AMELIA EARHART SPANS ATLANTIC

PROGRESS TOWARDS ESTABLISHMENT OF LOCAL INDUSTRY

Mrs. Putnam Sets Plane Down Safely at 'Derry After Flight of Ocean

American Woman Aviator Had Planned Landing at Paris But Had Engine Trouble Much of Way and Decided to Alight at First Opportunity

LONDONDERRY, Ireland, May 21:—Mrs. Amelia Earhart Putnam, who hopped off from Harbor Grace, Nfld., at 4:51 Eastern Standard Time yesterday afternoon on a projected non-stop flight to Paris, landed in a field five miles from here this afternoon unhurt and with her speedy Lockheed monoplane undamaged. She is the first woman ever to fly the Atlantic Ocean alone.

Mrs. Putnam experienced trouble with the exhaust manifold of her engine for ten hours of the flight and for a considerable distance flew through storms, mist, rain and a little fog. In addition, during a storm last night, the gasoline gauge was broken, causing some leakage, so she decided to come down at the first opportunity.

DISPLAY BY GIRLS

Annual Demonstration By Guides—Presentations Are Made

The First Company of Girl Guides gave its third annual display in the hall of St. Andrew's Cathedral last night under the direction of Captain N. Rogers and Lieutenant M. Brewerton. Very Rev. J. B. Gibson, the Dean, was chairman. Mrs. Ernest Anderson, in her capacity as Honorary Secretary of the local Girl Guides, presented the various awards to the winners. Mrs. A. J. Squire was pianist for the display. The program consisted of exercises, stave drill, relay races, bandaging, dancing, and a camp fire scene, also a solo dance by Mysie Perry, accompanied by Venetia Peero.

The Port Clements Challenge Cup, presented to the company by Mrs. Mallory, was won by the Sunflower Patrol, in charge of Leader Edith Brewerton. This is the second season in succession that the Sunflowers have won this coveted trophy. Other members of the Patrol are Patrol-Second Jean McLean and Guides Edna McLean, Honora and Marjorie Silversides, Myrtle West and Venetia Peero.

It is worthy of notice that five out of seven girls in this Patrol have gained their second-class badges. The leader has her first-class badge, all-round cords and eleven proficiency badges.

The Sunflower Patrol was followed very closely by the Robin Patrol under the leadership of Iris Corbould. Silver medals for proficiency during the evening were won by:

Junior First—Victoria Stamford. Junior Second—Muriel Eby. (Continued on Page Four)

Big American Liner to Call Here This Year

The big Pacific Coast Steamship Co.'s passenger liner Dorothy Alexander will continue to make calls here this summer while southbound from Alaska on tourist service as she has done for the past two seasons, according to word which has been received in the city. She will make her first call here about the middle of next month, it is expected.

VANCOUVER WHEAT
Vancouver, May 21:—Wheat was quoted at 61 7/8c on the local exchange today.

The Reason For Balloon Racing Being Popular

In spite of the fact their mothers told them to stay away from balloons, Alice Foye, Jane Bliss, Clyde Butler, Jean Redick and Alice McDermott are Omaha girls sponsors of the home-town balloon races.

DANCE WAS ENJOYABLE

Balloon Affair of Elks' Lodge Held Last Night in Eagles' Hall With 60 Couples Attending

Undaunted by the fire which practically destroyed their fine new home in the Boston Cafe Building earlier in the week, the Elks' Lodge proceeded with plans for its annual novelty balloon dance which was held last night in the Eagles' Hall, proving to be a most enjoyable affair for the sixty or so couples who were in attendance. As usual, feasts of balloons featured the decorations and there was great merriment when, after the serving of delicious refreshments at midnight, these were released from the ceiling among the happy dancers. A brief but acceptable vaudeville program also helped to enhance the enjoyment of the evening's proceedings.

Music for the dancing was provided by Charlie Balagno and his orchestra which was in the usual fine form. Sam Joy made a genial master of ceremonies. Dancing started at 9:30 p.m. and continued until 2 a.m.

The vaudeville program included step dancing by Alex Mitchell and Sam Joy and saxophone and banjo duets by Johnny Saunders and Joey Arseneau.

George Roger presided at the door and the general committee responsible for the success and enjoyment of the evening consisted of Mike Budnich, Alvin Johnson, William Stone and George Mitchell.

Labor Defence League Holds Enjoyable Dance

An enjoyable dance was held by the Canadian Labor Defence League in the Unemployed Association Hall on Second Avenue last night. There was a good sized crowd present at the affair which was in charge of A. Seppahammer. Music was furnished by an orchestra consisting of members of the organization. Mrs. Mayne and Mrs. Welle were in charge of refreshments. W. Koronen was another member of the committee in charge.

DOUKS ARE SENT DOWN

Three Years Apiece For Eight Men and Women Who Paraded in Nude at Grand Forks

GRAND FORKS, May 21:—Eighty Doukhobors, 36 men and 44 women, were sentenced to three years' imprisonment in penitentiary here yesterday for parading in the nude on May 12 near Grand Forks.

