### NEW ZEALAND'S PREMIER WANTS A CLOSER UNION

Supplements His Efforts at the Conference by a Speech at the Colonial Institute—Uniform Accident Compensation Laws Are Decided Upon.

(Canadian Press Despatch)  
London, June 14.—A strong plea for closer union of the parts of the Empire was made by Premier Ward of New Zealand at the Colonial Institute last night. He said that a meeting of the premiers once in four years was not enough. The present system excluded 15,000,000 people from full Imperial citizenship. In the hour of national peril, he declared, neither Great Britain, nor her children could stand alone. Closer union, and especially closer union for defence was a vital necessity.

**Uniform Laws Needed**  
During the day the Imperial Conference devoted itself largely to the task of considering uniform laws for the Empire. Resolutions were passed favoring uniformity in the laws relating to accident compensation, and for reciprocal measures regarding the deportation of undesirables.  
The Conference also adopted a resolution favoring the principle of Imperial naturalization under an open act with the view of securing uniformity of recognition of British citizenship throughout the Empire.

### HE BROKE INTO A PEST HOUSE

Montreal Man May Get Infected—Scared the Cops Who Arrested Him.

(Canadian Press Despatch)  
Montreal, June 11.—Albert Anderson, a Montreal man, last night broke into a shed at the small-pox hospital, covered himself with blankets and went to sleep. When arrested and about to be placed in a cell the circumstances became known and a panic followed. The policeman refused to move the prisoner who was segregated to a dark room in a cellar.

### BATTLE IS ON FOR RECIPROCIITY

Bill was Reported Today Without Recommendation. Long Siege Expected in the Senate.

(Canadian Press Despatch)  
Washington, June 14.—A long siege, with the battle on closely drawn lines is clearly the fate of the Canadian Reciprocity bill which was reported in the Senate this morning by the Finance Committee.  
As was expected, it was reported without recommendation. Both favorable and adverse views have been expressed, and a long siege is certain.

### SAILORS IN BOSTON WILL NOT JOIN THE STRIKE

Such is the Statement Made by The Secretary of The International Seamen's Union at That Port—Strike Proclamation is Posted on the Antwerp Docks

(Canadian Press Despatch)  
Boston, June 14.—The seamen on British ships now in the United States will not strike in response to the call which was issued in England yesterday calling on all seamen to go on strike June 18th. The statement that they will not strike is given on the authority of the Secretary of the International Seamen's Union.  
**Manifesto Issue**  
Antwerp.—The Seamen's Union have posted manifestoes over the waterfront here proclaiming a general strike of seamen calling on all seamen to join in the great strike.

This taken with the proclamation of the Southampton Seamen's Union is accepted as evidence that the long talked of general strike of sailors is to take place.

### A HEROINE'S DEATH

Eliza Hicks Died in Trying to Save Her Brother

London, June 11.—In an effort to save the life of her brother Warren, who was overcome by gas in a well in Westminster township today, Eliza Hicks was asphyxiated in the well along with her brother.

## LAUNCH AND FOUR MEN RESCUED JUST IN TIME

Were Picked up off Digby Island by The Beaver---Engine Broke Down and For 36 Hours They Were Without Food or Drink---Had Made Paddles Out of Driftwood A Narrow Escape.

Five prospectors going to Hazelton in a new gasoline launch which left Prince Rupert last Friday were towed back to the Davis wharf yesterday after a miserable and most dangerous experience. When off the mouth of the Skeena their engine broke down. Without oars, paddles or mast they were left entirely at the mercy of wind, wave, and tide.  
They had brought only enough provisions to take them to Port Essington where they had intended to stock up for the river trip, and they had not a single drop of water to drink. For thirty-six hours they drifted out in the sound suffering from hunger and thirst, and making anxious efforts to put the engine right, or to propel the boat otherwise. Strong tides run there, and the launch was drifted off shore steadily.

**Carved Rough Paddles**  
Out of some driftwood floating around, and from bits of plank from the boat fittings, they contrived uncouth paddles chopped into rough shape with jack knives. A tarpaulin was nailed to a heavy strip of plank they found, and raised on another beam to do duty as a sail. But with the wind off shore, the sail only helped drive the disabled boat farther from help. Sticking stubbornly to their paddles the five men took turns at the work, and after thirty-six hours' anxiety managed to make progress. At three o'clock yesterday morning their plight was seen, and they were towed into the shelter of Digby Island by the launch Beaver. From there they were towed over to the Davis wharf where their engine was repaired.

