PLAN 1932 PRINCE RUPERT FALL FAIR

WORKLESS HAD MEETING AND DISCUSS VARIOUS MATTERS

Exhibition This Year Will be Along Usual Lines in Spite of Hard Times; Plans For Finances

The Fair Board, at a meeting yesterday afternoon, decided to hold a monster sweepstake this year to assist in the financing of the 1932 Exhibition. The prizes will be in cash or the equivalent of cash. The sweepstake will be conducted in connection with sale of membership tickets and the financial effort will get under way as soon as possible. There will be no drawing for a lot this year as has been done for several years past.

The special committee appointed to consider ways and means for the holding of this year's Fair presented its report which was adopted. It is being planned to carry on the 1932 Exhibition along the usual lines with all the attendant attractions and features. It was pointed out that there were certain expenditures made last year which will not have to be repeated this season.

W. D. Vance was reappointed managing secretary. There was a full attendance of members of the board at the meeting. President F. E. Wermig was in the chair.

PROMOTED TO MAJOR

Adjutant Kerr, Formerly of This City, Receives Higher Rank

The many friends of Commandant and Mrs. Kerr in Prince Rupert and district will be glad to learn of the former's promotion to the rank of Major. This is taken as an indication of Salvation Army leaders' confidence in the loyalty, devotion and whole-hearted service so successfully rendered in the past. The Major and his wife have spent 24 years of unbroken service as officers in the Salvation Army, mostly in British Columbia, Alaska and the Yukon. They are stationed at Vernon, to which place they were transferred from Prince Rupert last July.

SUCCUMBED SUDDENLY

Jack Ratchford, Popular Resident of City For 23 Years, Victim of Heart Attack Yesterday

Prominent in athletic and fraternal circles of this city of which he had been a resident for nearly 23 years, John Edward (Jack) Ratchford died suddenly yesterday morning the victim of an apparent heart attack at his home, 841 Fraser Street. He had arisen from his bed about 9 a.m. and had sat for a moment on the edge when he fell backwards and succumbed. Medical aid was called but life had gone.

Except for pains in his shoulder during the past few days, the late Mr. Ratchford had not complained of any illness although he was known to have been a sufferer from high blood pressure.

Born at Leavenworth, Kansas, 42 years ago, Jack Ratchford came west in 1909 to attend the Alaska-Yukon-Pacific Exposition in Seattle and the same year came on to Prince Rupert. Engaged in his occupation as a plumber, he had resided here since that time. For many years he had been in the employ of Smith & Mallett.

Since coming to Prince Rupert, deceased had taken a keen interest in athletics, particularly baseball. In the leagues of the early days, he was a star player and, as a result of his heavy hitting proclivities, was known on the diamond for years as "Dynamite." In later years he did a good deal of refereeing and last year, after the death of Harvey Fraser, also a victim of heart failure, Mr. Ratchford was appointed manager of the Old Empress team in the Senior League. That the local baseball diamond will not seem the same without "Jack" is a simple statement of the popularity which he enjoyed among players and fans alike.

In addition to having many friends in athletic circles, Jack Ratchford was well known and esteemed throughout the city. News of his death will come as a general shock and sympathy will be extended to the bereaved family which includes his widow, one daughter, Marjorie (Mrs. Sims of Peoria, Ill.) and one son, Ernest Ratchford of this city. Other surviving relatives include deceased's father, Patrick Joseph Ratchford of this city, a brother, Joseph Ratchford, also residing here, and another brother, Lindsay Ratchford, of Seward, Alaska.

The late Mr. Ratchford volunteered for service during the Great War in the Royal Air Force. At Camp Borden, however, while in training, an engine fell on his foot and inflicted such injuries that he was deemed medically unfit for further service and he returned to the city.

Builder Dies as Result of Fall

Edward Marshall, at One Time in Prince Rupert, Succumbed to Injuries in Vancouver

Edward Marshall, prominent in British Columbia construction circles, superintendent for Grant, Smith & Co. & Macdonnell Ltd. and well known in Prince Rupert through having been in charge of construction work here, died in St. Paul's Hospital, Vancouver, last week from injuries sustained when he collapsed and fell in the bathroom of his home, striking his head in the fall. He was confined to his home with illness when the accident occurred.

