TIME TO DEMAND REA-SONABLE RATE ON CARS

Rupert and Hazelton is \$40. This is a prohibitive rate. It has no value to the railway company because people with cars do not ship them. It simply cuts Prince Rupert off from the rest of the country and prevents the ingress and egress of tourists.

Smithers has recently stirred up this question and is being backed by the Prince Rupert Chamber of Commerce with a view to encouraging tourist traffic to this city.

It is pointed out that not only is the rate excessive but the fact that cars cannot be shipped on the passenger trains militates against their being sent at all.

The argument against a low rate is that the amount of business is so small that it does not warrant any reduction and it does not pay to provide special facilities.

Now let us look at it the other way. If a rate of \$15 were given on all passenger trains to and from Prince Rupert, tourists would be encouraged to come here and also to visit the wonderful valleys between here and Prince George. Not only would the railway benefit but the whole country would benefit and this would cause improved conditions everywhere in the north which would again redound to the benefit of the railway company.

Another argument in favor of carrying the cars at a reasonable rate is that for every car shipped there would be one, two or sometimes half a dozen passengers carried at the same time. Surely it would pay the railway company to make a concession on the cars in order to carry the extra passengers.

Again, Prince Rupert people would often like to visit the interior and take their cars along. Today they cannot do so. With a S15 rate they might do so to the SALLY AT interior financially and to the benefit physically, morally and spiritually of the local people.

We believe that if a united demand were made from all points interested-a real demand that

to Hazelton and \$10 to Terrace will satisfy the people either of Prince Rupert or of interior points.

Judging from the present rate of progress it will be many years before it will be possible to drive to interior points. The only present hope the people have for better communication is from a low railway rate on cars. This might be made profitable for the railway and beneficial to the country.

Peace-Makers For Contending Forces Get Together Again Today in Promising Atmosphere—Only Minor Fighting

SHANGHAI, March 7:-The Japanese authorities declared today that their troops would be withdrawn from Shanghai as soon as it was certain that the Chinese army would not again enter the twelve and a half mile zone. The offer brought Chinese and Japanese peace-makers together again in a hopeful atmosphere. There was some minor fighting over the week-end but it was of a rather desultory nature and the city itself was quiet.

Great American Musical Figure In Harness Until Very End-Prolific Composer

READING, Penn., March 7-John Philip Sousa, famous bandmaster and the American "March King," died here Saturday night from heart failure. He was 78 years of age and had been active until the

Mr. Sousa will be buried beside his father and mother in Washington, D.C. The funeral will probably take place on Thursday.

A widow, two daughters and one son survive the famous bandmas-

A career of more than 50 years before the public, during which he composed more than 300 works and had directed his famous band in all the principal cities of the world, made John Philip Sousa one of the most widely known of contemporary American musicians. Although an accomplished musician early in his teens, it was his work as director of the United States Marine Corps Band that served as the stepping stone to a position of prominence in the musical world.

Sousa became a member of the Marine Corps band when only 13 years of age through a scheme hatched by his father, a member of the band, to thwart the boy's plans to run away with a circus band. The father had him enlisted as an apprentice.

After about two years, however, Sousa left the Marine Band to strike out for himself and put in several years conducting theatrical and other orchestras and giving violin lessons. His first engagement of importance was in 1877 when, as first violinist, he toured the country fenbach, composer of "The Tales

One month before his twentyfifth birthday, Sousa returned to the Marine Band as conductor and remained with the organization 12 years. (Continued from Page 1)

which the public was most interested. His musical library was one of the most complete in the world.

Acceding to the wishes of his audiences. Sousa was one of the first famous bandmasters to introduce popular music as encore numbers 10c at his concerts. He always believed that if a melody had merit it was worth dressing up sufficiently to be made part of a 'concert program forts along those lines. In recent 1.40 years his programs included a fantasie of jazz, made up of half a dozen first class jazz compositions. The approval expressed by the audiences, he said, vindicated his judgment in doing that.

It would be difficult to say whether Sousa won greater fame as a Company of Canada, Limited, Monday, Mch. 7, 1932 bandmaster or as a composer. In since January 1, 1931, has been the latter role he was prolific and seemed always to have a new thought and melody. His music is of the stirring kind with a martial

MECHANIC CANNOT

Out-of-town mechanic who, three years ago, was suffering from severe headaches caused by very bad astigmatism, was fitted with glasses by Geo. F. Davey, Reg. Optometrist in charge of the Optical Dept. of Max Heilbroner, Jeweler. Nothing more was heard from the case until recently, his glasses got broken and came in for repairs, asking for a rush job as he could not work without them.

