# LINDERGH PAYS \$50,000.00 BUT BABY IS NOT RETURNED

## Kidnappers Fail to Live Up To Promise To Give Child Back

State Police Planning to Trace Bank-Notes with View to Solving Mystery—Believed Abductors Are Afraid to Keep Pledge

HOPEWELL, N.J., April 11:-Fearing that the numbered bank-notes which have been tendered them as ransom for the infant son of Col. and Mrs. Charles A. Lindbergh might lead them into trouble, the kidnappers of the child were reported yesterday to have demanded that payment be made them in gold. Immediately this is done, the child will be returned, the abductors are reported to have promised.

TRENTON, N.J., April 11:-It was officially announced here on Saturday night by the New Jersey state police that ransom money of \$50,000 had been paid over last week by Col. Charles A. Lindbergh to representatives of the kidnappers of his 20-month old son, who disappeared on March 1 from the Lindbergh home at Hopewell, but that

Up to Saturday night the child had not that the kidnappers had failed to Investigation of New York Stock live up to their agreement, it would Exchange Afafirs Starts be necessary for them to enlist the Today aid of the federal authorities in tracing the bank-notes which were

WASHINGTON, April 11:-The Senate banking committee starting today a widespread investigation into all phases of trading activity on the New York Stock Exchange.

Richard Whitney, president of the New York Stock Exchange, has been subpoenaed to appear as the first witness. He has been ordered to bring all information with him and be prepared to answer all questions.

The committee plans that the investigation shall be a most thorough one.

It was revealed on Saturday that President Hoover had been behind the sudden decision of the TARIFF IN committee to start the investigation immediately and that the intention was to forestall a bold short-selling scheme which was to have been sprung in Wall Street this week.

# City Auditor Gives Official Statement Of City's Affairs

Answers Three Important Questions in Regard to Finances-Condemns Bankruptcy Suggestions But Urges Economy Co-operation

(George Rorie, City Auditor)

It has been stated that there is public uneasiness in regard to the city's finacnial situation at the present time, and that it is desirable that a statement be issued showing exactly why any increase in taxes is necessary. It is impossible in a short statement, such as this must necessarily be, to cover all the ground, but I propose to reply to three questions which appear to

1. What is the present position of the city financially?

2. How did it arise, and, 3. What has become of the

the electric light franchise in 1929? In answering these, it will be seen why an increase in taxes is neces-

Present Position of City In the first place, there is no necneed for careful handling of the situation, and this requires co-operation on the part of all citizens. There is no room for selfish intergood of all, and there is absolutely nothing to be gained by hysterical outbursts about bankruptcy and resuffering from what every other municipality in the Dominion more or less enduring, as well as most business houses and indivi-

### CITY'S FINANCES

Today on another page we are publishing a statement but now are available in unlimited ings of evergreens and shrubs platforgiveness. in regard to civic financing which will prove of very great quantity at very reasonable cost. ced in pleasing arrangement in interest to a good many people. All sorts of wild statements There are trees and shubs, vines beds and borders along the lot had been made in regard to the financial condition of the city and this statement will clear up a great many obscuri- of flower for every effect imagina- of shrubbery borders and in bays ties. George Rorie was asked by the Daily News to give ble. this statement to the people so that they might thoroughly Plant vines can climb up along trees for shade and to frame the understand the situation.

It seems very clear from the statement that a policy of with a bit of green foliage. Bring right way of daing this is shown the greatest possible economy must be adhered to and also it seems clear that given an economical administration and over the top. over a period of years there should be no doubt about It is the custom to leave the ced. A living Christmas tree planweathering the storm successfully.

### PARENTS INTERESTED

On Friday of last week a number of parents of pupils in For the utmost in attractiveness comfort and beauty of your street. the schools met under the auspices of the Parent Teachers' Association and asked to have the manual training and domestic science departments continued. It was pointed out that most of the leaders in the campign to cut down on the schools are men who have no children or whose children are not of school age.

All must realize that strict economy is necessary but what must be decided is where the cutting is to be done in order to do the least possible injury. Some people consider spelling more important than domestic science and yet much more harm is done in the world through lack of domestic education than from lack of ability to spell correctly. It is all a matter of relative values.

# Character Is Indicated In Every City Garden

## Good Taste in Garden Planning

Tucked away in the older resi-5.00 dential sections of some of our 10c towns, there are still to be seen charming old places of an age 3.00 gone by. No doubt some of the cld settlers could tell of the circuthat stood sentinel near the gate. These are the marks of an age gone by, for styles change in planting as in everything else.

The new style, as shown in the accompanying sketch, is to plan the lawn with open centre, with mass plantings relegated to the boundary lines. Just as we furnish every portion of the home, just so they plant every part of the grounds to secure the maximum Monday, April 11, 1932 in beauty and enjoyment.

And best of all, we are not har.dicapped today by lack of mater

### Effect of Planting Trees

Prince Rupert is happy in having many ornamental trees native to the townsite which grow freely and are very effective when grown separately. Many people when clearing their lots save the best of the pines, hemlocks, spruces or cedars. Very often nature's planning is better than man's. Trees add much to the beauty of the grounds and to the value of the home.