Assessment Work To Be Conducted On Mountain Boy

William H. Tolin arrived at Stewart this week from Vancouver for the purpose of putting a crew on the Mountain Boy Mining Co.'s property to carry out assessment work. In view of the low metal prices, there will be no other operation on the property this season. On his return to Vancouver Mr. Tolin will organize a prospecting party to go into the Cariboo district in search of gold.

QUEENSWAY IS WINNER

King O'Connor, Second, and Speycrest, third, in Classic of Canadian Race Track Today

WOODBINE TRACK, Toronto, May 21:—Queensway won the Kings Plate today. King O'Connor was second and Speycrest third. The King's Plate is the classic event of the Canadian racing turf.

NORTH KING HITS ROCKS

Bellingham Cannery Boat Goes Ashore While Enroute To Seattle To Load For Alaska

SEATTLE, May 21:—The 5,000-ton cannery ship North King, belonging to the Pacific American Fisheries, went ashore in a fog early today at Four-Mile Rock, a short distance south of West Point Light below Magnolia Bluff and Fort Lawton here while enroute from Bellingham to Seattle to load cannery freight for Alaska.

The North King is expected to be refloated at the high tide tonight.

Ocean Falls Woman Passes; Funeral Is Held In Vancouver

The death occurred at Ocean Falls on Monday of this week of Mrs. Rosaline Lydia Pochin, aged 72, mother of Miss Rosaline Pochin and Frank Pochin of Ocean Falls and John J. and William Pochin of Vancouver. The funeral took place Friday in Vancouver from the chapel of the Mount Pleasant Undertaking Co. to Mountain View Cemetery.

Halibut Landings

Canadian Cape Beale, 48,000, refused 3.5c and 2c, left for Vancouver. Atli, 5,000, Cold Storage, 4c and 2c.

CHINAMAN FINED \$50

Wong Sue, Chinese storekeeper on Comox Avenue, was fined \$50, with option of 60 days' imprisonment, by Magistrate McClymont in city police court this morning after pleading guilty to a charge of keeping liquor in a place where soft drinks are sold. A quantity of liquor was also ordered confiscated. The fine was paid.

BIRTH
A son was born to Mr. and Mrs. H. T. Harvey on May 20 at the Prince Rupert General Hospital.

RAINS HELP ON PRAIRIE

Growing Conditions Ideal For Grain as Result of Precipitation

WINNIPEG, May 21:—Bright, warm days and cool nights have made growing conditions ideal over the western region during the past week, according to the weekly crop report of the agricultural department, Canadian National Railways. Local precipitation varying from light showers to heavy downpours has also enhanced prospects and, although light frosts visited some localities, no material setback was experienced. Practically all wheat is now showing above ground and the stand is uniform and healthy. Barley and oat seeding is nearing completion and these grains are going into a first class seed bed. Grasshopper and cutworm activity is being noticed in widely scattered areas but their ravages are not yet appreciable.

In Manitoba seeding of all grains is practically completed and land is in splendid shape as local showers have proved beneficial. Weather has been ideal for growth and grain stands are uniform, dark green and healthy. Concentrated efforts are being made in many districts to keep the grasshoppers' menace under control and tons of poison bait are now being scattered. The Swan River Valley requires additional moisture but as yet there is no dearth.

In Southern Saskatchewan high winds caused some soil drifting but very little damage has resulted as the winds were interspersed with local showers which prevented any concerted movement. Heavy frost was experienced on the night of May 15 which caused some damage to gardens and also nipped tips of early wheat blades.

In Central Saskatchewan, weather conditions have been good but more rain would be acceptable. Cutworms are reported along the Roseown subdivision but no damage is yet seen.

In the park belt areas, weather conditions have been ideal and heat seeding is completed. Rain and snow during the week has been beneficial as, besides stopping soil drifting and putting land in good shape, it has given all grains a good start.

Rain in Alberta
Along the Drumheller, Oyen, Stettler, Three Hills subdivisions in Alberta excellent weather has prevailed as the general heavy rain provided ample moisture and promoted rapid growth. In Central Alberta prospects of a good crop are excellent as weather has been warm and good rains have fallen.

From the Peace River district come reports of fine warm weather with wheat seeding almost completed and coarse grains now being seeded. If the weather holds all spring work will be finished in a few days.

Cattle markets reacted to lower levels in the face of heavier country loadings which slowed up trade. Demand at present is rather narrow and liberal receipts are being reflected in lower price movement. The same can be said for the hog market as receipts on western stock yards have been exceptionally heavy.

BIRTH
There was born yesterday at the Prince Rupert General Hospital a son to Mr. and Mrs. James Denholm of "The Dunes," Tiel, Queen Charlotte Islands.

PLANS FOR PULP MILL

Slow But Steady Progress Being Made Despite Depression, Mr. Buckley Intimates

Has Been South

Mr. Cole Now in Vancouver and Others From East Are Now Being Awaited

Slow but steady progress is being made in preliminary negotiations looking toward the establishment of a pulp mill in Prince Rupert, it is intimated in a letter from F. L. Buckley of Vancouver, promoter of the project, to Olier Besner of this city. There is no need for local people to feel discouraged as to the ultimate success of the project, Mr. Buckley suggests.

