# JUNEAU HALIBUT BOAT IS WRECKED

## LIQUOR CONTROL BOARD CHANGES EFFECTIVE SOON

### Addington Hits Dundas Island Rocks; Crew Is Rescued By Taplow II

Vessel Stranded While Running North Empty After Marketing Catch—Salvage Operations Instituted—Craft Is Reported to Be Uninsured

The four-man halibut boat Addington of Juneau is badly holed and completely submerged at high tide after having run on the rocks yesterday at the north end of Dundas Island, outside of Prince Rupert, while running north to her home port at Juneau after landing a catch of 12,000 pounds of halibut at Prince Rupert on Monday. Word having been sent into Prince Rupert of the plight of the Addington, the provincial salvage vessel Salvage Princess was dispatched late last night to Dundas Island to start salvage operations. After the vessel has been patched and pumped, she will be refloated and taken into the Prince Rupert dry dock.

Capt. Sivert Anderson and other members of the crew of the Addington were rescued soon after the stranding by Capt. C. B. Flewin with his fish packer Taplow II and taken ashore at Port Simpson whence word was sent to Prince Rupert of the stranded vessel's plight. The provincial police cruiser P. M. L. 8, in command of Corp. A. W. Stone, on its way back to Prince Rupert, after searching for Alfred Swanson and Olier Besner, assisted in rescue operations.

The Addington is uninsured. Ole Serold is given as the owner of the vessel.

### Unemployed Man Runs Amok; Camp Helper Is Injured

Johnny Erskine, worker in the cookhouse of the Cloyah Bay relief camp, is in hospital suffering from severe cuts over the eye sustained yesterday at the camp when one of the unemployed men living there ran amok and attempted to wreck the cook-house, hurling dishes indiscriminately and doing other damage. The man, whose mentality is believed to be affected, was taken in charge by the police last night and is now under observation in the city jail.

### Bids For Post On Elementary School Staff

Miss May Delaney, whose position as assistant in the commercial department at the local High School will be abolished at the end of this term under the school board's economy program, had an application before the school board at its meeting last night for appointment to a position on the elementary school staff. Miss Delaney, in addition to her commercial qualifications, holds a first class public school teachers' certificate and has had several years' experience in elementary schools. In addition to this she has special qualifications in music and physical training.

The application was filed for reference in the event of vacancies occurring on the elementary school staff.

### 'JOHNNY' ENGAGED

Two of Britain's Most Famous Flyers Announce Intention of Marrying Soon

LONDON, May 11.—J. A. Mollison, British distance flyer, who recently set a record for the flight between London and Capetown, has announced that he is engaged to marry Britain's foremost airwoman, Miss Amy Johnson. Miss Johnson confirmed the engagement.

The couple met two years ago after Miss Johnson had completed a 15-day solo flight from England to Australia.

Mollison said that he did not intend to allow his impending marriage to Miss Johnson to interfere with a proposed flight to and from New York at the end of June. He plans to take-off from Dublin, remain in New York for a few hours sleep and return to Croydon, England. He hopes to complete the round trip in two and a half days.

Up to now, Mollison has refused his intended wife's request that she accompany him. Capt. Patrick Saul, who accompanied Wing Commander Charles Kingsford-Smith, may go along.

Miss Johnson is the daughter of Mr. and Mrs. Will Johnson of Hull, England, and is a niece of T. H. Johnson, manager of the Canadian Fish & Cold Storage Co. in Prince Rupert.

### MYFANWY ARRIVES

Capt. Swanson and Hans Berquist Return to Port After Having No Exceptional Experiences Despite Alarms

Expressing surprise that any alarms should have been entertained as to their safety, Capt. Alfred Swanson and Hans Berquist arrived in port about 4:30 yesterday afternoon in the power vessel Myfanwy from Kinahan Island unaware of the fact that they were believed to have been lost in Chatham Sound, north of Dundas Island, and that a police search had been instituted for them.

Capt. Berquist, speaking last night, stated that it was true he and Berquist had made a cruise on Sunday aboard the Myfanwy to the vicinity of Zayas Island, on which he has a lease. They lost their dinghy in a storm and were hoisted for a short time with engine trouble. It is believed to have been when the two men were below working on the engine that Capt. C. B. Flewin with the Taplow II came along and, being unable on account of the rough sea to get close enough to ascertain whether or not there was anyone on board, concluded that the vessel must be derelict. It was not long, however, before the Myfanwy was running again and she was back at Kinahan Island, where Capt. Swanson resides, that evening.

In any case, Capt. Swanson and Berquist were unharmed and had no exceptional experience.

### VANCOUVER WHEAT

VANCOUVER, May 11.—Wheat was quoted at 60c on the local exchange today.

### Ostrich Harvest Time

Harvest time on an ostrich farm, and Cloudburst has her feathers clipped. Marjorie Earnest performs while John Bigoe, operator of the Los Angeles farm, holds on. How would you like to chew one of those "drumsticks"?

### Kodiak Island Has Ambitions Of Moving Halibut Centre of Pacific There From This Port

WASHINGTON, May 11.—The rivers and harbors committee of the House of Representatives today referred back to the local engineer a report on the deepening of Kodiak Harbor channel on an appeal by Delegate Wickersham and Representative Carter of California. Wickersham said he did not think the Kodiak people should be asked to contribute \$13,000 because it was a public harbor used by all traffic and they did not have the money.

