AWARDS IN FIRST AID

Presented to C. N. R. Students—Address By Dr. Hankinson

Members of the Canadian National first aid classes last evening received from the hands of Divisional Superintendent W. H. Tobey the various awards of merit, symbols of progress in their studies, earned by them last fall under the tuition of First Aid Instructor J. Smith.

Mr. Tobey, as chairman, warmly welcomed the students and especially those ambitious ones who, though not members or dependents of the Canadian National family of employees, availed themselves of the opportunity given by the railway company to attend these classes.

Dr. Hankinson followed with a carefully reasoned summary of the benefits to be derived from the study of first aid, pointing out that it was not only the ability to answer a set question on the examination paper that counted, but the actual knowledge gained by the student would be infinitely more beneficial in the years to follow.

Following the remarks of Dr. Hankinson, the awards were then distributed by Mr. Tobey. Junior first aid certificates, for first year first aid work were distributed to Elsie Davis, Thelma Davis, Georgina Lamb, Ethel Cousins, Kathleen Fortune, Winnie Cameron, Betty Cameron, Antoinette Blain and Terrance Fortune.

Senior first aid certificates for first aid work were delivered to Dorothy Squires, Louise Leach Doris Teng, Grace Priest, Nancy Davis, Ann Gilchrist, Betty Capstick, Frederick Rogers, W. P. McIntosh, Elmer Clark, John Westholm, George McCandless and John Leach.

Vouchers for second year work were delivered to Arvilla avis, Peter Peterson and Roy Taylor, and medals for third year work to David Geddes and F. M. Davis.

Labels for work covering studies in excess of three years were delivered to Ralph Rose, Frank Derry, J. A. Teng and Wilfred J. Gardner.

PROVINCE NOT RESPONSIBLE

VICTORIA, March 23:—At no time were municipal relief work program cut down on recommendation of the British Columbia government or any minister thereof, it was stated by Patrick Philip, deputy minister of public works, last night before the Legislature's relief committee.

HOPEWELL, N.J., March 23:—The solving of the problem of the kidnapping three weeks ago last night of Charles Augustus Lindbergh jr., 20-month old son of Col. and Mrs. Charles A. Lindbergh, was still at a standstill today so far as any definite results were concerned. Harry (Red) Johnson, chauffeur sweetheart of Mary Gow, nursemaid in the Lindbergh household, is still being subjected to close scrutiny.

LODGE IS TO BUILD

Oddfellows Decide to Put Up Hall at Corner of Fourth Avenue East and Bowser Street

The local Oddfellows' Lodge, at a meeting last night, decided definitely to proceed with the construction of a new hall on the southeast corner of Fourth Avenue East and Bowser Street which is owned by the lodge.

A frame structure measuring 30 by 70 feet, part of which will be two storeys in height, is to be erected. Cost of the original unit will be about \$4,000. Construction will start very shortly.

Takes Command of Canadian Spinner

Capt. W. Wright, Former Shore Official, to be Skipper of Freighter on Interoceanic Run

Capt. W. Wright, formerly marine superintendent of Canadian National Steamships on this coast and more recently located in Australia in a similar capacity, arrived in the city on the Prince George this morning from Vancouver to take command of the company's steamer Canadian Spinner, which is shortly to be commissioned in the Vancouver-Montreal interoceanic trade after undergoing overhaul in the local dry dock.

The Canadian Spinner will be leaving here about the first of next month. Officers and crew of the ship will be arriving in the meantime. Some crew members will probably be signed on from here.

New Province in North With Prince Rupert As Its Port Is Visualized

Inspiring Message Received By Chamber of Commerce From Page Rideout, Apostle of Peace River—Many Advantages Would Accrue, He Believes

"Let the reader take a look at the photos of Prince Rupert, on the Pacific, and of Peace River, the river port of the Peace River district which is in the heart of the wheat country, and then look at the map of Canada and, after locating these ports and sizing up the country around them, just try to visualize this Northern Alberta and British Columbia as a new province with its own local government, its own senator, cabinet ministers and members at Ottawa, all pulling together for the province and the province behind the port of Prince Rupert as the province of British Columbia is behind Vancouver and then think what this province would be like in ten years," writes Page Rideout, apostle of the Peace River, to the Prince Rupert Chamber of Commerce in a recent interesting communication. He says further:

"Consider our great resources of timber, mineral, coal, gas and oil, waterpower, pasture lands and fertile fields. Who would picture what would take place in this new province in ten years?" "But," says the gentleman kicker, "there is not population enough in the country."

