## BREWERY COMING HERE PREVENTED BY LICENCE REFUSAL

### Violet Sharpe, Servant in Mrs. Morrow's Home, Suicided Friday; Had Long Been Under Suspicion

TOOK POISON YESTERDAY JUST BEFORE SHE WAS AGAIN TO HAVE BEEN QUESTIONED BY POLICE—WAS UNABLE TO ACCOUNT FOR HER MOVEMENTS

### Ex-Convict, Believed to Have Been Her Companion, Arrested

STORIES OF ERNEST BRINKERT AND HIS WIFE DO NOT AGREE—SISTER OF DEAD GIRL WENT TO ENGLAND SOON AFTER RANSOM WAS PAID

NEW YORK, June 11.—Search for the kidnapers and murderers of Charles Augustus Lindbergh jr., baby boy of Col. and Mrs. Charles A. Lindbergh, took a new and sensational turn with the suicide yesterday of Violet Sharpe, aged 28, servant in the home of Mrs. Dwight Morrow, grandmother of the murdered child, at Englewood, N.J. She was the only one of the servants in the Morrow and Lindbergh households who had been unable to give a satisfactory account of her activities on the night of the kidnaping and had been under suspicion since early in the investigation. She took poison yesterday just before she was to have been questioned again by the police.

The woman had told the police that she had been out with a man named "Ernie" and, as a result, Ernest Brinkert, an ex-convict, whose picture she had identified as the man she had been with, was arrested last night in New Rochelle, N.Y. Both Brinkert and his wife, Mrs. Mary Brinkert, gave alibis to the police but it is stated that their stories do not agree.

Violet Sharpe was British born and formerly resided in Toronto.

Dr. John F. Condon (Jafsie), who has taken a leading part in efforts, first to recover the child and later to apprehend the murdering abductors, was unable to identify Brinkert as the man named "John" to whom he paid \$50,000 ransom in a Bronx cemetery.

Edna Sharpe, sister of the dead woman, was with Violet the day before the abduction. She sailed for England four days after "Jafsie" paid the \$50,000 to the mysterious "John."

### BRINKERT TELLS STORY

ALPINE, N.J., June 11.—Ernest Brinkert told his story to the state police today and, immediately thereafter, officers drove away at breakneck speed for a destination which was not announced.

### Plane Driven Away By Fire of Rifles

Aerial Visitors Must Not Fly Over Leavenworth Penitentiary

LEAVENWORTH, Kansas, June 11.—An airplane, making mysterious flights over the Leavenworth federal penitentiary, was fired upon by a tower guard, it was disclosed with the issuance of orders by Warden Fred Zerbst to all guards to shoot at any plane flying low over the prison. Rifle fire drove away the aerial visitor, apparently without injuring either pilot or plane and he has not returned since.

### National Guards In Coal Fields

Watch Being Kept Following Slaying of Deputy Sheriff

HOPKINSVILLE, Ky., June 11.—Kentucky National Guardsmen came into Christian County coal fields and mounted machine guns at the Williams Coal Co. mine near Mannington, and at the Empire No. 6, where Deputy Sheriff Wallace Myers was shot to death Tuesday. Myers was slain as the climax of weeks of labor trouble. Miners gathered in and near Mannington as the troops took up their duties.

### Not Easily Shocked

This London bobby does not seem in the least shocked, as two fair bathers, garbed in bathing suits and beach coats, walk past, after a cooling dip in the Hyde Park Lido, which opened to the public, recently.

### United Australians Win New South Wales; Labor In Queensland

Former Premier Lang's Administration Buried Under Landslide in Favor of Premier Stevens—Country Party Fares Badly in Other State

SYDNEY, Aust., June 11.—The Labor Party won in one state and lost in another as a result of elections in Queensland and New South Wales today. In the latter state, the United Australia Party, which formed a government last month headed by Premier Stevens, defeated the former Labor administration headed by J. T. Lang which was dismissed by the governor when it attempted to repudiate its debts.

### GUERRILLAS REPULSED

Attack on Train in Manchuria Is Turned Back By Japanese

HARBIN, Manchuria, June 11.—Guerillas attacked a Japanese train 140 kilometres east of Harbin, but were repulsed after severe fighting. Armored cars pushed reinforcements to the scene of the attack from Nimpo. The attacking band lost 145 men while Japanese reported their losses as five killed and 10 wounded.

