VATICAN IS MODERNIZED

Work Started Last Year to be Continued in 1930

VATICAN CITY, Jan. 20—Completing a year of modernization Pope Pius XI, "most modern of popes," is looking forward to 1932 to finish the job in Vatican City.

He inaugurated the new power station and telephoto apparatus. He began the issuance of gold, silver and paper money and postage stamps.

In the new year, it is expected the Pope will issue several more encyclicals. One may be an appeal to the world for peace as the disarmament conference begins in February.

Next summer the Pope probably will take another modern step by departing from the Vatican and spending the hot months outside Rome, at the papal summer residence of Castel Gandolfo.

Archie McDonald, Aged 28, and Genevieve Nolan, 24, Are Shot to Death Within Short Time of Each Other Late Yesterday Afternoon

KELOWNA, Jan. 20.—A man and woman are dead and Chief of Police Murdoch is being held on a charge of murder as a result of a shooting here last night. The dead are Archie McDonald, aged 28, an ex-constable, and Genevieve Nolan, aged 24, also known as Marie Lalonde of Vancouver and Calgary. Both were shot to death shortly after 5 o'clock yesterday afternoon.

Five shots took effect in Miss Nolan's body. McDonald was at home alone when slain.

Supposed Cause of Killings

The slayings are believed to be the result of Murdoch brooding over animosities of the past few months. McDonald was acquitted some time ago on a charge of assaulting the chief while he was a member of the force.

The woman was a police operative for Chief Murdoch.

It is not believed that there is any love affair involved but it is understood that the girl had handed certain letters having to do with her operations over to the ex-constable.

While he was on the rampage, Murdoch also tried to find T. G. Norris, lawyer, and Dr. R. D. Boyce, police commissioner. Norris was in Vancouver and Boyce was warned in time of the danger. Murdoch submitted to arrest quietly.

HITLER SCORED

Trotsky Labels German's Followers Dust—Communism Should Win

BERLIN, Jan. 20.—Leon Trotsky, writing from exile in Turkey, believes that communism can win in Germany against the better-organized and numerically superior Fascist party if communist leaders change their tactics.

He is contemptuous of the German Fascists' "vain chatter about social-Fascism, toying with Chauvinism, imitation of real Fascism and criminal adventure of the 'red plebiscite', and declares, 'The working class of Germany must be united in the communist party.'

The one-time Soviet leader criticizes severely German communist leaders, "just at the time when the masses should be arming for the decisive fight, he says, the leaders are creating confusion within the ranks with their empty phrases and wheedling."

Labelling the Hitlerites as "human dust" Trotsky declares that the mere announcement of superiority constitutes an important element of battle. "In every war," he writes, "the enemy tries to exaggerate his strength to impress the enemy. Hitler is just as good as a braggart as Napoleon was, but his pretensions will become true only the minute that the proletariat takes faith in them."

QUEBEC IS ORDERLY

Eastern Capital Considered One of Most Law-Abiding Cities

QUEBEC, Jan. 20.—Quebec is one of the most orderly and law-abiding cities in the world according to facts given by Chief of Police Emile Trudel in his annual report.

"Considering that Quebec is a city with a population of one hundred and forty thousand we have a real reason to be proud of our record," said the Chief as he pointed out that only two arrests for drunkenness were made over the Christmas holiday.

"The small number of burglaries committed here since the month of September," the Chief said, "have in nearly every case been perpetrated by youths under twenty years of age, who cannot be classified as criminals, but instead, as wayward children."

A review of criminal activities here during the past year reveals that not one major crime was committed with the exception of manslaughter charges arising out of automobile accidents, due to carelessness on the part of drivers, rather than criminal intent. No robberies of major importance were reported within the city, the amount taken in most cases being between ten and a hundred dollars and in no case was the amount over one thousand. Only one or two cases of armed robbery were committed here.

Salvation Army Will Give Away Soup Each Day

Commencing tomorrow the Salvation Army is arranging to give away free soup rations each day between 3 and 5:30 to any who are in need. Those wishing to participate should take their own pails and take it home. A box of salmon donated by George Frizzell will also be given away at the Citadel.

Langara Island—Raining, moderate southerly wind; moderate swell.

Triple Island—Overcast, light southeast wind; sea moderate.

Dead Tree Point—Part cloudy light southeast wind; barometer, 30.14; temperature 45; light chop

VANCOUVER WHEAT VANCOUVER, Jan. 20.—Wheat was quoted at 62 1/2c on the local exchange today.

Rose Hobart Gets By

Huh! Huh! And one could almost get away with a picture hat like this the last few weeks without getting snowed under. Rose Hobart is manning the sails.

