## Threatened Strike Of Coast Pilots

### Will Continue Individually and Independent of Pilotage Board unless Wage Differences Adjusted.

(Special to The News via G. T. P. Telegraphs.)  
VICTORIA, December 31.—The coast pilots are threatening to go on strike on the first day of the New Year and will only continue as pilots individually and quite independent of the Pilotage Board, unless the present wage difference between the pilots and the Federal Government are adjusted. The pilots are demanding a minimum of \$300 a month.  
Captain Robertson, superintendent of pilots, is here in consultation with the representatives of the pilots.

## INCREASE IN FREIGHT RATES IN G. T. BRITAIN

### Will Produce £50,000,000 Yearly and Make Railways Self Supporting.

(Special via G. T. P. Telegraphs.)  
LONDON, Dec. 31.—Increases in railway freight rates intended to produce fifty million pounds yearly and thereby make the railways self supporting, is creating considerable surprise here. Early in 1917 the Government increased passenger fares fully fifty per cent, as a war measure with the purpose of reducing unnecessary travelling on the part of the general public. There were many who then asserted that the case for raising freight rates was equally strong.  
Critics today assert that the present increase is insufficient. With these criticisms there are also apprehensions as to the effects which this raise in rates will have upon the cost of living. It will most likely and certainly go up but as regards many commodities sent in bulk, it is maintained that the higher rates will not justify greater retail charges, seeing that they will mean only fractional increases on each carload.

## TURK CAPITAL TO ASIA MINOR

### Ancient City and Famous Waterway to be Internationalised According to Plan of Lloyd George.

(Special via G. T. P. Telegraphs.)  
PARIS, Dec. 31.—The internationalisation of the city of Constantinople and the Dardanelles has been decided upon by the Supreme Council along the lines laid down by Lloyd George, says Le Matin. This is regarded as the most satisfactory way of disposing of this contentious matter and will be equally satisfactory to all the nations concerned. Being an international port, no single power will be in possession of this strategic point, connecting the Mediterranean with the Black Sea, and the route to the British route to the East via the Suez Canal is thus preserved.  
The seat of the Turkish Government will be removed to Asia Minor and will likely be located at Broussa, one of the oldest and most Moslem cities.

## ALL INDIA CELEBRATED

### Three Days Festivities Throughout Dependency to Note Final Peace Declaration.

(Special via G. T. P. Telegraphs.)  
DELHI, Dec. 31.—Peace celebrations on an elaborate scale commenced in India on December 13, and continued for three days on a vast scale. The native states generally joined in the functions, which were of an unprecedented character so far as joyousness and spontaneity were concerned. A small proportion of the Moslem population in certain quarters, however, held aloof on account of the situation in Turkey.

## MUNICIPAL ELECTIONS

### Major Gibson Being Asked by G. W. V. A. to Stand for Mayoralty; S. D. Macdonald Will Run For Police Commission.

On account of the interruption caused by the Christmas and New Years holiday preparations, there has so far been little interest displayed in the forthcoming municipal elections. Beyond two candidates announcing themselves for the mayoralty and the endorsement of four names by the Trades and Labor Council, little else is known of the intentions of the prospective candidates.  
The Trades and Labor Council find now that Messrs. Greer and Allison whom they endorsed, are not running for election, and they will consider further names very soon. At the request of the Council, S. D. Macdonald, the retiring member of the Police Commission, will stand for re-election.  
The G. W. V. A. will stand upon Major G. E. Gibson and ask that he be a candidate for the mayoralty. The genial major is a prime favorite wherever he goes and his personal popularity would carry him far should he run.

## WESTBOUND TRAINS IN THIS MORNING

### Getting Colder up the Line and Expected Line Will Stay in Good Order Now.

The slides at Bulkley Canon were cleared away late yesterday afternoon and both westbound trains arrived here early this morning the first one getting in at 3 o'clock. The weather is reported as much colder again up the line and providing there is not too much snow railroad officials hope that there will be not so much difficulty in keeping the line open. The recent thaw and freshets have been the cause of the most of the difficulty during the past week or so. Everything is reported tight and in good shape.

The headquarters of the commission is in the Board of Trade building at Vancouver.

## TOWN COUPLE WERE WEDDED AT HAZELTON

### Miss Agnes Grant Becomes Bride of David Donaldson at Home in Grinaca Town.

In Hazelton, the home of the bride for many years, on Saturday last, December 27, Miss Agnes Grant, daughter of Mr. and Mrs. Wm. Grant of Hazelton, was married to David Donaldson, assistant to the American Consul here and son of David Donaldson, Sr., of Victoria, B. C.