### Funeral Notice

A funeral service will be held on Monday at 2:30 p.m. at St. Andrew's Cathedral for the late George Rorie. No flowers, by request.

BIG WELL COMES IN EDMONTON, June 11.—With a flow of 11,000,000 cubic feet of gas per day, Well No. 24 was brought into production in the Viking gas field on Thursday. Officials declare that it is the biggest producer in the history of the field.

### PASSING OF GEO. RORIE

Was Prominent and Esteemed Resident of City Since 1926 When He Came From Vancouver

### Born in Scotland

Dropped Dead in His Home This Morning Victim of Heart Failure at Age of 63 Years

One of Prince Rupert's best known and most highly esteemed professional men passed away suddenly at 8:45 this morning when death came as a result of heart failure in his home on Fourth Avenue West to George Rorie, chartered accountant and resident of this city for 12 years. News of his passing came as a great shock to the many friends of deceased and to the community generally.

Mr. Rorie had been confined to his bed yesterday with what was believed to be a cold. He had risen this morning, saying that he was feeling considerably better but deciding to remain in bed for another day. A few minutes after he had gone to the bathroom, he was found by Mrs. Rorie slumped onto a window seat and, apparently, dead. A doctor was called immediately and pronounced life extinct.

Born in Edinburgh, Scotland, on September 30, 1868, the late Mr. Rorie was educated in Edinburgh Academy and in January 1892 was admitted to the Society of Accountants in Edinburgh. For several years he practised his profession as an accountant in Edinburgh, Perth and other Scottish cities and in 1908, with his wife and young family, came to Canada. He was located in Victoria for a few months but moved to Vancouver where he at first followed accountancy with the real estate and insurance firm of Ceperly, Rounsefel & Co. Later he established his own accountancy practice in which he was joined after the war.

### Deal For Purchase Of Richfield Oil Is Reported On

NEW YORK, June 11.—The time for acquisition of the Richfield Oil Company of California, now in receivership, has been made known to the three committees representing the Richfield bondholders, the Pan-American Petroleum Co. of California bondholders and the General Creditors. Negotiations have been carried on mainly by H. F. Sinclair of the Consolidated Gas Corp. Should the Richfield deal prove successful, the paper says, negotiations probably would be resumed for the purchase of the Rio Grande Oil Company.

### Chamber of Commerce To Inquire Why Beer Cannot Be Made Here

Government Attitude Has Stopped New Industry From Entering, It Is Declared—Ask Attorney-General to Explain

Having been informed that certain interests had the money all ready and were prepared to proceed with the establishment of a brewery here, being prevented from doing so only by the fact that they were unable to get a licence for the plant, the Prince Rupert Chamber of Commerce, at the suggestion of Ald. J. H. Pillsbury, the president, and on motion of W. O. Fulton, seconded by S. E. Parker, decided last night to make inquiries of the attorney-general as to the possibility of such a licence being granted, following the matter up further if necessary.

President Pillsbury could not see why a brewery should not be established in Prince Rupert. It would mean business and employment. Brewery licences were granted by the federal government on the recommendation of the provincial government. It seemed incomprehensible that brewery licences should be granted only in Vancouver and Victoria.

W. O. Fulton felt that the Chamber should find out why interests that were all prepared to establish a brewery here should be denied a licence. If it was impossible to obtain a licence for a plant here, the Chamber had the right to know why. It seemed unreasonable that beer should have to be hauled 500 miles when it could just as well be manufactured here.

Oiler Besner inquired why a local syndicate should not be formed and it apply for a licence. P. M. Ray told of having been in touch for two years with interests which desired to establish a brewery here but who could not obtain a licence. They had now bought into a Vancouver brewery but were still being bucked.

The motion calling for inquiry to be made in the matter from the attorney-general was carried unanimously. Mr. Hanson crossed the prairies about a week ago, having left Ottawa about ten days ago. He has been spending the past few days at Smithers in connection with his lumber interests. Mr. Hanson is looking very fit and says that he gained weight while in Ottawa this time in spite of his duties which were at times arduous.

### HANSON IS BACK HOME

Member For Skeena Returns to City After Attending Session of Parliament in Ottawa

"I have never seen the prairie crops looking better than they do today," said Olof Hanson, M. P. for Skeena, on his return home on this morning's train after having attended the session of the House of Commons in Ottawa. Southern Saskatchewan, which has suffered from drought in recent years, has had abundant and welcome rains and crop prospects there are very bright.

