Olof Hanson Asks Minister of Trade and Commerce Intentions Regarding Local Grain House

Hope of More Satisfactory Grain Movement Seems Justified—Wheat Pool Has Not Applied For New Lease on Plant

OTTAWA, April 16:—Hope of a more satisfactory grain movement through Prince Rupert seems justified, according to Olof Hanson, who asked a question in the House yesterday of the minister of trade and commerce, Hon. H. H. Stevens, about the elevator there.

Mr. Stevens pointed out that, at the present time, the elevator was full of grain, owned by the pool, but it was not moving owing to difficult conditions in the world markets.

The lease expires next year, concluded Mr. Stevens, "and, when that time comes, the government will have to decide whether to renew the lease, if so desired, or to make a new lease with other parties. No application so far has been received from the Alberta Pool for renewal of their lease."

MANY HURT AUCKLAND

Church Burned During Disturbance Yesterday—Number of Communists Arrested

AUCKLAND, N.Z., April 16:—Three hundred injured as a result of unemployed riots in this city during the past couple of days were reported to be in hospitals last night.

During the riots a church took fire and was badly damaged, the unemployed being blamed for starting the conflagration. Windows of shops in Queen Street, the city's main thoroughfare, were smashed but there was no looting.

Stones used by the rioters are believed by the police to have been brought into the city, indicating that the disturbances were premeditated.

A number of Communists have been arrested.

BUILDING BLOWN UP

Eight Men Killed in Disaster at Columbus, Ohio—Probing Circumstances

COLUMBUS, Ohio, April 16:—Investigation is continuing into the circumstances of an explosion on Thursday which virtually destroyed the new state office building here which was just about completed at a cost of \$8,000,000, eight men being killed and 40 workers injured.

The circumstances pointed to the fact that the building was bombed although the investigators have not yet announced their findings.

CITY BARBER SHOPS TO REDUCE PRICES

City barbers, at a meeting last night, decided, on account of the depression, to reduce the charge for ladies' and men's haircutting from 75c to 50c and for children (except of High School age) from 50c to 35c. The new scale will become effective in all city shops today.

Miss Agnes McPhail, Lady Member, Speaks on Budget—Bennett and King to be Heard Next Week

OTTAWA, April 16:—"Collect the taxes where the money is," urged Miss Agnes McPhail, only woman member of the House of Commons, in speaking yesterday in the budget debate. She urged the government to place the burden of taxation on the rich and voiced her objection to inheritance of large amounts of money.

The budget debate has been going along quietly this week but is expected to liven up early next week when Premier R. B. Bennett and Rt. Hon. W. L. Mackenzie King, leader of the Opposition, are both billed to speak.

Rupert Should Be Prettiest Place on Whole Coast if the Residents Would Grow Flowers

Local Expert Urges Beautification of City By Means of Gardens So That It Would Be Talk of All Visitors

"Prince Rupert could be made the prettiest place on the coast from early spring until late in the fall, talked about by all visitors, if people would only grow more flowers," declared M. A. Burbank, divisional engineer of the Canadian National Railways, in an interview given the Daily News just before he left for the interior yesterday. He emphasized over the possibilities here and over the advantage accruing to the city from united action on the part of the citizens toward beautifying the city.

Vancouver Members Deserting Tolmie Ship; Walkem Out and Dick Expected to Quit Soon

VANCOUVER, April 16:—George A. Walkem, M. L. A. for Vancouver, announced today that he will not sit again as member of the Legislature although he will not send in his resignation until late enough in the year to avoid the necessity of holding a by-election.

"After eight consecutive years I feel that I would like a rest from provincial politics and hence my decision," Mr. Walkem said.

Co-incident with this announcement, it was stated in party circles that William Dick, another Vancouver member, is also on the point of retiring.

Mr. Dick refused to confirm or deny the statement for a little while yet.

