OTTAWA BUDGET DEBATE CONTINUES

REPORTS THAT PREMIER MINE TO CLOSE DOWN DENIED

Nationalization Of Canadian Financial System Advocated

Gardiner Would Also Conscript Personal Incomes Exceeding \$20,000 or \$25,000 Annually—Sub-Amendment Offered to Commons

OTTAWA, April 13.—Robert Gardiner, leader of the United Farmers of Alberta, third largest group in the House of Commons, last night moved a sub-amendment to the budget speech advocating nationalization of the Canadian financial system.

The Gardiner sub-amendment followed the Liberal amendment declaring the budget to be "arbitrary, ill-considered and inordinate."

C.N.R. Accounts, Thornton House, Premier's Apartments to be Investigated by Committee

OTTAWA, April 13.—Accounts of Canadian National Railways officials, purchase by the railway directorate of a house in Montreal for Sir Henry Thornton, issuing of free passes by the railway and renovation of the Prime Minister's apartment in Chateau Laurier are matters which have been delegated for investigation to a sub-committee of the House of Commons standing committee on railways and shipping.

ALBERTANS WIN SERIES

Raymond Union Jacks Defeat New Westminster Adanacs to Advance in Hoop Playdowns

LETHBRIDGE, April 13.—Raymond Union Jacks defeated New Westminster Adanacs in the western basketball playdowns of the Dominion championship series last night by a score of 40 to 25, taking honors in the two-game round by an aggregate of 99 to 49.

Senator Harris Critically Ill

Georgia Representative Fails to Rally Normally From Operation

WASHINGTON, April 13.—Senator William J. Harris of Georgia was reported last night to be in a critical condition following an operation from which he failed to rally normally.

CONFIDENCE RETURNS TO GERMANY RESULT OF SUNDAY ELECTION

BERLIN, April 13.—Restoration of confidence in Germany following the presidential election Sunday was indicated yesterday when the Berlin Stock Exchange re-opened for normal transactions for the first time since last summer.

KNIGHTED BY KING

Honor For Dr. John Weir of London, Cousin of Mrs. Sam Massey of This City

Dr. John Weir of London, physician-in-ordinary to the Prince of Wales and cousin of Mrs. Samuel Massey of this city, has been created a Knight Commander of the Victorian Order by King George V, according to word received in the city from the Old Country.

The son of Mr. and Mrs. James Weir of East Kilbride, Scotland, Dr. Weir was born in Glasgow and educated at Allan Glen's School, graduating from Glasgow University. For a time he held the post of resident physician and surgeon in the Western Infirmary, Glasgow. He became interested in homeopathy through personal experience and subsequently he went to America for post-graduate study in homeopathy.

Since 1922 Sir John has been physician-in-ordinary to the Prince of Wales. He is also physician to the Queen of Norway. For several years he has enjoyed the confidence of other members of the Royal Family.

Mortgage Bill Is Put Through

Final Reading Given Measure By Legislature Before Prorogation of Session Today

VICTORIA, April 13.—The mortgage moratorium bill suspending principal payments on mortgages for one year was given final reading by the Legislature before prorogation today.

VANCOUVER WHEAT

VANCOUVER, April 13.—Wheat was quoted at 63 1/2c on the local exchange today.

MEMBER RESIGNS

G. B. Jones of Royal, N.B., Transgresses House of Commons Act

OTTAWA, April 13.—George B. Jones, Conservative member for Royal, N.B., resigned his seat in the House of Commons yesterday after he had learned that he had transgressed the House of Commons Act by the fact that a company, in which he is a major partner, although non-active, Jones Bros. of Apohoqui, N.B., had supplied a small amount of medical goods for needy Indians on order of the Indian medical director.

Jones will seek vindication at the polls and election writs will probably be issued shortly.

ECONOMIES DISCUSSED

School Board Confers With Ratepayers' Committee and With Miss McLenaghan

The committee representing the ratepayers of the city and consisting of Fred Wesch, G. H. Arnold, H. B. Rochester, M. M. Stephens and G. W. Nickerson had a conference last night with the board of school trustees and submitted a list of proposals designed to cut down the cost of education in this city. The conference lasted about an hour and there was a full discussion. At the close, the board, all members of which were present, promised its serious consideration to the proposals.

Following the meeting with the ratepayers' committee, the school board went into conference with Miss Jessie McLenaghan, director of home economics for the department of education. Miss McLenaghan urged the board not to discontinue home economics entirely, declaring that it would be better, if necessary, to make some curtailments temporarily. Miss McLenaghan stated that she was cognizant of financial difficulties and offered some suggestions to lessen expense.

The regular monthly meeting of the board will be held on Tuesday night of next week when there will be a conference with T. W. Hall, inspector of schools.

QUESTIONS ON RELIEF

Dr. H. C. Wrinch, Liberal member for Skeena, has inquired from the Minister of Public Works in the House at Victoria if any persons have been employed in Skeena riding in connection with the supervision of relief operations and, if so, who were the persons so employed, what were the duties of each and what was the rate per day or month paid each and the total remuneration received by each to date?

Dr. Wrinch also inquired as to the cost of construction and equipment of the unemployment camps at Lakelse, Pacific, Usk, Cedarvale and Seaton, how many days have each of these camps been in operation and what was the average number of men in each camp during the time of operation, are the camps still in operation and what was the aggregate number of days of relief given in the camps?