Representative Carter said he understood Kodiak citizens were seriously considering the building of a cold storage plant in order to make the town the centre of the halibut industry in that vicinity which was now centred at Prince Rupert. "Whenever there is a doubt we should resolve it in favor of these people," Carter said. "Providing it can be done without going into an extravagant or unnecessary program."

### Returned to the City

Provincial Constable Andrew Grant of the city detachment and Constable William Harrison of Cloyah Bay returned to the city on the Prince George this morning from Vancouver after having been south on escort duty.

### WHEAT BONUS TURNED DOWN

OTTAWA, May 11.—Without recorded vote, the House of Commons yesterday defeated a motion to continue the five-cent bonus on export of wheat which was in effect last year. The House also turned down a suggestion that a bonus be based on seeded acreage.

### William Kennedy To Be Sole Commissioner For B. C. Booze Business

Administration Comes Into Force on August 1—Thomson and Baird to Resign—Remuneration of One-Man Board Not Yet Considered

VICTORIA, May 11.—Changes in the administration of the Liquor Control Board of British Columbia will take effect on August 1 when W. F. Kennedy, one of the three commissioners now comprising the board, will take control as sole commissioner, Hon. R. H. Pooley, attorney-general and acting premier, announces. The cabinet has accepted the resignations of H. B. Thomson and W. J. Baird, the other two members of the present board, effective July 31. The remuneration of the one-man board has not yet been considered, it is stated.

### ENROLMENT INCREASED

Total of 1149 Pupils Attending City Schools in April This Year

Enrolment at city schools this April totalled 1149 pupils, according to monthly reports of principals, presented at last night's board meeting. Last year in April school attendance was placed at 1107. High School and Booth School enrolments this year show large increases over last year while at Borden Street, Seal Cove and Westview the enrolments are down.

A summary of April enrolments this year is as follows:

	Boys	Girls	Total
High School	117	134	251
Booth School	263	256	519
Borden Street	151	150	301
Seal Cove	34	20	54
Westview	12	12	24
<b>Total</b>	<b>577</b>	<b>572</b>	<b>1149</b>

Attendance percentages per school were reported as follows: High School, 96.37; Booth School, 96.56; Borden Street, 97.40; Seal Cove, 99.52; Westview, 99.29.

Miss E. Roe reported 313 girls enrolled in the domestic science classes—227 taking home economics and 86 health. Miss Jessie McLennan, director of home economics for the Education Department, had visited the school and held tests. A display of work would be held in June.

In the manual training department Eric Gee, instructor, reported 194 boys enrolled and percentage attendance of 98.61.

Bank savings per school were reported as follows: Booth School, \$40.07; Borden Street, \$26; Seal Cove, \$3.30; Westview, \$3.95.

Mid-term examinations had been held at the High School, the principal reported, with satisfactory results, particularly in Grade 9.

League football and softball were being played. Miss E. A. Mercer, principal of Booth School, reported.

Health was generally good at Borden Street School except for a few heavy colds. Miss S. A. Mills, principal, noted. There was also very little sickness at Westview.

### WEATHER REPORT

Dead Tree Point—Raining, southeast gale; barometer, 29.72; temperature, 42; sea rough.

Triple Island—Cloudy, strong southeast wind; sea moderate.

Langara Island—Raining, moderate easterly wind; light swell.

### IMPROVING OF GROUNDS

School Board Would Have Relief Workers Used in Spreading Sand Over Cinder

At the suggestion of Trustee J. J. Gillis, the board of school trustees decided last night to request the city to use some of the labor now being employed on relief work in making improvements to the surface of some of the school grounds. The grounds were now surfaced with cinders and were full of humps and hollows, being dangerous for the children and hard on their clothes. Trustee Gillis stated. There was plenty of sand easily available and he believed that some of this could be spread to good advantage by relief labor. He moved that the city council be approached with this suggestion. The motion was seconded by Trustee Arthur Brooks-bank and carried.

### Vancouver Coming Here This Evening

Canadian Destroyer Due to Arrive at 6:15 P.M. and Will Remain Until Saturday

H. M. C. S. Vancouver, commanded by Lieut. Commander Hart R. C. N., which is on a cruise north in connection with the conveying of the fur seal herd to the Pribiloff Island breeding grounds, will arrive in port at 6:15 this evening. The vessel, which will moor alongside headquarters of the Royal Canadian Naval Volunteer Reserve, will remain in port until Saturday.

### Halibut Landings

DAILY EDITION

Wednesday, May 11, 1932

**THIS IS THE TIME FOR ACTION**

This is the time when the federal government should prepare for action with a view to providing employment of a substantial nature in Canada for the men who are at present out of work. If the present condition continues the men will not know how to work.

In Russia the workers are being urged to great activity at very low rates of pay in commencing their second five-year plan. Every possible means is brought to bear to enthrone them with the national spirit of activity and they are promised that better living conditions will follow if they continue the good work.

In Canada the opposite condition prevails. We find men being kept in idleness, most of them critical of the government that is feeding them and being left to the tender mercies of propagandists, some of whom urge that revolution is the only cure for the present ills.

