ALL THE TRAFFIC WILL BEAR

It is customary in the railway business to give special rates for carrying commodities, depending to a large extent on how much the traffic will stand. Just now the railways are giving a rate of \$6.75 a ton for carrying coal from Alberta to Ontario with the double purpose of encouraging the coal industry in Alberta and providing the people of Ontario with Canadian fuel. Whether the coal can be carried for that amount seems doubtful but the industry in Alberta provides a good deal of business for the railways in carrying passengers and supplies. This business is created partly through the low rate on carrying the coal.

Apply this principle to the carrying of cars between Prince Rupert and Hazelton. At present the business amounts to very little. People cannot afford to pay the rate demanded. Cut the \$40 rate to \$15 and it would be used a good deal and there would be passengers to carry in addition.

We are told that the usual rate for transportation of cars is double the rate of carrying a passenger. The one-way passenger rate to Hazelton is \$7.10. That would indicate a reasonable car rate of \$15. To Terrace the passenger rate is \$3.80. A car rate of \$10 would therefore be well within the bounds of reason.

If it were made possible to bring cars to Prince Rupert at the rate mentioned, it would pay the city to go out after the business of those touring in their cars in British Columbia. At present it is out of the question.

If tourists got the habit of driving through to Prince Rupert from Vancouver, bringing their cars on the train, they would spend a good deal of money at all interior points and the people there would use the railways more, ship in more goods and there would be a general improvement in business conditions. If all united in this reasonable demand, the whole north country would benefit.

REUNION EXPECTED

Return of Lindbergh Baby to Parents Believed to Be Only Matter of Hours

HOPEWELL, N.J., March 9:—There was an air of tense expectancy at the home of Col. and Mrs. Charles A. Lindbergh last night that their 19-month old son, who was kidnapped on Tuesday night of last week, would be returned to their arms within a very short time. An unofficial report state that the happy reunion was only a matter of hours removed.

While he did not definitely state that communication had at last been established with the kidnapers, Col. Lindbergh appeared to be more optimistic than at any time since the baby's disappearance. Harry Johnson, chauffeur, was still in custody and it was stated by the police that all members of the Lindbergh household would remain under surveillance until the child was safely returned.

Police at the Lindbergh home stated flatly today that the kidnapped baby was not in either the Lindbergh or Morrow homes and that they knew nothing of a report emanating from Boston that the child has been returned.

Funeral By Ministerial Association

The funeral of the late Mrs. F. W. Dafoe, wife of the pastor of First Baptist Church, will take place tomorrow afternoon from the Baptist Church. The service will be under the direction of the Prince Rupert Ministerial Association. Rev. W. D. Grant Hollingworth, pastor of First Presbyterian Church and president of the Prince Rupert Ministerial Association, will be the officiating clergyman with Very Rev. James B. Gibson, dean of St. Andrew's Anglican Cathedral, and Rev. Alfred Wilson, pastor of First United Church, assisting.

The late Mrs. Dafoe, who was born in 1868, passed away at her home on Cotton Street on Monday afternoon.

ENROLMENT IN SCHOOLS

Total Attendance in February Was 1155, Summary of Principals' Reports Show

A total attendance in city schools of 1155 pupils was revealed by monthly reports of principals presented last night at the regular monthly meeting of the board of school trustees. The attendance for the month summarized school by school was as follows:

	Boys	Girls	Tot.
High School	116	137	253
Booth School	267	256	523
Borden Street	152	150	302
Seal Cove	33	20	53
Westview	12	12	24
Totals	580	575	1155

The manual training department reported 197 pupils in attendance and domestic science classes, 31 1/2.

Percentage attendance: High School, 97; Booth, 96.87; Borden, 97.6; Seal Cove, 99.6; Westview, 98.43.

School savings: Booth, \$47.86; Borden, \$26; Seal Cove, \$10.70; Westview, \$6.26.

