WILL MEET COMMITTEE

City Council to Comply With Request Emanating From Mass Meeting on Monday

The city council, at a special meeting last night, agreed to furnish detailed information regarding estimates, salaries and all other city finances to a committee appointed following a mass meeting of ratepayers on Monday night. A conference with this committee is tentatively set for Wednesday night of next week.

The council will convene in committee of the whole tomorrow night to further consider the estimates for the year. The regular fortnightly meeting of the council will be held on Monday night of next week but it is hardly expected the rate bylaw will be ready for presentation then.

SQUIRES FINALLY RESCUED BY CLERGYMEN AFTER SIEGE OF PARLIAMENT BUILDINGS — WINDOWS AND DOORS SMASHED — GOVERNMENT TO QUIT

Clergymen Finally Appeased Mob

ST. JOHN'S, Nfld., April 6:—Early last night the government's resignation impended and Premier Squires, guarded by detachments of police, was sheltering in the House of Assembly while a mob waited at its doors. Several police officers were injured by stones and various persons by police batons when entrance of a citizens' deputation was delayed. Later in the afternoon, windows and doors in the building were smashed.

Premier Squires was rescued later in the night after having been besieged for several hours in the House during and after his resignation with his government. The Premier was taken to a private residence nearby. A volunteer rescue party was headed by Rev. W. A. Godfrey, Rev. G. Johnson and Rev. Father Pippy.

The infuriated crowd recognized the Premier and demanded that he be turned over to them. They threatened to throw him into the harbor. Influence of clergymen was used to induce the dispersal of the mob. Shortly after 8 o'clock, however, crowds still congregated in the government grounds with the beleaguered policemen still inside the building. Two constables and two injured civilians were taken to hospital.

Pickets of war veterans, augmenting the municipal police force, this morning patrolled the streets where riots flared yesterday. No further disturbances were reported and business was carried on as usual. Merchants, apparently, did not fear the demonstrators whose only grievance appeared to be against the government.

Government's Resignation Is Being Expected Hourly

Excitement reigned, however, as word was awaited of the fate of Premier Squires' government. When the Prime Minister was rescued from the colonial building last night, after having been bottled up with a detachment of police for several hours, his resignation was expected hourly. At 11 o'clock this morning it had not been received but it was reported that Sir William Coaker, minister without portfolio, would advise the governor, Sir John Middleton, to ask for it.

It was reported that Coaker's plans were for a national government with F. C. Alderdice, Opposition leader, as Prime Minister.

Last night's disturbances followed dissension within the government which resulted in several resignations and charges being brought against Premier Squires that he had falsified the minutes of the executive council in order to manipulate public funds.

Zapora Paying Visit To Port For Stores

The local halibut boat Zapora, Capt. Lars Voge, which is under charter to the International Fisheries Commission for research work in Queen Charlotte Island and other local waters, arrived in port last night for stores. Harry Dunlop is scientist in charge of the work being done from the Zapora for the commission. J. L. Kask, another member of the scientific staff, is joining the vessel here.

CLOSING ON SATURDAYS

Retail Merchants' Association Decides in Favor of Stopping Business at 6 P.M.

With only four dissenting out of some thirty or so members present, the Prince Rupert Retail Merchants' Association, at a dinner meeting last night in the Boston Cafe, decided in favor of closing stores at 6 o'clock Saturday evenings instead of remaining open until 10 p.m. which is the present practice.

A petition to this effect will be presented to the city council at its meeting next Monday evening, requesting amendment of the Early Closing Bylaw along these lines. A few more names are to be put on the petition before it is presented.

There was a full discussion of the question before the vote was taken. John Bulger, president of the association, was in the chair.

SHENTON IS CANDIDATE

T. J. Shenton, retiring inspector of mines for this district, made the announcement in Stewart a few days ago that, as a result of pressure brought to bear upon him at Anyox, Premier and Stewart, he has decided to run as a labor candidate for Atlin riding in the next provincial election. Mr. Shenton expressed himself as being confident of election and pledged himself to do his utmost for the development of the district.