Mr. Buckley states in the letter that he has just returned to Vancouver from the south where he has been negotiating with some influential people in the pulp and paper industry. Mr. Cole is in Vancouver again from the east and Mr. Buckley is now waiting on some people from Chicago and the east who are associated with the undertaking.

Mr. Buckley enclosed with his letter some samples of the high grade of paper such as will be produced from the pulp it is planned to manufacture in the plant to be established here. "This style of mill costs more at the beginning but it turns out a higher grade of product," Mr. Buckley observes.

The letter admits that, in view of the general depression, some delay is being encountered in connection with financing.

ULTIMATUM TO IRELAND

Will Be Excluded From Brotherhood of Nations If Treaties Not Honored

LONDON, Eng., May 21:—Right Hon. J. H. Thomas, Secretary for the Dominions and Colonies, issued an ultimatum yesterday stating that, if the Irish Free State repudiated her treaties with Britain, she would be outlawed from the brotherhood of nations. He stated that no nation could make a treaty with men who did not honor existing treaties.

French Will Examine Aliens

Stringent Measures to Be Taken in Admitting Foreigners

PARIS, May 21:—The new French government will in future take very stringent measures in regard to aliens. All will be carefully examined as to their papers and any whose passports are irregular will be excluded from the country.

FISH BILL IS PASSED

Present Act Being Amended and Consolidated in Measure Approved By Commons

OTTAWA, May 21:—A bill amending and consolidating the Fisheries Act was given its third reading in the House of Commons yesterday.

CITIZENS GET AFTER J.H. CURTIS

Urge That Informations Be Laid Against Former Shipbuilder: Says Confession False.

NORFOLK, Virginia, May 21:—Citizens here have called on the police department to lay further charges against John Hughes Curtis in connection with the Lindbergh case.

An effort is being made to connect the former shipbuilder with the smuggling of liquor which has taken place near the home of the fake intermediary.

Curtis made rather a sensational statement yesterday to the effect that he had been badgered by the police into making a confession much of which was not true.

WEATHER REPORT

Dead Tree Point—Cloudy, light southeast wind; barometer, 29.86; temperature, 54; sea choppy.

Triple Island—Raining, calm; sea smooth.

Langara Island—Overcast, light southerly wind; sea smooth.

TO REOPEN HOSPITAL

Dr. George E. Darby, medical superintendent of the Bella Bella Hospital, is planning to reopen the Rivers Inlet Hospital as usual this season on June 1. Dr. E. Austin of Vancouver will be in charge at Bella Bella during Dr. Darby's absence.

WEATHER DELAYS BROWN'S TAKE-OFF

SEATTLE, May 21:—Low pressure areas over the North Pacific Ocean today forced delay until possibly Monday or Tuesday of the take-off of Nathan C. Browne, New York aviator, on a flight from Seattle to Tokyo for a \$30,000 cash prize.

FIGHT OF NEW PORT

The new port of Churchill on Hudson Bay is anything but a busy place. So far just two shipments of grain have been made from there, the port charges and other fees to the amount of \$5,000 having been paid by the federal government on the two vessels, Warkworth and Farnworth. The advantage the route has is that it is convenient to and backed by the city of Winnipeg and by the farmers of the prairies. The latter had hoped that the building of the Hudson Bay Railway would have given them lower rates to the market with consequent higher prices for their grain.

But not so. The farmer is made the victim of the big commercial interests of Montreal and will get no relief that way. His case is similar to that of the Peace farmers who are threatened with a continuation of high rates for all time through the building of a line to connect with the P. G. E. to Vancouver. To route grain that way would mean high rates and once the rates are set there is no changing them under our present system.

WHO GETS TOURIST DOLLAR?

Four hundred million dollars seems a lot of money, but the map and chart men at Ottawa tell us that garage men, accessory dealers and service station proprietors have received this sum as their share of tourist business in Canada since 1920. The Statistical Bureau was able to show that the expenditure by tourists in Canada ranged from \$83,734,000 in 1920 to \$250,776,000 in 1931. By the simple expedient of asking questions, the association has determined how the tourist dollar is divided, and it seems fairly definite that 20c goes for gasoline, garaging and accessories which, in the 11 years since 1920, would amount to the afore-mentioned \$400,000,000.

The destination of the remainder of the tourist dollar was also calculated. For hotel and other types of accommodation, 20c is also spent. Retail stores get 25c, restaurants 21c, confectionaries 6c, and theatres and places of amusement 8c.

There is no official Canadian estimate of how much the summer tourists will bring this year, but the American Automobile Association estimates it at \$285,000,000.

The figures given above are for the tourist who comes in his own car and who drives around the country. Unhappily, owing to the failure of the government to do any work on the highway just at a time when the work was needed and owing to the general apathy toward the highway out of Prince Rupert, there is little hope of the city sharing in the tourist trade advantages unless we can secure a reasonable rate from the railway company that will enable the tourist to drive his own car and ship it over the railway into the city.

