Invading Infantry Begins Frontal Attack and Flanking Movement Against Chapei Sector—Hundreds of Chinese Are Killed and Wounded

SHANGHAI, Feb. 20:—Pounded all day Saturday by big Japanese guns, Chinese reserve lines were weakened early Sunday morning in their defence of Chapei as the Japanese infantry began a frontal attack and flanking movement against the front line. There were hundreds of dead and wounded in the Chinese supporting lines after a long artillery bombardment and series of air raids.

LONG CALL ON PHONE

Capt. W. P. Armour Talks to Calgary Radio Announcer and Puts in Request Number

One of the longest and, certainly, one of the most satisfactory long distance calls that has been put through from Prince Rupert since the Northwest Telephone Co. inaugurated its radiophone service out of here was that last evening when Capt. W. P. Armour, manager of the Pacific Salvage Co. here, conversed with the announcer of the popular CFCN radio broadcasting station of Calgary and put in a request to be played for his father-in-law, Mr. Daly of Munson, Alta. Less than one minute after the call had been given central here Capt. Armour was conversing with the Calgary announcer and the voice came in with remarkable clarity. The call was handled through Campbell River and Revelstoke.

DEAN IS SPEAKER

Addresses St. Peter's On Evolution And Religion—Exciting Basketball Game Followed Lecture

Speaking last night in St. Peter's Anglican Church Parish Hall before the Young People's Society of that church, Very Rev. James B. Gibson, dean of St. Andrew's Cathedral gave a very interesting talk to some thirty-five persons on the subject of "Evolution in Relation to Religion."

Following the lecture, the St. Peter's young people had as their guests the Rover Scout junior basketball team consisting of McMeekin, McKinley, McRae, Davis, Wilscroft and Bremner. A game was played in which a team representing St. Peter's and consisting of Birrell, Sather, Woodhouse, Skinner, Viereck and McLean staged a final rally to defeat the visitors by a score of 20 to 16. It was a hard fought game and both teams showed good form. By dint of fast passing and accurate combination and shooting, the Rovers kept ahead until the third quarter when St. Peter's drew level. In grim earnest the game became very fast, each side striving to reach the basket. Viereck proved his ability by finding the hoop twice as a result of which St. Peter's was able to win 20 to 16.

Refreshments were served after the game and music and dancing followed until the proceedings were brought to a close at 11:30 p.m. The speaker for next week will be Rt. Rev. George A. Rix, Bishop of Caledonia.

ANXIETY IS KEEN

Alarm For Safety of Couple Missing in Plane Increases as Time Passes

TELEGRAPH CREEK, Feb. 20:—Anxiety in regard to the safety of Pilot William R. Graham and Mrs. Edna Christofferson of Portland increased last night after another day had passed without any word being received of the couple who are missing on a flight from Hazelton to Atlin, having been last sighted Monday afternoon, the day of the take-off from Hazelton, 100 miles south of Atlin near Nahlin.

The area in which the couple must have come down in their Bellanca plane is in the grip of winter with deep and heavy snow on the ground. The country is also practically devoid of human life and chances of shelter are considered negligible.

Provincial police here are awaiting instructions to institute a search.

CUTS IN CHICAGO

Preparations Being Made to Lop Off Over 2,000 Municipal Employees From Payroll

CHICAGO, Feb. 20:—Mayor Anton J. Cermak has ordered the preparation of a list of 2,429 city employees, including some 600 policemen and firemen, who will be dropped from the municipal payroll. The plan is designed to help in avoiding further financial difficulties for the city.

School teachers, to whom the city owes \$30,000,000 in back pay, are threatening to go on strike unless something is done at once.

HANSON DECLARES B. C. GOVERNMENT INCAPABLE HANDLING RELIEF FUNDS

Backs Other B. C. Members in Urging Appointment of Commissioner to Take Charge of Affairs in This Province With Wide Powers

In a brief but incisive speech in the House of Commons, Olof Hanson arraigned the provincial government for what he designated its incapacity in the handling of relief money and urged that the federal government take charge of its own affairs in British Columbia instead of entrusting them to the Tolmie government. According to the report in Hansard he said:

"As a member from British Columbia I am familiar with the situation in Burnaby. I was there about two weeks ago and could not help seeing that the situation is very serious. But, as my colleague from Vancouver North (Mr. Munn) has said, conditions are the same throughout British Columbia.