"What was the population of Alberta when the province was created? Did Sir Wilfrid Laurier set up the governments of Alberta and Saskatchewan to govern the 164,000 people in the country in 1905? He set up those governments to develop and expand the population to 1,684,788 as it is today. I am asking for a local government to drain our swamp lands, to open up our coal fields, to harness our waterpowers, to open up our oil and gas fields, to put highways into the great north land, to build the long-needed missing link of the Pacific railway between Hudson's Hope and Hazelton and in the near future to get some powerful steamship line to make a connecting link between boat at Churchill and boat at Stewart of some 1200 miles, opening up another tier of our province and develop Stewart into a great port which will bring the Portland Canal into its own as the St. Lawrence of the Pacific.

"By these developments we shall make our country attractive to the thousands of boys and girls in the graded schools, hundreds of young men and women in the high schools who are growing up in the country, the flower and pride of any man's land. "And I again hear a voice from the wilderness wondering where all the money is coming from. Where did the money come from for the little postage stamp province of Manitoba when she bucked the federal government and the C. P. R. and built her own railway away back in the eighties?"

Is it in the interests of Canada for B. C. to have control of the entire Pacific Coast and to develop only a little around Vancouver and Victoria? Future of Northern Ports "Let me say that the people of Canada are justly proud of Victoria as the Los Angeles of Canada. They are just as proud of Vancouver as the San Francisco of Canada but, if the new northwest is to be developed (Continued on page six.)

REDISTRIBUTION OF SEATS

It has been intimated from time to time that there will be a redistribution of provincial constituencies and that a gerrymander is to be pulled off to eliminate a number of Liberal seats and thus strengthen the chances of the Tolmie government being returned at the coming election.

We can hardly believe that Dr. Tolmie would do that sort of thing. If he does he is a changed man from the Dr. Tolmie of private life of a few years ago. Then he was such a fair man that he acted as judge at horse races and at horse and cattle shows throughout the country and no person ever doubted his integrity.

We suggest to the Premier that if he wishes to cut down the representation, he commence with the cities of Vancouver and Victoria. It is already admitted that representation should not be according to population. We have never had it in any province of Canada. Representation should be arranged in such a manner as to give the member an opportunity of looking after the interests of the whole of his electoral division. On this basis two members could very well look after the interests of Vancouver and one of Victoria. Even then the members would have an easier time than any other members in the House.

In some constituencies, particularly in those where the gerrymander is suggested, the member has to travel thousands of miles to visit his constituents. Unless he visits them their needs are never discovered for many of them are too poor to visit him. To double the size of the already large ridings would be an outrage. Cut down the cities and no hardship would accrue to any person and then Peace River could get its member without increasing the present Legislature membership.

IN THE LETTER BOX

A SMITHERS PROBLEM

Editor, Daily News:
I am writing this letter in defence of myself as past president of the Canadian Legion, Branch 63 of Smithers, and chairman of the Smithers Christmas cheer fund, and I would be very much obliged if you would kindly give it space in your paper. It is unfortunate that this has to be done, but it is only fair in view of the recent article published by L. B. Warner, the editor of the Interior News in regard to Christmas cheer matters.

It has been the policy of the Canadian Legion during the past years to raise extra monies by means of turkey raffles, in addition to the usual proceeds of the Armistice Dance, for the purpose of Christmas cheer for those members of the Legion and others, who were in less fortunate circumstances. This money, after all expenses were paid, constituted the Canadian Legion Christmas cheer fund. This year, or rather, last year, it was proposed to amalgamate all donations for such purpose under one heading and management in order to eliminate duplication and thereby have a more equal distribution of hamper.

L. B. Warner, in his article, conveys the impression that the proceeds of dance and raffles were to be given, in addition to the sum of \$100, contributed to the Christmas cheer fund, which is entirely wrong—because, the Canadian Legion, as in past years, depended upon the raising of these extra monies in-

der to make this contribution. It so happens, that due to the prevailing hard times the dance this year showed a deficit, so that the Legion had to add to out of its running funds, sufficient money to meet their donation of \$100.

It is unfortunate and very much to be deplored that Mr. Warner suffered any criticism in the discharge of his duties as secretary of the Smithers Christmas Cheer Fund, but I do not think any blame can honestly be attached to the Canadian Legion. This situation is fully understood locally, but I write this letter principally for the benefit of those of the general public who might misunderstand Mr. Warner's article.