Mr. Hanson crossed the prairies about a week ago, having left Ottawa about ten days ago. He has been spending the past few days at Smithers in connection with his lumber interests.

Mr. Hanson is looking very fit and says that he gained weight while in Ottawa this time in spite of his duties which were at times arduous.

### REFINERY PROPOSED

Special Committee of Commerce Chamber to Investigate Copper Plant

A special committee of the Prince Rupert Chamber of Commerce is to be appointed by President J. H. Pillsbury to go into the possibilities of a copper refinery being established in this district with a view to interesting the Consolidated Mining and Smelting Co. or some such company.

The matter of a copper refinery was brought up by J. J. Little who referred to the new United States tariff which was shutting Canadian copper out of that country for refining. Now would appear to be an opportune time to point out the advantages of this district as a site for a copper refinery. He moved that a special committee be named to go into the matter. W. F. Armour seconded the motion.

G. W. Nickerson thought that some way would be found of letting Canadian copper into the United States for refining, even if it were handled in bona like wheat. The motion was passed and the president intimated that he would appoint a special committee soon.

### VANCOUVER WHEAT

VANCOUVER, June 11.—Wheat was quoted at 53¢ on the local exchange today.

### BIG WRECK REVEALED

Soviet Railway Employees Charged With Neglect

PETROVSK, Russia, June 11.—Another catastrophic wreck on a Soviet railroad, in which an undetermined number of persons were reported killed on May 15 was revealed publicly for the first time today when 16 railroad employees went on trial charged with responsibility for the wreck.

### Argentinean Claims World's Loop Mark

PARANA, Argentina, June 11.—Lieut. Pedro Passio, of the Argentine Air Corps, claimed the world's record here after he had completed 682 consecutive loops.

### NO HALIBUT IN

No boats being in with catches, there was no sale of halibut on the local Fish Exchange this morning.

### PROPOSED LOCAL INDUSTRY

There seems to be an indication that attempts are being made to keep all provincial industries in the south and prevent any straying away into the wilds of Northern British Columbia. So prevalent is the idea there that a recent official visitor recommended that a monopoly of port privileges be given Vancouver as against any northern ports.

Another move to start an industry in Prince Rupert has been frustrated by the refusal of the provincial government to agree to a licence to operate, the view being taken that there are already enough breweries in the province and to establish another would be superfluous.

There is a good deal of beer consumed in and around Prince Rupert and it all has to be imported. The cost of hauling the beer and carrying back the empties is very considerable. Prince Rupert, it is claimed, is a suitable location for such an industry. There have been men who were willing to put their money into its establishment providing a license be obtained. The Chamber of Commerce is now backing the move to secure a license.

This is just another case of giving Prince Rupert a chance in an open market and it seems as if it should receive the backing of all citizens. It is not a case of beer or no-beer but as there is a demand for beer an opportunity should be given to make its manufacture a local industry.

### FAILURE OF NEGOTIATIONS

It is greatly to be regretted that the negotiations between the representatives of the British government and President de Valera of Ireland have failed. Much was hoped from the meeting and there is a possibility that even yet good may come from it. There is always an advantage when each side to a controversy has had a full opportunity to state its case and criticize the opposition side.

It is quite possible that the way may have been paved for future parleys at which a final settlement may be made of questions outstanding between the two countries.

## A SATURDAY SERMON

### "Piecing Out"

(Very Rev. J. B. Gibson, Dean of St. Andrew's Cathedral)

Anna Maria had grown so rapidly since last June that the dress she then donned for the first time was a year later much shorter than that permitted by the regulations. There was no "let down" to it and the only hope of her having an extra summer frock that was wearable was to get a piece of different material that would blend with the original and add it to the bottom.

This her mother did as only mothers can with the result that, instead of the piecing out detracting from the appearance of the dress, it added greatly to its charm.

A large part of the service of good people one to another consists of piecing out what is lacking in some other's thought or faith or zeal or knowledge. None of us think all around any subject, none of us turn out absolutely perfect jobs, whether it be in carpentry, painting or musical performance.

This has been true from the very first dawnings of civilization. Primitive men were compelled to hunt in groups for game that is too big for any one man to snare or bring down with a spear. The Indians must man their war canoes with many rowers if they are to venture far upon the expanses of the not always peaceful Pacific.

