BIG PLANS FOR DINNER

Party of British Visitors to Be Here This Week-end

Big plans are being made for the dinner to be given in honor of the visiting Old Country party arriving here on the morning of Friday, July 1. The committee in charge met yesterday afternoon and tickets are being sold for the event both to men and women.

This is the first party of the kind to visit Prince Rupert and it will be an important event. The foreign editor of the London Times (Ralph Jeakin) is accompanying the visitors.

The party consists of 30 British business men and women who are making a tour of the province at their own expense and under guidance of the provincial government. The advantage of the tour is that its members are seeing British Columbia under government auspices and a more extensive program is available than if they came as individuals. An inclusive rate of \$172 10s. per person was arranged by transportation companies for the whole trip.

The party will arrive from Vancouver Friday morning on the steamer Prince Rupert and will be met by civic officials and members of the Chamber of Commerce. The program of entertainment and sight-seeing here will include a boat trip to Inverness cannery on the Skeena River Friday afternoon, the fish dinner Friday evening, and a drive on the highway and visit to the plant of the Canadian Fish & Cold Storage Co. and dry dock Saturday morning. The visitors will proceed east by train Saturday noon.

On Coast Ten Days

The party arrived on the Pacific Coast on June 20 and, since that time, has been shown all angles of industrial life and development not only in Vancouver but on Vancouver Island. The members showed much interest in the lumbering industry and were given every opportunity of seeing its complete workings. After visiting industrial plants there, the party was shown over the port of Vancouver Harbor by the Vancouver Harbor Commission and also inspected terminal facilities at the port of New Westminster.

From Prince Rupert the party will proceed to Jasper Park Lodge where they will spend Sunday evening and Monday. From there the party will go via Edmonton and Saskatoon, arriving at Winnipeg on Wednesday.

The visit to the Pacific Coast has been an eye opener to the members of the party, many of whom having seen the coast for the first time.

Fresno City Due Early Next Week to Load Cargo For United Kingdom or Continent

The management of the Alberta Wheat Pool's local elevator was advised this morning that the British steamer Fresno City is due here early next week to load a full cargo of grain from the local house for delivery to the United Kingdom or Continent.

No other details than this are available in the meantime. It is understood the vessel will be already lined on arriving here.

The Fresno City will be the first vessel to load grain from the local elevator for over a year.

Roosevelt Forces Win First Victory With Senator Walsh Chosen Convention Chairman

CHICAGO, June 29:—Two lively days of the Democratic national convention having elapsed last night gave promise of even more lively events to ensue. The forces of Governor Franklin D. Roosevelt of New York, outstanding candidate for the presidential nomination, won their first victory, and an important one too, yesterday when their candidate, Senator Thomas J. Walsh of Montana, shaggy white-headed ex-school teacher, was elected chairman of the convention.

Walsh was chosen over J. P. Shouse of Kansas, the nominee of the anti-Roosevelts, by a vote of 625 to 528.

Considerable more enthusiasm and hope was observed yesterday among the forces of Speaker John N. Garner who, it is still believed, will be Roosevelt's principal rival for the nomination.

There promises to be a bitter fight on the convention floor today when the prohibition plank comes up for consideration. The platform committee today voted overwhelmingly to commit the party in favor of prohibition repeal. The vote was 35 to 17.

TEACHERS HONORED

Farewell Presentations Made to Miss E. White and Eric Gee

At a special staff meeting of the Booth Memorial School yesterday opportunity was taken to say farewell to two of the teachers, Miss E. White and Eric Gee, who will not be returning to the city next fall as a result of the closing of two departments.

Miss Mercer, in making the presentation, expressed her regrets at their going. During their stay here they had been very willing to take an active part in extra-curricular activities and their relationships with the staff had always been of the most cordial character. It was regrettable that these departments had been closed. Miss Mercer then made the presentations of a gold nugget brooch to Miss White and a bridge set and mammoth ivory ash tray to Mr. Gee.

Miss White and Mr. Gee replied appropriately and, in acknowledging the gifts, said that they had enjoyed to the full their association with the teachers of whose kindnesses they had the happiest memories.

All retail stores will be open Thursday until 6 p.m. and close Friday. Retail Merchants' Ass'n.

No Announcement Made Following Discussions Yesterday of Strike Situation on Skeena and Naas Rivers

It is understood that the cannery managers will transmit the results of their deliberations to their head offices following which an answer may be given to the fishermen's demands.

Meantime, the entire fishing fleet of the Skeena and Naas Rivers is still tied up and the canneries are practically idle.

PIONEER IS DEAD

Capt. H. K. Kohrt, Veteran Gasboat Operator and Fisherman, Passed Away Yesterday

Capt. Harry K. Kohrt, veteran gasboat operator and salmon fisherman of this port, passed away yesterday afternoon at the Prince Rupert General Hospital where he had been a patient since August of last year. For some years he had been in failing health and the end was not unexpected.

