Defendants Sit Unmoved as Blood-Stained Sheets Are Tended as Evidence in Honolulu

HONOLULU, April 14.—Six witnesses for the prosecution were heard Tuesday in the "honor murder" case in which Mrs. Granville Fortescue, her son-in-law, Lieut. Thomas H. Massie, and two United States naval seamen are charged with the killing of a young Hawaiian.

Two blood-stained sheets in which the body of the native was found in a sedan on January 8 were tendered as exhibits.

The defendants sat unmoved as the evidence was unfolded.

RETURN TO QUESTIONS

Details of Public Works Office and Expenditures at Prince George

In answer to questions by Thomas King, Liberal member for Columbia, Hon. R. W. Bruhn, minister of public works, revealed a few days ago in the Legislature that the staff employed in the public works office at Prince George comprised one district engineer's clerk, two clerk-stenographers and one unemployed relief camp countant and warehouseman. This staff carried out the public works accounting and clerical work for Fort George section of Fort George electoral district and for Omineca electoral district. Engineers, assistant engineers, superintendents and road foremen, although asked about, were not included in the return as they are field staff or permanent employees.

Total salaries for the officials upon whom return was given were \$3,447.50 in 1929-30, \$3,420 in 1930-31, and to date in 1931-32, \$4,975.92. This figure, it was explained, included remuneration for temporary assistance which was employed in Prince George office in connection with relief work in Fort George and Omineca electoral districts. The big majority of the salaries was charged to administration.

PROPOSALS ENDORSED

British Labor Party in Favor of United States Disarmament Plan—Opposition Too

GENEVA, April 14.—The proposals of United States delegation to the disarmament conference for abolition of tanks, heavy land artillery and all forms of poison gasses have met with enthusiasm in some quarters and with opposition in others. Some surprise was expressed at United States taking the lead in proposing land disarmament after having led the way in naval disarmament proposals.

LONDON, April 14.—The British Labor party has gone on record as approving the proposals of the United States at Geneva for land disarmament.

Seattle Finances Are in Bad Way

SEATTLE, April 13.—Despite the fact that \$2,035,000 was paid into the city coffers in taxes on Monday, the city of Seattle is still overdrawn by \$1,017,000, it was stated yesterday. Since January 1, \$4,163,000 in taxes has been paid into the city.

RELIEF IS UNDER FIRE

Many Questions Asked Regarding Man Named A. M. Dore in Fort George District

Conduct of relief work in Fort George district has been under more steady fire during the session of the Legislature just ended in Victoria than possibly any other single subject during the entire session. Numerous and varied questions have been asked by various members of the House.

One question, put by Dr. W. H. Sutherland, member for Revelstoke, inquired if any amounts were expended by way of relief on public works in the Isle Pierre district of Fort George riding up to December 31, 1931, and, if so, what was the total thereof. Was one A. M. Dore employed on such work and, if so, in what capacity, at what rate per day, what was his total remuneration and was such amount charged against moneys for relief work and, if not, to what fund was it charged? Was Dore engaged on relief work at any camp during September and October 1931 and, if so, what was his wage per day and what was the regular wage of said camp? If engaged, what was the total amount paid Dore from any source by the public works department during 1931? Was any amount paid Dore during 1931 for team hire and, if so, how much? Did said Dore have a contract for road work since September 1, 1928, and, if so, was such contract carried out and what was the nature and amount of the work?

Heavy Falling Off in Security Values Revealed Before Investigation in New York

NEW YORK, April 14.—The senators having had little success in getting evidence out of the brokers, it has been decided to postpone the stock market probe by the Senate banking committee until next Monday. Meantime, it will be endeavored to obtain the services of an expert to conduct the examination of the witnesses. Seizure of all records of the New York Stock Exchange is also under consideration. Richard Whitney, president of the New York Stock Exchange, admitted before the committee that security values had dropped by some forty-two billion dollars in value since the peak of the stock boom in 1929 and that within the past two weeks they had fallen off by eight billion dollars.