PASSING OF PUBLISHER

W. J. Taylor Passes Away at Woodstock, Ont., Following an Operation

TORONTO, Jan. 20.—W. J. Taylor, publisher of the Woodstock Sentinel-Review and other publications, died in hospital here last night following an operation on Sunday.

The late Mr. Taylor, who, in addition to being president and managing director of the Sentinel-Review, published the magazine known as Rod and Gun in Canada, was born at Napanee, Ont., September 4, 1870. He was educated at the Collegiate Institute in Napanee.

Mr. Taylor followed the newspaper business practically all his life. He was a former publisher of the Tweed Weekly News and later was business manager of the Montreal Herald.

In October 1903 Mr. Taylor purchased controlling interest in the Woodstock Sentinel-Review. Rod and Gun was made the official organ of the Alpine Club of Canada in 1906. Mr. Taylor was a member of the executive committee of the Canadian Press Association.

The late Mr. Taylor was a captain in the 22nd Regiment, Oxford Rifles, since 1907. He was an Anglican.

Norman A. McLean is aboard the steamer Prince Rupert for one trip as assistant purser and, at the conclusion of this voyage, will go ashore on vacation. Arnold Evans is relieving Mr. McLean as purser on the steamer Prince John.

FINN IS RE-APPOINTED DIRECTOR OF FISHERIES EXPERIMENTAL STATION

D. B. Finn has been re-appointed director of the Prince Rupert Fisheries Experimental Station and will resume his duties here on April 1, it was announced this morning by John Dybhavn on his return to the city from Ottawa where he attended the annual meeting of the Biological Board of Canada at which the re-appointment of Mr. Finn was made. Mr. Finn, who resigned the local position some two years ago to take charge of the research department of the B. C. Packers, which has since been discontinued, is at present taking up post-graduate work at Cambridge University, England. He was married last summer and will be accompanied here by his bride.

Bluenose People Live Long Lives

Average For Longevity Is Highest In Canada

WINNIPEG, Jan. 20.—Mrs. H. J. Parker writes in her column in the Free Press: "There must be more persons living to a great age among the Bluenoses than anywhere in Canada. Down there life is tranquil and quietly ordered, and there is strength in quietness and in the healthy regime."

Old Supply of Halibut and Salmon Moves Well With Prices Quite Low

Market Will Be Nearly Clear By Time Fresh Fish Starts Coming In, It Is Expected—John Dybhavn Back From Trip to New York and Elsewhere

"Prospects are that frozen halibut and salmon stocks will be pretty well cleaned up on the eastern markets by the time 1932 fresh fish starts moving in," it was stated by John Dybhavn, manager of the Royal Fish Co., on his return to the city this morning following a trip east during the course of which he attended the annual meeting of the Biological Board of Canada in Ottawa and visited New York and other eastern cities on business.

CHURCH MEETING

Annual Congregational Gathering of First United Church

Last night the annual congregational meeting of First United Church was held when reports were received from the various organizations and officers elected in place of those retiring.

The meeting was opened with devotional exercises conducted by the pastor, Rev. A. Wilson. T. C. Wilding was then re-elected secretary of the annual meeting and Rev. A. Wilson, chairman.

The reports from the different organizations showed a healthy state of affairs in the various branches of the congregation's work. Three organizations exceeded their financial mark for the previous year, namely the Ladies' Aid, Women's Missionary Society and Mission Band. The enrolment and average attendance of the Sunday School has increased and the school is in a flourishing condition.

The report for the Ladies' Aid was read by Mrs. G. V. Wilkinson. Mrs. J. Irvine read that of the Women's Missionary Society; Puth Wilkinson for the Sunday School, and Christine Wilson for the Mission Band. Mrs. J. Haddock, W. M. S. deaconess, reported for the kind of progress and increased enrolment.

P. C. Miller reported for the Scouts and Cubs a full year's program including a successful summer camp for the Scouts. The enrolment in each group is higher than before. Lately a Rover section has been attached, completing the organization of the troop.

The Tuxis report was presented by the mentor, Rev. A. Wilson, and showed a good year's work along the line of the fourfold program, the summer camp being held jointly with Terrace under Rev. H. T. Allen.

The Young People's Society showed a full year of activity, with the organization of a badminton club as a separate unit. This report was given by Duncan Miller.

Church Choir

The efforts of the choir, outside the regular church services, resulted in a very substantial payment being made on the new Hymn Books recently provided for the congregation.

The Missionary and Maintenance report, given by H. M. Harper, showed worthy devotion to the wider program of the church covered by this fund.

G. A. Edgcombe, congregational treasurer, reported for the general fund and showed that, in spite of Continued on Page 3.