Born in Wisconsin, 62 years ago, the late Mr. Marshall had been a builder in British Columbia for upwards of twenty years. He was unmarried.

The funeral will take place at West Salem, Wisconsin.

More Adequate Relief Allowance For Married Unemployed Men is Urged; \$7.50 Per Month Rejected

At a mass meeting of the Prince Rupert District Unemployed Association in the Moose Hall yesterday afternoon a resolution was passed calling upon the city council, in connection with direct relief and work that is now required to be performed therefor, to pay the married relief workers in cash instead of relief tickets and provide them with enough funds to pay not only

for necessary food but also for clothing, light and medical treatment in the event of accident or illness to themselves or families. The central committee will present the matter to the council in person.

Another resolution passed by the meeting backed up the stand taken by the single men in the relief camp at Cloyah Bay in opposition to the proposal to have them work on road construction for their keep and \$7.50 per month.

Both these resolutions were moved by W. Mahoney who dominated the meeting as far as speaking was concerned, being heard on numerous occasions during the discussions.

The meeting, which was attended by probably some 200 or 300 persons, was called primarily for the purpose of electing officers in succession to George Murray, chairman, and Charles Lord, secretary, who had resigned. Charles Chapman was elected to the chair. After some difficulty had been experienced in obtaining a permanent chairman who would stand for office it was finally decided to allow the new central committee to appoint its own chairman. The new central committee was chosen in the persons of W. Mahoney, Fred Thompson and T. Murphy. Mr. Murphy was elected secretary of the association.

In opening the meeting, Mr. Chapman pointed out that there had been no improvement in the lot of the unemployed during the past six months and the future did not appear promising. He urged that a strong central committee be named as there would be much important work to do on behalf of the unemployed. The resignations of Mr. Murray and Mr. Lord were duly accepted before the meeting proceeded to electing of their successors.

A motion was passed setting seven unemployed as the quorum necessary to decide upon the calling of a mass meeting.

Report is Presented
Under the heading of good and welfare, George Murray presented a report on behalf of the retiring central committee on what had been done since the last mass meeting in January. Resolutions passed by that meeting had been forwarded to the provincial and federal governments and city council, Mr. Murray reading the replies, a number of which have already been made public. There was nothing definite in any of the replies from provincial authorities with respect to communications on unemployment. Mr. Murray also revealed that, although the men in the Cloyah Bay camp were badly in need, no satisfactory answer had ever been received from the provincial government in the matter of providing them by some means or other with necessary clothes.

The fact that unemployed married men in the city had had their lights cut off because they had been unable to pay their light bills was referred to in discussion. This and the fact that children of some unemployed men in the city had barely enough to eat and inadequate

clothing led up to the passing of the resolution asking the city to make more adequate relief funds available. By the city paying cash for relief work, it was felt the men would be able to get better value for their money.

Opposition to the payment of \$7.50 per month and keep to road workers was based on the ground that this would set a precedent that would have a tendency to lower all wages. Other employers, besides the government, would undoubtedly be tempted to exploit the unemployed. The need of obtaining the co-operation of men in jobs was stressed in this connection.

In answer to questions from the floor of the meeting, the chairman read figures to show that the provincial public works department had been paying \$1375 per month in salaries to local officials when nothing else was going on than the feeding of the men in the Cloyah Bay camp at 40c per day.

Exception is Taken
The meeting took exception to an article in one of the city papers on Saturday in which a "local resident" had desired to point out the fact that, while downtown to buy a new hat, a new sweater, a house dress and a shoulder of lamb, she had seen a party with a relief ticket come along to a butcher shop and ask for a t-bone steak. Speakers at the meeting paid their respects, which were not very complimentary to the spirit of a person who thought that, because a person was unemployed, he should not have a t-bone steak. The central committee was instructed to write a suitable reply to the press.