Will Look After Estates

The Countess Cowley, formerly Mrs. Pickard of Virginia, recently arrived at New York with her daughter, Lady Patricia Wellesley, shown at the left of the photograph. They are over to take care of their American estates.

INCREASE IN ANTE

Col. Lindbergh Expresses Willingness to Pay More Than \$50,000 For His Child

HOPEWELL, N.J., April 13.—With his kidnapped child still unreturned, Col. Charles A. Lindbergh was preparing yesterday to make an additional ransom offer in addition to the \$50,000 which has been already paid over. There were no further developments of importance in the abduction case.

There was no indication up to last night that either Lindbergh or his representatives had made any further progress towards having the child returned.

Col. Lindbergh expressed the opinion last night that the kidnapers, afraid of being detected, may have taken the child back out to sea beyond the 12-mile limit.

The fanciful Dr. Condon of New York, who is said to have paid the \$50,000 ransom over to the kidnapers, was interviewed yesterday but could throw no further light upon the mystery.

Reports were received that some of the ransom bills had been seen in London, England, but this was discounted.

Mrs. Lindbergh Collapses

Mrs. Lindbergh, who has remained in seclusion at her home here during the 43 days since the kidnapping occurred, finally broke down under the strain yesterday and suffered a complete collapse. Physicians were rushed to her side. Another child is expected next month.

C. N. R. steamer Prince John, Capt. Neil McLean, is expected to arrive some time this evening from Vancouver via the Queen Charlotte Islands. Up to mid-afternoon the vessel had not given her definite hour of arrival.

Normal Operation Is Being Continued At Property Says Pitt

General Manager of Famous Producer Contradicts Suggestions Made in Vancouver as to Lifetime of Mine—Unfair to Shareholders

Here today aboard the steamer Prince George on his way back to Premier after having attended the annual meeting in Vancouver recently of the Premier Gold Mining Co. Ltd., Dale L. Pitt, general manager of the company, emphatically denied a report appearing in the Vancouver press to the effect that the famous Premier mine would be closing down shortly owing to depletion of ore.

WORKLESS ADAMANT

Big Majority of Men at Cloyah Bay Still Opposed to \$7.50 a Month and Board Scale

A meeting of the Cloyah Bay branch of the Prince Rupert District Unemployed Association was held at the camp last night when all but eight men, who are now at work, reiterated their stand to refuse to go to work at the \$7.50 and board per month proposal of the government. The men are standing out for \$4 per day, clothes to be furnished before they start to work.

Of the eight men who have gone to work for \$7.50 per month, four are in the kitchen and four on the road, it was stated this morning. It was also stated this morning by officials of the Unemployed Association that the tobacco ration had been cut off the men who have refused to go to work on these terms.

There are between 75 and 80 men in the camp.

Former Seattle Police Officers Gets 18 Months

SEATTLE, April 13.—George F. Reynolds, former Seattle police officer, found guilty recently of transporting liquor, was sentenced to 18 months' imprisonment at McNeill Island by Federal Judge Neterer here.

Veteran Civil Engineer Dies

Charles H. Keefer Passes Away at Age of 89 in Ottawa

OTTAWA, April 13.—Charles H. Keefer, aged 80, well known civil engineer of the past generation, died here yesterday.

SEATTLE ADOPTS POLICY OF WORK

SEATTLE, April 13.—The city council of Seattle yesterday adopted a policy of giving work to the unemployed. An appropriation of \$152,000 was made for a start on the new plan.

LOS ANGELES, April 13.—Allan Hoover, son of President Herbert Hoover, was fined \$7 in a city court yesterday for speeding.

Reports of an early closing down of the mine were particularly unfair to small stockholders, Mr. Pitt declared.

PASSED IN HOSPITAL

Daughter of Late Chief of Kitkatla Indians Died in Local Hospital Yesterday Afternoon

The death occurred yesterday afternoon in the Prince Rupert General Hospital, where she had been a patient for the past four weeks, of Mrs. Anna Wilson, wife of Charles Wilson of Kitkatla and daughter of the late Amos Collison, who, during his life, was a chief of the Kitkatla Indians.

The late Mrs. Wilson was 30 years of age and was born at Kitkatla. Besides her husband, she is survived by three small children, her 30-year old mother, a brother, Henry Collison, and a sister, Mrs. Kathleen Vickers. All surviving relatives reside at Kitkatla.

The funeral will take place at Kitkatla tomorrow afternoon with Rev. Bert Shearman, Anglican Church missionary teacher, officiating, and Jonathan Hill presiding at the organ. Hayner Bros., undertakers, were in charge of forwarding the body to Kitkatla.

Before the body was sent to Vancouver, a brief service was held this afternoon in the undertaking chapel here with Rev. Canon W. F. Rushbrook officiating.

CAMPS ARE ECONOMICAL

Further Whitewash Applied By Victoria Relief Probe—Brown Criticism "Unjustifiable"

VICTORIA, April 13.—British Columbia relief camps were economically operated, says the report of the unemployment relief committee which was presented to the Legislature last night.

Criticism of the committee by Harold Brown, president of the Vancouver Board of Trade, was declared in the report to be "unjustifiable" and "unwarranted."

