PEACE PROSPECTS ARE FADING NOW LEGISLATURE GIVES TIME TO PACIFIC GREAT EASTERN

Fighting Continues Furiously At Shanghai With Japanese Making Steady Advances Along Front

Invaders Are Suffering Heavy Casualties as Stubborn Defence Continues—Shanghai-Nanking Railway Bombed—Little Hope For Immediate Truce

CHINESE PUSHED FAR BACK

SHANGHAI, March 2:—The Japanese had advanced all along the Chapei-Woosung battle line Thursday and had almost pushed the Chinese back to the twelve and a half mile limit demanded by the recent Japanese ultimatum. Woosung alone held out.

SHANGHAI, March 2:—With hopes for a truce receding into the bounds of improbability as Japan and China both continued to insist on peace terms which could not be mutually agreed upon, military operations all along the Shanghai front took on renewed strength yesterday with the tide of battle going distinctly in favor of the invaders.

Japanese military forces, moving their headquarters into Changwan village yesterday following its capture from the Chinese, continued to close in on the Nineteenth Chinese Army. At the expense of heavy casualties as the defenders resisted stubbornly, the Japanese continued during the day to make slow but steady gains.

Throughout the day the Japanese continued to land troops under a heavy barrage of artillery fire from the fleet anchored in the Whangpoo River.

Early Wednesday the Japanese implemented their threat of the first of the week by dropping bombs on the Shanghai-Nanking Railway line and terminal facilities in the effort to prevent the Chinese from continuing to move in reinforcements. Extensive damage was done.

The eastern and southern sections of Chapei native quarter were ravaged by flames caused by Japanese bombing from airplanes. The entire city was rocked as though by an earthquake when two depth charges were exploded in the river by Japanese warships. Panic ensued although little if any damage was the direct result.

Slight Hope For Peace

There now appears to be little hope for an immediate truce. While the contending sides appear to be able to agree upon general terms of peace, neither will consent to suspend hostilities while a truce is being negotiated.

Japan still insists that the Chinese army withdraw twelve and a half miles out of Shanghai before the invaders leave. The Japanese refuse to consider leaving ahead of the Chinese.

China insists that Manchuria be included in all peace proposals.

VANCOUVER, March 2:—Wheat was quoted at 65 1/2c on the local exchange today.

ELKS STARVING ON OLYMPIC MOUNTAIN

ABERDEEN, Wash., March 2:—Owing, it is believed, to the unusually heavy snowfall this winter, elk on the Olympic Mountains are virtually starving. According to reports of those who have observed them, the animals are very emaciated and weak.

LINDY JUNIOR IS KIDNAPPED

NEW YORK, March 2:—Charles Augustus Lindbergh jr., 19-month old son of Col. and Mrs. Charles A. Lindbergh, was kidnapped from his home at Hopewell, N.J., last night. The child had been put to bed at 7:30 and at 10 p.m. the kidnapping was discovered. A ladder was found near the house.

FISH BIDS LOW TODAY

Boats Are Talking of Tying Up Unless Situation Shows Early Improvement

Halibut prices dropped to new low level around 4c and 2c on the local Fish Exchange this morning and owners of local boats were talking of tying up their craft meantime in hopes of an improvement in the situation later. Most of the boats, however, will probably make another trip before definitely deciding to suspend operations. Today's sales were as follows:

American Oceanic, 11,000, and Schorn, 18,000, Cold Storage, 4c and 2c.

Canadian Signal, 5,000; Ternon, 9,000; Gony, 6,000; Morris H., 4,000, and R. W., 6,000, Atlin, 4.2c and 2c.

Aleve, 1,400; Gibson, 8,500, and Gulvik, 7,500, Cold Storage, 4c and 2c.

NAVY BILL IS DELAYED

United States Congress Decides to Deal With Agricultural Relief and Tariff First

WASHINGTON, D.C., March 2:—Congress has decided to deal with first matters in importance first and consideration of the Hale Bill to provide for naval building by United States up to full treaty strength has been temporarily shelved.