BEARS ARE HARMLESS

Black bears are perfectly harmless, according to all the authorities. Professor Hornaday in his book on the animals of North America declares that he has run down many of the bear stories and has yet to find one in which the bear was the aggressor. Other big game hunters and students of animal life back up the professor in his statement. Some declare they are just like so many pigs and always run when faced by man.

If Hornaday is correct Tony Denacola, who this week was taken to the hospital at Prince George with injured legs, was not injured by bears. Possibly he was just scratching himself where the mosquitoes were biting.

But Tony declares that bears did it, that they chased him up a tree and that they tore at his legs in an effort to pull him down. That's where Tony differs from the authorities. Probably Professor Hornaday never had an experience with seven bears at one time as Tony declares he did. At any rate Tony has the evidence on his legs just as plain as the police sometimes find evidence in bottles and other places. It is said at Prince George that no one will henceforth persuade Mr. Denacola that black bears are harmless, especially when there are seven in a group and only one man without a gun with which to defend himself.

Because it doesn't pay to advertise poor products, It does pay to buy those advertised.

Nelson Hurls No-Hit No-Run Ball Game

ATHLETICS ADVANCING

Take Fifth Place in American League—Yankees Defeat Senators

PHILADELPHIA, May 21.—The Philadelphia Athletics continued their long upward pull towards the top of the American League yesterday by scoring another easy victory over the lowly Boston Red Sox and thus moved into fifth place ahead of the St. Louis Browns who lost to the Cleveland Indians.

New York Yankees defeated the Washington Senators and again took unquestioned leadership of the league.

The leadership of Chicago Cubs in the National League was cut to two full games as a result of the defeat of the Hornsby men at the hands of the troublesome Cincinnati Reds, the Boston Braves winning a decisive shut-out victory over the Phillies. The New York Giants vanquished the Brooklyn Dodgers and advanced into fifth place ahead of the Phillies.

Yesterday's Big League scores were as follows:

Table with 2 columns: League and Score. American League: Philadelphia 0, Boston 10, New York 9, Brooklyn 4, Chicago 2, Cincinnati 3, Pittsburg 5, St. Louis 0. National League: Boston 1, Philadelphia 6, Washington 3, New York 6, Detroit 8, Chicago 5, St. Louis 7, Cleveland 11.

Old Empress Takes Inaugural Diamond Honors of Season By Defeating Sons of Canada 7-0

With Jack Nelson distinguishing himself by pitching a no-hit no-run game and hitting out two three-baggers and a single, Old Empress took opening honors in the Senior Baseball League last evening at the Acropolis Hill grounds by defeating Sons of Canada, champions of the past two seasons, by a score of seven to nothing. The Canucks were unable to get a runner past second at any stage of the game and got only four to first.

Nelson, whose stellar pitching was supported by almost airtight fielding, only one error being chalked up against the Empress and that in the seventh stanza, was in control of the situation at all times. Bill Lambie and Eddie Smith shared duty on the mound for the Sons of Canada. Benny Windle also turned in a good batting performance with two singles and a three-bagger.

The weather broke most auspiciously for the game and quite a good sized crowd of fans was in attendance. Ald. G. W. Rudderham, president of the league, being absent, Ald. S. D. Macdonald, vice-president, introduced Mayor Cyril H. Orme. After asking for one minute's silence in honor of the memory of Jack Ratchford, long prominent in baseball circles here, who died recently, His Worship pitched out the opening ball.

Empress started out strong in the first inning by scoring five runs. Kenny, lead-off man, was hit by the first pitched ball, Douglas, the next man up, tried to bunt and then fled out to Comadina. Howe was safe when Moran took his bouncer and threw wild to first. Windle singled to left, the ball going through Lambie's legs for an error, both runners scoring. Windle stopped at third. He scored on a passed ball. Doug Stalker singled. Nelson tripled to left scoring Stalker. Walsh walked, Nelson scoring on a passed ball. Gurvich struck out. Fong doubled to left. Moran tossed out Kenny at first.

Empress added one more run in the second. Douglas led off with a single to centre. Lambie replaced Smith in the box, Smith going to second in place of Kanaya and Jim McNulty went out to left field. Douglas stole second and went to third as Johnson threw out Howe at first. Windle singled, Douglas scoring. Lambie tossed out Stalker. Nelson beat out an infield hit along third base line. Walsh was called out on three pitched strikes.

The last score of the game came in the fourth. Howe was thrown out by Lambie. Windle hit a line drive to left for three bases. Doug Stalker fled out to Moran, Nelson made his second triple to left, scoring Windle. Walsh fouled out to Bob Stalker.

The only time the Sons were at all dangerous was in the seventh. With a no-run no-hit game in sight for Nelson, Moran drove one to right field which Fong knocked down. Lambie was safe when his roller went between Kenny's legs. Styles struck out and Lambie stole second. Comadina walked. Johnson lifted a nice fly to Windle to end the game.