As a matter of fact, men do not want to be fed in idleness. They want to work. If they work for 25c a day and their board, they feel that they are being robbed by the government of something that is their just due. They would not be able to provide themselves with suitable clothes and shoes to enable them to carry on, they claim. In fact they intimate that their condition would be no better than that of the galley slaves who were fed and clothed so that they might work but with no prospect ahead of improvement. Instead of accepting the government offer they are continuing to get board and lodging free at the expense of the taxpayers of Prince Rupert and other places, and the taxpayers get nothing in return, not even enough work to pay the cost of the board and lodging.

Summer is coming on and there is little prospect of all the men at the camps securing remunerative employment unless steps are taken by the government to counteract the cutting down they have done. By economizing, the various governments, federal, provincial and city, have thrown men and women on the labor market, thus accentuating what was before a bad condition. No steps have been taken to provide in a large way for the men who, through force of circumstances, have been forced to remain idle. Possibly it was necessary to bring down the cost of living and wages and salaries to a point where this country could compete with other countries before commencing to provide employment of anything like a permanent nature. While Russians are working for a few cents a day and dumping their products in Canada or in the countries to which Canada sells, it is difficult for Canada to pay high wages. Other countries in a lesser degree are doing the same as Russia. This makes it impossible to keep up the standard of living in Canada and the United States. Adjustments are necessary. Wages and salaries have had to be reduced and may have to go even lower yet before Canadian products can be sold in competition with low wage countries.

In view of all these conditions the time seems ripe for the federal government to plan some big operation such as the construction of the Peace River Pacific outlet or the building of the trans-Canada highways where a number of the men at present unemployed could get work at a reasonable rate of pay and the country would get something for the money expended. Such public work would tend to improve general conditions and start the industrial ball rolling. Public confidence would be improved and better conditions would be assured.

**Nerves A Complete Wreck  
Sat Up Half The Night**

Mrs. John Rose, Bark Lake, Ont., writes:—"I was troubled so much with my nerves I was a complete wreck.

I could not do my work, and would have to sit up half the night on account of not being able to sleep.

One day a friend recommended Milburn's Heart and Nerve Pills. I used one box and got relief, and by the time I had taken six boxes I was as well as ever."

Price 50c a box

Sold at all drug and general stores, or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

Because it doesn't pay to advertise poor products,  
It does pay to buy those advertised.

**This Is The Time For Activity In The Garden**

**Annuals, Flowers  
of Economy**

**An Arrangement of Annuals.**

Annuals are the cheapest of all materials for the flower garden. You get more returns for less money out of a packet of annual flower seed than from any other garden investment. They are sure-fire producers and the garden standby for the summer months, particularly for August and September and perennials are few in number which have these months as their blooming season.

Annuals are pre-eminently for out-door sowing, about May 1 in the north.

There are a few annuals that everybody wants. For edging, ageratium is a standby in its dwarf form. For cutting the older species of tall growth, ageratium mexicanum is best, making three feet of well-branched stem with fine length of stem for cutting its lavender blooms, which go so well with many pinks, such as larkspur.

The newer single types of asters and the new Sunshine anemone flowered are more popular for cutting when one becomes acquainted with them even than the older late branching and ostrich plume types, fine as they are. They are well worth a trial.

Calendulas are an indispensable bouquet material in glowing orange. Marigolds give a wealth of bouquet material and bloom until frost cuts them down. Zinnias are everybody's flower, either for masses outdoors or for cutting. The bachelor's buttons or centaureas, ragged and dingy of foliage, are beautiful bouquet material that will grow for anybody. Snap-dragons are now aristocrats among cut flowers and beautiful for beds in the garden—you can get almost any color except blue in snaps now.

Ten weeks' stocks furnish beauty and fragrance in the garden and have fine value for indoor use. The annual galliardias are fine cutting material in red and yellow. Petunias are sure-fire sheets of color for the garden and for window and porch boxes, a most obliging annual in an amazing variety of form and color.

**Twenty Years Ago**

In Prince Rupert

May 11, 1912

Following the refusal of the Bank of Montreal to make further advances to the city, the council has started to reduce salaries of civic employees and curtail municipal undertakings. A large crowd of citizens assembled at the council meeting to hear the city fathers discuss economy measures.

M. Rich denies the report that his firm is relinquishing the contract for excavation of the Grand Trunk Pacific Railway terminals here. The tug "Escort" will be here shortly with two large steam shovels to be used in the work. Mr. Rich stated yesterday.

The first span of the great bridge for the Grand Trunk Pacific Railway across the Skeena River a short distance this side of Hazelton has been completed and all the piers have been finished. Trains will be going across the splendid steel structure about the middle of July, it is expected.

**Tending The Garden**

The recent rains have been welcome to a great many gardeners who took advantage of the previous two weeks or more of fine weather and bright sunshine to get their gardens dug and seeds sown and transplanting completed. More activity than ever is seen in various parts of the city and seedsmen state that more seeds were sold this year than ever before in the history of the city and a great deal of fertilizer has already been used. All this should be beneficial if the people who used the seeds and the fertilizer follow up the good work and cultivate the soil for the rest of the season. The surface of the soil must be stirred occasionally if the plants are to grow freely.

There seems to be a difference of opinion as to when seedlings should be set out. Some gardeners are doing it already but others will hold back for anything from two to three weeks before exposing the tender young plants to the cold winds and heavy rains. As long as they are all planted by June 1 they should give good results. Sometimes late frosts take heavy toll prior to that time.

