## MOMENTOUS LAUSANNE DEBT CONFERENCE IS OPENED BY M'DONALD

Calls Upon Nations to Honor Agreements Although Suggesting That Revisions May Be Made—Forecasts Happy Ending—Only Weakness is to Be Feared

LAUSANNE, Switzerland, June 16:—"Both sides of all agreements must ever be ready to face the facts," declared Prime Minister J. Ramsay MacDonald today in opening the Lausanne conference on reparations and war debts. No one challenged the principle that engagements solemnly entered into could not be broken by one-sided repudiation but, he added, the principle carried the consequence that "engagements which have been proven incapable of fulfillment should be revised by agreement."

"We must all welcome the assurance," Premier MacDonald continued, "that, after the present phase is over, the United States has encouraged us to believe that it will co-operate in the examination at any rate of some of the wider problems and join with us in devising a policy for the maintenance of a civilization based upon the prosperity of all nations obtained by a busy industry and international exchange and a happy life enjoyed by the masses of the people."

Premier MacDonald was elected chairman of the conference and opened it with a call to swift and resolute action. "The world looks on," he exclaimed, "not only in need but in impatience. My appeal to this conference is to fear nothing but weakness."

### Detroit Party Leaders Fall Out With Juneau Men About Expedition

J. H. Eastman Leading One Party Into Northern Interior While "Stampede John" Stenbraten is at Head of Other Group

JUNEAU, Alaska, June 16:—Arising out of a disagreement between two gold mining expeditions, a race between seaplanes was begun here yesterday to reach the Liard River district to stake claims. One expedition is manned by members of a Detroit party, headed by J. H. Eastman, which arrived here last week. "Stampede John" Stenbraten, widely known in mining circles throughout the north, and Loes Bernard, who are backed by Juneau business men, are in another plane.

### STRANDED IN PEACE

Indignation Expressed at Failure of B. C. Government to Warn Settlers of New Regulations

With the annual trek of land-seekers and tourists to the Peace River district now under way and many heading for Fort St. John and beyond in the Peace River Block, there is reported to be considerable complaint in the British Columbia section of the northern agricultural valley that the government of this province did not give sufficient publicity to changes in the land regulations which bar prospective settlers from taking up homesteads on payment of the \$2 filing fee as has been the custom in the past.

Many intending settlers have brought their families with them and a large number are unable to meet the new requirement whereby they must purchase land at from \$2 to \$2.50 per acre and make a down payment of ten percent of the purchase price. Cases are reported in which intending settlers have spent all their available cash in transporting their effects and are now stranded.

There is a strong feeling throughout the area that prospective settlers without adequate funds should be warned long before they reach the Peace River country at all.

### TAXATION INCREASED

German People Will Have to Pay Even More Under New Decree of President

BERLIN, June 16:—A decree was issued by President Paul von Hindenburg at the instance of Chancellor von Papen Tuesday imposing heavier taxes than ever upon the German people. Every person in Germany with a job will now have to pay a tax upon it.

### VANCOUVER WHEAT

VANCOUVER, June 16:—Wheat was quoted at 52 7/8c on the local exchange this morning.

### Funeral Notice

Funeral of the late Edmund Bernard Green will take place from Haynor's Parlors, Friday at 2 p.m. Returned soldiers please attend.  
CANADIAN LEGION,  
John S. Wilson, Secy.-Treasurer.

Leaders of the Detroit party and Stenbraten disagreed about a proposed joint attempt to locate the mining property and the race then began.

J. H. Eastman and his flotilla of five Detroit seaplanes passed through Prince Rupert last week enroute north, arriving here on Thursday afternoon from Hazelton and hopping off the next morning for Juneau.

### WILL MAROON DOUKHOBORS

Will Be Placed on Piers Island With D'Arcy Island For Overflow If Necessary

VICTORIA, June 16:—Piers Island, forty miles from Victoria in Haro Straits, will house Doukhobor men and women of the Sons of Freedom sect, who have been convicted of nude parading in their settlement at Thrums near Nelson, it was announced by the authorities yesterday in giving further details of plans to incarcerate the people who have been sentenced to terms of three years' imprisonment each.

D'Arcy Island, which was previously mentioned, will be used only if more accommodation is needed.

### SITUATION ON RELIEF WORK IS UNCHANGED

Suggestions to the contrary notwithstanding, there is no change as affects highway construction and unemployment relief work locally, it was officially stated at the Court House last evening. There has been an exchange of telegrams between here and Victoria but nothing new has developed as a result.