Hon. Edgar Rhodes in First Budget Reveals Canada Finance Stand

Reports Balanced Budget Although Revenue Considerably Lower Than Expenditure—National Debt Increased By \$119,500,000

OTTAWA, April 6:—Canada's increase in debt for the fiscal year just ended is \$119,500,000. Of this total only \$51,000,000 arises from excess of ordinary expenditure over ordinary revenue. Special expenditures included \$49,000,000 for unemployment relief and wheat bonus of \$55,000,000.

TAXES ARE INCREASED

Sales Tax Up From Four to Six Percent, Hon. Edgar N. Rhodes Announces Today

More on Checks

Exemptions on Incomes Are Lowered—Number of Other Imposts Are Imposed

OTTAWA, April 6:—To balance the budget by increasing revenue by \$55,000,000, Hon. Edgar N. Rhodes, finance minister, in his first budget speech today, announced the following tax changes:

Sales tax increased from four to six percent. A limited number of articles not primary products and now exempt are made subject to sales tax. Sales tax changes are effective April 7.

Excise tax on all goods imported into Canada increased by two percent. The new rate is three percent. Income taxes—personal exemption in income taxes is reduced for those with dependents from \$3000 to \$2400 and those without dependents from \$1500 to \$1200.

Twenty percent reduction now allowed from tax payable under established schedule of rates is discontinued. In addition, five percent surcharge on amount of tax payable is to be imposed on all taxpayers, personal and corporate, with net incomes of \$5000 or more. The corporate rate is increased to eleven percent. Provisions relating to family corporations will be repealed. Income tax changes will apply to taxes on 1931 income.

Check Taxes

Check taxes—on checks and money orders of over \$5 and on promissory notes, bills of exchange, etc. the rate is increased from 2c to 3c on amounts up to \$100 and six cents for over \$100.

A five cent tax is placed on telegrams, cables and radio messages and long distance calls.

On railway sleeping car berth tickets the tax will be ten percent. These special taxes on checks, tickets and messages will become effective May 2.

In view of the Imperial economic conference to be held this summer in Ottawa no change is made in customs tariff except on one item regarding parts for farm implements.

WEATHER REPORT

Langara—Overcast, strong easterly wind, choppy sea.
Triple Island—Cloudy, strong easterly wind, moderate sea.

These were highlights of the budget delivered today by Hon. E. N. Rhodes, minister of finance. Ordinary revenues totalled \$327,000,000 and ordinary expenditures, \$378,000,000. The finance minister predicted that Canada will balance her budget and meet all obligations. It was Mr. Rhodes' first budget.

MORE FUNDS FOR RELIEF

British Columbia Government Receives Half Million Dollars From Ottawa

VICTORIA, April 6:—The British Columbia government received \$500,000 yesterday from Ottawa for unemployment relief and, of this, \$275,000 is being distributed at once to municipalities whose vouchers have been approved by the Dominion.

Drugless Healers Under Discussion

Control of Practitioners Urged By Manson—Licence Those Who Are Qualified

VICTORIA, April 6:—A. M. Manson K.C., Liberal member for Omineca, urged in the Legislature last week that competent drugless healers be sorted out and allowed to practice under the Medical Act. There were many, however, who had no right to practice at all and undoubtedly some of them had done things which had cost human lives.

Mining Recorder's Officer at Copper City Asked About

Answering questions by Thomas King, Liberal member for Columbia, Hon. W. A. McKenzie, minister of mines, stated in the Legislature recently that the office of the deputy mining recorder at Copper City had been closed as from August 23, 1930. Business of the office was now being handled at Terrace and U.S.

MONTREAL ELECTION

Some people will see in the election of Hon. Fernand Rinfret as mayor of Montreal and a majority of his supporters as aldermen a change in the political complexion of Canada's largest city and an indication of a political swing toward Liberalism in Quebec province. The probability is, however, that the election has only a local significance, although you never can tell. At any rate Rinfret obtained a majority of more than 12,000 over Camilien Houde, former Conservative leader in the province, and Rinfret was formerly a member of the Mackenzie King administration.