**Lake Francis Launch**  
The five men are L. B. Cook, owner of the launch and leader of the party, G. C. Jordan, Jim Burke, G. Teasdale, and F. A. Geddell. They left this morning with supplies, long oars, a mast and sail, and plenty of water stocked in case of further mishap. With the launch they are bound for the Francis Lake district. The boat is to be used there for ferrying. It is a 22-ft. launch of shallow draught for lake work, and has an 8 H.P. engine. Well suited for lake or river work the launch is not built for sea service, and there can be no doubt that had the weather been at all rough this week-end off the Skeena, it would have swamped and the party would probably have drowned.

### DOMINION DAY ATHLETICS BIG PROGRAM PROMISED

Will be Water Sports, Land Sports, Racing, Wrestling, Gay Decorations and Bright Music—Energetic Committees Have Taken Charge—Cyril H. Orme is President.

Dominion Day sports are to be the event of the summer in the athletic line in Prince Rupert. In the new police court room last night a goodly gathering of enthusiasts got together to discuss the programme, and committees were appointed to carry out the arrangements for a well organized day's athletics.  
**Land and Water Sports**  
There will be land and water sports at the events, as well as approaches to it will be brightly decorated. The committees appointed consist of the Land Sports Committee, the Aquatic Committee, and Printing, Music, and Decoration Committees. A General Committee of many members is formed to look after the interests of the holiday in the most comprehensive way possible.

As President for the whole of the organizers Cyril H. Orme has been appointed with William Godson as Secretary. Composing the general committee are, J. R. Beatty, Rev. W. H. McLeod, Rev. Father Hartman, W. H. Pettigrew, H. F. Sinclair, L. Waugh, Dr. Tremayne, G. W. Nickerson, C. Cargill, F. W. Keeley, L. Crippen, J. J. Sloan, W. N. Bailey, J. H. Kugler, H. B. Campbell, A. J. Prudhomme, S. D. Macdonald, R. Harrup, G. W. Black, Neil McKay, M. P. McCaffery, J. D. Allen and R. W. Cameron.  
**Special Committees**  
The other special committees were made up as follows: Finance Committee M. P. McCaffery, J. R. Beatty, W. Vickers, J. J. Morris and D. G. Stewart.  
Water Sports: Captain Mustgrave of the S.S. Lillooet; W. A. Pettigrew, H. F. Sinclair, L. Waugh, Dr. Tremayne, F. W. Keeley, J. H. Kugler and H. Rogers.  
Land Sports: J. R. Beatty, Rev. W. H. McLeod, W. H. Vickers, L. Crippen, G. Johnson, S. D. Macdonald, R. Harrup, J. D. Allen and R. W. Cameron.  
Grounds Committee: A. J. Prudhomme, A. E. McMaster, Dan McKinnon and Dr. McNeill.  
Printing Committee: S. D. Macdonald, O. H. Nelson, W. D. Black, and Neil Mackay.

**Reception Committee**  
As Reception Committee will act Government Agent J. H. McMullin, also the Mayor, and members of the city council.  
Various ideas in relation to the day's entertainment and the convenience of the athletes in the various events were discussed tentatively, but the main work of organization lies with the energetic committees appointed.  
It was especially emphasized that all those desiring to take part in any of the athletic events in the land and water sports should give notice at once to either J. R. Beatty at the Westholme Lumber Co.'s building or to W. A. Pettigrew.  
As Chairman at last night's meeting Cyril H. Orme proved himself efficient and popular as ever.

**Picnic Tomorrow!**  
If the weather is good, you may have an easy chance to go to Metlakatla tomorrow evening. The Presbyterian young people are having several launches ready at the wharf tomorrow evening and extend a cordial invitation to everybody who would enjoy a bonfire, a picnic-supper, with a game of ball on the sand, and a moonlight trip home at ten o'clock.  
Definite announcement regarding the exact hour of leaving will be made tomorrow. The ladies are asked to bring the provisions and each gentleman will pay seventy-five cents to cover the cost of the launches. One launch will probably leave at 5 p.m., and the other at 6.15.

**Social and Personal**  
Mrs. J. S. Cowper will not receive on Thursday nor again until further notice.  
**Indoor Baseball**  
Premier Hotel Team vs. Brotherhood Crescents tonight at the Auditorium. Game called at 8.30 sharp. Admission 25c.