**TO SELL FT. NORMAN OIL**

Company to Reopen Wells at Once, to Supply Gasoline and Fuel Oil in Arctic

EDMONTON, June 16:—Soon the business-like throb of diesel engines may replace the pecking of miner's hand drills on the radium-rich shores of Great Bear Lake. This summer, sale of crude oil, the life-blood of rock mining, at Fort Norman at 20 cents a gallon, and gasoline at 90 cents a gallon at Fort Norman is almost a certainty.

This has long been the dream of mining men in the north, and it was turned to actuality by the announcement of Ronald W. MacKinnon, Imperial Oil Limited engineer, who will leave with two assistants and a load of supplies to start operations of the company's two rich wells, Discovery 1 and 2, 53 miles below Fort Norman on the bank of the Mackenzie River.

The development will remove one of the chief hindrances to work on mineral claims at Great Bear Lake.

With gasoline selling at \$8 a gallon at Great Bear Lake, mining companies have been forced to ship the precious fluid in by boat or airplane and build storage tanks for their reserve supplies. Development of the boundless wealth of the north country has been most costly.

This summer it will all be changed. Recently at Toronto Mr. MacKinnon stood in the Imperial Oil laboratories and heard the reassuring throb of Junkers diesel-type engines as they ran smoothly on a fuel made as near to the Fort Norman crude as the company's research laboratories could make it. The engines were those of one of the major mining companies now heavily interested in the Great Bear development.

Recently Mr. MacKinnon in Edmonton told of the decision of the oil company to develop their wells at Norman—as a service to development of the northland and as an experiment in small-scale distilling of crude oils into gasoline and fuel oil.

"I cannot say definitely that we shall be able to supply gasoline," he said, "nor can I say what supply of it we shall be able to distill. But I can say safely that it is almost a certainty that gasoline will be sold at the company's well at Fort Norman for 90 cents a gallon this summer."

**To Operate Refinery**

"There is no possible doubt that we shall be selling crude oil at 20 cents this summer."

"The plan for this year," he said, "is to assist development at Great Bear Lake by opening the wells and producing oil for fuel and diesel engines, and in conjunction to do a certain amount of refining with the small still which was taken in in 1921, to supply local demands."

"At present it is impossible to give the date when gasoline will be sold at the refinery, due to the unknown condition of the old still and boilers, and other uncertain factors."

"But as soon as this is known the information and the amount available will be broadcast over the Fort Norman radio station. It will be some time this summer."

**Local Dairy Provides Milk That Is On Customers' Tables Soon After Taken from Cows**

"Our aim is to supply perfectly fresh and pure milk direct from the cows to the consumers and to do this in the most sanitary and cleanly manner possible," stated Casey Vink, manager of the Dominion Dairy, to a representative of the Daily News who paid a visit to the dairy yesterday. "Our dairy is open to visitors and we are glad to show

them how the milk is handled in order to insure the best possible results to our customers. That we are succeeding is evidenced by the increasing number of people who buy our milk, especially those with young children, whose health depends upon their getting the very best there is."

In the barn on Eleventh Avenue were ten cows being milked and several that would come in later to keep up the necessary continuous supply. Five of the cows were Jerseys and one a Gurnsey, thus insuring the high quality of the milk produced. The barn is light and airy, the floor of concrete, modern iron stanchions are used insuring perfect comfort for the cattle and automatic drinking cups have been installed. Conditions could scarcely be better.

Milking was going on at the time of the visit. The cows had as usual been brushed and the udders wash-

ed to avoid any impurities getting into the milk.

In the dairy adjoining, an electric bottle-washer was in use and it was explained that the bottles were first cleansed with soda water, then rinsed in pure water and later sterilized in steam. The milk is cooled immediately after milking to a temperature of around 40 degrees and then bottled. No chances are taken with the product to insure that the customer gets the freshest possible milk at the lowest possible price.

The cows in the dairy have all been tested by Government inspectors for T.B. and are guaranteed free from that disease.

No sooner is milking and bottling completed at 4.30 a.m. than the milk is on the road to the customers, the morning delivery being complete by about eight o'clock which means that within two or three hours from the time the cows are milked the milk is being used on the customers' porridge. There is also an afternoon delivery just after the afternoon milking between 4.30 and 5.30.

