"I use Magic Baking Powder," says Miss Lillian Loughton, Dietitian and Cookery Expert of the Canadian Magazine. "My suc-

Magic, and I recommend it for all recipes calling for baking powder."

Miss Loughton's high praise confirms the judgment of other Canadian dietitians and cookery experts. The majority of them use Magic exclusively, because it gives consistently better baking results.

Magic is first choice of Canadian housewives, too. It outsells all other baking powders combined!
