FORMER PREMIER FERGUSON ACCUSED IMPORTANT INDUSTRIAL DEVELOPMENT FOR THIS CITY

Sensational Charge In Regard to Beauharnois By Senator Haydon

Robert Sweezy Dubs Allegation as "Political Dream"—
"Utter Rubbish," Declares Canadian High
Commissioner in Commenting

OTTAWA, March 16:—Senator Andrew Haydon yesterday declared that about the beginning of 1929 Robert Sweezy, former president of the Beauharnois Power, Light & Heat Co., informed him that he could not get a contract with the Ontario Hydro-Electric Commission because G. Howard Ferguson, then Premier of Ontario, "wouldn't let it be signed until he got \$200,000." This final word in evidence of the ill senator at his home before the special committee of the Senate investigating Beauharnois affairs adjourned his examination.

"That's a pure political dream and I deny it categorically," declared Robert Sweezy last night when asked to comment upon the statement of Senator Haydon.

Utter Rubbish
LONDON, March 16:—"Utter rubbish" was the only comment of G. Howard Ferguson, former Premier of Ontario and now Canadian High Commissioner in London, today when asked concerning statements of Senator Andrew Haydon in regard to Beauharnois affairs.

Sees Benefit In Depression

President of Newspaper Association
Much Pleased With West and
Sees Great Future For
Rupert

"This depression is having a wonderful effect in unifying Canada," declared D. B. Muir, president of the Canadian Daily Newspaper Association, who is in Prince Rupert today with Mrs. Muir in connection with a tour of Western Canada. "It is making us in the east more conscious of the west. It has taught us that the price of wheat means as much to us almost as it does to the farmers. If it were not for the hardship it brings to some people the depression would be a good thing for the country."

Mr. Muir has visited Southern B. C. and is impressed with the progressiveness and permanency of the country. He said he had no conception that Prince Rupert was like this. He could not have pictured the local cold storage plant or the other things he saw here.

Mr. and Mrs. Muir left this afternoon on the train on their return journey to Kingston, Ont., where Mr. Muir resumes his work as managing director of the Whig-Standard. Before leaving he remarked that, while things may be tough in Prince Rupert today, as they were everywhere, he saw a great future for the place. He felt that nothing could hold it back.

LINDBERGH'S LOSE HOPE

Parents Are Not Sure Missing
Child Will Be Returned—No
Definite Results Yet

HOPEWELL, N.J., March 16:—Both Col. and Mrs. Charles A. Lindbergh are losing hope for the safe return of their 19-month old son, Charles Augustus Jr., who was kidnapped two weeks ago, and seem nearer collapse now than they have been at any time since the kidnapping. Clue after clue has led to naught and negotiations show faint hope of success as they enter their third week.

Meantime, there was nothing definite to announce as a result of the continued search by police authorities or Col. Lindbergh's underground investigations.

Two men and one woman from the Tombs in New York were subjected to questioning yesterday in connection with the kidnapping.

The customary road loan is eliminated.

Buckley of Vancouver, who has been prominently associated for many years with timber development in this district, arrived in the city on the Prince George this morning from the south. Mr. Buckley is to be tendered a dinner tonight by the council of the Prince Rupert Chamber of Commerce and it is possible that he may reveal further details of the project he has in mind at that time. PRAISE WHERE PRAISE DUE

Dr. H. C. Wrinch, member for Omineca in the Legislature, and a member of the opposition party, went out of his way to praise the Tolmie government for its provision giving the right to prospect without fee to any person who has resided in the province for not less than six months. The effort to encourage the young men to help themselves is commendable and we are glad that the member for the neighboring constituency has seen fit to drop his party politics, something he has done on previous occasions, and give the administration credit for the good work it does.

WELCOMING VISITORS

While on account of the somewhat depressing financial conditions many people have become rather disheartened and have lost some of their enthusiasm, this should not make us lose our desire to be hospitable. We can always welcome visitors, even if we cannot treat them just the same as we did a year or two ago.

During the next seven or eight months we shall be having many prominent people come this way. While the time we give them must necessarily be curtailed in many cases, owing to the fact that staffs have been curtailed, we can still do our bit even if it is not such a big bit as formerly.

ENTHUSIASM

Some of us who have lived in one place a long time and who have felt the buffets of time have rather lost our enthusiasm. This is not a good thing. It is the first sign of defeat. The man who, like Mark Tapley, can keep jolly under the worst of circumstances is the man who will win out.