DUST STORM ON PRAIRIE

Southern Saskatchewan Hard Hit Following Drought—Roads and Railways Piled High

CONTROL OF RADIO

The Financial Post in its recent issue argues against the government undertaking radio broadcasting as a state monopoly, claiming that most businesses taken over by the government have been failures. What the Post fails to note is that the government is the only authority that has the power to collect tolls from the audience. Under recent authority given them by Parliament they can collect two dollars each from owners of radio receivers. If collected, as it should be, this will provide a very considerable income and the tax on receivers might well be increased if the government gives something in return.

The All-Canadian Congress of Labor has made representations to the government in favor of a national system, advocating that the tax be increased to four dollars, of which three and a half dollars should be expended on broadcasting and the other half dollar on improvement of reception conditions.

DEFECTS OF PRIVATE CONTROL

The Congress in its memorandum to the government says:

"The worst defect of the existing broadcasting arrangement is its relegation of an important public utility to the position of an agency to promote the sale for profit of other services and merchandise. Such value as is received by the public from broadcasting is as secondary in the minds of those who pay for it as the coupon in a packet of cigarettes is to the tobacco manufacturer. So long as radio broadcasting is a mere advertising medium, the advertising is bound to occupy a predominant position in all programs. The hours when most listeners are tuned in will be at the disposal of the advertisers with the greatest resources, and each advertiser will seek to attract attention by using his period for entertainment rather than for instruction. During the evening hours, therefore, the listener has no choice except as between one kind of amusement and another. The educational possibilities of broadcasting are almost wholly neglected. The occasional serious program is broadcast in the unsalable hours, late at night or in the morning, when few can benefit.

"In Canada the disadvantage resulting from private enterprise in radio broadcasting is coupled with that of the inability of such private enterprise to provide effective competition with United States stations of greater range and more substantial endowment. Canadian stations, in short, cannot 'keep up with the Joneses.' The Royal Commission found this to be a matter of general complaint."

PROTEST REMOVAL

Trades & Labor Council Asks That Winn Be Retained as Head of Compensation Board

The Prince Rupert Trades & Labor Council, at its regular monthly meeting on Thursday night, went on record as being emphatically opposed to any move which might be made with a view to having E. S. H. Winn removed as chairman of the Workmen's Compensation Board. In view of his experience and the success of his service, the council felt that his removal would mean a serious loss. The attorney general will be communicated with along these lines.

Municipal and school affairs were discussed at some length by the meeting but no decisions reached.

The meeting observed one minute's silence in honor of the memory of the late Jack Ratchford, who died during the past month. Tribute was paid to Mr. Ratchford in remarks made by a number of delegates.

The meeting was a lengthy one, lasting almost until midnight. Ald. S. D. Macdonald, the president, was in the chair and there was a good attendance of delegates.

RUPERT SHOULD BE PRETTIEST PLACE ON WHOLE COAST

(Continued from Page 1)

Talking further about the possibilities Mr. Burbank said in effect: Spring flowers are the ones I like best because they bring a note of brightness and color after the rather long and trying winters. The crocus and daffodil grow well here and are effective. Tulips also do very well. Gladiolus can be planted in the same ground between the other bulbs and they make a good follow up for later blooming.

Mr. Burbank said he had planted tulips in the frozen ground at Winnipeg and secured wonderful results. There is no danger from freezing any of these early bulbs and they are appreciated even more than the later summer flowers. "For the amateur I always say, think about the spring."

Perennials, Mr. Burbank did not discuss at any length as he considered them a subject all to themselves. The main thing was to plant the tall plants at the back of the bed and the shorter ones near the front and to give room for filling in with annuals.

Discussing the annuals, Mr. Burbank said they should be so arranged that there should be a blaze of color all the time. Personally, he favored the scented flowers such as the stocks. They gave a variety of color, bloomed for a long time well into the fall, withstood rain and wind and gave off a wonderful perfume.