TROUBLE IN NEWFOUNDLAND

These are days when people are apt to go around with chips on their shoulders and it takes very little to rouse them to action. In Newfoundland, according to dispatches received here, they are having an example of mob government and the Squires administration has resigned. The fact that Mr. Squires was in danger from the mob is an indication that all is not right in the island colony, which is our closest British neighbor. Possibly this outbreak may be influential in bringing the colony and Canada closer together, and eventually may lead to political union.

STRANGE ARE THE WAYS

The editor of one of the most interesting bulletins published has this to say:
"Strange are the ways of a government by the people, for the people and in spite of the people. The British government's fiscal year ends on March 31, and it has its figures out and ready for submission by April 1. Ottawa expects to have the Dominion figures ready by April 30, but our provincial government apparently has no idea yet when it can submit its figures for the year ended March 31, 1931. We have often discussed the idea of a city manager, but a distinctly more crying necessity is for a provincial manager. I ask you what business house would stand for a moment for its accounting department not having its books balanced and its financial statements ready until 12 or 15 months after its fiscal year ended? Party government has got to be discarded sooner or later, and in the case of B.C., the sooner the better."

ACID stomach

EXCESS acid is the common cause of indigestion. It results in pain and sourness about two hours after eating. It is responsible for most of the everyday ailments that people suffer; sick headache, sluggishness, nausea, biliousness, gas on the stomach, etc. The quick corrective is an alkali which will neutralize the acid. The best corrective known to medical science is Phillips' Milk of Magnesia. It has remained standard with physicians in the 50 years since its invention. One spoonful of Phillips' Milk of Magnesia neutralizes instantly many times its volume in acid. It is harmless and tasteless and its action is quick. You will never rely on crude methods, never continue to

suffer when you learn how quickly, how pleasantly this premier method acts. Please let it show you—now. Go to the drug store and get a bottle to try. Take it tonight, and follow the simple directions you find in the package. Learn what it means to have a well-alkalinated system. See how much better your general health will be. How seldom you will catch cold. Be sure that you get the genuine Phillips' Milk of Magnesia that physicians prescribe. It is sold in 50c bottles at drug stores everywhere throughout the Dominion. To keep the teeth white and guard against acid mouth, use Phillips' Dental Magnesia; it is a superior tooth-paste. (Made in Can.)

IN THE LETTER BOX

THINKS RATEPAYERS WRONG CITIZEN ANSWERS AND ASKS QUESTIONS.

Editor, Daily News:
Perhaps you may find it fit to print in your paper a few remarks which I would have liked to make at the meeting in the Moose Hall Monday evening. I am not a ratepayer and possibly on this score would not have been allowed to speak. Further, I am naturally of a retiring disposition and even if allowed to speak would have been abashed addressing in public the flower of Prince Rupert's citizenry there assembled. In keeping with my modesty I am appending a nom de plume.

To my simple mind the wonder is not that the city is now facing a very grave situation but that it did not have to do so long ago. I think the explanation is this: When the city was incorporated many hundreds of lots were sold to people thousands of miles away—in Great Britain, on the continent and in the U. S. This on the assumption that Prince Rupert would be a mighty city able to yield them large returns on their initial outlay. The passing years brought only disappointment. More and more lots reverted to the city. Revenues steadily declined. Now the burden falls on such as are resident here and on such as live at a distance but still hold lots.

I venture to think that such city improvements as have been made are in great part due to those far-scattered "early days" speculators. The improvements have been made comparatively cheap on this account to people who now have a stake in the city. To raise necessary revenue the city council now proposes improvement taxes and the ratepayers kick. In view of the foregoing I question if they are quite justified in their kick.

The ratepayers propose to avoid these taxes by an intensive economy campaign. The salaries of the teachers, the firemen, policemen and public servants generally are to be attacked. I suppose even the miserable pittance on which our unemployed miraculously subsist may be pruned. All this that interest may be paid without further cost to the ratepayer. The workers are to be sacrificed to the great god capital interest.

I would point out the operation of this very vicious circle. The workers whose salaries are cut will have less money to spend. The merchants will find it increasingly difficult to meet their taxes. Those workers who are dispensed with entirely will eventually find themselves on city relief. The school courses will be shortened and many young people will find themselves on the street looking for the elusive job. Directly and indirectly they will be a further burden on the city. The "economies" defeat their own end. The vicious circle is completed and the last state is worse than the first.