Questions were asked as to the duties of the police officer stationed on the Cloyah Bay unemployed camp.

A motion was passed calling upon the central executive to report back to another mass meeting as soon as possible after the interview with the city council in regard to relief allowances for married men.

Votes of thanks were passed to George Murray, retiring chairman, and Charles Lord, retiring secretary, in acknowledgment of their valuable work while in office on behalf of the unemployed and to the Moose Lodge for permitting the use of the hall for the meeting.

DAILY EDITION  Monday, March 21, 1932

NOT LIBERAL BUT—

According to the press reports Thomas Reid, Liberal member for New Westminster, speaking in the House of Commons at Ottawa when criticizing the expenditures made by the provincial government, proved himself to be a humorist. He spoke of a charge that was made against the government, "not by a Liberal, it was laid by a man with a conscience." Doubtless Liberals as well as Conservatives enjoyed the joke.

Happily for the good of the country there are men with consciences in all political parties in spite of the criticisms that are sometimes levelled at them.

REGISTER AT ONCE

The presentation of a redistribution bill to the Legislature indicates that the government is seriously considering the possibility of an appeal to the country before the next session of the House. For that reason it is desirable that every person, no matter of what political shade, should register if not already on the list of voters.

Voting in the city has nothing to do with the provincial elections. The lists used are quite different. When election time comes there are always dozens of men and women who would like to vote but who find themselves unable to do so because they are not registered. We strongly urge Liberals and Conservatives and Labor men to see that their names are on the list. Now is the time to act. It is useless to whine when it is too late.

GET OUTSIDE AND DIG

The season so far has been very suitable for gardening. A good many people have commenced but others are awaiting the warmer days when working in the garden is more pleasant. Not a few have been breaking up more ground and making a place for a few vegetables for salads as well as flowers.

Roses are beginning to arrive from the outside, some local gardeners replenishing the stocks with the fifteen cent roses such as were imported in such large numbers last year and which did so well. Some rose gardens show the effect of the severe late frosts while others do not seem to have been affected much. How they will come out is too early to say. Those banked up at the roots seem to have wintered better than the neglected trees. The winter frosts do not seem to injure the trees. The damage is done when a sharp frost follows bright sunshine in the spring. It seems that the sun brings up the sap and the frost then has more chance to get in its deadly work.

Crocuses are coming in bloom and tulips will be out very soon if the mild weather continues. Nearly all the garden plants are showing signs of new life. This should be a temptation to people to get outside and dig.

SCHOOL BOARD EXPENDITURE

Editor, Daily News:

The expenditure on Schools in Prince Rupert makes up approximately 60% of the ordinary civic annua expenditure, and accordingly the efforts of the City Council to keep down its mill rate, depend largely on the co-operation of the School Board. This year the City cannot finance School expenditure to the same extent as in previous years, and unless the School Board, with the co-operation of the Teachers' Federation, can see their way to effect considerable economies in their requirements, a very awkward situation will arise.

Within the past four years School expenditures have increased from \$74,000, to \$89,000, and of this increase of \$15,000 the whole amount is attributable to salaries: that is to say, salaries which in 1928 came to \$54,000, had increased by 1931 to \$69,000—an increase of 25%. Whether we now have a higher standard of school education or more efficient teachers than we had in 1928, I am not prepared to say, but on the other hand the population of the city has not increased since that date, nor has the cost of living. It is difficult to see any justification for an increase of \$6,000 in 1929, a further increase of \$6,000 in 1930 and a still further increase of \$3,000 in 1931, and it is for the ratepayers to say whether they are satisfied or not. The School Trustees are supposed to represent the ratepayers, and if the ratepayers desire retrenchment, the Trustees must comply with their wishes. The teachers, janitors and secretaries are employees of the Trustees. Beyond a certain point it is not for them to reason why, nor to dictate terms to the Trustees. If these employees are not prepared to be loyal in its time of need to a city which has in the past treated them with every consideration, their remedy is available by 30th June. The very nature of their profession should however render them sufficiently broadminded not to allow selfish interests to outweigh their duties as citizens.

