IMPORTANT AMENDMENTS TO SCHOOL ACT AT VICTORIA

Municipal Councils and Rural Schools Have New Tax Power

Measure of Financial Assistance Towards Teachers' Salaries Returns to 1930 Basis—Forty Amendments Made in Hinchliffe Bill

VICTORIA, March 8:—A bill including a list of forty amendments to the Public Schools Act was introduced in the Legislature yesterday by Hon. Joshua Hinchliffe, minister of education. The chief provision of the bill is to place in the hands of municipal councils and rural schools the right to levy additional taxation for school purposes other than on lands and improvements.

POUND STERLING SOARS IN N. YORK

NEW YORK, March 8:—The pound sterling soared seventeen and three-quarter cents on the local foreign exchanges this afternoon to \$3.70 3-4 for cable transfers, this being the highest figure since last fall. The Canadian dollar was quoted at 90c, one-quarter of a cent lower than yesterday's close.

COURT IN SESSION

Judge Young Presides Yesterday For First Time in Three Months; Some New Actions on List

There are three new cases on the County Court list here for the month of March. Seven old cases have been either struck off the list, settled or discontinued. Court was in monthly session yesterday before Judge F. McE. Young, who is back on the bench after an absence of three months on sick leave. Following is the calendar for March:

Herman Freckman vs. Andrew McDonald, \$145.85, Williams, Manson, Brown & Harvey for plaintiff, Patmore & Fulton for defendant, struck off list.

Booth Fisheries Co. vs. Charles M. Edwards and John Postgate, \$130.50, Williams, Manson, Brown & Harvey for plaintiff, defendants in person, March 30.

Central Hotel vs. Don Yelf, \$157.35, Patmore & Fulton for plaintiff, defendant in person, stands.

Gertrude McGrath vs. Charles M. Edwards and John Postgate, \$109.78, Williams, Manson, Brown & Harvey for plaintiff, defendants in person, stands.

Boulbee Ltd. vs. Kaien Motors, \$64.49, Patmore & Fulton for plaintiff, Williams, Manson, Brown & Harvey for defendant, to be discontinued.

Artistic Ad Co. vs. Edwin Clapp et al, \$79.67, Patmore & Fulton for plaintiff, defendants in person, stands.

Jack Morasky vs. Louis Locker, \$397.90, Patmore & Fulton for plaintiff, Williams, Manson, Brown & Harvey for defendant, to be discontinued.

Card of Thanks

Mrs. W. McIver desires to thank her many friends for the kind expressions of sympathy received during her recent bereavement.

FORMER LOCAL LADY PASSES

Mrs. J. H. McMullin of Victoria Died After Short Illness, According to Word Received Today

Word was received in the city this morning of the death at Victoria of Mrs. McMullin, wife of Col. J. H. McMullin, Commissioner of British Columbia police and former government agent here.

Mrs. McMullin had been ill but a short time. She was well known to most Prince Rupert people, she having lived in the city for many years. There will be general regret at the sad news.