CHARLES BOWLAND,
Past President Canadian Legion,
Branch 63, and Chairman Smithers-Christmas Cheer Fund.

COST OF SCHOOLS

Editor, Daily News:
May I add my little quota to the taxation correspondence in your columns, and in doing so compliment Mr. Rorie, the city auditor, on the quantity of starch he has in his back, as demonstrated in his exposure of increasing school expenditures during the past few years. It is indeed encouraging to realize that we have an official of this type, who is unafraid of placing the bare facts before us.

In regard to "A Taxpayer's" tirade on Sections 66 and 67, and what the city council has not done, I fail to see how this will help out the situation. What is necessary at the present time is to keep all public expenses down to a minimum, in order that the unemployed may be able to meet tax bills and keep their homes out of the tax sale. The "frills" viz: domestic science, commercial classes and manual training are all very good and useful and nice to have in prosperous times; but today's conditions make a drastic difference, and so long as

a large percentage of the populace are going under, such "frills" will be extravagant luxuries, and should be temporarily dispensed with. We will be fortunate if free elementary and high school education remains available for our children, as, according to press reports, new provincial regulations give school boards and cities power to charge for education where necessary. It therefore behooves us to conserve our educational finances and at least assure our children free elementary and high schools.

In regard to the school board chairman and secretary's letter, no doubt the city auditor knows many times more about figures than both of them put together, and most reliance can be placed upon his interpretation of them (the figures), and as to increments they went out of styles very many moons ago, the tendency is the other way, and the inference that some would neglect the children's education, to say the least, is amusing, and apparently these officials are not well informed, as according to the newspaper, Fernie has cut its teachers 15% (and no increments) also dispensed with the "frills" for the time being. The letter would also indicate that there is not co-operation between the school board and the council. This certainly is to be regretted. The same voters elected both bodies for the purpose of working in harmony together and

co-operating for the benefit of all. Every citizen who has the welfare of Prince Rupert at heart should canvas his school trustee and council friend and impress upon him the necessity of getting together and having these matters straightened out and both school and city expenses reduced to a minimum, that will enable the city council to strike a mill rate that will not bankrupt most of us, and without resorting to an "Improvement Tax" as, apparently, unless further reductions are made, this is inevitable, and it will be a sorry day for Prince Rupert if it is ever instituted.

Real relief from CONSTIPATION

WHENEVER digestive distress follows meal-time, you can suspect an acid condition. Acidity affects the appetite. What food you do eat sours in the stomach. The tongue becomes coated. The breath is bad. Sick headaches become frequent. You are constipated. These are danger signals which should never go unheeded. Your system is fairly shouting its need of help; something to help remove the acid waste and restore alkaline balance. An anti-acid to offset the effect of too rich a diet, nervousness, excitement, etc. Men and women who meet this need promptly with Phillips' Milk of Magnesia do not suffer. They eat

well, and their food doesn't ferment in the stomach. Every trace of over-acidity soon disappears. All sour gas is dispelled. Stomach, liver and bowels have a better chance to function. If there is the least hint of too much acid, just take a spoonful of Phillips' Milk of Magnesia today, and for several days. Feel this sweeten your stomach. Note how appetite improves. And elimination. You will wonder how anything so pleasant-tasting can be so promptly effective. 50c bottles at drug stores everywhere in the Dominion. Phillips' Dental Magnesia Tooth-paste guards against acid-mouth; keeps gums firm and teeth pearly white. (Made in Canada.)

BE HAPPY SAVE MONEY BUY RIGHT

A summary of business conditions shows low prices on wheat, fish, lumber and metals, with high taxes by Dominion and Provincial Governments and municipalities. The outlook for Western Canada is not too bright. What shall we do to make the best of our present condition?
First, of course, practice all economy possible.
Second, do not try to "keep up with the Joneses."
Third, convince yourself that you can live and be happy without spending money foolishly.
Fourth, read something of the history of our forefathers in the early days of Canada, in Ontario and Quebec.
Fifth, picture Prince Rupert without automobiles, electric light, steam heat or telephone.
Lastly, before buying lumber, building materials, or fuel, consult ALBERT & McGAFFERY, LIMITED, who are in a position to quote prices to your advantage. Phones 116 and 117.

