Invaders Force Their Way Past Very Stiffly Defended Village and Inflict Defeat Upon Defenders

Week-End Fighting Was Terrific—Slowly Retreating Second Chinese Line Slashed—Invaders Make Gradual Movement Forward

SHANGHAI, China, Feb. 22.—The Japanese army forced its way past and around the stoutly defended village of Kiangwan this afternoon. It was the most terrific attack since hostilities began Saturday and slashed terribly a slowly retreating Chinese second line. There was fierce fighting over the week-end as the invading forces gradually made their advance in the face of stiff resistance.

Executives and people of the Special Indian Reserve, Essington Concert Band, Ladies' Auxiliary and Essington Basketball Club all took part in the services rendered for the late Chief.

Those sending flowers were: Mrs. Matilda Pollard, Mr. and Mrs. Howard Starr, Mrs. M. D. Holland, Women's Auxiliary, Essington Special Indian Reserve, Ladies' Aid of Vanarsdol, Essington Basketball Club, United Church Choir, Helen Brown, Rosa and Grace Spalding, Doreen Roberts, Nina Spalding, Eileen Wesley.

Everything Blew Up But Me, Said Victim of Blast

STEWART, Feb. 22.—"Everything blew up and blew out of the kitchen but me," was the manner in which Mrs. Cora McEachern, Brightwell Street, described her experience when the frozen waterjacket in her kitchen range exploded.

She was standing warming her hands in front of the range shortly after lighting the fire, when the blast occurred.

Although large fragments of iron were driven through the ceiling and through one partition, Mrs. McEachern escaped with minor cuts. All her crockery was smashed and the furniture was badly damaged.

NO WORD RECEIVED

Veteran Northern Aviator and His Woman Passenger Still Missing Today

No further word has been received of Pilot William R. Graham, experienced northern flyer, and his passenger, Mrs. Edna Christofferson, Portland newspaper and sportswoman, who have been missing in their Belanca airplane since last Monday afternoon while on a hop from Hazelton to Atlin in the course of a projected flight to the Arctic Ocean to salvage the cargo of the lost fur trading steamer Baychimo. Fresh snow and excessively cold weather in the north may hamper search operations which, it is supposed, will be commenced soon. Temperatures ranging from 26 to 70 below zero were reported this morning from various parts of the Yukon. Alice Arm had two feet of snow since yesterday and Hazelton one foot of fresh snow.

Small Appropriations Made For Northern British Columbia by Federal Government

Estimates for Northern British Columbia presented recently in the House of Commons at Ottawa included \$2,500 for renovation of the heating plant in the federal building at Atlin, \$12,000 for improvements from Hudson's Hope to Canyon Coal Mines in the Peace River Block and \$1,400 for wharf extension at Port Clements.

PASSES IN VANCOUVER

William Henry Wall, Veteran Mining Engineer and Drilling Contractor, Had Two Daughters Here

Mrs. Alex McRae and Mrs. G. A. Hunter of this city received word this morning of the sudden death in Vancouver at 9:30 last night of their father, William Henry Wall, M.I.M.E., veteran mining engineer and diamond drilling contractor of that city.

Born in South Staffordshire, England, December 11, 1857, the son of the late Thomas and Hosannah Wall deceased came to this province via Cape Horn at the age of six years. He was machinist at the Nanaimo coal mines from 1883 to 1888, master mechanic from 1888 to 1903, and was later manager of mines of the Canadian Collieries both at Nanaimo, Wellington and Cumberland. He was later engaged in diamond drilling contracting in Alberta and British Columbia and had made his home in Vancouver for some thirty years.

Mr. Wall was predeceased by his first wife some sixteen years ago and by his second wife last summer. He is survived by five daughters—Mrs. E. M. Cripps of Vancouver, Mrs. Alex McRae of Prince Rupert, Mrs. L. Randall of Powell River, Mrs. James Whyte of Stillwater, and Mrs. G. A. Hunter of Prince Rupert—and four sons—F. A. Wall, Jr., J. T. Wall, O. H. Wall and C. W. Wall, all of Vancouver. Dr. Wall in the early days was staff doctor of the Prince Rupert General Hospital, and O. H. Wall was formerly manager of the branch of the Royal Bank of Canada at Telkwa.

The late Mr. Wall visited Prince Rupert about three years ago and some twenty years ago was engaged in drilling for coal and oil on the Queen Charlotte Islands.