The Methodist Church hall, where the ceremony took place, was tastefully decorated with evergreens and bunting, the most conspicuous feature of the decorations being a large arch specially erected for the occasion. There were over fifty friends present at the wedding.

The marriage ceremony was conducted by Rev. W. H. Willan, the pastor of the Methodist Church at Hazelton. The bride, charmingly dressed in a beautiful gown of white satin and georgette and carrying a bouquet of carnations and roses was given away by her father, while Miss Jean Grant, sister of the bride, who wore a saxe blue satin gown, was the bridesmaid. The groom was supported by Roland A. Harlow, of the G. T. P. engineering staff. Miss Eric Richmond, of New Hazelton, played the wedding march from Lohengrin and Mrs. James MacKay sang "Beloved, It is Morn."

After the wedding, a reception was held at the home of the bride's parents. Nearly all the guests at the church were present to wish the popular couple all the blessings and happiness that married life could give them. Several toasts including one to the bride and bridegroom, were made by Rev. W. H. Willan, to which Dr. Wrench, C. H. Sawle and Robert Langlands responded. Mesdames Sawle, Jas. MacKay, J. C. K. Sealy and Jno. Newick served at the reception and were assisted by all the young ladies of the town.

A great number of most beautiful and useful gifts both from Prince Rupert and Hazelton as well as other points in the district testified to the popularity of the couple and the well wishing of their great circle of friends. They arrived back in town this morning's delayed train and have been receiving the congratulations of their many friends here. Mr. and Mrs. Donaldson will make their home at 733 Fifth Avenue West in this city.

## PRESENTING HAIG WITH HIS ANCIENT HOME

### Bemersyde Fund Being Organised As a Tribute From the People of Britain.

(Special via G. T. P. Telegraphs.)  
LONDON, Dec. 31.—The formation of the Bemersyde Fund with the object of presenting the estate of Bemersyde, the historic home of the Haigs, to Field Marshall Earl Haig, as the people's tribute to the successes of the British Army during the war, has created the greatest interest throughout the United Kingdom.

## STRIKES LIKELY FROM NEW EIGHT-HOUR LAW

### More Wages Demanded Throughout Sweden to Make Up for Loss of Hours Worked.

(Special via G. T. P. Telegraphs.)  
STOCKHOLM, Dec. 31.—The new eight-hour law which becomes effective from January 2, seems likely to cause a number of strikes throughout the country. The workmen's organizations are demanding an increase in wages as compensation for the losses they must sustain through working shorter hours. The employers organizations announce their willingness to pay twenty per cent increase for the time worked, but are unwilling to increase the wages for work undertaken by contract.

## FRED. GULLETT GETS NINE MONTHS FOR DAMAGE

### Man Who Wrecked Allies Cafe Gets Term at Okalla Prison Farm.

Fred. Gullett came before Judge Young at 12 noon today for sentence and was given nine months' imprisonment at Okalla. He pleaded guilty of doing wilful damage at the Allies Cafe on Sunday night, destroying property that it is estimated will take well on to \$4,000 to replace.

## Orders in Council Passed Under War Measures Act Lapse Tonight at Midnight

(Special to The News via G. T. P. Telegraphs.)

OTTAWA, December 31.—Tonight at midnight, all orders-in-council passed and enforced by virtue of the War Measures Act become ineffective, some hundreds of orders being numbered among those which are no longer law. Commenting upon this, one member of the cabinet stated today that contrary to expectations, the order-in-council relating to censorship is among those being rescinded as from January 1. Only nine orders relating to trade and financial matters and dealing with the enemy now remain in effect. Until the forthcoming session of Parliament, the only orders-in-council passed under the War Measures Act which will remain are those relating to government control of pulp and paper, sugar, coal and wool, orders governing silver coinage and gold export, trading with the enemy, and the internment of aliens and the order relating to the War Purchasing Commission.

## OBJECT STRONGLY TO RECLASSIFICATION

### Civil Servants Want Board of Appeal as Reclassification Means Decrease in Wages.

(Special via G. T. P. Telegraphs.)  
OTTAWA, Dec. 31.—The employees of the Public Works Department are in revolt against the civil service reclassification. The Department of Agriculture employees are following suit and their departments are expected to back the mop. They maintain that nearly all the reclassifications mean decreases in salary, which are low enough already, and demand that a Civil Service Board of Appeal be appointed to adjudicate on the many contested cases.