RIOTS IN AUCKLAND

Two Constables Seriously Injured and Others Less Seriously as Unemployed Run Amok

AUCKLAND, N.Z., April 14.—Two constables were seriously injured and a number of others were less seriously hurt in riots by the unemployed which broke out tonight in Queen's Street. Many shop windows on the principal thoroughfare of the New Zealand metropolis were smashed.

The riot was still continuing and police officers were experiencing difficulty in placing it under control.

Fighting was not stopped until blue jackets were landed from H. M. S. Philomel. Hundreds of civilian volunteers were called into service.

In all, 23 policemen were hurt, injuries being also inflicted on a number of the rioters.

JANITORS APPOINTED

H. L. Pierce and J. R. McCrimmon Named by Council to Take Over Work at City Hall

Instead of making one appointment, the city council last night decided to divide the duties of the City Hall janitor and give the work to two men with a view to providing a livelihood for two families instead of one during the present times of stress. Accordingly, H. L. Pierce and J. R. McCrimmon were appointed on the final vote of the council.

Messrs. Pierce and McCrimmon will take over their duties on April 1 when the resignation of J. W. Exley, who is being superannuated, becomes effective.

RELIEF IN FT. GEORGE

Numerous Questions Asked in Legislature By Liberal Member for Columbia

Thomas King, Liberal member for Columbia, has inquired if any privately owned commissaries were established at any relief camp in Fort George district.

Mr. King has also inquired if one R. T. Johnson has been employed in any capacity in connection with relief work in Fort George district, if so, what were his duties and what scale of remuneration did he receive daily or per month, what total amount to date has been paid to him as salary and expenses, is he still in the employ of the government and, if so, what are his duties and what remuneration does he receive?

Other questions put by Mr. King inquired as to what quantities of stoves, ranges, mattresses, bedspreads, pillows, crosscut saws, shower bath and fittings, electric lighting plants, cups and saucers, axes and other tools were supplied to the relief camps at Fort George district and at what cost per each commodity and from whom purchased. Were tenders called for supplies or were instructions issued that supplies were to be purchased from any specified firms? What was the total value of supplies purchased for relief camps in the district from Northern Hardware Co., Fraser River Hardware Co., A. Leith and Home Furnishers all of Prince George?

Were potatoes for relief camps in Prince George district purchased direct from farmers and, if so, what were the highest and lowest prices paid per sack?

Were any men accommodated in relief camp at Hansard as at December 23 last, if so, how many? Were any supplies issued to this camp during December and, if so, what was the total value thereof?

Enquiry is also made by Mr. King if a relief camp was established at Penny and what was the total cost in buildings, in equipment and what number of men were in this camp in December and January last?

Mrs. M. A. Dupuis of Haysport is paying a brief visit to the city, having arrived in town from the Skeena River on this morning's train.

Reductions In Budget Recommended In Order To Hold Down Taxes

Improvement Levy is Opposed — Would Cut \$45,000 Off Municipal Expenditures For Year — Council Says It Is Pledged to Bank to Adopt Double Tax

With a view to obviating the necessity of levying a tax on improvements this year, the ratepayers' economy committee, appointed following a recent mass meeting of taxpayers, proposed to the city council at a public conference last night reductions in the cost of municipal services estimated to net a saving during the year of \$45,792 on the municipal budget which is now placed at \$614,000. After the various proposals had been discussed in considerable detail during a session which lasted over two hours the council promised that all the suggestions would receive its serious consideration, it being pointed out, however, that the council was already pledged to the city's bank to apply an improvement tax this year, it having been on this understanding that credit had been extended to the city pending the collection of taxes this year.

The discussion was full and frank and was featured by candid expressions of opinion both on the part of the delegation and the council. The delegation consisted of Fred Wesch, president of the Prince Rupert Ratepayers' Association, G. H. Arnold, M. B. Stephens, G. W. Nickerson and H. B. Rochester. There was a full attendance of members of the council with Mayor Cyril H. Orme presiding. The attendance of spectators was large.