REASONS FOR OPTIMISM

According to Roger Babson, business is only 21 percent below normal today, whereas, this time last year it was 31 percent below. That is a very great improvement to register in twelve months. Lying in bed in a hospital in Florida, Babson is still writing optimistic articles for the press. In a recent copyright article the eminent statistician states that conditions are much better everywhere in the United States today than what they were ten years ago.

COST IS TOO HIGH

Owing to her financial condition British Columbia has had to pay six and a half percent for money she is borrowing. The interest on five million dollars will prove a great handicap to future developments. Also it is an advertisement to the world that all is not well with British Columbia finances.

ANOTHER MINISTER SPEAKS

Hon. H. H. Stevens, in a letter to the municipal council of North Vancouver, refutes the statements that the reason for unemployment relief failure was due to the federal government. He repeats a good deal of what the minister of labor said recently but he also declares that vouchers for \$1,500,000 were not properly drawn and included items not allowed in the agreement and had to be sent back for correction.

Sores Broke Out All Over Her Body

Mrs. T. E. Giff, Kelwood, Man., writes: "My little daughter's hands and arms broke out in sores which spread all over her body. Nothing I tried gave her any relief until I got a bottle of Burdock Blood Bitters, and I could see an improvement, as the sores began to disappear. I gave her three bottles and she has had no more trouble."

PROVINCE IS USED WELL BY OTTAWA

Writes Prince George Newspaper Defending Position of Bennett Government Against Tolmie Statements

J. A. Fraser, M.P. for Cariboo federal riding, writes to the Prince George newspaper defending the position of the Bennett government against statements made by the Tolmie government that the federal authorities were responsible for the shutting down of relief work. He outlines the works approved by Ottawa and appends a copy of a statement made by the minister of labor at Ottawa as to the blame for the present unsavory condition.

The projects presented by British Columbia and approved by Ottawa aggregate six million dollars, covering the trans-Canada highway construction, provincial highways, municipal and other works, and when the federal government agreed to bear one-half of this six millions, it took for granted that British Columbia and the municipalities would be able to finance the other half. Up to date the federal government has advanced to the province of British Columbia \$2,300,000. Of this sum \$1,800,000 represents part of the Dominion's half, and \$500,000 is a loan on account of British Columbia's half.

Each project submitted by the province and approved by the federal government was numbered, and according to the agreement, the Dominion government was to be supplied with full details on schedule forms to cover the different provincial and municipal projects, but, even to this date, the full details of the municipal projects have not been received by Ottawa from the provincial authorities. Payments were to be made from the federal to the provincial government on receipt by Ottawa, of certificates of expenditure for each specific project, but there was considerable delay on the part of the province in forwarding these certificates, and as the province was in need of funds to finance both provincial and municipal operations, advance payments and a loan totalling \$2,300,000, were made by Ottawa. Provision has been made by the federal government to send an additional \$225,000, on Monday next, in connection with provincial works.

Under the Dominion and provincial agreement, municipal works in British Columbia have been approved in the sum of \$2,749,746, and naturally the department of labor has been awaiting the receipt of schedules and certificates of expenditure, but up to this date certificates amounting to only \$235,000 have been received at Ottawa. The federal representative at Vancouver has informed the department that he expects to receive shortly certificates of expenditure on account of provincial works amounting to about \$1,000,000, and when these accounts are received and checked at Ottawa, the provincial government will be credited with the amount of these against advances already made. By the original agreement, the terms were that all payments by the federal government should be made as and when Victoria submitted vouchers and certificates of expenditure.

One difficulty has arisen between the federal government and the province of British Columbia which in the opinion of this government is not insuperable, and that is the province has apparently been unable to forward its vouchers in accordance with the agreement promptly enough to enable it to properly carry out its financial obligations to the municipalities and to the banks. The federal government has insisted that these vouchers be forwarded in accordance with the terms of the agreement, but owing to the distance of British Columbia from Ottawa and to the fact that the works carried on are in areas scattered all over that great province, certain delays have necessarily occurred in assembling, checking and forwarding vouchers. Recognizing this, the federal government has made advances in anticipation of the receipt of these vouchers.

Briefly summarizing the situation is that, in view of the financial condition of British Columbia, the Dominion on December 1, last, loaned the province one half million dollars to help it finance its share of relief expenditures. On the same date the Dominion sent to British Columbia another

BURNS LAKE

Mr and Mrs. Robert Lowe and their two daughters returned to Burns Lake last Wednesday night after having spent about eight months holidaying in England and Scotland. J. S. Brown, who went over with Mr. Lowe, returned before him and is now making satisfactory recovery following an operation for appendicitis.