It is my contention, sir, that the intolerable conditions existing today are entirely due to the economic system whereunder we live. The condition of Prince Rupert is a cross-section of conditions world wide. We cannot stave off, linker as we will, a drastic change in our whole economic system. Daily this becomes more apparent and I hope that the citizens of Prince Rupert will see in the condition which confronts them today the truth of this statement.

I am no "noted economist" nor am I a special pleader for this "ism" nor that "ism." I am merely a very humble student of sociology. I am not rushing into print to expound a wonderful truth which I have discovered. I only wish to add my little mite to those who are trying to bring to the populace generally and our statesmen in particular the knowledge of a new social order whereunder such a condition as confronts the city of Prince Rupert today will no longer be possible.

With regard to the first part of my letter I may be far wrong and am prepared to stand corrected. Not so with regard to my contention re. the disastrous effect of the vicious circle of alleged economies nor my declaration that the only cure for the ills of the city of Prince Rupert and the Dominion of Canada is the establishment of a Socialist Commonwealth based on production for use rather than for profit.

"STUDENT."

Canada enjoys unique leadership the world's largest buffalo herds.

Editor, Daily News:
Published in your paper on March 29th are two letters by the Local Barbers.

In the first letter, which contains little of interest to the Local Citizens, certain questions are asked regarding one who has the courage of his convictions and voices a public complaint against the high cost of hair cuts. Following are the questions and answers:

1. How long have you resided in Canada?
A.—A little over twenty-seven years, with the exception of three years with the Canadian Forces in France.

2. When did you receive your citizenship papers?
A.—A good many years ago. As soon as possible after I got here.

3. Are you prepared to head a campaign to reduce the passenger fare from Prince Rupert to Van-

couver to \$18.00, the pre-war fare, as you have headed the campaign to bring down tonorial prices?

A.—I fail to see the connection between passenger fares and barbering. The subject of passenger fares does not interest me. The high cost of hair cuts, however, is of vital interest to all in Prince Rupert. Barbering is the subject under discussion.

4. Have you any objection to this correspondence being forwarded to railway headquarters?
A.—Absolutely no objection.

After a casual glance at the Barber's second letter of March 29th I considered they advanced a little argument of strength in support of the fact that hair cuts in Prince Rupert are so much higher than the regular union prices charged all over the Province. That is, they inferred that certain customers in the winter had their tonorial work done on credit.

On second thought, practically all our merchants give credit—why not the barbers?

To the barbers I wish to say, I am amenable to reason. Perhaps you are justified in charging seventy-five cents for a hair cut. Will you please answer these questions:

1. Why are hair cuts 50% higher

Nerves A Complete Wreck Sat Up Half The Night

Price 50c a box

Mrs. John Rose, Bark Lake, Ont., writes:—"I was troubled so much with my nerves I was a complete wreck. I could not do my work, and would have to sit up half the night on account of not being able to sleep. One day a friend recommended Milburn's Heart and Nerve Pills. I used one box and got relief, and by the time I had taken six boxes I was as well as ever."

Sold at all drug and general stores, or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

in Prince Rupert than the B. C. Barbers' Union prices in practice all over the Province?

2. Do you not believe you would make as much money at say fifty or sixty cents a hair cut as at 75c.?

If the cost of living in Prince Rupert is 20% higher than other cities of the same size in B.C. (I do not believe it is) it would seem fair for you to charge 20% more for hair cuts. The cost of living is certainly not 50% higher.

Why not fall in line with our merchants who have all reduced prices and try out a 50c. hair cut for a while?

The Queen Charlotte Towing & Salvage Co., with capitalization of \$50,000 and head office in Vancouver, has been incorporated, the B. C. Gazette announces.

CITIZEN

ASK yourself these four questions — then you will know whether the Life Insurance you now own gives adequate security and protection:

- 1.—Does your Life Insurance provide that, when you reach old age, you will have a definite monthly income sufficient to make you independent?
- 2.—Does your Life Insurance safeguard your wife and children—guaranteeing them a livelihood if death robs them of your support?
- 3.—Is your Life Insurance building up a cash reserve for future emergencies?
- 4.—Does your Life Insurance also include an education fund to equip your children for the battle of life—whether or not you live to see them start out?