DEFENCE OF TOLMIE GOVERNMENT

Judging from what one hears on the street, practically the whole community must be opposed to the Tolmie Government and yet we do not share a great many of the prejudices against them. They have their good points as well as their bad. The redistribution measure recently passed by the Legislature at the instigation of the government was a pretty good arrangement although the Liberals suffer somewhat from it. They might have suffered a great deal worse if the government had set out to gerrymander the seats as it was reported they were planning to do. While we do not agree that Vancouver should have received another member, we must admit there were arguments for it as well as against.

Another point to be considered in connection with the criticism of any government whether it be federal, provincial or city is that these are extremely difficult times, more difficult than we have had in many years and that no one realized conditions could have been as bad as they are.

Critics remind us that Dr. Tolmie told us he was going to bring prosperity to the province. He would make conditions so good that the boys would not want to leave for other countries when they attained the stature of manhood. Of course that was the exuberance of electioneering. Dr. Tolmie at that time had had no experience as the head of a government and did not realize the difficulties. He seems to have let his followers get away with him temporarily and then found it difficult to get back.

All we ask is that, in criticizing any of the governments, people consider at the same time the very difficult conditions under which they have found themselves.

TAXES IN ADVANCE

The plan of the city council to pay six per cent interest on advance payments of taxes seems like a good one. The city needs the money and it has to pay six per cent to the bank on its loan. If the money is paid in now it relieves the city from borrowing that much. Many people who are getting only three per cent for their money in the savings bank will be quite glad to have it earn six per cent for a brief period by paying their taxes ahead of time.

FEWER CARS USED

As a result of the change in financial conditions the regular increase in the number of motor cars used has been checked and the result shows there are today fewer in use in Canada than there were a year ago. British Columbia shows a slight decrease in the number licensed and so do the provinces of Alberta, Saskatchewan, Manitoba, Quebec and New Brunswick. Ontario shows an increase and so do Nova Scotia and Prince Edward Island. Saskatchewan shows the greatest drop, there being almost thirty thousand fewer motor vehicles of all kinds in use in the province than there were a year ago. That is largely the result of the drought in the southern section and the low price of wheat.

HOW MUNCIE DID IT

Muncie is a small city in Indiana that was like every other place rather badly hit by the depression. However, the businessmen of the city decided not to accept the condition as inevitable and set out to see what they could do to make an improvement. This is the story as told in the Rotarian, the writer of the article having made a personal investigation.

An analysis showed that much of the local depression was the result of slackness in the building trades. A two thousand dollar fund was raised, all of which was spent in newspaper advertising under the direction of the chamber of commerce, urging the people to take advantage of the present low prices to get their house renovating or building done. The whole community responded with the result that for the \$2,000 expended there was something like \$100,000 released in wages for the unemployed. The newspaper publicity was backed by public speeches to service clubs and other organizations and there was general co-operation to secure the desired results.

NEWS OF THE MINES AROUND PRINCE RUPERT

Further Details of Situation at Premier Mine—Particulars of Liard River Gold Strike—Discoverer of Big Missouri Dies

Further details of the situation at the famous Premier mine in the Portland Canal district, which is now nearing depletion, were given by H. A. Guess, vice-president and managing director, at the annual meeting of the shareholders of the Premier Gold Mining Co. Ltd. which was held last week in Vancouver. The report of Mr. Guess did not reveal the plans of the company for the immediate future although he stated that exploration work in the mine during the past year had been "moderately successful." An aggregate of 7898 feet of underground development was done during the past year. Five diamond drill holes from surface and 62 holes underground were drilled in search of new ore. Total earnings for 1931, before deducting administration expense, taxes, depletion and depreciation, were given at \$383,871.35 or a decrease of \$435,090.74 as compared with 1930. Estimated ore reserves in the mine were given as follows: ore broken in stopes, 215,875 tons, averaging 0.28 ounces gold and 8.8 ounces silver. With gold at \$20 per ounce and silver at 25c this represents a gross value of \$7.80 per ton. Assured and probable unbroken ore down to the sixth level of the present workings amounts to 37,748 tons, averaging 0.56 ounces gold and 9.0 ounces silver or a gross value of \$13.45 per ton. Dale L. Pitt, general manager of the company, went down from Premier to Vancouver to attend the meeting.

Development of the mining industry in Atlin district has been retarded for upwards of thirty years by the round-about means of transportation in reaching the district. Much the same condition applies to the Stikine River district. Transportation difficulties of Atlin district would be solved to a great extent with the building of the Alaska-Yukon highway. A horse trail in from Stewart to Telegraph Creek would greatly help the Stikine River country. Cheap transportation is all that both districts need. It is intended to assure great mineral development therein.

Five hundred men are reported to have already left Vancouver this spring to prospect mineral areas of the province, practically all of them being in search for gold. They have scattered to all parts of the province, including the Liard and Ingenika districts, while some will go into the Great Bear Lake district.

Further particulars have been received of the recent gold strike near Wolf Lake in the Liard River country. About the end of January an Indian named Billy Smith arrived at Carcross and with other natives left hurriedly for an unnamed destination. On March 15 they returned and exhibited considerable gold. They called the creek where the discovery was made "Shoo-to-Nook" which means "new life." The Indians also claimed to have discovered some gold-bearing quartz, samples of which have been sent away for assaying.

