## DISAGREEMENT ON REDISTRIBUTION

### WELL KNOWN EAST END HOSTELRY DESTROYED BY FIRE

#### Seal Cove Hotel Is Virtual Total Loss In Spectacular Blaze

Estimated Damage is Upwards of \$15,000 With at Least Partial Insurance—Flames Spread Rapidly Through Frame Construction

The Seal Cove Hotel, well known east end hostelry of which Mrs. H. Worsfold was the owner, was virtually destroyed by fire about 8 o'clock last evening. The loss of building and contents is tentatively estimated at about \$15,000 against which there is reported to be \$8,000 insurance on building and \$4,000 on furniture. Personal belongings of some seven guests who were lodged in the premises at the time of the fire were also destroyed. It was a spectacular blaze and the most serious conflagration which has occurred in the city for about a year. Cause of the fire has not been ascertained although it is known to have originated in the basement.

#### ACREAGE IS DECREASED

Million and Half Less Acres Being Sown in Wheat in Canada This Year—Experts Surprised

OTTAWA, May 13: (Canadian Press)—Determination to hold down the Canadian wheat acreage, seen in the reduction of the estimated area to be sown in spring wheat from 26,646,100 acres in 1932 to 25,171,000 acres this year, a drop of 1,475,000 acres, surprises experts who had believed that recent advances in wheat prices would result in at least a slight increase in acreage over last year.

#### RECOVERING FROM GALE

Seventh Tornado in Recent Weeks Visits Southern States

LIVINGSTONE, Tennessee, May 13:—(Canadian Press)—Tornado-swept sections of Kentucky and Tennessee are recovering themselves today following a series of terrific gales which visited them late on Tuesday night of this week, taking toll of from thirty to forty persons killed and an undetermined number injured. Telegraphic and telephonic communications, which had been paralyzed, have been restored and relief work is proceeding.

Overton County in Kentucky appears to have been the worst afflicted by the tornadoic storm which was the seventh to visit the southern states in recent weeks.

#### Large Deficit In April Shown

Hospital Operated at Loss of \$2072 Last Month Owing to Tardiness of Civic and Provincial Grants

The finance committee reported to the hospital board, at its meeting last night, a deficit of \$2072.55 for the month of April, disbursements having amounted to \$3489.35 whereas revenue was but \$1416.80. Since the accounts for last month had been closed, however, a check of \$1135.85 had been received from the provincial government covering March grant and \$996 from the city for October 1932, municipal grants for the months since November last having not yet been paid up. There were 1352 hospital days at a cost per hospital day of \$2.58.

The fire was first discovered by Mr. Worsfold when, on opening the door to the oil tank room in the basement whence some smoke had been seen to be issuing, he was greeted with a flash of flame. The fire department was immediately called by Mrs. Worsfold but, by the time the firemen and equipment were able to reach the scene, having been delayed somewhat by the road in front of the building being closed and in disrepair for a considerable distance, the structure was well ablaze and virtually doomed. The conflagration spread rapidly through the building which was entirely of frame construction both inside and out.

However, the department, with the assistance of volunteer workers, was soon at work fighting the blaze which, within an hour, was under control and by two hours completely out. Five lines of hose were used and, despite the seething inferno of flame, the firemen were able to get hose into the second floor and attic. Meantime, two pianos, a radio, clocks, a few chairs and some other effects were removed from the building although the furniture and personal effects of the guests were largely destroyed. Only the walls remained standing after the fire and the roof is partly caved in.

The hotel was erected close to twenty years ago and had thirty-two guest rooms in addition to dining room, etc. It was built and operated originally by the Prince Rupert Lumber Co., Mrs. Worsfold becoming sole proprietor a few years ago. There was a hot water oil burning heating plant.

#### Card of Thanks

Mr. and Mrs. Worsfold wish to thank all who helped to try to save some of their belongings in the Seal Cove Hotel fire.

