CLOSURE RULES APPLIED AT OTTAWA

PATTULLO INQUIRES ABOUT DISCHARGE OF OFFICIALS

Bennett Forces House To Close Debate and Vote on Relief Bill

"Blank Check" Approved By Commons on Division of 100 to 64—Day's Sitting Was Finally Concluded at 4:30 This Morning

OTTAWA, March 30:—Climaxing a hectic day of debate, the House of Commons early this morning gave first reading under closure rules to the government's bill to extend until May 1 terms of the unemployment relief act of last session under which the much debated "blank check" is given the government. The House rose at 4:30 this morning. The vote was 100 to 64, Liberals to a man opposing the measure.

ASKING FOR ROAD WORK

City Council Decides to Make Another Appeal to Provincial Government on Matter

On suggestion of Ald. Theo Collart, the city council decided last night to again appeal to the provincial government for an immediate starting of men domiciled in the Cloyah Bay relief camp to work on continuation of the construction of the Skeena River highway. Ald. Collart understood that such work had been instituted elsewhere in the province and he did not see any reason why the same should not be done at once.

Ald. Black seconded Ald. Collart's motion asking the government to institute the work at once, the motion being unanimously passed.

B. C. MAN INVOLVED

Fort St. John Man Says He Knows About Montana Murder and Drug Ring

EL PASO, Texas, March 30:—G. C. Parsons, aged 26, from Fort St. John in the Peace River district of British Columbia, has told detectives of this city that he was implicated in the slaying of a member of a Montana narcotic ring. Parsons, who was picked up on suspicion, said that he knew the whereabouts of the body of the slain man and also the location of a huge amount of narcotics which was buried after the slaying.

The murder, Parsons said, was committed near Plentywood, Montana, in December, 1929.

Metlakatla Girl Is Laid to Rest

Funeral of Miss Marjorie Rudland Took Place Saturday Afternoon at Neighboring Town

METLAKATLA, March 30:—The funeral of Marjorie Ethel Ruby Rudland, 16-year old daughter of Mr. and Mrs. William Rudland, whose death occurred on Thursday afternoon of last week in the Prince Rupert General Hospital, took place here on Saturday afternoon last. Many friends of the girl and her family were in attendance at the obsequies. Members of the Young Men's Benevolent Association acted as pallbearers.

DEALINGS STILL ON

Norfolk Minister Expresses Optimism in Kidnapping Case—Negotiations Continue

NORFOLK, Va., March 30:—Very Rev. Dean H. Dobson Peacock admitted to a crowd of interviewers yesterday that he had been requested by Col. Charles A. Lindbergh to continue negotiations with a view to bringing about the safe return of the famous flyer's 20-month old son who was kidnapped four weeks ago last night. In answer to questions, Dean Peacock asserted that the search for the child was near a conclusion and added that he was "very optimistic" as to the outcome.

Dean Peacock revealed, however, that he had had no contact himself with the kidnapers but that actual negotiations were being carried out by John Hughes Curtis of this city, who made a flight at the week-end in the course of which he was said to have made contact with the kidnapers who are supposed to have the child on a boat off the Virginia coast.

HOPEWELL, N.J., March 30:—The arrival at Hopewell yesterday of some half a dozen detectives led to the belief that important developments were impending in the Lindbergh kidnaping case although no official statement was made.

TO HELP COLLEGE

Manson Urges Government to Transfer Funds From Game Board to University

VICTORIA, March 30:—A. M. Manson, Liberal member for Omineca, speaking in the budget debate, urged that part at least of the sum set aside for the Game Board be transferred to the University of British Columbia. If something like this is not done, the University will receive a "black eye" throughout the Dominion and many of the young people of the province will be driven away.

"Game Board expenditures have increased \$150,000 since the present administration took office," Mr. Manson declared "while the university grants have been cut down \$400,000. Let us have first things first. Surely the university is more important to us than game."

RELIEF IS INADEQUATE

Central Committee of Prince Rupert Unemployed Association Asks Consideration

Privation Now

Felt That Man and Wife Should Each Get 40c a Day With More For Children

After hearing a resolution from the central executive of the Unemployed Association of Prince Rupert, which was supported by remarks from a delegation consisting of W. Mahoney, T. Murphy and Charles Chapman, the city council promised last night to give its serious consideration to a proposal that more adequate unemployment relief allowances be made to married unemployed men with families. The delegation told the council of instances of real privation among families of the city owing to the inadequacy of the present relief allowances. Members of the council expressed themselves as being sympathetic to the proposal and declared that their consideration for the needy unemployed would be limited only by financial exigencies of the city.

The resolution from the central executive of the Unemployed Association referred to the present "unsatisfactory administration of relief," which was held to be entirely inadequate for married men with families, and protested it. Discrimination was also charged on the part of storekeepers as between persons buying with cash and those with relief tickets. Single men were (Continued on page five.)

PROBE IS GOING ON

Pattullo Charges That Investigation Committee is Merely Trying to Whitewash Government

VICTORIA, March 30:—At a session of the special committee of the Legislature investigating unemployment matters, T. D. Pattullo, leader of the opposition, charged that the committee was not making an investigation but simply trying to justify the provincial government's unemployment policies, adding that Ottawa, "becoming suspicious," was checking up the province on its vouchers.

The suggestion was vigorously denied by H. D. Twigg, chairman of the committee.

A. M. Manson, Omineca, supported Mr. Pattullo's charges.

The committee investigated reports of existence of a piano and radio in one of the unemployment camps.

