BACK TO THE LAND MOVEMENT SCHEME

Destitute Families To Be Given Farms Under Plan Being Arranged

Endorsation of British Columbia Proposal to Be Sought From Ottawa—Migration Out of Cities Would Be of Entirely Voluntary Nature

VANCOUVER, May 13.—Groundwork of a scheme to enable destitute families to go on land which has reverted for taxes to the Dominion, provincial and municipal governments was laid yesterday when members of a special advisory committee met Hon. Nelson S. Loughheed, minister of lands, and Hon. William Atkinson, minister of agriculture. The advisory committee was composed of representatives of the British Columbia agricultural department, the natural resources and colonization departments of the railroads and the Soldiers' Settlement Board.

A tentative scheme will be formulated and forwarded to Ottawa with a view to receiving approval from the Dominion government. Migration to the land will be entirely voluntary and selections will be carefully made. The scheme will simply be the moving of willing families from the cities to the country and continuing relief for them there in the hope that they may become at least partly self-supporting.

ARE SENT TO PRISON

Seventy-Seven Men Get Three Years at Nelson—Naked Pilgrimage Stopped at Grand Forks

NELSON, May 13.—Seventy-seven male Doukhobors, who participated in a nude parade at Tirums on Sunday last, were sentenced to three years' imprisonment by Magistrate Cartmel here yesterday.

GRAND FORKS, May 13.—One hundred and thirty-one Doukhobors—men, women and children—who set out in the nude to march to Nelson, late yesterday afternoon were arrested and brought here. They are now being held under guard.

REVOLT IS DESCRIBED

Lieut.-Commander Hart Addresses Rotary Club on Interesting Naval Event in South

6,000 WERE EXECUTED Moral Effect of the Vessels Being In Port Ended Trouble in San Salvador Recently

Giving some interesting details of the San Salvador revolt which was nipped in the bud by the opportune arrival of the two destroyers of the Canadian navy, the Skeena and the Vancouver, Lieutenant-Commander Hart of H. M. C. S. Vancouver spoke most interestingly to the Rotary Club at its luncheon yesterday.

The two Canadian boats were on their way to take part in the manoeuvres at Bermuda with the British fleet when they received orders to go instead to San Salvador where a revolt was said to be taking place.

