PRINCE RUPERT, B.C., SATURDAY, APRIL 30, 1932

PRICE: FIVE CENTS

FOUND GUILTY OF MANSLAUGHTER

TAX ON IMPROVEMENTS FOR PRINCE RUPERT DECIDED ON

City Council Decides To Levy on Buildings In Addition To Land

Mill Rate For Year is Set at 55—Expenditures For 1932 Estimated at \$623,466.90—Move to Merge Police and Fire Departments Fails

Imposing an improvement tax for the first time in the history of the municipality, the city council last night set a mill rate for 1932 of 55 mills on the assessed value of land and 55 mills on 20 percent of the assessed value of improvements.

Setting of the mill rate was decided upon by the council following consideration of the expenditures for the year which were finally adopted at a total of \$623,466.90 which, deducting \$356,688.01 in estimated revenue, leaves an amount of \$266,778.89 to be raised by taxes.

Following were the estimates for the year which the council adopted:

Table with columns for Expenditures and Receipts, listing various municipal costs and revenues.

No Post Office Change Has Been Decided Upon

While rumors in regard to a change from the present location are rife about the city, it was officially stated this afternoon that nothing had yet been decided upon in regard to the matter of moving the post-office and other federal offices.

RELIEF WILL BE CONTINUED

Government Policy Has Not Yet Been Determined

The provincial government, not having arrived at a decision in regard to relief work, the relief allowance will be continued until a definite policy has been adopted.

BUILDING IS DOWN

Construction Value in Prince Rupert This April is Placed at Only \$1025

Only minor repair jobs were involved in seven building permits which were issued in Prince Rupert during the month of April to make a total building value of only \$1025.

For the first four months of 1932 building in Prince Rupert represents a value of \$26,860 as against \$52,023 in the corresponding period of last year.

AGREEMENT IS PASSED

House of Commons Approves New Trade Pact Between Canada and New Zealand

OTTAWA, April 30.—The new trade agreement between Canada and New Zealand, under which this Dominion is accorded favored treatment in trade, passed its second reading and committee stage without alteration in the House of Commons last night.

Security of Costs Ordered Returned

Clifford Willard, Who Lost Appeal in County Court, Will Get \$75 Back

In the appeal case of Clifford Willard of Ocean Falls against a conviction and fine of \$25 at Ocean Falls for vagrancy an order was made by Judge F. McB. Young that \$75 security of costs be returned to the appellant.

EXPLORER IS DEAD

Alfred Herbert Joy, R. C. M. P. Inspector, Passes in Ottawa on Eve of Marriage

OTTAWA, April 30.—Alfred Herbert Joy, northern adventurer, explorer and inspector of the Royal Canadian Mounted Police, died here yesterday after a brief illness on the eve of his marriage, which had been arranged for today, to Miss Carmal Murphy of Ottawa.

NO HALIBUT IN TODAY

There were no halibut boats in with catches this morning so, consequently, there was no sale today at the local fish exchange.

DAIL DECIDES ON OATH ABOLITION
DUBLIN, April 30.—Despite the protests and warnings of the British government, the bill to abolish the oath of allegiance to the crown was passed last night by the Dail Eireann on a division of 77 to 71.

A Fair Booze Law Supporter

Wants the United States booze laws amended, goes Phyllis Stoffel. She's so hot up about it that she has camped on the government's door-step with her petition.

Conviction On Lesser Count Is Returned By "Honor" Killing Jury

Lieut. Massie, Mrs. Fortescue and Two Seamen Taken in Custody Pending Passing of Sentence—Darrow Announces Appeal

HONOLULU, April 30.—Four defendants in the Joseph Kahahawai "honor murder" case were convicted by a jury here yesterday of manslaughter, leniency being asked for in the verdict which was reached as a compromise following hours of disagreement.

Police Court Fines Lower

So Far This Year \$960 is Collected as Compared With \$2275.50 in 1931

Police court fines in Prince Rupert for the month of April this year totalled \$180 as against \$271 in the same month last year.

Is Chairman of Manufacturers

F. C. Brown Re-elected Head of British Columbia Division of C. M. A.

VANCOUVER WHEAT

DAILY EDITION Saturday, April 30, 1932

BACK TO THE LAND

It will be interesting to learn more about Hon. W. A. Gordon's plan for inducing unemployed persons to settle on the land. The idea of getting unemployed people out of city slums into more healthy country surroundings is one to be commended but expecting much help from municipalities is not practicable at the present time.

