Premier Mussolini's Narrow Escape During Garibaldi Day Parade

Fanatic Intended to Drop Two Bombs Into Italian Prime Minister's Carriage—Is Quickly Taken Into Custody By Guards

ROME, June 6.—Premier Mussolini had another narrow escape from assassination during a Garibaldi Day demonstration here on Sunday. The man who attempted to take the life of Il Duce was swiftly placed in custody by guards and it is supposed that the usual death penalty will be exacted. The would-be assassin was preparing to hurl two bombs into Mussolini's carriage when he was noticed by a detective.

Following the man's arrest, the Premier proceeded with his part in the parade in which King Victor Emmanuel was also taking part.

Has Opened Negotiations With Spain For Construction of Warships

MADRID, Spain, June 6.—That the Republic of Mexico plans to have a navy was revealed here yesterday when it was announced that it had opened negotiations with Spain to build a number of warships in exchange for oil, coffee and other commodities.

Spain recently reached the treaty limit for warship construction with the completion of two cruisers. It is understood the Mexican overtures are being looked upon favorably in view of the fact that it is desired to keep the shipyards busy.

WOMAN IS COMMITTED

Mrs. Marchelton Appears Before Magistrate Following Alleged Butcher Knife Incident

Mrs. Grace Marchelton was committed for trial by Magistrate McClymont in city police court this morning on a charge of attempted assault with intent to commit grievous bodily harm and is appearing before Judge F. McB. Young in County Court this afternoon for election.

The charge arose out of an incident in the city police station Saturday night when Mrs. Marchelton is alleged to have visited the station brandishing a butcher knife and threatening to "carve up" the officer who had been responsible for haling her into police court on a charge of failing to send her boy to school.

On the charge of failing to send her boy to school, Mrs. Marchelton was remanded for eight days in police court this morning. She is alleged to have failed to answer the summons on this charge prior to her appearance at the station Saturday night.

COURT IN SESSION

**COAL FOR ONTARIO**

Ontario has no coal and in the past has secured most of her supply from United States sources. In view of the present condition under which Canadians are penalized when buying in the U. S. markets it is natural that attention should be turned to Canadian sources of supply.

Alberta has for several years been trying to break into the Ontario market but the long rail haul is too expensive for a rather low grade coal.

British Columbia has plenty of coal and could well supply the eastern market, the product being shipped by way of the Panama Canal. In the groundhog country there is said to be an unlimited supply of anthracite coal of the best quality which could be produced and delivered to Montreal by way of Prince Rupert or Stewart at a price that would command a market but a large amount of capital is necessary to open the mines and put in the necessary transportation facilities.

A scheme was evolved a few years ago to market the Groundhog coal through Prince Rupert but it failed to receive governmental support and as a result failed to materialize. Plenty of financial backing was at that time promised providing the provincial government would cooperate but they did not do so and today the coal remains undeveloped and will remain so unless the government at Victoria, whichever party happens to be in power at the time, takes action to support such a plan.

The present seems to be the ideal time for the promotion of such an enterprise but unfortunately the person who was pushing it on the former occasion is not with us any more. Whether any other person could undertake it or not we do not know. All we know is that there is a demand in the east for anthracite and that there is plenty of good anthracite in the Groundhog country.

**NEWS OF THE MINES**  
AROUND PRINCE RUPERT

**Interest in Placer Mining in Prince George District—Skaret Creek Draws Many Men—Inquiry By Belgian Interests**

During the past few weeks Skaret Creek, a small stream which empties into Tabor Lake in the Prince George district, has been receiving a good deal of attention from prospectors and at times there are reported to have been as many as fifty men on it. Fred Peterson, who is in partnership with Carl Johansen, has a lease on the creek and is conceded to have the most likely ground. Some coarse gold has been found on this claim and, judging from such prospecting as has been done, it looks as if there are two feet of material on bedrock which it will pay to handle. Peterson and Johansen are getting a flume together and will make a test of the ground within the next few days.

Richard Corless, who returned to Prince George last week after an extended trip to California, says that he has brought back with him \$3000 which will be expended in developing six claims on Skaret Creek in which he is interested. He says that he will have a crew of from ten to fifteen men at work within the next few days.

Charles A. Pyne, chairman of the industries committee of the Prince George Board of Trade, is in communication with Belgian interests who profess an interest in undeveloped gold properties, either placer or lode, and has submitted a number of properties for their consideration. If they are sufficiently interested, these Belgian interests state that they will send out their engineers to report and, if the reports are satisfactory, negotiations for purchase will follow.

