## WASHINGTON APPROVES PACIFIC HALIBUT CONVENTION

### Effective Action By Conference Demanded By France-Britain

One Nation Urges Limitation of Armaments and Banning of Certain Instruments of Warfare—Other Would Back League and "Organize Peace"

GENEVA, Feb. 8.—Great Britain and France today submitted their theses to the world disarmament conference. Their methods of approach differed. Great Britain would place a limiting line on armaments, ruling out submarines, poison gas and chemical warfare and reducing the size of capital ships and their guns.

France, in contrast, would "organize peace," backing the covenant of the League of Nations with an international force.

Both nations, however, demanded effective action by the conference.

### SITUATION UNCHANGED

Neither Japanese Nor Chinese Gain as Result of Fighting at Chapei in Shanghai

SHANGHAI, Feb. 8.—Terrific bombardment of Chapei by the Japanese and furious reply by Chinese guns ceased early Tuesday with little apparent change in the position of either side.

Chinese headquarters announced that a machine gun battery had mowed down 500 Japanese in the day's engagement.

### CELEBRATION OF ARMISTICE

Question Being Discussed Whether It Shall Coincide With Thanksgiving

A letter read to the chamber of commerce at its meeting Friday discussed the question of the celebration of Armistice and Thanksgiving Days as follows:

"At the annual convention of the Canadian Chamber of Commerce held in Edmonton and Calgary, Alberta, in 1929, the policy that Thanksgiving Day should be observed apart from Armistice Day was approved, although there was no commitment as to how Remembrance Day should be observed. This year Remembrance Day and Thanksgiving Day were observed separately, each of them being declared a legal holiday.

"It has been brought to our attention by a number of our active member boards and chambers that the observance of both holidays (Continued on Page Two)

### Well Known Local Halibut Boat Dolphin II Total Loss; Burned and Sank Late Saturday Night

Another pre-halibut season casualty for the Prince Rupert fleet occurred about 10 o'clock Saturday night between Stephens Island and Gull Rocks, outside the harbor, when the well known Prince Rupert halibutter Dolphin II, owned and skippered by Capt. Peter Byrne, took fire following an engine backfire and sank in deep water a total loss.

In addition to the boat, itself, all the gear on board was lost. Capt. Byrne and his brother, William Byrne, the only men on board, made a safe getaway and, after rowing all night in a rough sea and through snow and other unpleasant weather conditions, finally made Prince Rupert, a distance of 15 miles, by 7 o'clock yesterday morning.

Throughout the winter Capt. Byrne has been engaged in flat fishing for the local fresh fish market and he had just started back to port from his daily trip when the backfire occurred. The Dolphin II was soon a mass of flames and in a comparatively short time burned to the water's edge and sank. Capt. Byrne and his brother stood by in the dory until the destruction was complete.

### P. G. E. DEAL IS NOW ON

Vancouver Sun Says Tolmie Government Has Accepted Offer of Eastern United States Interests

According to the Vancouver Sun of Friday last, the Tolmie cabinet has accepted an offer from Eastern American interests for the purchase of the Pacific Great Eastern Railway. The basic terms, according to the Sun, are a purchase price of \$20,000,000, the undertaking to spend \$55,000,000 in completing the Pacific Great Eastern from North Vancouver to Peace River country and the transfer of natural resources, land, mineral and oil rights, timber limits, coal areas, etc., to the purchasers.

The deal is to be made the basis of an election appeal in May, the Sun declares. The sum of \$500,000 has been tendered by the bidders as a deposit and earnest of good faith, it is declared. The deal will be submitted to a Conservative caucus where the whole plan of action will be outlined, before being presented to the Legislature for ratification.

### WAS M. L. A. FOR YEARS

LONDON, Feb. 8.—William Henry Hayward, former member of the British Columbia Legislature, died here on Sunday. He had been residing in London for several years.

From 1900 to 1904, the late Mr. Hayward represented Esquimalt in the British Columbia Legislature and from 1907 on for several years he was member for Cowichan. He was a Conservative and for a while was deputy speaker of the Legislature.