## RATIFICATION OF TREATY ON JANUARY 6

### Hundred Train Loads of Allied Troops will Occupy Evacuated Territory.

(Special via G. T. P. Telegraphs.)  
PARIS, Dec. 31.—The exchange of the ratifications of the Treaty of Versailles will take place on January 6. Baron von Lersner, head of the German delegation, and Paul Dutasta, secretary of the Peace Conference, have satisfactorily settled all points in connection with the signing of the Peace Treaty, except that relating to the naval material in Germany which is to be handed over in recompense for the sinking of the German fleet at Scapa Flow, and this, it is expected, will be solved shortly.  
The allied troops will proceed on January 12 to territories which must be evacuated by the Germans, or where plebiscites are being held. It is intimated that one hundred trains will be needed for this purpose.

## BETTER LAWS FOR PEOPLE'S PROTECTION

(Special via G. T. P. Telegraphs.)

## BIG SEIZURE OF WOOD ALCOHOL IN NEW YORK

### Conversation Between Bartender and Drayman Leads to Confiscation of Eighteen Barrels.

(Special via G. T. P. Telegraphs.)  
NEW YORK, Dec. 31.—A conversation between a bartender and a drayman overheard by two revenue officers led last night to the seizure of eighteen barrels of wood alcohol whiskey and the arrest of two men in Brooklyn. If the poisonous liquor had been consumed as whiskey, there was sufficient in this seizure to have easily killed 20,000 people.

More deaths reported here and throughout the country although in far less volume than on the day after Christmas indicate that the wood alcohol drinks are continuing to levy their toll. Chemical analysis of the brains of five men who died after drinking the illicit liquor showed today that wood alcohol caused their deaths.

## Dead in Philadelphia.

Philadelphia, Dec. 31.—Three women and a man have been found dead in a rooming house from alcoholic poisoning. The police believe that they have been dead since Saturday last, when they were last seen. The finding of these bodies has raised the number of dead in this city and vicinity today to six.

## ANOTHER DEATH FROM DRINKING WOOD ALCOHOL

### Fourteenth Victim in Chicago Succumbs—Federal Legislation Will be Enacted.

(Special via G. T. P. Telegraphs.)  
CHICAGO, Dec. 31.—The fourteenth death in the city of Chicago since Christmas from the effects of drinking wood alcohol has been reported to the police department here. This last victim had been unconscious since attending a Christmas Eve party.  
The city officials, who today have begun an investigation into the wave of "blind deaths" have declared that federal legislation would be necessary to stamp out the evil.

DAILY EDITION. Wednesday, Dec. 31, 1919.

Ring Out the Old, Ring in the New.

We are today closing up the year and tomorrow we take up our duties where we left off in 1919. There is no break. It is customary, however, to look back over the year and take stock, and to look forward and brace ourselves for the work that is before us.

As a nation we have been passing through difficult times. The aftermath of the war has proved unsettling. The nation is finding the financial stress difficult and the people are finding the steady rise in prices press heavily on them, especially the wage earners. However, with a few exceptions, there is employment for everyone and wages are high. Strikes are not as frequent as they were, for men are beginning to realize that the limit is pretty well reached in the matter of advance.

There is a scarcity of food and clothes and as long as that scarcity exists there will be plenty of employment for everyone. Production is what is needed at present. Food is needed and clothes are needed. While there is a scarcity the cost of living will be high and wages high. What will follow we cannot tell.

Prince Rupert seems to have had a prosperous year. The merchants, speaking generally, have done well, although complaints have been made in some lines. Competition is very keen in certain trades and the result is something disastrous. There have been setbacks during the year. The strike, the ice shortage, occasional car shortages, delays at the shipbuilding plant, all tended to hold us back. The future looks rosy, however.

There are many who prophesy a very rapid growth for Prince Rupert. We are among the optimists, but we do not look for any boom. We see growth in the future, a steady normal increase in population caused by the growth of our industries and the improvement of our transportation facilities.

We need houses, but if we are to have them the rents must cover the interest on the cost, else people will not build. On the other hand if rents are too high, people cannot afford to pay and will not live here.

Harmony and Not Unison.

It is useless to ask different sorts and conditions of people to act in unison. They cannot do it. They may, however act in harmony. Each one will do his part, a different part from the others, and yet it may fit into the complete whole.

In this community we have people who are of almost a hundred different religions, of several different political faiths, men and women of many nationalities, educated and uneducated, cultured and uncultured, tall and short, dark and fair, industrious and lazy. No two people are alike. And yet all these may coordinate and form a harmonious whole, working together for the common good. Much depends upon our desires and on the spirit of toleration that is displayed.

**BRIDGE PARTY AND DANCE AT RUPERT CLUB**

Kindness of Club Members Makes Possible Delightful Social Event.