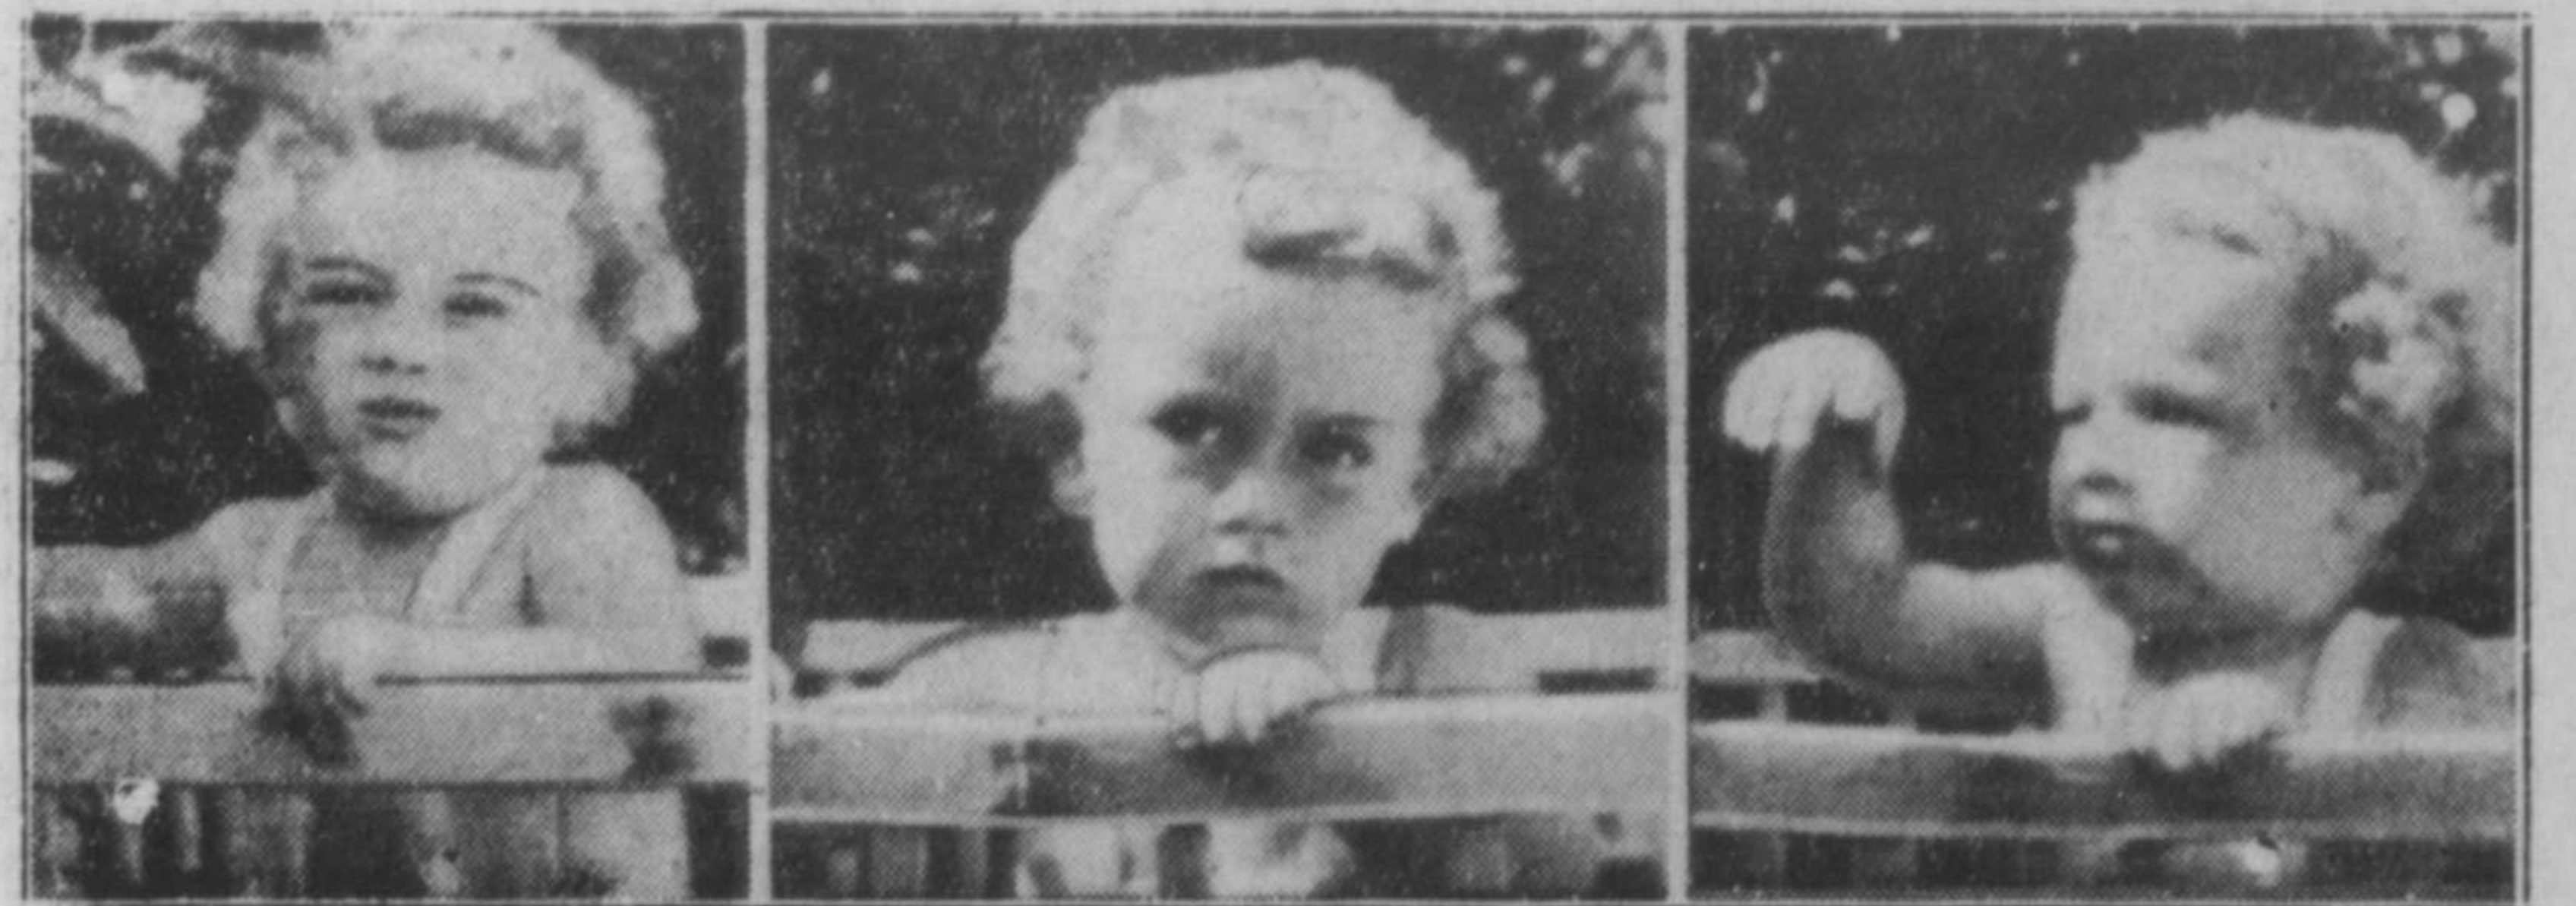

The ships entered the port in a thick haze and, when the fog lifted, the inhabitants were very surprised to see the two little warships anchored in the harbor. Their presence practically ended the revolt. The moral effect was sufficient without any other action. A landing party went ashore but the revolt was over.

The trouble had arisen among the lower caste natives and mixed breeds employed by coffee planters who cared little for their comfort and who were using the natives to enable themselves to get rich and clear out of the country. These people were the chief objects of attack. The better class of planters who used their men well were not molested. These paid their men about a dollar a day and housed and fed them well.

The revolt undoubtedly had communist backing and papers found on some rebels gave a New York address as the headquarters of the activities.

Attack By Communists The speaker told of the attack (Continued on page four.)

Pictures of Dead Lindbergh Baby

Charles Augustus Lindbergh, jr., kidnapped March 1, whose body has been found near parents' home.

Charles Augustus Lindbergh, Jr. Murdered Over Two Months Ago In Opinion of Medical Experts

Indications of Wound on Skull Found—Famous Flyer Positively Identifies Body as That of His Nineteen-Month Old Son

HOPEWELL, N.J., May 13.—Medical examiners yesterday expressed the belief that Charles Augustus Lindbergh jr., nineteen-month old son of Col. and Mrs. Charles A. Lindbergh, who was kidnapped from his parents' home here on the evening of March 1 and whose little body was found by neighbors on Wednesday, had been dead for at least two months. An examination

of the body, now little more than a skeleton, led to the belief that death was probably caused by a blow on the head, there being indications of this. On the right side of the skull is a hole about the size of a 25c. piece over the ear. The terrific blow caused a compound fracture of the skull. The body was positively identified by Col. and Mrs. Lindbergh as being that of their son.