Miss Killop of Decker Lake, who is quite a skiing enthusiast, made a skiing trip to Burns Lake last Wednesday.

Mr. and Mrs. C. R. MacLeod left last week for Vancouver en route to Penticton to which city Mr. MacLeod has been transferred as manager of the Royal Bank of Canada. Local friends presented them with a substantially filled purse as they departed. W. Heberton, who has been accountant at Kelowna, has assumed the post of manager of the local branch in succession to Mr. MacLeod.

Frank Matthias, Francois Lake sawmill operator, was a visitor in Burns Lake at the first of last week. He reported the sawmill business as being very quiet.

J. D. Moore, government agent at Fort Fraser, was a visitor here last week on official business.

Anselm Keller of Francois Lake was a business visitor in town at the first of last week.

The marriage took place in the United Church Manse here last Wednesday, Rev. E. S. Fleming officiating. Mrs. Mabel Witherington O'Neill, daughter of Benjamin Roberts of Colleymount, to M. J. Brewer, well known pioneer rancher of Madina. Witnesses of the ceremony were Mrs. Fleming and Mrs. L. E. MacKeen. The couple are well known throughout the district and will have the hearty congratulations and best wishes of many friends.

Miss Violet Carrier was elected Queen of the recent Island Ski Club carnival.

PRINCE GEORGE

Holding the opinion that the teachers are under contract for a year and that it has no right to make any revisions until June 30, the local school board has decided not to cut salaries of local school teachers in the meantime. The salaries of janitors and school nurse have, however, been cut. Total school estimates here for the year amount to \$31,277.10 which is about \$2,000 below last year's actual expenditure.

Sigurd Oak, aged 22, died in the local hospital on Tuesday last from complications following his exposure to a flow of gas in the bottom of an 88-foot well which he was engaged in sinking on the farm of Alfred Larson on the Quesset highway. The funeral was held here on Friday last with Rev. Erich Hopka, Lutheran Church minister, officiating.

The big sawmill plant at Giscome is to resume cutting lumber early next month if weather conditions permit, it is learned here. Both sawing and planing mills will be in operation and employment will be afforded about 150 men.

one-half million dollars as an advance payment on the Dominion's share of the unemployment relief, with the understanding that when accounts of expenditure were received from the province they would be applied against this advance.

On December 23 a further advance of \$800,000 was made and on January 20 there was still another advance of \$500,000, on exactly the same basis, pending approval of accounts, which it was understood were to be rendered immediately.

The Dominion government has arranged to send an additional \$225,000 on Monday next, on account of provincial works.

Apart from the relief work, there has been a straight loan to British Columbia of \$3,371,000 to permit that province to meet New York maturities.

The Letter Box

BEER PARLORS

Editor, Daily News:— In the report contained in the Victoria Times, of the delegation of prohibitionists who appeared before the provincial cabinet, among other statements made by the Rev. R. J. McIntyre, the following is remarkable:

"The Rev. R. J. McIntyre also charged that minors were admitted to many beer parlors and that women of low character were known to solicit in such places."

The public is getting used to wild and irresponsible statements made on this subject but when a direct charge of this kind is made by the reverend gentleman surely he should be made to prove it.

One of the Ten Commandments says: "Thou shalt not bear false witness against thy neighbor."

The position is this, either the Rev. McIntyre can either prove his statements or he was speaking in his usual irresponsible way, and also as usual regardless of facts.

Why does he not lay his information before the Chief of Police? "It is an ill bird that fouls its own nest," but judging from past performances Rev. R. J. McIntyre is continually making lurid and sensational statements, products of a fanatical mind, and the abnormal craving for the publicity his inflated "Ego" demands.

TRAINED NURSE BROKE DOWN

Nervous Gone, Margaret Owings Learned Value of Dr. Williams' Pink Pills—Mrs. O'Connor Likewise.

"I am a trained nurse," writes Margaret Owings, of Edmonton, Alberta. "One year ago, in the midst of one of my busiest seasons, I collapsed. I was a total wreck; my nerves gone. Best and ordinary treatment failed to restore me. I knew that Dr. Williams' Pink Pills were good, but did not realize how really beneficial they were until I started to take them. The change in my condition was wonderful. The color came back to my cheeks. I am stouter by 20 lbs. than six months ago, and stronger."