#### CROPS IN PROVINCES

Progress With Seeding in Manitoba Saskatchewan and Alberta

WINNIPEG, May 13:—Southern Manitoba points report from 75% to 100% of wheat now sown and considerable oats and barley seeded, according to the Canadian National Railways' weekly crop report. If good weather holds seeding should be fairly well completed in this territory by next week-end. Operations are a little later than usual but conditions for seeding have been excellent and farmers state wheat has never been seeded under better circumstances. In preparation for grasshopper control some municipalities have been unloading material with which to mix poison bait and the means of combatting this pest should be more effective than last year.

In Central Manitoba light nightly frosts have been experienced but these have not been severe enough to delay morning work on the land. In Northern Manitoba, the Dauphin and Swan River territories report weather cool and dry with about 70 to 95% of wheat seeded and a start made on coarse grains. Warm weather with rainfall would be beneficial for germination and also to overcome soil drifting which is now apparent.

In Saskatchewan Southern Saskatchewan, with varying percentages of wheat acreage seeded, has had operations delayed by rains which varied from heavy showers to continuous downpours. This precipitation has insured sufficient moisture for germination and reports state that soil conditions are superior to those experienced during the past few years. In Central Saskatchewan, many points report rain followed by cool, cloudy weather which somewhat delayed operations and the need at present is warmer weather. All sections of Northern Saskatchewan report seeding operations well under way. The season is somewhat behind that of a normal year but farmers are optimistic as there is no shortage of seed or feed.

#### HOSPITAL REVENUES

Further Correspondence Regarding Cut in Government Grant and New Meal Tax

At last night's regular monthly meeting of the board of directors of the Prince Rupert General Hospital a letter was read from the British Columbia Hospitals Association in regard to the recent cut of 25c per day in the provincial government's grant to hospitals, the new five per cent meal tax, the proceeds of which will be distributed exclusively among hospitals but which is expected to fall far short of making up the loss occasioned by the reduction in per diem grant.

There was also a letter from the provincial secretary in regard to the reduction in the hospital grant and an explanation of the new meal tax, distribution of the proceeds of which is not expected to be forthcoming before the end of the year although the tax becomes operative as from May 1. The communications were filed for future reference.

#### PIONEER IS DEAD

Thomas McCallum, First White Child Born in Babine Country, Passes Away

Thomas McCallum, who is said to have been the first white child born in the Babine country, passed away at Telkwa on May 6 at the age of 61 years, according to information received at divisional headquarters of the provincial police here today. He had suffered a stroke 14 months ago and had never fully recovered, having been a patient for some time in the Telkwa Hospital. Deceased is survived by a widow residing at Telkwa.

#### SUSPENDS SENTENCE

Robert Thomas Merryman Carter Freed by Court Following Conviction of Rioting Charge

Judge's Warning Extenuating Circumstances Taken Into Account by Court in Case Of Engineering Student

Accepting a recommendation of crown counsel, L. S. McGill, Mr. Justice Murphy, at the session of the Supreme Court Assizes yesterday afternoon, suspended sentence upon Robert Thomas Merryman Carter, 21-year old student in mining engineering from Ontario, who had been convicted by a jury on a charge of rioting here on March 1. Following Carter's conviction, Mr. McGill presented the crown's suggestion for suspended sentence and Gordon Grant, defence counsel, pleaded that accused, in view of his youth and the fact that he had never been in trouble before, having come to Anyox to work in order that he might finance the completion of his engineering studies, be not sent to prison.

In addressing the accused, His Lordship pointed out that he had acted in a very foolish manner. The impression should not be allowed to get abroad that, particularly in these troublous times of labor disputes, the law could be flouted or violence resorted to. The courts were always open for redress to those who had complaints against the police and in the courts justice could be obtained. The court announced that it was taking accused's youth, the fact that he had not been in trouble before and the apparently light view that was taken of the matter by the jury into consideration and had decided to suspend sentence. "I trust," concluded His Lordship, (Continued on Page Four)

#### British Columbia Sub-Committee on Division of Seats at Deadlock

Eight Ridings Settled Upon But Complexion of Other Eight in Dispute—Can Apply to General Committee or on Floor of House

OTTAWA, May 13: (Canadian Press)—The British Columbia sub-committee, reporting to the redistribution committee of the House of Commons today, agreed upon eight ridings for the western province and disagreed on eight. Those in agreement were Cariboo, Kamloops, Kootenay East, Yale, Fraser Valley, Victoria, New Westminster and Kootenay West. It was agreed to disagree on Nanaimo, Comox-Alberni, North Vancouver, Vancouver Centre, Vancouver-Burrard, Vancouver South, Vancouver East and Skeena.