Preparations For Recital

Reports of progress in connection with the forthcoming recital to be given in the Capitol Theatre on April 20 by the Prince Rupert Singers were received yesterday at the regular monthly business meeting of the Prince Rupert Gyro Club under the auspices of which the entertainment is to be staged. William Mitchell and L. W. Waugh are principal members of the Gyro committee in connection with the entertainment.

It was pointed out that neither H. N. Brocklesby, director, or the singers would receive any remuneration as a result of the recital, the entire proceeds to be applied to the Gyro Club's relief funds. The singers, indeed, are purchasing their own music.

The luncheon was presided over by William Cruickshank, president, and there was a good attendance of members. The luncheon raffle was won by W. M. Watts.

Parker S. Bonney, logging superintendent for the Pacific Mills, returned to Ocean Falls on the ss. Prince George last night after a business trip to Vancouver.

NEIGHBORS TALK

"I am employed in a theatre and it is a problem to make ends meet, as I help support my mother and sisters. I like to dress well but haven't very much to spend on clothes. To give the appearance of variety to my slender wardrobe I change the color of a dress or stockings as soon as the things become faded. I always use Diamond Dyes for the work—using them as dyes for dresses and as tints for stockings. I have always gotten such perfect results that our neighbors talk about the great number of new things I have."

BROUGHT BACK THE OTHER POUND THEN ASKED FOR "SUPREME"

Within the past few days, since interest has been aroused in Supreme coffee, a local man when buying two pounds of coffee, decided to try one pound of the brand he had been in the habit of getting. He took it home and a few days later returned with the old brand and said he liked the Supreme so well that he wanted to exchange his old brand for it. It was the freshness, the aroma and the scientific blending and roasting of Supreme that made it preferable to coffee he had been using formerly.

Plane Crashes On Takla Lake

N. C. Terry, air engineer for the Canadian Airways, arrived in the city on the Prince George this morning from Vancouver and entrained this afternoon for Burns Lake enroute to Takla Lake where he will do work on one of the company's planes which crashed last Saturday afternoon and was extensively damaged. Pilot E. P. H. Wells and Air Engineer W. Faulkner were not hurt in the crash.

R. G. Cunningham, well known pioneer resident of Port Essington who has been spending the winter in Bermuda and elsewhere on the Atlantic seaboard, arrived in the city on the Prince George this morning from Vancouver enroute back to his home on the Skeena River.

ANNOUNCEMENT

Jasper Wildfire Coal is now the hottest in the domestic field. Government analysis shows it to be the highest in B.T.U.'s and less ash. It starts quick and lasts longer. Furthermore, for your benefit don't think for one minute because our coal is lower in price that we are giving you a cheaper grade as other coal dealers may state to you.

Your next order "Jasper Wildfire," egg or lump. Note our adv. for cash prices and save your dollars. (1f) Hyde Transfer—Phone 580

Last Hockey Fixtures Played Last Night—Play-offs to Be Staged Next

MONTREAL, March 23.—Final games on the schedule of the National Hockey League were played last night.

The Montreal Canadiens, who have won first place in the Canadian section for the second consecutive season, defeated Toronto Maple Leafs.

New York Rangers, with first place in the American section clinched, dropped a close decision to the Detroit Falcons at Detroit.

New York Americans defeated the star-dwelling Boston Bruins in a heavy-scoring game at Boston.

Last night's scores: New York Americans 8, Boston 6. New York Rangers 4, Detroit 5. Toronto 2, Canadiens 4.

CAR SHOPS WIN CRIB

Defeated Round House Last Night to Take Championship of C. N. R. League

Defeating Round House by a score of 15 to 12 in the final play-off last night between winners of the two halves of the season, Car Shops last night won the Canadian National Recreation Association Cribbage League championship.

The Car Shop team has now issued a challenge to the winners of the City League—Grotto—to a city championship match.

Return Bout to Be Staged in Oakland on April 30, It Is Announced

OAKLAND, Cal., March 23.—Max Baer, California heavyweight, and Tom Heeney, veteran Australian pugilist, have been signed up for a return bout here on April 30, it was announced yesterday.

HERMAN IS SIGNED UP

Big Outfielder to Receive Salary of \$16,500 From Cincinnati Reds

TAMPA, Fla., March 23.—Babe Herman, principal figure in a big trading deal of baseball players between the Cincinnati Reds and Brooklyn Robins last week, who arrived here a few days ago, signed his contract with the Reds yesterday. It is understood the big outfielder is to receive a salary of \$16,500.

