BOOTH WON IN SOCCER

The Junior Football game between Borden and Booth last evening was productive of a match full of thrills with many good football features and the usual whole-hearted play that the boys always serve up. Booth were just about value for their win, the score being four to two in their favor.

Winning the toss was a big advantage for Booth which had the wind, the hill and the sun to help them. Annesley's fine save from a high drop of Gomez's was the first feature and soon the goalie had to save again from Colussi who nearly got through from Nelson's centre. Campbell and McGuire combined nicely to lead a Borden attack but Ritchie cleared. Currie kicked well at the other end and then Veitch gave McGuire a fine long pass that was returned to Campbell and the Borden forward line combined in a fine movement that ended with Lindsay shooting just wide. Hong was very effective in defense and then Shrubbsall made a dangerous sally and forced an unproductive corner. Borden made good progress with fine long passes that kept the Booth defence busy and Munro was lucky to save at the post. Veitch was good and then Booth was just foiled in the goal mouth before the halftime whistle blew, no goals having been scored.

The wind had dropped considerably at the start of the second half. McGuire made a fine run but Eby cleared. Currie miskicked to let Colussi through for Booth's first. Ritchie miskicked at the other end and Shrubbsall equalized cleverly in less than a minute. Colussi was nearly through again but lost control and Borden was away to the other end for Lindsay to give his team the lead. Play was fast and strenuous with Booth doing the greater part of the pressing but finding the Borden defence sound.

Gomez had a hard drive blocked and Nelson shot over. Shrubbsall was fast and clever but Ritchie managed to stop him. Colussi hit the bar with a fine drive and then Gomez worked his way through to give Booth the equalizer. The pace was telling on the lighter Borden team and, after Annesley had cleared finely from a corner, Colussi gave Booth the lead. Annesley was shaken up in clearing and Hong got a nasty crack but he was soon back in the game. Just before fulltime Nelson luckily added a fourth for Booth.

Borden—Annesley; Currie, Hong; Naylor, Veitch, Houston; Lindsay, O'Neill, Shrubbsall, Campbell, McGuire.
 Booth—Munro; Eby, Ritchie; DeMarco, Gomez, Fulton; Nelson, MacDonald, Colussi, Hale, McMee-kin.
 Referee, J. Johnston.

chers, are then turned in to the company.
 Then there is the matter of club dues. In 1930, the National railways spent \$100,000 on club dues for officials. No detail as to the sort of clubs or the amount of initiation fees, etc., is available except that \$70,000 went for club shares and the balance for dues.
 That such a state of affairs could exist in a company owned and operated by the state at a very large annual loss is deemed to convict the president and the former directorate of gross incapacity.

World Champions Win From Cincinnati Reds to Take Fourth Place in National League

ST. LOUIS, May 5:—The world champion St. Louis Cardinals, who were in the cellar about a week ago, continued their forward march yesterday and won again from the Cincinnati Reds by the shut-out route to advance into fourth place in the National League above the Reds and close on the heels of the third place Phillies.

The Phillies used three pitchers in a vain effort to stay the attack of the league leading Boston Braves who won by a shut-out. Rhem allowed the Phils only four scattered hits. The game was called in the eighth to allow the teams to catch a train.

The idle Brooklyn Dodgers squeezed into sixth place when the Pittsburgh Pirates were defeated by the Chicago Cubs.

The Philadelphia Athletics, although idle, advanced to fifth place in the American League ahead of the St. Louis Browns who lost to the Cleveland Indians. The Detroit Tigers retained second place by winning a close victory from the Chicago White Sox.

Cubs Defeated in High School Softball League Yesterday

In a keenly contested softball game, the Falcons yesterday defeated the Cubs by a margin of 4-0. This was the first game of the second half in the High School League. The winning of this half will earn the right to oppose the winners of the first half for the championship.

The Falcons were out for a win, collecting one run in the first inning and the rest in the third, while the Cubs were unable to master the fine pitching of Ronnie Allen, practically every hit being a pop fly. The fielding of both teams could

have been improved on but the Falcons made up for their errors by knocking the pill all over the lot. The third inning was the big one of the game, featured by a circuit clout by Walter Cross. Moxley blew up completely and, with bases full, he walked Stegavis, forcing a run. Christison also came in to complete the scoring.

The batteries for the Cubs were Moxley and Church; for the Falcons, Allen and Christison.

The teams were:
 Cubs—Faw, Church, Morrison, Moxley (captain), Obata, Fulton, Ross, Hanson, Davies, Stinech, Williamscroft.