REGRETTABLE CRIME

The bomb outrage at Shanghai reported yesterday is greatly to be deplored. While it is easy to understand how bitter the Chinese must feel after the bombing of their cities and the killing of innocent women and children, yet the fighting had ceased and there seemed every probability that a satisfactory settlement might be arrived at.

AN AMERICAN VIEW

The Los Angeles Times of recent date has the following by a special writer: "What I think about England now is that her financial recovery is the most remarkable and heartening event since the World War. There are more brains and courage in that old House of Parliament and in the 'Old Lady of Threadneedle Street' than are to be found elsewhere in the world."

Her Heart Was So Bad Couldn't Do Housework

Mrs. S. Dragoman, R.R. 2, Midland, Ont., writes: "I had been troubled with heart trouble for many years. My heart would beat so fast I could hardly breathe, and I had headaches, and dizzy and fainting spells. I couldn't get my housework done I was so weak. I took three boxes of Milburn's Heart and Nerve Pills and felt much better, and now I would not be without them in the house."

Price 50c a box Sold at all drug and general stores, or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

City Council Decides to Levy on Buildings in Addition to Land

(Continued from page one)

Estimates Discussed At the outset of discussion on the estimates, Mayor Orme stated that, in compliance with instructions of the council, he had got in touch with the commissioner of provincial police who had advised him that the provincial police would police the city with five men and a sergeant for \$10,000 per year, the city to retain all fines.

Ald. McCutcheon wanted to know if the council was ready to decide now whether it would adopt a tax on improvements or on land alone. Other members of the council felt it was advisable to go over the estimates first and see what was needed before deciding on the point. Accordingly, the estimates, as given above, were then perused item by item.

When the \$13,640 item for the police department came up, Ald. Collart and Ald. Linzey moved that it stand.

Ald. Casey moved an amendment that, inasmuch as savings could be effected by fusion of the two departments, the estimates of the police and fire departments be considered jointly. This was seconded by Ald. McCutcheon.

Speaking to the amendment, Ald. Macdonald expressed the belief that it was neither wise or possible, in the best interests of the city, to amalgamate the police and fire departments. The possibility of dispensing with the services of two regular firemen and replacing them with two call men had been gone into and it had been found that, by the change, there might be a saving this year of some \$600.

Turning to the police department, Ald. Macdonald declared that he was opposed to the idea of policing the city with two or three men, principally in the interests of adequate protection to which the public was entitled. The tendency in other places at present was to increase rather than decrease police forces. At Nanaimo in 1931 there had been eight men on the city force. He thought that six was none too many for Prince Rupert. Concluding, Ald. Macdonald declared that it was his earnest desire to see the mill rate kept as low as possible with due regard to maintenance of some measure of efficiency and protection.

Casey Takes Exception

Ald. Casey took strong exception to the remarks that had been made by Ald. Macdonald. "Ald. Macdonald has always been a good fellow," declared Ald. Casey. "He has always defended and upheld the 'job' man. He has always insisted on plenty of employees under reasonable working conditions. That is all very well but at the same time has Ald. Macdonald ever considered the cost to the city. As police commissioner he boosted the force to as many men as possible irrespective of the cost."

The city was now confronted, Ald. Casey declared, with a crisis. It was at wits' ends to meet its obligations and did not know which way to turn. It was absolutely necessary to try to reduce costs so as the people might be able to pay their taxes. Ald. Macdonald seemed to forget the condition of the taxpayer and the prospect of collecting taxes. "If we can devise ways and means to give protection and, at the same time, reduce the costs of operation, I think that is the proper thing for us to do," continued Ald. Casey. "Furthermore, I present at a body of police officials insisting on a certain man power for our protection. The taxpayers through the city council, should decide that, I believe. We are not here to take orders from the police."

Regarding the fire department, Ald. Casey declared that \$100 per month could be saved by eliminating two regular men who were now being paid \$120 per month each and replacing them with five call men at \$20 per month each. This was an opportunity that the council should take advantage of. Ald. Casey thought that it was possible to give the people ample protection from both departments at a great reduction in the cost. He was satisfied that the fire department could be operated by four men and possibly three. He was

positively in favor of amalgamation of the two departments.

Other Aldermen

Ald. Rudderham did not believe that, with the proposed change, the fire department would be as efficient. The city today had a department which had given good and faithful service. He did not think that, for the sake of a saving of \$100 or so a month, the council was justified in tampering with an efficient service and changing to something that would not be as satisfactory. Neither was Ald. Rudderham in favor of breaking up the police service in order to effect a slight saving. The proposal of a two or three man force was ridiculous on the face of it.