CANADIANS WERE MOST

People From This Country Headed Boston Entry List in 1931

BOSTON, Mass., Jan. 20.—Of the 40,000 persons who landed at the port of Boston during the year 1931, the huge majority of 31,364 of them came from Canada, according to port figures. From overseas, including Europe, the British Isles, the Orient, Africa and Australia were 6,752, while from West Indies, Central and South America were 2,981, with 803 from Newfoundland. The West Indies showed a big gain, due to the entry of the Canadian National steamships to the port, and the inauguration last year of other cruises to the islands.

One yacht, nine airplanes, 1,430 steamers and 119 schooners entered the port.

There were 4,994 arrivals at the fish pier, with catches totalling 206,043,840 pounds, compared with 6,308 arrivals, bringing 264,795,800 pounds in the previous year.

The amount of grain shipped from the port showed an increase over that of 1930. Figures show that 2,133,122 bushels of wheat, 771,469 bushels of barley, and 20,000 bushels of oats, a total of 2,924,595 bushels, went out during the year, contrasting with 2,143,304 bushels in 1930. Of last year's total, the great bulk went to Europe and Great Britain, with three large shipments going to Brazil for account of the United States Farm Board at Washington.

HERRING SEINING IS UNDER WAY NOW; FIRST FISH DUE IN

Capt. Ole Skog has started herring seining at Pearl Harbor for the Canadian Fish & Cold Storage Co. and the first load of fish is expected in today. Boats of the Cold Storage fleet will carry out the packing. The herring will go into the Cold Storage freezers for halibut bait.

CHALLENGE IS ISSUED

Australia-England Grain Race May Have United States Entry

ST. JOHN'S, Nfld., Jan. 20.—Sailors of the United States were challenged at the New York Club recently by Alan Villiers, the sailor author, to enter a United States sailing ship in the next race from Australia by way of Cape Horn to England with a cargo of Australian grain.

Twenty German, Finnish and Swedish vessels, and all but four of the larger sailing vessels now engaged in world commerce, have entered the contest, which Mr. Villiers predicts, will be the greatest since the time of the tea races from China.

"America is famous as the first nation to build clipper ships, and I reckon it will be too bad if she is out of the great race," said Mr. Villiers, in issuing the challenge.

Captain Thomas W. Sheridan, one of the governors of the club, said he thought, too, that the United States should go in the race; not only to keep up the tradition, but because the sailing ship is the finest medium for producing the type of officer required for even the steamship of today. He added that he would make a survey of the sailing ships lying idle on the West Coast.

The race is an annual event, occasioned by the Australian growers preferring to send part of their grain to Britain by sail. It gives them from three to four months free storage, as well as transportation.

Each entry will carry a cargo from 4,000 to 5,000 tons of grain, leaving South Australia between February and April for the long 15,000 mile journey. The record trip made by the Beatrice, took 86 days, some have been as long as 200 days in transit.

Most of the British entries belong to Gustaf Eridson, of Marie Hamu, Finland, and the majority of the other entries got their charters through the Baltic Exchange, London.

Church Meeting

(Continued from Page 1)

The financial stress bearing on the church as on all other public bodies, a splendid showing had been made.

The meeting passed a hearty vote of thanks and appreciation for the services of the choir leader, J. S. Wilson. This was done also regarding the services of Mrs. A. Wilson and Miss M. A. Way at the organ.

A hearty expression of confidence and appreciation of the work of the pastor, Rev. A. Wilson, was passed by the meeting. The pastor responded by thanking the people for the splendid support that had been given him by the members and adherents during the pastorate now entered on the fifth year.

Following the business period, refreshments were served by the ladies.

COMMUNISM IS ADOPTED

Even Young People in Chinese Schools Affected By Red Influence

MONTREAL, Jan. 20.—Young China is adopting communism and even the girls in schools are urged to leave and join in processions against religion, Miss Wade, missionary on furlough from Honan, told members of the Diocesan Women's Auxiliary in this city recently. Miss Wade is on her way back to China although she does not expect to be able to return to her former mission post at Pucheng as missionaries there have been compelled to evacuate the station three times.

The anti-foreign and Russian influences were being shown in demonstrations against Christian organizations and in these days in China, Miss Wade said, Christianity was being linked with Buddhism. Taoism and even fortune-telling, all classed as superstitions by communists. She told of one occasion when a church was invaded by a number of Chinese soldiers who distributed communist tracts, and shouted slogans and harangued the people to show their patriotism by joining them. In spite of these difficulties, she found that native Christians were showing themselves faithful.

Plans are being prepared to erect 40,000 houses in rural England to rent for less than \$1 a week.