Agricultural relief matters are to be dealt with first and then the naval bill will come up.

Seattle in Favor

The board of trustees of the Seattle Chamber of Commerce yesterday passed a resolution expressing themselves as being in favor of the full ten-year naval construction program by the United States as allowed under the London Treaty.

Don Brown returned to the city on the Prince George this morning from a trip to Vancouver.

DISCUSS RAILWAY

Legislature Devotes Third Day to Consideration of Pacific Great Eastern Report

VICTORIA, March 2:—The British Columbia Legislature occupied its third successive day yesterday in considering a report on the Pacific Great Eastern Railway.

Dr. R. W. Alward, Conservative, Fort George, urged the extension of the line into the Peace River Block at the earliest possible date.

If private capital can be interested in the development of the Pacific Great Eastern and the opening of rich new territory in the north by provision of the Pacific Coast outlet for the Peace River, it would mean the expenditure of \$50,000,000 in British Columbia and would provide work for 15,000 men and revitalize all British Columbia industry, Dr. Alward declared.

Col. Nelson Spencer, Conservative, Vancouver, declared that, despite the depression, the deficit of the P. G. E. for the last year would be about \$55,000, or practically the same as the preceding year. The road bed was in excellent shape. Extension into Peace River would undoubtedly be profitable.

Rod McKenzie, Conservative, Cariboo, thought the government would be well advised to set aside \$2,000,000 for an immediate start on extension into the Peace River. This would be an effective way of taking care of unemployment.

The debate was adjourned by J. W. Cornett, Conservative, South Vancouver, who will be heard today.

SUFFERING WITH COLD

Lloyd George Unable to Give St. David's Day Address in London

LONDON, March 2:—Suffering from an intense cold, Rt. Hon. David Lloyd-George, former Prime Minister, was unable to attend a banquet of the St. David's Society as the principal St. David's Day speaker last night.

Mr. Lloyd-George's address was to have been rebroadcast to Canada, United States and other parts of the world.

ALBERTA BALANCES BUDGET

Alberta province was faced with a four million dollar deficit and in order to keep her credit the government found it necessary to exercise great economies and to impose more taxes. She reduced expenditures to the extent of slightly more than a million and a half dollars and she increased taxes to such an extent that it is expected to make up the two and a half million difference by means of income tax, corporation tax, amusement tax, increases in trust and loan and bank taxes, beer tax, etc.

In connection with the income tax there is an exemption of \$750 for single men and \$1500 for married men.

The outstanding feature of this budget as of all the others in Canada is that at a time when people are less able to pay than at any time since the war the taxes are to be increased very considerably. This seems to indicate that the system of taxation is all wrong. When the country is prosperous the taxes are lightened and when the time comes that it is very difficult to pay anything, then the burden is increased.

TAX SALE LOTS POLICY

The question of the general policy of disposing of tax sale lots is one that is being discussed today. It came before the city council at its last meeting and will be before them again in the near future. Briefly the problem is as follows:

When city lots are sold because taxes on them are unpaid, many of them usually are bought in by the city. There are no other purchasers who need them just at that time and who are willing to wait a year before they can get title to the property, as provided in the municipal law and with the probability that the original owner may pay up the taxes and redeem the property. In fact "Tax Sale" is a misnomer. All that is sold is the possible right to purchase at a future date. Only a speculator can enter into a contract of that kind.

It has been the policy for a number of years past to dispose of lots which have reverted to the city and on which title has been secured by the city. These have been sold mostly to men who are planning to erect small places for themselves and who would not build if they had to pay high prices for property. By disposing of the property the city not only secured the purchase price but also brought the property back to a position where it could help pay the taxes. This was thought to be good business, especially so during a strenuous time such as that through which the city has been passing. If only a small amount was realized it provided the city with that much more income and made up for the numerous small drains upon the finances which could not be provided for in the estimates.