Ald. Pillsbury did not think the efficiency of the fire department would be impaired to any extent by cutting off two regular men and substituting five call men. He thought the council should seriously consider this move. As for the police department, he had never been able to see why a certain number of firemen could not also do police duty. If this were done, the city might be able to get along with a force of three men and a sergeant. All this would involve an appreciable saving.

Ald. McCutcheon thought that, by consolidating the two departments, there would be an annual saving of \$9,000 or \$9,000. He was in favor of consolidation.

Ald. Black did not view with favor any move to cut down the fire department. Any day there might be a serious fire downtown when it would be very desirable to have an efficient fire department. He questioned if the provincial police would permit firemen in their organization. Apart from this, the citizens had on three occasions voted strongly in favor of provincial police service.

Ald. Linzey declared that he was unalterably opposed to the fusion of the two departments. He believed that the taxpayers would say "Hands off the police." Prince Rupert was differently situated than other places. It was isolated and scattered. He did not think a force of six men should be tampered with. A little saving, however, might be made on the fire department.

In answer to a question by Ald. Pillsbury, Mayor Orme stated that the commissioner of provincial police was not prepared to use any but his own men in the policing of the city.

Votes Are Taken

On Ald. Casey's amendment that the estimates of the police and fire departments be considered jointly being put, only Ald. Casey and Ald. McCutcheon voted in its favor, all other members of the council being opposed.

The estimate of \$13,640 for the police department was then approved by the council with Ald. Casey, Ald. McCutcheon and Ald. Pillsbury opposed.

An estimate of \$14,380.78 for the fire department was approved with Ald. Pillsbury and Ald. Casey voting against. In view of the efficiency of the department and fact that council had decided against amalgamation, Ald. McCutcheon estimated that he would vote in favor of this amount.

In regard to telephone department estimates, Ald. Macdonald explained that arrangements were being made to carry on this year without holiday help.

Deciding Mill Rate

When the matter of setting the mill rate came up, Ald. McCutcheon offered a motion that taxes be levied on land alone.

Ald. Pillsbury thought the motion was out of order as the council had already decided upon the principle of an improvement tax, having given the banker assurance to this effect before advances had been made.

Ald. Macdonald pointed out that the council has already pledged itself to the principle of a tax on improvements. It had given its word to the banker and could not go back on that now. If the council had refused to agree upon an improvement tax, the banker would have defaulted and would have been in the hands of a receiver now. However, he thought that the percentage of improvement tax should be kept as low as possible—say fifteen percent.

It was moved by Ald. Rudderham that the rate be 55 mills on land and twenty percent of improvements. This was seconded by Ald. Pillsbury.

The fifty-five mills, the mayor explained, would be made up of fifteen mills for special rates

19 mills for schools and 17 mills general.

It was moved by Ald. Linzey and Ald. Macdonald, as an amendment, that the rate be 58.1 mills on land and fifteen percent of improvements.

The amendment was dropped after it had been explained that assurance had been given the banker that the mill rate would not be in excess of 55 mills.

Now that the council had failed to reduce the estimates, Ald. Casey observed that there was nothing for it to do but impose the improvement tax.

Ald. McCutcheon did not consider the agreement with the banker binding. "We got \$90,000 on our word," Ald. Casey reminded Ald. McCutcheon.

On the question being put, all but Ald. McCutcheon favored the fifty-five mill rate on land and twenty percent of improvements.

A number of spectators were present to watch the deliberations of the council.

A special meeting of the council will be held on Tuesday evening next to give the rate bylaw its formal initial readings. It will be finally reconsidered and adopted at the regular fortnightly meeting of the council on May 9.

Mussallem's Announcement

We wish to announce that we have sold our Fifth Avenue Cash and Carry No. 1 which has served the public satisfactorily for over 22 years. This store will be under new management commencing May 1st, 1932. We therefore, take this opportunity to thank the patrons who have so faithfully supported us and hope they will continue doing so. Our services to the public will continue as before, however, at 319 and 721 Third Avenue West. As previously, our endeavor will be to give full satisfaction to each and every customer. Prompt payment of all accounts will be received with great appreciation at 319 Third Avenue West.

A SATURDAY SERMON

What Makes a Man?

(By Rev. Canon W. F. Rushbrook, St. Peter's Anglican Church)
Jesus was a master of parabolic or illustrative teaching. He knew the power of an apt illustration, especially one likely to be met with often in life's routine. He made the still makes animate and inanimate things about us, our teachers sometimes to remind or admonish but not infrequently to command us in no uncertain tones to do or not to do.