Shower For Miss Amelia Mazzei Is Held Last Night

A delightful miscellaneous shower was given last evening by the Misses Zarelli at their home, 416 Sixth Avenue, West, in honor of Miss Amelia Mazzei, whose marriage to William Murray is to take place shortly. Many friends of the bride-elect were present. The home was decorated in appropriate colors.

Dainty little Lillian Ford, dressed as a miniature bride, presented the bride-elect with numerous gifts which were suitably acknowledged. The evening was spent in games and music followed by delicious refreshments.

Those assisting were Misses Violet McCutcheon, Nellie Gurvich, Mary Mazzei, and Ermy Zarelli.

The happy occasion was brought to a close with the singing of "For She's a Jolly Good Fellow."

LOCAL ITEMS

P. A. McIntyre, chief officer of the steamer Prince George, who has been spending vacation in Vancouver, arrived in the city on the Prince Rupert this morning from the south to rejoin the vessel which is tied up for the winter in the local dry dock.

Rt. Rev. G. A. Rix, D.D., Bishop of Caledonia, returned to the city on the Prince Rupert this morning from Vancouver where he took part in the consecration recently of Rt. Rev. A. H. Sovereign, new Bishop of the Yukon, and Rt. Rev. R. J. Renison, the new Bishop of Athabasca.

Headache Indigestion Constipation
For over half a century Dr. Chase's Kidney and Liver Pills have proven successful in promptly relieving torpid, sluggish action of the Liver, Kidneys and Bowels and the legion of ills that arises therefrom.
Dr. Chase's KIDNEY, LIVER PILLS

It's great to FEEL FIT!

TODAY'S the day of outdoor life! Men and women retain their youth—their joy in a healthful, vigorous body.

A daily enemy of health is constipation. Intestinal sluggishness often leads to headaches, backaches, lack of pep, premature aging, loss of good looks.

It is unwise to fight constipation with habit-forming pills and drugs. They often do more harm than good.

The wise and healthful way is to correct the diet. Your system needs "bulk" and Vitamin B in generous quantities to keep it healthfully regular.

Kellogg's ALL-BRAN, a delicious ready-to-eat cereal, gives you both of these things. It furnishes "bulk," which gently exercises the intestines. And Vitamin B, which tones them up.
In addition, Kellogg's ALL-BRAN

contains iron, which helps build rich, red blood!

Start now to eat Kellogg's ALL-BRAN regularly—either as a cereal or in cooked foods. Two tablespoonfuls daily are usually sufficient to prevent and to relieve most cases of constipation. (See your doctor, however, if you suffer from intestinal trouble not relieved this way.)

Be sure you get Kellogg's ALL-BRAN. In the red-and-green package. Made by Kellogg in London, Ont.

News of The Sport World

BIG SCORE IN HOCKEY

Toronto Maple Leafs Defeated New York Americans by 11 to 3 Count Last Night

TORONTO, Jan. 20.—Toronto Maple Leafs increased their margin of leadership in the international division of the National Hockey League last night by routing the New York Americans with sensational score of 11 to 3.

The Montreal Canadiens defeated the New York Rangers 5 to 3 at New York and went into a tie with the Americans for second place in the International division.

Chicago Black Hawks moved into exclusive possession of second place in the American division by defeating Boston Bruins at Boston 3 to 2.

Hockey Standings

The Letter Box

REPORT IS CORRECTED

Sports Editor, Daily News:

I wish to comment on an item in the sport page of your paper of January 13, headed "Port, Simpson Band Wins Hoop Title." As manager of the T.P.E.A. Athletic department I wish to contradict this news as a made-up piece of imagination. There was a benefit game in December last, also one only a few days ago between made up teams representing the Band and Y.P.E.A. Hudson Bay team (Intermediate). This game was staged for the purpose of raising funds for the new band instruments. There was no title ever considered, other than as a money-raising scheme.

Also I see that some of our senior players' names are mentioned who never saw the floor during the two games mentioned.

I regret, Mr. Editor, that such incorrect correspondence went through your valuable paper, and I hope that you correct same as I have mentioned. Also I wish to state that our senior basketball team, who are holders of the Northern B. C. basketball championship, are ready to defend their title whenever challenged by any team.

Y.P.E.A. BASKETBALL TEAM
C. Watson, Manager
Port Simpson.

Figured in Los Angeles Smash-up

Ernie Triplett, leading driver in 1931 Pacific coast championship, who figured in Los Angeles smash-up on Sunday.