There are two methods of weeding the garden. One is to let the weeds all grow until they are fairly well advanced and then make a big effort and pull them all out. The other plan is to give a little attention to the beds every day and hoe and rake whenever the ground is sufficiently dry and pull out weeds directly they show themselves. This is the better way and the least like real labor. Gardening with most people should be an enjoyable occupation and never a labor.

**Consider THE HOME PLOT  
AS A UNIT**

The modern idea about home grounds is that every square foot should serve a purpose. Land is expensive, and the time has passed when a home owner was content to use only that portion of his lot upon which his house stood. Today, if he is up-to-date, he considers his home to embrace the entire area of the ground to which he has title, and he develops every part of it to perform a definite function, useful or ornamental.

This idea has resulted in a transformation of the back yard. Formerly it was the most neglected part of the home grounds. A view of even a fine residence section from the alley was far from edifying. Land of great value, and capable of use which would justify its value,

was usually devoted to rubbish heaps, clothes lines and miscellaneous storage. Houses turned their backs to all this, and owners only went into the back yard when wearing their old clothes.

But this has now been changed; and the back yard in the modern home grounds is transformed into a beauty spot, the most inviting part of the home.

**CAMP FOR ALBERTA BOYS**

Announcement has been made of the gift to the Boy Scouts Association of Alberta of a splendid 122-acre camp site on Sylvan Lake as a permanent provincial camp. The donor is the Provincial Commissioner, Hon. Col. J. H. Woods of Calgary.

**New Yellow Annuals to Deck Garden**

Yellow is the most cheerful and brightening color for extensive use in the garden. New yellow annuals are welcome and this year the plant breeders offer two striking novelties which every gardener will want to try sooner or later.

The most remarkable of these is a new nasturtium, Golden Gleam. In addition to its beautiful yellow coloring it is a double nasturtium, or more accurately, semi-double, with the delicious spicy fragrance characteristic of these beautiful annuals. It is the first of a new race of nasturtiums. It comes true from seed and has been tried in gardens of the world before introduction to the trade. Gardeners in Europe, Asia, Australia and South America, as well as in the United States and Canada, made trial plantings last year and from all come words of commendation.

It was shown at the Royal Horticultural show at Chelsea, England, in May and was recommended for trial at Wisley, the national trial gardens of England, where new plants are tested. It received a gold medal at the Atlantic Flower show in September. It is offered this year for the first time.

The second yellow novelty is the new California giant zinnia, Daffodil.

There is still a third novelty in yellow annuals as welcome, although not as strikingly different, as the two foregoing. This is the all-double lemon African marigold. The orange all-double was a novelty last year. The new variety carried the 95 per cent of all double blooms that made the orange all-double so welcome a novelty last year. While the type African produces a majority of all-double flowers, there are a number of single and semi-doubles in each planting that must be removed or spoil the effect of the marigold bed. This new marigold has been subjected to rigid tests.

**NEW CLOTHES  
FOR TILLIE**

Cutouts to Be Published of Wardrobe For Heroine of Funnies

It is expected that some new clothes will arrive tomorrow for Tillie, the heroine of the funnies. Illustrations of these will be published just as soon as she gets them, probably tomorrow. They will be printed in such a way that they can be cut out of the paper and pasted on cardboard and Tillie can then be dressed up.

Young people who have been interested in Tillie and her doings will get a lot of fun from cutting out these pictures, dressing up their heroine and seeing how she looks in real up to the moment clothes direct from Paris.

**Scouts Again Avert Panic**

Cool and prompt action by Boy Scouts in directing a large crowd to safety probably averted a panic at the City Auditorium, Atlanta, Ga., when fire broke out during a benefit performance in which a large number of children were taking part. The children were marshalled out the stage exits and the audience directed through the main doors.

R. G. Johnston, manager of Inverness cannery, came north on the Prince George this morning from Ocean Falls enroute to the Skeena River. He has been on a brief trip to Rivers Inlet on cannery business.

