GEORGE RORIE PASSES ON

The death of George Rorie, local chartered accountant and city auditor, will be generally regretted. He was a man of exceptional talents, a genial disposition and was friend and adviser of a great many people. His removal leaves a gap that it will be difficult to fill.

There have been many surprises for Prince Rupert people this year but the news of the sudden death of George Rorie was one of the most unpleasant. Mr. Rorie was a student of men, books and affairs. He read a great deal and also wrote well. As editor of the Rotary Bulletin he made that little publication one that all members of the organization read with keen enjoyment.

For many years Mr. Rorie had been auditor of the books of the Daily News and he gave unstintingly of his time to advise or to set members of the staff on the right road. His advise or to set members of the staff on the right road. His passing will be deeply regretted.

RELIEF TROUBLES

There seems to have been some friction between the provincial and federal authorities in regard to the matter of relief. On one occasion Premier Bennett got quite peeved and he sent a telegram to the provincial minister of finance opening thus:

"Do you think it serves any useful purpose to send telegrams to us merely for the purpose of being able to show them to municipalities and others and thereby endeavor to establish that responsibility for existing conditions in your province is attributable to federal and not provincial School having already won the cup. administration?".

The wire concludes: "Suggest you take appropriate while Campbell made Borden RACES ON steps to deal with matter on a business basis as other pro- street's counter. vinces do."

Prince Rupert has particular reason to be peeved at the outcome of the relief difficulties. Not only have men been kept in idleness at Cloyah Bay for a year or two when they might have been put to work to advance the highway construction program without any great extra cost but the method by which the city unemployment relief monies were apportioned and then later cut off suddenly left a number of uncompleted jobs in the city which are at present useless and are an eyesore to all who pass near.

OBJECTIONABLE NUISANCE

Very serious complaints have come to the Daily News in regard to the new city dump at the side of the highway on the outskirts of the city. The odor arising from it is decribed as "abominable" and many people now object to driving in that direction because of having to pass this objectionable nuisance.

At a time when tourists are beginning to arrive in the city it certainly is a nasty thing to have at a point where most of them pass. Steps should be taken immediately to have this dump removed to some less popular place than the provincial highway.

Dyspepsia and Dizzy Headaches

Mrs. Isaac Corbin, West Advocate, N.S., writes:-"I had suffered for years from dyspepsia and dizzy head-aches. After taking two bottles of Burdock Blood Bitters I felt like a different woman. My headaches disappeared, and I can now eat what I like without that terrible indigestion I suffered after every meal."

For sale at all drug and general stores; manufactured, for the cast 52 years, only by The T. Milburn Co., Ltd., Toronto, Ont.

AIR DRIED SHINGLES

Retain the cedar oil in the wood, affording extra and better preservation than kiln-dried shingles from which the essential oil has been evaporated. Our shingles are made on Queen Charlotte Islands and, as a home product, deserve your preference. Shingle makers wages on the Islands are spent eventually in Prince Rupert, while Vancouver wages never come north. Support a home industry and your own welfare by specifying Air Dried Shingles.

Rheumatism So Bad He Had to Quit Work

Albert Berger Not Bothered Since Relieved by Dr. Williams' Pink Pills.

Working Every Day

"I was terribly bothered with a weak back and rheumatism in my shoulders," writes Albert Berger, Wingle, Ont. "It got so bad

had to stop working and stay in the house. I was two weeks in bed, when a friend advised me to try Dr. Williams' Pink Pills. I gave the Pills a fair trial, and they relieved me right away. My back is good and strong now, and I am working every day. I have never been bothered with rheumatism since. I recommend them for anyone suffering from Rheumatism, Lame Back, Sciatica."

Rheumatism and kindred ailments thin the blood very rapidly. Dr. Williams' Pink Pills enrich the blood stream and reason they are so successful in combatting such ailments. Equally good for all rundown or nervously exhausted people. Try them. At your druggist's. 50c. 273

RIANO DE

Kellogg's Corn Flakes have a crispness and flavor that no other corn flakes equal. There's even a difference in the fresh aroma when you open the packages.

For 25 years Kellogg's have been the standard of quality. When you are offered a substitute, it is seldom in a spirit of service.

Remember, every red-and-green package is sold with the personal guarantee of W. K. Kellogg: "If you don't think Kellogg's the finest corn flakes you ever tasted, return the empty package and we will refund your money."

Always oven-fresh in the inside WAXTITE bag — which is sealed — a patented Kellogg feature. Sold by all grocers. Made by Kellogg in London, Ontario.

THERE IS SOLID ROCK UNDER CANADA'S FEET

NSTEAD of straining our eyes looking "around the corner" for that phantom which men call "Prosperity" and never overtake, let us look at some facts:—

Our natural resources are still beyond any accurate estimate; our national wealth over \$30,000,000,000.

Our banks are solvent.

Their debits are 11 per cent. more to-day than they were ten years ago.

Their savings deposits more than 22 per cent.

Twice as much life insurance is in force.

Outsiders knocked down our dollar but our bills to the world have been paid, our taxes met, our hungry fed, and our helpless sheltered.

Masses are always blinded by the immediate view, but our Canadian people are coming to see that a riot of economy is just as foolish and just as dangerous as a riot of extravagant spending.

Sane men of every class must realize the necessity of keeping a constant unrelenting contact with this market that is slowly and surely regaining confidence in itself.