The objection to the method of disposal is that it tends to bring down the price of property and can be used against the city when people are applying for a reduction in their assessments. It tends to destroy the market for privately held property and may be a hardship to those who purchased city property because of its speculative value.

As the question will be up for discussion and it is probable a decision will be arrived at soon in regard to the policy to be adopted, citizens should express their views on this subject, either through the newspapers or to members of the city council so that the final policy adopted may be in line with their wishes.

Her Heart Was So Bad Couldn't Do Housework

Mrs. S. Dragoman, R.R. 2, Midland, Ont., writes: "I had been troubled with heart trouble for many years. My heart would beat so fast I could hardly breathe, and I had headaches, and dizzy and fainting spells. I couldn't get my housework done I was so weak. I took three boxes of Milburn's Heart and Nerve Pills and felt much better, and now I would not be without them in the house."

SCHOOL IN HOOP LEAD

Intermediate League Basketball Tie Broken Last Night

C. N. R. A. Wins

Deadlock Exists Now for Senior League Honors

High School last night broke the three-corner tie in the intermediate League by defeating the Tuxis 22-20 in a fast game at the Auditorium.

In the Senior division C.N.R.A. stepped out and took the leading Panthers 23-20, to make them now tied for first place.

In the Junior League the Rovers easily defeated the League of Nations 18-8.

The girls' game was a one-sided affair in which the Amazons again defeated the Cardinals 15-4.

Intermediate Game

This contest started very slowly with fouling prominent on both sides. However, as soon as the boys got into the swing of the game, the spectators were treated to some fast basketball. First half ended with a tie score of 11-11.

The second half started with both teams striving hard to gain a lead. Play zig-zagged up and down the floor at a good pace but neither team seemed to be able to gain much of an advantage. The High School gained a two-point advantage in the dying moments of the game and, as the whistle blew, the score stood 22-20 in its favor.

High School—Walters, 2; Wingham, 10; Unger, 7; Vance, 1; Tobey, Hickey, 2.

Tuxis—J. Morrison, 6; Nakamoto, 3; Thurber, 9; Smith, 1; Harrison, Allen.

Senior Game

This game started with C.N.R.A. pressing Panthers defence heavily. They got a slight edge early in the game and kept the Panthers at bay for the rest of the half. The Panthers were using too many long shots which were wide of the basket. The C. N. R. A. managed to pierce through the Panthers defence to sink enough cinch shots to give them the edge 12-9 in the first half. The second half was a repetition of the Intermediate game, although not quite as fast. C.N.E.A. turned in one of the best games it has played this half, and well deserved its victory 23-20 over the Panthers.

C.N.R.A.—D. Morrison 7; Johnson 6; B. Staiker 3; Lambly 7; Nelson.

Panthers—Mitchell 3; Macdonald 2; Irvine 3; Cross 7; McNulty 8; Thurber 2.

Junior Game

Good basketball was not absent in this game although it was one-sided. The Rovers played a splendid game and have improved their basketball more than any other team. Team play and accurate shooting won for them this game against the League of Nations who were disorganized and tried too many long shots at the basket. By winning last night's game it is going to make it hard for any other Junior team to snap the lead away from the Rovers.

Rovers—McKinley 4; McRae 4; McMeekin, Willisroft 6; Davies 4; Bremner.

League of Nations—Gillis 2; Antonelli 4; Greer, Arney 2; Marshall, Allen.

Girls' Game

With no difficulty the Amazons trimmed the Cardinals in last night's game. The Amazons could not miss the basket whereas the Cardinals could not seem to find it. First half ended with the score 15-0. In the second half the Cardinals managed to stop their shooting but could only sink two baskets for themselves. Thus the Amazons had an easy victory, 15-4.

Amazons—Boddie 8; Pritchard 2; Tite 2; McLeod 3; Jack.

Cardinals—Lowe; Irvine 2; Krivsky; Stone 2; Gilchrist, Steen.