BASEBALL ROUND HOUSE WAS WINNER

INTERMEDIATE S. O. C. vs. ELKS, 1:00 p.m. SENIOR EMPRESS vs. ELKS, 2:30 p.m. SUNDAY

SPORT CHAT

One of the greatest fighters Winnipeg has produced, Frankie Battaglia, is headed for the world's middleweight championship. The dark-haired, two-fisted youngster who went to St. Paul, Minn., a couple of years ago because he had beaten every man his weight at home, has emerged within the last few months as the outstanding contender for Gorilla Jones' title. Battaglia, a member of Canada's 1928 Olympic boxing squad, has won 23 out of his last 26 fights by knockouts. Recently he knocked out Ben Juby, of New York, ranked No. 4 among the world's middleweights by the National Boxing Association, in one round.

George Barton, sports editor of the Minneapolis Tribune and a well known boxing referee in the mid-west, writes this of Battaglia: "Battaglia is a natural fighter. He does things instinctively, seldom makes any false moves and possesses the killer instinct in the ultimate. The Winnipeg youngster has all the physical and mental requisites of a real fighter. To begin with he is gifted with a splendid physique, his powerful and beautifully muscled body and arms being set off with a pair of sturdy legs that are built for speed as well as endurance. He has a wide spread of shoulders, a short and rather thick neck, square jaws and high cheekbones, assets that every fighter needs to be successful in a game as strenuous as prize-fighting."

"Battaglia packs a powerful punch in either fist, picks his openings smartly and shoots his blow with every ounce of his weight and strength back of them. Twenty-two years old, intelligent, ambitious, determined and a careful living fellow, Battaglia seems headed toward the championship. Certainly he stands out head and shoulders above all contenders and I believe that right now the Italian-Canadian is an even bet to whip the champion, Gorilla Jones, in a 15-round encounter."

SOFTBALL AT HIGH SCHOOL

Cubs Defeat Tigers 8-7 in Heavy Hitting Contest

At the end of the third inning in yesterday's High School softball game between Cubs and Tigers, the score was three-all. With bases full Willieroft poked out a three-base hit to left field. Five runs crossed the plate to put the Cubs ahead 8-3. In their half of the inning the Tigers were unable to reach first base.

In the fifth inning the Cubs were put out in order. The Tigers put forth all their efforts to collect their required five runs but fell short by one. L. Wilson knocked out a three-bagger with two on board. Moxley made a difficult catch and put the third man out at first.

The game was featured with heavy hitting, two-baggers being common. Morgan won the batting honors with a couple of three-base hits in three times to bat. Very few errors marred the game which was not won until the last man was out.

Thus the Tigers found themselves holding the short end of the 8-7 score.

Thus the Tigers found themselves hiding the short end of the 8-7 score.

Mrs. A. B. Taylor of Victoria was a passenger aboard the steamer Princess Norah this morning going north to spend the summer at Atlin where she formerly resided. She is the mother of Purser Taylor of the Princess Norah.

Provincial Constable William Harrison, who has been located at Cloyah Bay relief camp during the past winter, left aboard the provincial police cruiser P.M.L. 8 this morning for Port Essington where he will be stationed for the summer.

Miss Cleo Mussalleh, who is in training for a nurse at the Hazelton Hospital, arrived in the city on this morning's train from the interior to spend a three weeks' holiday here visiting with her parents, Mr. and Mrs. N. Mussalleh, Fourth Avenue West.

William McCallum, fisherman, was found guilty by Magistrate McClymont in city police court this morning on a charge of theft of gasoline from Fred Stephens' gasboat Anna McKay at Cow Bay and was remanded until Monday for sentence.

Sergeant Blatta, R.C.M.P. of Carcross was a passenger aboard the Princess Norah this morning returning to the Yukon Territory after a trip south. He was in charge of a party of nine Mounties who will be engaged in relief duties in various parts of the Yukon during the summer.

Theodore Lucich, who arrived in the city recently from Premier, left on yesterday afternoon's train for Montreal where, on May 26, he will sail on the steamer Montcalm for Southampton where he will transfer to a vessel of the Union Castle Line and proceed to the Transvaal in South Africa.

J. Bruce Johnstone, proprietor of the Lakelse Lake Hot Springs Hotel, returned to the interior on yesterday afternoon's train following a two day business visit to the city. While here he purchased from the Pacific Salvage Co. a fine new 18-foot Peterborough outboard motor boat and 12 h.p. Lockwood engine which he will place on Lakelse Lake.

There were ninety passengers on board the steamer Princess Norah which was in port this morning northbound from Vancouver to Skagway. The list included about twenty employees of the Yukon and White Pass Route going north for the summer. One person disembarked from the vessel here while about half-a dozen went north from here aboard her.

LOCAL NEWS

Mr. and Mrs. P. M. Rayner, who have been on a trip to the interior, returned to the city on this morning's train.

A. E. Parlow, district forester, returned to the city on this morning's train from a trip to Smithers and elsewhere in the interior on official duties.