We must above all be enthusiastic in regard to our own business or occupation if we are to have the success which we all desire. We must keep our enthusiasm for our homes and our families and our neighbors and our city. Without that enthusiasm life is tame. It falls flat and peters out.

"Experience Great Teacher" Says Minister's Wife to Mothers of Children

Mrs. (Rev.) M. E. Conron, 187 Marlboro Street, Brantford, Ontario, Gives Her Heartfelt Thanks for BABY'S OWN TABLETS

"Experience is a great teacher," says Mrs. Conron. "When our first baby arrived I knew nothing about Baby's Own Tablets, and when he began to cut his teeth he was cross and feverish and would not take his food. We lost so much rest at night I was completely played out, but one day while my husband, who is a minister, was out calling, a lady advised him to buy a box of Baby's Own Tablets. We certainly found they worked wonders. In 24 hours we had a different baby. We have now six strong, healthy children, and we have used no other medicine than Baby's Own Tablets."

Another mother who has written of her experiences is Mrs. J. A. Brown, Bay-side, P.E.I. "Being a mother," she says, "of eight children and real healthy ones, I have often been asked, 'How is it your babies are all so good, and thrive so well?' My answer is always the same, 'Baby's Own Tablets are all the medicine I ever give them.' When I notice any sign of a sick stomach or cold coming on, I always give a tablet. Even if the children are real well I give an occasional tablet as a preventive."

Mrs. T. Tweedy, 475 Millwood Road, Toronto, says: "If my baby is crying with colic, or is peevish when cutting teeth, I give a Baby's Own Tablet, and he is soon happy again." Mrs. W. J. Demill, R. R. 3, Trenton, Ont., writes: "My baby girl took a terrible cold and a high fever. We were living in Saskatchewan, nine miles from a doctor and the roads were almost impassable. . . . I just gave the

child Baby's Own Tablets, and she got all better." Mrs. E. J. Mulligan, Kambuzia, Que., says: "I am the mother of twelve children—all living—and I have given Baby's Own Tablets to them all—for colds, fevers, stomach and bowel troubles and during teething." Mrs. Roy Herman, 108 Wood Street East, Hamilton, says: "Baby's Own Tablets soon break up colds. I have found them very helpful at teething-time, too."

Mrs. Wm. Grant, R. R. 3, Arden, Ont., writes: "My little girl two years' old sometimes has indigestion and vomits. I give her Baby's Own Tablets and they relieve her promptly." The experience of thousands of mothers is that Baby's Own Tablets are invaluable for teething troubles, colds, simple fever, colic, upset stomach, vomiting, indigestion, constipation, sleeplessness, and whenever a child is restless and fretful. Children take them eagerly—like candy. And they are absolutely SAFE—read the analyst's guarantee, in each 25-cent package.

DRAPERIES MADE NEW

"When we resumed housekeeping a month ago I found my draperies had become creased from packing. I hung them out on the line, hoping to remove the creases. Then I forgot them. The result was they became badly faded and sun-spotted. "I was heartick until the happy thought struck me to dye them. I just dyed them a deeper green, and as I used Diamond Dyes they look gorgeous and new. I have never seen easier dyes to use than Diamond Dyes. They give the most beautiful colors—when used either for tinting or dyeing—and never take the life out of cloth as other dyes do." Mrs. J.F.T., Montreal

CUPS ARE PRESENTED

Banquet Last Night By Cribbage and Whist Leagues—Large Crowd in Attendance

Presentation of team and individual trophies won during the past winter's whist and cribbage league season to their respective winners was conducted by Mayor Cyril H. Orme at a banquet held to mark the occasion last evening in the Commodore Cafe. Ald. G. W. Rudderham, president of the whist and cribbage league, was in the chair and there was a large attendance of league players, officials and friends. The affair proved most enjoyable to all.

In opening the proceedings, Ald. Rudderham referred to the success of new teams in the two leagues during the past season. Elks and Swifts, new teams in the cribbage league, and Sons of Norway and Empress, new teams in whist, had done very creditably.

After referring briefly to the interest with which he had followed the activities of the two leagues during the winter, Mayor Orme made the following presentations, congratulating the winners in each case:

Lybthavn Cup, for whist league championship, to Canadian Legion, received by Charles Barker.

Dawson Cup, for cribbage league championship, to Grotto, received by Alex McRae.

Newton Cup, for whist league runners-up, to Moose, received by Joe Garon.

Newton Cup, for cribbage runners-up, to Elks, received by William McLeod.