Strenuous days have no effect now upon my nerves. I am again nursing, thanks to Dr. Williams' Pink Pills."

Mrs. James E. O'Connor, Godfrey, Ont., writes: "After my first baby was born, I had a breakdown. I could not sleep, eat or sit still. One day a neighbor told me to try Dr. Williams' Pink Pills. Before I had one box taken, I was feeling better; I continued taking the Pills until completely well. I also give them to my growing girls, with great benefit."

Dr. Williams' Pink Pills earn such praise as this because they actually rebuild health by enriching the blood. Nervous, rundown conditions yield to this long-tested remedy. Young girls are wonderfully helped in their growth and development. Your druggist has Dr. Williams' Pink Pills in the new protective glass vials. 50c a package. 25¢

SCHOOL GIRL WAS USING ONLY ONE EYE

This is quite a common occurrence with people who think they have real good eyes. Local school girl did not think she needed glasses but examination by Geo. F. Davey, Reg. Optometrist in charge of the Optical Dept. of Max Heilbroner, Jeweler, showed her left eye to have very poor vision and not in use at all. Proper glasses not only brought the eye back to normal vision but removed the great danger of the eye turning to a case of "Cross Eyes." An examination will give you the facts about your eyes and our charges are very reasonable.

BUYING OF LABRADOR

Canada Must Buy It Or Else German Syndicate May Obtain Control

OTTAWA, Feb. 22—Canada must choose, within a few months, between purchasing the territory of Labrador for \$100,000,000, or seeing its incalculable power and timber resources pass for 99 years into the control of a German syndicate.

Such is the ultimatum which has been submitted to the federal authorities here by Sir William Coaker, minister without portfolio in the Newfoundland government, which owns Labrador.

Canada has already been offered the territory at the price specified, but has hesitated to pay it in view of existing economic conditions. In some quarters it has been hinted that Ottawa is hoping to see Newfoundland enter the Canadian confederation; but Coaker declares there is no possibility of this.

An Acute Crisis

Newfoundland, he admits, is in acute financial difficulties at present; "but," he insists, "rather than sacrifice political independence we will struggle on for years in poverty."

Coaker reveals that a German syndicate has already offered \$100,000,000 for 99-year rights to Labrador's resources, but states that Newfoundland felt itself bound to give Canada refusal of the purchase, with a warning, however, that the offer cannot remain open long.

The Grand Falls, on the Hamilton river, in Labrador, it is estimated, produce 5,000,000 horsepower which will be worth \$250,000,000 as soon as wireless transmission of electric power becomes practicable, which engineers predict will be within a very few years.

Coal and Pulpwood

In addition, Labrador's pulpwood resources would be sufficient to supply the four 1,000-ton mills daily, and the district is known to be rich in coal deposits, while the presence of gold and other valuable minerals is also hinted.

Now highly prized for its industrial possibilities, Labrador in bygone centuries was regarded as a more or less worthless pawn and was several times traded from Newfoundland to Canada and back again. Canada still claimed ownership of the area, which is a part of the Canadian mainland, until the ruling of a privy council two years ago awarded it finally to Newfoundland.

This session of Parliament here is likely to see a strong demand by Liberal members for light on the government's negotiations with Newfoundland, and also as to the possibility of the latter's being invited to become the tenth province of Canada.

"How do they do it?"

Among your friends there's sure to be at least one smart young married couple who are the envy and admiration of all who know them.

With an income that is frankly abbreviated, and with no benevolent Aunts in the offing, they still have a home that is correct and comfortable in all its appointments, a home that is admired and copied by their friends.

"Yes, Jane is a remarkable little manager," will probably be the young husband's proud answer. And there is little doubt about it.

THEY DO IT THIS WAY

Take a look around that home and you will find no end of well known advertised products. For Jane is an efficient little manager. She can't afford to take chances that must only be debited to "Experience." When she buys for her home she must get tried and tested and trusted products which carry an honorable name to guarantee her satisfaction.

You will find that Jane is a consistent reader of the advertisements. Are you?

Bring Back Prosperity By Eating More Fish

PRINCE RUPERT PEOPLE URGED TO SUPPORT THE BIGGEST INDUSTRY THE CITY HAS BY KEEPING EVERY FRIDAY A FISH DAY AND USING THE LOCAL PRODUCT OFTEN

Prince Rupert's biggest industry is fishing. A large section of the local people are engaged directly in the industry and all others depend on the success of the fishing to keep their businesses going or to provide their salaries. For that reason it is desirable that as much fish as possible be consumed locally.