Flowering Shrubs

The flowering shrubs were also mentioned as being effective, such as lilacs. They were hardy and beautiful.

Quoting Luther Burbank, who, by the by, is a distant relative of M. A., the importance of soil was stressed. Any soil should be so porous that rain and air could penetrate. Rotten manure was very effective in bringing about this condition. New manure brought seeds which proved troublesome but once it had decomposed most of the seeds were destroyed.

"Visitors who come here should go away visualizing flowers," concluded Mr. Burbank. "The Lord put them on earth so that they could be enjoyed by rich and poor alike. My idea is to have so many that I have plenty to give away and still there are plenty in the garden to brighten and beautify the place."

Mr. Burbank puts his theories into practice at his own place. He is away often for weeks at a time just when he is needed in the garden but still he makes a good showing.

BOTH ARE DELEGATES

NEW YORK, April 16.—Both Former Governor A. E. Smith, 1928 candidate, and J. W. Davis, standard bearer for the party in 1924, were elected delegates yesterday to the Democratic convention this summer when a candidate for the 1932 campaign will be chosen. The convention here passed a resolution demanding repeal of the Eighteenth Amendment.

DEALINGS GOING ON

Lindbergh Kidnapping Case Gets Complicated—Believed Two Groups Have Dealt With Same Gang

NEW YORK, April 16.—It became apparent yesterday that the two separate groups of negotiators for the return of the kidnapped baby of Col. and Mrs. Charles A. Lindbergh were dealing with the same gang.

At New York Dr. Condon has been acting as Col. Lindbergh's representative and paid over \$50,000 in bills to the supposed abductors under a promise that the child would be returned which undertaking, however, was not lived up to.

At Norfolk Dean Peacock and associates have been acting as mediators for Col. Lindbergh.

Both groups claim to have been in touch with the kidnapers. Dean Peacock announced yesterday that he was advised that the child was still alive and well.

Col. Lindbergh was considering a plan yesterday whereby a committee would pass on further negotiations for the return of the child, this step being considered advisable to prevent any further fraud.

New negotiations were reported last night to be under way by Col. Henry C. Breckenridge, personal advisor of Col. Lindbergh. Col. Breckenridge spent the night alone at the home in New York of Dr. Condon, supposedly to meet representatives of the kidnapers with a view to having the child returned.

New York police were still endeavoring to trace one of the \$20 bills from the Lindbergh ransom money which was deposited in a city bank on Thursday.

DETECTIVE HEAD DIES

William John Burns, President of International Agency, Passes In New York

NEW YORK, April 16.—William John Burns, head of the International Detective Agency and noted United States criminologist, passed away yesterday.

Born at Baltimore on October 19, 1861, the late Mr. Burns was educated at public and parochial schools there, after which he took a business course. He took up investigatory work and ultimately became president of the William J. Burns International Detective Agency. He had offices in New York and Chicago.

The late Mr. Burns, who was a Republican and a Catholic, is survived by a widow.

PIONEER OF WEST

Samuel McKay, Indian Fighter and Buffalo Hunter, Passes Away at Calgary

CALGARY, April 16.—Samuel McKay, noted buffalo hunter and Indian fighter, died at his home here yesterday at an advanced age. He was a schoolmate of Archbishop S. P. Matheson, former Primate of Canada for the Anglican Church, and knew Louis Riel and Sitting Bull personally. In his younger days he was in charge of a Hudson Bay post in Manitoba.

Bob Fraser and Jerry Potts of this city will sail on the Prince John tonight to pay a visit to Queen Charlotte City.

SPENDING TO SAVE .. THROUGH Advertising

Not many of us, these days, are troubled with so much money that we cannot spend it. But we are interested in spending the money we have, to get the most out of it.

One way—and not a new way, either—is to make a budget. Put down, week by week, the money that comes in. Put down beside it, week by week, the money that goes out. So much for food, so much for clothing, so much for rent. So much for giving, and for luxuries.