Born at Dover, Eng., October 23, 1867, Mr. Hayward went as a young man to British Columbia. He engaged in the lumber business and for some time was director of the Island Lumber Co. at Duncan. He was educated in England.

### COURT OF REVISION

Appeals Against Civic Assessments Being Heard Today—Many Revisions Asked

With one of the largest lists of appeals in years awaiting its consideration, court of revision on the civic assessment roll opened sessions this morning in the city council chamber. Mayor Cyril H. Orme is presiding over the court, other members of which are Ald. P. H. Imzey, Ald. J. H. Pillsbury and Ald. W. J. McCutcheon. City Assessor D. J. Matheson and City Solicitor E. F. Jones are in attendance to advise the court.

Principal appellants before the court are M. M. Stephens and G. H. Arnold who, acting under the auspices of the Prince Rupert Ratepayers' Association, have taken a number of appeals before the court on behalf of individual property owners.

Chief ground of appeal in the most cases is over-assessment of land.

At the opening of the session this morning, Thomas Trotter requested to be given separate valuations for his coal wharf and the premises of Edward Lipsett Ltd. on the waterfront lease. The assessor promised to give Mr. Trotter further information on this matter at the next session, pointing out, however, that it was entirely a matter of adjustment between lessor and lessee.

At the suggestion of the assessor, the court reduced the valuation of a house on Ambrose Avenue belonging to William King and Jessie King \$1,500 to \$1,000, the assessment of the lot standing at \$150.

After hearing an appeal from H. Green against assessment of \$570 on Lot 14, Block 9, Section 5, the court decided to go over the entire list of appeals before deciding upon reductions in any individual appeals. This, it was felt, would be the more equitable plan of consideration.

The court sat into the noon hour and then adjourned until 2 o'clock. It will sit until 4 o'clock this afternoon.

### International Treaty Measure Is Approved By House Committee

Officials of United States Fisheries Approve Bill—Delegate Wickersham Wants Trials of Vessels to Be Held in Alaska

WASHINGTON, Feb. 8.—Hearings opened before the House fisheries committee today on the bill to put into effect the United States-Canada convention of May 9, 1930, making November 1 to February 15 a close season on halibut fishing in the North Pacific Ocean. Following the hearings the bill was approved by the committee. Charles

M. Barnes, chief of the treaty division of the state department, explained that a United States patrol, under the agreement, could search and seize a Canadian vessel violating the law but must turn the crew over to the Canadian government for trial. Canadian patrols might do similarly with American vessels.

Henry O'Malley, Commissioner of Fisheries, said that the industry was "in a serious situation."

Delegate Wickersham of Alaska protested that, under the Act, vessels caught in Alaska might be taken to San Diego for trial. He asked amendment to permit trial in Alaskan courts.

### TAX BEING PROTESTED

Graham Island Timber Co. Ltd Loses in Appeal Against Levy by Provincial Assessor

W. M. S. Dixon, judge of the court of revision in Vancouver, has dismissed an appeal made by the Grand Island Timber Co. Ltd. against an assessment made by C. R. Brown, provincial assessor in Vancouver, as a result of which the appellant company was obligated to pay \$18,000 in income tax in connection with the sale of Graham Island timber to the Powell River Co. When the Graham Island Timber Co. took the timber in question over nine years ago, it paid \$575,000 of which \$275,000 was in cash and the balance in shares. Three years later sale was made to the Powell River Co. for \$540,000. The government disregarded the \$300,000 fully paid shares and computed the Graham Island Timber Co.'s profit, after allowing the firm carrying charges, at \$183,000, the tax on this amounting to roughly \$18,000. Appellant claimed that the \$300,000 was part of the cost and that, on this basis, there was no profit. This contention was not agreed with by the judge of the court of revision.

It is understood that the case will be carried to the Court of Appeal.

### CUT DOWN RIDINGS

Redistribution of Provincial Seats Is Discussed by Vancouver Sun

The Government's redistribution program with regard to Northern B.C. is understood to have been fairly well decided upon and is not likely to be the theme of much discussion in caucus, since only one northern seat has a Conservative member, says the Vancouver Sun.