GOLD STRIKE MADE IN LIARD COUNTRY

VANCOUVER, March 30:—Gold has been struck in the Liard River watershed, about fifty miles north of the British Columbia boundary, near Wolf Creek, according to a report received by the British Columbia Chamber of Mines. This is the region in which Capt. E. J. A. Burke, well known commercial flyer, was lost a year ago last fall.

Ambassador's Son Marries

Count Michael Lichnowsky, son of Germany's ambassador to London at the outbreak of the world war, is shown with his Scots-American bride as they left the registry office. They will have a religious service in Paris.

PROTEST IS MADE

Veteran Smithers Official Declared to Have Been Victim of Patronage

VICTORIA, March 30:—Another Norman Watt case was drawn to the attention of the Legislature when Dr. H. C. Wrinch, Skeena, complained of the injustice meted out to Stephen Hoskins, veteran government agent at Smithers, who after 30 years' efficient service in the public employ, had been demoted to the small agency at Anyox for which only \$300 salary was being voted this year.

Practically every resident of the district, regardless of political affiliation or religious belief, had signed a petition protesting against this action, he stated.

No suggestion of inefficiency or failure to perform his duty had been heard, said the member, and certainly no economy had been effected, since the successor, a single man, drew the same salary, but did not perform all the duties.

Two functions discharged by Mr. Hoskins, he said, had been allotted to party friends who would derive fees for which Mr. Hoskins, as government agent, had not been eligible.

This was a remarkable and unjust method of rewarding party friends, he declared, asking that the government take steps to see that recompense was made to Mr. Hoskins, who had only two years to go before superannuation, and who had established a home in Smithers.

Mr. Hoskins has since been notified of his transfer from Anyox to Duncan, Vancouver Island.

WEATHER REPORT

Langara — Overcast, moderate southwesterly wind, choppy sea.
Triple Island—Part cloudy, strong southeasterly wind, moderate sea.
Dead Tree Point—Part cloudy, light southeasterly wind; barometer, 29.82; temperature, 50; light swell.

Government's Record Of Dismissals Would Not Bear Probe, Said

Removal of Men From Lands Department Under Fire in Legislature—Liberal Leader Dares Administration to Go to Country This Year

VICTORIA, March 30:—In the Legislature yesterday, T. D. Pattullo, Liberal leader, asked for an explanation for the release of certain officials in the colonization and other branches of the Lands Department. Mr. Pattullo charged that the record of the administration on its dismissals would not stand investigation and he challenged the government to go to the country this year.

HIS ACT HONORED

V. C. Grant Receives Certificate and Medal For Life Saving

A very interesting ceremony was carried out in the offices of the Northern B. C. Power Co. Ltd. this morning in the presence of all members of the staff, when presentation of the President's Certificate and Medal of the National Electric Light Association was made by J. J. Little, general manager of the company, to V. C. Grant, patrolman on the Falls River line, who is stationed at Balmoral on the Skeena River.

On May 3, 1931, Shirley Helin, a child of three years of age, was rescued from drowning and was brought back to life by Mr. Grant by the prone pressure method of resuscitation from electric shock.

Mr. Little, in a few well chosen words, outlined the circumstances of the case and impressed upon all members of the staff present, the necessity of being able at all times to use and adopt this method in the case of suspended respiration from all causes, such as drowning, electric shock, carbon monoxide, etc.

After receiving the congratulations of the staff, Mr. Grant replied feelingly and expressed his appreciation in being in a position and having the ability to bring this child back to life and return her to her parents and friends.

DOCUMENTS AVAILABLE

Government Ready to Produce Files For Committee Investigating Unemployment Relief

VICTORIA, March 30:—As far as the government is concerned, we are quite prepared to produce any documents to the unemployment inquiry," Hon. R. H. Pooley, attorney general, declared in the Legislature. Mr. Pooley's statement came following the charge of T. D. Pattullo, A. M. Manson and other Liberal members that the government has been withholding information from the committee investigating unemployment relief matters.

At the conclusion of taking of plaintiff's evidence yesterday afternoon, the County Court case of Bryant Co. Ltd. vs. Thomas Tasker was adjourned until next Monday when witnesses for defendant are expected to be on hand to give their evidence.

FOUR DEAD FROM BLAST

Mrs. A. Lebric and Three Daughters Lose Lives When Gasoline Explodes at Gogama, Ont.

GOGAMA, Ont., March 30:—Mrs. A. Lebric and her three daughters, Bertha, Dorothy and Clarine are dead following an explosion of gasoline in their house here yesterday.

CENSUS IS ANNOUNCED

Final Figures Show Population For Prince Rupert in 1931 of 6,350

Final census figures, which have just been issued by the federal government, show Prince Rupert's population for 1931 to have been 6,350 as compared with 6,393 in 1921, a very slight decrease being recorded. The only other city municipality in the north, Prince George, is credited with population of 2,479 for 1931 as compared with 2,053 in 1921, a healthy increase being thus shown.

Other municipalities in the north have populations as follows: Vanderhoof, 305; Burns Lake, 202; Smithers, 999; Stewart, 610; Terrace, 352.

HOLIDAY IN NORTH

Interesting Revelations in Regard to Expenses of Alaska-Yukon Road Route

VICTORIA, March 30:—The aerial reconnaissance of the Alaska-Yukon highway route cost the provincial government \$35,000 during the fiscal year of 1930-31, the public accounts committee of the Legislature was told. Of this sum, \$15,000 was for airplane charter, other items specified including fishing rods, cameras, guns and knives. "It looks like someone had a great vacation," remarked H. F. Kergin, Liberal member for Atlin.