"In Prince Rupert the same condition prevails. I have no criticism to offer of the federal government. I think they were sincere last year when they voted money for unemployment relief, but I must agree with other speakers when they say that the money is being misused in British Columbia. If anything I believe this government should be congratulated upon stopping payments to the province of British Columbia, because I think it has been discovered that the British Columbia government is not capable of handling the money. Not only in Burnaby but in Prince Rupert and other places money was spent for the construction of camps while those who actually needed relief could not get work at all.

"Most of the men in Burnaby and nearby places received only 16 days' employment. Sixteen days in the fall of the year is not sufficient to keep a man for the winter, so I think if a man could be sent to British Columbia to take charge of affairs, as has been suggested, it would be a great help to the country at large, to the province of British Columbia and to the municipality."

The speech followed similar addresses in the House from Southern B. C. members who urged that drastic steps be taken immediately to remedy the unemployment situation in the Pacific province by appointing a commissioner with wide powers.

Premier Tolmie Announced Yesterday Afternoon That Forty-Seven M.L.A.'s Favor Getting Down to Business Rather Than Talk

VICTORIA, Feb. 20:—Forty-seven out of the forty-eight members of the Legislature agreed yesterday afternoon to the suggestion of T. D. Pattullo, Leader of the Opposition, to forego the usual protracted debate on the address in reply to the Speech from the Throne, Premier Tolmie announced in the Legislature. Tom Uphill, Labor member for Fernie, was the sole opponent of this move, he adjourning the debate until Monday.

DOES NOT LIKE IT

Olof Hanson, M.P. does not seem to like the way British Columbia is handling federal funds. He has been calling attention to the B. C. unemployment relief situation at Ottawa and asking for vigorous action on the part of the Bennett government.

Both Liberals and Conservatives have been critical of the relief policy and of the manner in which the fund has been administered and Mr. Hanson is simply voicing what seems to be a general protest.

FIGHTING BUT NOT WAR

There probably has never been a case where there was as much fighting as there has been in China without a formal declaration of war. It is an interesting situation and one that is liable to give trouble to the rest of the world unless very carefully handled. The waste in ammunition has already been sufficient to feed all the Canadian unemployed or to construct huge stretches of highway.

Money seems of no account when expended in destruction but, when asked for to put into works of development, the cry of extravagance immediately goes up.

NO TIME FOR PROTRACTED TALK

The action of the leader of the opposition in refusing to waste time of the legislature in protracted debate about nothing in particular will receive general commendation. No one is better able to criticize the administration effectively than T. D. Pattullo but he has suggested that the debate on the address be cut short and that the house get down to business. That is undoubtedly what they are in Victoria for. We have already had too much talk. Let us have some attention to business.

GREAT DISAPPOINTMENT

There has been a good deal of disappointment shown here over the report of the committee on the Peace-Pacific railway outlet. Judging from the report received locally there is a lot of work to be done to show the authorities that this railway is needed. Both Premier Bennett and the leader of the opposition expressed themselves in favor of it when on the hustings. But it is a different thing to talk to the electors than to implement promises. It seems as if the west will have to assert itself more strongly than it has ever done in the past, if anything is to be accomplished.

Sharp Pains in His Heart Nerves in Bad Condition

Mr. Fred J. Chase, Thomson Station, N.S., writes: "I have used Milburn's Heart and Nerve Pills with wonderful results. My heart would beat so fast I would have to sit down when at work chopping in the woods. I had sharp pains in my heart when I would lie down at night. My nerves were also in a very bad condition, but after using two boxes of Milburn's Heart and Nerve Pills I feel just fine, and am fourteen pounds heavier than I have been for years."