The estimates submitted by the School Board for 1932 amount to \$81,000. The actual expenditure for 1931 was \$89,000, thus showing an apparent decrease of \$8,000. The School government grants however receivable by the City will this year be decreased by \$7,500 and therefore the reduction in the estimates only results in a net saving to the city of \$500.

A point that has to be kept in mind by the taxpayers is that whatever the School estimates for ordinary expenditure amount to, the City has to levy for that amount and pay it over to the School Board whether it is collected or not. In past years the City has collected about 85% of the current levy. This year it may safely be anticipated that collections will not be so good, and if for instance they were only to amount to 50%, it would have the effect of sending the mill rate beyond all reason, and would undoubtedly eventually lead to more properties reverting to the city for unpaid taxes.

With a view to further economy in School expenditure, the matter of maintaining Domestic Science, Manual Training and Commercial classes has been the subject of considerable criticism, and under existing conditions it would appear to be advisable to close them down either temporarily or permanently. They are not indispensable, and their cost is not compensated by practical efficiency on the part of the pupils. If shut down a saving would thereby be effected of approximately \$11,000 per annum.

It is worth noting in this connection that recent advices from Victoria state that the Government have agreed to give municipal councils power to discontinue such educational frills as the foregoing classes.

At present the majority of the School Trustees is averse to any reduction in its estimates. In this it is supported by the Teachers and other employees. The whole matter can be settled by a reasonable compromise, and the sooner public opinion is brought to bear on it the better.

The crux of the matter is simply that the City foresees that it cannot afford to pay the existing rate of salaries. Until the School estimates are revised the City Council

cannot fix its tax rate for 1932, and unless these estimates are considerably reduced, the taxation of improvements will be unavoidable.

Your faithfully,
GEORGE RORIE

T-BONE STEAKS

Editor, Daily News:—

I beg that you will allow me a little of your valuable space to comment on an item which appeared on the front page of Saturday's issue of your contemporary.

This item dealt with the visit of a local lady to a butcher's store where, she informs us, she bought a leg of lamb. The lady is evidently a person of some substance for she had, as she further informs, bought a new hat and dress. Naturally so substantial a lady was shocked, nay horrified, to find in the butcher's store a man with a relief ticket buying a t-bone steak. The whole conventions of society are thereby shaken to their foundations. A man on relief has no business eating so succulent a food as t-bone.

We cannot concur with this good lady. Even at the risk of causing her further pain we must differ with her implied statement that this man's insistence on having t-bone was a most immoral proceeding. We are peculiarly in a position to appreciate the abstruse mental processes of this relief ticket holder. We realize that he probably had denied himself for days, perhaps weeks, consoling himself as he chewed on the humble and leathery clam that, one red-letter day, he would have a t-bone steak!

We contend that, extraordinary as it may seem to the correspondent of the eminent Evening Empire, all men, whether unemployed or employed are perfectly entitled to t-bone steaks or even caviar or pate-de-fol-gras if they have aesthetic leanings that way.

We protest against this lady's narrow, and shall we say bigoted, attitude toward her less fortunate fellow-mortals. We must think that so discerning a lady also reads the Daily News as well as the erudite Empire. We trust that when next she has remarks regarding the worthless unemployed worthy of inclusion in the columns of the Evening Empire she will season them with mercy and understanding.

SECRETARY,
Prince Rupert Local, Canadian Labor Defence League.

ANNOUNCEMENT

Jasper Wildfire Coal is now the hottest in the domestic field. Government analysis shows it to be the highest in B.T.U.'s and less ash. It starts quick and lasts longer. Furthermore, for your benefit don't think for one minute because our coal is lower in price that we are giving you a cheaper grade as other coal dealers may state to you.

Your next order "Jasper Wildfire," egg or lump. Note our adv. for cash prices and save your dollars. (tf) Hyde Transfer—Phone 580

YOUNG MAN'S HEADACHES HAVE DISAPPEARED

Recently a young man suffering from severe headaches, which he thought were from his eyes, called on Geo. F. Davey, Registered Optometrist in charge of the Optical Dept. of Max Heilbronner, Jeweler.