The recommendations presented by the delegation to the council were as follows: "In compliance with the wishes of the Mayor, we have conferred first with the School Board. A copy of our proposals to the Board is attached. "On April 12 we met the School Board and, after a free and frank discussion of the urgency of economy, some of the members cordially supported the committee's suggestions. We were assured by the chairman that the board would hold another meeting in the near future to further consider the proposed economies and that the proposals would have the serious consideration of the board. We are, therefore, hopeful of complete co-operation from the school board in this time of financial difficulty.

"We have studied the estimates carefully and have reached the following conclusions, further than those embodied in school board conference, which we now wish to discuss with your body.

Police and Fire Department "That the police officers be reduced to 1 sergeant and 1 constable. "The fire department should be reduced by one man. "All firemen to be sworn in as constables and do duty as such, under arrangements to be made by the two heads of the departments. "Police court fines should accrue solely to the city. The item miscellaneous in the fire department should be eliminated.

Telephone Department "That short vacations be given the operators in rotation so that three operators are on vacation, without pay, all the time, until the full staff is required. "We suggest that an arrangement might be made with the Power Corporation whereby it could undertake the upkeep of the lines.

"That the men employed in this department be reduced to three.

Water Department "That the employees in this department be reduced by one.

Mayor and Aldermen "As an example to employees and for its moral effect upon the ratepayers it is suggested that it might be well for the mayor and aldermen to relinquish their indemnity for the balance of the year. "Engineer, Health and Cemetery "It appearing that very little work is to be done this year we recommend that the office of city engineer be abolished for the time being. "Garbage "That the removal of garbage and night soil be done by contract and tenders for this work should be called. "General "From the auditor we gain the (continued on page six)

VANDERHOOF

The annual meeting of the Vanderhoof Lawn Tennis Club was held last Friday night in the chambers of the Canadian Bank of Commerce when arrangements were made for the coming season's play.

Mr. and Mrs. James Robinson and three daughters have arrived from Shelbrooke, Sask., and have rented the J. M. Johnston farm north of the Nechako River, about two miles from town, on which they will reside. They brought a large quantity of equipment and stock with them.

Rev. S. C. Steer has resigned all responsibility in this field of the Anglican Church missionary work. Rev. B. S. Prockter has been appointed to take charge of Vanderhoof parish.

Highways in the district are now in a bad condition and will be that way until the frost is entirely out of the ground.

Happy Affair Held Last Night Under Colorful Surroundings—Second of Season

The local group of Toc H held its second bridge party and dance of the season last evening, the affair being highly successful and enjoyable. The rooms were tastefully decorated for the occasion in a color scheme of yellow and black with fairy lamps. After cards had been played, delicious refreshments were served by members of the group and dancing was then enjoyed until the small hours of the morning.

The prize winners at cards were as follows: ladies' first, Mrs. W. C. Aspinall; second, Mrs. J. D. Allen; men's first, Jack Viereck; second, Dr. W. C. Aspinall.

A committee under the genial leadership of A. J. Squire was responsible for the success of the evening.

The Letter Box

RELIEF PAY REFUSED

Editor, Daily News:—

It has been brought to our notice that a rumor is being circulated around town to the effect that the majority of the men in camp are willing to go to work for the degrading wage of \$7.50 per month.

This is a deliberate distortion of the truth—on the contrary, the facts are, that out of 80 men in the camp only eight are willing to accept this coolie standard.

It is the contention of the unemployed, that by accepting this pittance, we will automatically lower the wages of the more fortunate worker who is in employment, and although it might bring suffering upon us, also abuse from a certain class of people, we are willing to stand for the good of the working class as a whole.

We very much appreciate the stand taken by the good citizens of Prince Rupert, through their council, in condemning this insulting offer of the government, and wish to thank them for their moral support.

Thanking you, Mr. Editor, for your valuable space,

T. MURPHY,
Secretary.

SPENDING TO SAVE .. THROUGH

Advertising

Not many of us, these days, are troubled with so much money that we cannot spend it. But we are interested in spending the money we have, to get the most out of it.

One way—and not a new way, either—is to make a budget. Put down, week by week, the money that comes in. Put down beside it, week by week, the money that goes out. So much for food, so much for clothing, so much for rent. So much for giving, and for luxuries.