The remains had been thrown into a shallow grave only a few feet from the road. The discovery of them was made by William Allen, colored truck driver for neighbors, who had stopped at this point in the road to chat with a passing friend and later had occasion to push his way through the thick brush off the roadside. The point was not five miles from the Lindbergh estate in the Sourlands.

The discovery was actually made on Wednesday afternoon but announcement was withheld from the public pending definite identification. Mrs. Dwight Morrow, grandmother of the child, was the first to be notified of the discovery. She advised the authorities and later broke the news to Col. and Mrs. Lindbergh. The latter identified the night clothes on the skeleton as being those the baby was wearing the night of his disappearance and by other means established identity.

Col. and Mrs. Lindbergh bore up bravely under the terrible shock. Both, up to the very last, had been hoping against hope that the child might yet be alive and well. Mrs. Lindbergh has been remaining in close seclusion for some time and is being attended by doctors. She is expecting to become the mother of another child this month.

With eminent criminologists and investigators taking up the slender clues now afforded more than two months after the ghastly kidnapping and murder, state police declared that it was too early to expect an arrest or even to disclose

over \$50,000 through intermediary to supposed kidnapers. Money received in graveyard but child not returned.

Challenge of Gangland NEW YORK, May 13.—In some quarters in the east, which like the rest of the country stands aghast and indignant at brutality of the kidnapping and murder of Charles Augustus Lindbergh jr., "America's most famous baby," the belief is held that the act comes as a challenge and warning from gangland of the United States—a challenge by gangland's power against law enforcement of the country and a warning that the people of the United States, even the most prominent, must submit to gangland's demands and pay its prices. On the other hand, however, of (Continued on Page 5)

RELIEF IS DISCUSSED

Prince Rupert Trades and Labor Council Holds Regular Monthly Meeting Last Night

The Prince Rupert Trades & Labor Council, at its regular monthly meeting last night, engaged in a discussion of some length on unemployment relief matters and it was decided to make representations to the authorities that some steps be taken to provide single relief workers with clothes as well as board and shelter.

T. J. Shenton, who has announced himself as a Labor candidate for Atlin in the forthcoming provincial election, was present and addressed the meeting briefly.

Business at the meeting was otherwise largely of a routine nature. Vice-president J. J. Gillis was in the chair and there was a good attendance of delegates.

PREMIER LANG OF NEW SOUTH WALES DISMISSED FROM HIS OFFICE BY GOVERNOR GAME

B. S. B. Stevens, Head of United Australian Party, Called On to Form Government—Executive Order Was Disregarded

SYDNEY, New South Wales, May 13.—Having used his executive authority to dismiss Premier J. T. Lang from office, Sir Philip Game, Governor of New South Wales, today invited B. S. B. Stevens, head of the United Australian party in the state, to form a new government which invitation Mr. Stevens accepted. The action of the Governor,

PREMIER STYLISH

Bennett Lives in Fifteen-Room Hotel Suite Which Cost No Less Than \$110,000 to Prepare

Rent Is High

Prime Minister is on Stand Before Committee of House

OTTAWA, May 13.—Expenditures incurred in alterations to the 15-room suite now occupied by the Prime Minister at the Chateau Laurier here amounted to \$110,743 and the rental paid by Mr. Bennett is \$400 per month.

These facts emerged from the House of Commons committee on railways and shipping today at whose session the Premier was present.

The Premier said that, when he learned the alterations would cost \$50,000, he had cabled from London requesting that the work be not proceeded with. The work had, however, been proceeded with. He did not learn until a long time afterwards that the cost had run to \$110,000. He could not understand how the changes had cost so much.

BRITAIN TO MEET DEBTS

LONDON, May 13.—The British cabinet was reported last night to have decided to pay in full war debts due United States on December 15 irrespective of whether or not Germany defaults on her payments to Great Britain. Payment of the debts is expected to pave the way for a currency conference between Great Britain and United States.