### DAY OF PROMISE SEES FIRST REAL TRAINS

In Business-like Style But With An Enthusiastic Send Off The First Passenger Train Pulls Out For Copper River One Hundred Miles East.

Today marks an epoch in the history of the Grand Trunk Railway and of Prince Rupert. The first passenger train eastbound from the Pacific Coast terminal pulled out with clang of bell and hissing blast of steam at one p.m. A crowd of the live citizens of Prince Rupert gave the train a send off at the wharf depot, where before long will be built the permanent railway station. Numbers of the liveliest live ones boarded the train to make the first trip, for tickets were on sale on board as well as at the G. T. P. booking office.

confidently assigned their posts of honor.  
No display of bunting was made in connection with the train, but there was a gay and festive air about the starting all the same. Railway men and citizens alike realize that this train heralds the coming great eastday of all when the first transcontinental train is saluted. Today's train took for the first 100 miles up river about 200 passengers. The train was made up of two passenger cars, brake van, General Superintendent Mehan's private car, and several freight cars. It pulled out at one p.m. and was scheduled to reach Copper River shortly after nine tonight.  
A number of citizens went as far as Inverness from which point a steamer was available to take them back to Prince Rupert this evening.

### SOME CHAMPION LOCAL BOWLERS

Prince Rupert's All Star Team Shows International Championship Form.

In a match between the G. T. P. bowling team, and an all-star team of local bowlers, the all-stars, composed of Stenstrom, Franke, McMillan, Morrison and Akenburg, beat the G. T. P. team by 2730 to 2610. The G. T. P. team was composed of Messrs. Crandall, Melville, Holtby, Mader and Eddy.  
In making the score of 2730 the all-star team made a score only beaten by one team in the great Canadian Bowling Tournament, in Toronto last year, when the Dominions captured the championship with a score of 2783. They easily exceeded the score of the Detroit Samaritans, the runners-up in that event, who made a score of 2693. The G. T. P. team with their score of 2610 was only beaten by eight teams in the whole tournament.

### Trusty Railway Men

Engine 103 had the honor of hauling the first trainload of booked passengers. In charge of the engine was Driver E. Nehring, senior engine driver on the mountain division of the G. T. P., a servant of the company of long standing and valued reliability and experience. Taking care of the train and passengers was Conductor E. Chesley, senior conductor for the mountain division, another trusted employee of the company's. To these two men, General Superintendent Mehan

### WITH MASONIC HONORS CAPT. SMITH WAS BURIED

Funeral to Garden Island Was Attended by Many Well Known Members of the Craft—Rev. W. G. James Chaplain of the Order Conducted the Services

With Masonic honors the body of the late Captain Tom Smith of the city police department was buried this afternoon. Deceased was a member of the Unity Masonic Lodge of Adelaide, South Australia. He had not been associated with the Tsimpsean Masonic Lodge, Prince Rupert, but as soon as they were informed that he was a Mason, J. H. Thompson, Senior Warden, and J. Christiansen, Secretary of the Lodge, took charge of the funeral arrangements and cabled the Secretary of the Unity Lodge, Adelaide, to communicate with any of Captain Smith's relatives there.  
**Funeral Service**  
The funeral service was held in the Anglican Church at 1 p.m. At half-past twelve the members of the Tsimpsean Lodge convened at the Masonic Hall, and proceeded to the church where Rev. Mr. James, Chaplain of the Lodge, read the funeral services. Afterwards the coffin was taken by launch to Garden Island for interment, accompanied by members of the Masonic fraternity. Due Masonic rites were observed throughout the services.

### PRUDHOMME CASE HAS BEEN ARGUED

License Commissioners Appeal was Heard by the Court of Appeals Yesterday.

(Special to the Daily News)  
Victoria, June 14.—The appeal of the License Commissioners of the City of Prince Rupert against the decision of Mr. Justice Clement renewing the license of A. J. Prudhomme for the Savoy Hotel was argued before the Court of Appeal yesterday afternoon. The judges were Chief Justice Macdonald, Mr. Justice Irving, Mr. Justice Martin and Mr. Justice Gallihier. Mr. C. M. Craig appeared for the License Commissioners and Mr. C. M. Woodworth opposed on behalf of Mr. Prudhomme.  
Judgment was reserved, but owing to the urgency of the case it is likely that the court will give judgment within a few days.

DAILY EDITION.