The Stewart Board of Trade, at a recent meeting, passed a resolution requesting that the forthcoming Imperial economic conference grant no preferential tariffs to metals unless same are mined, smelted and refined within the British Empire. The purpose of the resolution is to encourage the establishment of a smelter on the British Columbia coast. The board also passed a resolution requesting that the matter of monetizing silver on a fixed natural yield ratio be submitted to the Imperial Conference. The resolutions have been forwarded to Hon. H. H. Stevens, minister of trade and commerce. Another resolution passed by the board thanked Dr. Joseph T. Mandy, resident mining engineer, for a splendid series of addresses on mining subjects which was recently held at Stewart. Tribute was paid to the excellent work being done by Dr. Mandy in the district and he was declared to be a real asset to the community.

IN THE LETTER BOX

DEFENCE OF BARBERS

Editor, Daily News:—

These being days of stress and trial to all who labor and when all are being called upon to account for their action, I deem it advisable to say a word on behalf of the barbers of Prince Rupert, who, at present, are being paraded to the public as modern "highway" men, because of the price governing Union shops in our city. As one barber who has followed the profession during the natural course of my life, briefly, I would like to place the barbers' side of the case before the public.

First, a barber is not a merchant who buys and sells commodities, living on the margin of profit of exchange. A barber is simply a worker who sells his labor or service, as it may be termed, to the public, and in so doing is subject to various items of cost or overhead, such as rent, heat, light, laundry, barber supplies, trade licence and fixtures. And further remember standard or competent barber shops do not deliver their ware in bulk or large volume, as can be done in merchandising establishments. A barber's income is determined solely in the expenditure of time and the service possible to render in the given time a barber is permitted to operate in the course of a legal work day. Time or tide waits for no man and none can give two hour's service in one, though there should be customers waiting to be called "next."

Then again are communities more prosperous where the earning power of the people only provide for a bare subsistence; or are conditions preferable where all people receive a fair exchange for their effort or labor, thereby enabling all

to pay their way and a dollar to spend if desired? The barbers believe the latter to be the better course for communities to adopt. In defence of our schedule of prices the following will give the public some idea of the earning power of present day barbers, both in Prince Rupert or other places along the coast:

In the early days of our city barbers worked 76 hours per week under a guarantee of \$22.50 per week. After the revision barbers were increased to \$30.00 per week. Under present day conditions barbers work 55 hours per week and on percentage basis without any guarantee. So the depression makes its imprint on us as well as others.

Our literary critic, styled as "Citizen," who subsists on a portion of the forty-five million dollar guarantee from the Dominion of Canada annually, I venture to say has more money to spend on his family weekly than any of our modern "highway" barbers have to spend on theirs. Remember, intelligence increases wants; education develops new desires; old wages will not satisfy new wants; the soul longs for harmony without with that within. A soul in a palace is not satisfied for the body to be clothed in rags and patches.

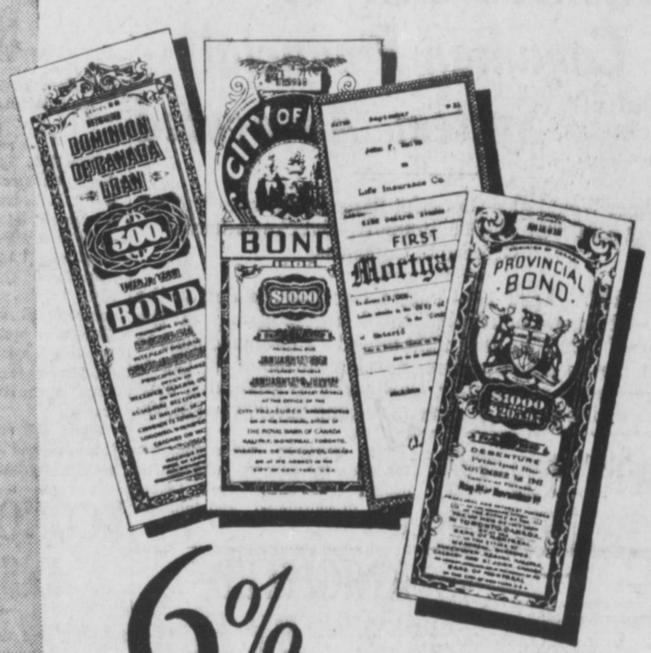

BARBER.

This will close the Daily News discussion in regard to barbers and their work and charges.

—Ed.

6% of Canada's Wealth is in Life Insurance

YOUR investment in Life Insurance is safeguarded by assets totalling billions of dollars - - assets which form six per cent. of Canada's total wealth.

Such security is an important reason why Life Insurance has always paid one hundred cents on the dollar. No matter what other securities have declined, Life Insurance has never depreciated in value nor caused any loss to policyholders.

Life Insurance can do much more than protect your loved ones when you are gone. It can pay for the education of your children - - provide a cash reserve for emergencies - - make possible independence when you retire.

All of these advantages may be yours with absolute safety and certainty. Discuss your needs with a Life Insurance Representative now - - tomorrow you may be uninsurable.

SAVED IMPORTED DRESS

"After a little wearing, a lovely green voile—an imported dress—lost color so completely that it was not wearable. A friend who had admired it asked me why I wasn't wearing it any more. On hearing the reason, she advised dyeing it and recommended Diamond Dyes. To make a long story short, it turned out beautifully. I have a lovely new dress that really cost just 15¢—the price of one package of Diamond Dyes.