Refereeing was in the capable hands of D. Morrison, Lyons, Johnson and W. Plommer.

Andrew Glover, steward of the Prince Rupert Club, sailed yesterday afternoon on the Catala for a holiday trip to Vancouver.

WINNIPEG HOME AGAIN

World Champion Hockey Team Given Wild Welcome

WINNIPEG, March 2:—In the wildest welcome ever accorded a triumphant sports organization in the west, thousands of Winnipeg's most rational citizens forgot decorum last night as they tossed hats in the air, thumped each other on the back and shouted themselves hoarse in honor of the Olympic hockey champions, the Winnipeggers. Following the arrival of the champions over Canadian National Railways from Port Arthur, where they played the final game of their barnstorming tour Monday night, local fans stamped through the streets to shout congratulations to the hockey heroes who rode triumphantly in the centre of a monster parade of gaily decorated floats. It was five weeks, almost to the hour, since the Winnipeggers left for Lake Placid in search of world's amateur hockey honors.

Automobile horns and drums blended to drown the martial music of five bands as the parade wound through the crowded streets from the Canadian National depot to the Amphitheatre rink, where the official reception was staged. A feature of the ceremony was the presentation to each member of the victorious team of a handsome monument in the form of a buffalo, Manitoba's emblem, imposed on two marble sections bearing the seals of the city and the province in gold. The presentations were made by Mayor Ralph H. Webb, supported by Premier John Bracken.

"I am employed in a theatre and it is a problem to make ends meet, as I help support my mother and sisters. I like to dress well but haven't very much to spend on clothes. To give the appearance of variety to my slender wardrobe I change the color of a dress or stockings as soon as the things become faded. I always use Diamond Dyes for the work—using them as dyes for dresses and as tints for stockings. I have always gotten such perfect results that our neighbors talk about the great number of new things I have. I learned about Diamond Dyes from our wardrobe mistress. She says she has tried all the dyes on the market but none do such splendid work and are so easy to use as Diamond Dyes. I understand they are the world's most popular dyes—and they deserve to be." DIED HERE SUDDENLY

Mrs. Agnes Catlette Succumbs Early This Morning After Complaining of Pains in Chest

After complaining of pains in the chest to a colored man who was visiting her house at the time, Mrs. Agnes Catlette, who was between fifty and sixty years of age, died about 1 o'clock this morning at her home, 741 Eighth Avenue West. The woman had been playing a game of cribbage with her visitor when she complained of feeling unwell. She became worse and Dr. C. H. Hankinson was called but she expired before his arrival.

An inquest was opened this morning before Coroner Norman A. Watt and, after the body had been viewed, the hearing was adjourned sine die. An autopsy has been ordered with a view to definitely ascertaining the cause of death. The jurors are W. M. Watts, Jack Bulger, Geo. Frizzell, Thomas Yule, A. J. Matheson and S. A. Bird.

Deceased, who had resided here for five or six years, has a niece here, Miss Melvin Polk, 737 Eighth Avenue West.

BOAT SELLS CATCH AT SEWARD

A wire has been received from the halibut schooner Takla, Capt. Chris Parkvold, stating that the weather had been very bad to the westward and that he had sold his catch of 3,000 pounds at Seward. Everything was all right on board.

C.N.R. steamer Prince George, Capt. Nedden, arrived in port at 11:15 this morning from Vancouver, Powell River and Ocean Falls and will sail at 4 o'clock this afternoon for Anyox and Stewart whence she will return here tomorrow evening southbound.