Individual cup for high whist league player, H. Arney, who made an average of 75.90, the highest in the history of the league.

Individual cup for high cribbage league player, T. Malm.

The recipients in each case responded briefly.

After the presentations had been made, various of those present were called upon for brief remarks. All referred to the pleasure which had been derived by those participating in the two leagues. The good sportsmanship which had existed was also alluded to. Several of the speakers suggested the formation of a bridge as well as cribbage and whist leagues. The president promised that this would be given due attention.

Among the speakers were W. A. McLean, A. A. McEwen, Alex McRae (in the absence of James Andrews, who was ill and unable to attend), Eli Skog, F. Ellison, Gillis Royer, G. E. Gulick, J. E. Jack, Duncan Kennedy, George Arseneau, H. Harper, Dave Jack, Bert Morgan, B. M. Simpson, Angelo Astori, Jack Cobb, A. J. Matheson, C. L. Youngman, William Rance and others.

SPORT NOTES

Around two score horses, including some of the finest steeplechasers in the world, will essay the difficult 4½ miles of the Aintree course on Friday of this week in the ninety-first running of the Grand National. Three past Grand National winners are in the field. But they are heavily weighted, and none of the trio has shown such superiority in training as to warrant short odds. The 10-year old Grakle, who won in record time last year, is as much of a favorite as any Grand National aspirant could be expected to be, at odds of around 10 to one. Grakle will carry 171 pounds. Mrs. M. A. Gemmell's 10-year old Gregalach, winner in 1929, will carry top weight of 175 pounds and W. H. Midwood's 12-year old Shaun Gollin, who struggled in first in 1930, shoulders a burden of 172 pounds. J. H. Whitney's good Sir Lindsay, another veteran of the Aintree course, has been forced out of the race by injuries to his leg in training.

But while the top weights must be regarded as the "horses to beat," none of the entrants can safely be ruled out of contention in a Grand National. The hazards of the stiffly fenced course, the distance, the "breaks" that are necessary for a horse running in a big field, combine to make the Grand National the most uncertain of all sporting events. There is a long list of entrants on the low weight bracket—147 to 150 pounds. So many of these newcomers are started in the hope that luck will give them victory over better but less fortunate

steeplechasers that agitation is heard for even stricter restrictions on the entry. The suggestion is made that the inferior horses be weeded out and given a race of their own, with the Grand National proper limited to the better-class horses.

The greatest event of its kind in the world, the Grand National ranks with the boat race and the Epsom Derby as one of England's great sporting holidays. Hundreds of thousands of people, thousands of them from overseas, are thronging to Liverpool for the race. When it was first run in 1839 it was an unpretentious affair, but then, so was the first Derby. Run over four miles and 856 yards of the most difficult steeplechasing country in the world, it provides the hardest of all tests for the "leppers." And when the turf expert bemoans the fact that high class horses have frequently suffered defeat at the heels of "cheap" horses, it can be replied that no really poor horse could ever get the Aintree course.

The course makes the race, and every year without fail some protests against the danger to horse and rider. But it has no terrors for courageous riders, and owners who pay \$500 to run a horse which at first glance hasn't a chance have the record of long-shot winners to encourage them. The only safe prediction that can be made of the 1932 Grand National, as of its long list of predecessors, is that the outcome cannot be guessed.

Merchants Still in Running For Intermediate Honors—Japanese Have Edge in Junior

All games were close in the basketball series played at Auditorium last night.

The senior game was a tightly contested match with the C. N. R. A. defeating the Sons of Canada, 21-20.

The intermediates put up another close game in which the Merchants defeated the Tuxis 23-20. This gives the Merchants a chance to tie with the High School for second half honors.

The girls' game was better than usual. The Cardinals put up more of a fight but lost the game in the last few minutes to the Amazons, 12-10.

NEW WESTMINSTER ROYALS GOALIE IS VISITOR TO CITY

An interesting visitor to the city as far as the sporting fraternity is concerned is Aubrey C. Sanford, goalkeeper of the New Westminster Royals, Dominion soccer champions, who arrived from the south on the Prince George this morning, being here in connection with his business as an auditor. Sanford has been picked as a member of a Canadian football team which will make a tour of the British Isles this summer.

TO REDUCE ADMISSION

Pacific Coast Baseball Officials to Consider This at Meeting Before Opening of Season

SAN FRANCISCO, March 16:—Reduction of admission charges to all Pacific Coast Baseball League games will be considered at a meeting of club officials to be held here just before the opening of the league season on April 5. Much will depend upon what federal taxes are imposed, it was stated yesterday.