Any surplus milk is put through the cream separator and the cream is delivered to the customers just as fresh as the milk. The demand for this is so great that it has become necessary to import cream from a ranch at Telkwa to supplement the local supply.

Mr. Vink expresses himself as much pleased with the success he has achieved and he has all sorts of plans in mind for the extension of his barns to accommodate the growing business.

committees after which the Bishop presented his charge to the synod which was a full report of the work of the diocese during the past four years, special mention being made of the new arrivals in the diocese and those who have been called to higher service. A memorial committee was appointed to see that due recognition was made of the work done by those who have entered into rest.

A matter was discussed dealing with the standing of the licensed lay readers of the diocese.

G. V. Eviitt, secretary-treasurer of the diocese, presented the treasurer's report, showing the financial standing and the great difficulty which has been experienced in carrying on and extending the work of the diocese during the period of great depression which has been experienced by all churches and by those in commercial and industrial life.

The afternoon session was brought to a close at 5:30. In the evening a service of worship was held in the Cathedral, commencing at 8 o'clock, the speaker at which service was Rev. Professor H. R. Trumppour of the Anglican Theological College at Vancouver. He stressed the great need of the realization of the need of Christ in the world, using the prophet's words: "Not by might nor by power but by my spirit saith the Lord of Hosts," showing that the spirit of Christ must permeate the world and must be the dynamic power in all the church's undertakings and is the only hope for the world during this period of depression and dissatisfaction.

**Today's Proceedings**

Morning prayer and Holy Communion was celebrated in the Cathedral at 7:30 a.m. today, followed by a lecture and quiet hour by Professor Trumppour from 9:30 to 10:30. Litany was read at 10:30 by Rev. Canon Proctor followed by the ordination service.

Those ordained were Rev. Samuel Kinley of Alyansh, Naas River and Rev. Charles Arthur Hincliffe of Burns Lake, both advanced to the priesthood. William Alexander Delap was ordained deacon and will take the place of Rev. Commander

## AIR DRIED SHINGLES

Retain the cedar oil in the wood, affording extra and better preservation than kiln-dried shingles from which the essential oil has been evaporated. Our shingles are made on Queen Charlotte Islands and, as a home product, deserve your preference. Shingle makers wages on the islands are spent eventually in Prince Rupert, while Vancouver wages never come north. Support a home industry and your own welfare by specifying Air Dried Shingles.

### ATHLETICS IN RUPERT

Bill Plommer Writes to Vancouver Province Regarding Talent-Olympic Affiliation

Prince Rupert, most northerly city in B. C. to apply for affiliation in the Junior Olympic movement which has swept the province, sends glowing accounts of the prowess of its athletes. They have already formed the Spartan Athletic Club and have been training for the past month.

Bill Plommer is president and coach of this enthusiastic aggregation of runners and jumpers and, despite severe handicaps in track facilities, has turned out young stars who have made creditable performances.

"With the wonderful incentive of competition with Vancouver and provincial athletes," writes Mr. Plommer, "these boys are training hard for the privilege of representing Prince Rupert in the Junior Olympic track meet at Hastings Park on August 29."

Mr. Plommer, who is a high school teacher at Prince Rupert, started coaching two ambitious young men in track and field last year. Others, both in and out of high school, became interested, and the Spartan Athletic Club was formed. Success seemed to crown the efforts of this pioneer organization, for in Labor Day and Dominion Day sports its members won most of the first places.

#### Remarkable Times

Despite the prolonged rainy season and a sloping, uneven, gravel football field on which to train, these Spartans have turned in some remarkable times over sprint distances. Three of the lads seldom require more than 11 seconds to cover the century, and one of the boys chanced leg injuries to uncork a burst of speed that carried him to the tape in 10 4-5 seconds.

Mr. Plommer has spiked-shoe artists who do the 200 yards event on an oval track in 24 seconds, with plenty in reserve under more favorable conditions. Among the promising half-milers from Prince Rupert is a boy who is not entirely unknown in Vancouver. He is Bill Patmore, whose elusive tactics on the Canadian rugby field for Varsity earned him quite a reputation.

With such a nucleus, Mr. Plommer will doubtless build a formidable team of contenders for top honors in the B. C. Junior Olympic track and field meet at Hastings Park. In the absence of their coach in the summer months, each boy has his training schedule outlined long in advance. Such enthusiasm is not to be denied, and it may be from the ranks of the Spartan Athletic Club of Prince Rupert that our 1936 Olympic hero will step to the forefront—the product of diligent practice and capable coaching—Vancouver Province.