The Queen Mary Chapter, Daughters of the Empire Bridge and Dance held in the upstairs rooms of the Prince Rupert Club last night was a brilliant social as well as financial success. The rooms had been kindly donated by the members of the club for the occasion and there were about 25 tables of players. The progressive players used the large writing room in the front of the building while in the smaller rooms groups of two or three tables did not progress. The winners of the first prizes were H. S. Wallace and Mrs. J. C. McLennan while the second prizes were taken by Mr. and Mrs. Wakefield.

At 11 o'clock the bridge playing ceased and delightful refreshments were served in the various rooms.

After the supper the tables were cleared away from the large writing room and dancing commenced. The room was very comfortable and the floor in good condition for dancing and many of the guests took the opportunity. The remainder of the evening till nearly two o'clock was spent in this manner and when the final waltz was played the guests were reluctant to go.

The success of the affair was a credit to the ladies of the Queen Mary Chapter as they had worked indefatigably both before and during the evening to make it enjoyable and successful. Mrs. F. G. Dawson, regent of the Chapter, took an active part in the receiving of the guests and the supervision of the entertainment, and was assisted by Mesdames A. E. Bassett-Jones, McMoyle and L. W. Kergin as well as other members of the order.

The regular meeting of the local lodge of the International Steam and Operating Engineers will be held on Friday night in the Carpenters' Hall. Important business.

**W. H. DERRY IS NEW SCHOOL JANITOR**

Held Best Qualifications by the Decision of School Board and is Appointed.

Out of fifteen applications for the position of janitor at the Borden Street School the one of W. H. Derry was considered most favorably at the special meeting of the board last night and Mr. Derry was given the position. He is an ex-service man, having been in the navy and also holds a fourth class steam engineer's ticket which will give him full qualification to take charge of the heating system at the school. The appointment was made unanimously after all the other applicants had been fully considered.

The following are the names of the other applicants: J. Howe, E. Maynard, P. N. Sibbald, John Munroe, Frank Derry, M. Blaaw, R. H. Sandy, Chas. Kramer, C. Christiansen, D. Gibb, G. Bakker and Arthur C. George.

**ESSINGTON KIDDIES GIVE ENTERTAINMENT**

On the evening of December 23 in the Methodist Church at Port Essington, the Indian children belonging to the school there gave a very interesting entertainment. G. A. Taylor, Esq., occupied the chair. The programme in the evening consisted of songs, choruses, and recitations, which were much enjoyed, and appreciated by a large audience of both the white and the native population. The able manner in which the children performed their various parts reflected much credit upon their training.

But the most attractive part of the evening to the children was the Christmas tree which was very prettily decorated and well loaded with suitable gifts for all who attend both day and Sunday school. Santa Claus himself appeared at the close of the entertainment when the fifty children each received a gift.

**CONSTANCE TALMAGE AT THE WESTHOLME**

One of the greatest screen favorites is the star in the photoplay to be screened at the Westholme Theatre this evening. Constance Talmage has won her way right to the front rank among screen artistes. In "A Temperamental Wife" she is seen to great advantage and the play gives her scope for the display of her undoubted talents. Anyone who is what is called "temperamental" proves rather a difficult person to live with and in the play the display of temperament is something worth seeing.

There is also a Chester Outing "The Ghost Coast" and one of the inimitable Mack Sennet comedies entitled "Where is your husband?" These Mack Sennet comedies are a great attraction in themselves and are the last word in real comedy.

### SAVE YOUR SIGHT

YESIGHT—The most valuable of all the senses—is the most neglected and the least understood. Many suffer from ill, which, upon examination, can be traced directly to defective eyesight.

THE removal of the cause will often restore the delicate and run-down sufferer to robust health. When glasses are properly prescribed, they restore the vision to normal and eliminate all eye strain.

The School Board decided at its meeting last night to make two applications to the City Council for changes in connection with public utilities and the new Hays Cove School.

The board will ask the council to formulate some local improvement sewer scheme to provide for connection to the Hays Cove school and also the houses in the district adjacent which have not yet been connected up with the main sewerage system.

The board will also ask the City Council to remove the water main which now crosses through the centre of the site in line with Sixth Avenue.

### FAST BASKETBALL GAME AT THE RINK

Single Men Proved too Much for Married Men in an Evenly Matched Game.

A good number of spectators turned out at the Auditorium last night to witness the holiday season extra basketball game which proved both evenly contested and fast. The Single Men, however, had the edge over the Married Men and won by the score of 24-18. The play was up to the standard set by the Senior League and gave lots of thrills to the crowd who did their part by giving the players every encouragement.