CUBS LOSE TO BRAVES

Boston Renews Challenge For National League Leadership—Cards in Fifth Place

CHICAGO, May 13.—Opening a crucial series with the Chicago Cubs on Wrigley Field, the home grounds of the Hornsby men, Boston Braves renewed their bid for National League supremacy yesterday by scoring an easy victory over the Cubs. Stellar hurling by Ed Brandt was largely responsible for the Boston victory. He allowed the Cubs only five hits. The lead of Chicago was cut to one and a half games.

The world champion St. Louis Cardinals assumed fifth place in the standing ahead of the idle New York Giants by scoring an easy victory over the Phillies.

Brooklyn Dodgers had no difficulty taking the Cincinnati Reds. In the only American League game of the day, Cleveland Indians scored a close victory over the lowly Boston Red Sox, the winning run coming in the ninth inning.

Rain and cold on the eastern sector caused postponement of all other American League games.

Yesterday's Big League scores:
 National League
 Boston 8, Chicago 3.
 Brooklyn 8, Cincinnati 2.
 Philadelphia 2, St. Louis 8.
 American League
 Cleveland 5, Boston 4.
 (Continued on Page Four)

TO HELP DISTRESS

OTTAWA, May 13.—Wide and elastic power to combat unemployment and distress was conferred upon the government yesterday in a bill numbered 72 which passed the House of Commons and now goes to the Senate for ratification.

SPORT NEWS

Spartan Athletic Meet Is Postponed

Due to the unsettled weather conditions and also because of the fact that several of those who were expected to participate found it impossible to attend, the Spartan Athletic Club's first track meet of the 1932 season, which was to have been held yesterday afternoon, was postponed. A meeting of the club will be held tomorrow to decide a new date for the meet.

STENOGRAPHER FINDS WORK MUCH EASIER WITH HER NEW GLASSES

The stenographer was having headaches, her glasses were not comfortable and work was getting on her nerves, so she decided to call on G. F. Davey, Registered Optometrist, in charge of the Optical Dept. of Max Heilbronner, Jeweler. An examination soon revealed the trouble and proper glasses fitted in a neat frame immediately gave relief. Work is much easier now, has no headaches and these comfortable glasses cost considerably less than the other pair which were getting her nerves.

MERCHANTS WIN MATCH

Outplayed Home Oil in First Half
Last Night and Staged 2-0
Victory in Soccer

Completely outplaying their opponents in the first half when they had the wind and the grade of the field in their favor, Merchants defeated Home Oil by a score of two to nil in the City League football series last night to register their first victory of the season. Incidentally, it was probably the most decisive victory that has so far been recorded this season. After the switch-over in the second half, Home Oil kept the play pretty well confined to its end of the field but was unable to successfully penetrate the sturdy Merchant defences. The teams were as follows:

Merchants—Vic Menzie; Hardy and Douglas; Hill, Sonny Dickens and Gilker; Amor, H. Dickens, McKay, Fong and Frizzell.

Home Oil—Johnson Smith; W. Murray and P. Murray; George Howe, Webster and Davies; Palmer, Jomez, J. Currie, Nakamoto and Fisher.

Referee was J. A. Johnstone and linesmen Woodside and Bye.

Within the first minute of the start of the game, Merchants went ahead. Fong crossed the ball from the left wing, McKay shot for the Merchants and Smith saved. On the rebound, there was a collision between Amor and Smith and the sphere went through, Amor being credited with the goal.

Five minutes before the end of the first half, the Merchants made it two. McKay sent down a hot shot which Smith stopped but fumbled, the ball being jostled behind the line for a corner. Frizzell took the kick and placed it across the goal mouth to the right wing, Amor bouncing upon it to score again.

Just before the end of the period, two long shots by Sonny Dickens were saved with difficulty by Smith.

Throughout the first half, the Merchants pressed continuously, only allowing two goal kicks at the other end of the field. Home Oil was seldom able to get the pigskin past the half way line.