DAILY EDITION Wednesday, March 30, 1932

GERMAN POLITICAL SITUATION

On March 13 there was a presidential election in Germany and President von Hindenburg led the poll but he did not have quite a clear majority of the total votes, therefore a second election must take place. This will be held on Sunday, April 19, when whoever gets the highest number of votes will be elected. Von Hindenburg will then undoubtedly be returned, for his nearest political opponent, Adolf Hitler, was over seven million votes behind the president in the first election.

Industrial conditions are very bad in Germany and the tariff walls erected by Canada and Great Britain will help to retard a rapid recovery. The condition of China also seriously curtails one of the German markets. In spite of all this and of the millions of men who are today unemployed in that country, German statesmen expect their country to recover. There is said to be already a slight improvement. Once the election there is over and the people have definitely decided in favor of stable government there seems every probability that Germany will commence to get on her feet once more.

Mention is particularly made of Germany just now because there seems to be a prevalent idea that Germany is the danger spot of Europe and that many are looking to see an outbreak of some kind in the Fatherland.

DOUBLE TAXATION

It is semi-officially announced that there will be an increase in the Dominion income tax and also in the corporation tax. This follows announcement of an increase in the provincial income tax.

It is to be hoped that this government will see the injustice of the double tax which was extorted by the King government. For a number of years now an incorporated company has had to pay a heavy tax on its income and the people holding shares in that company have to pay again on the same money. That may be all right for the big corporation where the shareholders have no direct interest in the company whose shares it holds, but for a small company where the operator is the chief shareholder, it is a decided hardship. Were the company not incorporated he would get off with one tax but just because he decided to obtain a charter he must pay two taxes.

So Short Of Breath Would Have To Sit Down

Mr. C. M. Stroeder, Hanover, Ont., writes:—"I could hardly do my work, and after going up or down stairs I had to sit or lie down for a while as I would be all out of breath."

I could hardly go down town for if I walked two or three blocks I was ready to fall over.

I took several boxes of Milburn's Heart and Nerve Pills and am glad to say I have been totally relieved of my trouble."

Price 50c a box

BOOST FOR PR. RUPERT

Position of Advantage Stressed in Article in MacLean's Magazine

Charles M. Campbell, consulting engineer for the Wilson and Wood mining interests and former superintendent for the Granby Co. at the Old Phoenix mine in the Boundary country has written an interesting article in the current issue of MacLean's Magazine in which possibilities of future developments in Northwestern Canada are discussed. Mr. Campbell has stressed the strategic and advantageous position of Prince Rupert in connection with such development.

In part, Mr. Campbell's article says:

"In 1930 an important eastern convention met in Vancouver. It was addressed by one of the searchers after truth from the university, who featured the prophecy that British Columbia will ultimately have a population of 30,000,000. This is not a prophecy, which is a promise to pay, but a fairy tale. It is an opiate, productive of pleasant dreams, when the situation calls for an alarm clock set for an early hour. All one has to do to question the justification for such a statement is to look north from the university. That range of mountains along the skyline that blocks settlement is typical. British Columbia is too high for a dense population.

"To supply transportation for those 30,000,000 non-existent people we built railways and then more railways. Consider the British Columbia section of the Grand Trunk Pacific, 700 miles from Yellowhead to Prince Rupert through the centre of the province. On the whole line there are only two settlements in the interior that class better than small villages, viz., Smithers with a population of 999, and Prince George with 2,449. Prince Rupert was by this time to have a population of anywhere from 100,000 up, yet the latest returns give it only 6,326 inhabitants a reduction from 1921. How soon will we reach 30,000,000 at that rate?"

Should Do Better

Whether this railway will ever pay a profit is a matter of doubt, but it should be making a far better record than is now the case. Prince Rupert, with a Hamilton, Ont., temperature, without the extremes, has an excellent ice-free harbor equipped with elevator, dry dock, cold storage plant, etc. It is 500 miles nearer the Orient than Vancouver. It is also the nearest seaport to the Peace River area. It has particularly valuable fisheries, considerable mineral wealth is tributary, and it is the centre of one of the world's best pulp timber areas. There is justification for an intense industrial area here, trading with the Orient and elsewhere, yet the net result to date is that, though considerable water power is available, only one stream has been harnessed and a plant capable of 6,000 horsepower installed, and of this only about 2,000 horsepower is being used. Is this the best that Canadians can do?

We are told that we can grow wheat at Fort Simpson. Fine. But why go to Fort Simpson? There is plenty of room for more farmers at Terrace, Smithers, Vanderhoof, Prince George and other places along a railway already built, yet the population is so small and the market so restricted that a few hundred pounds of cabbage offered for sale is liable to cause a slump and cut the price in two. Complimentary industrial activities are also warranted. Thus, along the Bulkley River, within 200 miles of Prince Rupert, are four power sites aggregating 191,600 horsepower that can be economically developed. The admitted need in Canada is more population along the railways. Here is one area where more Canadians can find homes."