"I have since used Diamond Dyes for both tinting and dyeing. They do either equally well. I am not an expert dyer but I never have a failure with Diamond Dyes. They seem to be made so they always go on smoothly and evenly. They never spot, streak or run; and friends never know the things I dye with Diamond Dyes are redyed at all!"
Mrs. R.F., Quebec.

NO DISTRESS after eating

GET RID of that old dread of indigestion, and eat without fear of distress.

When food ferments; disagrees; lies like lead in the stomach; it is a sign of too much acid. The stomach nerves have been over-stimulated. The quick corrective is an alkali. Don't resort to burning doses of soda—take instead, an antacid that will correct the condition. Phillips' Milk of Magnesia!

A spoonful of this soothing alkali restores the proper alkaline balance to an acid-soaked system. Then the stomach, liver and bowels function as they should.

Phillips' Milk of Magnesia is what you need when bad breath or coated tongue indicate too much acid. Take a spoonful today, and for several days, and see how soon it sweetens the entire system. Your

digestion will be vastly improved. Things will taste better and you will feel better in so many ways.

Also, you will find when your system is properly alkaline you are not so susceptible to sickness and colds. That you are no longer troubled with constipation, or with headaches, gas on the stomach. An alkaline balance builds resistance.

Ask for Phillips' Milk of Magnesia, which is the preparation of magnesium prescribed and recommended by your own doctor for correcting excess acid. 50c bottles are sold at drug stores everywhere in the dominion.

To avoid the condition of acid mouth, you should use a milk of magnesia tooth-paste. Your teeth are worthy of the best dentifrice. Try Phillips' Dental Magnesia, which contains 75% concentrated Phillips' Milk of Magnesia.

JACK AND KINGFISH

Former Champion and Chicago Heavyweight Matched For Bout to Be Held in July

CHICAGO, April 13.—Announcement was made yesterday that Jack Dempsey, former world's heavyweight champion, and King Levinsky of Chicago had been matched for a headline bout to be staged in July. Terms have been agreed upon and Reno has been tentatively decided upon as the venue for the bout.

REGIMENT TO ENTER

Will Again Be Represented With Team in Senior Football League This Season

The First North B. C. Regiment Football Club, at a meeting last night, decided to again enter a team in the Senior Football League this season. William Lyons was elected secretary-treasurer of the club while J. S. Wilson was named delegate to the Prince Rupert Football Association with C. J. Norrington as alternate. Election of other officers was deferred until an adjourned meeting to be held next Monday.

J. S. Wilson presided over last night's meeting in the unavoidable absence of G. P. Tinker, the president.

Change in Bird Season Dates is Asked by Anyox

ALICE ARM, April 13.—A petition is being circulated among sportsmen of Alice Arm, Anyox and elsewhere in the district requesting the Game Board to make the season for shooting ducks and geese from October 1 to January 15 instead of from September 1 to December 15 as at present. A large number of names have already been placed on the petition.

SPORT CHAT

Major league fans are due to learn within a few days, that Hollywood has other products than talking pictures. For two playboys of the western coast who performed last year in the outfield of the Hollywood Coast League outfit have graduated. Dave Barbee, the Hack Wilson of Garboland, was drafted by the Pirates, and Jesse Hill, former track speedster and Trojan football player, has been purchased by Col. Ruppert's Yankees.

Barbee poled out 45 home runs and batted well over 300. In addition to this, he packed them in at the turnstiles. A colorful lad, this Barbee, Hill, who caused Coast League fans to pooh-pooh the fleetness of foot of New York's Ben Chapman, has yet to show any extraordinary prowess at the plate—but can he run! Hollywood fans have it all figured out that if Jesse makes the grade at the Yankee Stadium, and if Chapman is as fast as they say he is (as he is), New York will have no need of a third outfielder. As a matter of fact, his boosters say that Hill could cover the three pastures all by himself.

Hill, however, isn't so sure that his chance with the Yankees is such a good break at that. His pay last year was, roughly, a thousand a month. The Coast League season being six months long, he drew down six thousand dollars. The Yankees bought his contract, stipulating the same amount per month. The Big League season is only five months long. His pay from the Yankees would be, therefore, only five thousand dollars. If he makes the grade he will probably get a bonus fully compensating him for the deficiency—but Hill has been thinking about that Yankee outfield. Can he beat out Ruth, or Coombs, or Chapman? And what about Dusty Cooke and Myril Hoar? And if he can't squeeze in, how much will he get if the Yanks send him to Newark? These are the reasons why Jesse has been a holdout, up to this writing, on the very eve of his Big League career.

However, they all capitulate sooner or later, and the consensus of this department is that Barbee and Hill, the Hollywood bad boys, who are moving pictures in their own right, will be avorting in Pirate and Yank uniforms, respectively, before the season is very far advanced.

Bambino's Hitting Helps Yanks To Defeat Philadelphia 12 to 6; Cardinals Win Their First Game

PHILADELPHIA, April 13.—Babe Ruth has done many a sensational baseball feat but yesterday he added a new one to the list when he poled out two home runs in the first scheduled game of the season. One of the circuit clouts came in the first inning and brought in three runs. Ruth's batting was largely responsible for the 12 to 6 victory of the New York Yankees over the Philadelphia Athletics, the league champions. George Barnshaw, big right-handed star of the Mackmen's pitching staff, was hit heavily by the Yankee batters, Sammy Byrd and Lou Gehrig also getting homers, the former two and the latter one.