His fourth Beatitude "Blessed are they that do hunger and thirst after righteousness for they shall be filled" is a good example. Jesus saw in nature the continual struggle to satisfy physical needs. There is nothing so restless, so tireless, or so relentless as the hungering or thirsting animal. All day the vulture on tireless wing with eye and nostril alert soared the Syrian heaven seeking carrion food; all night along the jackals prowled spurred by hunger. Yes, and Paul tells us that the belly is the God of nature, including unredeemed man, and he is equally restless.

But to supply man's every physical and also intellectual desire does not satisfy, else how can we account for such deaths as Eastman's or the five millionaire suicides in one day recently, or that in 1928 there were 59 millionaire suicides? Man is different from all other animals in that he alone has the moral sense and, unless he craves to have those moral qualities developed not alone in himself, but in his fellow man, he has so far failed to realize his manhood. Were you a man of wealth and

social affluence and were you to supply every desire, social or otherwise, of some friend and perchance later on lose wealth and affluence, you would likely lose your friend also. But if you have been the means of helping him to realize himself and to point him to the source of moral satisfaction, disasters are but refined cements to such friendships.

The world is full of discouraged men and women seeking satisfaction and finding it not because they seek it in desolate places. They mistake the tributary for the main river.

Possibly the religious dissatisfaction of today is the fault of organized religion. It caters to the intellectual side of life, to the social, to the aesthetic, which the world can get outside of the church or some ecclesiastical whim and fails in supplying righteousness in life and practice. Creeds and ceremonies are husks. Righteousness the kernel, and the soul's food.

"Come unto Me all ye that are weary (hungry, thirsty, tired) and heavy laden and I will give you rest."—Jesus.

SAVED IMPORTED DRESS

"After a little wearing, a lovely green voile—an imported dress—lost color so completely that it was not wearable. A friend who had admired it asked me why I wasn't wearing it any more. On hearing the reason, she advised dyeing it and recommended Diamond Dyes. To make a long story short, it turned out beautifully. I have a lovely new dress that really cost just 15c—the price of one package of Diamond Dyes. "I have since used Diamond Dyes for both tinting and dyeing. They do either equally well. I am not an expert dyer but I never have a failure with Diamond Dyes. They seem to be made so they always go on smoothly and evenly. They never streak or run; and friends never know the things I dye with Diamond Dyes are redyed at all!"
Mrs. R.F., Quebec.

Archie Thompson arrived home a few days ago from his studies at the University of British Columbia to spend the summer vacation with his parents, Mr. and Mrs. J. H. Thompson, Graham Avenue, Westview.

Mrs. George Hill and family will sail tonight on the Prince John for a holiday visit to Massett where Mrs. Hill's parents reside.

Harold Shockland, who has been located here for the past year or so, sailed by the Cardena this afternoon for his home in Vancouver.

Lawrence Lambly, who has been on a 10-day business trip to Smithers, Burns Lake, Vanderhoof and other interior points, returned to the city on this morning's train.

The fire department had a call at 10:15 yesterday morning to the home of G. W. Cook, 304 Sixth Avenue West, where there was a chimney fire. No damage was done.

Alexander Antonyszyn left on yesterday afternoon's train for New York where he will sail May 6 on the liner Europa for his native home at Tarnopol, Finland.

Miss Catherine Harvey of the Prince Rupert General Hospital nursing staff sailed this afternoon on the Cardena for a holiday visit to Vancouver and elsewhere in the south.

Miss Lottie Bowron of the Education Department arrived in the city from the interior on this morning's train after a tour through the central interior on official duties in connection with her work as investigator of living conditions for women teachers at outlying points.

School Inspector T. W. Hall was the winner of a hand-painted dish which was raffled in connection with a tea and sale held yesterday afternoon by the Prince Rupert Parent-Teachers' Association at the home of the president, Mrs. S. V. Cox. The tea, favored by ideal weather conditions, was patronized by many ladies and was a great success financially as well as socially.

District News

NEW HAZELTON

The funeral took place from the Hazelton United Church last Saturday afternoon, Rev. S. V. H. Redman officiating, of Henry B. Thoen, well known old timer of the district, who had passed away a few days previous in the Hazelton Hospital. Deceased, who was 74 years of age, had resided in this district for a quarter of a century. At first he engaged in prospecting but during recent years had homesteaded at Seven Mile on the Babine Trail.

A number of local people went down to the bottom of Hagwilget Canyon on Sunday to prospect for gold. They got some colors on the surface which did not seem to warrant going to bedrock.