MOTIONS OF LIBERAL PRESBYTERY MEETING

Reports on Evangelism and Social Service—Number of Recommendations Made
Great Enthusiasm is Displayed at Party Gathering at Stewart

Pacifism Advocated

Christian Evolution Rather Than Violent Revolution Urged By Clergy Meeting

The report of the evangelism and social service committee, presented yesterday at the closing session of Prince Rupert Presbytery of the United Church of Canada, was a lengthy but interesting document. The report dealt with the topics of evangelism, world peace, economic order and prohibition and temperance. A number of resolutions dealing with these matters were passed.

The report on evangelism had largely to do with the inside work of the church. The spiritual functions of the church were stressed and it was urged that the people be called to spiritual prayer and that responsible persons and officials in the church be called together to consider the responsibility of evangelization of local communities by reclaiming lapsed church members and adherents and gathering of youth into the church for cultivation of a more Christ-like attitude.

Under the matter of world peace, the Presbytery gave its cordial and unqualified support to all movements looking toward disarmament. It was urged that the church as a whole undertake the propagation of pacifism and the renunciation of participation in war as an integral part of Christian life. Opinion was expressed that the time had come when Canada should make a venture of faith in the international field by demobilizing her military and naval forces and putting the maintenance of law and order in the hands of the civil departments. Belief was expressed that the Treaty of Versailles should be revised as soon as possible so as to conform with historical knowledge on the question of war guilt. Opposition was expressed to continued payment of reparations which were held to constitute an attempt by one nation to obtain revenge from another.

Economic Order

Under economic order, the Presbytery expressed the belief that some endeavor should be made to institute organized and national world planning for control of industry, commerce, business and finance. War debts should be cancelled when armaments received proportionate reduction. A form of unemployment insurance to be borne by industry as a whole with government aid in time of crisis was recommended.

Continuation of efforts toward the end of temperance and prohibition were urged.

Under economic order, lack of faith in any system of tariffs as a solution for economic problems was expressed. Continuation of exploitation of natural resources by private interests was protested against. The view was expressed that forces resident within Christianity were of sufficient creative power to bring about widespread social and economic change of revolutionary character without resort to methods of anarchism, class war or violent revolution. The Presbytery commended the action of those bodies of labor who had taken the interests of their numbers to heart and accepted wage cuts and shorter time rather than have their fellowmen put out of employment.

Ask Relief Work

Principle of Direct Relief Scored—H. B. Campbell New President

STEWART, Feb. 17.—A well attended and enthusiastic annual meeting of the Stewart Liberal Association was held on Wednesday last with H. F. Kergin, M.L.A. for Atlin, attending and President W. R. Tooth in the chair. Among important resolutions endorsed by the meeting were the following:

"Resolved that the construction of the trail from Stewart to connect with the Dominion Government Telegraph trail at or about the Ninth Cabin is of vital importance to the growth and development of Stewart and the country to the north and east of Stewart and would be money well spent from a government point of view. The government is urged to take this matter into serious consideration with a view to making an early start on the construction of such a trail, which would provide a winter outlet for the residents of the Telegraph Creek district, saving them many days and some several hundreds of miles travel to reach tide-water, the only present winter route necessitating going by way of Carcross, Yukon Territory. Such a trail would eliminate the necessity of travelling through Alaskan Territory and utilizing Alaskan ports for the transportation of mail and supplies."

"Resolved that the government be urged to actively prosecute the extension of the Bear River Road with a view to its ultimate connection with the Yukon Pacific Highway. In the meantime this road would serve to afford transportation to a rich and undeveloped district, would be part of the trail referred to in the above resolution and would also provide employment to the many men now on direct relief. It is urged that the construction of this road will be a necessity as a base for construction and supplies when the proposed Yukon Pacific Highway is constructed, besides providing the earliest connection to Alaskan soil, and will be of permanent value to the country."

"Resolved that the proposed Highway Commission is inadvisable."

"Resolved that the annual meeting of the Stewart Liberals is unanimously of the opinion that it is in the interests of the Province of British Columbia and of the unemployed in British Columbia to have government work provided for those who are unable to find work through private channels; and that the system of direct relief should be discontinued immediately in favor of useful work at a standard wage, and that copies of this resolution be forwarded to H. F. Kergin M. L. A. and T. D. Pattullo, M. L. A."

Resolutions of local interest dealing with the conditioning of the Premier road, and filling in of bridges on the Stewart-Hyder road were also adopted.