The British Columbia sub-committee recommended that those in agreement with the proposed boundaries of the latter eight ridings might make representations either to the general committee or on the floor of the House.

#### APPEAL IS CONSIDERED BY CROWN

While not officially announced it was learned on good authority last night that the prosecution in the Anyox unlawful assembly trial at the Assizes held here this week was considering the making of an appeal to the British Columbia Court of Appeals against the verdict of the jury acquitting the five accused on grounds of misdirection by the trial judge, Mr. Denis Murphy, and perjury of finding by the jury.

#### GURVICH IS ACQUITTED

Verdict of Not Guilty Returned in Trial of Local Youth Charged With Rioting

Short Case Addresses by Counsel and Charge to Jury Were Very Short

After deliberating for forty minutes the jury at the Supreme Court Assizes in the case of Nicholas Nina Gurvich, charged with rioting here on March 1, returned a verdict of not guilty yesterday afternoon. Gurvich was immediately discharged from custody. At the afternoon session of the trial, Mrs. McLeod was the first witness for the defence. She had been accused at the entrance of the overhead crossing on the morning in question but had not seen him do anything or heard him say anything.

Spiro Gurvich testified that accused had been with him constantly at the overhead crossing that morning. Nina had neither said or done anything to participate or encourage the riot. Witness himself had said to one of the miners: "Don't be foolish. Go on back home or you may get arrested." This remark had been made in foreign language. Nina Gurvich, taking the stand on his own behalf, denied having participated in the riot in any way (Continued on Page Four)

#### TAKING UP CIVIL WORK

Criminal Docket at Supreme Court Assizes Disposed of Here Yesterday Afternoon

With a net result of one conviction and four acquittals in five trials involving eight accused, only one of whom was found guilty, receiving suspended sentence, the criminal docket at the spring session of the Supreme Court Assizes here was completed late yesterday afternoon and the court adjourned to turn its attention to civil work today, one civil trial and one divorce petition remaining to be disposed of.

The civil case is that in which J. J. McNeill of Telkwa is suing W. J. O'Neill and G. H. Wall of Smithers for \$1035 in connection with a series of automobile transactions counsel for the plaintiff being L. W. Patmore and, for the defendants, E. S. McGill of Smithers. The divorce petition is that of Gwynneth Elizabeth Perry vs. Christopher P. Perry in which T. W. Brown is counsel for the petitioner.

Earlier in the Assize, Mr. Justice Murphy granted an application by consent of both parties for adjournment until the fall Assize of a civil action in which M. M. Stephens is suing W. J. Selig for \$1500 in connection with a promissory note. T. W. Brown having the case for the plaintiff with R. L. McLennan acting for the defendant. Adjournment was also granted (Continued on page 2)

A SATURDAY SERMON

The Power of Thought

(By Very Rev. J. B. Gibson, Dean of St. Andrew's Cathedral)

Thousands of years ago the writer of the Book of Proverbs taught the greatness of the place and power of thought in one's life. He said that "as a man thinketh in his heart so is he," and today people are just beginning to realize the truth of the teaching.

Thinking is the fountain of all actions. As we think so we live, and act, and judge. The thought marks out the track along which our actions run. Everything that has been accomplished in the world has originated in someone's brain.

Thought determines action. Therefore vague thoughts result in unsatisfactory and indefinite actions and wrong and sinful thoughts result in wrong and sinful actions. Christ-like actions are the inevitable product of pure and holy thoughts. If our thoughts are out of order our lives will be out of order. This truth is illustrated in the parable of the speck and the log.