Monday of this week was the warmest day so far this year. The thermometer ascended to 70 degrees during the day but fell to 28 above the same night.

James Smith of the Government Telegraphs staff at Hazelton has left for Vancouver. He will remain in the south for the summer as a relief operator.

"I'M going, anyway"

THE modern Miss needs no "time out" for the time of month. If you've ever taken Aspirin for a headache, you know how soon the pain subsides. It is just as effective in the relief of those pains peculiar to women!

Don't dedicate certain days of every month to suffering. It's old-fashioned. It's unnecessary. Aspirin will always enable you to carry-on in comfort. Take enough to assure your complete comfort. If it is genuine Aspirin it cannot possibly hurt you. Aspirin tablets do not depress the heart. They do not upset the stomach. They do nothing but stop the pain.

Headaches come at inconvenient times. So do colds. But a little Aspirin will always save the day. A throat so sore that you can hardly swallow is made comfortable with one good gargle made from these tablets. Neuralgia, Neuritis, Rheumatism. Pains that once kept people home are forgotten half an hour after taking a few of these remarkable tablets. So are the little nagging aches that bring fatigue and "nerves" by day, or a sleepless night. Genuine Aspirin tablets cost so very little after all, that it doesn't pay to experiment with imitations!

BRAVES ON TOP AGAIN

Boston and Chicago Tied For First Place in National—Athletics Lose Again

BOSTON, April 30:— Boston Braves rejoined the Chicago Cubs for joint occupancy of first place in the National League by scoring an easy victory over New York Giants yesterday. The Cubs were idle as were the St. Louis Cardinals who are back in seventh place again as a result of Brooklyn Dodgers losing to the Phillies yesterday to sink back into the cellar. As a result of their victory, the Phillies moved into a tie for third place with the Cincinnati Reds who defeated the Pittsburgh Pirates, relegating them to fifth place.

New York Yankees and Washington Senators continued their battle for American League honors, the former defeating Boston Red Sox while the latter again downed the long-suffering Philadelphia Athletics.

Yesterday's scores:

National League
New York 3, Boston 8.
Brooklyn 6, Philadelphia 13.
Cincinnati 6, Pittsburgh 4.
American League
Philadelphia 1, Washington 2.
Boston 7, New York 9.
Chicago 5, Cleveland 7.

SWIMMING SEASON IS STARTED HERE

Some of the bolder local swimmers have already had their first dip of the season in the Salt Lake swimming resort across the harbor. Those who have already been in report the water to be rather chilly. If present warm weather conditions continue, however, it will soon be more comfortable.

Eagles' Dance Is Enjoyable

There were 175 persons in attendance at the "Carnation Dance" held by the Eagles' Lodge in the Aerie Hall last night. The affair opened at 9:30 p.m. and closed at 2 a.m. Delightful music was furnished by Charlie Balagno's Venetian Orchestra. There were dainty decorations and novelties added to the fun. Frank Fitzgerald was master of ceremonies and James Brown presided at the door.

WALKER WINNER

Toy Bulldog Gets Decision Over Kingfish in 10-Round Bout at Chicago Last Night

CHICAGO, April 30:— Mickey Walker was awarded a decision over King Levinsky in their 10-round main event boxing bout here last night.

After being knocked down in the first round, Walker gradually improved and carried the fight on a wide margin of points. The Kingfish was ready to mix all the way and the big crowd was highly pleased with a lively show.

SOFTBALL YESTERDAY

Falcons Defeat Tigers in High School League 7 to 4

In yesterday's fixture of the High School Softball League, the Falcons earned their right to play off with the Tigers for the honors of the first half by defeating them 7 to 4 in a hard fought game.

The Falcons started the first inning by a run of heavy hitting but, owing to the strong fielding of the Tigers, only made two runs. The Tigers failed badly at bat during the first four innings while the Falcons brought in three more runs.

In the first half of the fifth the Falcons were again hitting hard but the strong field support of the Tigers only allowed them two runs. In the last half of the fifth all the honors went to the Tigers. They made several clean hits and seemed determined to overtake the Falcons but the lead was too great for them. However, four runs crossed the plate before the side was retired. These were chiefly due to the weakness of the Falcons in the infield.

Both teams played good ball and few errors were made. This game was featured by the unusual number of pop flies hit, especially by the Tigers.

The teams were as follows:
Falcons—R. Allen p., J. Welle lb., W. Cross c. (capt.), F. Dungate 2b., R. Peachy 3b., A. Hale ss., W. Murray lf., J. Ritchie cf., M. McCaffery rf.

