The annual men's banquet of St. Andrew's Anglican Cathedral was held last evening in the Cathedral Hall and the affair, as usual, proved one of marked success and enjoyment. About 100 men were in attendance and, after full justice had been done to a fine supper furnished by members of the Woman's Auxiliary under the direction of Mrs. W. J. Greer, president, a splendid program of speeches and music was presented.

Mayor Cyril H. Orme was chairman and toastmaster. The proceedings opened with the singing of "O Canada" and the toast to the King was honored in the usual manner. The three principal speakers of the evening were Bishop G. A. Rix, Canon W. F. Rushbrook and Dean Gibson, each of whom spoke appropriately to the occasion. The musical program included vocal solos by Mrs. A. G. Webber, Mrs. F. N. Good, Mrs. Ernest Anderson, Dr. R. G. Large, J. S. A WONDERFUL PICTURE

The city outside of the business section was wonderfully beautiful this morning. The rather depressing deep evergreens were all decorated as for a great feast by costly ermine. The stark boughs of the alder were all scintillating with crystals and ermine covered the ground.

FEDERAL CABINET CHANGES

Outstanding new strength is brought to Premier Bennett's federal cabinet by the appointment thereto as minister without portfolio of Rt. Hon. Arthur Meighen, former Prime Minister. Mr. Meighen will also be a notable acquisition to the Senate of which he has been named a member.

Next in importance in the cabinet changes announced today is the appointment of Hon. Edgar N. Rhodes as minister of finance. Mr. Rhodes has already been acting minister of finance and has shown marked aptitude in that department.

Prince Rupert will be interested in the appointment of Hon. Alfred Duranseau, minister of marine, as acting minister of fisheries. No doubt, a permanent appointment will be made before long in line with the policy of keeping the important department of fisheries separate and distinct from that of the marine.

Hon. W. A. Gordon, taking over the labor portfolio in addition to that of mines and immigration, will, no doubt, find his duties, under present circumstances, arduous and trying enough.

The three other appointments to the Senate, besides that of Mr. Meighen, have been, of course, made along straight political lines.

OPPORTUNITY LOST

An opportunity has certainly been lost by the governments concerned in connection with the construction of the highway east from here. Several hundred men have been fed throughout the winter by the people who pay the taxes and no return has been secured for the money expended.

The present policy, it seems, was ill-conceived and not well carried out. Large sums were expended on camps and many of them have since been evacuated. Tools were purchased and not used. Debts were incurred and many of them have not been paid.

DIFFICULT SITUATION

Everyone must realize the difficulties the governments have had in carrying on and providing money when the money markets of the world have been closed against them. A great deal of sympathy is due them in their difficulties. But why make light of the difficulties? Why should the administration at Victoria pretend that they did not pay their bills because they were too busy in the department instead of because they did not have the money?

Had Thirteen Boils On His Neck

Mrs. E. V. Dunscombe, Grassy Lake, Alta., writes: "My husband was covered with boils, having as many as thirteen on his neck at once. He tried everything possible, but nothing did any good until he took Burdock Blood Bitters, and before he had used one bottle the boils were all gone, and he has not been bothered with them since."

Burdock Blood Bitters is sold at all drug and general stores; manufactured for the past 53 years, only by The T. Millar Co., Ltd., Toronto, Ont.

NURSING PIONEER

Hon. Dr. MacLaren, in Address to Nurses at St. John, Describes Life of Jeanne Mance

ST. John, N.B., Feb. 4.—Many are the legends and stories that have grown about the beautiful life of Jeanne Mance, who, when but seven years of age, decided to dedicate her life to the service of God. The first authentic biography to be written in English however, is that by the late Dr. Forgan K.C., Litt. D., LL. B., written several years ago, and published under the auspices of the Religious Hospitalers of St. Joseph, Hotel Dieu, Montreal.

Dr. Forgan aptly and vividly describes the heroic Jeanne Mance, when he writes "A foundress of communities and a nurse by inclination and, we might also say, by instinct, a person with lofty ideals and magnificent aims, relying upon the guidance of providence, yet anxious to utilize every human means to attain her ends."

And it was her fine character and achievements that led Hon. Dr. MacLaren to choose as the subject of his address before the graduating class of nurses at General Public Hospital, St. John, "Jeanne Mance, the First Canadian Nurse." In his address Dr. Murray vividly described the story of her life in Canada, the founding under her auspices of the Hotel Dieu at Montreal in 1644, and the life and hardships within this ramshackle building. For a year the little colony was blessed with peace, while they ministered to the sick and destitute. But for a year only, for during the next decade, they were to know the horrors of Indian invasions.

After the foundation of the Hotel Dieu, Dauversiere of La Roche purchased the Island of Montreal thereon to found a hospital and set out for Quebec in 1641 with Maisonneuve as Soldier General, and forty men. They were accompanied by Jeanne Mance, who legend has it, was the first white woman to set foot on the island.

Many extracts from Dr. MacLaren's address have been reprinted in the published biography, thus showing the approval with which the publishers regard his interest in her life.

Indomitable Courage

Concluding, he says, she was "the soul of the expedition that settled in Montreal. Her energy stimulated the lazy, her indomitable courage shamed the timid, her angelic sweetness comforted the sick and wounded. Her life was truly a romance of Christian chivalry. She not only assisted at the birth of the great Canadian metropolis, but powerfully aided by ensuring its continuous existence by inducing colonists to come and settle here and by procuring funds for its maintenance. . . . Some of the old writers speak of her delicate frail appearance, her rare charm, exquisite manners and refinement, inspiring great interest and pity, yet neither terror of the Iroquois nor any difficulty presented to her could daunt her."