NO DISTRESS after eating

GET RID of that old dread of indigestion, and eat without fear of distress. When food ferments; disagrees; lies like lead in the stomach, it is a sign of too much acid. The stomach nerves have been over-stimulated. The quick corrective is an alkali. Don't resort to burning doses of soda—take instead, an antacid that will correct the condition. Phillips' Milk of Magnesia! A spoonful of this soothing alkali restores the proper alkaline balance to an acid-soaked system. Then the stomach, liver and bowels function as they should. Phillips' Milk of Magnesia is what you need when bad breath or coated tongue indicate too much acid. Take a spoonful today, and for several days, and see how soon it sweetens the entire system. Your digestion will be vastly improved. Things will taste better and you will feel better in so many ways. Also, you will find when your system is properly alkaline you are not so susceptible to sickness and colds. That you are no longer troubled with constipation, or with headaches, gas on the stomach. An alkaline balance builds resistance. Ask for Phillips' Milk of Magnesia, which is the preparation of magnesia prescribed and recommended by your own doctor for correcting excess acid. 50c bottles are sold at drug stores everywhere in the Dominion. To avoid the condition of acid mouth, you should use a milk of magnesia tooth-paste. Your teeth are worthy of the best dentifrice. Try Phillips' Dental Magnesia, which contains 75% concentrated Phillips' Milk of Magnesia.

WHY FLEET ON PACIFIC

United States Says It Has No Significance in Regard to China and Japan WASHINGTON, D.C., March 2.—The Navy Department denies that the presence of a large portion of the United States Navy on the Pacific Coast is of any significance so far as the Sino-Japanese crisis is concerned. The warships have been merely sent there for manoeuvres, it is explained.

WASHINGTON HAS SLIDES

Fatal Conditions Following Spell of Warm Weather—Several Are Killed

SEATTLE, March 2.—Two persons were killed and five were missing following an avalanche at Edgewick, Wash., near North Bend. This brought the death list as a result of unusual weather during the last week to a total of 14. Four men were killed by a snow-slide at the city of Seattle's new power development on the Skagit River. They are believed to have been swept into the river.

Other towns in the mountains are endangered by unusual conditions following sudden warm weather and rains. Railway traffic is partially paralyzed. Many farmhouses in the lower areas are jeopardized and numerous homes in the Cascade Mountains have been evacuated in fear of floods. In one town there was water hip deep in the streets and homes had been destroyed.

Over the week-end bridges were washed out and highway and railroad traffic was paralyzed. Damage it was estimated would run into millions of dollars.

Continued rains and high temperature gave little promise of immediate relief. Many roads are in a very dangerous condition as the flood waters recede.

As a result of slides on the line of Great Northern trains are now being routed via Vancouver, Washington.

The Milwaukee Railway is running over the tracks of the Northern Pacific via Kennewick and pending clearing of its own

DIED HERE LAST NIGHT

William McIver, Superintendent of Elevator, Succumbs After Critical Illness

William McIver, for five years identified with the Alberta Wheat Pool's Prince Rupert elevator, the last four years as superintendent, passed away at 8:40 last evening at his home, 1107 Park Avenue, where he had lain critically ill for the last month, his recovery having been despaired of during the past two or three weeks. The victim of heart trouble, he was 46 years of age.

Born at North-Tolsta, Stornoway, Isle of Lewis, Scotland, the late Mr. McIver had been a resident of Canada for over twenty years. He came here five years ago from Fort William, Ont., where he had lived for 14 years and where, before coming west, he was foreman of the government elevator. For the first year here he was foreman of the local house, assuming the position of superintendent in succession to Joseph Bennett, when the latter became Pacific Coast superintendent, of Alberta Wheat Pool elevators with headquarters in Vancouver.

Deceased was well known and esteemed, not only in shipping and business circles here, but by many friends whom he made. His death is greatly regretted. He was a member of the Masonic and Loyal Orange Lodges.

The late Mr. McIver is survived by his widow, there being no children. William Finlayson of this city is a cousin while Alex Murray, alternately a member of the local elevator staff and of that in Vancouver, is a nephew. The latter is leaving Vancouver tonight and will arrive here on Friday afternoon on the steamer Princess Adelaide.