It is helpful to remember that we cannot possibly think of two different things at one and the same time. Our minds have not the power to contain two different thoughts at any given moment. Therefore, if we are thinking of that which is good and pure and lovely, there is no room for thoughts of evil. If we think of Jesus Christ when temptation comes the impure thoughts will be supplanted by the pure. The call to duty bidding us live and act in accordance with the highest and best, we know, may not always find us ready to respond but when it comes to us in the person of Jesus Christ, there is a world of difference. The thought of Jesus Christ as our Redeemer and our Friend, as the One who has the deepest interest in our life, effectually checks the wayward thought and we realize what is meant by "the expulsive power of a new affection."

Thought also has a wonderful power in determining character. As a man thinketh in his heart so will he become in character. Character springs from habit—and habit is being formed every moment of our life. Character is what we really are—as distinct from what people think we are.

INDIANS IN SUPREMACY

Cleveland Maintains Lead Over New York at Top of American League

CLEVELAND, May 13: (Canadian Press)—Cleveland Indians had their margin of leadership over New York Yankees and Chicago White Sox in the American League reduced to half a game by losing to the Philadelphia Athletics yesterday.

In the National League, Pittsburgh Pirates lost to the New York Giants at the Polo Grounds and had their margin of leadership cut to one and a half games. The St. Louis Cardinals lost a close game to the Braves at Boston and dropped with the Chicago Cubs to a fifth place tie, the Cubs losing to the Phillies. The Cincinnati Reds advanced into third place as a result of a victory over the Dodgers at Brooklyn, the Dodgers sinking to seventh place. The Boston Braves are now in fourth place.

Old Age Pensions And Hospital Fees

Hospital Association Informs Local Board As To What May Be Done To Collect From Recipients

Regarding the attachment of old age pensions in payment for hospital fees, a communication from the British Columbia Hospitals' Association, read at last night's meeting of the local hospital board, informed the board that recipients of old age pensions must be paid in person except in cases where they were of unsound mind or otherwise incapacitated in which case the money went to trustees. The checks, however, might be sent out in care of hospitals, in cases where pensioners were hospital inmates, and the hospital officials would thus have the opportunity of attempting to induce them to pay their hospital accounts. The pensioners were meant for the maintenance of recipients whether they were in hospital or not. Hospital authorities could question patients whom they thought might receive pensions as to whether they were pensioners and information could be obtained from the pension board office.

The hospital board was informed that the managing secretary was keeping in touch with this matter.

SOFTBALL PLAY-OFFS

Several Extra Innings Required Before Grants Defeated Cardinals

In the first of the High School Boys' Softball League knockout series, the Grants blasted their way yesterday afternoon into a 9-0 victory over the Cardinals. The Cardinals, after a disastrous first inning, settled down and tied the score at 9-all in the fifth inning and sent the game to an extra inning. However, the Grants bunched enough hits to score three runs in the ninth inning before they were retired.

Although this contest was not of the best calibre, the extra-inning proved to be thrilling. Numerous errors were made by both teams in the earlier part of the game but, as the game progressed, only a few were made. Tobey was in good form and hit a homer in the third frame. Nakamoto and Gillis were the big guns for the Cardinals.

Batteries: Giants—Kishimoto and Lindsay. Cardinals—Postula, Allan and Hirano. Umpire—Bill Tobey. Base Umpire—Bob Moxley. Score Keeper—Joe Naylor.

CROPS IN PROVINCES

In Alberta All points along the Drumheller-Oyen-Three Hills-Stettler-Red Deer subdivisions in Alberta report rains have delayed seeding but have put summer fallow and stubble land in good condition. Varying percentages of wheat have been seeded but work with coarse grains has not started. At these points the lateness of the season may result in a small decrease in acreage.

In Central Alberta and in the Edmonton territory rains have been general, followed by cool, blustery weather and all points report warm weather would be beneficial.

From the Peace River territory come reports that work on the land has been considerably delayed by rain. Weather is now fine and seeding should be general in a few days.

Cattle Prices at the beginning of the week held in line with the close of the previous week. Since then most grades have displayed a slightly weaker undertone, with prices easing from 15 cents to 25 cents per hundred. The only strong spot is the stocker and feeder division where supplies are light, and some eastern orders are going unfilled.