In the only other American League game yesterday, the Chicago White Sox scored a 9 to 2 victory over St. Louis Browns.

Bad weather prevented the playing of the Washington-Detroit and Cleveland-Boston games.

National League

All games were played in the National League. Cincinnati Reds defeated Chicago Cubs 5 to 4. Boston Braves scored an 8-3 victory over Brooklyn Robins. St. Louis Cardinals, the world champions, had an easy 10-2 win over Pittsburgh Pirates while the Philadelphia Nationals scored a 13-5 victory over New York Giants in a slugfest.

The day's scores summarized:

American League

New York, 12; Philadelphia, 6. Chicago, 9; St. Louis, 2.

National League

Cincinnati, 5; Chicago, 4. Boston, 8; Brooklyn, 3. St. Louis, 10; Pittsburgh, 2. Philadelphia, 13; New York, 5.

Baseball Scores

Pacific Coast League
Hollywood, 6; Los Angeles, 2. Seattle, 11; Oakland, 6. Portland, 11; Sacramento, 9.

Moose Bridge and Whist Enjoyable

Sixteen Tables at Jolly Affair Held Last Evening—Refreshments Served After Cards

A very enjoyable bridge and whist party was held last night in the Moose Hall by the local Moose Lodge. There were sixteen tables of cards and prize-winners were: Bridge—Ladies' first, Mrs. F. E. Wermig; second—Mrs. Oscar Landry; men's first—Mrs. Wm. Rothwell; second—G. M. Hunt. Whist—Ladies' first, Mrs. V. Grimsson; second—Mrs. F. Barber; men's first—Charles Lemon; second—F. J. Fuller.

Gillis Royer was master of ceremonies for bridge and G. R. Biggart for whist.

After cards, delicious refreshments were served.

The ladies' committee consisted of Mrs. Charles Edwards, Mrs. Sam Hougan, Mrs. H. Skattebol and Mrs. Percy Cameron.

Dr. Kergin Is Speaker Before Young People

The First Presbyterian Young People's Society held its regular meeting last evening in the church hall. There was a good attendance.

Dr. W. T. Kergin gave an interesting talk on his trip into the Peace River country.

The remainder of the evening was spent in playing games. Refreshments were served at the close of the meeting.

Former Judge of Alaska is Dead

MRS. MOODY GOES GOOD

Famous Tennis Star in Top Form Prior to Her Departure For England

SANTA CRUZ, Cal., April 13.—Helen Wills Moody was seen in practice tennis games here Monday preparatory to her departure for England and France where she will engage in important national and international competitions. Mrs. Moody was declared to be in "top form."

Only One Crew For Huskies at National Meet

SEATTLE, April 13.—One crew only will represent University of Washington at the national collegiate rowing meet at Poughkeepsie this year, it is intimated here.

Unquestionably, the varsity crew will be sent east in spite of the fact that it lost to University of California here last Saturday.

A special meeting of the city council is called for tonight. Business on the agenda includes the engaging of a new City Hall painter, receiving of a report on rotating of men in the garbage, nightsoil and water services and meeting a committee appointed by a recent public meeting.

CINCINNATI GETS HAFEY

Star Batter Moves From St. Louis Under Trade Deal Announced On Monday

ST. LOUIS, April 13.—"Chick" Hafey, star batsman of the world champion St. Louis Cardinals, has been traded to the Cincinnati Reds, it is announced. Among other players, the Cardinals will get one right-handed pitcher by the deal.

It was not divulged what salary Hafey will get from the Reds. He was holding out for \$17,000 from Cardinals, \$13,000 having been offered for his services.

No Formalities In Presenting Hoop Trophies

The Prince Rupert Basketball Association, at a meeting last night, decided to forego the holding of a social function this spring in connection with presentation of league trophies following the past season's play to their respective winners. Captains of the winning teams will merely pick up the trophies from league officials.

It had been intended to discuss plans for next season's hoop activities last night but time did not permit of this being done.

Northland Navigation Co.'s motorship Bellingham arrived in port at 7:30 this morning from Ketchikan with two carloads of fresh halibut for transhipment on today's train to the United States. After discharging, the Bellingham sailed on her return to Ketchikan.

Henry Ford Creates V-8 Engine

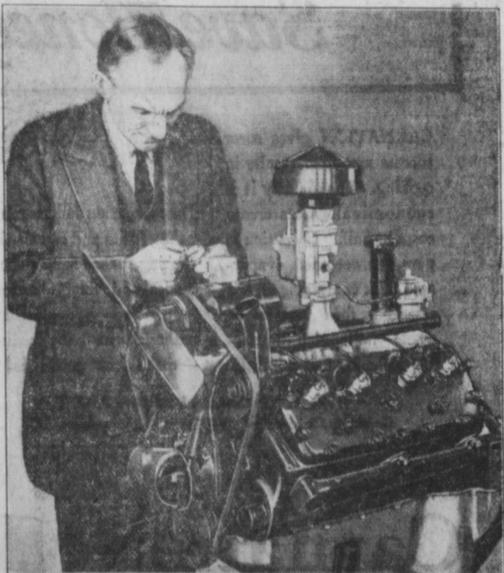

Photo shows Mr. Henry Ford at work on the new V-8 engine he created for the new Ford cars. The photograph was made in the Ford Engineering Laboratories at Dearborn, Mich. The photograph also shows the new engine, with its cylinder blocks set at 90 degrees; the fan, generator and two centrifugal water pumps driven by belt from the crankshaft; the distributor below the fan, and the downdraft carburetor and intake silencer, oil filler and crankcase breather pipe and fuel pump on top of the engine.