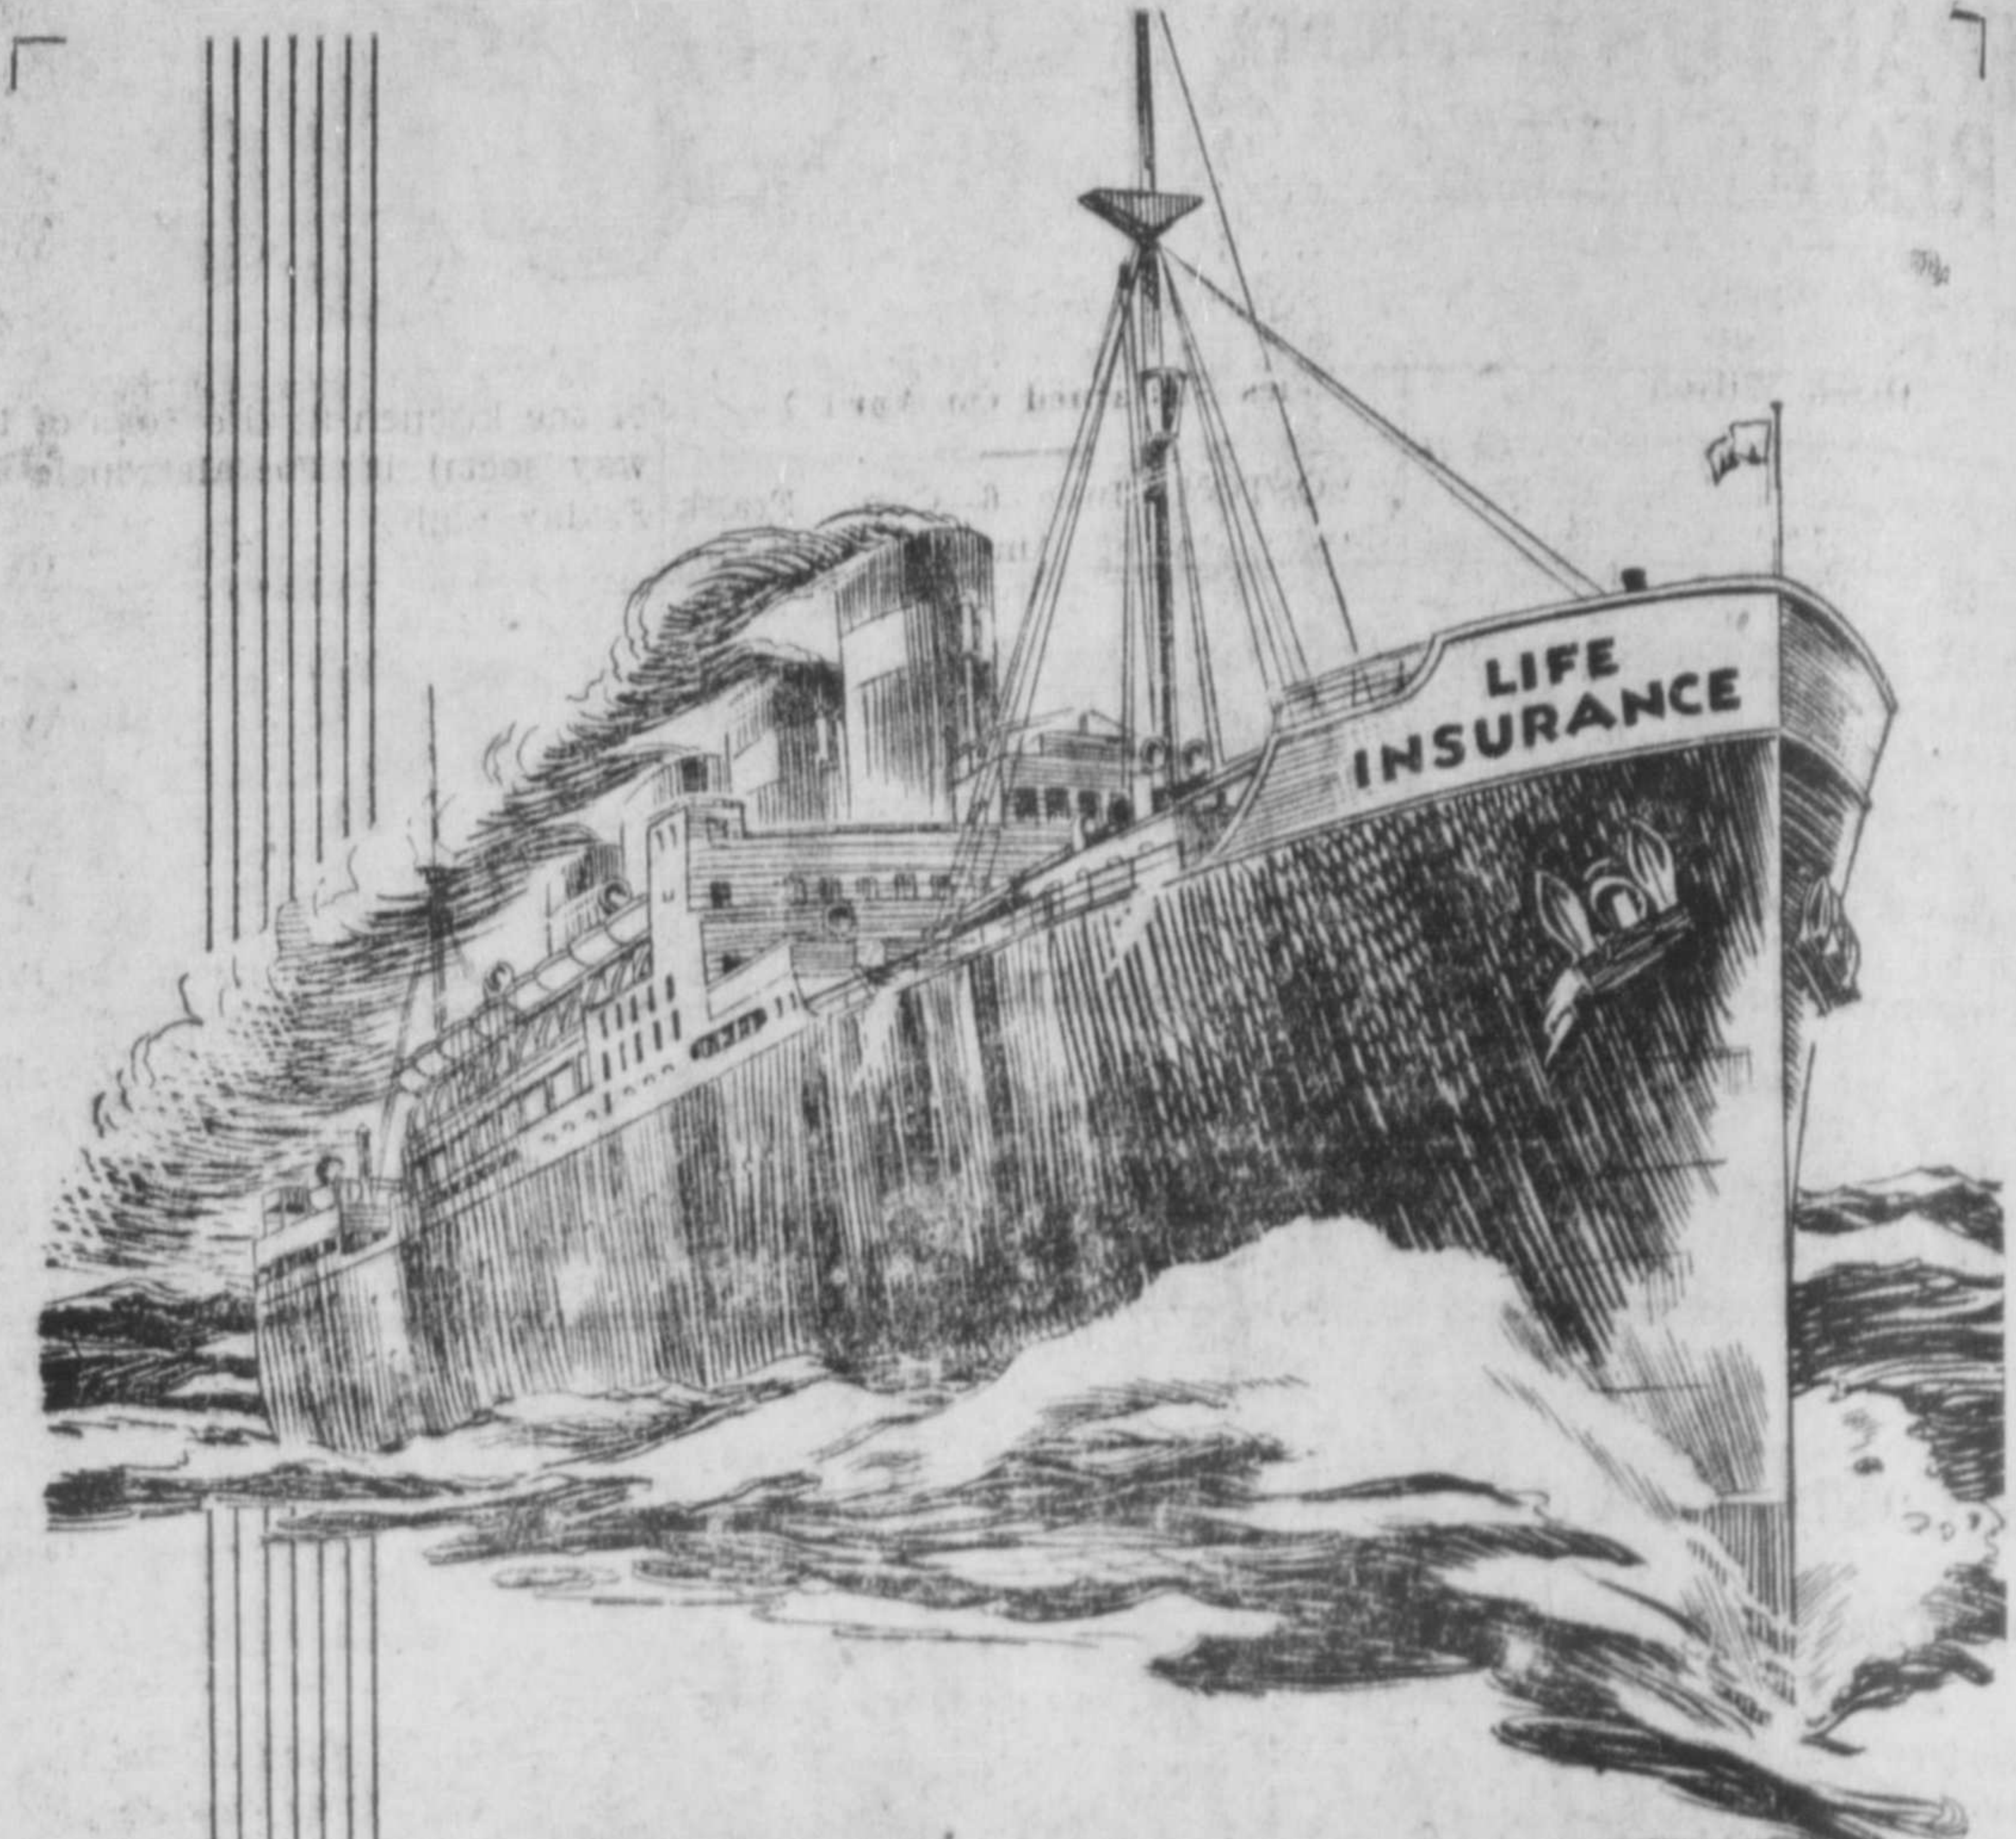

Herbert Porter, who is interested in placer ground at the headwaters of McLeod River, returned to Prince George last week. Accompanied by Shorty Webber, he made the trip from Fort McLeod to Prince George in the record time of eleven hours.

Corp. C. G. Barber, formerly night chief on the city detachment of the provincial police here, has been promoted to the rank of sergeant and placed in charge of the West Kootenay district detachment with headquarters at Nelson. It is announced. Corp. Barber took an active part recently in putting down nude parade disorders among the Doukhobors in the communities near Nelson. He left here about a year ago for the southern interior.

Herbert Porter, who is interested in placer ground at the headwaters of McLeod River, returned to Prince George last week. Accompanied by Shorty Webber, he made the trip from Fort McLeod to Prince George in the record time of eleven hours.

**Gold Panners in Fort George Area Doing Quite Well**  
CALGARY, June 6:—Gold panners in the Prince George district of British Columbia and along creeks flowing into the Fraser River are making fair returns, according to Thomas Hornby, Prince George resident, who visited here recently. A small party on a creek off the Fraser earned \$200 in a day, he said. While this was exceptional, men, many of them jobless for several years, were panning and finding gold. "They are at least making a living," he remarked.