By giving serious thought to your Life Insurance now you will probably save endless regret and worry in the future. By all means talk it over with a Life Insurance representative today.

Robert Gosse and J. Field Strang arrived in the city on the Prince George this morning from Vancouver, being here on cannery business. Soon after arrival, they left aboard the Salvage Princess to visit the Skeena River and other points in the district.

DRAPERIES MADE NEW

"When we resumed housekeeping a month ago I found my draperies had become creased from packing. I hung them out on the line, hoping to remove the creases. Then I forgot them. The result was they became badly faded and sun-spotted. "I was heartick until the happy thought struck me to dye them. I just dyed them a deeper green, and as I used Diamond Dyes they look gorgeous and new. I have never seen easier dyes to use than Diamond Dyes. They give the most beautiful colors—when used either for tinting or dyeing—and never take the life out of cloth as other dyes do."

Children's COLDS

Mothers testify that BABY'S OWN TABLETS are invaluable for children's head colds and feverish colds.

"At the first sign of a cold," writes Mrs. Isaac Kellar, 4 Shaftesbury Place, Toronto, "or if the children have been out in damp weather, I give Baby's Own Tablets, and they are all right again the next day."

Mrs. Frank A. Tallen, Harrowsmith, Ont., writes: "It was next to marvelous, after giving Baby's Own Tablets, how quickly the fever disappeared."

"The Pain is Here"

"Yes, it's the Kidneys"

Pains in the small of the back tell of kidney derangements. Other symptoms are pallor, loss of weight, dryness of the skin and swelling of the limbs. Backache is the most certain warning that the kidneys are failing to filter the poisonous uric acid from the blood. You may also have frequent headaches and aching limbs, for acid poisons always cause bodily pains and aches. If you want to positively remove the cause of such ailments, it is advisable to use Dr. Chase's Kidney-Liver Pills. For half a century they have proven their success as a most effective means of restoring the health and activity of the kidneys, the liver and the bowels. It is because of their direct and combined action on these organs that they prove effective when ordinary medicines fail. Put them to the test and you will certainly be pleased with the prompt and certain benefits obtained.

Prince Rupert Tennis Club Gives Community Lesson in Co-operation

In the spring of 1931 the Prince Rupert Tennis Club found itself with two old wooden courts no longer safe to play on. There was some money in the bank and, by making an extra effort, three new courts were built in time to provide a full season's play. In January, 1932 a heavy wind storm completely demolished the new courts, leaving the club with a mass of wreckage, no money in the bank and several hundred dollars debt from last year's building. Times are hard, none of the members are wealthy and the prospects of the club seemed hopeless. The remark was freely made: "There will be no more tennis on the hill for a long time."

A general meeting, held immediately after the storm, appointed a building committee to clear up the wreck and submit plans for reconstruction but did not commit the club to spending any money. The male members have put on old clothes and turned out on holidays and week-ends, first to clear away the wreckage, then to rebuild. Several unable to work on the courts contributed cash in lieu, and several non-members have turned out with hammers and saws to help. The new lumber necessary was obtained on time and the ladies have undertaken to build a bigger and better club-house. At the time this is written, the new foundation is complete and more than a quarter of the new deck is laid. Given a little good weather and good turn-outs of volunteer workers, the job will be completed and the new courts ready for play by May 1. That the club, without funds, and saddled with debt, should be able to take a disaster of this magnitude in its stride and, like the Phoenix, rise from its ashes in so short a time, speaks well for the spirit of its members and, incidentally, every man, who has packed lumber or driven nails and each lady member, who has helped to make the new club-house possible, now has a stronger proprietary interest in the club.

Most of this world's problems—including the depression—would fade if they were faced with such a co-operative spirit and willingness to work as has been shown by the Prince Rupert Tennis Club.

SPORT CHAT

In the article by G. W. Laidler of this city on the English Cup football final which appeared in this paper on Monday a typographical error was made which led to confusion as far as the line-up of Arsenal was concerned. The last two players in the Arsenal list should have read as follows:

James (inside left)—The worst shot in the First Division and the greatest little match winner of the day. Sends defenders scampering the wrong way by a mere shrug of the shoulders. Players set to mark him seldom catch him.