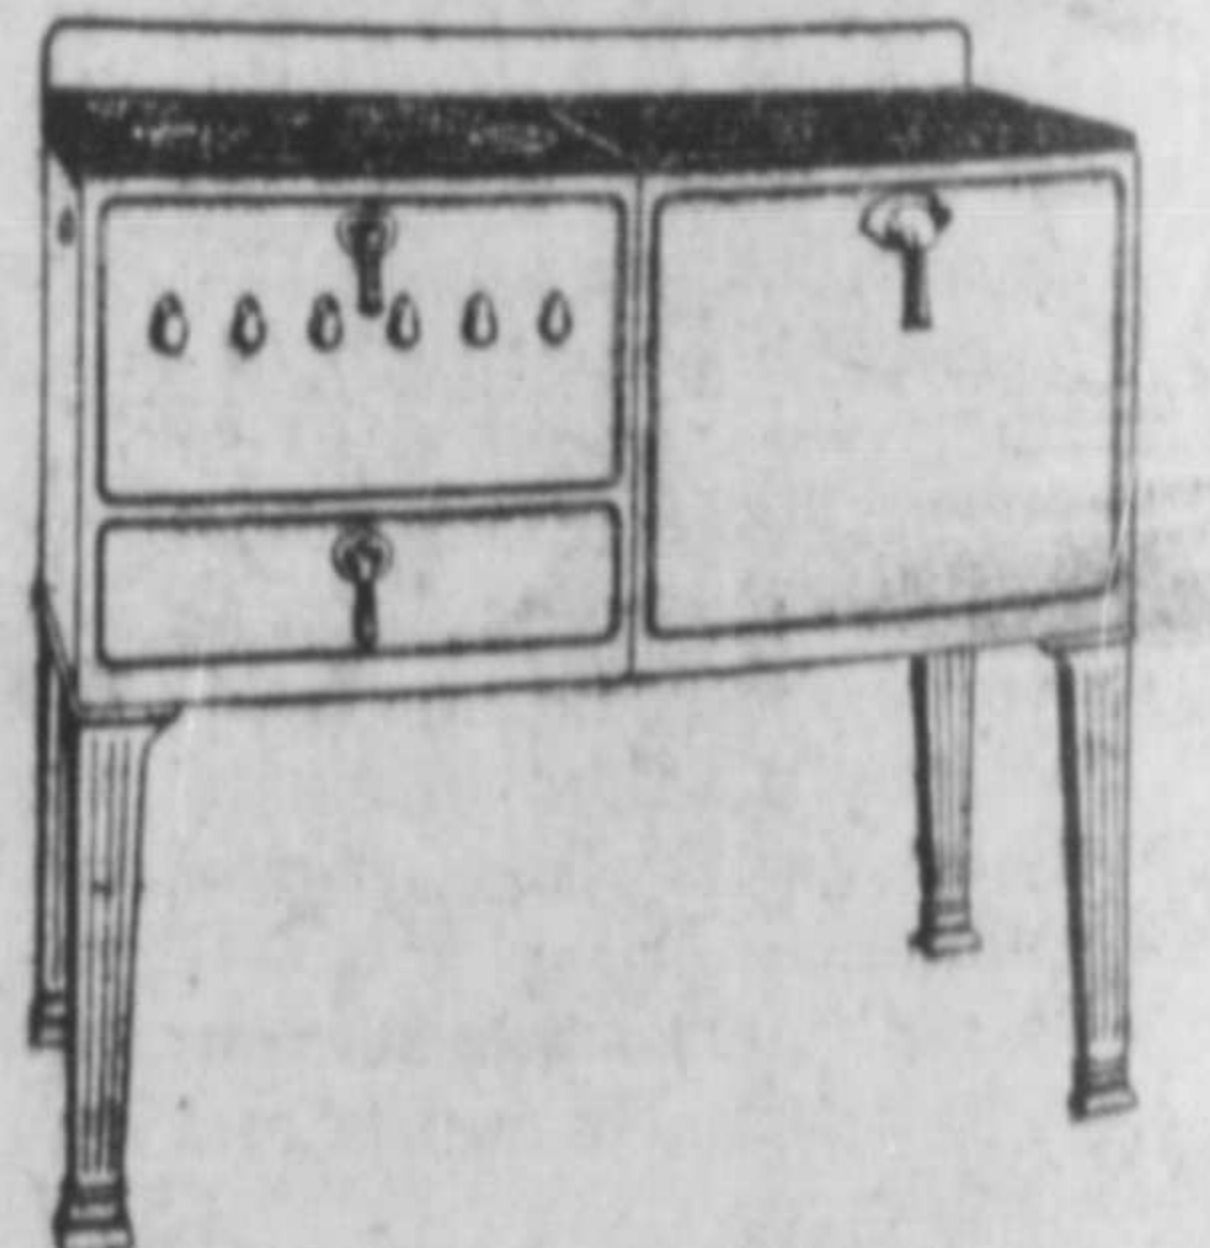

**The Year's  
BEST BUY  
... an  
ELECTRIC  
RANGE**

**for only \$137.50 cash**  
Installed  
slightly more on deferred payments.

Here is a sensational value... an all porcelain enamelled Electric Range priced to fit 1932 budgets. Take this easy way away from cook-stove drudgery. Have a cool clean kitchen with perfect even cooking heat at the snap of a switch. Cook better meats with far less trouble; without waste and with all nourishment values retained. Nothing underdone. Nothing burnt to a crisp. Economy in your housekeeping bills. Less time spent in the kitchen. This is the story with electric cooking. Make it YOUR story.

Remember this sensational price holds only during Sale and it includes installation of range in your home, ready to use.

# Digestive Disorders

From experience, many pleased Mothers strongly advise giving children **BABY'S OWN TABLETS**

"My little girl was irritable, feverish and sometimes sick in her stomach. . . . After giving her what a relief it was, after giving her Baby's Own Tablets, to see how much better she was," writes Mrs. James Halligan, Fenelon Falls, Ontario.  
 "My baby had stomach trouble and I was nearly frantic until the woman next door gave me some Baby's Own Tablets, and they made her quite well."  
 "My baby has no more gas, fevers or digestive trouble since I have known about Baby's Own Tablets," states

Mrs. Herman Belcher, Arnprior, Ontario.  
 "I think Baby's Own Tablets are wonderful. My baby has no more colic pains," says Mrs. Allan MacDonald, Northfield, Ontario.  
 No need for YOUR child to suffer. Baby's Own Tablets can be given with absolute safety—see certificate in each 25-cent package. They're recommended by Mothers for teething troubles, upset stomach, indigestion, colic pains, simple fevers, constipation. *More than 1,250,000 packages sold in 1931.*

MADE IN CANADA 25c

M. A. Burbank, divisional engineer for the Canadian National Railways, left on this afternoon's train for one of his periodical trips up the line as far as Prince George on official duties.