### GARDEN MORALS

The condition of the Garden indicates the kind of man living in the house.

It's no sin to be hard up, but to ials. There are hundreds of plants open stretch of well-kept lawn indicate it by a slovenly garden which once were rare and costly framed on either side by plant- is an offence for which there is no

AFTER PLANTING

# This Investment is a Necessity!

CTATESMEN, financiers, churchmen and educationists -known from coast-to-coast for their far-sighted leadership-unanimously commend Life Insurance for its principles of thrift and protection. Read the statements of these five outstanding Canadians:

RT. HON. R. B. BENNETT, Prime Minister of Canada: "Life Insurance in these modern days is a necessity, not a luxury. No man with a sense of his responsibilities to his family and organized society should be without Life Insurance."

RT. HON. W. L. MACKENZIE KING, Leader of the Opposition: "In this age, it surely is not necessary to endorse the merits of Life Insurance, not only as a means of protection, but as providing a method of systematic saving as well."

SIR ARTHUR CURRIE, Principal and Vice-Chancellor, McGill University: "Of all the institutions that have to do with the welfare of men and women, there is none equal to Life Insurance."

HON. G. HOWARD FERGUSON, Canadian High Commissioner to Great Britain: "Any business which has as its primary impulse the preservation of the home, the education of children and the care of the aged, must have the admiration of us all. Life Insurance should commend itself to every man of common sense and judgment."

HON. L. A. TASCHEREAU, Premier, Province of Quebec: "Canadians have gradually come to realize that no better protection could be given their families than through Life Insurance.'

When Canada's leaders stress the necessity of Life Insurance, it is wisdom on your part to protect the policies you new own and increase your holdings when possible.

# Life Insurance Service

One of a series of messages sponsored by Life Insurance Companies.

The above pictures illustrate an extreme case showing a back yard of a careless, slovenly person which later was cleaned up and renovated. The difference is very marked. While there are not many like the former picture in Prince Rupert, there are a good many that need attention.

## Fire Under Walk Saturday Night

Spectacular Blaze on Third Avenue Particularly Caused No Damage-Started In Waste Paper

Billows of heavy smoke and flashes of flame issued early Saturday Intants evening from a fire which broke out in the foundation of the creosoted lumber sidewalk on Third Avenue across from the Daily News but, although the fire was rather spectacular and drew a big crowd of spectators, it occasioned no material damage except to scorch the sidewalk foundation. The blaze is believed to have started in waste paper which had been stowed under the sidewalk after being removed from a nearby hoarding. The fire department was called and soon extinguished.

C. P. Ashmore, general manager of the Granby store at Anyox, was a passenger aboard the Catala last evening returning to the smelter town after a business trip to Van

University of Washington Loses in Rowing Meet at Lake Washington Saturday

SEATTLE, April 11:-University of California staged cleancut victories in the varsity and junior varsity events in the intercollegiate rowing meet on Lake Washington here on Saturday afternoon. The visitors were ten lengths ahead in the varsity race and also had a crashing victory in the junior var-

University of Washington won the event for freshmen crews.

### SPORT CHAT

Canada's challenge for the Davis Cup, emblematic of world tennis honors, will rest this year on the shoulders of the quartet which in 1931 met the United States team. Dr. Jack Wright, of Vancouver, Canadian singles champion; Gilbert Nunns of Toronto; Marcel Rainville of Montreal, and Walter Martin of Regina, again will represent the Dominion in the first-round matches against the United States team, tentatively scheduled to be played April 28-30 at the Chevy Chase Club, Washington, D.C.

The hospital list from the south, with the Dodgers leading in this respect, recalls the big part luck plays in a pennant race as far as injuries and accidents are concerned. Connie Mack once said that luck of the game of baseball, as far as the actual playing is concerned. means less than one percent in 154 games. But injuries and accidents ers who are hurt cannot be replaced with rookies.

# BULLS IN

Fourteen Excellent Animals to Be Used For Breeding Purposes

PRINCE GEORGE, April 11:- The first consignment of pure-bred bulls to be loaned to farmers this year! under the Dominion Government cally confirmed the theory that Bull Loaning Policy were distributed throughout the central interior along the Canadian National Railways line last week.

T. G. Stewart, Victoria, who has charge of this policy for the Dominion Government in B.C., shipped in 14 excellent Aberdeen Angus and Shorthorn animals, purchased at the recent Calgary bull sale.

These bulls were placed with farmers' clubs where the farmers agreed to stablish a community breed centre. All stock on these farms are to be of the same breed and type, from which uniform carlots of com-

Three Angus bulls were placed at Engen, three at Endako, one Shorthorn at Prince George, one at Topley, two at Telkwa and four in the Burns Lake district. The Shorthorns were mainly of dual purpose breeding from dams with excellent milk

Two more shipments of bulls for distribution throughout this territory will follow at a later date. It is anticipated that about thirty bulls will be loaned to farmers in the central interior of B.C. by the Dominion Government this year.