Where Advertising Helps

It won't always be easy, of course, to stay within the budget. That's where advertising helps you. Advertisements in this newspaper tell you how much rugs, butter, breakfast foods, dishes, homes, automobiles will cost, before you go shopping! They point out ways to save money. They show you how to cut a little here, a little there. And each day, they tell about new inventions, new products, new ways of doing things, that help make this life of ours very much worth living!

Let the Daily News Classified Ads. work for you.

President Hoover Advised to Stay in Washington This Summer Rather Than Go to California

WASHINGTON, D.C., April 16:—President Herbert Hoover is being urged by his political advisors, in view of the election campaign this year, to forego plans he has made for a trip to his home state of California this summer. President Hoover has been intending to attend the opening of the Olympic Games in Los Angeles and then pay a visit to his home at Palo Alto. The president has not been west since he entered the White House.

CHILD need REGULATING? CASTORIA WILL DO IT!

When your child needs regulating, remember this: the organs of babies and children are delicate. Little bowels must be gently urged—never forced. That's why Castoria is used by so many doctors and mothers. It is specially made for children's ailments; contains no harsh, harmful drugs, no narcotics. You can safely give it to young infants for colic pains. Yet it is an equally effective regulator for older children. The next time your child has a little cold or fever, or a digestive upset, give him the help of Castoria, the children's own remedy. Genuine Castoria always has the name:

New Stock Transfer Tax Might Mean Closing of New York Exchange, Says Whitney

WASHINGTON, D.C., April 16:—Richard Whitney, president of the New York Stock Exchange, told the Senate finance committee yesterday that, if the plan to impose a one-quarter of one percent stock transfer tax was put into effect, it might reduce business to such an extent as to force the New York Stock Exchange to close which, in turn, might mean a financial panic and national disaster. Mr. Whitney feared such a tax would be destructive in its effects. He was willing to accept a tax of 4c per share as an emergency measure, this being double the present rate.

"THESE HARD TIMES"

"The hard times and scarcity of money makes it more important than ever to economize. One way I save on clothes is by renewing the color of faded or out-of-style dresses, coats, stockings, and underwear. For dyeing, or tinting, I always use Diamond Dyes. They are the most economical ones by far because they never fail to produce results that make you proud. Why, things look better than new when redyed with Diamond Dyes. They never spot, streak, or run. They go on smoothly and evenly, when in the hands of even a ten year old child. Another thing, Diamond Dyes never take the life out of cloth or leave it limp as some dyes do. They deserve to be called 'the world's finest dyes!' "

SOFTBALL YESTERDAY

Tigers Defeat Giants 8-6 in High School League

In yesterday's fixture of the High School Softball League the Tigers defeated the Giants in a hard fought game by a score of 8 to 6.

The game started off evenly with the Tigers getting one run while the Giants brought home two. The honors of the second inning, however, went to the Tigers who took the game into their hands by bringing home five runs. This lead was held for the next two innings as the Giants only scored one run to the two brought in by the Tigers.

In the fifth inning the Giants made a heroic effort to equalize. Several long hits brought them within grasp of the game. At last, with only two more runs to make, the Giants were retired by the Tigers who finally got together.

Heavy hitting played the most prominent part in the game. The fielding of both sides was good although the slackness of the Giants in the second cost them the game. The teams were as follows:

Tigers—W. Tobey p, Gillis 1b, McRae 2b, Marshall 3b, R. Tobey 1ss, Morgan c, L. Wilson lf, Emmelman cf, McLeod rsc, Greer rf.

Giants—Smith p, Unger 3b, Blake 1b, Forbes 2b, Dominato rsc, Kishimoto 1ss, Wingham c, Suehiro cf, Arney lf, Peachy rf, Murdoch rf.