Who can help in this? Nearly every person can do something.

FISH BUYERS AND WHOLESALE DEALERS can help by making fish easily accessible to local merchants at the lowest possible price consistent with the price paid to the fishermen.

LOCAL STORE KEEPERS can help by displaying fish in their windows periodically—at least once a week—and including fish in their advertising.

HOTELS AND RESTAURANTS can help by keeping local fish well to the fore in their daily menus.

ALL HOUSEHOLDERS can help by providing a fish meal as often as possible, at least twice a week and by insuring that it be cooked and served in the most appetizing manner possible.

CITIZENS WHO ARE NOT HOUSEHOLDERS can do their part by asking for fish whenever possible and making suggestions as to methods of cooking and serving.

If Prince people lead the way, others will follow. Every pound of fish consumed locally is a help to the fishing fleet on which the city depends.

Fish produced and marketed at Prince Rupert includes Halibut, Salmon, Cod, various varieties of Flat Fish, Crabs, Shrimps, Oolachan, Herring and Kippers.

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism. Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication. Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

Toronto Maple Leafs Drop to Sec-ond Place in International Di- vision of Hockey League

DETROIT, Feb. 22.—By virtue of playing a tie game here last night with the Detroit Falcons, Montreal Canadiens were able to take exclu-sive possession of first place in the international division of the Na-tional Hockey League.

The Toronto Maple Leafs, who had been tied with the Canadiens, suffered a three to nil defeat at the hands of Montreal Maroons at Montreal Saturday night.

The Chicago Black Hawks de-feated Boston Bruins two to one at Chicago last night and took sole possession of second place, the Fal-cons having been formerly tied with them.

New York Americans took a close three to two victory over New York Rangers last evening.

Week-end scores were as follows:

Table with 2 columns: Day, Scores. Saturday Scores: Toronto 0, Maroons 3. Sunday Scores: Canadiens 1, Detroit 1. Boston 1, Chicago 2. New York Americans 3, New York Rangers 2.

SPORT CHAT

Ideal weather conditions favored the fifth annual ski tournament under the auspices of the Omineca Ski Club which was held a few days ago at Burns Lake. Knute Nyssen, captain of the Smithers Ski Club, won the 18-kilometer race with a slight lead over Pete Sandnes of Prince George. Sandnes took first in the combined, second in the 18-kilometer and third in the 50-kilometer event. Karl Lindas of the Omineca Ski Club won first in the 50-kilometer marathon. L. Lundmark of Prince George was second and Pete Sandnes of Prince George third.

Miss Avis Wall of Smithers was winner of the carnival queen contest and she was crowned by the retiring queen, Miss Dorothy Mac-Gowan. Her maids of honor were Miss Irene Smith and Miss Ruth Mohr. Following a coronation banquet, the queen of the carnival distributed the prizes to the adult competitors. In this she was assisted by A. M. Ruddy, president of the Omineca Ski Club; John Berg, treasurer, and Lyster Mulvaney, third. This meet of the Omineca Ski Club, pioneer event of its kind in the central interior, was quite as successful as any of its predecessors.

TERRACE DEBATE

Individual Tradesmen Held More Beneficial Than Chain Stores

TERRACE, Feb. 22— "Resolved that Chain Stores are of more Benefit to the Community Than Those Owned and Operated by Individual Tradesmen."

The above subject was debated in the Oddfellows Hall on Thursday last. The event was held under the auspices of the Native Sons of Canada.

The following debaters representing the Kitsumgallum Literary and Athletic Society upheld the affirmative side—Stewart McLeod, Lloyd Johnston, and Lewis McKenney—while Tom Marsh, Floyd Frank and Vernon Glass, representing the Native Sons, upheld the negative.

The outstanding arguments of the affirmative side were:

1. Efficient organization and administration enable the chain-stores to sell for less.
2. Owing to a more rapid turnover of stock the chain store has much more buying power than the private dealer.
3. The chain-store sells for cash only, thereby making it unnecessary for good credit customers to support poor credit customers.
4. The chain-stores are clean and sanitary. The clerks are capable, courteous, and efficient.
5. The chain store makes regular donations to charities in the community.
6. Chain stores have been in business for many years, thereby showing their value to the community.