Prince Rupert is to be greatly enlarged, so as to include the Portland Canal communities of Stewart, Anyox and Alice Arm, which now constitute the chief population centres of Atlin. The coastal portion of Skeena lying to the south of Prince Rupert is also to be thrown into the constituency represented by T. D. Pattullo, the opposition leader.

Merger in North The northern part of Atlin and the western part of Omineca will be attached to the present Skeena riding, while the remainder of Omineca will be divided between Prince George and Peace River.

The prime object of this arrangement is to decrease the representation from the north, which has consistently elected Liberal members.

The Liberals will probably fight this change vigorously, Mr. Pattullo in particular being the victim of an arrangement that gives him an exceedingly difficult territory for campaigning with his additional responsibilities as leader. His constituency already includes the inaccessible Queen Charlotte Islands.

There will be no objection to Peace River getting a member of its own. This will merely be the fulfilment of a pledge made by the late Liberal Government that this step would be taken at the next redistribution.

**DUTY TO FIND WORK**

In a speech at Calgary before the election when he was returned to power, Rt. Hon. R. B. Bennett stated that his duty was to provide work for the men who were idle. He also stated that he would not be a party to the dole system. And yet for two years we have had the dole system in British Columbia to which the Prime Minister of Canada is a party and to which the federal administration contributes.

Even before the present financial condition arose, the men asked for work and they were given the dole. True, some work was provided through co-operation with the province and the cities to give work to the married men who were out of employment, but beyond that the men have been given a minimum living allowance, better known elsewhere as a dole, except for the men who are in the camps and who have been provided with free board only.

After this long wait there is a suggestion that work may commence on the highway but no authoritative announcement has been made. There are still a few weeks of winter and it is to be hoped the governments of the province and Dominion will come to terms to provide work for the men there, at any rate. The camp is there, the tools are there and the men are there. What we ask is that all shall be utilized.

**SEEMS LIKE WAR**

Reports received in regard to the activities at Shanghai and in other parts of China indicate that a real war may have started. Many people have already been killed and others wounded and much property has been destroyed. The interesting feature of the fighting has been the fact that China has been able to hold the Japanese in check at Chapei for so long.

Very little seems to have been heard from the Chinese as to what action, if any, is being taken throughout the country to counteract the Japanese activities.

Undoubtedly the whole country must be aroused but where there are no news services little news gets out.

Annual Meeting of the Omineca Branch Held Last Week

SMITHERS, Feb. 8.—The annual general meeting of the Omineca Branch, British Columbia Chamber of Mines, was held in the form of a dinner at the Bulkley Hotel, Smithers, last Thursday evening. There was a good attendance, the dinner was one of the best if not the best ever served at a public function in Smithers, and the program went off very well.

Douglas Lay, resident mining engineer, came from Hazelton to be the principal guest and speaker and gave a very interesting review of mining and the present outlook for the industry generally and for Omineca mining division in particular. He also expressed the regrets of Dr. H. C. Wrinch M.L.A., at being unable to be present. A very hearty vote of thanks was accorded Mr. Lay.

Among others present who gave interesting contributions to the program of speeches were Gold Commissioner H. B. Campbell, Chas. E. Morris, president of the Smithers District Chamber of Commerce, L. B. Warner, John McKenzie, Wm. S. Henry and Dr. R. C. Bamford.

In the election of officers for 1932 all the officers of the past year were re-elected by acclamation as follows:

- Honorary President—Honorable W. A. McKenzie, Minister of Mines.
- Honorary Vice-Presidents—H. C. Wrinch M.L.A. for Skeena, and Olof Hanson, M.P. for Skeena.
- President—James Wright.

**THE PLEBISCITE**

Editor, Daily News:— In a few days we will be called upon as citizens to say which we desire—a police force appointed and governed by local commissioners or provincial police.

A fallacious argument in favor of a force under local commissioners has been advanced, to the effect that, in the interests of true democracy, we should have the power locally to hire and discharge our police.

In their administration of law and order, we are proud of our courts of justice. We believe that the British Islands, after which our system is fashioned, lead the world in the administration of justice.

The strong point in our administration of justice is in the fact that our magistrates and judges are under no obligation to the community they serve for their appointment. As a consequence, they are in a position to administer justice without fear or favor.