Funeral of Sam Morin is Held

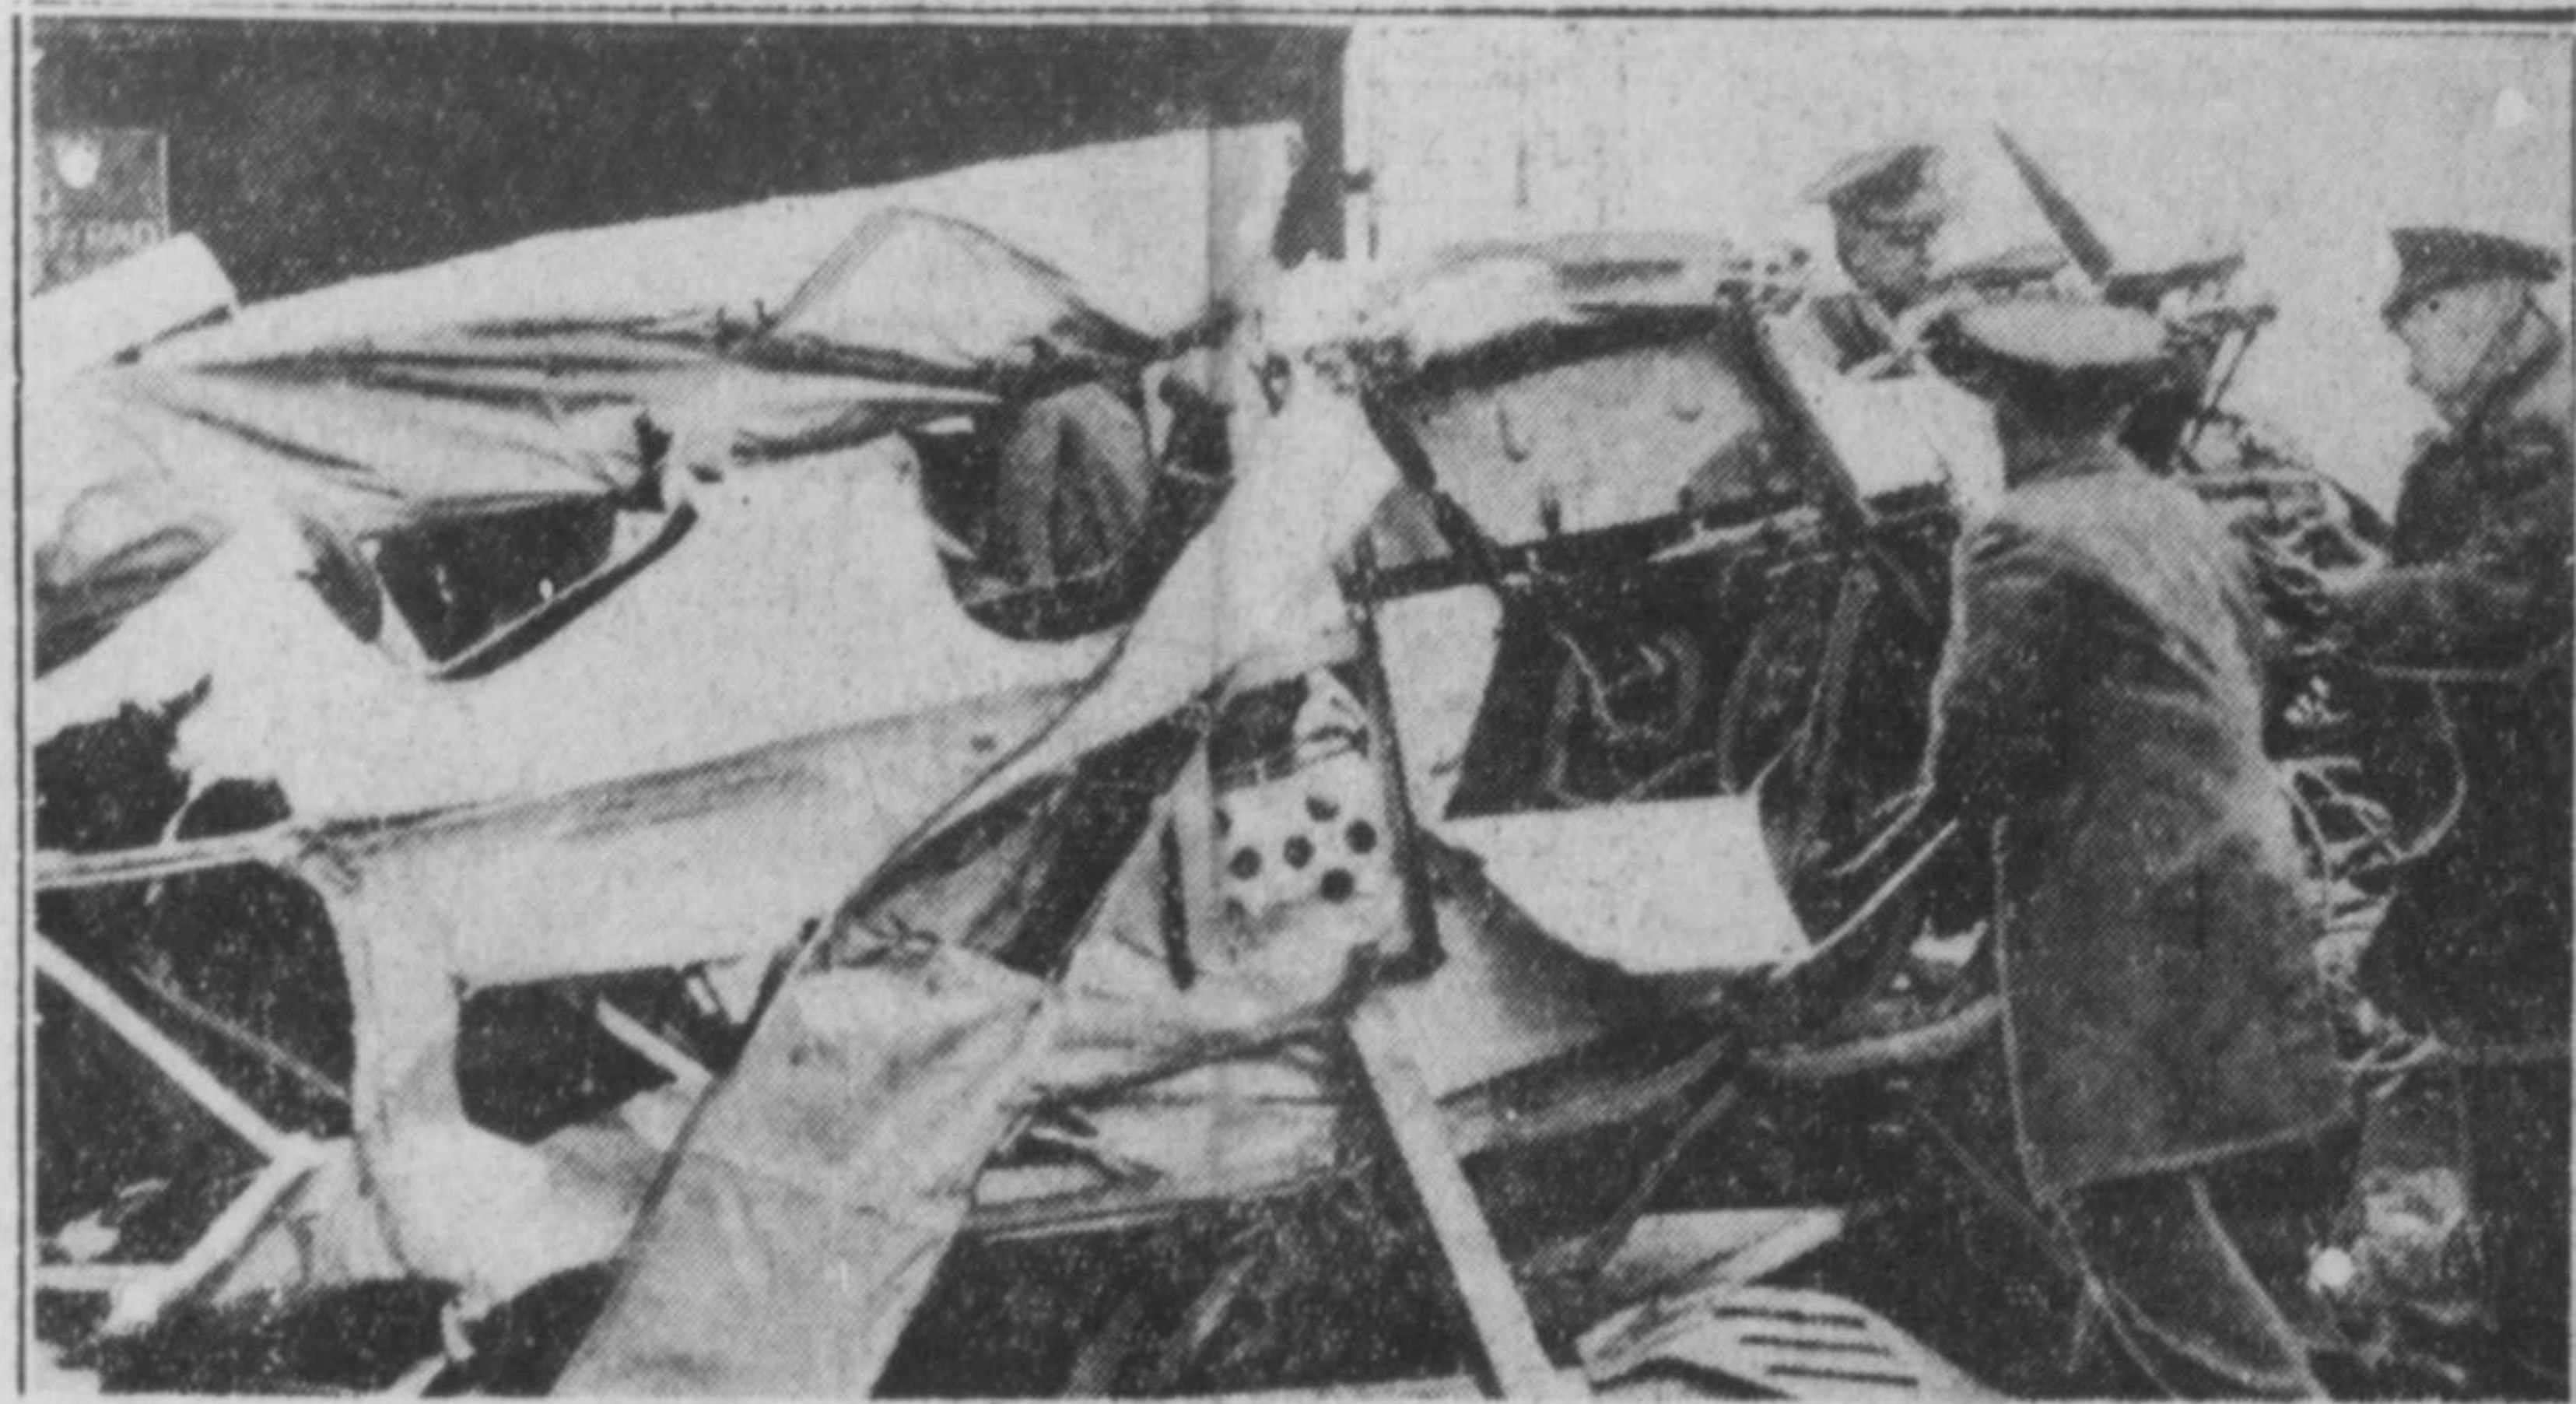

Laid to Rest in Fairview Cemetery Following Service in Chapel of B. C. Undertakers

Funeral service for the late Joseph Anselme (Sam) Morin, whose death occurred last Saturday night in the Prince Rupert General Hospital, took place at 10 o'clock this morning from the chapel of the B. C. Undertakers at Fairview Cemetery with Rev. Father Charles Webb O. M. I. officiating. There were a number of friends of deceased present at the service. Acquaintances of the late Mr. Morin acted as pallbearers.

A memorial service for deceased will be held next week in the Church of the Annunciation.

The Sanskrit alphabet has 50 letters.

Seaplane Taken Up From Bottom of Sea

Brought up from the bottom of the stormy channel, the seaplane which was carried by the ill-fated British submarine M-2 is being dismantled for inspection by experts. Note the damage done to the plane.

RESOLUTION ON SILVER

City Council Adopts Motion Put Forward by Ald. Casey

Small Meeting

Dr. J. T. Mandy and Others Heard in Debate

The city council, in special session last night with a bare quorum, adopted a resolution by A. George B. Casey appealing to the federal government to take the necessary steps towards standardizing the monetary value of silver, the support of principal municipalities of the four western provinces to be sought for the resolution. Passage of the resolution on a majority vote of the five aldermen present was decided upon after a discussion which lasted for about an hour and a-half, the principal speakers being Ald. Casey and Dr. Joseph T. Mandy, resident mining engineer, both of whom spoke strongly in favor of the restoring of the normal value of silver as the principal panacea for the present economic ills of the world.

Mayor Cyril H. Orme was unable to be present at the meeting so Ald. J. H. Pillsbury was voted into the chair. Other aldermen present were G. W. Rudderham, W. J. McCutcheon, G. B. Casey and P. H. Linzey. Ald. Rudderham was the only member to vote against the Casey resolution.

The first speaker of the evening was Ald. Casey, who submitted numerous authorities in support of his contentions in favor of the standardization of silver. Restoring of the value of silver, he contended, would provide money for the people and enormous revenues for the government. Money would be cheapened and the value of all other commodities would be enhanced.