DESTROY FISHERY

Vancouver Province Urges Continuation of Co-operation With United States

Now, so goes the suggestion, the time has come for Canada to anticipate the inevitable and, if the United States will not co-operate to prevent the extinction of a great industry, for Canada to develop her Northern British Columbia salmon fisheries on the ruins of the Fraser industry, says the Vancouver Province in commenting upon the proposal to abandon the Fraser River sockeye fishery because of the failure of the United States to co-operate in its preservation. It is proposed that Canada shall remove all the present restrictions on the Fraser fishery, and shall allow our own fishermen to take whatever toll they can on equal terms with American fishermen while it lasts. At the same time, it is suggested, Fraser sockeye eggs should be transplanted in our northern rivers.

The idea is natural enough. In the long run, if the United States will not co-operate with Canada to preserve the Fraser sockeye industry, it seems that nothing can prevent its destruction. But to destroy it deliberately, no matter how great the provocation, is certainly a desperate measure. John P. Babcock, our provincial deputy commissioner of fisheries, believes that conservation of the Fraser sockeye could be made eventually to yield a production worth \$30,000,000 a year. In the delicate economy of nature's checks and balances, it is by no means certain that if we deliberately destroyed the Fraser sockeye, we could ever bring it back again. We think

that Canada had better not abandon the project of co-operation with the United States altogether. Perhaps, when the political exigencies of presidential election year are over, the Senate will experience a change of heart.

\$5.00 Prize

You Can Win Easily—Read the Directions Given Below

All you have to do is to write a limerick on "Supreme" Coffee, and send it to Stewart & Mobley Ltd. Limerick to be written on coffee coupon contained in each package of coffee, or on plain sheet of paper with coupon attached.

You can write as many as you like, provided each effort is accompanied by a coupon. No employee of Stewart & Mobley Ltd. is eligible.

To give an idea of what is required, we give a specimen limerick: There was a young fellow from Remo, Who said "Give me some coffee and creamo,"

Said the waiter, "What kind Did you have on your mind? Take my word, have the best, that's Supremo."

Entries must be in before April 31, 1932. Mark "Limerick," Stewart & Mobley Ltd., Prince Rupert.

AGREEMENT ON POLICE

New Contract With Government to Be Sought By City With View to Reducing Cost

With a view to effecting economies, the city council decided unanimously last night to open negotiations with Col. J. H. McMullin, commissioner of provincial police, for a new agreement in regard to the policing of the city by the provincial force. The motion to this effect was proposed by Ald. Casey and seconded by Ald. McCutcheon. It was felt that, even if the present force was not reduced in numbers, the city should at least derive some benefit from reductions in salaries of officers which had been made by the government. Under the present agreement, the city pays the provincial government \$10,000 per year for policing, extras bringing the annual cost up to about \$14,000.

In bringing the matter up, Ald. Casey said that he noticed that, in the estimates for the year, no revision had been made of the item for policing which stood the same as that for last year, there having been no change since 1926 when the present agreement was entered into. He thought that it was right that the city should apply to Col. McMullin for a new agreement under which a reduction of at least \$3,000 per year in the cost would be made. All other departments of the city service had been cut down in cost and he did not see why the same should not be done in regard to the police. Indeed, he believed that the citizens expected this to be done.

Mayor Orme stated that Col. McMullin had intimated that the mat-

ter of cost hinged on how many men were on the force.

Ald. Rudderham thought that, if there had been a reduction in the wages of the policemen, there should naturally be some decrease in the cost.

After some further discussion, it was unanimously decided to seek a new agreement.

The city council last night accepted an offer of \$25 from Jeff Lambly for the purchase of the old city tractor now standing idle at Dunsmuir Street. Mr. Lambly's offer was the only one made and its acceptance was recommended by the Board of Works.

C.N.R. steamer Prince George, Capt. H. E. Nedden, arrived in port on time at 10:30 this morning from Vancouver, Powell River and Ocean Falls and will sail at 4 o'clock this afternoon for Anyox and Stewart whence she will return here tomorrow evening south-bound.

Word has been received by friends in the city of the birth in Toronto on March 20 of a daughter to Mr. and Mrs. J. H. Spiers, Mrs. Spiers, before her marriage, was Miss Anne Castell R. N., a graduate of the Prince Rupert General Hospital training school for nurses.

Letters have been sent both to Ottawa and Victoria submitting the proposal of Ald. Macdonald that the government lend \$50,000 to the city for the carrying on of relief work during the present unemployment crisis but, so far, no replies have been received from either government, the city council was informed last night by Mayor C. H. Orme and City Solicitor E. E. Jones.

FASHION HINT

"How to make my old short skirts conform to the new length was a problem to me until I hit on this plan. I dropped the hems; and as the part that had been turned under was darker than the rest, I dyed the entire dress, after having bleached the goods, following directions in the Diamond Dyes package. I used Diamond Dyes for the dyeing, of course. I have dyed many things with these wonderful colors. They have saved me many dollars and have never failed to give perfect results—smooth, even colors—fast to wear and washing. Friends think my things are new when I redye or tint them with Diamond Dyes. They do give the most gorgeous colors!"

Underweight?

"My baby was so thin his hands were like bird claws. But he thrived wonderfully after I started giving Baby's Own Tablets," writes Mrs. L. Kennedy, Portland, Ontario. Baby's Own Tablets help to regulate stomach and bowels; and the thin child gains weight. Absolutely safe. 25c package. 239 Dr. Williams' **BABY'S OWN TABLETS**

Norman A. McLean, purser of the steamer Prince John on the Queen Charlotte Island run, arrived in the city on the Prince George this morning after making a brief stay-over in Vancouver and will rejoin his ship here this week.