Senior and Intermediate Ball This Year is Planned by Meeting Baseball Association Last Night

The Prince Rupert Baseball Association, at its general meeting last night, decided to organize both senior and intermediate leagues this year with three teams in each league. The plan is for each senior team to sponsor an intermediate team. Ald. George Rudderham, president, was in the chair and there was a large attendance of local enthusiasts, about thirty in all, twenty of whom were prospective intermediate players. An executive meeting will be held on Monday at which entries will be received for both leagues. It is expected that the Senior League teams will be sponsored by the Elks, Sons of Canada and Old Empress Hotel.

Officers for the year were elected as follows:

Honorary President, Mayor C. H. Orme.

President, Ald. George Rudderham.

First Vice-President, Ald. S. D. Macdonald.

Second Vice-President, H. G. Kennedy.

Secretary-Treasurer, Joe Scott.

The executive will be the officers and a representative of each senior team, the intermediates also appointing one man.

Play Goes Off Well On Second Evening

The second presentation of the two-act play "The Laughing Cure" last night went off even better than the opening night. There was also a larger attendance. After the play, the Ladies' Aid served refreshments to all those participating in the social parlors of the church.

British Government Not Satisfied With Affairs of Irish Hospitals Lottery

LONDON, April 16.—The government is planning the appointment of a Royal Commission to investigate affairs of the Irish Hospitals Sweepstake, it was revealed yesterday. It is stated that Great Britain put \$45,000,000 into this sweepstake during a year and got only \$20,000,000 back.

PHILLIES IN LEAD

In Exclusive Possession of National League Supremacy—Athletics Defeat Yankees

PHILADELPHIA, April 16.—After Jimmy Foxx and Mickey Cochrane had slammed out home runs earlier in the game, Al Simmons in the ninth inning drove in the run which enabled Philadelphia Athletics to defeat the New York Yankees yesterday and thus even up honors in their first series. For the Yankees, Lou Gehrig scored a home run with Babe Ruth on first. The score was 9 to 8.

Chicago White Sox defeated St. Louis Browns 4 to 3 in a 13-inning battle.

Washington Senators made in three straight wins over Boston Red Sox by a score of 2 to nothing to retain the league leadership.

The Phillies took sole possession of National League supremacy by taking another victory from New York Giants 7 to 6. With the exception of the Phillies, at the top, and the Giants, in the cellar, all National League teams are now tied with 500 percentage in the standing as a result of yesterday's play. Yesterday's scores:

Washington 2, Boston 0.
Cleveland 2, Detroit 3.
New York 8, Philadelphia 9.
Chicago 4, St. Louis 3.

National League

SPORT NOTES

The Australian Olympic Federation has announced a team of twelve to represent Australia in the Olympic Games at Los Angeles this summer. There are nine representatives of New South Wales, two from Victoria and one from Tasmania. The team is composed of: Abdre Charlton, N.S.W., swimming, 400 and 1500 metres; Noel Ryan, N.S.W., swimming, 400 and 1500 metres; Miss Claire Dennis, N.S.W., swimming, breast stroke; Miss Bonnie Mealing, N. S. W., swimming back stroke; Miss Frances Bell, Vic., swimming, free style sprints; Alex J. Hillhouse, Vic., distance runner; George Gold-ong, N.S.W., 400 metres, flat and hurdles races; William Barwick, Tas., distance runner; Miss Eileen Wearne, N.S.W., sprinter; H. R. (Bobby) Pearce, N.S.W., (at present in Canada), sculler; Duncan

Gray, N.S.W., cycling; E. Searf, N.S.W., heavyweight wrestler; J. S. W. Eve will act as manager of the team.

Whether the girls and men will travel on the same boat has yet to be determined. On arrival in Los Angeles the men will be quartered at the Olympic Village while the girls will go to the University of Southern California. A rigid Olympic rule forbids the mingling of sexes during the games. The selection announced by the federation is final, conditional only on medical examinations. The athletes were chosen from a vast number representing all parts of the commonwealth, only those conceded to have a good chance of winning being chosen. If a member of the team drops out, there will be no substitute.