H. F. Kergin M.L.A. Speaker

Mr. Kergin addressed the meeting briefly, referring in warm terms to the valuable services to Liberalism given by Dr. H. A. Whillans and Miss Kate Ryan. He reaffirmed his confidence in the Liberal party led by Mr. Pattullo to cope with the present day problems of the provincial government and predicted that it would not be long before a Liberal government was in office in Victoria. In his remarks Mr. Kergin heavily scored the Conservative administration on unemployment relief, and thanked the meeting for its resolution on the subject.

Questions were invited and Mr. Kergin was able to give valuable information as to the procedure at Victoria and answered several questions on matters of current interest.

The election of officers resulted in the following being elected for the ensuing year:

- Honorary president, Rt. Hon. W. L. Mackenzie King
- Honorary first vice-president, T. D. Pattullo M. L. A.
- Honorary second vice-president, Olof Hanson, M. P. (Skeena)
- Honorary third vice-president, H. F. Kergin, M. L. A.
- President, Howard B. Campbell
- Vice-president, Duncan J. Maclean

Will Receive at Least \$200 Monthly During the Rest of Her Life!

IN November, 1925, M.R., holder of Monthly Income Policies Nos. 152,205 and 127,666 died. Every month since that time his widow has received a cheque for \$200 from The Mutual Life of Canada. During the past six years she has also received more than \$4,400 in excess interest dividends, and will continue to receive these dividends for the next fourteen years.

Her age when the payments started was 53. She will receive monthly cheques for \$200 AS LONG AS SHE LIVES.

If she does not survive to receive 240 payments the balance of this number will be paid to her heirs.

Money placed in a Mutual Life of Canada Monthly Income Policy is well-invested. It provides a steady, substantial income when it is needed most.

The Monthly Income Policy can be combined with the Endowment Plan. This provides for a retirement income for the person insured.

'FATIGUE?'

I just postpone it!"

"No, I don't have 'nerves.' You can't have them, and hold this sort of position. My head used to throb around three o'clock, and certain days, of course, were worse than others.

"Then I learned to rely on Aspirin."

The sure cure for any headache is rest. But sometimes we must postpone it. That's when Aspirin saves the day. Two tablets, and the nagging pain is gone until you are home. And once you are comfortable the pain seldom returns!

Keep Aspirin handy. Don't put it away, or put off taking it. Fighting a headache to finish the day may be heroic, but it is also a little foolish. So is sacrificing a night's sleep because you've an annoying cold, or irritated throat, or grumbling tooth, neuralgia, neuritis. These tablets always relieve. They don't depress the heart, and may be taken freely. That is medical opinion. It is a fact established by the last twenty years of medical practise.

The only caution to be observed is when you are buying Aspirin. Don't take a substitute because it will not act the same. Aspirin is made in Canada.

It's got to be good to be ADVERTISED

READ THE GROCERY ADS TODAY

All the king's horses . . . and all the king's men can't make a success out of a bad product. No amount of advertising will create a market for it. The more it's advertised, the more its defects become known.

A Good Product Well Advertised

grows as swiftly and naturally as a healthy plant. People try it and like it. They tell others. They like it. Soon that product is found everywhere . . . and its name, spread abroad by advertising, is on every tongue.

When you see something widely and consistently advertised, you can be pretty sure it's well worth having. If it weren't . . . if it didn't represent an honest and worthy value . . . the maker couldn't afford to advertise it.

Look Over the Advertisements in this Paper

Some of these names you know. Others, perhaps, are newcomers, all are entitled to your trust . . . all are here because they have potential friends bringing some new comfort or convenience. But something real to contribute to your advantage . . . your service . . . your happiness.

Bring Back Prosperity By Eating More Fish

PRINCE RUPERT PEOPLE URGED TO SUPPORT THE BIGGEST INDUSTRY THE CITY HAS BY KEEPING EVERY FRIDAY A FISH DAY AND USING THE LOCAL PRODUCT OFTEN

Prince Rupert's biggest industry is fishing. A large section of the local people are engaged directly in the industry and all others depend on the success of the fishing to keep their businesses going or to provide their salaries. For that reason it is desirable that as much fish as possible be consumed locally.