William C. Fraser, agent for the Yukon & White Pass Railway at Carcross, was a passenger aboard the Princess Norah this morning returning to his duties in the north after a visit to Vancouver and elsewhere outside.

McLeod White, mining engineer for the Consolidated Mining & Smelting Co., was a passenger on board the Princess Norah this morning going through to Atlin in which district he will again spend the season. He has been spending the winter in Vancouver.

Andrew Glover, steward of the Prince Rupert Club, returned to the city this morning on the ss. Prince George after a month's vacation visiting at the home of Lieutenant T. A. Hawthorne in Calgary and spending a few days with friends at Kicking Horse Mountain and Vancouver.

A. B. Storrie had an application before the city council last night to purchase lot 76, block 3, section 7 for \$50, \$25 cash and the balance in five monthly payments of \$5 each. At the suggestion of Ald. Casey, the offer was laid on the table until such time as the council decides on a policy to govern the sale of lots reverted to the city for taxes.

H. R. Hill, having paid in full for the property under the soldiers' housing scheme, is to have deed of lot 12, block 6, section 2, transferred to him by the city. A recommendation to this effect from the finance committee was adopted by the city council at its meeting last evening. Mr. Hill is one of comparatively few who have completed payments on soldiers' houses.

BE HAPPY SAVE MONEY BUY RIGHT

A summary of business conditions shows low prices on wheat, fish, lumber and metals, with high taxes by Dominion and Provincial Governments and municipalities. The outlook for Western Canada is not too bright. What shall we do to make the best of our present condition?
First, of course, practice all economy possible.
Second, do not try to "keep up with the Joneses."
Third, convince yourself that you can live and be happy without spending money foolishly.
Fourth, read something of the history of our forefathers in the early days of Canada, in Ontario and Quebec.
Fifth, picture Prince Rupert without automobiles, electric light, steam heat or telephone.
Lastly, before buying lumber, building materials, or fuel, consult ALBERT & McCAFFERY, LIMITED, who are in a position to quote prices to your advantage. Phones 116 and 117.

R. B. Young of Port Simpson is paying a brief business visit to town, having arrived in the city by gasboat yesterday afternoon.

Congregational Social in St. Andrew's Cathedral Hall, Thursday, March 31, at 8 p.m., to celebrate the 25th Anniversary of the opening of the Church Hall.

There were seventy passengers aboard the steamer Princess Norah which was in port this morning bound from Vancouver to Skagway. Three persons disembarked from the vessel here.

C.P.R. steamer Princess Norah, Capt. William Palmer, arrived in port at 9 o'clock this morning from Vancouver and sailed a couple of hours later for Skagway and the Alaska points whence she is scheduled to call here next Sunday afternoon on her return south. The vessel had a good-sized list of passengers for the north.

George N. Corkle, ship's carpenter for the Yukon and White Pass Route and during steamship construction days at the local dry dock located here, when he became prominent in local athletic circles, was a passenger aboard the Princess Norah this morning bound for Whitehorse where he will spend the summer. He was among a number of other members of the White Pass and Yukon staff who were going north on the vessel. Mr. Corkle had been spending the winter at his home in Victoria.

HEADACHES caused by ACID

ACIDITY haunts its victim like a shadow. No appetite; what you do eat disagrees, causes flatulence and makes you sluggish. Work is an effort. Before night, a headache. Do you know what is wrong? An acid-soaked system! Too many acid foods. But you need not diet your way out of this difficulty! Take a tablespoonful or two of Phillips' Milk of Magnesia. From the hour you relieve that acid condition you will feel like another person. Every spoonful of Phillips' Milk of Magnesia will neutralize many times as much acid. Take it when stomach nerves are over-stimulated through worry, or excitement; when everything ferments in your stomach, and waste matter is poisoning the bloodstream or whenever the bowels are clogged. Phillips' Milk of Magnesia has a gentle, laxative action. It is ever so much better for one than the harsh purgatives that upset the stomach or weaken the bowel muscles. An occasional dose of Phillips' Milk of Magnesia is all that is necessary to avoid those periodical attacks of sluggishness so apt to occur with any person who does not get a great deal of physical exercise. Phillips' Milk of Magnesia is sold at drug stores everywhere in the Dominion in 50c bottles. Be sure to say "Phillips'" when you buy. Then you're sure of getting the product that doctors prescribe. The ideal dentifrice for clean teeth and healthy gums is Phillips' Dental Magnesia, a superior tooth-paste that safeguards against acid-mouth. (Made in Canada.)

Children's Party

Very Enjoyable

Annual Affair By Hill Sixty Chapter

Held in I.O.D.E. Hall Last Night

Hill Sixty Chapter, Imperial Order, Daughters of the Empire, held its annual children's party last night in the I.O.D.E. Hall, about eighty children being present. From 7 to 9 p.m., the small children were entertained with games and contests and from 9 p.m. until midnight there was dancing for the older children. Music for the dancing was played by Mrs. H. B. Rochester, Miss Mae Donaldson and Billy Bacon.

Mrs. H. B. Rochester and Mrs. H. A. Breen were in charge of the dance and program. Refreshments were served under the direction of a committee consisting of Miss D. Heilbronner, Mrs. G. W. Abbott, Mrs. Ernest Anderson, Mrs. H. N. Brock and Mrs. Robert Davie.

Mrs. J. H. Macey and Mrs. Lawrie Lambly presided at the door.