WEDNESDAY, JUNE 14

THE CITY COUNCIL, THE LICENSE COMMISSIONERS AND MR. PRUDHOMME

The full significance of the council's amazing action in voting public money in their efforts to prevent Mr. A. J. Prudhomme from securing a renewal of his license for the Savoy Hotel, should not be lost upon the public.

It means that in an attempt to prevent the members of the License Board from receiving the natural consequences of their unlawful act, their friends on the city council have determined to drag in the city and fight the forlorn hope with the citizens' money.

Possibly they hope that when the courts are called upon to state who are responsible for the loss that Mr. Prudhomme has suffered, by some means or another the bill may fall upon the citizens. It looks suspiciously like the policy that was enunciated at the previous secret meeting, when it was proposed to unload all responsibility for the strike upon the Dominion authorities by calling in H. M. C. S. Rainbow. It is to be hoped that the present policy may meet with like success. In the case of the Rainbow a similar disregard was shown as to the financial consequences to the city.

Many people were prepared for unusual action when it became noised about town that a secret meeting of several members of the council had been held on Saturday night, followed by Mayor Manson's departure from town before the council met, for Mr. Manson has a surprising habit of disappearing when important things are to be done. He kept away on private business until the council had got the liquor law altered to permit the hotels to keep open till midnight. He was away during the Rainbow incident. He was nowhere to be seen on the day of the riot. It is not charged that the Mayor was actually hiding under the bed, but his absence on that occasion was so noticeable that it was a general jest round town that the Mayor had handed authority over to Chief Vickers and was seeking safe seclusion.

It is nonsense to pretend that the city council are so anxious to know the precise aspects of the law so closely that it is worth spending a lot of money to find it all out. If they want to know what the precise aspects of the law are on the matter, they can find it in Mr. Justice Clement's judgment and mandamus.

That honorable judge, well learned in the law which he is sworn to impartially dispense, went into the whole matter very closely, and gave it as his opinion that "There is no doubt in my mind that the refusal to grant the renewal was for reasons other than that claimed on behalf of the commissioners." He followed that up by a mandamus addressed to the commissioners by their names, saying:

"WHEREFORE, we being willing that due and speedy justice should be done in the premises, as is reasonable, do peremptorily command you, the said Board of License Commissioners, to grant said Alexander James Prudhomme, a license in renewal of the license previously held, without the insertion in such license of any condition, lest by your default the same complaint should be repeated to us."

If the License Commissioners choose to take the risk of deciding who shall and who shall not have licenses, for "other than those reasons claimed on behalf of the commissioners," that is their own risk. Any fool knows that it is a risky business to monkey with the law. The legal regulations upon which licenses can be issued and refused are clearly laid down in the statutes. If the members of the License Board care to take the risk of being a law unto themselves, they may. But the city council cannot plead in the face of Mr. Justice Clement's decision that they are justified in voting the citizens' money—some of it A. J. Prudhomme's money—in an effort to prevent Mr. Prudhomme from earning a living.

It is no secret that Alderman Newton is responsible for the editorial utterances of a certain local newspaper. The similarity in the obtuseness of outlook and turgidity of thought between Alderman Newton's speeches and the editorial articles in question, point to their common parent. For the reason that his written articles are rarely sensible, we do not notice them. But an article which appeared in Alderman Newton's paper a few hours before he voted the citizens' money to fight Mr. Justice Clement's judgment is worth quoting. It is a characteristic reply to a series of articles which appeared in this column on the economics of the G. T. P. assessment agreement.

Says Alderman Newton editorially: "It does seem a pity that a consummate ass should be permitted to make such belittling references concerning those who strove to effect the best settlement possible rather than waste a lot of the people's money in fighting law suits. . . . A small bunch of narrow minded politicians are prepared to even sacrifice the city's best interests for damnably party advantage. Politics are all right in their place, but when they conflict with the welfare of the city, we say away with them."

With the exception of the first clause in the leading sentence, we would apply the whole quotation to fit Alderman Newton's actions. We would not call him a consummate ass, for he is not that. He is merely a simpliminded gentleman, with strong convictions, but little exact knowledge of anything. Nor would we limit Alderman Newton's freedom of speech—at least not until the city can afford to support a permanent opera company with a funnier low comedian. But we do heartily endorse his strong statement of the iniquity of the city being plunged into law suits to suit . . . some narrow-minded politicians. . . for damnably party advantage.

How do the citizens feel about it. That means you.