Where Advertising Helps

It won't always be easy, of course, to stay within the budget. That's where advertising helps you. Advertisements in this newspaper tell you how much rugs, butter, breakfast foods, dishes, homes, automobiles will cost, before you go shopping! They point out ways to save money. They show you how to cut a little here, a little there. And each day, they tell about new inventions, new products, new ways of doing things, that help make this life of ours very much worth living!

Tea "fresh from the gardens"

MILK IN ITS MODERN PACKAGE

IS MILK FROM "Contented Cows"

CARNATION is whole milk with only the natural water-content removed and nothing added. Carnation is the famous safe-guarded milk "from Contented Cows." That means that every precaution is taken to insure its purity at the source by the strictest cleanliness in the care and in the milking of the cows. After Carnation is evaporated to double richness the cans are then hermetically sealed to continue the protection until Carnation reaches you.

What Expert Cooks Tell Us

Domestic Science experts have found that Carnation makes foods richer, tastier, finer in texture. They say that the "homogenized" butter-fat in Carnation makes it super-smooth. Use it in cream soups, sauces, puddings, ice cream, cocoa, candy. Enjoy its creamy double-richness in coffee, fruits and cereals—and cut your cream bills in two!

Approved for Baby Feeding

The highest medical authorities recommend Carnation Milk as an excellent milk for babies—because of its purity, uniformity, nutritiousness, richness in vitamins and minerals, and super-digestibility.

That's How Good It Is!

SOFTBALL IS PLAYED

Falcons Defeat Pirates 9-3 In High School League

Yesterday's High School League softball game between the Falcons and Pirates came to a close with the Falcons romping home holding a four-run lead.

In the first inning the Falcons brought in 3 runs but this lead was quickly cancelled when the Pirates countered by bringing home three runs before they were retired. In the second the Falcons broke loose. They went in for a session of heavy hitting which netted them five runs. For this onslaught the Pirates were unable to retaliate.

In the fourth inning the Falcons brought in one run while the Pirates succeeded in getting two.

The fifth started with both teams playing air tight ball. The Falcons were retired in quick order but the Pirates were still unable to bring home any men.

The Falcons owe their victory to heavy hitting. The fielding of both sides was loose, the batters finding many gaps in the infield.

The teams were as follows:

Falcons—R. Allen, p.; W. Cross, c. (Capt.); J. Welle, 1st; Dungeate, 2nd; Peachy, 3rd; Christenson, ss; Hale, ss; W. Murray, lf; J. Ritchie, cf.; M. McCaffery, rf; H. Fisher, 3rd.

Pirates—K. Nakamoto, p. (Capt.); Postullo, c.; Walters, 1st; N. Allen, 2nd; Ivarson, 3rd; Santurbane, ss; Orme, ss; Kirkendall, lf; Crompt, cf; Obachina, rf; Kanaya.

Umpire—B. Moxley.
Base Umpire—W. Tobey, S. Blake.

Scorekeeper—T. Marshall.
Reporter—Y. Kishimoto, R. Allen.

S. C. Obata, secretary of the Prince Rupert Japanese Association, and of the Skeena Fishermen's Association, returned to the city on this morning's train from a trip to Port Essington and other Skeena River cannery points on business.

CARDINALS WIN AGAIN

Senators and White Sox Also Score Second Victory of Season

NEW YORK, April 14.—St. Louis Cardinals scored five runs in the ninth inning yesterday to inflict a second straight defeat, 9-8, upon Pittsburgh Pirates.

Chicago Cubs defeated Cincinnati Reds 3 to 2 in a hard fought game.

The Boston-Brooklyn and Philadelphia-New York games were rained out.

In the American League, four runs in the ninth gave Washington Senators the victory over Boston Red Sox by a 7-6 score.

Cleveland had a tight win over Detroit Tigers, 6 to 5.

Chicago White Sox defeated St. Louis Browns, 7 to 3.

Philadelphia vs. New York game was rained out.

