On Display Today The New Ford V-8 Cylinder

THE INTRODUCTION of the New Ford Eight marks one of the most important events in the history of the automobile. To millions of motorists it brings a wholly new standard of value in a low-price car.

When you see the New Ford Eight and drive it, you will realize that it is the complete answer to your motoring needs. Here are beauty and safety and comfort. Here are exceptional speed and acceleration, the smooth-flowing power of an eight-cylinder engine, reliability and economy. Here are silent second speed and silent synchronized gear shifting. Here, in a word, is all you desire in a motor car at an unusually low price.

The beautiful New Ford V-8 is now on display in this city. There is also an improved Ford four-cylinder 50-horse-power engine operating with new smoothness. It is available in the same fourteen body types as the V-8.

WE RECOMMEND THESE PURCHASES

In this issue you will find a number of advertisements of real interest to you.

They offer for sale a variety of products that are often enough vital necessities. Sooner or later you will have to buy many of them anyway. You will undoubtedly buy some of those we advertise.

WHY?

We recommend these heartily because we know from long experience that when a product bears the name of its maker and finds a friendy market throughout the country it must have survived the most exacting tests as to quality, desirability and Value.

In this day when a manufacturer or merchant reaches the point where he is willing to offer his wares for sale through the advertising columns of the press, you can depend upon it that it must be worth purchasing . . . because otherwise the business wouldn't last long!