Guide to
Correspondents
The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.

Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication. Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

When You CAN'T QUIT

Fatigue is the signal to rest. Obey it if you can. When you can't, keep cool and carry-on in comfort.

Aspirin was meant for just such times, for it insures your comfort. Freedom from those pains that nag at nerves and wear you down. One tablet will block that threatening headache while it is still just a threat. Take two or three tablets when you've caught a cold, and that's usually the end of it.

Carry Aspirin tablets when you travel. Have some at home and keep some at the office. Like an efficient secretary, they will often "save the day" and spare you many uncomfortable, unproductive hours. Aspirin is harmless, so keep it handy, keep it in mind, and use it. No man of affairs can afford to ignore the score and more of uses explained in the proven directions. From a grumbling tooth to those rheumatic pains which seem almost to bend the bones, Aspirin tablets are ready with quick relief—and always work. Neuralgia. Neuritis. Any nagging, needless pain.

Get the genuine tablets, stamped with the Bayer cross. They are of perfect purity, absolute uniformity, and have the same action every time. Why experiment with imitations costing a few cents less? The saving is too little. There is too much at stake. But there is economy in the purchase of genuine Aspirin tablets in the large bottles.

WATERFRONT WHIFFS

Landings of Halibut For Week Fairly Heavy—Spring Salmon Moving in Freely—Migration of Seals is Now on

A total of 506,200 pounds of halibut was landed at Prince Rupert during the week ending yesterday, this total including 345,200 pounds of American fish and 161,000 pounds of Canadian. The week's business boosted landings for the season up to and including yesterday to 2,191,950 pounds of which American vessels had brought in 1,241,400 pounds and Canadian, 90,550 pounds.

The heavy week's landings, of course, had the effect of forcing prices down again. The top bid of the week for Canadian fish was 5.6c and 3.5c which the Terns was paid for 3,500 pounds while the low price of the week was 5c and 2c which numerous boats received. For American fish the high price was 7.3c and 3c which the Eureka received for 5,000 pounds and the low 5c and 3c which several boats received.

Capt. Ben Severson was in port yesterday morning from the Porcher Island trolling grounds, bringing in 1600 pounds of spring salmon which sold at 10c for red fish and 2c for white to the Booth Fisheries.

Impelled by the homing instinct, the most valuable seal herds in the world have begun their annual migration from the balmy waters of the tropics to the Pribilof Islands in Bering Sea. The glossy-coated mammals travel several thousands of miles under the protection of the Canadian and United States governments to their northern rendezvous, where many of them are killed each year under supervised methods, that their fur may satisfy the demands of fashion. Since the governments took over control of the seals in 1910, the herds have increased from 132,000 members to 1,125,000. The kill this year will be between 55,000 and 60,000. Only a certain portion of the three-year-old males are killed. Before the herds slide into the sea to return to warmer climes for the winter, 300 Aleuts "cut out" the allotted number of young bachelors for their skins. On their trek of more than 3,000 miles northward, United States Coast Guard cutters accompany the seals, to guard against pelagic hunting. But the mammals have one gauntlet to run, along the Washington Coast. Indians of certain Washington State tribes reserve by an old treaty with the government, the right to kill the seals while they are in the open Pacific. Putting out in their native boats, the Indians may use only their spears, the primitive weapon of their ancestors. Modern guns and motor boats are prohibited. They have averaged as many as 2,000 kills during a run. After the seals pass the Washington coast, they again are in safe waters, for Canadian boats escort them to the coast of Alaska.

Doc Clapperton, popular member of the Government Wharf staff, has not been feeling so fit as usual these last few weeks. However, he has been able to turn out for most of the "Princess" boats and the fine spring sunshine Prince Rupert has been enjoying the last few days is having a wonderful tonic effect. By the time the football season rolls around, we have no doubt that Doc will have been restored to his normal health and exuberance. Meantime, his many friends are wishing him an early and immediate recovery from his ills.