If this be true of our judges and magistrates, why not our police officers, who are inseparably part and parcel of our system for the enforcement of law and order?

Who among us desires a force over which they can crack the whip? Let us observe them and judge the motive.

We desire no police boss in our small community. It is a retrograde step. The advance is all in the opposite direction.

A public meeting should be held to give publicity to this question. Otherwise, a small interested coterie may have their wishes in this important matter.

It is to be hoped a representative vote will be polled.

CITIZEN.

takes place so close together that it involves much loss to industry from the closing of plants at mid-week, etc. and to the workmen engaged therein. The tendency under these circumstances is that both capital and labor frequently resent taking a second holiday in the late fall, which attitude does not contribute to the proper spirit of observance which we associate with Remembrance Day. It has also come to our attention that in the larger cities at least the majority of the wholesale and retail firms did not close their places of business on Remembrance Day, and a great deal of confusion was experienced, due to this partial observance. It is claimed, too, that a celebration of a holiday as such, in many cases, provides for indulgence in sports and pleasures and a few years of this treatment of Remembrance Day would result in the public in general forgetting the momentous event it is intended to commemorate. The thought has been expressed that the proper observance of two minutes silence on November 11 is a much more impressive and appropriate ceremony.

"On the other hand, however, the observance of a legal holiday has been supported by many organizations included in which are those of organized returned men. These organizations are of the opinion that such a momentous day should require the cessation of industrial, commercial and financial activities. This cessation permits of an opportunity for military organizations the better to parade and to conduct appropriate ceremonies at cenotaphs, etc.

"In order that the chamber may voice the opinions of its member boards and chambers on this question, I should appreciate it very much if you would send me the reaction of your own organization as reflected by the business interests in your community on the observance of Remembrance Day."

**SPORT CHAT**

Jimmy McLarnin's chances for a hot at the world welterweight championship more than likely went by the board when Jackie Fields, Los Angeles, won a ten-round decision from Lou Brouillard, the French-Canadian battler. McLarnin and Brouillard had been signed for a championship scrap in Boston this month, but that battle is off now that Lou has dropped his crown to the clever Californian, who held it previously, losing it to Youngs Jack Thompson.

McLarnin has met Fields and defeated him decisively, and it is not likely that Jackie will risk his crown against such a slugging opponent as the Vancouver welterweight. Fields got a lucky break, in that he was the first to get a title shot at Brouillard since his winning from Thompson. It was considered an "accident" by experts that Brouillard, a mere youngster of the ring as far as experience goes, was ever able to beat Thompson. The welterweight title has done a lot of moving around in the last few years. First it was held by Fields, lost to Thompson, who in turn dropped it to Dundee but regained it in a return bout and then lost it to Brouillard, in the biggest surprise of all.

## NAMES ARE EXPLAINED

### Nomenclature of Many Coastal Points Suggestive of Past History

Names which are found attached to many capes and islands and waterways along the three parallel but deeply indented coasts of British Columbia, from the Straits of Juan de Fuca to Alaska, make the pioneers of British Columbia vaguely familiar with the fact of there having been prior claims and occupations by foreigners, writes Tom MacInnis in the Vancouver Star.

Interspersed with English names are Spanish names and a few Russian ones, while among the Indian names a few stand out clearly as being Mongolian without alteration.

For instance, Tsacha, Uhal-gak, Tsal-Kazan. Other names derived more directly from China, such as Cumshewa, Taku, Tahio, Kum-koh, Jun Tah-cha.

Tsiku, however, is undoubtedly Chiruk in disguise—Alexai Chirikov, who was the gallant captain of one of the ships of Vitus Bering's expedition, commissioned by Czar Peter the Great. Captain Chirikov was the first European on record to have made Sitka.

### Cumshewa Inlet

Cumshewa Inlet is marked on Ingraham's chart, published with his Journal, and covering the years 1791 and 1792, as "Cumshewa's Harbor and Bay"—as if Cumshewa were the name of a ruling chief.