In the old days on the plains the prairie schooners slowly progressed in long caravans, able to rally to one another's assistance. Civilized society has increased rather than lessened these interdependencies of man on man. All kinds of services and demands and utilities are interlocked from ocean to ocean, so that a woman can hardly drop a stitch in Halifax but that something will ravel out in Vancouver, or a child have a cold in Montreal but that another may sneeze in Prince Rupert.

#### Helping Out

So also in social life there must be much of this helping one another out. There is many a heart that craves just that cheer, by word or kindly deed, which neighbors may give; many a discouraged one waits to be inspired with a new hope by the timely counsel of a friend. We all have our failings, and these give an opportunity for some one else who is strong where we are weak, to interlock their wisdom with our partial ignorance so rounding out the complete circle, all of us taken together, of a social usefulness and religious influence. It is not that we are to fall into the habit of dependence upon others and allow omissions to exist for others to fill but to offer and receive little services which go to piece out the growing tapestry of life. The aim for each should be a "whole" life. Are we not but fractional persons with a social discount running against us? Let us seek the help of others—especially the great Master Builder of character—to piece us out and in turn, when we are then converted into that noble personality, strengthen our brethren.

### To Again Contest Omineca

A. M. Manson, K.C., who will be one of the prominent figures in provincial election expected soon.

### Frank Hawks Is Promoted

Noted United States Flyer is Now Lieutenant-Commander

WASHINGTON, D.C., June 11:—Exit Captain, enter Lieutenant-Commander Frank M. Hawks. The speed flyer, holder of more than 30 inter-city racing records in the

United States and abroad, Hawks has forsaken the Army, which trained him, for enrolment in the United States Naval Aviation Reserve. Enrollment was made, the Navy Department announced, because of his development work with high speed planes, his technical knowledge of aircraft engines and construction, and his knowledge of aviation conditions generally.

Hawks attained the rank of captain in the World War after leaving his sophomore classes at the University of California.

## CHURCH NOTICES

### FIRST UNITED CHURCH

Pastor, Rev. A. Wilson, B.A.

Morning Worship at 11, Song by Junior Choir  
Subject, "NOT TO DESTROY BUT TO FULFILL"  
Sunday School at 12:15

Violin Solo, "Intermezzo," Mr. B. Cameron;  
Anthem, "O Taste and See"

Subject, "THE MOVEMENT FOR A CHRISTIAN SOCIAL ORDER"  
To What Extent is the Church Responsible?

### ST. PAUL'S LUTHERAN CHURCH

Corner Eighth and Ninth East  
Rev. P. M. Fosse, Pastor

The Saint Paul Lutheran Church extends a most hearty welcome to all its friends and as many who will accept our invitation to come and partake with us in our worship as we now resume our regular services.

Sunday morning at 11 o'clock is the usual English service.  
Sunday School at 12:15 noon, and we do wish to welcome especially the ones who would rather make use of the Norse language as we can assure you the very best.  
Evening service at 8 o'clock is always conducted in the Norse language.

Special singing in all our services.  
Rev. P. M. Fosse, Pastor

### FIRST PRESBYTERIAN CHURCH

Minister, Rev. W. D. Grant Hollingworth, B.A.  
Organist, John E. Davey

11 A.M., Sermon Subject, "THE SECOND COMING OF CHRIST.  
WHAT WE OUGHT TO EXPECT"  
12:15, Sunday School  
7:30 P.M., Sermon Subject, "DOUBTING THOMAS, PAST AND PRESENT"  
All Visitors Welcome

### CHRISTIAN SCIENCE

(Christian Science Society, Third St., Besner Block)

This Society is a branch of the Mother Church, the First Church of Christ, Scientist, in Boston, Mass. Sunday morning service at 11 o'clock. Subject, "GOD THE PRESERVER OF MAN." Sunday School at 12:15. Testimonial meeting Wednesday at 8 p.m. Reading Room, Third Street, Besner Block, open on Monday and Thursdays from 3 to 5.

### Tentative Dates For Associated Boards Meeting

The Prince Rupert Chamber of Commerce, at its meeting last night, passed a motion favoring Thursday and Friday of the last week in July as suitable dates for the holding of the annual convention in Smithers of the Associated Boards of Trade of Central British Columbia.