Louis Schulz, well known merchant, who has been on a business trip to Vancouver and elsewhere in the south, was a passenger on board the Princess Norah this morning returning north.

Charles Goldstein, well known Juneau merchant, was a passenger aboard the Princess Norah this morning returning to the Alaska Capital after a business trip to Seattle and elsewhere in the south.

Mrs. A. B. Taylor of Victoria was a passenger aboard the steamer Princess Norah this morning going north to spend the summer at Atlin where she formerly resided. She is the mother of Purser Taylor of the Princess Norah.

Provincial Constable William Harrison, who has been located at Cloyah Bay relief camp during the past winter, left aboard the provincial police cruiser P.M.L. 8 this morning for Port Essington where he will be stationed for the summer.

James Martin, Sheriff's Agent will conduct the sale at above place and date. TERMS CASH.

S. A. NICKERSON, Sheriff.

Mother's Nerves

WHAT a joy are healthy, rollicking children when you are in good health. What a worry when the nerves are tired and rundown and every sound irritates and annoys. You have not been sleeping well, had headaches, perhaps, and feel tired and irritable. You are beginning to fear a nervous breakdown. Only through the medium of the blood can the exhausted nerves be restored and this is best accomplished by using Dr. Chase's Nerve Food.

Many thousands of tired, nervous mothers have proven this to their utmost satisfaction. It is so much easier to prevent than to overcome diseases of the nerves.

Dr. Chase's Nerve Food

The City Council has Declared this to be

CLEAN-UP WEEK

The City of Prince Rupert has fallen in line with other cities of Canada in organizing a Clean-up Week. The present is a time when all the citizens are asked to see that their premises, front and back, are spic and span with all loose cans picked up, filth cleared away and neatness and tidiness replacing slovenliness.

Citizens are also urged to repair and paint their fences, to paint the house or outbuildings if necessary and to generally keep in line with modern civilization.

Everyone knows that these are difficult times but no one can afford to look poor, even if he is poor. Much can be done at little expense to make the shop front bright, to brighten up the outbuildings or to overhaul the interior. The condition of the home has an effect on every member of the family.

Several persons were only last week making remarks about the appearance of some of the smaller stores in the city where neither landlord or tenant was willing to paint the shop front. The windows never looked really attractive where the paint on the shop front was badly worn or had a shabby appearance. The opinion expressed was that it helped business to keep the place attractive. People do not like to shop in a place that seems to be down at heel.

A Week's Doings at Parliament

By Tom Reid, M.P.

Trias at Halifax Are Criticized—Senate Initiates Bill—House Votes in Favor of Patronage

Friday, May 6—The government came in for considerable criticism during the day in connection with investigations which have taken place under the Immigration Act. It seems that some men have been picked up from various cities and taken to Halifax where they are being held for investigation and trial prior to their being, if found guilty, deported. These men have been picked up by the Royal Canadian Mounted Police and are presumed to be Communists, but it was the fact that they had been taken to the port of Halifax to be tried which aroused the criticism against the government, is being held by many of the members that these men should first of all have been tried in their home towns before being taken away to distant ports. The minister, however, assured the House that these men would be given a fair trial and that an impartial board would sit in judgment regarding the charges made against them. Mr. Guthrie, minister of justice, explained that the matter was being carried out impartially at the present time.

Two bills in connection with insurance were brought down which had passed the Senate, and it was evident that no one in the House, with the exception possibly of the minister in charge, knew exactly what the bills meant. The first bill was in connection with the jurisdiction of insurance as between the provinces and the Dominion; the second bill was respecting foreign insurance in Canada. It was the opinion of many members that these bills should be left over for another year so as to give the members of the House of Commons a chance to look them over in an endeavor to find out just exactly the full purport of these measures. The Senate had given these considerable time and thought before passing them but I am of the opinion that the proper function of the Senate is as a safeguard to the people in regard to what the House of Commons does and that all bills should first pass the House of Commons and then go to the Senate to be ratified, instead of being passed in the Senate and coming to the House of Commons.

Monday, May 9—Expressions of sympathy were extended by the Prime Minister and by the Leader of the Opposition to the Republic of France whose president had been murdered.

The report of the radio committee was tabled—a report that has been looked forward to for some time. The report was a unanimous

before the House. These created considerable discussion and the House rose at 11 o'clock without another item having been passed.

Wednesday, May 11—The chairman of the committee on radio broadcasting moved the adoption of his report and, in doing so, placed on record a resume of what that voluminous report contained. One striking fact mentioned was in regard to the air lines along which radio travels and it was a surprise to learn that these were limited to a total of only 96. Many of the members were under the impression that the air was unlimited but, apparently, they have discovered that such is not the case. The report recommended that a commission be set up to handle all radio matters from one end of Canada to the other. Many fears were set at rest regarding monopoly, it being pointed out that it was not intended to prohibit anyone from using stations from the United States, nor would local stations within a 25-mile radius be interfered with. The committee apparently has done very good work. It is said there are 600,000 people who have taken out radio licenses throughout Canada and it is estimated there are at least 100,000 others who have been able to escape the payment of fees. With licenses of \$2 each it will mean a total revenue of \$1,400,000, all of which will be used for the development of radio.