Three-Two Taxi Defeats C. N. R. In First of Senior Play-off Hoop Games; Will Take on Panthers

"Speed and more speed." That is what the basketball fans were treated to in the Auditorium last night. In the play-off fixture between C. N. R. A. and 32 Taxi one could not wish to have seen anything more exciting. A spirit of competition prevailed even among the spectators and, amid a great deal of tense excitement, the final whistle blew and 32 Taxi players found themselves winners by a close margin of two points.

The Intermediate game also had thrilling moments and, to give all due credit to the boys, they played perfect basketball. It was only through hard playing that the High School, with a slim margin of two points, managed to defeat the Taxis.

To make the evening perfect the girls showed that they also knew how to play basketball. The Cardinals well deserved their victory over the Amazons, 19-11.

Last but not least was the Junior game in which the League of Nations was lucky to defeat the Rovers, 13-10.

Senior Game
One could not expect anything else but a real battle from these two teams and, right from the whistle, anyone could see that it was not going to be a one-sided victory. Scoring was a little slow in getting started due to the hard checking on both sides. 32 Taxi started off to work nicely and soon had a slight lead over the railway boys. The C. N. R. A. still had their perfect combination but they could not seem to get it in far enough to make a cinch shot and then the fans were treated to some of the prettiest floor shooting that has ever been given in this city. One may think that this shooting of Wrathall's was luck but from closer inspection of his shots in the last few games it was found to be real skill. The Taxi boys might well thank Wrathall for giving them their five-point lead in the first half.

The second half started just as fast if not faster. Fouling was prominent but it was kept well under control by Referee Brick Skinner.

In the first 10 minutes, 32 had the edge of the play and, at this critical moment, Gurrivich was benched on four personals. Right from there, the C. N. R. A. woke up and tried valiantly to overcome the six-point lead of the Taxi boys. Dan Morrison played nobly and brought his team within two points of the Taxi team. The 32 players then tried to play a stalling game which they worked to such an effect that the Railway boys did not get another basket. 32's victory was easily centred around Wrathall. However, the other players cannot be belittled. All did their bit. For C. N. R. A. Dan Morrison was easily the best.

If last night's game was the spirit of a play-off series an incomparable brand of ball should be seen when 32 Taxi meets the Panthers.

32 Taxi—D. Stalker (1), Wrathall (16), Hatchford (9), D. Gurrivich (3), V. Menzies (1), H. Menzies (1).
C. N. R. A.—Stiles (8), Smith (4), Lambie (6), Morrison (8), Johnson (2).

Intermediate Game
The intermediate game started at a fast clip with both teams working in perfect co-ordination. Beautiful instances of combination, fast dribbling and floor strategy prevailed throughout this game. With

Hawks Won Fixture From League of Nations By Score of 1000 to 763

Hawks made it a clean sweep by an aggregate score of 1000 to 763 over League of Nations last night when they won the remaining two games which had been postponed from the fixture scheduled for Monday night. Last night William Murray (Hawks) beat Benny Wendle (League of Nations) 200 to 150 while Chris Perry defeated Roy Fong 200 to 186. As a result of this fixture, the Hawks jumped from the cellar to the head of the league.

The league standing for the second half to date is as follows:

	G.	Ttl.	Av.
Hawks	2	1902	951
Empress	2	1881	941
Jewelers	2	1826	913
League of Nations	2	1682	841

Athletic Club Names Officers

Nathan Lawson Elected President of Port Simpson Body

PORT SIMPSON, Jan. 20.—The annual meeting of the Port Simpson Athletic Club was held recently and the following officers were elected for the coming year:

President, Nathan Lawson.
First vice-president, Peter M. Wells.
Second vice-president, Paul Price.
Third vice-president, David Swanson.
Fourth vice-president, W. Green.
Treasurer, Joseph Morse.
Financial secretary, Walter Dunderd.
Recording secretary, J. C. Tate.

SPORT CHAT

Baseball's greatest wage earner, Babe Ruth, has cast a withering glance at the 1932 contract calling for \$70,000, a reduction of 12½% from last year. The big fellow is a holdout again. He doesn't like Col. Jacob Ruppert's offer for 1932. He's going to stand firm either for \$80,000 for one year or \$70,000 for a two-year contract. "No, sir, I don't sign that thing," said the Babe. "I think I'm worth the other \$10,000 after the season I had. They're making a joke of this cutting business."

"Where do they get all this cutting?" he demanded. "If they keep it up, pretty soon the public's going to want its cut, too. Then where'll they be? I haven't heard of them reducing the admission price. Nope, I'm not going to call Col. Ruppert about it. I'm just going to send this contract right back."