A letter from Sidney Godwin, Burns Lake, acting secretary of the Associated Boards, conveyed the suggestion of A. M. Ruddy, Burns Lake, the president, that the convention be held either the last week in July or the first week in August.

Local delegates would leave here on the Wednesday and return on Saturday, there being full train service on both these days.

The question of local delegates will be gone into later by Ald. J. H. Pillsbury, president of the Chamber.

### AIR MAIL RATE UP

Postmaster General Brown of United States Announces Increase

WASHINGTON, D.C., June 11:—It will cost eight cents to send a one-ounce letter by air mail after July 6. Postmaster General Brown Friday announced following new air mail rates effective on that date: eight cents for the first ounce or fraction thereof and 13 cents on each additional ounce or fraction. The domestic air mail rate now is five cents an ounce and ten cents each additional ounce. Brown estimated that over a million dollars of additional revenue would be derived from this increase.

### Man in the Moon

A preferred creditor is one who knows now that he won't get anything from the estate instead of having to wait months until the liquidators absorb the little that was left.

A busy person looks as much out of place in Prince Rupert today as a horse on the streets.

J. A. Mollison holds the record for the flight to the Cape; Miss Amy Johnson was the first woman to fly to Australia. When they announced their engagement to be married the London Observer asked, "What may they be expected to achieve together?" A rough guess would be a family.

No election this year. That is clear and plain and final so sit down again, you politicians, and don't be so eager, but all the same keep the political wheels carefully oiled for any man may change his mind on occasion.

They are having an election in Manitoba and it is said that parties are being forgotten. Yet there will be some foolish persons who say the Farmer and Liberal parties are the Ins and the Conservatives the Outs in that province and that the Conservatives are trying to become the Ins.

It has been suggested that a business government should be formed in B. C. with our own T. D. as its head. These same persons declare that it would not be a business government if Victoria's S. F. continued as leader.

Now that summer seems to have arrived let us shake hands with him and bid him welcome or he may happen to leave again any time and without so much as by your leave.

How wonderful it is to see the sun shining, to hear the birds singing, and to catch the slugs chewing in the garden.

### PASSING OF GEORGE RORIE

(Continued from page one)

ter a few years by J. D. Small. In 1920 Mr. Rorie moved here from Vancouver and opened the local branch of Rorie & Small. The partnership was later dissolved and Mr. Rorie continued the business, being joined by his son, George L. Rorie, about a year ago.

In addition to his widow, Mr. Rorie is survived by one daughter, Nancy K. Rorie, and one son, George L. Rorie. Dr. David Rorie, surgeon of Aberdeen, Scotland, is a brother. To the suddenly bereaved family the deep sympathy of a host of friends will be extended.

#### Many Activities

Popular and esteemed in social, church and business circles, the late Mr. Rorie was a member of the Masonic Order in Scotland and was a prominent member and past president of the Prince Rupert Rotary Club. In addition to public affairs, he took an active part in church work, first as a member of the Presbyterian Church, going over to the Anglican Church after Church Union. He was treasurer of St. Andrew's Cathedral here.

Mr. Rorie's public duties as an accountant included the post of hospital auditor as well as auditor of the hospital and fair boards.

Funeral arrangements are in the hands of the B. C. Undertakers and

### U. S. SOLDIERS TO LEAVE SHANGHAI

WASHINGTON, D.C., June 11:—The Thirty-First United States Infantry will soon leave Shanghai for Manila on an Army transport. The regiment was sent to Shanghai in January to protect foreign interests in the Sino-Japanese hostilities. After departure of the Thirty-First, the United States will still have 1600 Marines at Shanghai. This force has been stationed there since 1927.

### WEATHER REPORT

Triple Island—Foggy, light southwest wind; sea moderate.  
Dead Tree Point—Clear, calm; barometer, 30.18; temperature, 62; sea smooth.

The body will be taken aboard the steamer Prince Rupert Monday afternoon to Vancouver where cremation will take place. There will be a service at St. Andrew's Cathedral on Monday and the remains will be accompanied to Vancouver by deceased's son. No flowers are requested.

### Sharp Pains In His Heart Nerves In Bad Condition

Price 50c a box

Sold at all drug and general stores, or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

Mr. Fred J. Chase, Thomson Station, N.S., writes:—"I have used Milburn's Heart and Nerve Pills with wonderful results. My heart would beat so fast I would have to sit down when at work chopping in the woods. I had sharp pains in my heart when I would lie down at night. My nerves were also in a very bad condition, but after using two boxes of Milburn's Heart and Nerve Pills I feel just fine, and am fourteen pounds heavier than I have been for years."