### NATIONAL RACE EVEN

Only Seven-and-Half Games Separate Leaders and Tail-Enders—Giants Forge Ahead

NEW YORK, June 16—The National League was even further tightened up as a result of yesterday's play, pace-making teams losing and cellar occupants winning to narrow up the gap separating the leading Chicago Cubs and the tail-end Cincinnati Reds to a mere seven-and-a-half games. New York Giants, by virtue of a victory over the Chicago Cubs moved from sixth to fourth place in the league standing, going ahead of both Brooklyn and St. Louis Cards who were defeated by Cincinnati Reds and the Phillies respectively. The St. Louis-Philadelphia game was called in the sixth on account of rain with the Phillies on the long end of a 7-4 score.

In the American League, the second place tie between Washington Senators and Philadelphia Athletics was broken in favor of the former, the Senators winning over the Detroit Tigers in a close game while the Athletics lost to the St. Louis Browns in a similarly close game. As a result of their defeat, the Tigers dropped from fourth to sixth place in the standing behind the Cleveland Indians, who won over the Boston Red Sox, and the St. Louis Browns.

Yesterday's Big League scores:

NATIONAL LEAGUE  
Chicago, 3; New York 6.  
Cincinnati, 5; Brooklyn 1.  
Pittsburgh, 5; Boston 2.  
St. Louis 4; Philadelphia, seven.  
AMERICAN LEAGUE

### BIG FIGHT ON LIQUOR ISSUE AT NATIONAL CONVENTION ENDED IN FOLL FAVORING STATE RECONSIDERATION.

(Continued from page one)

Dawes notifying party leaders yesterday that he could not accept the nomination if it should be tendered to him and Charles Curtis, present vice-president, still doubtful, the field is open again. Theodore Roosevelt jr., at present Governor-General of the Philippine Islands, loomed last night as a possible choice although it is known that the people of the Philippines do not want him to leave. Secretary of War Patrick J. Hurley is also being mentioned. It is believed that a choice will have been made by tonight. In many quarters, however, it is felt that, since administration forces have so far ruled the convention, Curtis may be renominated.

### DISPLAY IS HELD

Work of Manual Training and Home Economics Classes is Being Shown—P. T. Tea

In conjunction with an afternoon tea which is being held by the Prince Rupert Parent-Teachers' Association, the final display to be presented by the home economics and manual training departments of the local schools is taking place this afternoon at Booth Memorial School. Next year the manual training is to be discontinued and the home economics will consist only of the food options course in Grades Ten and Eleven.

One of the features of the afternoon's proceedings is a parade of girls in the auditorium displaying girls' wear and frocks made in the classes. Additional work is on display in the downstairs rooms of the home economics department including novelties, embroidery, cushions, under garments, etc. Fashion notes of the year are being illustrated, with the girls as models, by "The A. B. C. of Fashions," read by Betty Woods.

The program includes a vocal solo by Miss Betty Cameron accompanied by Mrs. J. S. Black. Patricia McAllister of Grade 10A is outlining the aims and value of the home economics course.

Girls introducing members of their classes are:  
Booth School, Grade 6, Division 5—Beryl Birch.  
Booth School, Grade 6, Division 4—May McPhail.  
Borden Street School, Grade 6—Mary Davey.  
Borden Street School, Grade 8—Lea Basso-Bert.  
Booth School, Grade 8, Division 1—Grace Allen.  
Booth School, Grade 8, Division 2—Noreen Gibson.

High School, Grade 9A—Betty Cameron.  
High School, Grade 9B—Betty Parlow.  
High School, Grade 10A—Adelia Thurber.  
High School, Grade 10B—Maxine Heilbroner.

#### Prizes Distributed

Prizes presented by the Prince Rupert Parent-Teachers' Association are being awarded as follows:  
Grade 6, apron—1, Peggy Johnson; 2, Annie Sorensen.  
Grade 7, pajamas—1, Maisie Cameron; 2, Annie Wong.  
Grade 8, dress—1, Vera Morse; 2, Mickey Kanaya.  
Grade 8, bedroom article—1, Emille Skatebol.  
Grade 9, dress—1, Eleanor Sievert; 2, Asta Dybhavn.  
Grade 10-11, Velma Walters; 2, Lucille Brooksbank; honorable mention, Cathie Eastman and Lucille Brooksbank.