After having remained ashore in Vancouver for one voyage on which he was relieved by Purser A. H. Robson, Purser J. A. Crawford has returned to his duties on board the steamer Prince George on its present trip north.

Reference was made at last night's school board meeting to the flag pole on the cupola of King Edward High School which cannot be used owing to hazard involved in doing so. Suggestion was made that a new flagpole be erected on the school grounds but it was finally decided to leave the matter in the hands of the chairman and Trustee J. J. Gillis with power to act

D. H. Hartness, principal of the King Edward High School, mentioned at last night's meeting of the school board that the work at his school had been somewhat handicapped by the illness of Miss Lucas, French teacher, who was suffering from quincy and had been away from school for a week, with the expectation of being away another week. Special efforts will be made to catch up the work after Miss Lucas' return to duty. It was explained that there was difficulty in obtaining a suitable substitute.

H. Mueller of Premier is paying a brief visit to the city, having arrived in town from the northern mining town on the Catala yesterday.

The board of school trustees, at its regular monthly meeting last night, passed for payment the payroll for the month of April amounting to \$6806.84 as well as accounts totalling \$375.23.

The school board, at its regular monthly meeting last night, heard a letter from Dr. S. J. Willis, superintendent of education, explaining that provision had been made to pay over to the board the usual government grant towards salaries of substitute teachers.

C.N.R. steamer Prince George, Capt. H. E. Neden, arrived in port at 11 o'clock this morning from Vancouver, Powell River and Ocean Falls and will sail at 4 o'clock this afternoon for Anyox, Stewart and other northern points whence she will return here tomorrow evening southbound.

The regular monthly meeting of the board of school trustees was held last night in the city council chamber. Those present were: W. J. Greer, chairman; Arthur Brooksbank, D. C. Schubert, W. O. Fulton, and J. J. Gillis, trustees; J. O. Williamson, secretary; Miss E. A. Mercer, Miss S. A. Mills, D. H. Hartness, Miss Margaret Palmer and Miss J. D. Moffat, principals, Miss E. Roe, domestic science instructor and Eric Gee, manual training instructor.

# Real relief from CONSTIPATION

WHENEVER digestive distress follows meal-time, you can suspect an acid condition. Acidity affects the appetite. What food you do eat sours in the stomach. The tongue becomes coated. The breath is bad. Sick headaches become frequent. You are constipated. These are danger signals which should never go unheeded. Your system is fairly shouting its need of help; something to help remove the acid waste and restore alkaline balance. An anti-acid to offset the effect of too rich a diet, nervousness, excitement, etc. Men and women who meet this need promptly with Phillips' Milk of Magnesia do not suffer. They eat well, and their food doesn't ferment in the stomach. Every trace of over-acidity soon disappears. All sour gas is dispelled. Stomach, liver and bowels have a better chance to function. If there is the least hint of too much acid, just take a spoonful of Phillips' Milk of Magnesia today, and for several days. Feel this sweeten your stomach. Note how appetite improves. And elimination. You will wonder how anything so pleasant-tasting can be so promptly effective. 50c bottles at drug stores everywhere in the dominion. Phillips' Dental Magnesia Tooth-paste guards against acid-mouth; keeps gums firm and teeth pearly white. (Made in Canada.)

## SHUT-OUT VICTORIES

Three Big League Games Won This Way Yesterday—Cubs Increase National League Lead

NEW YORK, May 11.—New York Yankees routed the St. Louis Browns yesterday to creep up to within two and a half games of the idle Washington Senators for the leadership of the American League. The Browns fell back into sixth place behind the Philadelphia Athletics who were blanking the Chicago White Sox. Detroit Tigers improved their grasp on third place by ignominiously defeating the long suffering Boston Red Sox.

The Phillies defeated the Cincinnati Reds by the shut-out route and regained third place in the National League. The Chicago Cubs increased their margin of leadership to two and a half games by virtue of a decisive victory over the New York Giants who dropped into sixth place below the St. Louis Cardinals.

Yesterday's scores:

American League	
W.	L.
Detroit 11	Boston 0
Chicago 0	Philadelphia 9
St. Louis 3	New York 10
National League	
W.	L.
Philadelphia 4	Cincinnati 0
New York 2	Chicago 9

## Softball Game By Sailor Boys

H. M. C. S. Vancouver and Local R. C. N. V. R. to Compete on Thursday Evening

As part of the program in connection with the visit here for the next three days of H. M. C. S. Vancouver a softball game has been arranged to take place on the Canadian National Recreational Association's grounds tomorrow evening between a nine from the destroyer and a team representing the local unit of the Royal Canadian Naval Volunteer Reserve.

### MERCHANTS LINE-UP

Merchants line-up for Thursday night's senior football game is announced as follows:

Menzies; Douglas and Hardy; G. Mitchell, J. McKay and Geo. Hill; L. Amor, H. Dickens, A. Dickens, Fong and Gilker; reserves, D. Frizell, P. Vaucher and W. Bacon.

## Graceful Jumper

A picture to delight the eye of every hunter is the orange and white pointer, Iodine Pep, shown hurdling a fence during recent field trials at Medford, N.J. The peppy pup is owned by C. Easman of Montclair, N.J.

## SPORT NOTES

Canadian athletes have their fans even in the remote parts of Africa. A picture of a dog jumping a fence is shown. The dog is a pointer named Iodine Pep, owned by C. Easman of Montclair, N.J.