Ald. Casey, while citing other authorities, based his contentions largely on the opinion of J. F. Darling, director of the Midland Bank (England), who prescribed the establishment of a fixed natural ratio between silver and gold as a "natural means of restoring the value of world commodities and the bringing back of universal prosperity." The idea of the whole thing, Ald. Casey explained, was to stir the governments to action at a time when it was necessary that something be done.

Hon. Joshua Hinchliffe

Presents important new school legislation to British Columbia Legislature.

GIVE WORK FOR RELIEF

City Council Agrees on New Policy Proposed By Two Governments

After hearing a letter from P. Walker, deputy provincial secretary, announcing that the provincial and federal governments had agreed upon the principle that, in future, those receiving direct relief would be expected to give work in return for it, the city council, at its special meeting last night, instructed the board of works to put this policy into effect in connection with direct relief here.

The council agreed that work to be required in return for direct relief should be on the basis of the standard rate of wages here. At the present time there are about 173 men receiving relief in the city.

The city engineer, in a tentative report, suggested that, in work to be done for relief, Eighth Avenue grading and water line extensions be given first attention. Under a three months' program, Mr. Good estimated that some \$500 would be required for material, gasoline, skilled help and other contingencies.

ACT IS ABUSED

Administration of Mothers' Pensions in This Province Criticized in Official Report

VICTORIA, March 8—Widespread abuse of the Mothers' Pension Act in British Columbia spreading over a long term of years and involving great waste of public funds through granting of maximum allowances with minimum investigation was reported to the Legislature yesterday in findings of the Canadian Council of Child and Family Welfare.

LINDBERGH HOUSEHOLD IS UNDER SUSPICION

HOPEWELL, N.J., March 8:—Police revealed today that they are still investigating the possibility of some member of the Lindbergh household being involved in the kidnapping of Charles Augustus Jr., 19-month old son of Col. and Mrs. Charles A. Lindbergh. It will be a week this evening since the kidnapping of the child and there is still no clue as to his whereabouts or the nature of the removal.

PROTESTING GRANTS CUT

City Council Acts Upon Suggestion of Mayor A. Wells Gray of New Westminster

On motion of Ald. Rudderham, seconded by Ald. Casey, the city council last night passed a resolution protesting at any reduction in grants to municipalities being made by the provincial government. The matter came up with the reading of a communication from Mayor A. Wells Gray M.L.A. of New Westminster, asking the city to consider its situation should cuts in grants as planned be put into effect by the government.

Ald. Rudderham thought it would be very serious for the municipalities if the projected reductions in grants were put into effect.

VANCOUVER WHEAT

VANCOUVER, March 8:—Wheat was quoted at 65 3/4c on the local exchange today.

New Offensive of Big Proportions Develops in Shanghai Vicinity

Neutral Mediators in Session Today Renewing Efforts to Put an End to Sino-Japanese Conflict—Guns Roar North of City

SHANGHAI, March 8:—Neutral mediators, who had not met for several days, gathered again this afternoon to renew efforts to put an end to the fighting between the Japanese and Chinese in this area. As they met there were reports of a new offensive of a major scale developing along a new battlefront west and northwest of the city.

STEWART HAS EXTREME COLD

Capt. Andrew Johnstone, master of the steamer Caradena, which was in port today southbound to Vancouver, reported exceptionally cold weather at Stewart when the vessel was there last evening. A frigid north wind was sweeping down the river valleys into the head of Portland Canal and the skies were bright and clear. At 11 p.m. Stewart thermometers recorded four below zero which is a good deal colder than usual for March.

PASSING OF MRS. DAFOE

Wife of Pastor of First Baptist Church Succumbs After Two Weeks' Illness

Stricken with a heart attack two weeks ago yesterday afternoon while engaged in work for the church to which she was so devoted, Mrs. Mary Ann (Morrison) Dafoe, wife of Rev. Dr. F. W. Dafoe, pastor of First Baptist Church here, passed away at 4:30 yesterday afternoon at her home on Cotton Street. Since the seizure, her condition had become gradually worse and a few days ago, when it appeared that the end was near, members of the family were summoned to the bedside. One daughter arrived last week while two sons and another daughter came on this morning's train, being unable to reach here before their mother's passing.

Born in 1886 at Kildonan, Manitoba, deceased was married to Dr. Dafoe in 1890. They had eight children—Earl, who lost his life in France during the Great War; Mrs. Miers, of Lethbridge; Mrs. W. Sinclair, of Calgary; Mrs. I. M. Trotter, of Chilliwack; M. Hartley Dafoe, of Pincher Creek; Lorne C. Dafoe, of Vernon; Byron B. Dafoe, of Chilliwack, and Melvin R. Dafoe, of Calgary.

Mrs. Trotter arrived from Chilliwack last week while Mrs. Sinclair of Calgary and two sons, Lorne of Vernon and Melvin of Calgary, arrived on this morning's train.

Mrs. Dafoe arrived here about three years ago with her husband from Chilliwack where they had resided for years. While her residence in Prince Rupert had been comparatively brief, deceased became highly esteemed amid a wide circle of friends, particularly in church circles where she was a devoted and faithful worker. The family will have the heartfelt condolences of many friends in its sad bereavement.

Funeral arrangements, in the hands of the B. C. Undertakers, will be made known later.