The Second Half
Five minutes after the start of the second half, Douglas fouled Webster in the penalty area. Webster took the penalty kick for Home Oil but missed by inches. Towards the end of the game in a vain effort to score, Webster was moved to centre forward position but, although Home Oil continued to do most of the pressing owing to having the wind and hill in their favor, holding the Merchants except for occasional break-aways, the Oil Men were unable to get through.

During the second half, some of the older players clearly indicated that their tempers were frayed. A situation arose in which the referee would have been well advised to take a firmer hand.

Webster and Howe were the hardest workers for Home Oil. The Dickens boys and Douglas were outstanding for the Merchants.

Owing to cold and damp weather there was not a large crowd of spectators.

The Mobley Cup (city championship) standing to date is as follows:

	W. D. L. F. A. P.
Regiment	1 0 0 1 0 2
Merchants	1 0 1 2 1 2
Legion	0 1 0 1 1 1
Home Oil	0 1 1 1 3 1

LEGION BAND TO BE HEARD MOOSE HALL

Anyone who misses the Moose Legion Band Concert tonight will miss a good evening's entertainment. R. Greenfield, the bandmaster, promises music lovers a treat. During the winter months he has put on a series of Sunday concerts which have been greatly appreciated. About a year ago it was brought to the notice of the Moose Legion that a number of older boys were interested in music. Looking around for a leader the boys were fortunate in securing the services of Mr. Greenfield. Their choice has never been in doubt as he has proven his capabilities. Mr. Greenfield is a professional cornetist, and was a member of the late War Veterans' Band on their world tour.

The support of the public is being asked for this concert tonight, to encourage the boys and help give them a musical education, which will be enjoyed during the summer months when it is proposed to put on a series of out-door concerts. There will be a varied program of two hours solid enjoyment. Concert starts at 8:15 p.m. Admission 25c.

STOCKMEN ENTHUSED

Beef Raisers of Bulkley Valley Are Pleased With Results and Plan Holding Show

Stockmen of the Bulkley Valley are reported to be so enthused over the success of their grain-fed cattle of the past winter that they propose holding a beef show to last an entire week this summer.

Grain fed steers from the Bulkley Valley have commanded good prices in the north. A recent carload shipment brought 6c per pound at Prince Rupert.

REVOLT IS DESCRIBED

(Continued from page one)

made by the communists on the customs house. The few police were evidently asleep. They were killed and cut into pieces. Next, attention was turned to the barracks. The soldiers were not armed so they threw open the gates and admitted the revolutionists. When the mob got inside, the officers turned machine guns on them and mowed them down, killing every one.

Visiting the scene after the event it was found that the loss of life in fighting had been relatively small but the carnage afterwards was great for six thousand men were executed for complicity in the revolt. All Bolsheviks were shot and a burial party of twenty or thirty was kept busy.

The San Salvador soldiers, it was found, were well fed but not well paid. However, they were not trusted and when they were sent off in squad service during the time of the revolt one member of the National Guard was sent with three soldiers, with orders to shoot them if they failed in their duty. Ordinarily the soldiers were not trusted with ammunition.

A few of the refugees were taken on board for a day or two but it was not really necessary. There was no fighting after the vessels arrived.

The Vancouver is now on seal patrol and the weather experienced in coming here from Queen Charlotte Islands was the worst experienced by the ship since she was on her present commission.

Commander Hart said the Canadian vessels got a lot of publicity in the Old Country as a result of the event because they were first on the scene. It was shown that they could "do their stuff" when required.

JUNIOR LINE-UPS

Line-ups for the Junior League football game scheduled for tomorrow afternoon between Booth and Borden Street Schools are announced as follows:

Booth—Blake, Eby, Ritchie, Macdonald, Gomez, captain, Fulton, Nelson, DeMarco, Colussi, Munro, McMeekin and McGreish.

Borden Street—Annesly, Hong, Leitch, Currie, Campbell, captain, Lindsay, Naylor, McGuire, O'Neill and Shrubbsall. Reserves, Murray and Lee.