A thorough examination showed that he was right as the trouble was a very aggravating case of astigmatism. The proper glasses were made especially to correct the error in refraction and the headaches left almost immediately.

PHAR LAP WON RACE

New Zealand Wonder Horse Winner of Agua Caliente Handicap, West's Premier Race

AGUA CALIENTE, March 21.—Phar Lap, the New Zealand horse, which had been quoted as the favorite, won the \$50,000 Agua Caliente Handicap, the West's premier horse race, here yesterday.

Reveille Boy was second and Scimitar third in a field of ten. Spanish Play and Cabezo, also favored horses, were unplaced.

Phar Lap broke the track record for the mile and a quarter course by covering the distance in two minutes and two and four-fifths seconds. He was easily the master of the entire field.

Reveille Boy finished second two lengths behind Phar Lap after a backfield rush which took him from seventh position.

Final Remaining Games Tuesday Will Not Affect Standings in National Hockey League

NEW YORK, March 21.—Play-off positions in the National Hockey League were cinched as a result of week-end play and the last remaining scheduled games set for Tuesday cannot change the general standing.

Montreal Canadiens and New York Rangers have captured first places in the two divisions. Toronto Maple Leafs and Chicago Black Hawks are second place teams while Montreal Maroons and Detroit Falcons, finishing third, also get their play-off chance.

New York Americans and Boston Bruins, finishing last, will not figure in the play-offs.

Week-end scores were as follows:

SATURDAY SCORES
Canadiens 6, Maroons 4.
Chicago 3, Toronto 11.

SUNDAY SCORES
New York Americans 2, New York Rangers 4.
Boston 0, Chicago 1.
Toronto 3, Detroit 2.

BILLIARDS FINISHED

Two Outstanding Junior League Games Were Played Over Week-End

Postponed games cleaning up last week's two Junior League billiard fixtures were played at the end of the week.

In the final game from last Monday night's fixture between League of Nations and Jewelers, Roy Fong won for the League of Nations from Alex Strachan by a score of 200 to 165. The Jewelers, as a result, won the fixture by the narrow margin of 895 to 888.

In the last outstanding game from Thursday night between the Hawks and Empress, Nick Chenoski won for Empress by defeating William Murray 200 to 137. The Empress won the fixture by a close aggregate score of 912 to 903.

The league standing for the second half of the season to date is as follows:

SPORT CHAT

Basketball fans have a real treat in store for them tonight at the Auditorium. The main feature of the evening will be the first of a two-game series between the Panthers and the C. N. R. for the championship of the Senior League. Both teams are playing first class basketball and tonight's game should prove to be a hard-fought match. An exhibition game between the Tuxis and the High School is also billed on tonight's card and also the play-off between the Rovers and the Japanese Association for the Junior championship. An added attraction will be a half-mile roller skating race between Dick Strachan and Earl Batt.

The action of the New South Wales Amateur Athletic Association in deciding to forward the name of J. A. Carlton, the Australian sprint champion, to the Olympic selection committee is causing no little concern to Carlton and his friends. Carlton entered the seminary of the Order of the Sacred Heart a few days ago and before doing so made this statement: "I have quite made up my mind, I will not be going to Melbourne for the Australian championships, nor will I be going to Los Angeles for the Olympic Games. I am studying for the priesthood and my running days are over."

Fanny (Bobby) Rosenfeld, Canadian Olympic track star of four years ago, is now the "bad girl" of Toronto Women's basketball. With Dot Hendrick, a team-mate, Bobby leads the senior city league in penalties. Both have 22 penalties so far this season.

most WOMEN know...

— that if they specify the name Kellogg's when buying corn flakes, they are sure of getting the most popular ready-to-eat cereal in the world . . .

— one of the most economical and convenient foods the market affords . . .

— delicious with milk or cream for breakfast; extra welcome for lunch with fruits or honey; fine for the children's supper or for a wholesome bedtime snack for grown-ups . . .