SALARIES DISCUSSED

Board of School Trustees Goes Into Private Session Following Regular Meeting

Following adjournment of the regular monthly meeting last night, the board of school trustees went into private session to again discuss the matter of teachers' salaries. It was reported recently that the Teachers' Federation had voluntarily offered to accept a 10% cut in salaries.

A communication read at the meeting from Hon. Joshua Hinchliffe, minister of education, expressed some doubt as to whether a new schedule of salaries could be put into effect before September 1, the start of a new school year.

C.P.R. steamer Princess Norah, William Palmer, arrived in port at 9:45 this morning from Vancouver and sailed at 1:30 this afternoon for Skagway and other Alaska points whence she is scheduled to call here next Sunday afternoon southbound.

Budget Can Be Balanced Without Onerous Taxation, Minister Says To Delegation of Business Men

VICTORIA, March 9:—The budget can be balanced without onerous taxation and such additional taxation as may be necessary will fall with the lightest possible weight on the people, Hon. J. W. Jones, minister of finance, told a representative group of British Columbia business leaders who waited upon the government yesterday. Mr. Jones announced that expenditures would be cut to the bone and promised treasury control of all British Columbia outlays to be introduced this session.

Seven Percent Gas Tax Is Coming; Impost On Fuel Is Also Expected

Municipal Grants Will Not Be Interfered With But Cities Will Have to Pay Mothers' Pensions, Etc.; Graduated Income Tax

VANCOUVER, March 9:—A special dispatch from Victoria to the Vancouver Daily Province forecasts a seven percent gasoline tax, a probable tax on liquor, no interference with government grants to municipalities but municipalities will be charged with the full cost of mothers' pensions and treatment of their residents in provincial institutions, a fuel oil tax and income tax at the rate of one percent per thousand dollars of income.

JOHN DORE NEW MAYOR

Mayor Harlan Defeated in Seattle Yesterday By Vote of Almost Two to One

SEATTLE, March 9:—With 404 precincts reported late last night, election of John F. Dore, local attorney, as mayor of Seattle over Mayor Robert Harlan with a vote of almost two to one was conceded. The vote in the 404 precincts was: Dore, 72,142; Harlan, 41,125.

Dore's majority was stated today to be nearly 30,000.

The following were leading in the aldermanic race and their election was conceded: Levin, 75,132; Pitt, 59,596; Mysner, 56,503.

In the contest for school board honors Garrett had 54,218 votes and Griffiths, 39,873, their election being evident.

Wilson had evidently captured the port commissioner seat with 41,411 votes.

Amendments which would have provided for a commission or manager to operate the street car system were rejected. Bridge bonds were approved.

PIONEER IS DEAD

Late Edward Andrew Seebach Had Lived in Prince George District Since 1906

PRINCE GEORGE, March 9:—The funeral of the late Edward Andrew Seebach of McLeod Lake, pioneer trader and one of the colorful figures of the district, took place here on Tuesday afternoon of last week, with a service from Connaught Hill Lutheran Church at which Rev. Erich Hopka officiated. The late Mr. Seebach, who was born in Ontario 46 years ago of German parentage and had resided in this district since 1906; passed away at the local hospital on Sunday after having been a patient there for only a few days.

To Investigate Superannuation

School Board Asked If It Is Prepared to Contribute to Probe Which Is Planned

A communication was read at last night's meeting of the board of school trustees from Norman Baker, superannuation commissioner, inquiring if the board was prepared to pay a share in an actuary investigation it was planned to make into assets and liabilities of municipal superannuation funds. It was the desire to have the investigation carried out as soon as possible, the letter stated. A similar letter has been sent to the city council with which the school board will consult on the matter.

MORE TAXES OR LESS?

In the new school bill introduced into the Legislature by Hon. Joshua Hinchliffe, it is proposed to give the cities greater taxing powers for school purposes.