JOHNSON MAY NOT BE LOST

E. C. Morris Thinks Missing Man May Be Staying at Cabin on Salmon Gold

E. C. Morris of the Salmon Gold property, Portland Canal, who is staying in the city for a short time, says he doubts very much if Andrew Johnson, who was reported lost and who might have been burned in his shack recently, is really gone. He says that he told Johnson he could use his cabin, which was only about five miles away. It was well stocked with grub and there is quite a possibility that he is staying there until weather conditions improve.

DELEGATION TO OTTAWA

City Council Refers to Finance Committee Proposal From Union of B. C. Municipalities

The city council last night referred to the finance committee with power to act a circular letter from the executive of the Union of B. C. Municipalities containing the suggestion that a delegation representing the municipalities of British Columbia be sent to Ottawa to interview the federal government with a view to preventing further such misunderstandings as arose during the past winter in the matter of unemployment relief. It is being suggested that each municipality contribute a share to the cost of sending such a delegation.

The circular letter referred to the recent visit of a delegation to Victoria to protest against certain provisions in the Jones budget affecting the municipalities. It was not possible to say as yet whether or not the protests which had been made to Hon. J. W. Jones, the minister of finance, would bear fruit.

The letter urged that, in taking up with the governments matters of common interest, there be joint rather than individual action. This, it was felt, would not only be more economical but more effective.

The circular letter voiced appreciation to Reeve Crouch of Saanich for having been instrumental in having a special convention of the Union of B. C. Municipalities held recently to deal with problems of immediate importance.

Mayor C. H. Orme informed the council that he had already forwarded a protest to the minister of finance at costs of social services being unloaded upon the city without notice.

ON FLIGHT TO ALASKA

Pilot C. L. Scott Puts in Here For Night After Travelling From Seattle Yesterday

Having Mr. and Mrs. Jack McCord as passengers from Seattle to Ketchikan, Pilot C. L. Scott landed a new Boeing flying boat here at 5:30 last evening from Seattle which point he had left at 7 o'clock yesterday morning. The flight up the coast was made, with a two-hour stop at Alert Bay, in the face of adverse weather conditions which finally made it appear advisable to Pilot Scott to put in here for the night instead of endeavoring to continue to Ketchikan. The party "shoved off" at 7 o'clock this morning in continuation of the flight north.

Pilot Scott will continue his flight to Cordova in Western Alaska where he intends to engage in commercial flying. He is well known here, having made regular commercial flights between here and Ketchikan in an old Boeing boat two years ago. His present ship is a brand new one.

Relief Inadequate

(Continued from Page 1)

also being persecuted and threatened with eviction. Immediate and satisfactory relief was asked.

Mayor Orme stated that, in the giving of relief, it was not a question of what the city council would like to do but rather what it was able to do. He felt that all members of the council were sympathetic with the lot of the unemployed and would try to meet the situation as well as they possibly could.

The city was actually in much the same position relatively as the unemployed so far as finances were concerned, Ald. Macdonald felt.

W. Mahoney stated that married unemployed men, who were suffering hardships with their families, were not prepared to approach the city individually. The central executive of the Unemployed Association had been delegated to represent them. The speaker felt that the city council had a direct responsibility to act in the interests of the people in regard to unemployment relief as in other matters. There were many instances where the present relief allowances were absolutely inadequate. Mr. Mahoney felt that the suggestion was reasonable that 40c each be allowed per day for an unemployed married man and his wife and at least \$1 a week for each child under seven and allowances for older children compatible with necessity.

HATCHERY MAN DIES

George James Morgan Had Been in Fishery Service in Province Twenty-Six Years

NEW WESTMINSTER, March 30:—George James Morgan, aged 65, who had served for 26 years as superintendent of various Dominion hatcheries in the province is dead here after a brief illness.

RANGERS WINNERS

Crippled Montreal Canadiens Lose Title—Maple Leafs and Maroons Still in Play-offs

NEW YORK, March 30:—New York Rangers defeated the world champion Montreal Canadiens here last night by a score of five to two, thus winning the National Hockey League first place play-off, three games to one. The series was the best three games out of five. The Canadiens won the first game but, crippled by injuries to important players, lost the last three.

The Toronto Maple Leafs defeated Chicago Black Hawks by a score of six to one at Toronto, taking the two-game total goals round, six to two.

In Montreal, the Maroons defeated Detroit Falcons two to nothing, taking the round three to one, and will play Toronto on Thursday and Saturday for the right to meet the New York Rangers next week in the final for the Stanley Cup, emblematic of the world's professional hockey championship.

SPORT CHAT

Jess Willard, former world's heavyweight champion, has announced through his managers, Frank Kerwin and Carlos Curtis, that he contemplates a return to the ring to engage in exhibition bouts. Only recently Willard admitted that his various real estate and meat market ventures had failed and that he was earning a mere living. His managers said he would go into training immediately and that they hoped to match him with Jack Dempsey to whom he lost the title, and Jack Johnson from whom he won the crown, in four-round exhibitions. They admitted no preliminary negotiations had been started for either of these two shows. The former champion has been away from the ring for over ten years. He is 49 and weighs 300, about 50 pounds heavier than when he was actively engaged in the ring.