## Sons of Canada Defeat Elks By Shutout Route

Bill Lambie Stingy With Hits as He Allows Only Two Safeties in Yesterday's Game

### SMITH LEADS SONS' ATTACK

Chenoski in Indifferent Mood and Is Replaced By Skinner on Mound For Losers

Sons of Canada and Elks hooked up in a postponed Baseball League fixture yesterday afternoon, the Canucks coming out on the long end of a 10-0 score behind the fine pitching of Bill Lambie, who allowed only two hits. His support was good only one error being chalked up against his team-mates.

The Sons were out for blood and garnered 12 hits off Chenoski and Skinner, Eddie Smith leading the attack with three safeties, one of them being for two bases. Bury rapped out two hits one of them going for three bases. Johnny Comadina, pinch-hitting for Frizzell in the fifth, came through with a nice double on the first ball pitched to him.

Nick Chenoski appeared to be in an indifferent mood with the result that the Sons found him for 11 bingles in the five and one-third innings he pitched. Skinner finished the game for the Elks and Bury made the only hit off him, it being his triple.

Sons started right off in the first and garnered in three runs. They added one more in the fourth and another in the fifth. With one man out in the fifth, Bury, Smith, Moran, Stiles and Lambie hit safely in succession for four runs when Manager Farquhar stopped the show by placing Skinner on the slab. He got through that frame in fine shape. One more run was added to the total for the Sons in the seventh to make it ten.

Elks couldn't seem to get going at bat at all, and whenever they did land on one, it seemed to go right into some fielder's hands.

American Woman Again Captures French Open Tennis Championship

AUTHEL, France, June 6.—Mrs. Helen Wills Moody again won the French women's open tennis championship here yesterday. She had held the title in 1929 and 1930.

In spite of her victory, Mrs. Moody was not up to her form of two years ago and she had several narrow escapes during this year's competition. She won 96 out of 127 games played.

## DOMINION CUP DRAW

Competition Will Start June 18. Football Executive Decides At Meeting Sunday Night

The executive of the Prince Rupert Football Association, at a meeting last night, made the following draw for the annual Dominion Day Cup competition:

June 16—Canadian Legion vs. Regiment.  
June 21—Merchants vs. Home Oil.

The final will be played between the winners of these two games on July 1.

The case of J. K. Murray of the Canadian Legion, who was ordered off the field in a recent game for disputing with Referee G. A. Edgcombe, was dealt with and it was decided to send a letter to Murray reprimanding him for the incident and giving him warning that similar offenders in the future will be more drastically dealt with. Murray is eligible for play.

The meeting received reports on the recent Derby membership campaign and on Victoria Day sports.

Young Elks Defeated 10 to 5 in Intermediate League Baseball Game Yesterday

Young Empress went further ahead in the Intermediate Baseball League standing yesterday afternoon by defeating Young Elks 10 to 5. Earl Batt, hurler for the Hotel Boys, distinguished himself by striking out 13 of 18 batsmen who faced him. Empress had the game well under control at all times and the victory was an easy one.

Roger Obata opened on the mound for the Elks and gave place to Kazu Nakamoto. It was a seven-inning game.

The Intermediate League standing to date is as follows:

W.	L.	Pct.	
Young Empress	4	2	.667
Young Elks	2	3	.400
Young Sons of C.	2	3	.400

## JACK NELSON GOOD AT BAT

Jack Nelson, who has distinguished himself on the mound for the Old Empress club this spring, is also leading the batsmen of the City Baseball League so far this year with a percentage of .600. Oddly enough, Nick Chenoski, Elks' hurler, holds second place honors so far for stick work. Following is the Big Six standing of batters so far this year:

G.	AB	R.	H.	Pct.
Nelson (Em.)	2	10	16	.600
Chenoski (E.)	3	11	35	.455
D. Stalker (Em.)	3	14	36	.429
Smith (S.O.C.)	4	17	7	.412
Hibbard (Em.)	2	9	2	.333
Lambie (S.O.C.)	3	9	3	.333
G. Mitchell (E.)	2	6	1	.233
Frizzell (S.O.C.)	2	3	2	.333

It is necessary for a player to have participated in 50% of the club's games to be included in the Big Six standing.

