TESTED by every major catastrophe-world war, world - epidemic and world depression - Life Insurance has demonstrated its strength and stability. It has proved a veritable bed-rock of our economic life. It has met every obligation 100 cents on the dollar and met it promptly. It has relieved financial distress, guarded families and homes, proved a sure protection against poverty and want.

Life Insurance companies in Canada have greater holdings of government and municipal bonds than the chartered banks. Their real estate loans are double those of the mortgage loan and trust companies combined. The policyholders' funds exceed the total deposits in banks, trust companies and all government depositories combined. These combined assets make Life Insurance pre-eminently safe and sound.

Life Insurance is reliable because-

It is established upon a sound scientific basis. Income from premiums is sufficient to provide a large margin of safety against all contingencies. No policyholder has ever lost a dollar through the failure of any Life Insurance company, licensed in Canada, to fulfill its obligations promptly and to pay all claims in full.

All Life Insurance companies are subject to continuous government inspection and control. Hold fast to your Life Insurance and add to your holdings whenever possible.

1922-1931, inclusive:-

Her total trade increased 14.75%; her population 17.75%.

Her newsprint tonnage 115%; her mineral production 24%.

The gold output more than doubled, made a record in 1930 and broke it again in 1931.

Steel production grew 23%.

AND THE RESIDENCE OF THE PARTY OF THE PARTY

Hydro-electric power arose 122%.

Life insurance in operation increased 105%.

The employment index arose 11%.

Savings bank deposits 22%, and bank debits 11%.

The true nature of this unlaboured progress of Canada in motion is revealed in the fact that dividends amounting to \$226,351,000 were paid by Canadian corporations in 1931, AN INCREASE OF \$32,500,000 over the average of the six years ending 1930 and \$50,000,000 BETTER than any year previous to 1929.

The basic forces—natural wealth and national character—are moving forward to-day as steadily as they were in 1922, and they will undoubtedly produce by 1942 beyond what men to-day do not even tape or anticipate.

> The men who march forward with Canada must think on their feel and maintain their business momentum, never losing touch with the market; never losing faith in the consumer with whom the della newspaper keeps in constant and intimate contact.

Tuesday, April 19-After prayers House rose at 11 o'clock, the minthe Prime Minister made an exten- ister of labor was under fire reded explanation regarding the mat- garding the matter of immigration ter of the Manitoba Savings office, and deportation. An interesting Piano solo, "Pizzicati," Margaret which was a department of the figure was given by the secretary of provincial government of Manitoba state regarding naturalization paappeal for financial help to the Do- having been granted naturalization ed. The government has been re-Piano solo, "A Curious Story," buked or blamed for refusing this J. C. Parry, auditor for the Cahelp while guaranteeing the banks, nadian National Express Co., arter. It seems, at present, to be a evening from Vancouver. Manitoba. The rest of the day was Piano solo, "Sonata Op. 14," Betty occupied by some four speakers who continued till the hour of adjourn-

Wednesday, April 20-There was Piano solo, "Will O' the Wisp" Op. | much pounding of desks on Wednesday when the House opened as Piano solo, "Sonatina" Op. 20, this was the day the new member for Athabaska was introduced to the House. He was escorted in by the Prime Minister and Mr. Guth-Duet, "Waltz," Strauss, Betty rie, minister of justice, who, each taking an arm, conducted him into the chamber. He has only recently been elected to a seat representing the Athabaska constituency, a seat which was made necessary by the sudden death of Mr. Buckley, Liberal member. While one always likes to congratulate the victor, I could not help a pang of regret passing over me on account of the fact that the late member, who was cut off so suddenly in life, had been my desk mate. In the by-election there were four candidates running for the vacancy, Percy Davis, the new member-elect, being returned on a small margin over the Liberal candidate. The debate on the budget continued, four speakers taking part in this to the hour of six when Morris had arrived from Vancouthe House adjourned for the day, Wednesday being, as it were, a half

> Thursday, April 21-It is interesting to note that every now and again the main gallery is occupied by pupils from some school who are taken there. I suppose, to see for themselves how the affairs of state are conducted and, from a close observation, I would say the proceedings are closely followed by these young people.

Mr. Irvine of the U.F.A. group was the first speaker and delivered a well prepared address, voicing his opinion that a new era was at hand

SPENDING TO SAVE .. THROUGH

Advertising

Not many of us, these days, are troubled with so much money that we cannot spend it. But we are interested in spending the money we have, to get the most out of it.

One way—and not a new way, either—is to make a budget. Put down, week by week, the money that comes in. Put down beside it, week by week, the money that goes out. So much for food, so much for clothing, so much for rent. So much for giving, and for luxuries.

Where Advertising Helps

It won't always be easy, of course, to stay within the budget. That's where advertising helps you. Advertisements in this newspaper tell you how much rugs, butter, breakfast foods, dishes, homes, automobiles will cost, before you go shopping! They point out ways to save money. They show you how to cut a little here, a little there. And each day, they tell about new inventions, new products, new ways of doing things, that help make this life of ours very much worth living!