Tigers—W. Tobey p. (capt.), H. Morgan c., Gillis lb., L. Wilson 2b., Marshall 3b., R. Tobey ss., J. McRae rss., R. Wilson lf., Sutherland lf., J. Greer rf.

Umpire, B. Moxley.
Base umpire, M. Forbes.

C. N. R. A. League Gets Under Way With Round House Defeating Station

Round House defeated the Station 6 to 2 in the opening game of the C. N. R. A. softball league last night. W. H. Tobey, president of the Canadian National Recreation Association, spoke a few words to the players, stressing the advantages of sportsmanship and good behavior, and pitched the first ball, officially opening the season.

Raby pitched a strong game for Round House with Arney and Nelson taking the hitting honors. Nelson hit a three-bagger in the first inning.

Stiles pitched a good game but his support was not up to standard, showing the lack of practice. Wicks was the best batter for Station, although striking out with two men on bases in the seventh inning.

Round House—Forbes, Arney, Cameron, Cross, Johnson, A. Skatzebol, Allen, Raby, Nelson.

Station—B. Skatzebol, D. Morrison, R. Morrison, Wicks, W. Tobey, B. Tobey, Stiles, Unger, McIntosh.
Umpires—Comadina and Macfie.

MILK IN ITS MODERN PACKAGE

IS MILK FROM "Contented Cows"

CARNATION is whole-milk with only the natural water-content removed and nothing added. Carnation is the famous *safe-guarded* milk "from Contented Cows." That means that every precaution is taken to insure its purity at the source by the strictest cleanliness in the care and in the milking of the cows. After Carnation is evaporated to double richness the cans are then hermetically sealed to continue the protection until Carnation reaches you.