A great many people have been trying to limit the taxing powers of the cities instead of extending them. To give the right to tax is to encourage more taxing. No matter if the taxes are levied on land or in some other way, they have to be paid and usually it is the same people who pay the land taxes who have to pay most of the other taxes.

What we need today is fewer taxes and lower tax rates instead of more city taxes, more provincial taxes and more Dominion taxes. While we know that the various governments must pay their bills and balance their budgets, we also know that each individual is expected to do the same and when he gets higher taxes from three sources fired at him he feels like throwing up the sponge and not paying anybody.

BUTTERBALLS IN POND

Local people have for the past three weeks been watching a pair of butterball ducks which seem to have adopted the pond in front of the Prince Rupert Club for their headquarters. They spend a lot of time there every day and come and go without any fear. While the pond was frozen over the birds could not use it but immediately it thawed they returned and are still there.

It has been suggested that if the birds are protected they may nest on the edge of the pond. Should they do so it would be a rather unique thing and the young would be quite an attraction to visitors later in the season. To have a bird sanctuary right in the centre of the city would be a most unusual sight.

SUNKEN GARDENS

Some years ago the Daily News suggested that some steps might be taken to form a sunken garden around the pond where the ducks are now in possession. The railway company has done splendid work in beautifying the hill adjoining but the sunken garden offers greater opportunities than anything else in the city. It is already a natural park but the danger is that someone will wish to put a building there some day and deface it. A church is to be erected on its edge as soon as sufficient money has been collected. That will damage it very considerably. We think the church people would be serving the city better by helping to beautify the spot.

It has been suggested that the city should remit all taxes on the garden provided the railway company will beautify it.

SOUR stomach

If fear of what will follow overshadows the enjoyment of your meals, your system may be too acid. Those pangs of indigestion right after eating and that lump you feel in your stomach for hours after, the flatulence and sourness, are the symptoms of over-acidity. Take an anti-acid and neutralize the excess acid. You won't be comfortable until you do. Phillips' Milk of Magnesia will always check that condition of over-acidity. It acts pleasantly, but promptly and most effectively. It supplies needed alkali to neutralize excess acids of the stomach and bowels. Headaches, flatulence, and nausea are promptly relieved. Your digestion will speedily improve. Your appetite will be sharpened. Constipation quickly yields to the

gentle laxative effect of Phillips' Milk of Magnesia. Many make a practice of taking a spoonful or two before meals one or two days weekly. It is a delightful way to keep the system always sweet; and to keep the bowels from growing sluggish; also to guard against auto-intoxication. Phillips' Milk of Magnesia will check a cold in a hurry. Just take a spoonful at three-hour intervals until that weak, achy, feverish condition is gone and your head is all clear. Get a bottle today; read the directions and learn Phillips' Milk of Magnesia's many important uses. For you and the whole family. See bottles at drug stores everywhere in the dominion. Rev. B. S. Procter held a Lenten service in the local Anglican Church Wednesday evening his subject being "The Father's Purpose."

PRINCE GEORGE

One of the chief causes for concern on the part of the men charged with the administration of municipal affairs in Prince George is the steadily shrinking amount of assessable land values through the forfeiture and reversion to the city of non-resident owners. Virtually all the large non-resident owners of property in Prince George have now allowed their property to revert.

The city council here has endorsed a resolution which was passed by the local school board protesting at the action of the provincial government in cutting grants to the municipalities for school purposes.

The city of Prince George broke about even on its financial operations for the year 1921 apart from the fact that a surplus of some \$5000 in the sinking fund account was used up, according to the financial statement for the year of City Treasurer William G. Fraser.

A supply of fresh vaccine arrived here recently and the three physicians of the city are now giving inoculations to all local people who desire. There has been no outbreak of smallpox here so far.

The Fort George District Conservative Association, at its annual meeting, elected officers for the coming year as follows: president, A. McB. Young; vice-president, E. H. Burden; secretary, S. J. Watson; treasurer, M. C. Wiggins; executive, A. E. Sibley, A. B. Moffatt, James Quayle, A. P. Anderson, Levi Graham, F. Bunton, Frank Green, O. N. Haydon, T. Hughes and D. G. Williams.