Who can help in this? Nearly every person can do something.

FISH BUYERS AND WHOLESALE DEALERS can help by making fish easily accessible to local merchants at the lowest possible price consistent with the price paid to the fishermen.

LOCAL STORE KEEPERS can help by displaying fish in their windows periodically—at least once a week—and including fish in their advertising.

HOTELS AND RESTAURANTS can help by keeping local fish well to the fore in their daily menus.

ALL HOUSEHOLDERS can help by providing a fish meal as often as possible, at least twice a week and by insuring that it be cooked and served in the most appetizing manner possible.

CITIZENS WHO ARE NOT HOUSEHOLDERS can do their part by asking for fish whenever possible and making suggestions as to methods of cooking and serving.

If Prince people lead the way, others will follow. Every pound of fish consumed locally is a help to the fishing fleet on which the city depends.

Fish produced and marketed at Prince Rupert includes Halibut, Salmon, Cod, various varieties of Flat Fish, Crabs, Shrimps, Oolachan, Herring and Kippers.

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other sub-ject of public interest, but let-ters must be brief and to the point. The long-winded cor-respondent has no place in modern journalism.
Every letter must be signed by the writer, not necessarily for publication but as a mat-ter of good faith and courtesy. All unsigned documents go to the waste paper basket. Let-ters of a caustic character must have the signature ap-pended for publication.
Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be al-lowed in the ordinary rules of debate.

BASKETBALL League Wins In Billiards

Spectacular Finishes in Senior and Intermediate Matches

Senior League—Panthers, 31; C. N. R. A., 28.
Intermediate League—Tuxis, 20; High School, 19.
Ladies' League—Amazons, 14; Cardinals, 6.
Junior League—League of Na-tions, 17; Japanese Students, 8.

Exceptionally good play was turned in last night in all the bas-ketball league fixtures at the Audi-torium and there was a large and appreciative crowd on hand to wit-ness them.
The Panthers broke a tie just be-fore the final whistle to defeat the Canadian National Recreation As-sociation in an exciting finish. It was an exceedingly close match throughout.

The Intermediate game was also a fast-moving nip-and-tuck affair. With a minute to go High School was ahead 19 to 18. The Tuxis sank one and went into a 20 to 19 lead. Unger had a great chance to give victory to the High School when he missed a free throw as the whistle sounded.

The Amazons were too strong for the Cardinals, who noticed the ab-sence of Cathie Irvine and Lillian Lowe rather badly, and had a com-paratively easy victory in the Lad-ies' League.

In the Junior League, the League of Nations scored a comparatively easy victory over the leading Ja-panese students.

SPORT CHAT

Yachting events of the Olympic Games to be celebrated in Los An-geles from July 30 to August 14, will be held at Los Angeles-Long Beach Harbor, 40 minutes from Olympic Stadium. The Olympic yacht races will be held from August 5 to 12, in-clusive, and will be participated in by yachts of the international eight-metre class, the interna-tional six-metre class, the international star class and the Olympic mono-type class. The latter class will race over a three-mile course inside the breakwater of the harbor, while the other classes will race over courses outside the breakwater.

The facilities of the California Yacht Club have been placed at the disposal of the yachting committee. These include lounges, dining rooms, lockers and shower bathtubs for the crews and storage space for equipment as well as anchorage for crafts. Thousands of spectators will be able to witness the yacht races from the towering palisades of Point Firmin and from the govern-ment breakwater which extends from that point nearly two miles, to form the outer harbor of the City of Los Angeles.

Final Postponed Game With Hawks Played Last Night and Aggre-gate Score is 993 to 815.

In the final outstanding game from last Monday night's Junior Billiard League fixture between League of Nations and Hawks, Roy Fong last night won for the Hawl's by a score of 200 to 141 over Chris Perry. The outcome of this fix-ture was, therefore, an aggregate score of 993 to 815 in favor of the League of Nations who, as a result, advanced into third place ahead of the Hawks.