RESOLUTION ON RELIEF

Council Receives Message From New Westminster Mayor Regarding Unemployment

At the suggestion of Mayor A. Wells Gray of New Westminster, the city council last night decided to have a resolution drawn up for presentation at the regular meeting next Monday night calling upon the governments to fulfill undertakings in connection with unemployment relief.

It was moved by Ald. Linzey, seconded by Ald. McCutcheon, that the mayor open the negotiations with the governments as suggested. Ald. Casey took exception to this proposal on the grounds that there was too much of a tendency on the part of the council to pass such things as this on to the mayor and moved that a resolution be drawn up in the meantime and presented to the council next Monday for its consideration. This amendment was seconded by Ald. Rudderham and carried with only Ald. Linzey voting against it.

JOHNSON EXPLAINS

Not One Dollar of Unemployment Money Used For Ordinary Purposes, Victoria Hears

VICTORIA, March 8:—Not one dollar received by the provincial government for unemployment relief has been spent for ordinary provincial government purposes, E. D. Johnson, deputy minister of finance, told the unemployment committee of the Legislature yesterday.

NO HALIBUT SOLD AT AUCTION TODAY

Although there was 67,500 pounds of halibut in, there was no sale on the local Fish Exchange this morning, all catches being held over until tomorrow. Boats in were: American—Majestic, 17,000 pounds; Mars, 13,000; Tongass, 10,000; Thor, 3,000; Eureka, 4,000. Canadian—Clipper II, 6,000; Unome, 5,500; Rose Spit, 9,000.

DAILY EDITION Tuesday, March 8, 1932

**MONSIEUR BRIAND**

Monsieur Aristide Briand, one of France's greatest statesmen, died yesterday. He was known as the Apostle of Peace and in 1925 was awarded the Nobel Peace Prize because of his efforts at Locarno.

For as many years as most of us remember, Monsieur Briand has been prominent in French political life. Eleven times he was premier and besides that he held many less prominent positions in French cabinets. He was always to the fore in the formulating of policies. While he was radical in some of his policies, he refused to stand for syndicalism and his prompt action broke the railway strike of 1910 which threatened to develop into a revolution. He placed the railways under military law and ordered the men to the colors, placing them on military railway duty.

Briand's name will be written large in French history, for he was always a man of action and very often his action was along the lines of modern developments.

**IS IT A CHIP?**

Some people are wondering if Russia has a chip on her shoulder and is daring Japan to knock it off. While Japan was engaged in actual warfare Russia was not heard from much, but now that there is possibility of peace between that country and China, Russia intimates that she is ready for a scrap if Japan only makes it seem justifiable.

**NORTHERN LINE HOLDS WELL**

While Southern British Columbia trains were held up for days by floods and slides, the trains on the Canadian National came through regularly and on time. There was one little intermission when a little snow came down the mountain near Kwinitsa but it did not amount to much. What is clear is that the northern railway is subject to even less interruption to traffic than are those in the south.

Evidently the line east from Prince Rupert is well kept and could be used to haul all the grain from the Peace River country without difficulty and with very little interruption.

**WAS GREAT PEACEMAKER**

Aristide Briand Was Co-Author of Famous Kellogg-Briand Pact

**Often Premier**

Formulated French Policies of Disarmament and Economics

Aristide Briand, who died yesterday in Paris, was co-author of the Kellogg-Briand pact outlawing war, a moving spirit in the Locarno treaties which guaranteed the sanctity of the frontiers of Germany, Belgium and France and in 1930 was the originator of a comprehensive scheme for an economic union of Europe.

He formulated the French policies connected with disarmament, always insisting upon safeguards for national security as a prerequisite to reduction in means of defense. At the same time he pleaded constantly for a united French and international will against war and distinguished sharply between defensive and aggressive conflicts.

In his own country he was 11 times premier, 16 times foreign minister, four times minister of the interior, three minister of justice (which carries with it the office of vice-presidency of the French cabinet) and twice minister of education. All told he held posts in 25 cabinets and on March 14, 1931, celebrated a full quarter century of service in official life.

Only one gift, the presidency of the French republic, was denied him by his fellow parliamentarians. Strangely that defeat came after one of his most dramatic triumphs, an endorsement by the chamber of deputies of his foreign policies after they had been under prolonged fire by the nationalist elements of his country.

The vote encouraged Briand's friends to put him forward as a presidential candidate in opposition to Paul Doumer, even though the election was only four days away. He reluctantly consented but on the first ballot, taken by the combined chamber and senate at Versailles on May 13, 1931, Doumer had a comfortable lead and Briand withdrew.

**Dramatic Blow**

Coming on top of the endorsement of Briand policies by those same parliamentarians, this defeat hit Europe with dramatic force. Germany wondered if France had committed herself to a cessation of efforts for a complete Franco-German rapprochement and Italy and England, remembered uneasily their positions as guarantors of the Locarno pact. In Poland, Rumania, Czechoslovakia and Jugoslavia there was a stiffening of nationalist backbones which had begun to feel effects of pressure from central Europe for a revision of the peace treaties.

Briand offered his resignation as foreign minister, but was persuaded to continue in office. League of Nations circles hailed this development with relief as insuring his continued activity in the broad field of international accord in which he had won a pinnacle of his own.

But subsequent developments indicated that Briand was losing his hold on the French imagination. While his premier, Pierre Laval, insisted that the veteran foreign minister's setback at Versailles had no political significance, the prestige of the old warhorse waned.

It was a weary, disappointed, almost heart-broken old man who came back from the 1931 debt conference and on July 30 he was compelled to forego attendance on a cabinet meeting. Prof. Vaquez, a noted heart specialist, was summoned and found Briand suffering from high blood pressure, insomnia and asthma. The prescription was complete rest for at least a month. And the broken veteran motored to Cocherel, his tranquil country home in Normandy.