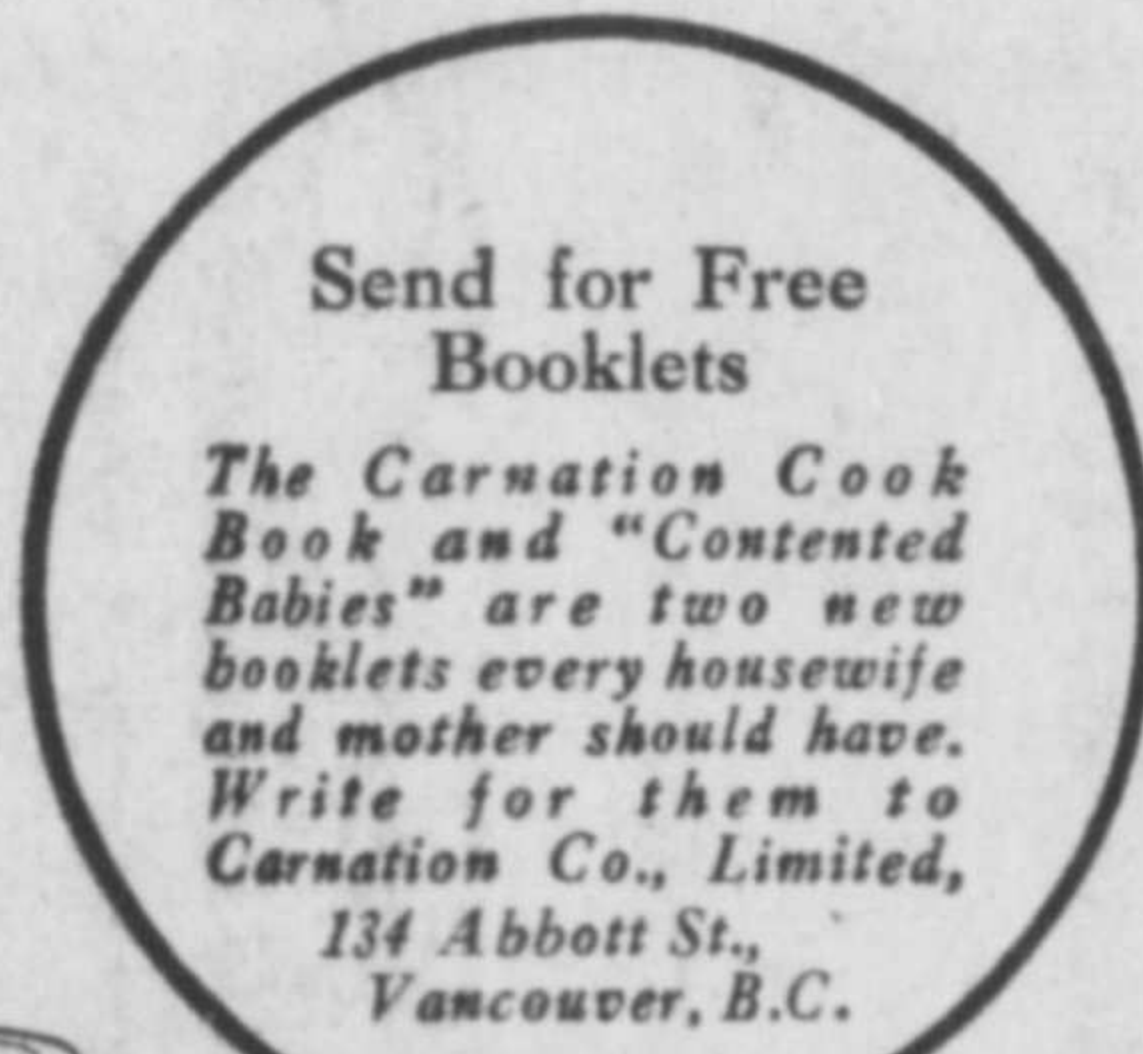

What Expert Cooks Tell Us

Domestic Science experts have found that Carnation makes foods richer, tastier, finer in texture. They say that the "homogenized" butter-fat in Carnation makes it super-smooth. Use it in cream soups, sauces, puddings, ice cream, cocoa, candy. Enjoy its creamy double-richness in coffee, fruits and cereals—and cut your cream bills *in two!*

Approved for Baby Feeding

The highest medical authorities recommend Carnation Milk as an excellent milk for babies—because of its purity, uniformity, nutritiousness, richness in vitamins and minerals, and super-digestibility.

That's How Good It Is!

Carnation Milk

"From Contented Cows"

MILK FROM CANADIAN COWS, PACKED IN CANADA IN CANADIAN-MADE CANS AND CASES

WATERFRONT WHIFFS

Two Canneries Start Packing in District—Belmont Leaves For Ocean Falls—Halibut Market Weak

B. C. Packers' cannery at Mill Bay on the Naas River started canning spring salmon last week and the A. B. C. Packing Co.'s B. A. cannery at Port Essington on the Skeena River will commence packing springs next week. Gill-net fishermen on the two rivers are producing ample fish to meet the requirements of both canneries. The canneries are paying 75c a fish for spring salmon. These will be the only two canneries to operate in the district until sockeye fishing commences on June 20, it is expected.

On the trolling grounds also a good run of spring salmon is continuing and plenty of fish are being landed at Prince Rupert to meet all the demands of the buyers. The price being paid for red springs is 6c per pound and for white springs 2c. Gill-net salmon is being sold at Prince Rupert at 5c and 2c per pound.

In command of Capt. Alex Duthie on her last voyage, the local halibut boat Tern, belonging to the late Capt. Nels Pedersen, who died last week, was in with a catch of fish for sale on the exchange Monday. The Tern is now being tied up as far as halibut fishing is concerned but may go on fisheries patrol this summer, it is understood.

The local halibutter Livingstone II, Capt. Tony Martinussen, has been on the dry dock this week for cleaning and painting. As soon as the job is done, the vessel will be off to the fishing grounds again.

Capt. Pete Thompson is remaining in port for a few days between halibut fishing trips with the White Hope in order to give the vessel some painting above the water line. The hull of the White Hope, being in good shape, is not in need of such treatment at this time.

Fox and mink continue to thrive at the Kinahan Island fur farm near the mouth of Prince Rupert Harbor. The market for pelts, however, is far from profitable. Alfred Swanson of the Kinahan Island Fur Farm still holds the lease on Zayas Island which he acquired two or three years ago but is not doing anything there as yet.

Having in tow the Union Oil Co.'s tank barge, which will again be stationed at the North Island trolling grounds this summer, the tanker Unacana arrived in port Thursday afternoon from Vancouver with fuel supplies for the company's local tanks. The tank barge will be taken over to the Queen Charlotte Islands by the Pacific Salvage Co.'s power tug Salvage Princess.

After having spent several months here during the installation and testing out of the local long distance radiophone equipment, the Northwest Telephone Co.'s power cruiser Belmont, with R. H. Tupper, installation engineer, and crew on board, left at midnight Tuesday for Ocean Falls. After a stay at the paper town, where radiophone equipment was installed not so long ago, the Belmont will continue on to Vancouver.