Estimated petroleum production in Canada in 1931 was slightly greater than in 1930.

BABY BEEF

The Road To Progress

Prince Rupert will make progress if the people build up the hinterland. This week they have the opportunity to help themselves by helping the Bulkley Valley farmers. Bulkley Valley Baby Beef is going on the market tonight or tomorrow. It is the choicest shipment ever made to the city and no one can make a mistake in purchasing it.

The carload arrived at the week-end and is now ready for distribution. All the butchers in the city are carrying some of it.

Progress comes through co-operation. Today we have an opportunity to show that we are ready to co-operate with the farmers of the interior by specifying their beef when telephoning our orders. It is a simple matter but it means a great deal to the farmers.

There is no reason why British Columbia people should be fed on Alberta products when they have good things of their own produced right within their own boundaries. We have the friendliest feelings toward our sister province, but if we cannot use our own product we cannot expect others to use it. If it is good enough for export it should be good enough to use at home. By buying at home we encourage our own people, making them so prosperous that they are able to buy from us. The dollar spent on Bulkley Beef is likely to return but the dollar expended on Alberta beef is likely to remain on the other side of the Rocky Mountains. The motto then should be:

Giants Break Softball Jinx

Defeated Radio Club By Close Score of 11 to 10 Last Night

The East End Giants, playing with the Steena Amateur Radio Club, broke their losing streak by holding the Radio Boys down to a score of 11 to 10 at the Gyro Park last evening. The game, though having its errors due to wet and slippery grounds and accompanying disadvantages, was closely contested nearly all the way through.

The Giants gained a foothold in the middle innings but it was lost again when the Radio Club pulled up near the last. The finish was anybody's game for a while, finally ending in favor of the Giants.

This is the first game of the series that the Giants have won and they assert that, from now on, they are out for blood. White and Gillis played gilt-edge ball for the Giants while Geddes did the flypaper act for the Radio field. The Giants will clash with the Sailors from Seal Cove on Monday next.

Mrs. R. Sorrenti and two children, who arrived in the city about ten days ago from Anyox, will sail on the Princess Adelaide tonight for Vancouver whence they will proceed to New York where, on May 28, they will embark on the steamer Augustus for their native home in Naples, Italy.

"KING OF PAIN"
LINIMENT

CHAS. AUGUSTUS LINDBERGH, JR., MURDERED OVER TWO MONTHS AGO IN OPINION OF MEDICAL EXPERTS.

(Continued from page one)

Officials, hard put to ascribe a motive for the kidnapping if it were not for the purpose of demanding ransom, seem inclined to favor the belief that the revolting deed may have been the act of a maniac or maniacs, possibly with some grievance, imaginary or otherwise, taking this means of expiation.

Others believe that the kidnapping may originally have been with the intention of demanding ransom but that the kidnapper or kidnappers, frightened at the daring of the crime immediately after its committal and fearful of the consequences which might ensue for them, stopped panic-stricken on the road by night and then and there hid themselves of the child by killing and interring it.

Circumstances which early led the authorities to believe that the kidnapping was an "inside job" will not be lost sight of by the investigators. It is still believed that the child was removed by a person or persons fully acquainted with the interior of the home and the habits in regard to the child.

In the light of yesterday's developments in the mystery, it appears that the later ransom demands, at least, were not made by the same persons who were responsible for the kidnapping and murder of the child.

Washington Concerned
WASHINGTON, D.C., May 13:—Legislators, in session at the national capital, received the news of the tragic developments in the Lindbergh kidnapping case yesterday with feelings of deepest sympathy and concern for the famous flying couple.

Hard Times Dance In Workless Hall

The Unemployed Association Hall on Second Avenue was the scene of a hard times dance last night. There was a fair sized crowd in attendance and an enjoyable time was spent by all present. Julius Welle played accordion music for the dancing and was in general charge of the affair.