Aristide Pierre Henri Briand was born at Nantes, Brittany, May 28, 1862, of a Breton father and a Venetian mother. They were of peasant stock but had deserted the land to engage in retail commerce. During his childhood they took over a little saloon in the rough seaside town of St. Nazaire, well known in the United States as the first port of debarkation of the A. E. F.

Thus it was that three sons of tavern keepers—Briand, Gustav Stresemann and Benito Mussolini—were the central figures in post-war European diplomacy for a considerable period, as foreign min-

isters of France, Germany and Italy. The combination was broken by the death of Stresemann and Il Duce's handing over his portfolio in 1929 to Dino Grandi.

Briand graduated in law and started political life by writing for an anarchist newspaper. He switched to less radical views, became associated with Jean Jaures, the socialist leader who was assassinated shortly after the outbreak of the world war in July, 1914, and espoused the cause of labor unions.

In 1894 he distinguished himself at a workmen's congress in Nantes, persuaded the gathering to adopt his ideas and became recognized as a leader of socialists. Thereafter he was a frequent candidate for a seat in parliament but was unsuccessful until 1902.

He broke with the socialists in March, 1906 when he accepted the ministry of education and public worship in the bourgeois cabinet of Sarrien.

Clemenceau, "the tiger," who in later years flew into a rage if Briand was so much as mentioned; Poincare, "savior of the franc," eventually one of the most severe critics of Briand's conciliatory foreign policies; Alexander Millerand, later president and constant swerver toward conservatism, and finally Tardieu, an outright nationalist and rightist, were some of the premiers under whom the internationalist Briand served.

Briand was premier himself for the first time in 1909. In 1910, when a general railway strike threatened, he called all the workers to the colors and then designated them to run the trains. In parliament he hinted that imperial Germany was waiting for that paralyzing strike to spring upon France.

He was premier again in 1913 and the outbreak of the war in 1914 found him vice-president of the cabinet. In 1915 and 1916 he once more was head of the state, organized the Verdun resistance and backed the Salonika expedition, despite bitter criticism.

His star dimmed a bit after the war, and he had some trouble in retaining his seat in parliament but January 1921 saw him back in power as premier and minister of foreign affairs.

**SURVEYS TO BE RESUMED**

Mineral Areas of Central Interior to Be Examined by Federal Government

**HANSON RESPONSIBLE**

Representations of Member For Skeena Meet With Response

SMITHERS, March 8.—Olof Hanson, M.P. for Skeena, has been instrumental in securing the definite promise from the federal department of mines of completing important geological survey work along the Grand Trunk Pacific line of the Canadian National Railways in his constituency.

The proposal is to complete the geological survey and mapping of the area from Endako to Vanarsdol along the railway line, and extending from Francois Lake on the south to Kispiox and the northern end of Babine Lake on the north. In this region there are a number of areas which have been geologically surveyed and mapped in the past. But in between these there are other areas that have not yet received attention. By covering the intervening stretches and then mapping the whole together a most valuable piece of work will be done for the mining industry.

Request for this had been made by the Omineca Branch of the British Columbia Chamber of Mines several years ago. When in Ottawa last year L. S. McGill, manager of the chamber, took up the matter with Hon. W. A. Gordon, minister of mines, and with Dr. George-Hanson of the geological survey branch. The latter carried out geological work at several places in the district in question and is familiar with the situation. Owing to the fact that this work must be planned and carried out over a period of several years it has not yet been found possible to complete it yet. But it has now been definitely promised that it will be taken in hand under the direction of Dr. Geo. Hanson upon his completing work now under his supervision in the Portland Canal region. This will probably take place in the summer of 1932, or possibly 1933.

**Work of Past**

History of the Geological Survey work of the Dominion department of mines in this district dates back to 1876, in which year Dr. George M. Dawson made a geological reconnaissance across British Columbia in the course of which he reached Francois Lake. Again in 1878 Dr. Dawson made another journey across this province, travelling up the Skeena River to the Forks (Hazelton) and by way of Fort Babine and the Peace River Pass to Edmonton. It is a striking feature of his reports that his findings on all points have been confirmed by the more detailed examinations made in more recent years.

W. W. Leach of the geological survey branch worked at different points in the Bulkley Valley and Skeena River sections in the seasons from 1906 to 1910. In the course of his surveys much valuable information was gathered and recorded about the geology and the mineral deposits in the Telkwa Range, the Babine Mountains, on Hudson Bay Mountain, and in the vicinity of Hazelton.

R. G. McConnell paid a brief visit to the section in 1912, travelling from Prince Rupert as far as Aldermere, and made a report on his trip. In 1914 and 1915 further examinations were made and the report

of J. D. McKenzie for the latter year records much of interest. Dr. Victor Dolmage made a report on the copper-silver deposits of the Telkwa Range from examinations in 1915. J. J. O'Neill gathered valuable information in 1917 about the geology and mineral deposits in the vicinity of Hazelton and his report is one of the important ones.

Driftwood Creek section of the Babine Range, close to Smithers and Telkwa, was surveyed topographically in 1923 and geologically by Dr. George Hanson in 1924. The following year Dr. George Hanson and party carried out a geological survey of Hudson Bay Mountain and the area extending from that mountain westward to Usk.

In 1928 a small section near Topley was surveyed and mapped by Dr. George Hanson and T. C. Pheister, and in 1929 another small area at Owen Lake, was examined and reported upon by A. H. Lang.