The remains are resting at the B. C. Undertakers parlors. At the lying request of deceased, the body will be forwarded to the home in Scotland where interment will be made. It is expected the nephew, Mr. Murray, will accompany the remains to the Old Country.

Large Crowd Enjoyed Affair Last Night—Twenty-Five Tables of Cards

The local Moose Lodge held another of its very enjoyable whist drive and dance affairs last night in the Moose Hall.

There were 24 tables of cards and about 50 couples more came in for the dance which followed. Prize winners at cards were as follows: ladies' first, Mrs. T. F. Fitch; second, Mrs. D. C. Schubert; men's first, T. F. Fitch; second, D. C. Schubert.

Delicious refreshments were served with Mrs. Charles Edwards in charge of the kitchen.

Pat Brewer was in charge of the tables. Music for dancing was furnished by Bob Greenfield and his Premier Orchestra. A. K. Nelson was master of ceremonies and Joe Slaggard floor manager.

Presiding at the door were H. Loakes and Ted Rorvik. The affair started at 9:30 p.m. and concluded at 1:30 a.m.

Bring Back Prosperity By Eating More Fish

PRINCE RUPERT PEOPLE URGED TO SUPPORT THE BIGGEST INDUSTRY THE CITY HAS BY KEEPING EVERY FRIDAY A FISH DAY AND USING THE LOCAL PRODUCT OFTEN

Prince Rupert's biggest industry is fishing. A large section of the local people are engaged directly in the industry and all others depend on the success of the fishing to keep their businesses going or to provide their salaries. For that reason it is desirable that as much fish as possible be consumed locally.

Who can help in this? Nearly every person can do something.

FISH BUYERS AND WHOLESALE DEALERS can help by making fish easily accessible to local merchants at the lowest possible price consistent with the price paid to the fishermen.

LOCAL STORE KEEPERS can help by displaying fish in their windows periodically—at least once a week—and including fish in their advertising.

HOTELS AND RESTAURANTS can help by keeping local fish well to the fore in their daily menus.

ALL HOUSEHOLDERS can help by providing a fish meal as often as possible, at least twice a week and by insuring that it be cooked and served in the most appetizing manner possible.

CITIZENS WHO ARE NOT HOUSEHOLDERS can do their part by asking for fish whenever possible and making suggestions as to methods of cooking and serving.

If Prince people lead the way, others will follow. Every pound of fish consumed locally is a help to the fishing fleet on which the city depends.

Fish produced and marketed at Prince Rupert includes Halibut, Salmon, Cod, various varieties of Flat Fish, Crabs, Shrimps, Oolachan, Herring and Kippers.

Follow the Crowd to--- Wallace's Dissolution Sale

We wish to thank the public for their splendid support in this, our first really great sale. Its success we attribute to the fact that we have always been known to carry a first class stock of merchandise and that we always have lived up to our advertising.

If any of our friends did not receive the attention they expected, we beg them to make allowance because of the fact that we did not expect such a rush. It exceeded our greatest expectations. We promise to continue to supply buyers with as great values as we have given them on our first day.

Meeting of Prince Rupert Teachers' Federation Last Night

The regular monthly meeting of the Prince Rupert Teachers' Association was held in the Booth Memorial School last evening with the president, J. S. Wilson, in the chair and a full attendance of members.

Correspondence was read with regard to the situation at the University of British Columbia and the effect that the reduced grants would have particularly with regard to the faculty of arts and science. The members were desirous of maintaining the educational facilities of the province at the highest possible level but felt that, in view of the recent pronouncements from the Department of Education that little could be done at present.

With the annual convention of teachers to be held at the end of the present month in mind, discussion took place regarding delegates and resolutions. The appointment of delegates was left in the hands of the president. With a membership of over thirty teachers the local association is entitled to four delegates. This is in addition to the president who, as geographical representative of Northern B. C., is already a member of the central executive.