The scores summarized:

SPORT CHAT

With an aggregate score of 26 to 24, the High School team won a series of two games played with the Spooks to decide the ladies' basketball championship of Anxox. The High School girls won the first game 10 to 7 and lost the second 16 to 17, both being very strenuous encounters in which great basketball was played and much excitement developed.

Thirteen couples took part in a successful tournament which was held recently to wind up the badminton season at Anxox. First prizes were won by Mrs. J. Smith and Mr. Edwards and second prizes by Mrs. Stretton and Mr. Elgood. Runners-up were Mrs. Kirby and Ed. Johnson and Mrs. Spencer and H. Peters. Following the play, prizes were presented.

Major M. A. Burbank, divisional engineer for the Canadian National Railways, returned to the city on this morning's train from one of his periodical trips along the line on official duties.

DIVIDING UP WORK

Additional Men to Be Given Employment in City Waterworks and Garbage Services

Acting along the lines of a suggestion offered by Ald. G. B. Casey at the regular meeting on Monday night of this week, the city council, at its special meeting last evening, left it to the board of works to work out a scheme whereby one additional man will be given a share of the work on the city waterworks crew and two additional men part of the city garbage service work. The existing crews will be put on part time in order to permit of the additional men being given some work.

The council decided that it was inadvisable to put a suggestion along similar lines into effect so far as nightsoil collection is concerned.

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.
Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.
Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

Public Library

"That books and periodicals be not bought this year.

"Janitor work be done by the regular city hall janitor.

Hospital

"We understand the General Hospital is in very good financial standing and has a considerable surplus. In view of this and of the difficult financial position of the city we think the \$11,000 in the estimates for an institution in a strong financial position from one in a very weak one is out of proportion and that this part o-

the estimates will stand a substantial reduction. Realizing the city's difficulties the Hospital Board will doubtless co-operate."

We desire to express our appreciation of co-operation given by mayor, council and city staff in supplying information and submit the foregoing for your consideration believing that the total taxation under the above schedule at 5 1/2% is all the city can expect to collect this year without resorting to taxing improvements.

School Recommendations

Following were the recommended economies for the city schools:
"That teachers salaries be reduced ten to twenty-five per cent, with the proviso that the school board adjust inequalities which may exist in the list, but that the total salaries do not exceed \$47,514. (\$56,397.50 at present.)
"That the manual training, domestic science, commercial class and articulation class be abolished, as well as the special French teacher whose duties should be taken over by the other teachers of the regular classes. This will eliminate six teachers.

"That classes be so arranged that each teacher will have 45 pupils as nearly as may be, classes to be broken if necessary to accomplish this. No estimate has been made for saving that may be effected in this way. The board might well consider the feasibility of reducing the teachers in the Seal Cove school to one by transferring some of the pupils to the Booth school.

"That all janitors salaries be reduced by 10%.
"The item contingencies and repairs be eliminated for all schools this year.
"That the secretary's salary be reduced to \$600 per annum, and no allowance for office given him.
"We think the item of \$2,175 for furnishing and supplies of the schools is too high and might be reduced by the board.

"The adoption of these recommendations will, we figure result in the following:

Savings	
"Teachers' Salaries	13,792
"Domestic Science Supplies	650
"Manual Training Supplies	700
"Secretary	618
"Janitors	2,550
"Contingencies and Repairs	18,760

"If the school board will consent to these reductions we believe that the mill rate can be reduced so that no tax on improvements will be necessary."

Proposals Discussed

After the recommendations had been read by Mr. Wesch, each was discussed individually by members of the delegation and council.

In regard to the proposal to reduce the fire department, members of the council wondered if this might have the effect of increasing insurance rates. G. H. Arnold thought that, in view of the competition between board and non-board companies, there might be no increase.

Regarding the telephone system, it was pointed out that a saving of \$4,407 had already been effected this year by reductions. The delegation felt that some sacrifice in the way of service might be made in the interests of economy.

In regard to the water department, Ald. Pillsbury pointed out that a certain amount of maintenance was necessary every year.