PORT SIMPSON

Miss Ethel Beynon was the guest of honor at a very pleasant surprise birthday party given by all the young people of Port Simpson on the occasion of her fifteenth birthday.

Work is about completed on the fine new bridge being built by the Indian Department for Port Simpson. The building of this bridge has been left entirely in the hands of the chief councillor and council, who are directing the work under the authority of the department.

Mrs. Ernest F. Dudoward, wife of Chief Councillor Dudoward, was hostess at a dinner given to all who were employed in the building of the new bridge on Wednesday. About 150 were invited in the P. S. A. C. Hall.

Preparations are under way for an official opening of the new bridge on Thursday. W. E. Colpison, Indian Agent, will be here to take part in the ceremonies.

"How to make my old short skirts conform to the new length was a problem to me until I hit on this plan. I dropped the hems; and as the part that had been turned under was darker than the rest, I dyed the entire dress, after having bleached the goods, following directions in the Diamond Dyes package.

"I used Diamond Dyes for the dyeing, of course. I have dyed many things with these wonderful colors. They have saved me many dollars and have never failed to give perfect results—smooth, even colors—fast to wear and washing. Friends think my things are new when I dye or tint them with Diamond Dyes. They do give the most gorgeous colors!"

Trustee J. J. Gillis Thinks \$125 is Exorbitant Price For Electricity In Schools Each Month

In view of the general demand for economy, Trustee J. J. Gillis suggested at the meeting of the school board last night that some steps be taken towards obtaining an amelioration of the exorbitant price now being paid for electrical energy in the schools. He thought that \$125 per month was much too high a cost for electricity used in the schools and moved that the secretary be instructed to communicate with the city utilities committee seeking its support in a move towards getting a more reasonable rate from the Northern B. C. Power Co.

The motion was seconded by Trustee Arthur Brooksbank and carried.

Engstad Heads Field In 50 Kilometer Ski Race and Becomes The Canadian Champion

BURNS LAKE, March 9.—Kaare Engstad of Burns Lake won the Canadian Skiing Championship when he won the combined event at Montreal. He is now on his way west where he will take in the Western Canadian Skiing Championship events, and will no doubt compete.

Mr. Engstad headed all Canadian and American entries in the 50 Kilometer Ski Race at the Olympic Championship games at Lake Placid, coming sixteenth down the list and with excellent time. Kaare Engstad who is club captain of the Omineca Ski Club, has more than justified the local faith imposed in him which caused the Omineca Ski Club and friends to help in financing his trip to New York and Eastern Canada.

Badminton at High School

Keen Interest Taken in Recent Tournament—Basketball Abandoned

Principal D. H. Hartness, principal of King Edward High School, reported to the school board at its meeting last night that a badminton tournament had been held during the past month for pupils of his school, keen interest having been taken in the contest.

Basketball had had to be abandoned owing to lack of a suitable place to play. The floor of the Fair Building had been found to be too wet.

Peace Scroll Is Accepted

School Board Decides to Take Offer Made By Canadian Legion

On motion of Trustees Brooksbank and Schubert, the board of school trustees last night agreed to accept an offer from the Canadian Legion to present the schools with framed scrolls bearing a peace text which the plan is to have inscribed by pupils selected from each school. The matter had been laid on the table for a month from the February meeting.

HEADACHE

Nerves on edge. A head that throbs. You can't stop work, but you can't stop the pain—in a hurry. Aspirin will do it every time. Take two or three tablets, a swallow of water, and you're soon comfortable. There's nothing half-way about the action of Aspirin. You will always get complete relief when you take these tablets.