## WATERFRONT WHIFFS

Livingstone Leading Local Feet For Volume of Landings—Halibut Prices Show Improvement Walrondo in Port

Up to the end of May the vessel Livingstone, Capt. Tony Martinusen, was the heaviest lander of fish of the Prince Rupert halibut fleet, having brought in 70,000 pounds in six trips. The Melville, Capt. John Ivarson, was next with 67,000 pounds in five trips and the Lysekil third with 66,000 pounds in three trips.

The greatest number of trips had been made by the Capella, Gibson and Unome, navelly seven each. The Capella had landed 48,000 pounds, the Gibson, 54,000 pounds, and the Unome, 51,000 pounds.

For the American fleet, the Grant, bringing in 107,000 pounds in three trips, was the heaviest lander of fish at Prince Rupert. The Arthur H. was next with 73,000 pounds in two trips and the Tatosh third with 72,000 pounds in three trips.

The greatest number of trips landed by American boats at Prince Rupert was five by the Norma and Reliance with aggregates of 36,500 pounds and 35,900 pounds respectively. Vessels landing four trips were: Emma, 53,000 pounds; Grayling, 59,000 pounds; Norland, 64,000 pounds; Norma, 36,500 pounds; Onah, 61,000 pounds; Oceanic, 58,000 pounds; Sirius, 35,500 pounds; Tahoma, 67,000 pounds; Viking, 44,000 pounds.

With production showing a considerable decrease, particularly so far as Canadian boats were concerned, halibut prices at the port of Prince Rupert during the week of June 4-10 inclusive showed a definite tendency towards improvement. The high price of the week for Canadian fish was 5.5c and 2c which the Relief was paid for 16,000 pounds while the low price was 4.5c and 2c which a number of boats received for their catches. For American fish the high price was 7.5c and 3c which the Trisco received for 14,000 pounds while the low price was 4c and 2c which the Trinity was paid for 27,000 pounds.

Landings for the week totalled 379,500 pounds, consisting of 84,300 Canadian and 295,200 pounds American halibut, bringing the total for the season up to 5,093,500 pounds of which 1,915,250 pounds has been landed by Canadian vessels and 3,178,250 pounds by American.

The federal department of public works power cruiser Walrondo, one of the best known craft on the coast, arrived in port on Thursday afternoon from Victoria with J. P. Forde, district engineer, and J. E. Miller, former inspector of customs, on board. Mr. Forde is making the trip north as far as Skagway on official business. Eight days had elapsed between the vessel's departure from Victoria and her arrival here, calls having been made at a number of points on the way. Enroute to Skagway, the Walrondo will stop at Wrangell while Mr. Forde goes into Telegraph Creek and Dease Lake. From Skagway Mr. Forde will proceed to the Yukon. The vessel left at noon yesterday in continuation of her northern voyage.

Shef Thomson, popular caretaker of the Prince Rupert Rowing & Yacht Club Co.'s floats, is now taking his annual vacation. Harry Sobles is relieving at the Yacht Club during Shef's absence.

One of the events of the week was the arrival on Thursday afternoon of the flotilla of Detroit planes which were on their way north on prospecting bent. There was considerable disappointment that the five machines did not tie up on the local waterfront so that they might be inspected at close hand. However, quite a few people got up by gasboat to Shawatlans Lake, where they moored, to look the craft over.

Syd Hunter has gone nautical again, having acquired a 19-foot open boat. Considerable renovation of the craft is now in progress and a 3 h.p. Caille-Perfection engine is to be installed. Within the next week or so, Syd expects to have his new command plying the briny.

## ELKS' FLAG DAY IS ON

Annual Festivities For Children Being Held This Afternoon—Big Parade Is Held

Elks' Flag Day proceedings, annually held on the King's Birthday, are taking place this afternoon at the Acropolis Hill grounds. To open the proceedings, a big parade of children marched, from Second Avenue and Sixth Street to Acropolis grounds for the flag raising and saluting ceremony. This was followed by distribution to all the children who had participated in the parade of ice cream and peanuts after which a program of children's races was run off.