Resolutions will be submitted with reference to the history courses in grades seven and eight in the elementary schools and grades nine and twelve in the high school curriculum. With regard to the elementary schools, it was felt that the present textbook was written in language far too difficult for the pupils of these grades to comprehend sufficiently to enable them to use the book as a reference book for themselves. With regard to the high school grades it was pointed out that, to enable the pupils to adequately cover the course outlined, at least twelve textbooks were necessary. This was practically impossible except with an exceptionally well supplied school library and this was not available.

Changes in the course of study to suit the text or definite assignment of text books would simplify the situation considerably for the pupils. A full report was given the members by the president with regard to the recent negotiations with the board of school trustees. The next regular meeting will be taken up with reports by delegates of the annual convention of the British Columbia Teachers' Federation.

VACCINATE MANY HERE

Over One Hundred Persons at Public Clinic—Hundreds of Others Are Done

"Prince Rupert is getting the best vaccination it ever had," declared Dr. J. P. Cade, medical health officer, this afternoon in commenting upon the number of people that have had inoculations here since the recent outbreak in Vancouver of the malignant, deadly form of smallpox.

The fact that something over one hundred persons presented themselves at the vaccination clinics held in the City Hall Monday and yesterday afternoons indicates that local people have been seized with the seriousness of the malady.

Up to yesterday afternoon some 250 children at Booth Memorial School, 150 at Borden Street School and 46 at Seal Cove had been vaccinated. High School, Annunciation School and Westview School have not yet been started.

In addition to all these, numerous local people have been vaccinated privately by their own physicians. Vaccination is the only sure means of combatting the malignant type of smallpox which is now epidemic in Vancouver.

WEATHER NOT BAD

Prince Rupert Had More Rain This February Than Last But Also More Sunshine

Prince Rupert had more rain in February this year than it had in the same month last year but it also enjoyed considerably more sunshine. For this February sunshine amounted to 22.3 hours as compared with 9.8 hours in the same month last year. This February there was 11.8 inches of rain as against 8.8 inches in February 1931. During the first two months of 1932 there has been 55.4 hours of sunshine and 24.21 inches of precipitation as against 13.7 hours of sunshine and 22.88 inches of rain in the corresponding period last year.

The weather summary for the month of February, as announced at Digby Island meteorological station yesterday, was as follows:

Highest barometer reading at sea level, 30.49 on February 16.
Lowest barometer reading at sea level, 29.25 on February 8.
Maximum temperature, 47 on February 25 and 26.

TEA WAS SUCCESS

St. David's Day Celebrated by the Ladies' Aid of First Baptist Church

The St. David's Day tea and sale of home cooking held yesterday afternoon in the church parlors by the Ladies' Aid of First Baptist Church was an entirely successful affair. Weather was auspicious for the affair and numerous ladies called during the afternoon.

The rooms were prettily decorated for the occasion with Welsh colors and emblems by Mrs. Frank Morris convener, and her able assistants.

The guests were received by Miss James Hampton, president of the Ladies' Aid, and Miss Ceredwyn Morgan, who was attired in Welsh costume.

Mrs. Bert Morgan and Mrs. J. Morrison were in charge of the tea room. Mrs. G. Peters and Mrs. Geo. Hibbard poured and Mrs. W. S. Hammond, Mrs. J. Armstrong, Mrs. Sam Currie and Mrs. D. Orchard McLeod were serviteurs. Mrs. Vic Houston was cashier.

Mrs. A. Iverson and Mrs. W. W. Wrathall were in charge of the home cooking table.

During the afternoon a delightful program was offered, this including vocal solos by Mrs. A. G. Webber, Mrs. J. P. McMillan, Mrs. P. H. Lintey and Master David Houston, recitations by Mrs. Chas. Lord and piano solos by Miss Connie Morgan. Accompanists were Mrs. E. J. Smith, Miss Cathie Watson and J. E. Davey.

Lieut. Col. S. P. McMordie, D.S.O., manager of the Capitol Theatre, returned to the city on the Prince George this morning from a week's trip to Vancouver on theatre business.