TOUR FOR PHAR LAP

AGUA CALIENTE, March 23.—Phar Lap, Australian wonder horse, who won the \$50,000 Agua Caliente Stakes last Sunday, will be unable to run in the \$5,000 Handicap to be staged next Sunday, it was announced by his owner yesterday.

After a few days' rest, Phar Lap will be taken to the Tanforan Track in San Francisco where he will start a circuit of American tracks.

SPORT CHAT

Empress Still Leads Part of Billiard Match

Another game was played last evening in the Junior Billiard League fixture from Monday night Earl Batt (League of Nations) defeating Paul Johnson (Empress) by a score of 200 to 171. So far, the aggregate score for the fixture is 371 to 313 in favor of Empress with three more games to be played.

ALICE ARM SPORTS CLUB HOLDS PARTY

ALICE ARM, March 23.—A big card party and dance was held on Friday night in the Alice Arm Hotel by the Junior Sports Club. There was a large attendance and a very enjoyable time was spent by all. Delicious refreshments were served.

The final games for the city senior and junior basketball championships will be played this evening. The C. N. R. A. won the first game of the series in the senior division and have a 13-point lead. The Panthers will have to press hard all through the game to overcome that lead. As a result the game promises to be exceptionally thrilling. The Scouts have a bare two-point lead over the Japanese. Such a lead is negligible in a basketball game. This game may prove to be the equal of the senior game in thrills, because these boys are well coached and play an excellent brand of ball. An exhibition ladies' game will precede the senior tussle.

WEATHER REPORT

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.
 Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.
 Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

New Province in North With Prince Rupert as Its Port is Visualized

(Continued from Page 1)

oped and brought in to its own, if Canada is to be squared out on the Pacific as it should be, then we must have a Portland at Prince Rupert and a Seattle at Stewart with corresponding cities in the interior of Northern British Columbia and Alberta which will never be done by the governments of Alberta and British Columbia, regardless of the color of their politics or the stripe of their religion.

In making his plea for the new province for the northern section of the two western provinces, Mr. Rideout goes at length into the difficulties under which the north labors and the apathy of the governments of each of those provinces in dealing with and developing the north. He sees how other provinces expanded the moment they were formed into separate governmental units. He sees both British Columbia and Alberta top-heavy with huge undeveloped territory in the north and the governmental activities in the south. A strong local government on the ground he sees as the only means of giving these districts a real chance.

Mr. Rideout tells of the hopes of the Peace River settlers and of their difficulties, especially those to the westward in the Peace River block. He declares that the governments of Alberta and B. C. are as far away as the Arctic Ocean and the interests of the north are wholly apart from those of the south. He tells of the visits of Sir Henry Thornton and others and of what they said and of the later lack of interest and action. He suggests that Sir Henry has fallen asleep and is to be awakened only by Mr. Beatty rapping at his door. He accuses the members representing the north as not being alive to the interests of the north but too much intent on supporting

STEWART

There were approximately 140 persons in attendance at the St. Patrick's Day dance held last Thursday night in the North Star Hall by the Catholic Women's League. The affair was one of much enjoyment, guests being present from Hyder as well as from Stewart. The hall was appropriately decorated for the occasion. A musical program which was offered during the evening included vocal solos, all with Irish theme, by James Morrice, F. H. Hoadley, E. T. Applewhite and W. D. Smith.

James McAleenan, proprietor of the Stewart Hotel, left last week for a trip to Vancouver and elsewhere in the south.

PICTURE IS THRILLING

Excellent Acting and Marvellous Make-up Seen in "Frankenstein" at Capitol

May Shelley's famous thriller-novel "Frankenstein," adapted by John L. Balderston, who so successfully dramatized "Dracula," makes a hair-raising picture to be shown as the mid-week attraction at the Capitol Theatre here. Adults who enjoy a good horror story will find that this perfectly fills the bill. Like "Dracula" and "Dr. Jekyll and Mr. Hyde," it is not a picture to be recommended for children.

The story is about a young scientist, Frankenstein, who manages to make a living thing, a horrible monster, who soon gets beyond his creator's control and causes fearful havoc.

Colin Clive, who came over from England to play Captain Stanhope in "Journey's End," is excellent as the almost mad young scientist, Boris Korloff, marvellously made up, is horrifying and unforgettable as the monster. John Boles is good in a minor role and Mae Clarke is a pretty little heroine.

The management is inaugurating an innovation tonight by bringing back the great musical picture "Dixiana," starring Bebe Daniels, for the one showing.