The owner of the Yanks, meantime, has adopted his usual philosophic attitude where the Babe and money matters are concerned. They've always gotten together before, he reasons, so why get excited. Informed of Ruth's demand, Col. Ruppert said: "I do not think we can do better than a one-year contract at \$70,000. I haven't talked with Ruth yet, but we will discuss the matter and I am sure we can reach an agreement quickly. We have never had much trouble doing so before."

In view of the general reduction of salaries in both leagues, Yank officials consider their offer to Ruth more than fair. He, on the other hand, points to the fact he enjoyed one of his best seasons in 1931, tying for the home-run leadership and batting .373, second only to Al Simmons of the Athletics. He is in fine condition for the coming campaign and feels he is due for another big year.

NEWS OF THE MINES AROUND PRINCE RUPERT

Progress in Interior Lode and Placer Gold Mining—Big Missouri Closes Down—Atlin Placer Mining

At a time when depressed base metal and silver markets and adverse financial conditions generally have arrested the expansion of base metal mining, it is gratifying to be able to record the fact that the progress achieved during the year in lode gold and placer gold has been very encouraging, states Douglas Lay, resident mining engineer for the northeastern mineral survey district, in a preliminary report upon mining in British Columbia in 1931. In the lode gold class the features of the year were the developments at the property of Columario Gold Mines Ltd., near Jsk and at Cariboo Gold Quartz Mining Co. Ltd., near Barkerville. The revival of interest in placer mining has been very marked during the year. Not only have several new operations been inaugurated but the number of individual prospectors in the field has been far greater than in previous years. Undoubtedly there has been a determined attempt on the part of many to extract a living from the placer resources instead of seeking assistance from some other source. The discoveries and developments of the year in the older placer sections are the most important of recent years and encourage high hopes for the future. Such demonstrate the possibilities of the untouched placer resources and the need for their investigation. There has been a certain amount of small-scale effort directed to base metal properties notably at the Babine Bonanza near Telkwa at the Silver Lake group, Hudson Bay Mountain, by W. R. Wilson & Sons. Encouraging results were obtained at both of the properties mentioned. At certain properties in the Babine Mountains near Smithers hopeful results are reported by individual owners. Non-metals received some attention during the year. George H. Turner reports the completed installation of a plant for grinding and drying mineral pigments at claims owned by himself and associates near Quesnel. F. M. Dockrill continued steady development of his coal mine near Telkwa and the market for this coal is steadily increasing as its good qualities become more widely recognized.

The action dates back to May, 1930, when work was performed by Anthony McDonald of Smithers for Wolverton & Co. of Vancouver on the Grandview group of claims on Milk Creek. The claim was for \$717,50 for assessment work. The case came before Judge F. McB. Young in County Court and the claim was allowed. Wolverton appealed against this decision and the case came up for hearing in Vancouver last October with L. S. McGill of Smithers representing the plaintiff. By the decision handed down by the Court of Appeal is dismissed.

Apparently with a view to giving consideration to the results obtained from an extensive diamond drilling program which has just been completed, the Consolidated Mining & Smelting Co. has closed down development work on the Big Missouri property in the Portland Canal district for the winter. On the results of the diamond drilling operations, it is understood the company will base its future policy in regard to this property. Douglas Campbell, who has been resident manager at the property, will remain at the mine for some time. Other officials and employees left Big Missouri last week for Vancouver. In the annual report of the Big Missouri Mining Co. Ltd., covering operations for the year ending November 30, 1931, J. T. Gregory, president, throws no light on the result of operations at the Big Missouri property other than to say that the annual report of the Consolidated Mining & Smelting Co. will probably contain information with respect to operation of the mill from December 15, 1930, to September 15, 1931. Mr. Gregory points out that the mill was operated to sample the ore and determine how it could be milled profitably. He adds that the future campaign of development will be necessarily dependent upon the findings of the operating company when

the work is completed commensurate with the general metal output and the financial situation.

John W. Russell, who formed was engaged in prospecting in Portland Canal district, was killed recently by a fall of rock in the Aska-Juneau mine at Juneau. He was 29 years of age, was a promising partner of John D. Roche. He left Stewart about two years ago with George Bacon for the River country where they prospecting for some time, both later joining the employ of the big Juneau mine.