These tablets should be in every shop, office, and home. Ready to relieve any sudden ache or pain, from a grumbling tooth to lumbago. Don't suffer with that neuralgia, neuritis, rheumatism, etc. Get some Aspirin at any time because of colds, flu, throat. Get some Aspirin and follow those proven directions for instant relief.

Aspirin tablets cost very little, especially if you buy them in bulk. Any doctor will tell they are harmless. They don't hurt the heart. They don't upset the stomach. So take them as often as you have the least need of quick comfort. Take enough to get complete results. On sale in stores everywhere. Made in Germany.

FLYING TO GOLDFIELDS

Much Equipment Taken North of Burns Lake By Party in Plane; Secret Destination

BURNS LAKE, March 9.—Maintaining secrecy up to the last minute, and claiming to be the advance guard for a hunting project, now the truth is definitely known with respect to the party of 17 which arrived in Burns Lake a few days ago. In the carload of supplies that was shipped in, the mystery of various mining supplies and materials for sluice boxes is at last cleared up. With the advent of the plane which arrived in Burns Lake on Tuesday morning, it was admitted that a strike of placer gold was the magnet.

The strike is said to be exceptionally rich and the airplane is now engaged in taking in men and supplies.

Once more the hearts of the local prospectors are throbbing from the excitement of a placer mining strike which promises to equal that of '98.

The arrival of Mickey J. Brown and Alvin L. Loveseth with two carloads of equipment, was followed by one of the big Canada Airway airplanes dropping quietly on the ideal landing of Burns Lake. Men and machinery are being moved with all possible despatch to McConnell Creek which the old timers had worked and abandoned, with the exception of ePte Jensen of Hazelton, who has held down his claims for over 20 years.

Working the claims to fair advantage, the old timers were unsuccessful in reaching bedrock, although they had every confidence in the prediction of one of the greatest of Canada's geologists, after whom the creek was named.

History of Field

As early as 1906 much fine gold was taken from McConnell Creek, but efforts to reach bedrock were unsuccessful and news of a new creek carrying coarse gold, running into Omnia-sella caused stampede to the many tributary creeks of the Omineca, some of which have been producing steadily ever since.

After several years spent in prospecting McConnell Creek and the Ingenika River, M. L. Brown interested Alvin L. Loveseth of Camrose and T. Savage of Peace River, the party reaching the diggings by plane and taking advantage of the low water in the late fall succeeded in reaching bedrock, and established beyond a doubt the existence of a large area of placer ground carrying coarse gold. Failing to connect with their plane for the trip "out" they "mushed" over the tough trail, fording the Omineca, thence down the Driftwood to Takla Lake where Mr. Savage succumbed from the hardships of the trip and the excitement brought on by the strike.

But, this season, Brown and Loveseth are outfitted with everything that the foresightedness of experience could suggest, yet cut down to the minimum of weight. Their equipment includes a portable sawmill, a dragline outfit, a small generator for the lighting plant and a short wave broadcasting set. McConnell Creek furnishes ample power for operating all machinery and the flume lumber will be cut and piled and most of the dead work done in time to commence actual mining operations by the break-up.

Large Personnel

The personnel of the camp will include mineralogists, mining engineers of world-wide experience in placer mining, blacksmiths, carpenters, a millwright, a Justice of the Peace, a constable and a deputy mining recorder, with Mrs. M. L. Brown remaining in Burns Lake as forwarding agent.

All dog teams are engaged and pack horses are at a premium for the coming season. Airplanes are making daily trips to the new Eldorado.

Two Hundred Men to Be Employed in New "Gold Rush"—Activity in Ingenika Planned—Woodbine May Operate Again

In connection with the operations of 'M. R.' Brown of Tulsa, Oklahoma, on placer ground in the Ingenika country, north of Burns Lake, during the coming season, it is understood that some two hundred men may be employed. It is reported that a contract will be let to dig a ditch three miles long, eight feet wide and three feet deep to carry

water for the operations. Work will be started as soon as possible and, as soon as the water is available, development of the placer ground will be undertaken. The new interests plan operations on the same creek as that on which Pete Jensen of Hazelton has been working for a number of years. Jensen is planning to take a number of miners into the district either this month or early next month and he proposes to work his two placer leases on a much larger scale than before. He is now arranging for a plane to take in his men and supplies. Jensen says there is a lot of gold in the creek on which he is operating but it is very fine.