The RECORD SPEAKS for ITSELF

Over 3,000,000 entries were received in the Turret Cigarette Hockey Contest—an unequalled record for popularity among prize contests in the Dominion of Canada. The judging of entries is proceeding with all possible speed and a list of prize winners will be published at the earliest possible moment.

The tremendous, nation-wide response to the contest recently run in connection with the goals scored in the National Hockey League for the season of 1931-32, is evidence of the avid interest of all Canadians in their own national game—just as the continued preference of millions of Canadian smokers for Turret Cigarettes is indisputable evidence of their quality, mildness and coolness.

After all, nothing can replace good, honest tobacco; grown and ripened right out in the field under nature's own sunlight—nothing artificial about that—and the high quality is "inbred."

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism. Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication. Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

The Daily News

The paper that Northern and Central British Columbia people look to to keep them informed on world news and the problems peculiar to the north.

The Only A. B. C. paper north of Vancouver and west of Edmonton.

The Daily News goes into all the

TOWNS AND VILLAGES

MINING CAMPS

LUMBER CAMPS

PAPER MILLS

FARMING CENTRES

FISHING CAMPS

It is the paper that is read by the fishermen, miners, workers and operators throughout a district twice as large as the three Maritime Provinces of the east.

When a person wishes a message to go to the people of Northern and Central British Columbia there is only one way of sending it, and that is through the columns of the Daily News.

The future is full of hope. The Daily News is making plans to keep pace with the progress of the country. No one can afford to be without it.

The cost is small.

Delivered by Carrier, in Prince Rupert, per week, 10c.

REPORT ON CONVENTION

Prince Rupert Teachers' Association Has Regular Monthly Meeting

The regular monthly meeting of the Prince Rupert Teachers' Association was held on Monday evening in the Borden Street School, J. S. Wilson presiding, there being a large attendance of members. The meeting heard reports from the delegates to the annual teachers' convention held during Easter week in Vancouver.

While it is impossible for teachers from all parts of the province to attend this convention, there were upwards of a thousand who registered for the sessions. The membership is over two thousand but, in certain localities, local conventions are held. At one of these held at Prince George the official representative from the executive of the federation was James Mitchell of Prince Rupert, now teaching in Vancouver.

Miss Mercer, D. H. Hartness, J. W. Plommer, E. Gee and J. S. Wilson spoke on the convention generally. The wish of the president that the convention might be enjoyable, pervaded by a spirit of friendliness and sane deliberation was fulfilled.

Miss Browne, National Director, Junior Red Cross, spoke on the success of the organization. The program was being carried out by over a million children in 48 different countries.

The address of Dr. W. L. Uhl, dean of the School of Education, University of Washington, on "Education Moves Forward," was an interesting and enlightening talk, tracing the development from the days when teachers were uneducated, able to read a few extracts only and not able to read at sight. In 1531 education was quite unorganized, the halt, the crippled and the dregs of humanity were the source from which teachers were obtained. More changes had taken place in the last fifty years than ever before. Methods such as "breaking the child's will" were utterly discarded. Teachers were now required to be organizers, activity leaders as well as teachers of curricula.

The address of Arthur Lismar, A. R. C. A., on "Education Through Art," suggested some novel ideas, some of which would hardly be practicable in public schools. He made a plea that art might be liberated, inspiration not imitation was the objective. Art and artists should not be put on pedestals but considered as companions for all in their varied walks of life. Children should be encouraged to draw what they see and he pointed out that child art was very different from adult art. At Toronto Art Gallery, of which he is educational director, they have a class every Saturday for children. Over five hundred attend and they sit around where they find a space and draw what they fancy, having for reference, if they desire, the works on display in the gallery.

Sight Reading

An address by Dr. Uhl at the joint luncheon of the High School and Junior High School sections, "Reading Throughout the Various Grades," dealing with schools he had visited, stressed the desirable feature that children should be given occasional opportunities to read aloud in class some selections from their miscellaneous reading apart from assigned textbooks. The results were remarkably encouraging and revealing.

Other addresses by Dr. Ewing, Dr. Soward on the "Far Eastern Crisis," G. F. Turner on the "Aim and Future of Manual Training," and by A. Arkwright on "Aim of Industrial Arts in Junior High School," were referred to. Dr. Carruthers' address at the opening session on "Education as Affected by Economic Conditions," was a particularly notable contribution. While it was undoubtedly necessary to practise every economy, he pointed out that a mere reduction of expenditure was not economy and expressed the hope that nothing would be done to handicap the present generation through any shortsighted and misdirected policy of cutting expenditures.

All speakers at the local meeting were loud in their praises of the conversation held on the evening of the second day. A musical program, arranged by Federation of Music Teachers of British Columbia, included vocal solos by Miss Avis Phillips, Ernest Caldwell, piano solos by Kenneth Ross and violin solos by Joseph Marks, Mr.

YOUNG PAIR BACK AGAIN

James Dunn and Sally Eilers Are Teamed Up For Third Time in Picture "Dance Team."