The manual training display is taking place in the rooms of that department. The exhibits are more numerous than ever and some fine work is being shown. Among the outstanding pieces of boys' handiwork is a desk by George Blake.

#### In Tea Room

The tea room is decorated in mauve, yellow and rose. Girls are acting as serviteurs and also as hostesses to show the visitors around the home economics department.

### 40th Anniversary of Salada Tea Co. Is Being Celebrated

Forty years ago this month in an unpretentious little building on Front Street in Toronto, the Salada Tea Company packed its first pound of tea. Founded in 1892 by the late Honorable Peter Larkin, the business progressed very rapidly and by 1895 a branch had been opened in Montreal. Two years later the United States market was invaded and an office opened in Buffalo. Today, three of the largest and finest warehouses in the world, devoted exclusively to the packing of tea, stand as a memorial to the founder—located in Toronto, Montreal and in Boston (the scene of the memorable tea party which precipitated the Revolutionary War). The Canadian market was then controlled by China and Japan teas—the largest sale being China tea of poor quality. These teas were being sold from chests, exposed to air, dust, dampness, foreign odors, and so forth, all detrimental to the quality of tea. In England, which was, and still is, the greatest tea-drinking country in the world, Ceylon and Indian teas of fine quality had practically displaced China teas, and it occurred to Larkin that Canadians also would prefer these finer teas. He, consequently, introduced a Ceylon and Indian blend to this continent. He then conceived the idea of packing it in metal packages, in order that it would reach the consumer intact, with its flavor and quality unimpaired by dampness, store odors, etc. This step revolutionized the tea market on this continent. He sought a name for his product and decided on "Salada" which was the name of an old Indian tea garden. All that was left now was to tell the public about it. He wisely decided that the quickest and cheapest way to do this was by means of the newspaper. The result was so gratifying that he continued to use the newspapers as his chief advertising vehicle from that day. He strove always to give the public the finest quality tea he could at the price and then advertise it for all he was worth. His achievement is the largest selling package tea in North America.

### EASTERN STAR TEA

Delightful Affair Held by Belist Chapter at Home of Mrs. John Dybhavn

In the spacious and beautifully decorated home of Mrs. John Dybhavn, Atlin Avenue, Westview, yesterday afternoon a delightful tea and sale of home cooking was held by Belist Chapter. Order of the Eastern Star. Despite the unfavorable condition of the weather, many ladies called during the afternoon and the affair was a complete success. The guests were received by Mrs. Dybhavn and Mrs. Samuel Massey, worthy matron of Belist Chapter, and were escorted to the tea-room by Mrs. C. A. Kirkendall. Mrs. Sheldford Darton and Mrs. E. N. Valentine were in charge of the tea-room and presiding at the tables were Mrs. C. H. Elkins, Mrs. W. D. Vance, Mrs. L. W. Kergin and Mrs. W. O. Viger. Serviteurs were Mrs. Robert Blance, Mrs. Lawrence Lambly, Mrs. F. S. Walton, Miss Caroline Mitchell and Miss Florence Smith. Cashier was Mrs. W. W. C. O'Neill. The home cooking table was in charge of Mrs. J. H. McLeod and Mrs. C. A. Berner. Mrs. Frank Dibb conducted a guessing competition and Mrs. Thomas Andrew was the winner of the prize, a ten-pound tin of honey. Mrs. J. M. McCawley told fortunes during the afternoon. Mr. F. W. Allen sang acceptable vocal solos during the afternoon, being accompanied by Mrs. Robert Bartlett.

H. W. Taylor, general manager of W. H. Malkin Co. Ltd., after spending a few days here on one of his periodical visits of inspection to the company's local branch, sailed on the Prince George yesterday afternoon for Ketchikan where he will take an American boat for Seattle enroute back to his headquarters in Vancouver.

### DOES YOUR BUSINESS NEED A DOCTOR?

Now, Mr. Businessman, have you ever tried to diagnose the reason for that sudden drop in profit over the figures of "last month?" If the temperature of your business alarms you there is no need for you to lose any sleep—the remedy is simple.

### ADVERTISE

"Ah!" you say, "But that's all very well. I'm only a small man and can't afford it." That's the reason the small man remains a small man. The big men in business today did not become big by hiding their light under a bushel, they advertised, and Advertised, and ADVERTISED. Advertising is as necessary to a "sick" business as the doctor's services are to a sick person. And it will find the money to pay its own bills, if done judiciously, from the increased volume of increased profits. Start with a small appropriation