**To Consolidate Work**

It is to connect up these various areas and to map the whole region as one, that present request is made. The Omineca Branch of the British Columbia Chamber of Mines has enlisted the support of Mr. Hanson as member for the district,

and he has had personal interviews with both the minister and Dr. Geo. Hanson of the geological survey on the subject. The result has been that the task has been definitely allotted to Dr. George Hanson, whose familiarity with the district and past work in it makes him the logical officer to complete it. He will do so on finishing the work on which he has been engaged the past two seasons.

T. W. Brown of Prince Rupert has left for home after having spent the last two weeks visiting in Seattle and Vancouver, Vancouver Province.

**TELL THE PEOPLE**

"Tell 'em quick and tell 'em often. Explain to folks plainly and sincerely what you have to sell. Keep everlastingly coming at them. Advertising is pretty much like shovelling a furnace. Once you stop stoking the fire goes out."—Wm. Wrigley Jr.

Dr. Wood's

**A Severe Cold A Hacking Cough**

Mrs. M. K. MacNid, Iona, N.S., writes:—"I took a severe cold and developed a hacking cough. I kept on neglecting it thinking it would leave me like some previous colds I had, but it got worse. I tried every cough medicine I could think of.

A friend dropped in to see me and advised me to take Dr. Wood's Norway Pine Syrup. I purchased a bottle and before I had finished half of it I was completely relieved."

RESOLUTION ON SILVER (Continued from Page 1)

done for the relief of the people. Dr. Mandy Heard Dr. Mandy explained that a large portion of the mineral wealth of Prince Rupert district was tied up in silver.

The trouble, Dr. Mandy continued, was not overproduction of silver but rather a maldistribution. India and China, for example, were overstocked with silver.

Rudderham Not Satisfied In spite of the explanations of Ald. Casey and Dr. Mandy, Ald. Rudderham was not satisfied that standardization of silver would bring about any such improvement.

Bert Morgan, who was present and asked to speak briefly, thought the illness of the world had gone too far to be cured by a tonic of silver and gold.

Linzey In Favor Ald. P. H. Linzey declared that from what he had heard, he had no doubt that the effect of the resolution would be nothing but good and beneficial for this district.

William Elkins of the C. P. R. office staff is expected to return to the city on the Prince George tomorrow morning from Esquimalt, where he has been taking a naval course.

Mr. and Mrs. Fernand Terrien left on yesterday afternoon's train for Edmonton where they plan on taking up future residence. Mr. Terrien has been for some time a member of Watts' Grocery staff.

PRINCE GEORGE HAS SUB-ZERO WEATHER Arrivals in the city from the interior on this morning's train reported that Prince George had ten below zero weather yesterday with a bitter north wind blowing.

WEATHER REPORT Triple Island—Snowing, strong east northeast wind; sea smooth. Langara Island—Overcast, strong easterly wind; sea rough.

NEGLECTED KIDNEYS Nearly killed her... now you'd never suspect it "I suffered with agonizing Kidney Trouble for years. Had awful Headaches, frequent Dizzy Spells and terrible burning Back Pains."

As he came closer—as he took her in his arms—again she noticed "B.O.!"

# The Man Who Threw Away LOVE

"Let me go," she cried. "I cannot marry you. I never should have promised."

And remember too, harmful germs lurk on things we touch. Our finger prints leave them on food we eat and so they get into our system. Frequent washing in Lifebuoy's rich, anti-septic lather renders germs inactive—keeps us safe.

ANOTHER romance ended—all because of "B.O." Had he only been more careful! Only realized how important it is to guard against "B.O."—body odour.

Our pores are constantly giving off odour-causing waste—a quart daily. Yet we quickly become used to an ever-present odour and don't notice it in ourselves—don't realize how it may be annoying others. For of all unpleasant odours, the one most disliked is "B.O." in somebody else!

### Don't risk offending

A hint of "B.O." may easily ruin our chances with the girl we love—the man we want to impress in business. Don't run this risk—ever. Keep pores clean and deodorized by frequent bathing with Lifebuoy. Its creamy, abundant, penetrating lather goes deep into the pores, purifies them of every trace of unpleasant odour—leaves you gloriously, satisfyingly CLEAN. Lifebuoy's pleasant, extra-clean scent—that vanishes as you rinse—tells you, "Here's an end to 'B.O.' danger."

### Watch complexions freshen

When complexions look dull and cloudy, it's generally because the skin is only half-cleaned. Get rid of pore-deep dirt and impurities with nightly Lifebuoy "facials". Work the pure, bland lather well into the pores; then rinse. See how quickly dull skins freshen and glow with clear healthy radiance.

### Try Lifebuoy Free

If you don't use Lifebuoy and want to try it, send a clipping from this advertisement with your name and address to Lever Brothers Limited, Dept. 54, Toronto, Ont. One full sized cake will be sent you without cost.

## I.O.D.E. HAD BUSY YEAR CRAWFORD AND GABLE

Annual Meeting of Municipal Chapter Held Last Night With Good Attendance

### Mrs. Stuart Regent

Activities of 1931 Reviewed in Annual Report of Honorary Secretary

Municipal Chapter, Imperial Order, Daughters of the Empire, held its regular annual meeting last night in the I.O.D.E. Hall. There was a good attendance of members and some friends. Mrs. D. C. Stuart, First Vice-Regent, occupied the chair.

Reports from Municipal, Queen Mary, Hill Sixty and Adair Carss Chapters were read and showed an encouraging year's work.

Capt. Ruby Steele of the Salvation Army gave an interesting talk on "Loyalty and Faithfulness," and was accorded a vote of thanks on motion of Mrs. Rochester and Mrs. S. V. Cox.