Falcons—Allen, Welle, Cross (captain), Dungeate, Christison, Murray, Hale, Stegavis, Ritchie, Fisher, McCaffery.

Subtle and intriguing, because ingredients in this flavour are the highest quality ever put into a corn flake. Special malt, pure CANE sugar, and salt of crystal purity.

The Cut Rate Shoe Store has moved from their old location in the Meeker Block to 621 Third Avenue, next to Prince Rupert Bakery. For rubbers, running shoes and every kind of shoes, call at the Cut Rate Shoe Store first and see their low prices.

The blaze of color coming from Dave Glennie's show windows on Second Avenue has been attracting the attention of all passers by. Here is row after row of pot plants, all in bloom—baby roses, geraniums, oleander, genistas, hydrangeas, Marthas Washingtons and fuchsias—simply flaunting their beauty and demanding a second glance. This window display is well worth seeing.

PROGRAM OF PLAYS

Something new in Amateur Theatricals Being Offered at First Presbyterian Church Tonight

Something new and different in amateur theatricals is being offered tonight in First Presbyterian Church under the auspices of the board of managers. The entertainment will take the form of three one-act plays, the first of these being a mystery play, the second a comedy and the third a melodrama. The cast of characters includes the following:

Mystery Play—George Mitchell, J. A. Teng, S. J. Hunter and Robert Cameron.

"A Bedroom Suite"—Miss Maizie Macdonald, E. J. Smith and Robert Cameron.

"The Successful Liar"—Miss Maude Boldt, Miss Polema Cameron, Alex Mitchell, William Mitchell, George Mitchell and Robert Cameron.

At the opening of the performance and between acts Miss Nellie Lawrence and her juvenile orchestra will render selections.

The program is timed for two hours and promises to be an excellent entertainment. Considerable care has been exercised in choosing the cast and, by skilful arrangement of novel lighting effects, the setting will be a rather unusual one.

The entertainment will be offered both this evening and tomorrow evening and, judging by the advance sale of tickets, should be a definite success.

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism. Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication. Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

FEATURING COMMUNITY

(Continued from Page 1)

education. He it is who knows why the various subjects came to be on the curriculum—they did not just happen there. There are certain broad underlying principles of education though there may be differences of opinion as to how much vocational, how much cultural training should be provided in the schools. Intelligence must be trained so that prejudice may be overcome.

In this age of advertisement there is a serious danger in British Columbia that certain methods widely advocated by some professors with strong commercial instincts might be adopted unwisely. The number of so-called progressive methods is often the result of the publication of books hastily thrown together, imperfectly considered and quite unsound in principle and practice. The experienced teacher is the one who can properly appraise the value of such publications and as such is a real value in the community.

True Education
The experiences of the older European countries in education would be a much safer guide than those of the younger United States and teachers must see that no hasty action by inexperienced authorities imperil the truer educational progress of the system.

The speaker remarked that there was no doubt of many other contributions made by teachers to the communities. In the churches, social organizations, sport and clubs, teachers gave very valuable help and in many of these some of the most responsible executive positions had been and were being held by teachers.

Certain suggestions were made in the ensuing discussion as to how teachers might, as a body or as individuals, assist in the affairs of the city along other lines and these matters will be taken up later on.

A very hearty vote of thanks was accorded Mr. Gilliland for his talk, it being recognized that, while the teaching body had always borne its share of activities, there were undoubtedly phases that might be more consistently followed up, and the speaker's suggestions would bear good results.

Had Eczema All Over Her Body

Mrs. Leo Wardler, Springfield, Ont., writes: "For a long while I was troubled with eczema all over my body. It would burn and itch so at night I could not rest. I tried different remedies but of no avail. I was advised to take Burdock Blood Bitters, and after taking five bottles my blood was completely cleared of the eczema."

WE RECOMMEND THESE PURCHASES

In this issue you will find a number of advertisements of real interest to you.

They offer for sale a variety of products that are often enough vital necessities. Sooner or later you will have to buy many of them anyway. You will undoubtedly buy some of those we advertise.

WHY?

We recommend these heartily because we know from long experience that when a product bears the name of its maker and finds a friendly market throughout the country it must have survived the most exacting tests as to quality, desirability and Value.

In this day when a manufacturer or merchant reaches the point where he is willing to offer his wares for sale through the advertising columns of the press, you can depend upon it that it must be worth purchasing . . . because otherwise the business wouldn't last long!