But in Cantonese talk "cum" is gold and "shaw" is sand or dust, and so "cumshaw" has come to mean in China a pinch of gold dust, and is poetic slang for a trifle given in the way of alms, or else a small present given in goodwill after a trade or sale is satisfactorily concluded, or given to induce trade, after the fashion of American merchants who give away free samples of chewing gum and cigarettes.

I have no doubt but what "cumshaw" in this very sense came to our coast in 1785 or 1786, with the Chinese crews on the ships of Hanna and Mears, straight out of Canton.

Yet it is possible that it came many centuries before that. Consider "chikamin!" This was early Chinook for trade-metal—bits of iron or copper, serving as money, as later did silver and gold.

### Bella Bellas

Now the way the Bella Bellas twist and pull a new word into sound to suit themselves, chikamin might have been their final rendering of cumshaw.

I would not lay much on that, of course, but just the same it is curious, and possibly of some significance, that this gold-dusty name of Cumshewa Inlet was interpreted by early Christian missionaries among the Indians of the locality as meaning "Gold-on-bar-of-River." They thought the name originally of the Bella Bella tongue.

But in Cantonese the word "shaw," apart from its root meaning of sand, has widened to mean shore, or a sand-bar in river or harbor. For instance, at Canton, there is in the Pearl River a sand-bar which was set aside as a place for the respected foreigners, as fan-kwei-lo, to dwell. The foreigners, British and French, girded that bar with a high wall of granite, and laid it out with streets and mansions and gardens, so that it now is the beauty spot of Canton and is known as Shameen. The sandy

## GWYER IS PROMOTED

Public Works Engineer Here Being Moved to Peace River Block to Take Charge

Promoted to the highest grade in the department's corps of district engineers, W. K. Gwyer, district engineer here for the past three years for the provincial department of public works, has been advised of his transfer from Prince Rupert to Pouce Coupe where he will assume the duties of public works engineer for the Peace River Block. Accompanied by his wife, Mr. Gwyer will be leaving here about March 7 for Pouce Coupe where he will make his headquarters. The transfer comes under a general departmental reorganization. Mr. Gwyer is now senior district engineer in the province.

During his stay here, Mr. Gwyer has become known as an efficient and popular official of the government. Through his instrumentality much has been accomplished on the Skeena River Highway. Numerous friends and acquaintances will regret his departure.

Mr. Gwyer's successor here will be J. Campbell Brady, who for several years has been district engineer at Prince George. Mr. Brady will be coming here next month to assume his duties.

Imperial Oil Co.'s tanker Albertolite, which has been laid up at Toco since last September, is back in commission and is due here early this week with fuel oil for the company's local tanks. From here the Albertolite will proceed to California to load crude oil for Toco.

## ANNOUNCEMENT

Jasper Wildfire Coal is now the hottest in the domestic field. Government analysis shows it to be the highest in B.T.U.'s and less ash. It starts quick and lasts longer. Furthermore, for your benefit don't think for one minute because our coal is lower in price that we are giving you a cheaper grade as other coal dealers may state to you. Your next order "Jasper Wildfire," egg or lump. Note our adv. for cash prices and save your dollars. (td) Hyde Transfer—Phone 580

## WEAK AND BLOODLESS AT 16

Friends Feared Rose Fanson Was Going into Decline—She Recommends Dr. Williams' Pink Pills to Young Girls.

"When I was about 16 years old, I became very anemic," writes Rose Fanson, Winnipeg, Man. "Of course, I thought I would soon be all right again. So I went on like this for a whole year, when I became very weak and bloodless. So many people were saying I was getting consumption, because I was so pale and sallow. Often when going upstairs, I would almost faint. On the advice of my sister, I began taking Dr. Williams' Pink Pills, and in less than a month I began to feel better. I took the pills steadily

for three months. I felt so good and got such good color that people never passed the remark about consumption any more. I have never needed the pills again, but to girls of sixteen or near that age, or to women who are inclined to be weak or anemic, I most highly recommend Dr. Williams' Pink Pills."