Bedrock was imperfectly cleared during a former operation and it is expected that a good recovery of result from reworking this ground, says Dr. Joseph T. Matson of the Matson & Schulz lay in the Atlin district. Matson & Schulz are working a lay held by the Surprise Mining Co. Ltd. It is intended to work some 1000 feet of sluice and 2000 feet of pipeline was completed and operations were in full swing. Early July, however, a severe cloudburst and heavy flood destroyed the plant about a week before a clean-up was planned. The boxes were subsequently recovered, repairs completed and work was under way again before the close of the season. During the 1930-31 winter months mining operations were carried on through a shaft 84 feet deep under the lava with a crew of five men. During the 1931 season pipping was continued in the crevices and good clean-ups were achieved. One nugget 3 3/4 inches long, 3 3/4 inches long and 2 1/2 inches thick, weighing nearly 48 ounces was picked up. This had, apparently, rolled through the boxes of the former operation. Hydraulic mining was carried out under a head of 90 feet. Four gold-saving boxes are installed at the pit-mouth and, at about 100 feet down the sluice, one or two boxes are installed at intervals. The crew consists of five men operating one monitor for one shift. Subsequent to the freshet season, the pressure on the lines does not permit of the operation of a second monitor. Hydraulic mining is carried on until freeze-up, about October 15. During the latter part of the season, however, only sufficient water is available for three or four hours' run. At the start of the season enough water is available without conservation in the dam. From about July 15, however, conservation becomes necessary. During 1931-32 winter months drifting under the lava is being continued.

OLD TWINS' BIRTHDAY

Captain David Mader and Stephen Mader Celebrate Eightieth Anniversary

LUNENBURG, N.S., Jan. 20.—Twin brothers, Captain David Mader of Mahone Bay and Stephen Mader of Lunenburg, were 80 years of age on December 26, so they celebrated the anniversary of their birth at a party. The gathering was held at the home of Stephen Mader's daughter, Mrs. Charles Dauphinee, Lunenburg, and friends and relatives from near and far attended to extend congratulations.

The twins were born at Mader's Cove, N.S., on December 26, 1851, sons of the late Mr. and Mrs. Frank Mader. They are the only surviving members of a family of six boys and a girl.

Early in life both Stephen and David followed the sea. David, who signed with the crew of a sailing ship when he was 13 years of age, rose rapidly to the position of captain and commanded vessels for many years. He retired ten years ago and settled at Mahone Bay.

Stephen's sea-going career started when he was 17 years of age. About fifteen years ago he retired and took up farming at Mader's Cove. Recently he took up residence in Lunenburg with his younger daughter, Mrs. Dauphinee. Another daughter, Marian, is the wife of Captain John Westhaver of Lunenburg.

Raw Vegetables Diet Cold Cure

Elimination of Salt Helps Some Ailments Doctor Declares

NEW YORK, Jan. 20.—Dr. Egon Ullman, instructor at Oregon State University, who has just returned from Europe after spending several months in research work in Vienna, described a new treatment for colds and chronic sinus diseases, consisting of a steady diet of raw vegetables and the elimination of table salt from food, which he said was being used successfully by Viennese physicians.

The salt-free diet had been used for several years in the treatment of tuberculosis of the skin in the Austrian capital, Dr. Ullman said, but only recently was demonstrated to be effective against colds. He explained that the theory of the new treatment was that sodium chloride had the property of expelling calcium from the system, and calcium, he said, was the one basic element that was "anti-phlogistic" or "anti-inflammatory."

"The reason for the diet of raw vegetables," said Dr. Ullman, "is to provide the body with the necessary minerals in the absence of sodium chloride."

VANDERHOOF

The Vanderhoof and District Board of Trade, at its annual meeting last week, elected officers for the coming year as follows: president, J. W. H. Day; vice-president, John W. Paterson; secretary-treasurer, George Ogston; executive, R. J. Steen, R. G. Matthews, L. J. Preston and Frank Bowman.

In the course of a tour of the central interior, the Prince George hockey team played games here on Saturday and Sunday. The team also played at Smithers and Burns Lake in the course of its trip.

T. B. Mitchell, J. H. Andros, H. Stangebye, A. M. Johnston, G. Cameron, R. J. Walker and D. Irving jr. have been elected to the executive of the Northside Community Hall Association.

B. deChatelet of the provincial public works department was in town during the past week inspecting the equipment of the department and ascertaining what is necessary for the coming season.

The Ladies' Aid Society of the United Church is meeting this afternoon at the home of Mrs. A. A. Hutchinson.

Mr. and Mrs. Charles Hargreaves have left their town home to take up residence on their farm in the Lakes District.

The summer's supply of ice is now being taken out of the Nechako River by local businessmen.

Miss Elsie Smedley of Vanderhoof who recently finished a special business course in Sacramento, is now visiting with relatives in Vancouver.

R. K. Finlaison is due back here this week from Vancouver where he recently underwent a successful operation.

Dr. R. Agnew, Vancouver dentist, has decided to make his permanent headquarters here and has taken rooms in the McGeachy Block.

James H. Graham has been quite ill and confined to his home during the past week.