SEE TO SEALS IN THESE SEAS

H. M. S. Shearwater Sails from Esquimaux for the Behring Sea This Month.

About the end of this month or the beginning of next, H. M. S. Shearwater will leave Esquimaux for the Behring Sea to look after British interests during the sealing season. The sloop-of-war is now preparing for her trip to the north. Japan has also decided to send a vessel across to look after that nation's interests. The cruiser Naniwa left Hakodate on May 1 and will proceed first to the Kamshatka coast and Copper Islands. She is expected to reach the scene of the sealing activities towards the close of this month.

Five revenue cutters are to protect the interests of the United States, four already having been sent north, and the other, the Rush, now awaits orders at Seattle. If pelagic sealing is not stopped as a result of the conference being held at Washington it is reported that the American government will send a cruiser into Behring Sea to assist the revenue cutters.

DECK HANDS OF AMUR LOSE CASE

C. P. R. Crews Must Handle Cargo on Sundays According to Agreement Signed by Men.

Judge McInnes has dismissed the second test case brought against the Canadian Pacific Railway by the deck hands on the company's coasting vessels. On the ground that under written articles signed by the men, handling cargo on Sunday was work which they agreed to do.

The first case brought by the men was against the orders given to deck hands to shift cargo on Sunday on the Princess Victoria. The action was brought under the Canadian Act and as the Princess Victoria was registered under the Imperial Shipping Act, Judge McInnes dismissed the case. In order that there should be no misunderstanding the second time, another case was brought in which the name of C. Tucke, a deckhand on the Amur, duly registered under the Canadian laws was used.

The Amur employed on the run between Victoria and Port Singson and while at that place and also at Prince Rupert, the men were ordered to move cargo on Sunday and when they refused were replaced by other men and upon arrival in Vancouver were discharged from the company's service.

BOUGHT FIRST TICKET

Arthur Little Claimant for Unique Honor

To Arthur C. Little, proprietor of the most famous news stand in Northern British Columbia, goes the honor of buying the first railroad ticket on the Grand Trunk Pacific, to travel east on the main line from Prince Rupert.

This morning Mr. Little was on hand at the G. T. P. ticket office and asked for a return ticket to Copper River, as far as the train will travel, which is 100 miles east. "Four dollars and five cents one way," said Mr. A. E. McMaster, the agent, who claims the distinction of selling the first railroad ticket in this city for the company.

Soon after Mr. Little had got his ticket he was offered \$5 above the purchase price and later \$10 was offered. "Not for sale," said Mr. Little. "I am one of the pioneers here and said I would be a passenger on the first train going east on the G. T. P. main line.

The number of the ticket is 25538.

### DRAFTS ON FOREIGN COUNTRIES

Every branch of The Canadian Bank of Commerce is equipped to issue drafts on the principal cities in the following countries without delay:

Algeria	Cuba	Greece	New Zealand	Siberia
Arabia	Czechoslovakia	Holland	Norway	South Africa
Argentina Republic	Denmark	Iceland	Panama	Spain
Austria	Egypt	India	Peru	Straits Settlements
Austria-Hungary	Finland	Ireland	Philippine Islands	Sweden
Belgium	France	Japan	Portugal	Switzerland
Brazil	Germany	Java	Roumania	Turkey
Bulgaria	Great Britain	Manchuria	Russia	United States
Canada	China	Mexico	Siam	Uruguay
Chile				West Indies, etc
China				

The amount of these drafts is stated in the money of the country where they are payable; that is they are drawn in sterling, francs, marks, lire, kronen, florins, yen, taels, roubles, etc., as the case may be. This ensures that the payee abroad will receive the actual amount intended.

## THE COSY CORNER

DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper, which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns, and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will fill a social need.

### A FRENCH MODEL

of cold water, while massaging instead of oil.

The benefit of brushing the hair is questioned by some specialists. It cleans the head and makes the hair glossy, but the head may be clean, and glossy hair may not be desired. If the hair is falling, certainly brush and comb it very little.

Use as little padding or false hair as possible, and also as few hair pins and combs. With fluffy hair, even if not abundant, no pads are called for by the present styles.

### THE SEPARATE BLOUSE

Simple Style That Has Proved Pretty Will be Revived

A new era of popularity seems to be in store for the separate blouse. One of the leading French dressmakers in authority for the prediction that the next year will see a great revival of the separate blouse and skirt combination, not only so far as the tailored suit and waist are concerned, but for other wear. Regardless of what the future may bring, the luxuriant little blouse of sheer stuff and dainty design is a very essential part of the wardrobe this spring, and each blouse model that one sees seems more charming and more fascinating than the last.