James Dunn and Sally Eilers, who have become so popular with moviegoers owing to their splendid performances in "Bad Girl" and "Over the Hill," come together for their third screen appearance with the leading roles in "Dance Team," which is the mid-week feature offering at the Capitol Theatre here. Few film players in recent years have leaped to fame so meteorically as have these two youngsters.

In their picture, "Dance Team," Dunn and Miss Eilers have much the same type of roles as they had in their previous successes, the human flesh and blood boy and girl one would meet in the ordinary walks of life. They are fired with ambitions of youth which carry them through a series of disappointments and discouragements to success as a dancing team. With success come other problems—problems of the heart, of riches and vanity—all of which add to the humanness and drama of the film.

Minna Gombell, who played with Dunn and Miss Eilers in "Bad Girl," heads the large supporting cast of "Dance Team."

As the weekly revival feature for tonight, Will Rogers' comedy "Connecticut Yankee in King Arthur's Court," which proved so popular in the first run, is being brought back in connection with the regular program.

GET READY FOR CONCERT

Memorable Musical Treat Coming For Prince Rupert People—Brocklesby Elected Member of Gyro Club

The Prince Rupert Gyro Club, at its regular monthly business luncheon yesterday, heard reports on the concert to be staged by the Prince Rupert Singers, directed by H. N. Brocklesby, in the Capitol Theatre next Wednesday night under the auspices of the club. That this is going to be a memorable musical treat for Prince Rupert people is quite apparent. William Mitchell is chairman of the Gyro Club's committee in connection with the concert and will also act as stage manager. The club decided to hold an entertainment in honor of the members of the Prince Rupert Singers following the concert, the affair to be held in the I.O.D.E. Hall.

H. N. Brocklesby was elected to membership in the club. The resignation of A. S. Nickerson as secretary of the club was accepted with regret.

It was reported that the club had expended upwards of \$400 so far this year on relief.

The luncheon raffle was won by G. A. Hunter.

H. A. Dunlop of the scientific staff of the International Fisheries Commission, who has been in charge of research work being carried on from the chartered halibut boat Zapora in Queen Charlotte Islands waters, sailed yesterday afternoon on the Catala for Vancouver and Seattle. J. L. Kask and Olaf Erickson are now in charge aboard the Zapora.

Dichmont was accompanist, and these numbers by Vancouver's leading artists were of the very highest quality. The special program of folk-lore given by the Misses Betty and Joan Rayner was, however, the outstanding event. These young ladies, who had toured Australia and New Zealand in a caravan giving their performances, struck a new note of entertainment and gave a program of unusual merit, dramatizing French, German and English folk-songs. Without the artificial aid of stage scenery, they gave an entrancing performance that kept their audience enthralled for an hour. Their first appearance in Canada, as this was, is a very fine augury for their future success.

Altogether the delegates were enthused with the success of the convention and the rare advantages from the opportunities afforded them of meeting teachers from other parts and renewing acquaintanceship with erstwhile colleagues. On motion of Harry Gilliland, seconded by W. W. C. O'Neill, a very hearty vote of thanks was accorded the speakers.

District News

STEWART

In connection with the Labor candidature of T. J. Shenton, former inspector of mines, for the Atlin riding in the Legislature in the next provincial election, it was reported here last week that sup-

porters of Mr. Shenton would endeavour to arrange to have H. F. Kergin, present Liberal sitting member, retire in favor of Mr. Shenton. If this were done, according to the report, no Laborite would enter the field in opposition to T. D. Pattullo in Prince Rupert. The report is not taken very seriously in political circles.

Miss Peggy Watson, who has been visiting for some time with

friends at Premier, sailed last week on her return to Vancouver.

Miss Helene Olsen R.N., who has some years ago attached to the staff of the Stewart General Hospital, later being with the Prince Rupert General Hospital, has been appointed lady superintendant of the Quesnel Hospital, according to word received here.

Gossip may sometimes tell the truth but seldom is caught at it.

SPENDING TO SAVE .. THROUGH

Advertising

Not many of us, these days, are troubled with so much money that we cannot spend it. But we are interested in spending the money we have, to get the most out of it.

One way—and not a new way, either—is to make a budget. Put down, week by week, the money that comes in. Put down beside it, week by week, the money that goes out. So much for food, so much for clothing, so much for rent. So much for giving, and for luxuries.

Where Advertising Helps

It won't always be easy, of course, to stay within the budget. That's where advertising helps you. Advertisements in this newspaper tell you how much rugs, butter, breakfast foods, dishes, homes, automobiles will cost, before you go shopping! They point out ways to save money. They show you how to cut a little here, a little there. And each day, they tell about new inventions, new products, new ways of doing things, that help make this life of ours very much worth living!

Wednesday & Thursday
TWO SHOWS — 7 & 9 P.M.
Feature Starts at 7:00 and 9:00
THURSDAY MATINEE at 2:30
Feature Starts at 3:00—15c & 25c

Her Heart Was So Bad Couldn't Do Housework

Mrs. S. Dragoman, R.R. 2, Midland, Ont., writes:—"I had been troubled with heart trouble for many years. My heart would beat so fast I could hardly breathe, and I had headaches, and dizzy and fainting spells. I couldn't get my housework done I was so weak. I took three boxes of Milburn's Heart and Nerve Pills and felt much better, and now I would not be without them in the house."

Price 50c a box