The league standing for the sec-ond half of the season to date is as follows:

INTERTOWN BASKETBALL

Local Association Negotiating With Ketchikan, Port Simpson and Anyox—Nothing Defini-tive as Yet

The Prince Rupert Basketball As-sociation is negotiating with Ket-chikan, Port Simpson and Anyox with a view to offering the local hoop fans some inter-town games before the present season closes. As yet, negotiations are by no means completed and it will probably be a few days before anything definite materializes.

CUBS HAVE FINE FIND

BILLY TOWNSEND IS KAYOED BY ED. RAN

NEW YORK, Feb. 20.—Ed-die Ran, the fast Polish boy, knocked out Billy Townsend, Vancouver welterweight, with a lightning drive to the head in the second round of a head-line bout at Madison Square Garden last night before 11,000 spectators. Townsend had pre-viously won a close decision from Ran.

Harry Taylor, Slugging First Base-man Pleases the Rajah

AVALON, Catalina Island, Feb. 20.—Rogers Hornsby, manager of the Chicago Cubs, is convinced that he has a great find in Harry Taylor, slugging first baseman, who was purchased by the Chicago National League Club during the winter from the Seattle Pacific Coast League Club.

"There is a real hitter as well as a fine infielder," said Hornsby yesterday in referring to Taylor following close observation of the rookie during the training cam-paign here.

Interesting New Halibut Regulations—Fishing is Now in Full Swing—Experimental Station Workers Form Colloquium

Interesting indeed were the new regulations of the International Fisheries Commission governing the halibut fisheries of this coast which were announced during the week. The division of the fishing grounds into four areas and the limitation of the annual catch in the two central areas was not a surprising move as it has been mooted for some time. The new regulation whereby opening of the season is to be allowed on January 15 instead of February 15 came unexpectedly to many. This change, however, may not have much effect upon the small vessels of the local fleet many of which would not essay to venture forth much before February 15 no matter what the regulations might be. The new regulations are to go into effect at once and local representatives of the International Fisheries are taking steps with that end in view.

The Indian Department's power cruiser Naskeena, skippered by Constable Jack Watkinson, left on Thursday morning for a brief official trip to Port Simpson, returning to port the next day.

Large quantities of lemon sole are being taken in Skidegate Inlet for local use there, according to word received in the city from the islands.

With the season opening on Monday night of this week, halibut fishing is now on in full swing on the banks, a large proportion of the Prince Rupert fleet having gone out in time to start operations immediately they became legal. Early next week it is expected that landings may commence to gain some volume.

Up to Thursday night some 4300 pounds had been landed by four small boats, the Bacon Fisheries taking all of this. On Wednesday 8c and 6c was paid for the 2,000 pounds catch of the Gibson and 950 pounds from the Teddy, belonging to Isaac Sankey of Port Simpson. On Thursday 8c and 6c was paid for 600 pounds landed by Ole Olsen and 750 pounds brought in by Ed. Sampson of Port Simpson.

The United Church marine mission boat Thomas Crosby arrived in port on Tuesday afternoon of this week from her post down the coast, having on board Rev. (Captain) Bob Scott, who was here to attend the Presbytery meetings held on Wednesday, Thursday and Friday. The Thomas Crosby was moored while here at the floats of the Pacific Salvage Co.

The Pacific Salvage Co. started this week on the work of tearing out part of the coal wharf of Albert & McCaffery preparatory to replacement of the section. About half of the wharf will be renewed, the Salvage Co. having the contract for the work. The power tug Salvage Princess is being used in connection with the job.

A colloquium consisting of the members of the scientific staff of the Prince Rupert Fisheries Experimental Station has been organized and the first of what are planned to be fortnightly meetings took place last night in the new building. At each meeting a paper in some subject of interest will be given by a member of the scientific staff, the paper to be followed by a general discussion and serving of refreshments. Each member of the staff is permitted to bring one

guest, there being about twenty in all present last night. The speaker last evening was O. C. Young whose subject was "Recent Developments in Refrigeration." The chairman was H. N. Brocklesby, acting director. P. A. Sunderland is secretary of the colloquium.

A McKenzie of Digby Island, while trolling for salmon near Digby Island last Monday, unintentionally violated the halibut close season when a big 175-pound "whale" got on his line and, after some difficulty and excitement, was landed. The halibut was brought into town and sold, the first fresh one of the season to be landed.