As the weather grows warmer, more and more tub blouses of actually washable materials appear under tailored coats. It is quite necessary to specify "actually washable" materials, as many of the so-called "tub" blouses would never stand a single washing. The colored embroideries of the cheaper blouses are by no means always fast. The lovely voile

The French model shown in illustration is very pleasing and is developed in black crin, with blue and black stripes about the sharply upturned brim. The trimming consists solely of shaded blue and black feathers. The same model is shown in cerise and black, and is strikingly handsome.

### SUNSHINE FOR THE HAIR

Summer Girls Who Leave Off Their Hats are Wise

The more air and sun the hair has the more it will grow and the more healthy it will be up to a certain point. The hair dressers tell us that too hot a sun will injure and bleach the hair in much the same proportion as it will injure the owner of the hair.

After shampooing your hair always try to dry it in the sun, or at least in the open air, as this is much more natural and therefore much better for the hair than artificial heat.

The question of how often the hair should be washed is a vexed one, and a general law cannot be laid down. It is safe to say, however, that more troubles result from the too frequent cleansing of the hair than from too little.

Naturally greasy hair may be washed every fortnight, but never

more often than this, or it will deprive the hair of too much of its natural lubricant, will make the ends split, the growth weak, and lead to an abnormal falling out.

When shampooing use the yolks of two eggs, beaten in with a pint of warm water. Wet the head slightly first, then rub in the shampoo until it lathers. Rinse several times until the water is clear.

Massage the head every night with the finger tips all over the scalp, using a rotary motion. If the hair is dry, dip the finger tips occasionally into olive oil, a very simple tonic for the hair is the use

and marquisette blouses also often prove delusions, for this fabric, as many people know, never stops shrinking.

### Apple Snow

Peel and grate one large sour apple, sprinkling over it one small cup of powdered sugar as you grate it, to keep it from turning dark. Break into this the whites of two eggs and beat constantly until very stiff and light. Heap this in a glass dish and pour a fine smooth custard around it and serve.

### Use Pearl Button

Instead of working a buttonhole in the back of the neckband of tailored waists and using a collar button, sew on a medium sized pearl button. It does not make the black spot on the collar or cause it to bulge as the collar button does, and also holds fast and is perfectly satisfactory.

## ITEMS OF SPORT

Bob Spadek, who was traded by the St. Louis Browns to Newark for Joe Crisp, has been released. Crisp has also been released by the Browns.

Charlie Welsh has decided to remain at the head of the New Westminster Club. Mr. Welsh has been manager of the team for the past four years and has filled the position to the satisfaction of all.

Joe Sugden handed in his resignation to the O. and P. League, but the directors refused to accept it. Joe wanted to quit because of the poor showing his team was making in the pennant race.

Tom Fisher, the old Southern League pitcher, is now managing the Anniston team in the South-eastern League.

A Chicago ball team were passengers on a western railway that was wrecked last week. The umpire was shot through a car window and rang up three strikes on his indicator when he regained his feet.

Frank Gotch is one of the few wrestlers who refuse to wager any money on the outcome of their own matches. Jack Curley, Hack's manager, and Doc Roller, the Seattle wrestler, combined to offer to bet Gotch \$5,000 that Hack would win. Gotch told them he did not wager on any of his matches.

Clint Benedict, who is undoubtedly the best amateur goal tender in the hockey game in the East, has decided to turn professional. He was practically signed to play lacrosse with the Capitals, and may play hockey next winter with the Renfrew hockey club. This will make the New Edinburgh's chances for lifting the Allan cup from the Winnipeg Vics rather slim.

"Jiggs" Donahue, the Chicago American first baseman, has been engaged to manage the Galveston baseball team of the Texas league. Donahue is to receive \$350 a month and it is said the terms agreed on by the club management is that James Balbridge, the university ball player, who has signed on the Galveston pitching staff, shall be released to Chicago at the end of the present season. Balbridge is playing his first season in professional ball.

Arrangements are under way to bring together the four fastest yachts on the Pacific Coast in the middle of July at the Seattle Golden Potlach in the Puget Sound city. The potlach committee has planned to hold the most interesting yachting event of the season in bringing together the Alexandra owned by Mr. E. B. Deane, Vancouver; the Spirit I, owned by Cao Bros. of this city; the Spirit II, owned at Seattle, and the Gerturde of Everett. The local owners of the boats in question are keenly interested in the yachting event and have expressed their willingness to make the trip.