"Through everything she maintained the courage of her convictions and persisted in her work. Endowed with an energy that would be remarkable in a man, this frail woman had no fear in leaving her native land and civilization to become a leader in an expedition destined to found a new colony in a strange and barbarous country, and to succor ills and afflictions which were the lot of the colonists in their strife against the elements and the ferocious Iroquois. . . . the necessity of the work to which she had consecrated herself in her fervour of devotion upheld her in her task, for she possessed, unalterable confidence in the Supreme Master."

"Jeanne Mance might well be called the Florence Nightingale of Canada's Nursing System."

Sergeant Andrew Fairbairn, chief of the Smithers' detachment of the provincial police, came down from Smithers to Hazelton on the train which arrived here this morning from the interior.

The following is the scale of charges made for reading notices: Marriage and Engagement announcements \$2 Birth Notices 50c Funeral Notices \$1 Cards of Thanks \$2 Funeral Flowers 10c per name.

County Constable—Pardon, miss, but swimming is not allowed in this lake.

City Flapper—Why didn't you tell me before I undressed? Constable—Well, there ain't no law against undressin'."

The Colonel touring Europe on his leave of absence, did not forget the one he left behind. His son received a card from Sparta saying: "This is the cliff from which the Spartans used to throw their defective children. Wish you were here!—Dad."

It seems that a local young lady had been decorating the home with evergreen. "How do you like the scheme of holly over spruce?" she asked. "I should prefer mistletoe over yew," was his quick rejoinder.

And so there is to be no war in the Orient after all. It has been a rather interesting peace the last couple of weeks.

Someone Asked the Other Day

why the Daily News had such a large circulation in the city. It was easy to answer. The reason is because those responsible for the production of the paper put the very best they can afford into its make-up and sometimes more than they can afford. They give the people the best possible for the money.

SPORT CHAT

The season's playing schedules for the American and National baseball leagues have been announced this week by the league moguls. The season in both leagues will open on April 12. In the National League Boston will play on the opening day at Brooklyn, Chicago at Cincinnati, Pittsburgh at St. Louis and Philadelphia at New York. In the American League the opening day will see St. Louis playing at Chicago, Cleveland at Detroit, Boston at Washington (April 11), New York at Philadelphia and Washington at Boston. The season in both leagues will close on September 25 with the World Series ensuing immediately.

Delegates to the annual meeting of the Ontario Football Association sanctioned a substitute rule for the first time in the history of the association. Use of three alternative players by each team in the Ontario Cup competition will be permitted in future. The new rule compels each club in the competition to carry 14 players. Each substitute can only be used once during a game, and on no occasion can a replaced player return to the field. In the event of a player being injured, he may be replaced but he cannot participate in the game again.

CHANGES IN ASSEMBLY

New Lieutenant Governor Will Officiate For First Time—Nova Scotia Government Line-up Will Be Changed

HALIFAX, February 4.—Several changes will be noted at the opening of the fourth session of Nova Scotia's seventeenth legislature since confederation.

No date has been set, but it is customary to start the sessions in February or early in March. Last year the opening date was February 19.

Hon. W. H. Covert, who succeeded the late Hon. Frank Stanfield as Lieutenant Governor of the province, will officiate in the legislature for the first time since his appointment.

The front line of the government forces has been shuffled many times since the Conservatives were swept into power in 1925, and this year a number of ministers will be in seats new to them.

Col. the Hon. Gordon S. Harrington will face the assembly for his second session as prime minister, but he will be without his former first lieutenant and attorney general Hon. W. L. Hall, who now is a justice of the Supreme Court of Nova Scotia. In Justice Hall's place will be Hon. John Doull, who resigned his position as provincial secretary to become attorney general. Hon. J. Fred Fraser, formerly chairman of the Nova Scotia Power Commission, will appear as provincial secretary. Dr. Ferguson

Little, Halifax physician, not a member of the assembly, has been appointed a member of the power commission, but it is understood Premier Harrington will assume the responsibilities of chairman. Hon. Joseph McDonald, member for Cape Breton Centre, will move up to the front benches as minister of the government without portfolio.

The opposition line-up will appear much the same as last year. A. S. McMillan, veteran debater, and former minister of highways in the Armstrong government, will lead the Liberal forces. He will have the able support of William Chisholm, K. C., who resigned the leadership last year because of ill-health. Mr. Chisholm has been in better health the last few months and is expected to take an active part in legislative battles this winter.

Angus L. McDonald, former professor of law, who succeeded Mr. Chisholm as chief of the Liberals in the province, is not a member of the assembly but he will be a prominent figure during the session. He will occupy a seat at the right of his followers in one of the chairs reserved for distinguished visitors. Last year Mr. McDonald was on the floor nearly every minute the house was in session. He was in the fray from start to finish, although he was not permitted to speak.

New Stewart Doctor Appointed Coroner

VICTORIA, Feb. 4.—Dr. J. W. Vosburgh, new physician and surgeon at Stewart, has been appointed a coroner by the provincial government. It is announced.

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.

Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.

Letters should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

Indigestion

When chronic, is best relieved by Dr. Chase's Kidney-Liver Pills

In most cases, indigestion results from torpid liver and sluggish bowel action. Tablets for the stomach and aids to digestion fail in this chronic form of indigestion. You must get the filtering and excretory organs right before you can expect permanent relief and this is best accomplished by the use of Dr. Chase's Kidney-Liver Pills.

Chronic indigestion is a very common condition. On this account many suffer for years not realizing that relief is at hand in the form of Dr. Chase's Kidney-Liver Pills. Headaches, biliousness, spells of constipation and diarrhoea are among the accompanying ailments. What a relief it would be to be free of this condition which makes one feel so miserable and it is so easy by using this well-known regulator of the liver, kidneys and bowels.