Back From Patrol
Corp. A. W. Stone returned to port on Thursday afternoon with the provincial police boat P. M. L. 4 after a four-day patrol trip as far down the coast as Butedale. On Thursday the P. M. L. 4 made a speedy run up from Lowe Inlet in seven hours and five minutes. The P. M. L. 4 is regularly stationed in the Rivers Inlet district but she has been here for the past couple of months and has lately been relieving the local boat P. M. L. 8 which is at present at the dry dock for minor repairs.

Len Weaver, erstwhile fur buyer, has been engaged in hand logging during the past winter at Lowe Inlet. He has about finished his logging work for the season and is expected here shortly preparatory to taking up a fisheries patrol charter for the summer with his gas-boat Flying Spur.

Capt. John Clausen, well known Prince Rupert salmon packer, landed his first load of fish of the sea-

son at Prince Rupert on April 13 when he came in with 500 pounds from the trollers in the neighborhood of Stevens Island.

Halibut landings at the port of Prince Rupert for February this year aggregated 226,450 pounds of which 90,500 pounds was from American vessels and 136,950 pounds from Canadian boats, according to a bulletin issued by the United States Bureau of Fisheries. For the whole coast the grand total for this February was 878,611 pounds as against 65,589 pounds in the same month last year. The American total was 724,481 pounds in February this year as compared with 62,589 pounds in February 1931 while the Canadian total for the month this year was 154,150 pounds in comparison with 3,000 pounds. Landings of American fish at Alaska ports for this February totalled 278,761 pounds in comparison with 42,939 pounds in the same month last year. Vancouver landings were 17,000 pounds this February whereas there were none last year. Vancouver Island received no halibut this February whereas there was 1,000 pounds in that month last year. At Seattle landings this February amounted to 355,200 pounds as against 19,650 pounds last year.

DRESSLER PICTURE

Canadian Character Actress Has Fine Vehicle in "Emma" at Capitol Theatre

The highly popular Canadian character actress, Marie Dressler, is the dominating star in the week-end feature picture "Emma" at the Capitol Theatre here. The authors and producers of "Emma" have concocted a story with a goodly amount of pathos, comedy and drama and the tale serves as excellent material for Miss Dressler's personality and for her unusual comic and dramatic ability. Although it is largely a Marie Dressler monologue, the supporting cast is splendid. The picture is clever and entertaining throughout.

Miss Dressler is always popular with Prince Rupert audiences and "Emma" may be fairly described as one of the finest of many pictures in which the veteran star has ever appeared.

PROGRAM IS FINE

Versatile Vocal Recital to Be Presented Next Wednesday By Prince Rupert Singers

One of the most versatile programs local vocal talent ever offered to the music-loving public of Prince Rupert will be that to be presented on Wednesday of next week in the Capitol Theatre by the Prince Rupert Singers, under the able direction of H. N. Brocklesby. The recital is being presented under the auspices of the Prince Rupert GYRO Club and the proceeds will be entirely used for relief purposes.

Mixed choruses by the entire party numbering 34 voices in all, male choruses and ladies' choruses will feature the program. Considerable ingenuity has been exercised by the director in his selection of numbers and some popular features are being introduced. On the program for the mixed chorus, besides the more or less conventional choral numbers, spirituals and folk songs are to be offered. Elgar's "Challenge of Thor" and Bridge's "Incheape Rock" will be among the outstanding of the full choral offerings, which will total 11 items.

There will be six male choruses and these will include some rousing sea chanties and interesting novelties. A brief humorous interlude has also been arranged.

Notable numbers among four or five ladies' choruses will include Elgar's "Snow," trio with dual violin obligato, and Cadman's "Indian Mountain Song."

Charles P. Balagno, well known local concert pianist, will be the accompanist for the evening. Assisting artists in instrumental numbers and novelty dances.