The balance of the day was taken up on the bill regarding unemployment relief and, after considerable discussion and many points being brought out, this was finally passed and adopted.

Thursday, May 12—The report regarding the civil service, which had been tabled in the House, was introduced for adoption and was spoken to at length by the chairman of the committee in charge of this measure. The committee had been composed of four Conservatives, two Liberals and one Labor member. This committee had been sitting for many weeks past and considerable interest had been taken in its deliberations which ended by the retirement or dismissal of the three civil service commissioners.

Some interesting figures were given to the House regarding civil servants, it being pointed out that there was a total of 35,000 permanent civil servants and 10,000 other employees of the government who were not permanent—a total payroll amounting to almost eighty-four million dollars annually. It was interesting to learn that there is a natural retirement of about 5,000 which means that examinations are being held almost every month for one branch or the other.

The report would have been adopted unanimously by the House had it not been for the fact that a recommendation was made in that report that all postmasters in charge of post offices whose revenue did not exceed \$3,000 per annum would be taken out from under the Civil Service Act and put under the direct appointment of the minister. It was averred by many members of the House that this was going back to straight patronage again as all the positions would be then filled on the recommendation of the member whose party was in power. An amendment was moved to strike out this clause from the report and this gave cause for considerable discussion which lasted practically the whole day. The Prime Minister, before the vote was taken regard-

ing the work of the committee, told the House that his followers could vote as they pleased. It was interesting to watch the vote in the House. Many members on the government side voted with many members on the Liberal side as a protest against the patronage system and it was noted that the Labor member, who was on that committee, and had signed the report as being in favor of the same, did not vote. It was felt that if he had been in favor of the report, he should at least have voted for it or should have not signed it. The amendment however was lost, there being more voting in favor of straight patronage than those opposed to it—92 in favor, 55 against.

Personally, I believe it to be a great mistake to go back to straight patronage as, whatever faults there might have been found in the merit system, these could have been remedied to quite an extent and, after all there is no fairer system than the merit system which gives equal opportunity to all irrespective of which party is in power.

The short time that was left was devoted to a discussion on the Economic Conference, more of which will be heard in the days following.

The weather is now getting warm and there is a feeling in the air that we are in the last stages of the sittings of the House.

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.

Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.

Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

WATERFRONT WHIFFS

Prominent Visitor From Old Country Due Here Next Week—Pleasure Fleet is Getting Active—Halibut Boats Going Out Again

A prominent visitor in Prince Rupert fishing and marine circles next week will be J. O. MacDonald, managing director of Joseph Gundry Co., Bridport, England, one of the largest concerns in the world engaged in manufacture of fishing nets, lines and twines, who will arrive on Wednesday and stay over for a few days. Mr. MacDonald, who is making a tour of Canada, will be accompanied to Prince Rupert by W. H. Stewart, general manager of Edward Lipsett Co. Ltd. Vancouver.

The Prince Rupert fishing and marine industry lost one of its most prominent and popular figures on Wednesday of this week in Victoria when death removed George Gordon Bushby, head of the Rupert Marine Products Ltd. and resident of Prince Rupert for 11 years. It was in 1921, after having been prominent since young manhood in marine activities of Vancouver and Victoria, that Mr. Bushby arrived in Prince Rupert to take over the operation of the reduction plant at Tucks Inlet in Prince Rupert Harbor which he acquired through being compelled to foreclose on a mortgage. Completely renovating the plant, installing new machinery, contracting for new supplies of oil and establishing a fleet of tenders, he converted the plant into a

DOMINION TIRES

DC-112

came off the local dry dock last Saturday after having been on the pontoons for three or four days for cleaning, painting and hull overhaul. The same day as the Red Boy came off, the Salvage Princess was taken up for similar work which was completed by Thursday afternoon when the vessel returned to the company's floats. The Red Boy and Salvage Princess are both in good shape again and ready to take care of everything in their line that offers.

Pete Gamula had his power cruiser Kobzar on the grid of the Prince Rupert Rowing & Yacht Club this week for installation of a new rudder and shoe. At the same time, the vessel was also given a general cleaning up below the water line and is now all ready for the season.

Johnny Garofani of the Capitol Theatre operating staff has purchased the 18-foot open gasboat formerly owned by Art Phillips. The vessel is equipped with a 6 h.p. N. and S. engine and makes her headquarters at the floats of the Prince Rupert Rowing & Yacht Club.

After having lain on the beach during the winter, Skipper Rupert Benson's well known speedster Poinsettia is in the water again alongside her float at the Prince Rupert Rowing & Yacht Club. Ben is looking forward to the usual active season and the trout would be well advised to wake up after the winter's hibernation now that he is on their trail again.