The Pacific Salvage Co. reports the sale to Pete Laporte of a new type heavily powered gas donkey Easthope stump puller which will be used by the purchaser and his partner in logging operations which are about to be commenced for the Big Bay Lumber Co. Pete has already built his camp and will be ready to start operations very soon. He is working about forty miles from the city.

The Salvage Co. also reports the sale of three small Easthope gas engines for installation by Japanese purchasers in salmon net boats on the Skeena River.

BANQUET IS SUCCESSFUL

Congregation of First Baptist Church Enjoyed Affair

The annual congregational banquet of First Baptist Church was held last evening in the church parlors and was highly successful from every point of view. The ladies of the church and congregation had the tables and rooms prettily decorated and the former were laden with good things to appease the most fastidious appetites.

Mrs. J. D. Thurber was general convener of the committee which had charge of the arrangements. In the absence of Rev. Dr. F. W. Dafeo, who was unavoidably unable to attend, the chair was taken by Ald. P. H. Linzey who welcomed the guests in a brief address.

The following program was presented and enjoyed by all present: Piano solo—Miss Eileen Hamblin. Song—Vic Houston. Recitation—Miss Adelia Thurber. Violin selection—Bert Cameron. Recitation—P. H. Linzey. Song—J. E. Davey. Accompanists—Mrs. Black and W. V. Davies.

All these numbers received encores and the singing of the National Anthem concluded a very pleasant evening.

BUILDING NEW HALL

Edifice Now Going Up Will Be One of Finest in Province

MASSETT, Feb. 20.—The erection of the new community hall of Massett is now in progress under Chief Carpenter Alfred Adams and his assistant, Andrew Yorke. The hall will not only be the largest but also the most beautiful edifice among the natives of Northern British Columbia.

It is not the first hall that the people of Massett have built without outside help; their church, which is supposedly the most beautiful in the villages of British Columbia, was built without the aid of their church or any other outside help.

The carpenters of Massett are noted for their splendid work.

Even in the very earliest days of civilization, they used to build schooners in which they visited even the Oriental countries, and the new generation of Massett proves its supreme rating in this era of civilization by also building new and most excellent boats in spite of all the depression.

Mr. and Mrs. Malcolm Campbell of Prince Rupert have come to the city and will make their home here.—Vancouver Province.

TEETHING makes HIM FUSSY

One of the most important things you can do to make a teething baby comfortable is to see that little bowels do their work of carrying off waste matter promptly and regularly. For this nothing is better than Castoria, a pure vegetable preparation specially made for babies and children. Castoria acts so gently you can give it to young infants to relieve colic. Yet it is always effective, for older children, too. Remember, Castoria contains no harsh drugs, no narcotics—is absolutely harmless. When your baby is fretful with teething or a food upset, give a cleansing dose of Castoria. Be sure you get genuine Castoria with the name: *Charles H. Fletcher*

COMEDY IS EXCELLENT

Buster Keaton, Anita Page and Cliff Edwards Are Stars of Week-End Picture Here

Frozen-faced as ever is Buster Keaton in "Sidewalks of New York," week-end feature offering at the Capitol Theatre here, but he has an exciting series of adventures and comical troubles in playing the part of a millionaire's son who is trying to reform the small boys in a tenement district. During the process he falls in love and also into the disfavor of gangsters. He goes through varied troubles in running a gymnasium and has to try his hand at wrestling and boxing all of which is very funny.

Graceful Anita Page is Keaton's so-consort while the inimitable Cliff Edwards is cast as the comedy valet. Several hundred small boys appear in various parts of the picture which offers plenty of laughable entertainment.

Sea Cadets Hold Monthly Dance

Fifty Young People Present at Enjoyable Affair Last Night at Naval Headquarters

The local Sea Cadets held their monthly dance last night at Royal Canadian Naval Volunteer headquarters. About fifty young people were present and a very happy time was spent in dancing from 9 p.m. until 12:30 midnight. During the proceedings delicious refreshments were served with Mrs. Young in charge. Jack Macfie was master of ceremonies.