The provincial police cruiser P. M. L. 8, after having spent several weeks at the dry dock undergoing overhaul and repairs, moved back down to the Pacific Salvage Co. floats on Wednesday of this week, to resume her service. Constable Harold Raybone, who arrived on Thursday from Hazelton, has been appointed to take charge of the P. M. L. 8. It will be remembered that he was formerly skipper of the old P. M. L. 2 here. The P. M. L. 4, in command of Corp. A. W. Stone, which has been relieving here during the overhaul of the P. M. L. 8, will be returning soon to her own station at Rivers Inlet, it is expected.

Pacific Salvage Co.'s power tug Salvage Princess, Capt. Frank Tyler, after an absence of four days, returned to port last Saturday from Crescent Inlet, Queen Charlotte Islands, having in tow a scow with two donkey engines from the J. R. Morgan logging camp which have been deposited near the Billmor mill at Porpoise Harbor.

23 On Grid

The Pacific Salvage Co.'s harbor ferry 23 has been on the company's gridiron during the past week. She is being put in shape for service to

the Salt Lake swimming resort during the coming summer.

The badminton tournament, which has been in progress among members of the Prince Rupert Fisheries Experimental Station staff for some time, is nearing a thrilling finish. Play has taken place in the basement of the new building and much interest has been taken in the exposition of scientific skill. Mr. Potts, who has an aggregate score of 389, is expected to be the winner although there are two or three games still to be played. So far, Mr. Young is the runner-up with 387.

During the week of April 23-29 inclusive halibut prices at Prince Rupert dropped off to their lowest levels of the 1932 season. For Canadian fish 3.6c and 2c and 3.5c and 2c were paid throughout the week. For American fish the high price of the week was 5.5c and 2c and the low 3.5c and 2c. Landings during the week totalled 357,000 pounds of which 203,000 pounds was from Canadian boats and 154,000 pounds from American. Landings for the season up to April 29 totalled 2,972,950 pounds including 1,369,050 pounds Canadian and 1,603,900 pounds American fish. Last year at the corresponding date landings had totalled 2,147,340 pounds of which Canadian boats had brought in 1,333,300 pounds and Americans 814,040 pounds.

A good run of spring salmon is reported at Langara Island on the Queen Charlottes. Quite a few springs are also being caught in Skidegate Inlet, it is learned.

Flewin & Brown's fish packer Taplow II was in from Warke Canal yesterday with 3,300 pounds of spring salmon which was sold to the Canadian Fish & Cold Storage Co. at 6c and 2c. Capt. Johnny Clausen was in on Monday with the Elmer C., having on board a load of springs which sold at the same price.

The Canadian Fisherman, in its current issue, comments editorially upon findings of Dr. Robert H. Bedford of the scientific staff of the Prince Rupert Fisheries Experimental Station that discoloration of halibut can be prevented by dipping the dressed fish in twenty percent solution of salt brine for a period of thirty minutes and that water used in making artificial ice should be sterilized so that bacteria may not destroy the fish. The magazine says: "It is gratifying to note the practical nature of the investigations and experiments being conducted by the Biological Board of Canada in its stations, Atlantic and Pacific. The publication of the board's findings in advance bulletins or 'Progress Reports' is appreciated by the fishing industry. Also appreciated is the effort shown to write up these progress reports in a manner that will be readily understood by the man in the fish business. If new methods are to be adopted by the industry, they must first be explained in language that the average man can comprehend."

The population of the prairie provinces increased 20 percent between 1921 and 1931.

Why a "Singer" Sewing Machine?

BECAUSE

1. Singer is made better, lasts longer.
2. Singer parts, attachments and service are obtainable in all parts of the world.
3. Your clothes are made for you and fit you regardless of your figure.
4. They are an expression of your own personality.
5. Cost you less than half and look 100% better than the ready made kind.
6. Can be purchased on monthly payments of only \$3.00—less than rent.

What a \$10,000 "Family Income" Policy Will Do

Here is the real solution to the family protection problem. This policy requires an annual deposit of only \$28.18 per thousand at age 30.

If you do not live to age 65 this Company at your death will commence to pay your family \$100 per month and will continue to pay this amount until you would have reached age 65.

In addition

\$10,000 will be paid on the 65th anniversary of your birth. This amount will be paid in one sum, or if desired, in instalments. (In the latter event, excess interest dividends will be added to the instalments.)

If you live to age 65

the Policy may be continued as an Ordinary Life Contract at a reduced yearly deposit or surrendered for its cash value which may be taken in one sum or as a monthly income.

Dividends

Liberal dividends are allotted yearly, the first distribution being at the end of the FIRST policy year.