There was a musical program of which Mrs. Ernest Anderson was in charge. Mrs. W. L. Stamford and Mrs. Robert Bartlett rendered piano duets. Mrs. C. E. Cullin and Mrs. H. N. Brocklesby sang vocal solos and Mrs. William Millar played violin solos. Accompanists were Mrs. Cullin, Mrs. J. S. Black and Miss Maizie Macdonald.

Presentation was made by Mrs. J. A. Teng, retiring regent of Adair Carss Chapter, of flag and standard to the newly formed Cambrai Chapter of which Miss Florence Smith is regent.

Presentation was made to the retiring municipal regent, Mrs. John Manson, of a beautiful set of brass vase and candlesticks as a token of appreciation for her faithful services. The presentation was made by Mrs. D. C. Stuart, incoming regent.

Presentations were also made by Mrs. Stuart to Mrs. D. Orchard McLeod and Mrs. H. L. Landry in recognition of their valuable services during many years to Municipal Chapter. Mrs. McLeod for nine years has served as secretary while Mrs. Landry has been treasurer for seven years.

The election of officers resulted as follows:

- Honorary Regent, Mrs. J. C. McLennan.
- Regent, Mrs. D. C. Stuart.
- First Vice-Regent, Mrs. H. B. Rochester.
- Second Vice-President, Miss Florence Smith.
- Secretary, Mrs. J. A. Teng.
- Treasurer, Miss Bessie Letts.
- Educational Secretary, Mrs. Ernest Anderson.
- Echoes Secretary, Mrs. W. C. Aspinall.
- Standard Bearer, Mrs. Cecil Taylor.
- Organizing Secretary, Mrs. D. Orchard McLeod.

Refreshments were served with Mrs. C. J. Norrington in charge.

### Report of Secretary

The report of Mrs. D. Orchard McLeod, Honorary Secretary, reviewing activities of the past year was as follows:

"I again have the pleasure, the privilege and the honor of submitting herewith the annual report of Municipal Chapter I.O.D.E. for the year ending February, 1932.

"During the year nine regular and two special meetings were held. The meetings for the past year have been exceptionally well attended. Minimum attendance was 11 and maximum, 30.

"Under the Canadian Legion, in unison, we attended the Armistice Memorial Service, each chapter placing a wreath on the cenotaph, and also took charge of 'Poppy Day.'

"The regular Empire Day celebration took place May 23, when children from public schools assembled at Capitol Theatre, listened to a musical program and an interesting address given by a local clergyman. A film was also shown for entertainment of children.

"Municipal Chapter raffled a return trip ticket to Vancouver, net proceeds from which amounted to \$110.

"Bursaries and prizes were given to students ranking highest in junior matriculation and entrance classes, amounting to \$110 in cash, also prize books. Educational literature was also supplied to city schools.

"All chapters have a ward in local hospital. These are refurbished and reconditioned from time to time as deemed necessary.

"The I.O.D.E. Girl Guides, and

"Possessed" Is Interesting Story and Acting is Splendid

Joan Crawford and Clark Gable play the leading roles in "Possessed," which is the current feature on the screen of the Capitol Theatre here. The picture is founded on Edgar Selwyn's dramatic old play "The Mirage" and is the story of a poor girl and a rich man or love vs. riches and luxury.

Miss Crawford is as attractive as ever and Gable, just now the male idol of the talking screen, is again fascinating even if he is in a villainous role.

The story is an interesting one and the acting is splendid.

## WILL MARRY AT TERRACE

Miss Donald Honored Prior to Wedding to Robert Corlett

TERRACE, March 8.—An enjoyable social gathering was held at the home of Mrs. Geo. Dover on Wednesday afternoon last when the members of the Anglican Women's Auxiliary met to honor Miss Donald, prior to her marriage this week to Robert Corlett.

During the afternoon Miss Donald was presented with a beautiful silver cake basket in appreciation of many years of faithful service in the work of the auxiliary and of the church.

Felicitations were extended and pleasure expressed at the fact that she was still to be resident in Terrace.

Dainty refreshments were served during the afternoon.

Brownies are keeping up keen interest, and showing an increase in enrolment.

"The chapters this year have expended considerable monies towards needy families, in addition supplied clothing, bedding, fuel and groceries.

"Adair Carss Chapter, with regret, has disbanded. This chapter devoted its efforts principally to the care of Returned Soldiers' Plot in Fairview Cemetery, and erected a total of 31 headstones. This chapter has transferred its work to Queen Mary Chapter, also a savings account of \$254 to help carry on the work of upkeep of the plot.

"With the disbandment of Adair Carss Chapter, which would necessarily bring about the abolition of Municipal Chapter, a new chapter has been formed, named 'Cambrai,' the larger proportion of its membership being formed from an overflow of 'Hill 60' Chapter."

"How do they do it?"  
Among your friends there's sure to be at least one smart young married couple who are the envy and admiration of all who know them.  
With an income that is frankly abbreviated, and with no benevolent Aunts in the offing, they still have a home that is correct and comfortable in all its appointments, a home that is admired and copied by their friends.  
"Yes, Jane is a remarkable little manager," will probably be the young husband's proud answer. And there is little doubt about it.  
THEY DO IT THIS WAY  
Take a look around that home and you will find no end of well known advertised products. For Jane is an efficient little manager. She can't afford to take chances that must only be debited to "Experience." When she buys for her home she must get tried and tested and trusted products which carry an honorable name to guarantee her satisfaction.  
You will find that Jane is a consistent reader of the advertisements. Are you?