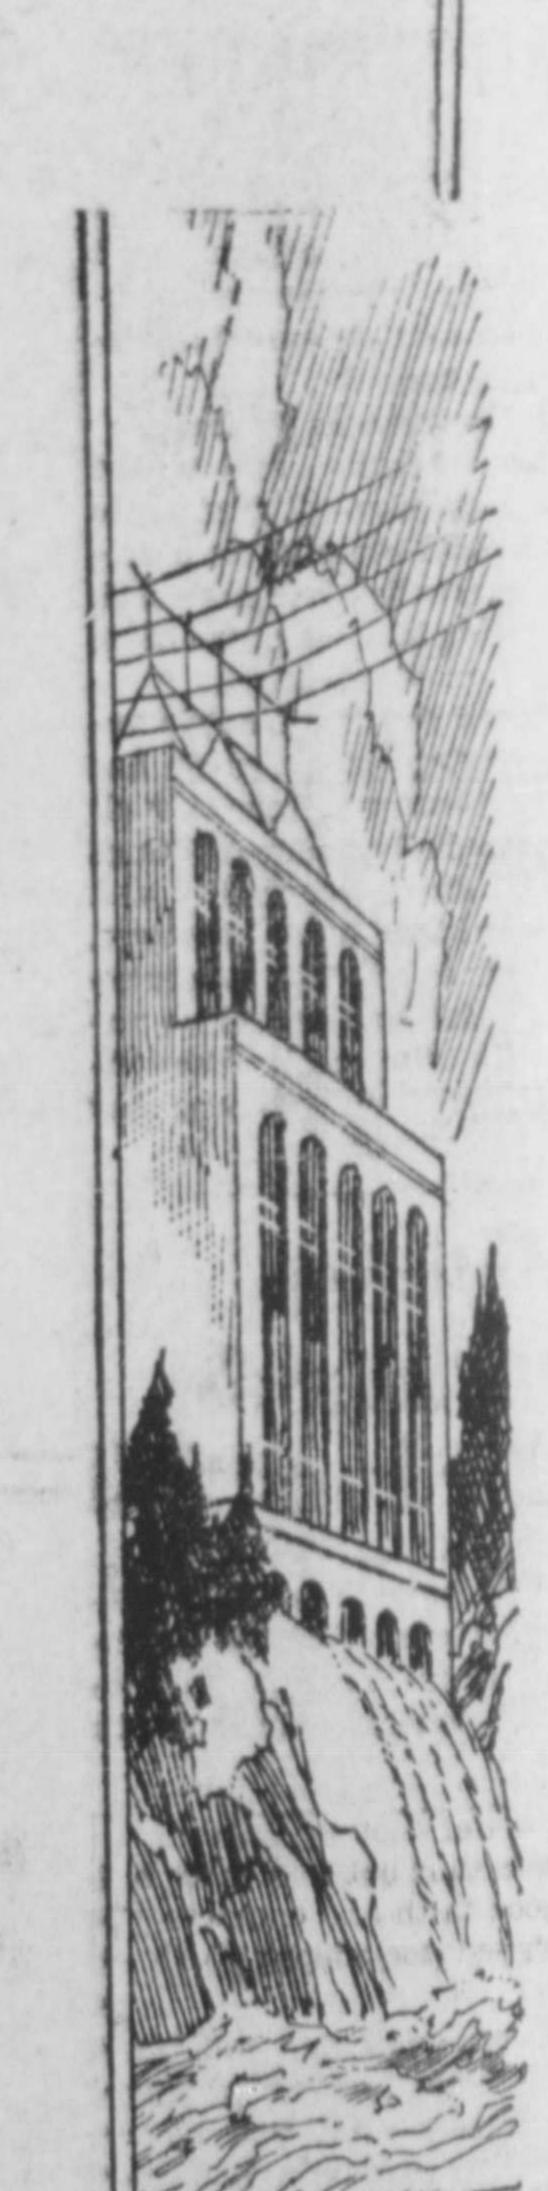

While the optimists were peeking around that "corner" and the minor prophets whispering blue ruin, Canadian corporations in 1931 paid out in dividends \$226,351,000, an increase of \$32,500,000 over the average for six years, and \$50,000,000 better than any year in Canadian history prior to 1929.

Why should Canadians stop working to shake apart with Fear? All the "terrible things" that were to happen are fading out of focus.

There is no contacting medium so close to the Canadian consumer as his daily newspaper.

DOES YOUR BUSINESS NEED A DOCTOR?

Now, Mr. Businessman, have you ever tried to diagnose the reason for that sudden drop in profit over the figures of "last month?" If the temperature of your business alarms you there is no need for you to lose any sleepthe remedy is simple.

"Ah!" you say, "But that's all very well. I'm only a small man and can't afford it." That's the reason the small man remains a small man. The big men in business today did not become big by hiding their light under a bushel, they advertised, and Advertised, and ADVERTISED. Advertising is as necessary to a "sick" business as the doctor's services are to a sick person. And it will find the money to pay its own bills, if done judiciously, from the increased volume of increased profits. Start with a small appropriation

IN "THE DAILY NEWS"

tomorrow and test the idea for yourself-after all it's RESULTS that count today. We have an expert advertising man at your service at any time. He will advise you as to size of space to use and see that your space is filled with "business bringing" copy.

COULD NOT CONCEN-TRATE WITH HIS EYES

An out of town insurance agent, whose vision was perfectly good, complained that, he could not look a person in the face while talking business, simply had to drop his eyes. While in town called on G. F. Davey, Reg. Optometrist in charge of the Optical Dept. of Max Heilbroner, Jeweler. This common error was corrected almost at once with the proper glasses, which were made in the double vision style. Now he can look at a book and talk to his prospect without the least difficulty. Well pleased with the service he received at a very moderate charge.