Negative Claims

The members of the Negative side based their claims on the following points:

1. Chain stores merely rent space to carry on business; they invest no money in buildings or homes in the community.
2. The chain stores sell for cash. Many people cannot pay cash at certain times but must depend on store-keepers who give credit.
3. Chain-stores employ clerks at the lowest possible wages thereby creating want, unhappiness and many social problems.
4. Chain-stores tend to lower factory wages by forcing wholesalers to reduce prices.
5. Chain-stores do not subscribe to community needs to the same extent as do individual tradesmen.
6. Profits earned by chain-stores are sent to some distant headquarters. The community therefore loses the benefit of this money.

Decision Is Given

The judges, Mrs. Hall, Mrs. Riley, Mr. Mitchell and Mrs. Burnett, brought in a decision in favor of the negative.

The speakers on the affirmative showed definite signs of promise as debaters, but were somewhat hampered by lack of experience. No doubt their style will show improvement in the future.

The negative side were easy victors, due to their more mature judgement and experience. Mr. Tom Marsh was the best speaker of the evening.

During the evening a very enjoyable program was presented by the High School pupils. This was followed by dancing, music being supplied by the "Town Orchestra" and by Mr. McLaren. Toothsome refreshments were served at midnight.

R. W. Riley, President of the Native Sons, outlined the aims and

Travel Booklet Of Interest Issued By Government

A travel booklet of more than usual interest has just been issued by the Provincial Information Bureau, under the title of "British Columbia's Picturesque Highways."

In its forty pages it covers all the main highways of the province, and an idea of its scope is gathered from the index, which shows sections devoted to each of the following—the Island Highways; Vancouver to Kamloops via the Fraser Canyon; to Penticton via Spence's Bridge, Merritt and Princeton; the Cariboo Road from Lytton to Hazelton; the Okanagan Valley; and the West and East Kootenays.

It is profusely illustrated in distinctly novel fashion, the cuts being arranged to simulate strips of motion picture film, each strip being accompanied by a strip map of that particular section.

Prince Rupert is fittingly mentioned in the booklet.

Twenty Years Ago In Prince Rupert

There is trouble in the Toy camp here. Members of the old Prince Rupert Conservative Association are at outs with those of the Progressive Association over allotment of executive seats. Bitter denunciations have been voiced.

The building on Centre Street, which has been used as a City Hall, must be moved to make way for the clearing of the railway station site. The City Hall staff will be temporarily housed in the Fire Hall pending completion of the new City Hall building.

James J. Galkins, well known real estate man of this city, has been married in Seattle to Miss Catherine King of Denver.

'Mind' Subject of Lesson-Sermon Science Church

The subject of the lesson-sermon in all Christian Science churches and societies on Sunday was "Mind."

Among the Bible texts included in the lesson-sermon was the following from Philipians 2: 3, 5: "Let nothing be done through strife or vainglory; but in lowliness of mind let each esteem other better than themselves. Let this mind be in you, which was also in Christ Jesus."

The lesson-sermon also included the reading of citations from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, one passage being as follows: "It should be thoroughly understood that all men have one mind, and God and Father, one life, truth, and love. Mankind will become perfect in proportion as this fact becomes apparent, war will cease and the true brotherhood of man will be established." (page 467.)

Would Reopen Their Hospital

Stewart Board Seeking Renewed Financial Support For Institution

STEWART, Feb. 22:—Efforts are being renewed here with a view to reopening the Stewart General Hospital which, for financial reasons, was recently closed down. The hospital board has appealed to the board of village commissioners for financial aid. The commissioners, while unable to give much help at present, have promised that they will give all possible financial assistance.

The Christian Science Society of this city, starting Wednesday of next week, will, thereafter, hold its meetings in the Besner Block on Third Street in the vacant store premises next to G. P. Tinker's office. For many years the Society has held its meetings in the Hays Block on Second Avenue.

TERRACE PROGRESS

Interior Municipality Is In Fine Shape Financially—Incorporation Proves Valuable

TERRACE, Feb. 22—The financial statement of the village municipality of Terrace shows that total arrears of taxes for the four years since incorporation amount to only \$221. Four years ago the commissioners started without a dollar in the treasury and at the end of 1931 there was \$1,360 in the bank with assets including waterworks valued at \$10,000.

The waterworks department is paying a dividend of more than eight percent. Several public projects, including building of new roads, have been carried out since incorporation.

After spending annual vacation ashore in Vancouver, Capt. W. W. Mouce has returned to his duties as pilot on the steamer Catala. Capt. J. E. Boden, who was relieving on the Catala during his absence, is now pilot aboard the Cardena.