— easy to digest. Always ready to serve. No trouble. No work . . .

— with a wonder flavor and crispness that no other corn flakes have ever been able to equal.

Kellogg's Corn Flakes have been imitated time and again — but no other corn flakes are ever "just like Kellogg's." That's why wise buyers specify Kellogg's — in the red-and-green package . . . with the inner-seal waxtite wrapper that keeps the flakes fresh and crisp even after opening. Still another exclusive Kellogg feature.

In Prince Rupert

March 21, 1912

A smoker was held last night in the Empress Theatre in support of William Manson, Conservative candidate in the provincial election. R. A. White was chairman and speakers were Ald. Hamilton Douglas, Mayor S. M. Newton and O. H. Nelson.

The fisheries protection steamer Falcon returned yesterday afternoon from a trip to Bella Coola with J. Charles Halsey on board. Liberals claim that the government vessel was being used for provincial electioneering purposes. Mr. Halsey held a campaign meeting at Bella Coola in support of William Manson.

'Matter' Subject Of Lesson-Sermon Science Church

The subject of the lesson-sermon in Christian Science Society, Prince Rupert, on Sunday was "Matter."

One of the Bible texts included in the lesson-sermon was the following from Proverbs 30:5: "Every word of God is pure; he is a shield unto them that put their trust in him."

The lesson-sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Evil is not power. It is a mockery of strength, which ere long betrays its weakness and falls, never to rise."

At the annual Easter thank-offering meeting held recently by the Abbotsford Auxiliary of Trinity United Church at Abbotsford, Mrs. J. S. Gordon of Vancouver gave an address on "The Ministry of Healing" and showed a miniature model of the new Women's Missionary Society hospital at Burns Lake. The model was most effective, lighted by electricity, and depicted the hospital in a graphic way.

District News

BURNS LAKE

Mr. and Mrs. Fred Saul are expected to arrive soon from Victoria to spend the summer on their land at Decker Lake as is their custom.

With milder weather in prospect, the government ferry on Francois Lake is expected to be in operation again shortly.

The funeral took place here on Tuesday afternoon of last week of Frank Frederick Nordin, well known tie maker of Decker Lake, who died in the Burns Lake Hospital on Sunday from pernicious anaemia. A native of Sweden and 61 years of age, the late Mr. Nordin had resided for ten years in this district, the last eight at Decker Lake. He is survived by nine children, all of whom reside in the Old Country with the exception of one son, Karl Nordin, at Skeena Crossing.

Berent Hougen has erected new buildings on his farm at Bickle to replace those which were destroyed by fire some time ago.

In spite of heavy snows, large herds of Shorthorn cattle have been successfully wintered out during the past season by Bickle & Brunell in the Grassy Plains district.

Mr. and Mrs. P. J. Carroll and daughters, Patricia and Cecile, of Decker Lake were visitors in town last Monday. Mrs. Carroll has just completed a three months' visit at Wistaria with her parents, Mr. and Mrs. W. H. Harrison.

Frank Smith of Francois Lake plans on raising more turkeys during the coming year. He had great success with his birds last year and found a remunerative market at Prince Rupert.

Mr. and Mrs. Lee H. Cooper, who arrived last year from Wyoming to settle in this district, are now renting a large farm at Francois Lake.

"How do they do it?"

Among your friends there's sure to be at least one smart young married couple who are the envy and admiration of all who know them.

With an income that is frankly abbreviated, and with no benevolent Aunts in the offing, they still have a home that is correct and comfortable in all its appointments, a home that is admired and copied by their friends.

"Yes, Jane is a remarkable little manager," will probably be the young husband's proud answer. And there is little doubt about it.

THEY DO IT THIS WAY

Take a look around that home and you will find no end of well known advertised products. For Jane is an efficient little manager. She can't afford to take chances that must only be debited to "Experience." When she buys for her home she must get tried and tested and trusted products which carry an honorable name to guarantee her satisfaction.

You will find that Jane is a consistent reader of the advertisements. Are you?