Provincial Constable J. H. McClelland of divisional headquarters of the provincial police returned to the city on the Prince George this morning from a brief trip to Vancouver on escort duty.

HOW frequently we hear people complain of "indigestion." And how seldom there is actually anything wrong with the digestive organs!

What most people call indigestion is usually excess acid in the stomach. The food has soured. The instant remedy is an alkali to neutralize the acids. But don't use any crude helps. Use what most doctors would advise; use what your own doctor prescribes in his daily practice for just that condition.

The very best help is Phillips' Milk of Magnesia. You will find nothing else so quick in effect, so harmless, so efficient. One tasteless spoonful in water neutralizes many times its volume in acid. Results are immediate, with no harmful after effects to follow your relief.

This pleasant way to alkalize your system is so much better—much quicker—than attempting to accomplish the same thing by diet! But you cannot do this any form of magnesia. Phillips' Milk of Magnesia is the one preparation that gives you magnesia in perfect suspension. It is alkaline, its action is thorough and there is nothing more soothing to an ailing stomach or more helpful to sluggish bowels. Druggists throughout the Dominion have Phillips' Milk of Magnesia in bottles.

The best way to whiten teeth with Phillips' Dental Magnesia—the ideal dentifrice. Try it for yourself how white your teeth become. At drug stores everywhere.

C.N.R. steamer Prince John, Captain Neil McLean, is reported late tonight from Vancouver the Queen Charlotte Islands will remain over here until o'clock Saturday night when will sail on her return south the same route.

Presenting a remarkable picture of muscular co ordination these fleet British collegians are shown taking one of the hurdles during the recent meet at Oxford. Notice how each running lane is set slightly back from its neighbor.

TEA WAS SUCCESS

Spirit of St. Patrick Much in Evidence at Affair Staged By United Church Aid

The spirit of Old Ireland was much in evidence yesterday afternoon at the St. Patrick's tea held by the Ladies' Aid of First United Church at the home of Mrs. T. W. Silversides, 726 Fifth Avenue West. The rooms were daintily decorated in green and yellow and the little shamrock was to be seen in all its glory. There was also a distinctly Irish touch to the afternoon's musical program. Weather was auspicious and the affair was a complete success.

The hostess was assisted in receiving by Mrs. J. J. Payne, president of the Ladies' Aid. Mrs. Helen Macfie and Mrs. R. H. Bedford poured and Mrs. H. Clavring and Mrs. George Cleconne were in charge of the tea tables. Serviteurs were Mrs. W. B. Cornish, Mrs. Owens, Mrs. W. T. Kergin, Miss Dorothy Styles and Mrs. F. V. Vickers. Mrs. G. V. Wilkinson acted as cashier. The home cooking table was in charge of Mrs. D. Santerbane and Mrs. Thomas.

The afternoon's musical program included piano solos by Mrs. E. J. Smith, Mrs. G. C. Arseneau and Miss Ruby Krikevsky, Irish readings by Miss E. M. Earl, vocal solos by Mrs. H. N. Brocklesby and violin solos by Miss Audrey Parkin with Mrs. J. S. Black as accompanist.

MUST BE FRESH AND ALSO PURE

It seems an easy thing to buy groceries but knowledge is necessary even there. Coffee, for instance, must be fresh and pure. If it is not fresh it is tasteless and if it is not pure it is injurious. "Supreme" coffee is both fresh and pure. Nothing is used in its manufacture but high grade coffee berries, properly dried and roasted. When buying ask for "Supreme," the high grade local roasted, scientifically blended coffee. The coffee with the aroma that is making it the kind that people ask for.

"How do they do it?"

Among your friends there's sure to be at least one smart young married couple who are the envy and admiration of all who know them.

With an income that is frankly abbreviated, and with no benevolent Aunts in the offing, they still have a home that is correct and comfortable in all its appointments, a home that is admired and copied by their friends.

"Yes, Jane is a remarkable little manager," will probably be the young husband's proud answer. And there is little doubt about it.

THEY DO IT THIS WAY

Take a look around that home and you will find no end of well known advertised products. For Jane is an efficient little manager. She can't afford to take chances that must only be debited to "Experience." When she buys for her home she must get tried and tested and trusted products which carry an honorable name to guarantee her satisfaction.

You will find that Jane is a consistent reader of the advertisements. Are you?