Mayor Is Candid

In answer to the proposal that the mayor and aldermen waive their salaries this year, Mayor Orme quite candidly informed the meeting that, if the indemnity were eliminated, he would have no alternative but to resign the mayoralty as he would be unable to afford to carry on. It was entirely up to the council to decide what it should do in this matter.

Ald. Pillsbury expressed himself as being opposed to the service of the city engineer being dispensed with. In any case, he would have to be replaced by a general foreman. Already, the engineer had taken an extensive cut in salary, H. B. Rochester had nothing against the city engineer personally but did not see where the work in hand warranted his services being continued.

The council agreed to look into the advisability of having garbage and nightsoil collection carried out by contract although it was doubted if this would be satisfactory.

The possibility of simplifying the book-keeping at the city hall will be investigated.

bury did not see where any saving could be made from the \$6,500 estimate for macadam roads. It would only mean greater cost next year.

The matters of having the park looked after by direct relief men and eliminating the engineer's car are already under consideration by the council, it was stated.

The tools for the public works department will be needed this year, it was stated by members of the council.

G. H. Arnold did not see the point in the city buying books and periodicals for the library when people were in need of food and clothes. M. M. Stephens congratulated the city council on having cut the vote for new books for the library from \$700 to \$150. As for the reading room, it was one of the most worthwhile services in the city so no reduction have been asked for here.

In regard to hospital matters, the delegation was assured that this would be gone into by the council and hospital board. M. M. Stephens felt that the hospital was quite able to carry on for one year at least with a cut from the usual \$11,000.

General Discussion

Before the delegation retired, Messrs. Stephens, Rochester, Arnold and Nickerson all spoke along general lines, counselling the council to do its utmost in paring expenditures so that an improvement tax might not have to be imposed. If the burden became too great, it would be impossible for the property owners to meet their taxes. The delegation felt that it should be possible to hold down the mill rate to 55 on land without resorting to an improvement tax.

Mayor Orme did not believe that the land would stand a rate of 55

mills which would be an increase of three mills over last year. Moreover, there was the pledge to the bank which must be kept.

"And what if the citizens refuse to pay their taxes? What will the bank do then?" asked Mr. Arnold.

"If it becomes necessary," replied the mayor, "the city can collect the taxes. It has the power to do so by personal action. And, if it will save the city from receivership, we will avail ourselves of the power."

Mr. Arnold demanded that no improvement tax should be imposed without getting an expression of opinion by plebiscite.

Mr. Nickerson did not think the bank should be allowed to dictate to the city. The bank would hesitate before it allowed the city to go into the hands of a receiver and become a second creditor.

Mr. Rochester thought the city had been living in a fool's paradise. It was now up to the council to go thoroughly into everything and save as much as it possibly could.

On behalf of the delegation, Mr. Wesch thanked the council for the hearing that had been accorded. Mayor Orme replied that the suggestions would be considered in the spirit in which they had been given.

Ornamental street lighting was briefly discussed before the conference ended, it being pointed out that the cost was no more than for the old arc light system.

It's Better and You can Prove it

TRY THESE THREE TESTS and Prove for Yourself that ST. CHARLES is better!

- 1—Open a can of Borden's St. Charles Evaporated Milk. Note the creamy color—the smooth consistency—the pure, fresh flavor.
- 2—Make cream sauce with Borden's St. Charles. That pure, fresh St. Charles flavor gives greater deliciousness.
- 3—Have a cup of tea or coffee with Borden's St. Charles Evaporated Milk to "cream it." St. Charles blends in smoothly, tastes fresh and rich.

ST. CHARLES Evaporated Milk is pure whole country milk, with nothing added and 60% of the natural water removed. Then it is sterilized, after being sealed in the tin, to assure perfect, sweet flavor and absolute purity.

Back of this Borden quality, a staff of milk experts are working day after day—inspecting the farms which supply the milk—seeing that the dairies are always shining and spotless—that the pastures are good and the cows in the finest condition.

That is why St. Charles tastes so fresh and sweet. Why it is better for coffee, tea and for all cooking purposes, where you would normally use milk. St. Charles is better—ask for it.