Speaking of angling reminds us of the near approach of the 24th of May on which day Prince Rupert anglers usually start the season's activities. A number of parties, it is understood, are being planned and, no doubt, some of these will get away this week-end, taking the Monday off as well as the Sunday and Tuesday. The only difficulty is that the water may be high in many of the streams and this may hamper success in angling operations. Some parties have been talking about going to points rather far removed.

Claude Kirkendall has purchased the summer cottage of Fire Chief Dan McDonald at the Salt Lake. Consequently, the Gwen is being kept pretty busy these days as the family of the popular local fish buyer hie back and forth across the harbor in connection with the carrying out of additions which are being made to the cottage in order to take care of the increased popu-

He's Stumped

Draw a sigh for Brig.-General Wroughton, bachelor, Marlow, England. He has invented labor-savers by the score, but admits stirring porridge by electricity has him stumped

ation during the coming summer.

Dr. W. T. Kergin, owner of the "Full Moon," flagship of the Prince Rupert Rowing & Yacht Club fleet, celebrated his birthday on Tuesday of this week and received hearty congratulations and best wishes from his friends on the occasion. It gives us much pleasure to add our "many happy returns" to the numerous greetings which have been extended to the popular doctor and dean of the local medical fraternity.

The local halibutters Pair of Jacks and Fanny F., laying up during the present period of depressed fish prices, have taken advantage of the lay-up to go on the Edward Lipsett grid this week for cleaning, painting and hull repairs.

Mayor Cyril Orme, Frank Morris and Dr. L. W. Kergin were members of an abalone hunting party which visited Lucy Island early yesterday morning aboard the last mentioned's power cruiser Aledor, leaving at 4 a.m. and returning at noon. The outing was a very enjoyable one, being favored with ideal weather conditions, and there are still some abalone left for next time.

Boat Building Quiet

These are quiet days for the boat-building industry at Prince Rupert and, apparently, there is no prospect for an immediate improvement in conditions. No new construction, whatever, is being undertaken and, for apparent economic reasons, repair work is at a minimum. Skeena and Naas River cannery interests have been rather slower than usual this year in sending in their work and, indeed, it now appears that there may not be any large volume of such work this spring.

On account of the low price conditions for fish, a number of vessels of the Prince Rupert halibut fleet have been tied up during the most of the month of May so far. An impending improvement in prices, however, has encouraged several boats to leave again during the last few days. In spite of the exceptionally low prices, there have been possibly fewer actual "hole" trips so far this season than might have been believed. However, it is foolish to even imagine that anything in the way of profits over and above costs of operation can be hoped for under 3.5c and 2c prices such as have been all too common so far this spring.

Unable to find a satisfactory market for the fish in Prince Rupert, the Flewin & Brown fish packer Taplow 11 left last Saturday for Vancouver in the hope of getting better prices than were offered in the north for a big load of 20,000 pounds of spring salmon. Other packers have been continuing to land their catches at Prince Rupert even in the face of unsatisfactory low prices.

Halibut landings at the port of Prince Rupert for the week ending yesterday were exceptionally light, totalling only 256,300 pounds of which Canadian boats accounted for only 37,300 pounds while American vessels brought in 219,000

pounds. Up to and including yesterday landings at Prince Rupert for the 1932 season had reached a total of 4,030,550 pounds as compared with 4,226,340 pounds at a similar date last year. Canadian landings stood at a total of 1,629,250 pounds as compared with last year's 2,010,740 pounds at a similar date while the American total for this season to date was 2,401,300 pounds as against 2,215,740 pounds last year at the same date.

With landings light, prices during the week showed a tendency toward improvement. The high bid of the week for Canadian fish was 4.8c and 2c which the Relief was paid for 8,500 pounds while the low Canadian price was 3.5c and 2c paid the Edward Lipsett and Margaret I. for catches of 9,000 pounds in each case. The top price of the week for American fish was 7.1c and 3c paid the T551 for 3,000 pounds and the low 4.2c and 2c paid the Pacific for 38,000 pounds.

With prices showing an upward tendency, many boats, which have been temporarily tied up, are preparing to put out to the fishing banks again.

The Whiff Man, during his rounds Thursday afternoon, was taken for a short spin on the harbor by Bert Bartlett in his speedboat. Bert has his boat equipped with an automobile engine and claims a speed of from 20 to 22 miles per hour. It is a snappy little craft.

O. C. Young of the mechanical engineering department was the speaker last evening at the regular fortnightly meeting of the colloquium of the Prince Rupert Fisheries Experimental Station. Mr. Young's discourse on refrigeration was followed by a general discussion. There was a full attendance of members of the staff and several guests.

May 21, 1912

Ald. Clayton and Ald. Kerr have given notice of motion for consideration of the city council censuring the finance committee for not keeping the council better informed as to the city's financial position. Ald. Montgomery has intimated that he will support the motion which will come before the council at its next meeting.

The city engineering department will be reorganized after July 1. Meantime, the resignations of all members of the staff are being called for.

With continued dry weather, a serious dust nuisance has developed in Prince Rupert. The city is considering purchasing a sprinkler.