Taking part in the parade was the Boys' Band, under Bandmaster Charles P. Balagno, a comic orchestra, the Elks' patrol team and cleverly gotten up clowns. The line of march was from the Westholme Theatre, along Second Avenue, up Seventh Street along Third Avenue and up Fulton Street to the Acropolis Hill grounds.

George Roger, leading knight of the Elks' Lodge, presided over the flag-raising ceremonies in the absence of William McLeod, exalted ruler. After brief opening remarks by the chairman, Mayor C. H. Orme made a short talk after which Very Rev. James B. Gibson, dean of St. Andrew's Anglican Cathedral, delivered the address of the day.

J. A. Morris is general chairman for the Flag Day with sub-committee chairman as follows:

Free Booth, Bert Morgan.  
Pay Booth, David Milne.  
Clowns, William Stone.  
Patrol Team, Alex Mitchell.  
Parade, W. P. Armour.  
Children's races, W. D. Vance; starter, Staff Sergeant Alex McNeill.  
Trevor Williams is in charge at the gate.

## Inquire Into Mail Contract

Chamber of Commerce Will Ask Federal Government About Taku River Work

The Prince Rupert Chamber of Commerce decided last night to make inquiries from the federal government in regard to the recent letting of the mail contract on the Taku River to the Barrington Transportation Co., an American concern, in competition with Canadian companies whose tenders had been exactly the same. The matter was brought to the attention of the Chamber by W. P. Armour who wondered why the Canadian government should turn down a Canadian company with Canadian boats and Canadian crews to give such work on a Canadian river to an outside American concern with American boats and American crews. It appeared to be a case of discrimination and Capt. Armour suggested that a resolution be sent to the government resenting the action.

A motion of W. O. Fulton that the secretary write to the department making inquiry in regard to the matter was carried.

## Conduct of Judge Is to Be Probed

United States House Votes \$5000 For Investigation

WASHINGTON, D.C., June 11:—The House passed the LaGuardia resolution providing for a congressional investigation of the official conduct of Federal Judge Harold Louderback of the North Carolina district. The House also approved a bill authorizing an appropriation of \$5,000 for expenses of the committee in inquiry.

## Prince Rupert Off Pontoons

C.N.R. Vessel Completed Annual Overhaul Yesterday Afternoon and Had Successful Trial Runs

C. N. R. steamer Prince Rupert, Capt. D. Donald, yesterday afternoon came off the pontoons of the local dry dock where she has been

receiving annual overhaul and later had a trial run of three or four hours after which she tied up alongside the Canadian National wharf No. 1 preparatory to going into commission for the summer on Monday afternoon of next week when she sails on schedule for Vancouver. The vessel will alternate with the Prince George on the Skagway route.

Joseph Barrowclough arrived in the city this week from Vancouver to join the steamer Prince Rupert as assistant purser.

## SS. PRINCE RUPERT MODEL CLEVER PIECE OF WORK

Considerable interest and complimentary comment has been occasioned by a beautifully executed model of the steamer Prince Rupert which has been on exhibit for several days in the show window of Gordon's Hardware on McBride Street. The model, a most exact and painstaking replica of the popular coast liner, is the work of A. C. Small.

## DOES YOUR BUSINESS NEED A DOCTOR?

Now, Mr. Businessman, have you ever tried to diagnose the reason for that sudden drop in profit over the figures of "last month?" If the temperature of your business alarms you there is no need for you to lose any sleep—the remedy is simple.

## ADVERTISE

"Ah!" you say, "But that's all very well. I'm only a small man and can't afford it." That's the reason the small man remains a small man. The big men in business today did not become big by hiding their light under a bushel, they advertised, and Advertised, and ADVERTISED. Advertising is as necessary to a "sick" business as the doctor's services are to a sick person. And it will find the money to pay its own bills, if done judiciously, from the increased volume of increased profits. Start with a small appropriation

## AIR DRIED SHINGLES

Retain the cedar oil in the wood, affording extra and better preservation than kiln-dried shingles from which the essential oil has been evaporated. Our shingles are made on Queen Charlotte Islands and, as a home product, deserve your preference. Shingle makers wages on the Islands are spent eventually in Prince Rupert, while Vancouver wages never come north. Support a home industry and your own welfare by specifying Air Dried Shingles.

Prices: No. 1 5X \$3.75; No. 1 3X \$3.25