Bastin (outside left)—The "baby" of the side; actually an inside right. Like all the other forwards, with the exception of Parkin, is an international.

Faith in the New York Yankees, hope in the Washington Senators, and a charitable belief in the potency of precedent may combine to make things tough for the Philadelphia Athletics in this year's American League pennant race. Even so, it is extremely difficult to figure just how Connie Mack's formidable cast can be stopped from making it four in a row, and a league record, unless the opposition has some novel plans, hitherto concealed, to check Grove, Earnshaw, Walberg, Simmons, Cochrane and Foxx. So long as the A's have this six-ply backbone, they cannot be regarded otherwise than as strong favorites again to win. Their pitching outclasses that of any other club in the league. They have the punch to slug it out with any rival, even the Yankees, and Connie Mack's reserve strength, on which he rode down the stretch last season, looks to be even better.

Mack is the only American League manager who has ever held a championship combination virtually intact for more than three seasons. He made few changes in the outfit that won four out of five pennants from 1910 to 1914. In the last three years of rulership, Mack has made only one alteration in the regular lineup, at shortstop. Except for a reversible infield feature, by which Foxx moves to third and the newcomer, Oscar Roettger, to first, the Athletics will start the 1932 season with the same lineup that dropped the world series to the Cardinals.

TORONTO WON OUT

First Game of Stanley Cup Series is Sensational Affair

NEW YORK, April 6.—Toronto Maple Leafs defeated New York Rangers by a score of six to four here last night in a sensational hockey battle which opened the three out of five game series for the Stanley Cup, emblematic of the world's professional hockey championship.

The second game will be played in Toronto.

New Prince George Jail Is Subject of Inquiry in House

Thomas King, Liberal member for Columbia, has asked in the Legislature if a jail building was built during 1931 at Prince George and, if so, at what cost? Was British Columbia cement used in construction of the building and, if not, why not? Did tenders for such building specify concrete block construction and, if so, was building constructed in this manner? If any change was made, what was the nature of such change? Did the change in construction effect a reduction in contract cost and, if so, how much? Was an inspector employed by the department on the work and, if so, who was he and what was his total remuneration?

Skeleton Is Buried At Essington Today

Burial is taking place at Port Essington today of the skeleton which was found lodged under Balmoral Cannery wharf late last week and which is believed to be that of Werner Nilsen, one of four employees of the Power Corporation of Canada, who lost their lives two years ago this spring when they were plunged into the whirlpool of Falls River from a skiff during power house construction there.

Two can live as cheaply as one, but it takes both of them to earn plenty to do it.

Foreign Trade Figures Given For This Coast

Prince Rupert's foreign trade for the year 1931 amounted to 35,631 tons, according to figures published in the latest issue of the National Revenue Review, official publication of the federal department of national revenue. Figures of foreign trade for the principal ports of the coast during the year were as follows:

- Vancouver, 4,216,160 tons.
- Alberni, 145,707 tons.
- Victoria, 119,377 tons.
- Chemainus, 105,610 tons.
- Ocean Falls, 92,455 tons.
- Powell River, 77,648 tons.
- Quatsino, 63,114 tons.
- Prince Rupert, 35,631 tons.

THE year Molson's commenced brewing in Canada one "Bowles of London" made the first authentic map of the "Western Oceans". His details were taken from ancient records of Sir Francis Drake dated 1578 . . . from an old log-book of Juan de Fuca, 1596, but principally from reports furnished to the British Government in 1778 by Capt. James Cook, whose original surveys still form the basis of present day charts.

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.
Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.
Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

ONIONS ARE SCARCE NOW

Washington Importing From B.C.—California Asparagus and New Potatoes in

California asparagus is the only new vegetable line offering today on the local retail market with the exception of new potatoes from Texas which are selling at 15c per pound. There is still a fair quantity of last year's interior potatoes available.
British Columbia cabbage is about finished now and the quality is getting poor. A fresh supply of California cabbage is expected this week at 10c per pound.
Okanagan onions are getting scarce and are high in price. Washington, with stocks exhausted, has been taking onions from British Columbia, the wholesale price in Seattle being \$7 per sack.
The apple season is nearing an end and only a few long keeping varieties are now available.
First Australian grapes of the season are due about April 27.