Mrs. A. S. Dennis, Agassiz, B.C., having herself been helped back to health by Dr. Williams' Pink Pills, writes: "My daughter was very much run down when she was 14, and Dr. Williams' Pink Pills gave her new life and strength." Thousands of such pale, languid, anemic girls have been made bright, energetic and healthy by the strengthening and blood-creating qualities of Dr. Williams' Pink Pills. Try them. Available at your druggist's in the new glass container. 50c a package.

# Seldom Are Substitutes Equal In Quality

**I**NSIST UPON BRANDED, trade-marked and advertised merchandise. Do not accept a substitute for what you name. Long experience has shown that goods which are widely and steadily advertised in the newspapers are the ones that are worthy of your faith.

Modern newspaper advertising does you a great service; it permits you to accept without fear goods you have never tested. What others have believed in and accepted you also may buy with confidence.

Advertisers must be, and remain, honest if they want to be successful in business to-day. Their announcements bear their names and signatures. They tell the truth to protect themselves as well as to safeguard you.

A newspaper advertisement is a publicly printed bond between advertising merchants and the buying public. It is the strongest guarantee for goods of honest quality at fair and competitive prices.

Thrifty shoppers will buy advertised goods and refuse to accept any substitutes.

## 'Spirit' Lesson- Sermon Subject Of Scientists

The subject of the lesson-sermon in all Christian Science churches and societies on Sunday was "Spirited Officers for 1932 as follows: it."

Among the Bible texts included in the lesson-sermon was the following from 1 Samuel 3:10: "And the Lord came, and stood, and called as at other times, Samuel, Samuel. Then Samuel answered, Speak, for thy servant heareth."

The lesson-sermon also included the reading of citations from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, one passage being as follows: "To understand that Mind is infinite, not bounded by corporeality, not dependent upon the ear and eye for sound or sight nor upon muscles and bones for locomotion, is a step towards the mind-science by which we discern man's nature and existence."

## Mountie Officer Wanted Outside

Headquarters at Ottawa Send For Inspector Sandys-Wunsch to Leave Liard Post

Royal Canadian Mounted Police headquarters at Ottawa have instructed Inspector T. V. Sandys-Wunsch, officer in charge of the detachment at Liard Post in the wilderness of northeastern British Columbia, to report outside as soon as possible. Radio broadcasting stations in Vancouver have been broadcasting the instructions to this effect in the hope that Inspector Sandys-Wunsch might be listening in. The suggestion is that the inspector would come out from Liard Post by plane and take a steamer from Skagway.

Corp. Thomas Brice, formerly of Prince Rupert, is one of the members of the Liard Post detachment which went in last summer.

## Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.

Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.

Letters should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

## FAREWELL WAS HELD

Lutheran Church Sunshine Mission Society Honors Fishermen

A farewell gathering for the fishermen was held by the Sunshine Mission Society in the St. Paul's Lutheran Church last night. The church was filled to capacity and a most enjoyable evening was spent by all present.

The church had been very beautifully decorated for the occasion and the different items on the program were rendered in the most appropriate way.

The following program was given:

- Hymn, by the congregation.
- Opening Prayer, J. Mastin.
- Vocal trio, Mrs. K. Dybhavn, Mrs. J. Hanson and Miss Lillian Hanson.
- Reading, Mrs. J. Hanson.
- Vocal selections, Mrs. Mastin.
- Address, Jack Selvig.
- Vocal trio, Mrs. Johanson, Mrs. Luth and Mrs. A. Dybhavn.
- Song, Miss Hazel Mastin.
- Organ solo, Mr. Enge.
- Vocal selections, Varden Singers.

After the program a delicious lunch was served by the ladies of the Mission Society, assisted by several members of the congregation.

Those in charge of the kitchen were Mrs. J. Hanson, Mrs. Lindlund and Mrs. E. Skog.

The president of the Mission Society, Mrs. Karl Dybhavn, acted as chairman, and brought the meeting to its conclusion by leading the congregation in God's Prayer.

A hearty vote of thanks was extended to the ladies of the Mission Society as well as to all those taking part in the program and assisting with the lunch, by the vice-president of the church council, I. Fennes.

The city council last night adopted a recommendation of the board of works that the office of superintendent of public works be abolished. A resolution was passed declaring that Superintendent of Works had been an efficient and faithful servant to the city in that capacity.