## CUB LEAD CUT DOWN

Chicago Leading National League By Scant Game—Yankees Are Away Out in Front

NEW YORK, June 6.—The margin of leadership of the Chicago Cubs in the National League was trimmed to one full game as a result of week-end play. After dividing a double-header with the Dodgers at Brooklyn on Saturday, the Boston Braves returned home yesterday and defeated New York Giants both by a margin of one run. The Chicago Cubs dropped a game to the Pirates at Pittsburg on Saturday and were idle yesterday.

The St. Louis Cardinals bounded from seventh into fourth place as a result of three week-end victories over the Cincinnati Reds at Cincinnati. The Reds fell from fourth into sixth place behind the Brooklyn Dodgers. The Phillies dropped into seventh place and the New York Giants, winning two and losing two games over the week-end, are still in the cellar.

Washington Senators fared badly in the American League over the week-end, losing both sessions of a double-header Saturday to the lowly Boston Red Sox at Boston and returning home yesterday to take another defeat from the Philadelphia Athletics. New York Yankees split with Athletics Saturday and beat Red Sox yesterday and increased their margin of leadership in the American League to five full games.

Week-end scores were as follows:

**SATURDAY SCORES**  
American League  
New York 7-7, Philadelphia 10-4.  
Washington 2-8, Boston 8-9.

### Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.  
Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.  
Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

## DOES YOUR BUSINESS NEED A DOCTOR?

Now, Mr. Businessman, have you ever tried to diagnose the reason for that sudden drop in profit over the figures of "last month?" If the temperature of your business alarms you there is no need for you to lose any sleep—the remedy is simple.

## ADVERTISE

"Ah!" you say, "But that's all very well. I'm only a small man and can't afford it." That's the reason the small man remains a small man. The big men in business today did not become big by hiding their light under a bushel, they advertised, and Advertisised, and ADVERTISED. Advertising is as necessary to a "sick" business as the doctor's services are to a sick person. And it will find the money to pay its own bills, if done judiciously, from the increased volume of increased profits. Start with a small appropriation

## STOPPING DRIFTING

New Tillage Method is Being Tried Out on Prairies

SASKATOON, June 6:—"Save the surface and you save all," now applies to soil cultivation, in the opinion of some of the investigators at the University of Saskatchewan here, who have been studying the growth of weeds and the methods required to make the most of Saskatchewan's allowance of rain.

Experts look for a revolution in tillage methods when some bright genius invents an implement of light draft which will cut leaves off weeds and stir the soil to the shallowest possible depth.

Recent experiments seem to show the old idea of the need of a loose mulch on the surface of the soil to prevent evaporation is losing ground. Now experts find the mulch makes very little difference in the amount of moisture escaping from the soil. Practically all preventable loss of moisture occurs through the leaves of weeds. Prevent the weeds from making any leaves and there will be little loss of moisture, they affirm. Cut off every leaf as it appears and the weed will soon be dead.

Most of the implements used in Western Canada were originated in countries having considerably higher rainfall, and most of the farmers came from wetter countries, bringing ideas that it is necessary to stir, pulverize and air the soil to raise crops. For several years now authorities have been coming to the opinion this is unnecessary.

### Sharp Shovels

If manufacturers could produce a harder shovel that would keep sharp and at the same time tough enough not to break on stones, cultivation could be effective while shallower. Experts have observed the farmer who keeps his cultivator shovels very sharp needs not go very deep and saves on the draft of the implement.

To the outside observer there would appear to be also some advantages in respect to reducing liabilities to soil-drifting in thus stirring the soil to the shallowest possible depth. If a suitable implement is designed that will kill weeds and leave the soil in condition in which it will not "blow" it will work a revolution in Western Canadian agriculture, experts declare.

## Twenty Years Ago

In Prince Rupert

June 6, 1912

Lots 23 and 24, block 30, section 1, have been sold by J. N. McWilliams, who purchased the property two years ago for \$13,005, to a Calgary syndicate for a consideration of \$46,000. It is announced by H. G. Helgeson Ltd., which firm negotiated the deal. It is a record price for real estate in Prince Rupert.

T. R. Clougher, head of the Clougher Syndicate of London, England, is a visitor in Prince Rupert. He expresses optimism as to the prospects of the port.

A big bull, belonging to one of the local dairymen, threatened to cause havoc on the fine lawns of Dr. C. A. Eggert on Fifth Avenue between McBride and Dunsmuir Streets. The animal was taken into captivity by Constable William Adams.