In the hog section prospects are somewhat unsettled but there is more likelihood of a rise in price than any decline.

House Committee Reports on Work Around Hospital

Reporting for the house committee at last night's regular monthly meeting of the board of directors of the Prince Rupert General Hospital, Robert Gordon stated that installation of a special baby's bath in the nursery had been completed, that the new brass coil for hot water heating had been placed in the central furnace and was functioning with satisfaction and that renewals had been made in the piping of the Nurses' Home domestic water supply.

The committee was authorized to proceed with kalsomining and plaster patching in the Nurses' Home as well as the varnishing of floors. Removal of moss from the roof of the Nurses' Home was also ordered.

Mention was made of the necessity of having the Nurses' Home painted but it was felt that finances would hardly permit of this work, roughly estimated to cost \$175, being done this year although the roof may be painted later, it being estimated that this would cost about \$40.

NO FISH ARRIVALS No boats being in with catches, there was no sale of halibut at the local fish exchange this morning.

James Underwood of the Forest Branch staff here returned to the city on the Princess Adelaide yesterday afternoon from his home in Victoria where he was called recently on account of the death of his father.

At the regular monthly meeting of the board of directors of the Prince Rupert General Hospital last night, a communication was read from the British Columbia Hospitals Association in regard to sick leave allowance for employees. The letter was filed for future reference.

G. V. Wilkinson, chairman of the finance committee, informed the hospital board last night that a proposed meeting of the hospital finance committee with the city council in regard to payment of the civic grants which have fallen behind had not been held in view of the impending taking over of municipal affairs by a commissioner whom the committee would endeavor to meet as soon as possible.

Reference was made by Chairman Frank Dibb at last night's meeting of the hospital board to the success of the recent nurses' graduation exercises in which nine local students had been presented with their diplomas and pins. Mr. Dibb did not think that due credit had been given Miss Harrison, the lady superintendent, for the part she had played in connection with the exercises. Members of the board, he thought, might also have lent more active support and shown more personal interest. Reference was also made of the generous voluntary assistance of the hospital maids in connection with the serving of refreshments at the reception and a vote of thanks was passed, on motion of W. M. Brown, to members of the staff as well as all others who had assisted in any way in connection with the exercises and reception.

Another enjoyable dance was staged by the Canadian Labor Defence League Thursday night in the Exchange Block Hall, there being a good attendance. Music was provided by a native orchestra and A. Rushwood was master of ceremonies. Refreshments were provided by the ladies.

Having been delayed by having heavy freights to unload at canneries and making of extra calls on her way up the coast, Union steamer Cardena, Capt. Ernest Geogerson, arrived in port at 7:15 this morning, several hours behind time, from Vancouver and waypoints and sailed about an hour later on her return south.

The regular monthly meeting of the board of directors of the Prince Rupert General Hospital was held last evening in the hospital. Those present were Frank Dibb, chairman, W. M. Brown, R. E. Benson, Robert Gordon and G. V. Wilkinson, directors; H. W. Birch, managing secretary, and Miss Jean Harrison, R.N., lady superintendent.

Miss Jean Harrison R.N., lady superintendent, reporting to the hospital board at its meeting last night, stated that the institution had not been overly busy during the past month, the average of patients being 46 or 47. Members of the nursing staff were now taking their annual vacations. Graduation exercises and Registered Nurses' examinations were over and the candidates in the latter were all hopeful of having passed.

### Pains Around Her Heart Tired Out After Doing Housework

Mrs. Henry Ranch, Muriel Lake, Alta., writes:—"Last fall I had bad pains around my heart, and each morning, after doing a little housework, I seemed to get dizzy and feel all tired out. Seeing that Milburn's Heart and Nerve Pills were good for these troubles I sent for a box, and after taking the Pills for a few days I felt a whole lot better. Since then I have had no return of the dizzy spells and pains around the heart."

### Mother-Daughter Banquet Held at Baptist Church

The girls of the Helping Hands Club of First Baptist Church held a Mothers' and Daughters' banquet last evening at the home of Mrs. J. W. McKinley, Fourth Avenue East.