Preparations for active placer operations in the Omineca district have been prosecuted during the winter and several outfits expect to commence production as soon as weather conditions permit. R. C. McCorkell of Vanderhoof is in Vancouver perfecting plans for operation of Germanson Creek placer leases for a Vancouver and Victoria syndicate. Last season, under direction of Mr. McCorkell, much preparatory work was completed, this including building a flume more than a mile long from the south fork of Germanson Creek to near the ground it is proposed to work. During this winter supplies have been hauled in over the snow. The McCorkell holdings there consist of seven miles of creek leases. It is proposed to shut the water out of the creek and then hydraulic the bottom. A tailings stacker will be used at the start and the material will then be washed through sluices. Last summer as many as sixty men were employed at times by Mr. McCorkell, the work including construction of a sawmill. Production is expected to start by June. The Consolidated interests, which hold leases in the Slate Creek area from Manson to Germanson Creek, tested the ground and staked more claims. The area is believed to be the old channel of Germanson Creek. Morley Ogilvie, who directed drilling operations for the company, remained in the district during the winter and it is expected production will be attempted early this season. The district is expected to attract many prospectors as soon as weather permits travel by road and trail. It is reported that an airplane base will be established at Fort St. James to facilitate travel into the Omineca.

WELCOME AT PORT SIMPSON

Commissioner Robert Henry Honored at Native Village Last Week

PORT SIMPSON, March 9.—Commissioner and Mrs. Robert Henry of the Salvation Army from Winnipeg and Staff Captain Acton, Wrangell, visited here last Monday. They were welcomed in the Epworth League Hall of the United Church, where Chief Councillor Ernest F. Dudo-ward gave them a civic reception.

Rev. V. H. Sansum welcomed them on behalf of the United Church of Canada; Mark Green welcomed them on behalf of Epworth League and Capt. A. McKay, in charge of the local corps, welcomed them on behalf of the local Salvationists.

Commissioner Henry replied very suitably pointing out that the Salvation Army will not, in the course of Indian Missions, interfere with the work of any other denomination, but it was their purpose to reach out for those whom the churches had not reached.

In the afternoon a sumptuous banquet was served by the Home League of the Salvation Army and in the evening a joint service was held in the Y. P. E. A. Hall.

Wednesday, March 9, 1912.

At a hastily held special meeting, Ald. W. H. Montgomery demanded information as to the nature of the city business which had taken Mayor S. M. Newton and City Solicitor Fred Peters to Vancouver recently. A secret meeting will be held tomorrow. The mayor denied the suggestion of star chamber methods.

The hospital board, at a special meeting, decided to get out plans and call for tenders for a new addition to the hospital. D. G. Stewart, J. A. Kirkpatrick, P. I. Palmer and O. H. Nelson were named a special committee in connection with the building of the wing.

TELL THE PEOPLE

"How do they do it?"

Among your friends there's sure to be at least one smart young married couple who are the envy and admiration of all who know them.

With an income that is frankly abbreviated, and with no benevolent Aunts in the offing, they still have a home that is correct and comfortable in all its appointments, a home that is admired and copied by their friends.

"Yes, Jane is a remarkable little manager," will probably be the young husband's proud answer. And there is little doubt about it.

THEY DO IT THIS WAY

Take a look around that home and you will find no end of well known advertised products. For Jane is an efficient little manager. She can't afford to take chances that must only be debited to "Experience." When she buys for her home she must get tried and tested and trusted products which carry an honorable name to guarantee her satisfaction.

You will find that Jane is a consistent reader of the advertisements. Are you?