The large bunch of youngsters now playing first base in the big leagues are all doing nice work. The list includes: Collins, of the White Sox; Hunter of the Pirates; Williams, of the Red Sox; Luderus, of the Quakers; Sommerlot, of the Nationals; and Gainer of the Tigers.

Manager McAleer of the Washington team is trying to land Paul Cobb, a brother of the famous Tyrus. Young Cobb is playing with the Lincoln team and is said to be the real excitement of the Western League.

In a recent game in Boston Bill Sweeney of the Rustlers made a great record. Eleven chances with out a bobble and five hits in five times up, was opposite Bill's name on the score card.

SPENDS HIS TIME IN THE INTERESTS OF THE INDIANS

Inspector A. M. Tyson is on His Summer Visit to the Agencies and Reserves—Has Some Very Delicate Missions to Perform in His Daily Work

On his annual summer visit to the Indians of the northern Province, Inspector A. M. Tyson, Inspector of Indian Agencies, is in Prince Rupert today. The Inspector is some six weeks out from his starting point at Vancouver, having already visited the Indian agencies and reserves between Vancouver and Prince Rupert. He can here direct from Bella Bella. Before his journey ends, some four months away yet, he will have traversed the journey up north as far as Atlin, a few miles from where there is a band of Indians as yet unnumbered and unregistered.

CHARGED WITH FISH-POACHING

Canadian Authorities Seize the American Boat J. T. Atwood of Boston.

(Canadian Press Despatch)
Ottawa, June 14.—The Canadian fishery cruisers have seized the American fishing boat J. T. Atwood, which is alleged to have been regularly fishing within the three-mile limit for several years. The boat is owned in Boston. She will be charged with unlawful fishing.

AN EXTENSIVE PROGRAM

(Canadian Press Despatch)
Winnipeg, June 14.—The C. N. R. announced today an extensive programme of improvements which are to be built this summer. Altogether the list calls for an expenditure of \$30,000,000. The principal item in the list is the construction of the line from Edmonton to Port Mann.

“OLD MAID” HAD TERRIFIC TIME

Sister Ship of the Fishmaid Which Capsized only Recently. Nearly Wrecked in Same Waters.

At her berth near Seal Cove the gasoline fishing schooner Old Maid, sister vessel to the famous Fishmaid which capsized off the Alaska coast, is moored this morning after a tremendous experience out in the same place where the Fishmaid met disaster. Captain Dan Ross of the Old Maid, tells of terrific weather out there in the midst of which the Old Maid's engine broke down. Before her anxious crew working their hardest, could make sail, the little craft was swept from end to end by huge waves, and beaten helplessly nearer and nearer to apparently certain wreck. Even after sail had been made the danger continued for against such rough seas the little schooner was kept manageable only by the very best of seamanship. All hands strove their hardest, but at one time they came very near taking to the dory in a forlorn effort to save their lives for they were certain the Old Maid was doomed. Eventually, however, the weather abated a little, and the vessel was able to make headway. It is possible that larger and more powerful boats will be required to undertake the work these hardy little schooners have been doing on the bleak Alaska Coast.

QUADRA COMING BACK IMPROVED

Generally Overhauled and with Big New Ten Ton Crane Fitted to Tend Buoys.

Soon after the steamer Quadra, of the marine and fisheries department, is out of the hands of the B. C. Marine Railway she will arrive in Rupert on her way to recharge a large number of buoys. It is understood that it will be several weeks before the vessel is again ready for service as she is having extensive repairs made to her hull. She is being given a general overhauling and when the work is completed will be in the best possible shape. On her forward deck a big ten-ton winch has been installed which will enable the steamer to handle the large buoys with greater ease than before. Improvements are being made all over the vessel and she will be practically a new ship when released by Bullen's. She will have a busy season's work and for this reason the department are making all necessary alterations which will result in her speedy dispatch of all work outlined.

FATHER HARTMAN BACK

Brings Floral Spoil from the Queen Charlotte Islands

Rev. Father Hartman returned yesterday from the Queen Charlotte Islands where he has been officiating for some time. He came burdened with many flourishing flower plants, and strawberry roots which he intends planting about his residence here. By the height of summer he expects to have a regular little paradise of growing flowers about him. Speaking of conditions out at the Islands, Father Hartman told of excellent prospects for the pre-emptors who have cleared some of their land. The weather at the Islands has been a little cloudy recently, and in fact, Prince Rupert seems on the whole to have had more sunshine. Father Hartman was welcomed back to Rupert by many friends as he landed from the Prince Albert.