J. Coovert is a visitor in the city on his way to the Queen Charlotte Islands where he will investigate the possibility of merging all oil claims into one enterprise with single control.

## Gives Savings To Help Poor

"Here you are, chief—take the works." Six-year-old Merrill Chaffee of Derndale, Mich., gives the 500 pennies he had saved up for a pair of roller skates to Fire Chief Post, head of local charity workers, to buy presents for poor kids in his neighborhood.

## NORTHERN B. C. NEWS

### PRINCE GEORGE

An inquest was held last week by Coroner Dr. H. S. Trefry into the sudden death in the government relief camp near Newlands of Harry Douglas who complained of indigestion upon rising one morning and in the afternoon was found dead in his bunk.

The city council has decided unanimously to cut salaries of all municipal employees here by ten per cent. The cut will not affect W. G. Fraser, city clerk, who was engaged recently at \$75 per month less than his predecessor, and day laborers, who will continue to receive 50c per hour.

Frank Lietner and Frank Reichl of Snowshoe were found guilty by Judge H. A. Robertson in County Court here on charges of receiving relief when possessing funds of their own and were sentenced to the time they had already spent in jail. Also charged with obtaining relief fraudulently, August Charles Kipp of Newlands was sentenced to three months' imprisonment.

The British Columbia championship ski tournament was held here on Thursday and Friday of last week and was favored with weather that was just right for the sports. There was a splendid program of events in all of which keen interest was taken. There were participants from many parts of the province.

Reginald L'Estrange was brought in last Wednesday from Tete Jaune Cache to serve terms aggregating 70 days for violation of the Game Act. He was convicted of having game in his possession during the close season, killing game out of season and hunting without a licence.

The Giscome Women's Institute has elected officers for the ensuing year as follows: president, Mrs. A. H. Harvey, vice-president, Mrs. N. V. Hein; secretary, Mrs. A. N. Henry; treasurer, Mrs. E. V. Soles; executive—Mesames Harvey, McLeod, Brown, Church and Hein.

Members of the rink skipped by C. C. Wright carried off honors in the local bonspiel last week by defeating the rink of J. C. Pidgeon 13 to 5 in the final for the Robertson Cup. Seven rinks competed.

The Burns Lake District Board of Trade has passed a resolution for submission to the provincial government protesting at any move to change the boundaries of Omineca electoral riding and urging that the boundaries be allowed to remain as they are at present.

Four officers and 16 members of the Omineca Ski Club, led by Miss Jean Linton, second vice-president, visited Prince George last week to attend the British Columbia championship ski meeting which was held there.

Miss Ruth Miller R.N., who was formerly on the staff of the Burns Lake Hospital, has returned here to resume duties at the institution.

The new board of St. Paul's United Church here for the ensuing year consists of H. Linton, M. F. Nourse, Phillip Brunell, A. R. Brown, J. Berg, C. R. MacLeod, Dr. T. C. Holmes, Mrs. H. D. MacNeil (representing the Ladies' Aid), Mrs. Fletcher (representing the Sunday School), Mrs. Fleming (representing the Canadian Girls in Training) and Nohr Hauer (representing the Young People's Society).

## CONCERT ENJOYED

The Moose Legion Band and assisting artists staged another highly delightful Sunday concert last evening. The audience practically filled the spacious Moose Hall and was very appreciative of the program.

The Moose Legion Band, under the direction of Robert Greenfield, was excellent in a diversified program which included the march "Palatinus," serenade "Midsummer Eve," humorous march "Jolly Coppersmith," waltz "Waves of the Danube," descriptive selection "Hunting Scene" and march "American Belle." Numerous encores were demanded.

The new band is showing exceptional promise. One notices a well balanced musical tone being obtained in the soft and louder passages which is so essential to a fine band. Also fine precision is noticeable.

Assisting artists were Mrs. C. E. Cullin and Mrs. A. G. Webber in vocal solos, Bert Cameron in violin solos, pupils of Miss Nellie Lawrence in orchestral selections and Bert Cameron's guitar and violin orchestra in instrumental selections. Mrs. C. E. Cullin and Mrs. J. S. Black were accompanists.