The three members of Toronto Maple Leafs' "Kid" forward line lead the entire National Hockey League in each department of the scoring records during the past season. Never before in the memory of sport critics has one front line headed the goal, assist and point standings. To Harvey "Busher" Jackson, flashy left-winger, who holds the distinction of being the youngest player in the league, goes the honor of topping both divisions in point totals. The 21 year old wingman finished the regular schedule with a total of 53 points gathered by 28 goals and 25 assists. His right-wing mate, Charlie Conacher, stands at the top of the goal getters with 34 for the season, one more than his nearest rival, Bill Cook of New York Rangers. Joe Primeau, play-making pivot of the "Kid" line, wound up the season with 35 assists to top the league in this department.

Canada again won the world wheat prize in 1931—17 out of 21 times.

JUDGMENT AFFIRMED

Appellants Lose Their Appeal in Legal Dispute Over Red Top Mine at Stewart

The British Columbia Court of Appeal has affirmed a decision of the Supreme Court trial judge, Mr. Justice D. A. McDonald, whereby John McNeil and James A. Connors, miners of Stewart and Juneau respectively, must pay \$10,000 damages to Harry Quickstad, miner, for breaking a contract to sell the Red Top mine near Stewart to him. Appeal of McNeil and Connors to the higher court failed, the original judgment being affirmed with Mr. Justice McPhillips dissenting.

The court found that it was not necessary to add as parties to the suit the names of David Johnson and J. J. Wored of Seattle to whom Quickstad had assigned ten and fifteen percent interests respectively.

When the defendants broke an option agreement to sell the mine to him for \$250,000, Quickstad claimed that he was negotiating for a sale of the property, which adjoins the George Copper, to J. F. Duthie of Seattle.

The County Court cases of Booth Fisheries Co. vs. Charles M. Edwards and John Postgate, in which plaintiff has a claim for \$130.50, and Gertrude McGrath vs. the same defendants, in which the claim is for \$109.78, have both been adjourned sine die owing to the absence from the city of witnesses.

BASKETBALL CONCLUDES

High School Defeats Native Sons 16 to 12 to Win Terrace Title

TERRACE, March 30:—All past rivalry between the High School and the Native Sons basketball teams was settled Saturday night when the School handily defeated the Sons by a score of 16 to 12 to win the senior men's championship of the Terrace Basketball League.

The game was fast from the first whistle and, at half time, the score was 8 to 4 in favor of the School. The Native Sons started the second half with the intention to do or die and, with three minutes to go, the score was 12-all. The High School then showed their superiority by fast plays, which featured baskets by McLeod and Little, that cinched the game and won the championship for the High School.

The High School team, which is using all students this year, is an altogether faster team than represented the High School last season while the Native Sons have improved very much since last winter.

Fred Thomas very capably handled the whistle.

The line-ups:

Native Sons—J. Smith, D. Burnett (6), D. Kerr (2), C. Michiel (4), J. Graham; total, 12.

High School—S. McLeod (6), O. Olsen (2), D. Little (8), K. Kerr, F. Green; total, 16.

In a very exciting ladies' game, the Dubs defeated the Dumbells by a score of 14 to 10.

After the games a dance was enjoyed until midnight. The Town Orchestra provided the music.

Which Finishes SATURDAY Next

All those who wish to take advantage of the low prices in effect here are urged to do so this week.

IS CHOSEN CARETAKER

William Sherman Jr. Succeeds Fred Riffou at McClymont Park

William Sherman jr., receiving a majority on the first vote from among 12 applicants, received the appointment from the city council last night as caretaker of McClymont Park, succeeding Fred Riffou resigned. The position lasts for five months each year and the remuneration is \$75 per month.

The applicants were John Jeans, John Munro, Sid B. Roberts, James McGlashan, L. Husoy, John Watt, George Grosvenor, Thomas Hodgkinson, Henry Smith, William

Robb, John Storings and W. H. Sherman jr.

On casting vote of the mayor, the council decided to make the appointment by majority vote of the council rather than by the applicant receiving the highest number of votes on a single ballot. Ald. Rudderham, Ald. Black, Ald. Casey and Ald. Macdonald voted in favor of a majority vote being taken while Ald. Pillsbury, Ald. Collart, Ald. McCutcheon and Ald. Linzey were in favor of the high vote deciding.

Mr. Sherman received five votes on the first ballot, Mr. McGlashan two and Mr. Jeans and Mr. Storings one each.

Lawrence Higgins, government liquor vendor at Whitehorse, was a passenger aboard the Princess Norah this morning returning north after a visit in Vancouver.

JOHN PRICE OF TERRACE DEAD HERE

John Price, 70-year old Terrace prospector, passed away early this morning in the Prince Rupert General Hospital where he had been a patient since January 9. He had been in the hospital before this occasion but had left for a while. Deceased was a native of Ontario and, as far as can be learned, had no relatives in this part of the country. Funeral arrangements are in the hands of the B. C. Undertakers.

The city council last night decided to call for tenders for the printing of the report for 1931 of George Rorie, city auditor.

TEACHERS' WELFARE

Omineca Herald Demands Editorially That Ruling Be Strictly Adhered to

The shooting affair at Mile 22 in the Kispiox Valley was one of the most distressing that has occurred in this district for a good many years, says an Omineca Herald editorial. A school teacher in an isolated school district nearly came to her end from bullet wounds. The police are satisfied that the wounds were self-inflicted. The friends of the woman who know her best, find it very hard to believe that theory. The woman says she remembers having her .32 revolver in her hand but she does not remember pulling the trigger. It is also reported that she opened the cabin in answer to one of her pupils. When found by neighbors later, she was lying on the bed. The doctor found a number of bruises and scratches on different parts of the body. The woman is in the hospital. When she is sufficiently recovered to talk normally, and she still maintains there was no one in the cabin and that she can give no other information, the theory of the police will of necessity be accepted. It is up to the memory of the woman.