The annual meeting of the Women's Auxiliary of Holy Trinity Anglican Church is being held this afternoon at the home of Mrs. H. V. Taylor.

Col. R. C. Andros left last week on his return to Victoria after spending a holiday visiting with relatives in this community.

Mrs. J. M. Johnston left on Saturday last week for a month's visit in Vancouver. On the way south she stopped off at Prince George to attend the annual meeting of the Order of the Eastern Star.

The annual meeting of the Vanderhoof branch of the United Church of Canada took place on Monday evening of this week.

James Murdoch was fined \$15, with option of one month in jail, by Stipendiary Magistrate J. D. Charlson in provincial police court here for being intoxicated on an Indian Reserve.

PORT SIMPSON

Crews have gone out for plies to start on the construction of the new bridge being built by the Indian Department, and it is hoped that an early start will be made on the structure.

There was a little run of spring salmon but it has gone down again. A few hand trollers landed some very good catches and with good prices, prevailing, some of the boys made good for a few days.

The fire brigade, under the superintendence of Phillip Green sr., has completed the new fire alarm tower which is a very solid structure.

Rev. W. E. Collison, Indian Agent, was a visitor in town recently in connection with the building of the new bridge and the election of the new council.

STEWART

The Stewart General Hospital Association, at its annual meeting last week, elected officers for the coming year as follows: president, G. P. Heinekey; vice-president, C. M. Adam; secretary-treasurer, K. H. Grey; directors, L. S. Davidson, E. T. Applethwaite, Oren F. Hill and J. P. Searlett. Miss Billott has been appointed to look after the hospital which has been closed down.

The Ladies' Aid of the local United Church has elected officers for the year as follows: president, Mrs. W. E. Younk; vice-president, Mrs. J. McCarthy; secretary-treasurer, Mrs. D. J. McLean.

The Married Men's Association of Stewart, at a meeting last Thursday night, decided to communicate with the secretary of the British Columbia Medical Association and Hon. S. F. Howe, provincial secretary, requesting their assistance in securing a resident doctor for Stewart. The village commissioners have decided to grant a retaining fee of \$25 per month to any doctor who may locate here.

A meeting was held here this week between the Board of Village Commissioners and J. J. Little, general manager of the Northern B. C. Power Co. A more satisfactory system of street lighting for Stewart was requested of Mr. Little.

The Women's Auxiliary to St. Marks' Anglican Church here has elected officers for the coming year as follows: president, Mrs. G. H. Moody; vice-president, Mrs. J. V. Clegg; secretary-treasurer, Mrs. W. H. Watson.

Rod McKinnon left last Thursday for a trip to Vancouver.

William Wycherley of Premier returned here last week after having spent the Christmas and New Year holiday season visiting in Vancouver.

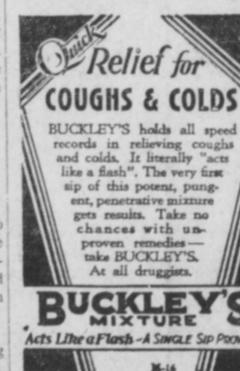

Mrs. Fram left here last Thursday for a trip to Vancouver.

ALICE ARM

The Alice Arm mining area is given a full meed of attention by Dr. Joseph T. Mandy, resident mining engineer, in the recently issued preliminary report of the British Columbia Department of Mines.

A band of timber wolves, thought to number over a dozen at least, have made the Kitsault Flats and adjacent territory their headquarters this winter. Residents of the hillside have been paid visits, one of the animals being so venturesome as to venture one night on to the porch of H. F. Kergin M.L.A.

An electrically operated window has been developed which closes itself when rain falls on the sill.

Quick Relief for COUGHS & COLDS

BUCKLEY'S holds all speed records in relieving coughs and colds. It literally "acts like a flash". The very first sip of this potent, pungent, penetrative mixture gets results. Take no chances with unproven remedies—take BUCKLEY'S. At all druggists.

BUCKLEY'S MIXTURE

Acts Like a Flash—A SINGLE SIP PROMPTS IT

Cheapest Way of Reaching the People

The cheapest way of reaching practically all the people of Prince Rupert and district is by means of the classified columns of the Daily News.

Nearly everyone has something they could turn into cash through the "For Sale" column. Perhaps they have a house to rent. Here is the chance. Spend 50c on a classified advertisement and secure a tenant rather than have it idle.

If a girl wishes a position or a housewife wishes help, the best means of getting supplied is through a want ad.

Dressmakers sometimes want work; small storekeepers want to move their goods; or maybe you need an article that has been used rather than pay the price for new. Give the Daily News classified columns a trial. Many have been very pleased at the result.
