, have arrived from Santa Monica, Cal., and will spend the summer here while Mr. Donovan writes some articles and moving picture scenarios.

Road maintenance work in this district has started with W. J. Hogg foreman in charge.

ALICE ARM

The Alice Arm Tennis Club, which is expecting an active season despite the hard times, has elected officers for the year as follows: president, A. D. Yorke; vice-president, Ted Kergin; secretary-treasurer, Mrs. H. F. Kergin; grounds committee—Mrs. Ole Evindsen, T. W. Falconer and Gust Anderson; auditors, Mrs. Ole Evindsen and T. W. Falconer.

J. Nick, who spent the winter at Bowman Lakes, spent a day in town recently. He reported that there is still three feet of snow at the lakes.

Mr. and Mrs. J. W. McAuley of Prince Rupert, travelling on their own launch Carmona, have been paying a visit here with Mrs. McAuley's brother and sister-in-law, Mr. and Mrs. William Stephen.

Almost everyone in Alice Arm has a vegetable garden this year. With occasional warm, sunny days, good germination is already apparent.

The Alice Arm Orchestra held an enjoyable card party and dance on Friday night in the Alice Arm Hotel.

SMITHERS

No celebration having been held here to mark the day, Smithers' people went far afield to spend Victoria Day. Some went to New Hazelton, others to Telkwa and still others to Burns Lake, celebrations having been held at each of these points.

Owing to the great placer activity in the Cariboo, Douglas Lay, resident mining engineer for the northeastern mineral survey district with headquarters at Hazelton, has been spending the entire month of May in that section of his district.

The Smithers Fall Fair Association has elected Charles Morris president for the ensuing year with J. C. K. Sealy, F. M. Dockrill and J. W. Turner as vice-presidents. George Oulton has been elected treasurer and James Manning is again manager. A fair will be held this year but along curtailed lines.

VANDERHOOF

Donald Sutherland, the new district agriculturalist with headquarters in Smithers, paid his first visit here a few days ago on official business.

John Marie Prince of Fort St. James was sentenced to six months' imprisonment by Stipendiary Magistrate John D. Charleson here on a charge of having intoxicating liquor in his possession.

International Goodwill Day was observed by the teaching staff and pupils of Vanderhoof Superior School. A number of the pupils wore appropriate costumes. Addresses were delivered by the principal and vice-principal.

At the home of Mrs. J. M. Johnston a shower was held in honor of Mrs. Arthur Miles Johnston who recently returned from Victoria after having been burned out about a year ago.

PRINCE GEORGE

The Prince George Athletic Association staged a big vaudeville show a few nights ago in the Princess Theatre. Those taking part in the program were G. Hilton, E. Briscoe, C. Milburn, J. Roberts, F. Perry, P. Quinn, A. Alyers, H. Minton, Miss Irene Jonas, Al. Lindgren, Miss Virginia Johnson, Miss Jeanne Wimbles, Miss Marion Wimbles, Jack Quinn, Fred Somerton, Tommy Carmichael, Alf Holmwood, Billy

Peckham, Jimmy James, Bert Harper, George Rice, Sidney Perry, W. Graham, Wes Mullett, J. Allen, Joe Martin, Buddy Taft, Jackie Ireland, Miss Maude Renwick, Miss Ida Edvall, Orville Andrews and Miss Jean McLeod. The performance was followed by a dance in the Commodore Hall.

Andrew Miller of Mud River has been committed for trial by Stipendiary Magistrate N. P. Moran here on a charge of receiving money from the Caledonia Fire Insurance Co. by false pretences. The charge grew out of a fire which destroyed the Miller dwelling at Mud River in January 1930 when Miller claimed one hundred percent of \$1700 insurance which he carried, representing that the house and its contents had been entirely destroyed. Now it is alleged that most of the contents were removed from the building before it was destroyed.

Harry Bowman, immigration and colonization agent for the Canadian National Railways, is greatly enthused over the success which W. R. R. Low of Telkwa has had in the winter feeding and production of baby beef.

The grand jury at the Supreme Court Assizes here returned no bill in a case in which Harry Bellos was charged with the theft of some pieces of furniture from the Royal Hotel.