W. E. Williscroft acted as referee to the entire satisfaction of the contending teams.

### HIGH SUGAR PRICES ARE TO BE EXPECTED

Control Will be Withdrawn in States Jan. 1 and Sharp Bidding is to be Expected.

The decontrolling of sugar in the United States, which will become effective on January 1 with the lapsing of the Food Control regulations, will unquestionably have a very marked effect on sugar and sugar prices especially as they apply to Canada. It is pretty generally agreed that the American refiners as a rule have not purchased their necessary supplies for 1920, and that, therefore, with the opening of the new crop, there will be keen bidding for available stocks; also that with the price limits that have prevailed in past years removed there may be expected to be a sharp upward trend in prices. A good deal of capital has been made of the largely increased estimated yield of the Cuban sugar plantations, but while this is a fact it is offset by failures in other sugar producing sources. With the old crop practically gone and the new still upward of a month away, the stocks available in prospect have been depleted to the extent of one and a quarter, to one and a half million tons under contract to European countries and the Far East, and to a lesser extent to this continent. Roughly speaking, a third of the Cuban crop, which is the big factor in the sugar market, has been contracted for and the bidding of refiners has hardly commenced.

While there have been sugar shortages in certain localities in Canada, it has not been as a result of any actual shortage of supplies. The consumption of sugar has never been as extensive in Canada as it has been this year. Even in Winnipeg, one of the localities that suffered from the shortage this year according to the statement of W. F. O'Connor, of the Board of Commerce, the receipts of sugar this year have been 75 per cent. in excess of last year's consumption. In Canada there has been an enormously increased consumption limited only by local shortages, while in the United States there have been restrictions on consumption for some time past.—Financial Post.

### Sport Briefs

Con Jones has offered the Newcastle United football team, the first division stars of the English League, a flat guarantee of \$5,000 for three matches to be played in Vancouver during the coming summer. The Newcastle intend to make a tour of Canada next year if finances can be arranged satisfactorily. All receipts above this amount, Con Jones stipulates, are to go to the schools of the city of Vancouver to foster the soccer game among the boys. The games it is expected will commence June 19.

The University of Chicago ball team, it is expected, will make another tour of the Orient this summer. It is planned to leave Chicago in June, play on the way to the coast at various cities and towns and then embark on San Francisco on the trans-Pacific trip. China, Hawaii and the Philippines will, probably, be visited also.

Speaking of George Carpentier as a challenger for the World's Heavy Weight Championship, George McDonald, the famous English sportsman, recently said in New York, "I have seen a great many fighters but in his fight against Beckett recently, Carpentier convinced me that he ranked with any of the best of them. He worked like a master and did not make an unnecessary move. The blow that ended Beckett's interest in the fight did not travel more than a foot. Any man who feels the full impact of his blows must experience defeat. The only thing that can save Dempsey will be missing Carpentier's full force because he has a mighty punch."

The Stanford University Football Club, of California, which made such a clean-up on the University of British Columbia on Saturday last will meet a Victoria representative team on Friday, January 2. They will play at the capital city on the afternoon of the day they catch the steamer "President" home to California. It is probable that the Victoria team may put up a more present-

able game than the University at Vancouver did as they have beaten the best Vancouver team presented.

Having arranged for a series of matches with Oscar Matheison for the skating championship of the world, Bobby McLean has insured his legs for \$25,000, his manager announces. This press agent stunt is not a new one, however, as Willie Hoppe, the champion cueist has been insuring his hands for years. Many other professional sportsmen do the same thing.

### SHAKESPEARE SAID TO BE LIBELLOUS

New York, Dec. 30.—The League of Scottish Veterans of the World War demand the elimination of Shakespeare's "MacBeth" from the curriculums of the public schools, charging that this play is a libel on the Scottish race. This action is based upon the recent decision to ban "The Merchant of Venice" in Newark, N. J., because of its alleged slander on the Jewish people.

To the end of September imports valued at \$2,757,179 had been received in the United States from Germany.

Trade relations between the United States and Germany were resumed in July of this year, but it has only been within the last two or three months that the trade has shown signs of attaining any volume.

CANADA'S WAR BALANCE  
Great Britain is Now in Our Debt  
For \$200,000,000.

An adjustment of accounts between the Canadian and the British Government resulting from the war is now in progress, says the Financial Post.

The British Government has financed Canadian operations on the other side, while the Canadian Government has established imperial credits here. The only credit now operating is for the purchase of timber, though arrangements regarding the wheat crop are to be made. As the balance now stands, Great Britain owes Canada \$200,000,000, interest on which is being paid at 5 1/2 per cent.