Albert 'Frenchy' Belanger, play-boy of Toronto boxing rings and former flyweight champion of the world, is to attempt a comeback, this time as a bantamweight. Within two weeks, the baby-eyed little Frenchman, once one of the greatest fighters in the world, will meet an opponent in a Toronto ring. The story of Frenchy's decline as a fighter has many parallels. Belanger fought many a good fight, but the bright lights eventually got him. Finally, Frenchy decided it wasn't worth the "rap." He disappeared from his usual haunts and headed north. In the land where the wind whistles through the pines, he toiled mightily. For six months he had chopped wood, helped build roads and labored hard. Now a little heavier, but this time with muscle, his face burned to bronze with the sun, and snow and wind, Frenchy is back in Toronto. He haunts a gymnasium day after day, and works. It is serious business now with Frenchy, for the comeback trail is a long one.

## Baseball Schedule Will Be Revised

Intermediate League Being Frozen Off Acropolis Hill Because of Senior Activities

Owing to the Senior League football game being on, the scheduled Intermediate League baseball game could not be played last night. A meeting of the Prince Rupert Baseball Association executive is called for tonight when the whole Intermediate League situation will be gone into. It is likely that the schedule will be re-arranged as there is already more than one game postponed.

June 14—Dry Dock vs. R.C.N.V.R.

### SOFTBALL POSTPONED

The regular C. N. R. A. softball game between Station and Dry Dock, scheduled for last night, was postponed on account of rain and wet grounds.

## DRAW GAME OF SOCCER

Canadian Legion and Home Oil Played to One All Score in City League Fixture

## Youngsters Do Well

Cold and Wet Weather Did Not Make For Good Attendance—Clean, Fast Game

In the second game of the Senior League football season last night, Canadian Legion played to a one-all draw. It was a good, clean match and was fast and interesting at all stages. Young players on both teams showed promise and, although lacking somewhat in combination and experience at the present time, a few games will undoubtedly do much towards rounding them into good form.

Fifteen minutes on in the first half, Woodside, for Home Oil handled the ball in the penalty area and Johnny Murray took the kick. Johnson Smith saved. Immediately after, Murray followed in again and once more Smith saved. Home Oil then took the ball up to the other end. While Johnny Currie had the ball in play for Home Oil, Gomez, Canadian Legion full back, deflected it into his own goal. Spiro Gurvich, Legion goalie, was able to touch the ball but could not hold it and the sphere rolled in for a Home Oil goal. There was no further scoring in the first half which ended one to nil for Home Oil.

Five minutes after play resumed for the second half, Canadian Legion equalized through Parks. Johnson Smith, Home Oil goalie, advanced from goal to save a shot from Johnny Murray and pushed the ball out but left an empty goal at which Parks had no hesitation in successfully shooting.

Both goalies gave good service and, while they were not tested on numerous occasions, each made several difficult saves. Gomez played a good game at full-back for Canadian Legion while Sam Currie, at centre half, worked hard and proved a steady influence for the rest of the team. Johnny Murray was the pick of the forward line.

For Home Oil, Webster, the captain, played a hard game and, like Currie for the Legion, proved a steady influence for the side. The younger players, of which the Home Oil team is largely comprised, are deserving of special mention. For a number of these it was the first appearance in senior company and they acquitted themselves with credit, promising to show much improvement as the season advances.

Both teams were late in appearing on the grounds and, as a consequence, only 35 minutes could be played instead of forty-five. Team managements would do well to see that their players turn out on time and thus prevent impatience on the part of the fans and permit of the full game being played.

J. A. Johnstone again gave satisfactory service as referee last night. The teams were as follows:

Canadian Legion—Spiro Gurvich; G. Ferguson and Gomez; Jimmy Greer, S. Currie and Jack Mowatt; Tony Bussanich, J. K. Murray, C. Baple, B. Hestad and H. Parkes.

Home Oil—Smith; P. Murray, B. Murray, Davis, Webster, Howe, Palmer, Currie, Gomez, Nakamoto Fisher.

The evening was wet and cold and, as could be expected, there was only a fair-sized crowd of fans.

The Mobley Cup (city championship) standing to date is as follows:

W.	D.	L.	P.	A.	P.	
Resident	1	0	0	1	0	2
Home Oil	0	1	0	1	1	1
Legion	0	1	0	1	1	1
Merchants	0	0	1	0	1	0

## GYMNASIUM IS REVIVED

Gyro Club Moves For Conference—Prince Rupert Singers Concert to Be Repeated

The Gyro Club, at its regular monthly business luncheon yesterday, decided to call a conference in the near future of those organizations in the city which have funds in trust towards the establishment of a public gymnasium here with a view to discussing the possibility of some disposition being made of these funds this year. It was suggested that it might be possible to proceed with some recreational facility in the city, even if it should be along smaller lines than at first planned. The feeling was expressed that there was little object in leaving these funds idle at such a time

as this when there was real need along these lines.

The club decided to accept an offer of the Prince Rupert Singers to repeat their concert recently staged in the Capitol Theatre at First United Church and May 30 was set as the date for the repeat concert. It is hoped that, by means of the

second concert, a slight of the first will be counteracted. H. N. Brocklesby was member of the club. The affile was won by Norman William Cruickshank of the club, was in the there was a large attendance of members.