### PRINCE GEORGE

Gordon Taylor, 16-year old Prince George boy, has been awarded a prize of \$15 in a sculpture competition in the United States for his carving of a bear. His young brother, Teddy Taylor, received \$5 for his carving of a pig.

Robert England of Winnipeg, western manager of colonization and agriculture for the Canadian National Railways, was the speaker last Tuesday evening at a dinner held by the Prince George Board of Trade.

Albert Almquist of Vancouver, who opened negotiations some time ago with the city council with a view to establishing a flour mill here, has written to H. G. Perry stating that it will cost him 63 per cent. of the price of the machinery in tariff to bring the outfit for such a mill from Minneapolis. J. O. Wilson, secretary of the Board of Trade, is taking the matter up with John A. Fraser of Quesnel, M. P. for Cariboo.

The formal opening of a fine picnic park and swimming pool laid out at the Cache by Freeman Alexander was formally opened on Friday last. It is expected that it will prove a very popular resort for local people.

A move is being instituted by local trappers with a view to having the provincial government make a reduction in fur royalties. It is felt that this should be done in view of the drop which has taken place in the selling price of furs.

The Women's Auxillary to St. Michael's Anglican Church held a very successful forget-me-not tea on Saturday afternoon in the ballroom of the Prince George Hotel.

A new school has been opened at Sylvan Glade north of Reid Lake and Isle Pierre. Miss Knight of Victoria is the teacher and there are 12 pupils already enrolled.

"Silent" Biddle, ex-convict and former associate of gangsters but now touring the country as an evangelist, lectured in the Strand Theatre here yesterday afternoon and last evening on the subject "Does Crime Pay?" Biddle expressed the belief that the Lindbergh kidnaping and murder was not the work of gangsters. Biddle is on his way to Alaska.

A. H. Walker and F. G. Aitchison of Vancouver have been here in connection with attempts to salvage the plane which Tom Corless crashed about a year ago in the vicinity of the northern end of Takla Lake. It is believed that there are so many difficulties facing the job that the salvage may not be attempted by the insurance company. Walker and Aitchison spent a month in the district.

Thunderstorms and rain showers have featured weather conditions here during the past week. The thermometer has ascended as high as 79 and descended as low as 35 during the week.

Louis Lebourdais, Quesnel newspaper correspondent, was a visitor here last week in the course of a tour of the district.

A very enjoyable rose bridge and dance was held on Friday night by the Women's Hospital Auxillary in the Commodore Hall. There was a program of exhibition dances to which Jackie Ireland, Buddie Taft, Maude Renwick, Orville Andrews, Ida Edvall, Dixie Blue and Pat Huble were among those contributing.

Doris French, daughter of Mr. and Mrs. H. S. French, is now on the road to recovery after a serious illness with pleurisy and pneumonia.

At a recent meeting in the Pineview Hall, the Cariboo Women's Institute presented a very acceptable program which included readings by Miss Ruby Wilkins, Mrs. J. L. Aitchison and Leonard Larsen, two one-act skits in which Miss Bernice Blackburn, Miss Jean Blackburn, Miss Jessie Blackburn, Miss Olive Barnes and Miss Louise Jessup took part and a vocal solo by Mrs. Hugh Ellis.

## 'God, Cause and Creator' Science Subject Sunday

The subject of the lesson-sermon in Prince Rupert Christian Science Society on Sunday was "God the Only Cause and Creator."

One of the Bible texts was: "I have made the earth, and created man upon it; I, even my hands, have stretched out the heavens, and all their host have I commanded" (Isaiah 45:12).

The lesson-sermon also included the following passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Spiritual causation is the one question to be considered, for more than all others spiritual causation relates to human progress."

Concluding the final voyage on spring schedule on the Alaska route, C.P.R. steamer Princess Norah, Capt. William Palmer, arrived in port at 5:15 yesterday afternoon from Skagway and other northern points and sailed an hour later for Vancouver. The Princess Norah will be here again next Monday morning inaugurating the summer tourist schedule and making her last voyage of the season to Alaska.

## The School Boy

Persistent study consumes an enormous quantity of nerve force and indoor life is not conducive to the formation of rich blood from which nerve force is made.

Many boys and many girls fail at examinations because their nervous systems play out. Some suffer from complete nervous break down.

There is nothing like Dr. Chase's Nerve Food to form rich, red blood and restore the nervous system. Young people respond quickly to this treatment.