Born in Germany, 57 years ago, and having followed the sea practically all his life, the late Capt. Kohrt had been a resident of Prince Rupert for some 23 years. In the early days he operated the charter yacht "Just It" and for a while was engaged in boatbuilding here. During more recent years he had followed the calling of a salmon troller with his boat "Bonita." He was a well known and popular figure on the local waterfront and his death will be regretted by many friends and acquaintances.

Capt. Kohrt was unmarried and had no relatives in this country. Funeral arrangements are in the hands of the B. C. Undertakers.

Interesting Figures Showed in Analysis of Beer Plebiscites in British Columbia

VICTORIA, June 28:—While 26 places in the province have voted for beer and 11 against in plebiscites held on the question since the province-wide plebiscite of 1924, it is a curious fact which is not generally known that the total popular vote was actually against beer. Where 13,696 voters favored beer, 14,074 were against it.

This interesting fact was revealed during recent campaigning in Esquimalt where a heavy majority was recorded in favor of beer.

Hazelton in Skeena was a northern town which voted in favor of beer sale.

Miss Olive Gordon, R.N., of the Prince Rupert General Hospital graduate nursing staff returned to the city on this afternoon's train from Calgary where she has been spending a month's vacation.

Sharp Pains In His Heart Nerves In Bad Condition

Mr. Fred J. Chase, Thomson Station, N.S., writes: "I have used Milburn's Heart and Nerve Pills with wonderful results. My heart would beat so fast I would have to sit down when at work chopping in the woods. I had sharp pains in my heart when I would lie down at night. My nerves were also in a very bad condition, but after using two boxes of Milburn's Heart and Nerve Pills I feel just fine, and am fourteen pounds heavier than I have been for years."

NEWS OF THE MINES

AROUND PRINCE RUPERT

Consolidated Starts Big Development in Omineca—Georgia River to Resume Development—Rose Lake Men Off to Cariboo

The Consolidated Mining and Smelting Co. of Trail is now initiating one of the largest mining developments in the history of the central interior of the province and has some six carloads of mining equipment at Vanderhoof which it proposes to move into Slate Creek in the Omineca where W. M. Ogilvie has been carrying on systematic prospecting and testing for a number of years. The policy of the company to suspend operations in the copper field in the meantime and concentrate upon gold properties, doubtless, explains the marked attention it is now giving to the gold-bearing gravels in the Omineca which are expected to bring that district into the public eye as a gold producer. Drilling tests made under the direction of Mr. Ogilvie during the past two years are said to have been eminently satisfactory. Mr. Ogilvie proposes to move the gravel on Slate Creek with a dragline scraper having a capacity of two cubic yards. Some of the machinery at Vanderhoof, particularly the engine and boiler, is exceedingly heavy for transport. There are three tractors and a trailer in the equipment, the heavier tractor being a 10-ton machine. There is a good highway for 83 miles out of Vanderhoof and beyond this are six miles of sleigh road which reaches the Nation

diver bridge. From this point north a trail affords the only means of transportation and, with the heavy freight to be moved, it will become necessary for Consolidated to build virtually forty miles of road in order to reach Slate Creek.

According to reports received in Stewart from the south development work on the Georgia River Gold Mining Co.'s property on Portland Canal will be resumed in the near future. In spite of the report there is no local indication at Stewart as yet of the work starting up. Considerable interest has been taken in the company's stock recently on the Vancouver Stock Exchange.

B. Allport, J. F. Newton and Ted Rowland of Rose Lake have left that interior point for the Cariboo district on a placer gold prospecting trip.

REGIMENT WON GAME

Merchants Lose Two to One in Stuart Benefit Football Fixture

In a match which was devoid of any notable features, Regiment defeated Merchants by a score of 2 to 1 in Stuart Shield football before a fair-sized crowd of fans at the Acropolis Hill grounds last evening.

The first goal came twenty-five minutes on in the first half when the leather deflected from Menzie, Merchants' full back, and Clark scored for the Regiment. The teams crossed over with the score standing one to nil for the Regiment.

The second goal for the Regiment came after about fifteen minutes of play in the second half through Vance. Chenoski scored the lone tally for the Merchants in about thirty minutes after the start of the period.

J. W. Thompson made his debut as a soccer referee on the local field and gave satisfactory service. Linesmen were Allan Davies jr. and Tony Bussanich.

AIR DRIED SHINGLES

Retain the cedar oil in the wood, affording extra and better preservation than kiln-dried shingles from which the essential oil has been evaporated. Our shingles are made on Queen Charlotte Islands and, as a home product, deserve your preference. Shingle makers wages on the Islands are spent eventually in Prince Rupert, while Vancouver wages never come north. Support a home industry and your own welfare by specifying Air Dried Shingles.

"I Had Almost Despaired," Then Started Sargon

"It's remarkable the way Sargon restored my health after seven years misery with stomach trouble. I was awake suffering for hours every night and almost despaired of ever seeing a well day again. The amazing results obtained from Sargon proved a revelation; every ailment I had is gone, and the new strength and energy I have has given me a new lease on life. Sargon Pills are a blessing, too. I wish I could tell everyone in Canada about this wonderful treatment."