However, the fact remains that the instructions, or rulings, of the minister of education is that lady teachers shall not be employed in isolated districts, and where proper living conditions and environment are not provided. That ruling had better be adhered to both in spirit and to the letter.

TO INVITE DELEGATES

Imperial Economic Conference Envoys Asked to Visit Here During Their Stay in Canada

In line with what other western cities are doing, the local city council, at the suggestion of Ald. Casey, decided last night to send an invitation through Premier R. B. Bennett and Olof Hanson, M. P. for Skeena, for delegates to the Imperial economic conference to be held in Ottawa during the coming summer to visit Prince Rupert during their stay in the Dominion. It is being suggested that a tour of the west might prove very enjoyable and enlightening for the distinguished delegates following their labors in Ottawa.

Ald. Casey's motion along these lines was seconded by Ald. Collart and carried.

Janitor of City Hall Resigns

John W. Exley to Be Superannuated Next Month—Successor Being Sought

John Walker Exley tendered to the city council last night his resignation as janitor of the City Hall, a position he has held for many years. The resignation will become effective April 30 and Mr. Exley will go on provincial superannuation as from May 1. In resigning, Mr. Exley thanked mayors, city council and city officials under whom he had served for courtesy and consideration.

The resignation was accepted by the council and applications for a successor will be called.

PICTURE IS DRAMATIC

Phillips Holmes, and Frances Dee Stars of "An American Tragedy" Which is Offered Here

Theodore Dreiser's well known two-volume novel of the same name is the basis of the excellent dramatic talking picture "An American Tragedy," which is the mid-week feature offering on the screen of the Capitol Theatre here. The action surrounds a young man who is extremely handsome to young women who commits a hideous crime. A typical American trial is one of the dramatic features of the picture. The story is thrilling although the ending is not a happy one.

Phillips Holmes is ideally suited to the role of Clyde Griffiths, the young man, in which he is cast. Sylvia Sidney, who was last in "Ladies of the Big House," and Frances Dee, who will be remembered from "Rich Man's Folly," are co-starred in the feminine leads. Both are very popular and give good performances. Miss Sidney as a factory girl and Miss Dee as a rich girl.

The great musical picture "Love Parade," featuring Maurice Chevalier and Jeannette MacDonald, will be shown tonight in connection with the theatre's "revival" campaign.

Tenders For Publications Being Called

At the request of Ald. James Black, chairman of the reading room committee, the city council last night authorized the calling for tenders for supply of literature for the year to the city reading room, the committee being given power to act in accepting a tender. The cost of the literature, principally newspapers, is estimated at from \$150 to \$160. Some eleven periodicals have been lopped off the list in the interests of economy, Ald. Black intimated.

Ald. Black gave the following figures to show how expenditure on the reading room has been decreasing steadily during the past few years: 1927, \$1389; 1928, \$976; 1929, \$823; 1930, \$765; 1931, \$702.

Ald. Black reported that there had been cases recently of the stealing of magazines from the reading room and also electric light globes.

S. G. Ayers had an offer of \$19,800, the amount of taxes against the property, before the city council last night for lot 43, block 3, section 7. The offer was referred to the finance committee.

City Engineer Gets \$1000 to Do Road Work

On recommendation of the Board of Works, the city council last night gave the city engineer authority to expend up to \$1000 on necessary road maintenance, pending passage of the year's estimates.

This money will be used in repairing of macademized roads which have been seriously affected by frosts of the past winter. Such roads in various parts of the city will receive attention.

WHAT HAS BRAN TO DO WITH BEAUTY?

THE natural beauty of sparkling eyes, a smooth, lovely skin, and an enthusiastic personality come from a healthy body.

The first rule of health is regular elimination. Otherwise, constipation soon develops. Headaches, poor appetite, loss of energy, sallow skins are usual consequences. Beauty and health may be seriously impaired.

Here's where bran is so important. It supplies two things needed to prevent ordinary constipation. Vitamin B, to tone the intestines. "Bulk," which gives them exercise. Both promote regular habits.

A safe, pleasant way to get your daily bran is with Kellogg's ALL-BRAN. Two tablespoonfuls daily of this delicious ready-to-eat cereal will usually prevent and relieve both temporary and recurring constipation. If you suffer from intestinal trouble not relieved this way, consult your doctor.

ALL-BRAN supplies iron for the blood.

Enjoy Kellogg's ALL-BRAN either as a cereal, or in cooking. Recipes on the package. How much better this is than taking pills and drugs.

At all grocers. Made by Kellogg in London, Ontario.

HELPS KEEP YOU FIT

Early Ad. Copy is appreciated

"How do they do it?"

Among your friends there's sure to be at least one smart young married couple who are the envy and admiration of all who know them.

With an income that is frankly abbreviated, and with no benevolent Aunts in the offing, they still have a home that is correct and comfortable in all its appointments, a home that is admired and copied by their friends.

"Yes, Jane is a remarkable little manager," will probably be the young husband's proud answer. And there is little doubt about it.

THEY DO IT THIS WAY

Take a look around that home and you will find no end of well known advertised products. For Jane is an efficient little manager. She can't afford to take chances that must only be debited to "Experience." When she buys for her home she must get tried and tested and trusted products which carry an honorable name to guarantee her satisfaction.

You will find that Jane is a consistent reader of the advertisements. Are you?