CARTER'S LITTLE PILLS

SKULL IS PICKED UP

Identified as Being That of Lewis Larsen, Hazelton Logger—Disappeared in December

A skull which has been found in the bush in the Kispiox Valley has been identified by means of filling of the teeth as being that of Lewis Larsen, Hazelton logger, who had been missing since the middle of December last divisional headquarters of provincial police here are advised. No other parts of the body besides the skull have as yet been found but Sergeant Andrew Fairbairn and Constables Harold Raybone and W. Oland of the provincial police are conducting a thorough search in the neighborhood in the endeavor to find the remainder of the skeleton which, judging from the state of the skull, was molested after death by bears.

It was December 14 that Larsen left Hazelton with two friends, Eli Arvidson and Charles Anderson. He was accompanied by the two men as far as Lenhart's pole camp whence he set out by himself for Kispiox. Although extensive search was made immediately after Larsen's disappearance, he was never seen again nor was any trace found until this week when the skull was discovered. Heavy snow hampered previous search operations. The skull was found about the place where Larsen was believed to have disappeared.

What is believed to be the hole of a 22-calibre bullet was found in the skull. It is recalled that Larsen was carrying a 22 rifle as well as a gold watch.

The Letter Box

TOURS OF INSPECTION

Editor, Daily News:—
On the arrival of the ss, Prince George Wednesday morning I noticed that another party of C. N. R. officials and retinue, had arrived on another so-called "Tour of Inspection." Several familiar faces were missing from the party, this, no doubt, being due to the fact that the parliamentary committee investigating C. N. R. matters is still in session at Ottawa and has just decided, by a majority of one, to probe into the expense accounts of 12 of the "Higher Ups." This fact may have had a deterring influence of the C. N. R. officials in Vancouver causing them to postpone the pleasure of their "Tour of Inspection" until a more opportune time. I would like to extend my sympathy to them in having to postpone a pleasant sea voyage and rail trip, all de luxe travelling, with reasonable expenses allowed, and incidentals. I almost forgot to mention the incidentals.

I believe that two private cars had been provided to convey the party to Winnipeg (two were necessary in order to avoid overcrowding) and that a medical officer was also a member of the party. I am curious to know what particular branch of the service he was detailed to inspect. If he had no particular duty to perform I would suggest to him that he could render the public a great service by performing a major operation on some of the deadwood in the C. N. R. staff, commencing on the head.

In view of the present financial condition of the C. N. R. and the disgraceful disclosures that have recently been exposed, I venture the opinion that these so-called "Tours of Inspection" are nothing but a wanton and deliberate extravagance on the part of the officials

making these "Tours" or to put it more bluntly "Joy Rides." The cost of one of these "Tours" would have kept a good many of the Lower Downs supplied with the necessaries of life for a considerable period during last winter.

I wish to voice my protest at the continuance of these absolutely unwarranted extravagances and sincerely hope that the aforesaid parliamentary committee will bring in recommendations to the House at Ottawa that will immediately stop for all time such wasteful expenditures of public money by C. N. R. officials as have been witnessed in the past.

Thanking you for your courtesy in publishing this protest.
SYDNEY C. THOMSON.

Miss May Macdonald, daughter of Ald. and Mrs. S. D. Macdonald, is now making good recovery after having been threatened with an attack of pneumonia.

REGIMENT TO PLAY WARSHU

A football game has been arranged to take place at the Acropolis Hill grounds this evening between a team representing H. M. C. S. Vancouver and the Canadian destroyer, which is at present paying a visit to port, and Regiment of the Motor League here. It is expected to be a lively contest and if weather favors at all, there will, undoubtedly, be a large crowd of soccer fans on hand to see it.

John Macfie and Eric Christie sailed last night on the ss. Prince George for Esquimalt where they will take courses of naval training. They are members of the unit of the Royal Canadian Volunteer Reserve.