Classified - Advertisements

One of the best services the modern newspaper gives the public is in the classified advertisement columns. There, buyer and seller, employer and worker, landlord and tenant, and a host of others meet on common ground. To put this modern convenience in reach of everyone the News will reduce its rate to a nominal price of a cent a word per insertion. Minimum charge of 25 cents. Here is our Classified Advertising Column for today. Watch it grow.

Notice
Tenders are invited for the repair of the wharf at Metlakatla, B.C., the sum of fifteen hundred dollars being available for expenditure on this wharf. Bidders should carefully examine the ground, and state in detail the extent of repairs he will undertake for that amount. All piles must be power driven. Tenders will be received at the Indian Office, Metlakatla, B.C., up to June 30th, 1911, and should be accompanied with a certified cheque for one hundred dollars which amount will be forfeited in the event of a withdrawal of tender. No tender received will necessarily be accepted.
CHARLES C. PERRY, Indian Agent.

LONGSHOREMEN BUILDING HALL

Commencement Made Today. Men Themselves Taking Active Share in the Work.

A start has been made by the Longshoremen of Prince Rupert upon their new hall. Owing to the edict's having gone forth from the G. T. P. authorities that the reserve must be vacated by all tenants of buildings there, the hall used by the Longshoremen until now, is no longer available, and will be pulled down. Plans for a fine two storey building with basement have been secured by the Longshoremen, and they intend making their new hall one of the roomiest places of assembly in Prince Rupert. Work has now commenced on the preparation of the foundation, and the erection of the structure. The men themselves are taking an active part in the building, and guarantee thorough workmanship intending the hall to reflect credit on them, and on their union.

HAIR-RAISING TRIP ON YUKON

Cheechaco in Small Boat Dodges Death a Dozen Times in Ice Jams on the River.

Little realising the danger of following the ice jams on the Yukon a Cheechaco named Frank Ganley reached Dawson in a small boat after hair raising adventures. He was warned by sourdoughs not to attempt it but made the risky trip. "Were I not a cheechaco," he says. "I never would have made that run. A sourdough knows better. I might have stopped once I got under way, but I am not that kind. So it was that I went through swirling water, under overhanging shelves of ice and amid floes of dancing ice that now makes my hair want to get on the perpendicular every time I think of it. "My most thrilling experience was when the boat was drawn to one side, and shot quickly under a huge shelf of ice. As she plunged into that cavernous passage I said to myself, 'Good-bye,' but as luck would have it, the channel was large enough for the boat, and she ran through." Ganley is endeavoring to get his nerves back to their old tension, and declares that he would not make the run again for \$10,000 a mile. In some spots he would not repeat the stunt for all the gold that can be piled up in the Klondike.

LIBERAL CLUB'S FINE BUILDING

Just Planned for New Westminster and Will Go Up Immediately.

A magnificent Liberal Club building will be erected at the junction of Clarkson, Begbie and Lorne streets, New Westminster, in the immediate future. The building is to serve the Westminster federal riding and will be a steel eight storey block costing about \$150,000. On the ground floor will be stores and offices, on the first floor will be a splendid club hall and rooms, the hall seating 500 persons, and the remaining floors will be reserved for offices. The name of the club will be "The Westminster District National Liberal Club," and J. H. Diamond is secretary pro tem.

RUPERT TO BE FASTEST BOAT

High Pressure Boilers to be Fitted in Fall Giving Her a Twenty Knot Speed Unrivaled on Coast.

Extensive alterations and improvements are soon to be made to the Grand Trunk Pacific steamer Prince Rupert. These will include the equipping of the vessel with new high pressure boilers which will give the Rupert a speed of twenty knots, and which will render her one of the speediest boats on the coast. It is not expected that these alterations will be made until the autumn, when the semi-weekly schedule is discontinued. At present both steamers are handling much freight and many passengers over the Prince Rupert route, and it is not likely that she will be laid up now. The Prince steamers are given a three months' overhauling in turn during the winter months, and it is expected that during that time the improvements will be made. For some time the boilers on the Rupert have been giving a little trouble, but when the new steam producers are installed she will be the fastest steamer plying out of this port. The Prince George is not to undergo the same change as her engines have not given any trouble.