Eagles' Dance Very Enjoyable

One Hundred and Fifty Persons Present at Happy Affair Last Night in Aerie Hall

The Eagles' Lodge last night staged in the Aerie Hall another of its very enjoyable social dances. About 150 persons were present and a very happy time was spent from 9:30 p.m. until 2 a.m. dancing to the strains of tunesome music dispensed by Charlie Balagno and his Venetian orchestra.

F. Fitzgerald was a genial master of ceremonies and James Brown presided at the door.

At midnight delicious refreshments were served.

A. E. Parlow, district forester, returned to the city on this morning's train from a trip to the Burns Lake district on official business.

ALICE ARM

Fred Mattson returned to Alice Arm on Thursday after a visit of a few days in Anyox.

Additional snowfalls here during the past week have brought the present level up to between five and six feet.

An enjoyable hard times dance was held Friday evening in the Alice Arm Hotel by the Alice Arm Orchestra. Many of the dancers came in appropriate garb.

STEWART

E. T. Appiethwaite, president, George Hills, vice-president, and P. S. Jack, secretary, of the Stewart Board of Trade, were in conference last Wednesday afternoon with H. F. Kergin, M. L. A. for Atlin, in connection with public works requirements of this district.

Schubert Knipple, son of Mr. and Mrs. Charles Knipple of Stewart, is now a patient at the Alexandria Solarium on Vancouver Island.

VANDERHOOF

The court of revision on assessments of the village municipality of Vanderhoof met last week and allowed a number of reductions in assessments.

A much talked of bridge tournament between the Northside Community Hall Association and the Omineca branch of the Canadian Legion took place at the Canadian Legion Hall here last night with both ladies and men participating in the play.

NEW HAZELTON

At the annual meeting of the local United Church last week A. Irvine, John Newick and Dr. L. B. Wrinch were elected stewards. The pastor, Rev. S. V. H. Redman, presented a very satisfactory and encouraging report covering work of the past year.

Miss Jessie Smith of New Hazelton was married on Wednesday of this week to Harold Gould of Barrett. The ceremony took place at the home of Mr. and Mrs. George Wall in Smithers.

SMITHERS

The Cribbage League here is now operating on a new schedule. In the opening games on Tuesday night the Elks defeated the Canadian National Railways and Native Sons won from Canadian Legion by default.

Smithers citizens have responded generously to the plan of the local hospital board of obtaining small monthly collections from individuals in order to help in tiding over the difficult times. Lieut. Col. Reginald L. Gale is in charge of the collection work.

Bob Dunlop had the misfortune to break his arm on Tuesday morning in a fall while skiing on the DeVoin hill.

A large number of district people, who found transportation in automobiles and sleighs, visited the home of John Hynes at Driftwood Creek last Saturday night when a very enjoyable dance was held.

Frank Dobie has returned to Smithers after an absence of several months in the East.

Miss Mabel McIntyre, R.N., left last week for Vancouver where she will pay a visit with friends.

Bud Carey, former assistant superintendent for the Canadian National Railways here, died last week in Edmonton. He had been running as a conductor when he contracted pneumonia which proved fatal.

Mrs. J. A. Roberts of Seaton arrived here this week to pay a visit with her husband who is a patient in the local hospital.

The death is now presumed of Louis Larsen, resident of the Kispiox valley for several years, who has been missing since December 14 between Hazelton and the ranch of Charles EK, where he resided. The last that was ever seen of him was at Lenhart & Westlund's pole landing two-and-a-half miles up the Skeena River from Hazelton.

The local Ladies of the Royal Purple Lodge has installed officers for the ensuing year as follows: Honored Royal Lady, Mrs. J. W. Turner; associate royal lady, Mrs. H. D. Johnston; loyal lady, Mrs. W. H. Doodson; lecturing lady, Mrs. R. C. Bamford; secretary, Miss Yvonne Agnew; treasurer, Mrs. H. F. Noe; chaplain, Mrs. R. B. Brummit; conductress, Mrs. B. F. Stewart; inner guard, Mrs. Charles Morris; outer guard, Miss Vina Eby; trustees, Miss Muriel Stephenson, Mrs. G. H. Gazeley and Mrs. I. A. Arnold.