## TIMES HARD IN QUEBEC

Large Number of Fishermen Appealing to Government For Aid

QUEBEC, May 10.—The stern, silent but usually contented fishermen who live for the most part in picturesque old houses on the Gaspe coast have been hard hit by the current economic depression, according to a recent statement by F. M. Gibaut, Quebec provincial superintendent of fisheries. The men who fish in summer and "lumber" in the winter are in increasing numbers turning to the government for aid, the statement said.

The value of the Quebec fisheries has been steadily declining since 1928, Mr. Gibaut pointed out, while the same industry in the provinces of British Columbia and New Brunswick has shown a "tremendous" increase. The value of Quebec fisheries in 1930 was \$2,503,998 as compared with \$2,933,339 in 1929. "A few facts will dissipate the perhaps general impression that the industry could or should have increased proportionately to that of British Columbia and New Brunswick," the statement declared.

Pointing to the "increasing and important value" of salmon and halibut fisheries in the western province, Mr. Gibaut writes, "we have neither salmon nor halibut—at least to any commercial extent—in Quebec and that is all there is to it." Lobsters were one of the most important items on the New Brunswick fish bill and while "we have some lobsters in Quebec the catch is small and steadily falling," the superintendent says. The salmon catch—another important source of revenue for New Brunswick fishermen—had been overworked in Quebec, the superintendent felt, while smelts, sardines and oysters were not obtainable from Quebec waters.

The fact that fishermen are more and more turning to farming and lumbering was largely responsible for the situation. "We must also bear in mind," Mr. Gibaut says, "that of all callings that of fisherman is perhaps the hardest. No one who can earn the same amount of money elsewhere will choose fishing to gain a living. Also we must not lose sight of the fact that the fishing season in the province of Quebec lasts only five months at the outside." However, the statement says, the expenditure of more than nine million dollars on railways and highways in the fishing sections of the province are responsible for "the greatly improved living conditions of fishermen today when compared to those of 30 years ago."

## PICTURE OF CHINATOWN

Tong Warfare in San Francisco Featured in "The Hatchet Man" At Capitol Theatre

"The Hatchet Man," mid-week feature on the screen of the Capitol Theatre here, is a picture of tong warfare in San Francisco's famous Chinatown. Edward G. Robinson, who will be remembered as the hard-boiled city editor in "Five Star Final," goes Oriental in this picture and gives a very interesting characterization of a Chinaman who is a paid slayer of the underworld gang, a position which, by the way, is hereditary.

Loretta Young plays the part of a young Chinese girl and her make-up is remarkably good. Dudley Digges, who began his career with the famous Abbey Theatre of London and later became the leading character actor of the New York Theatre Guild Company, is also a prominent member of the cast.

The film is unique in many ways and makes good melodrama. Several of the scenes are rather gruesome but tensely exciting.

For the weekly revival feature tonight George Arliss' fine comedy "The Millionaire" is being offered in addition to the regular program including "The Hatchet Man."

### MOUNT BADEN-POWELL

One of the many unique honors conferred upon Lord Baden-Powell was the naming after him by the United States Geographical Board of a mountain in Washington, and the Board's statement: "We are more than pleased to name this American mountain in honor of Lord Baden-Powell, who, because of his splendid achievements in giving to the world a movement for the youth of all lands, may well be considered a world citizen."

Mr. and Mrs. Barney Colbachini of Terrace arrived in the city from the interior on yesterday's train for a brief visit to town.

## District News STEWART

A coroner's jury, which investigated the death of Robert Law, well known district prospector, whose body was found recently under a tree three-quarters of a mile from the Salmon Gold cabin, returned a verdict on Thursday of last week that deceased came to his death between Summit Lake and Tide Lake within ten to fifteen days after he left his cabin at Bowser Lake on February 19 last, death being caused by exposure and exhaustion while attempting to make a journey from Bowser Lake to Stewart. The funeral was held on Friday afternoon under the auspices of the Canadian Legion with Rev. Father E. M. Lery O. M. I. officiating.

Mrs. Minnie Hansen returned to Stewart last Thursday from Seattle where she had flown the week-end previous from Stewart in a Ketchikan airplane. She thoroughly enjoyed the trip by air even if weather conditions might not have been all that could be desired.

The following officers of the local Moose Lodge were installed last Thursday evening: past dictator, H. B. Campbell; dictator, E. D. Hadson; vice-dictator, D. J. McLean; prelate, H. R. Cross; secretary, P. S. Jack; treasurer, W. Stewart; trustee, R. Young; sergeant-at-arms, D. Esselmont; inner guard, G. Erickson; outer guard, O. G. Hutchings.

Canada enjoys unique leadership in the world's largest National Exhibition.

FROM SHANGHAI TO OTTAWA!

EVEN a state of war does not affect the appetite of the Chinese for their favorite cheese. Read this translation of the Chinese letter reproduced above.

Shanghai, China, March 16, 1932.

Leung Hong, Ottawa, Canada  
Dear Friend:

Owing to warlike conditions prevailing in Shanghai I have experienced considerable difficulty in getting regular shipments of Chateau Cheese, which is in constant demand by my customers. I therefore appeal to you as an old friend to call personally at the Chateau Cheese Company, Ottawa, and use your best endeavours to have them trace their shipments through, with a view to giving me as prompt delivery as possible, under the circumstances.

Yours very truly,  
KSW:K Kwong, Sang Wing

This is just another proof of the world-wide popularity of Chateau — The Aristocrat of the Cheese Family.