We like to know that our glasses are giving good service but isn't it reasonable that we suggest, people who depend so much on their glasses should have an extra pair.

How about you?

Your Colds doubly dangerous

CCATTERED cases of "flu" are reported in many sections of the Dominion. Coming in the season when pneumonia takes its heaviest toll, this makes colds—so prevalent here now-doubly dangerous. For, so often, colds pull down body resistance and pave the way for "flu" and pneumonia.

DON'T WAIT FOR A COLD TO DEVELOP. At the first sign of stuffiness or irritation in the nose or throat, snuff some Vicks VapoRub up the nose. Repeat as needed during the day. This will often check a cold at the start.

IF A COLD HAS DEVELOPED, don't neglect it. At bed-time, rub the throat and chest vigorously with Vicks, spread on thick and cover with warm flannel. If the head is clogged with mucus or there is much coughing, melt a spoonful of Vicks in boiling water and inhale the steaming medicated vapors.

> (If possible, rest in bed until the cold is broken. This helps to maintain body resistance and to throw off the cold more quick-

ORGANIZE

Canadian National Recreation Association Planning Orme Competition

The Canadian National Recreation Recreation Association is starting to consider the line-up of teams for the Orme Rifle Shooting Cup League. From observation of available material at present there is a possibility of entries from the Dry Dock, Station, R.C.N.V.R., and the fraternal C. N. Officers which has held the trophy for one year. Two teams from the R.C.N.V.R. would be welcomed again this year.

The Orme Cup League matches are, so far, anticipated for one match in February and two each in March and April, but details of the schedule will be given as soon as the competing teams are known and the preliminary arrangements

FIRST GAME OF SEASON

Seattle and Oakland Played Saturday at Santa Cruz-Indians to Meet Tigers

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.

Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.

Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

The Daily News

The paper that Northern and Central British Columbia people look to to keep them informed on world news and the problems peculiar to the north.

The Only A. B. C. paper north of Vancouver and west of Edmonton.

The Daily News goes into all the-

TOWNS AND VILLAGES MINING CAMPS LUMBER CAMPS PAPER MILLS FARMING CENTRES FISHING CAMPS

It is the paper that is read by the fishermen, miners, workers and operators throughout a district twice as large as the three Maritime Provinces of the east.

When a person wishes a message to go to the people of Northern and Central British Columbia there is only one way of sending it, and that is through the columns of the Daily News.

The future is full of hope. The Daily News is making plans to keep pace with the progress of the country. No one can afford to be without it.

The cost is small.

The subject of the lesson-sermon in Christian Science Seciety, Prince

Rupert, on Sunday was "Man." One of the Bible texts included in the lesson-sermon was the following from Genesis 1: 26, 27: "And God said. Let us make man in our them have dominion over the fish thing that creepeth upon the earth. night at 10 o'clock to Vancouver. So God created man in his own image, in the image of God created he him; male and female created he them."

The lesson-sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: 'Man reflects infinite Truth, Life, and Love. The nature of man, thus understood, includes all that is implied by the terms 'image' and 'likeness' as used in Scripture."

ANNIVERSARY CELEBRATED

Surprise Party Staged Saturday Night For Mr. and Mrs. W. D. Vance, Fourth Avenue

The evening was pleasantly spent in playing bridge, the prize winners at five tables being: ladies' first. Mrs. J. P. McMillan; consolation, Mrs. C. H. Elkins; men's first, R. E. a high price for fine clothes when

Benson; consolation, J. J. Little. by the uninvited guests were served fine all-wool fabrics and the feature of the evening's for only proceedings was the making of a presentation of a handsome gift of china to the popular bride and groom of twenty years ago. The presentation was made on behalf of the guests assembled by James H. Thompson, both Mr. and Mrs. Vance responding suitably to the honor which had been done them.

"How do they do it?"

Among your friends there's sure to be at least one smart young married couple who are the envy and admiration of all who know them.

With an income that is frankly abbreviated, and with no benevolent Aunts in the offing, they still have a home that is correct and comfortable in all its appointments, a home that is admired and copied by their friends.

"Yes, Jane is a remarkable little manager," will probably be the young husband's proud answer. And there is little doubt about it.

THEY DO IT THIS WAY

Take a look around that home and you will find no end of well known advertised products. For Jane is an efficient little manager. She can't afford to take chances that must only be debited to "Experience." When she buys for her home she must get tried and tested and trusted products which carry an honorable name to guarantee her satisfaction.

You will find that Jane is a consistent reader of the advertise. ments. Are you?