# The TRUTH

With so many opinions about bran, it is well to know the facts. Here are the results of laboratory tests with bran:

Bran is a good source of Vitamin B. This vitamin helps tone up the intestines and keep them regular. Bran also supplies "bulk" which further aids intestinal action. The "bulk" in bran is much like the

"bulk" you eat in lettuce or other leafy vegetables. This "bulk" absorbs moisture—like a soft sponge -and gently cleanses the intestines of wastes. Bran also brings the body needed iron for the blood.

A pleasant, safe bran cereal is Kellogg's ALL-BRAN. Millions of people have used it with satisfactory results

over a period of ten years. Two tablespoonfuls daily of this delicious ready-toeat cereal are usually sufficient to prevent and relieve both temporary and recurring constipation. If you

suffer from intestinal trouble not relieved this way, consult your doctor.

24 3 1/2 12 Lang

Kellogg's ALL-BRAN has a wonderful nut-sweet flavor. Enjoy with milk or cream, or use in cooking. Sold by grocers. Made by Kellogg in London, Ontario.

Apart from the governmental system of borrowing, there are only two ways of meeting deficits. The one is to increase revenue, and the other is to cut expenses. Cuts in es- LOCAL WOMAN NEVER timates, salaries and wages have HAS HEADACHES NOW been made for 1932, but these alone cannot meet the case. The other method, namely that of increasing revenue, has therefore also to be adopted and increased taxation is the result.

Disposition of proceeds of Sale of

Electric Light Plant This plant was sold in 1929 to the N. B. C. Power Company Ltd., for \$375,000. At that date there were outstanding debentures against this utility amounting to \$228,000, and under the city's Validation Act of that year it was provided that the city council should not make any disposition of any money received from the power company until a sufficient sum had been set aside to provide for the payment of interest and instalments of principal falling due from year to year on these debentures. After deducting \$3,000, the expenses of transfer

the present financial condition: (1) and sale of the plant, from the pur-Inability of taxpayers to pay their chase price, \$228,000 was set aside and specifically invested for the aforementioned purpose, leaving balance of \$144,000.

First of all let us follow this \$228,-000. In 1929 \$23,000 of it was used to did acting of Lionel Barrymore as pay that year's debt instalments Dr. Holderlin, the father of the and interest, and \$205,000 was in- dead boy. This characterization, vested in Dominion and provincial government bonds, so arranged that \$15,000 of principal would mature each year. These instalments, Tax levy, Gen. & Local Imp. \$314,000 plus the interest received on the 259,000 investments, would yearly meet the ---- annual instalments of the deben-\$55,000 tures as and when they fell due. So far, this is working out as antici-242,000 city holds \$173,000 invested at \$3,-500 of surplus interest together \$ 76,000 making \$176,500 which is \$1,500

of \$144,000—being the surplus from \$375,000 after deducting \$231,000. The council agreed "that city bonds of approximately \$128,000 be purchased therefrom and that \$17,500 be applied towards 1929 revenue. It was also agreed that in future years \$17,500 be applied from this fund each year up to and including 1935, 1931 and thereafter \$10,000 per annum \$62,000 be used to pay off city bonds." The 12,000 wording is that of the minute, and the intention is not clear, and whether succeeding councils would be | bound by it is a matter of opinion. In any event it has not been carthe government, but they had first ried out as I read it. City bonds have been purchased with it to the extent of \$50,000 and \$17,500 has been applied to general revenue for three years, while the balance of \$41,000 has been used for general purposes and treated as a loan to general fund repayable when funds admit. There is no doubt but that it has been cheaper for the city to use this fund rather than borrow no accumulation and there will be no "\$10,000 per annum after 1935

Local woman suffered with headaches so badly that she used to have to go to bed, had been fitted with glasses by different specialists but still her headaches came back.

About two years ago this lady was fitted by G. F. Davey, Registered Optometrist in charge of the Optical Dept. of Max Heilbroner, Jeweler, and just the other day she informed us that she never has headaches now and just feels fine. The glasses which she had been wearing before were causing a mechanical

Glasses being of a mechanical nature the Optometrist has the advantage over others in that important branch of the work.

## SPENDING TO SAVE ... THROUGH

# Advertising

Not many of us, these days, are troubled with so much money that we cannot spend it. But we are interested in spending the money we have, to get the most out of it.

One way—and not a new way, either—is to make a budget. Put down, week by week, the money that comes in. Put down beside it, week by week, the money that goes out. So much for food, so much for clothing, so much for rent. So much for giving, and for luxuries.

# Where Advertising Helps

It won't always be easy, of course, to stay within the budget. That's where advertising helps you. Advertisements in this newspaper tell you how much rugs, butter, breakfast foods, dishes, homes, automobiles will cost, before you go shopping! They point out ways to save money. They show you how to cut a little here, a little there. And each day, they tell about new inventions, new products, new ways of doing things, that help make this life of ours very much worth living!

Let the Daily News Classified Ads. work for you.