"How do they do it?"

Among your friends there's sure to be at least one smart young married couple who are the envy and admiration of all who know them.

With an income that is frankly abbreviated, and with no benevolent Aunts in the offing, they still have a home that is correct and comfortable in all its appointments, a home that is admired and copied by their friends.

"Yes, Jane is a remarkable little manager," will probably be the young husband's proud answer. And there is little doubt about it.

THEY DO IT THIS WAY

Take a look around that home and you will find no end of well known advertised products. For Jane is an efficient little manager. She can't afford to take chances that must only be debited to "Experience." When she buys for her home she must get tried and tested and trusted products which carry an honorable name to guarantee her satisfaction.

You will find that Jane is a consistent reader of the advertisements. Are you?

Smithers Plans A New Library

Information Requested From Local Board in Regard to Rupert Institution

At the meeting of the library board last night, Miss Cruikshank reported two inquiries from Smithers asking for information in regard to the operation of the library. It seems from the letters that Smithers is proposing to establish a library and they are looking for the best method of conducting it. They had heard that Prince Rupert had an excellent library and they want to know how it is done. Full information will be sent by the librarian.

One member of the board facetiously suggested that if the city council decided to close the local library in the interests of economy they could sell the collection of books to Smithers.

Wants to Know About Relief Camp Details

Dr. J. J. Gillis, Liberal member for Yale, has inquired in the Legislature as to how many relief camps have been established in the Fort George district, excluding the Peace River area, and at what points. What was the total cost of each camp for construction and equipment? Have any sites or premises been purchased, rented or leased for relief camp purposes in the Fort George district and, if so, from whom and at what cost in each case?

Questions Answered Regarding New Span Across Nechako River

In answer to questions by Thomas King, Liberal member for Columbia, Hon. R. W. Bruhn, minister of public works, stated in the Legislature recently that a bridge had been built over the Nechako River at Prince George during 1931. The government supplied 7,560 sacks of Portland cement to be used in the construction of the bridge.

Twenty Years Ago In Prince Rupert

April 6, 1912

The sacred cantata "Christ and His Soldiers" was splendidly rendered at the McIntyre Hall last night by a choir of 26 voices under the leadership of John E. Davey. Soloists were Mrs. Neher, Mrs. J. H. McLeod, Mr. Davey, W. H. Melliar, C. Swindell and Alex Clapperton. Rev. W. H. McLeod presided.

W. H. Vickers, chief of police, was given leave of absence by the board of police commissioners to attend the Supreme Court Assizes in Vancouver as witness in a local case.

Misses Campbell, McLeod and Walker have been admitted to the training school of the Prince Rupert General Hospital, being the first probationers at the institution.

POWELL AS COMEDIAN

"High Pressure" is Fast Story of Suave Stock Promoters—"Song O' My Heart" Revived

William Powell, well known to theatre-goers as a suave villain, appears in "High Pressure," now showing at the Capitol Theatre here, in the brand new role of a smooth and delightful comedian. It is a story of fast stock promoters and their speedy ladies. The role reveals the poised and heretofore villainous Powell as a high class comedian.

The picture deals with characters who are generous and good-hearted but so irresponsible and anxious to get rich quickly that they scale pretty close to the border lines of the law. The film is a realistic slice of Manhattan with its luxury, speed and excitement. Settings are very elaborate.

Powell's supporting cast includes Evelyn Brent, Evalyn Knapp, George Sidney and Guy Kibbee.

For the weekly "revival" feature the theatre will present tonight that beautiful film of John McCormack, celebrated Irish tenor, "Song O' My Heart."

C.N.R. steamer Prince George, Capt. H. E. Nedden, arrived in port on time at 10:30 this morning from Vancouver, Powell River and Ocean Falls and will sail at 4 o'clock this afternoon for Anyox, Stewart and other northern points whence she will return here tomorrow evening southbound.