The guests were received by the president, Miss Vivian Wrathall. The blessing was asked by Miss Eileen Hamblin and servitors were Miss Margaret Preston and Miss Helen Hampton.

After partaking of delicious refreshments, a toast to the mothers was proposed by Miss Dorothy Grimble and responded to by Mrs. Hamblin.

Games and various contests were then enjoyed, the prize winners being Mrs. Frank Feero, Mrs. McKinley and Miss Rita Stromdahl.

Delightful piano solos were given by Mrs. J. C. Gilker and Miss Venetia Ferro.

A presentation was made by Miss Wrathall to Mrs. Gilker, the club leader, as a token of appreciation.

Guests included Mrs. Hampton, Mrs. McKinley, Mrs. Stromdahl, Mrs. Preston, Mrs. Feero, Mrs. Wrathall, Mrs. Hamblin and Mrs. Grimble.

Sea Lions at Pearl Harbor—Food Value of Canned Salmon—To Use Seaplanes Again

Both fishermen and sea lions were after herring in the Pearl Harbor area of British Columbia this spring but the fish, apparently knowing something of the lions' appetite, promptly hurried out to deep water off shore, with the result that the fishermen had added difficulty in catching the desired supply of herring for bait purposes. The incident is another example of the trouble and loss which sea lions cause in British Columbia fisheries. It is because of their depredations of the salmon runs and the damage they do to fishermen's nets that the Dominion Department of Fisheries sends one of its British Columbia vessels to certain rookeries each year for the purpose of shooting some of the lions and thus to keep the herds within reasonable limits as to numbers. This year was the first occasion—for a long time at all events—that sea lions had invaded the Pearl Harbor area in any numbers during the herring run, and the fishermen are quite convinced that the reason the herring suddenly fled to the deep waters was to escape the voracious strangers. At one time in March the number of lions estimated to be in or near Pearl Harbor was 100 or more.

there to Butedale for the Canadian Fishing Co.

Having demonstrated their usefulness for many years past in this service, seaplanes will again be in use in this district this year in salmon fisheries patrol work, it is announced by the Department of Fisheries. Last year the planes utilized in the fisheries patrol on the coast were on duty in the air for 275 hours and 25 minutes. That was considerably shorter than the time of the previous year which was 443 and much below the maximum of 443 hours and 40 minutes in the 1930 season.

### GURVICH IS ACQUITTED

(Continued from Page 1)

One of the big Royal Canadian Air Force seaplanes, which are based at Queen Charlotte City engaged in aerial photography and survey work, made two passenger flights to Prince Rupert this week. On Wednesday morning, the machine came with George D. Beattie, well known merchant of Queen Charlotte City, who paid a brief visit here on business, and late Thursday afternoon it was here again, bringing in Solomon Wilson of Queen Charlotte City to receive treatment at the Prince Rupert General Hospital. The plane was here for about an hour on each occasion and tied up at the Imperial Oil Co.'s dock.

or having even spoken to the rioters. He had been with his brother all the time after leaving H. W. Macey. He denied having said: "Come on. Go and get them" to the rioters. He had, however, told his brother, Spiro, after hearing him speak to one of the men in a foreign language, to "keep out of it."

Both Gordon Grant, defence counsel, and L. S. McGill, for the crown, were very brief in their addresses to the jury, taking up but five minutes time each.

His Lordship, Mr. Justice Murphy, spoke twenty minutes in instructing the jury as to the law pertaining to the case and summing up the evidence. Before giving the case to the jury, His Lordship had one of the two counts of rioting removed from the indictment as being repetitive of the other.

## SHERIFF IS DEAD OF DOCTORS ASSISTANCE

Ernest S. Peters Passes Away at Prince George While Preparing for Holding of Assizes

Sheriff Ernest S. Peters of Prince George passed away suddenly at Prince George on Thursday of this week while preparing for the holding of the spring session of Supreme Court Assizes there, according to word received in the city today by the provincial police. He had been in failing health for some time but his death was unexpected.

A colorful pioneer figure of the central interior, the late Sheriff Peters, who was over sixty years of age and of Scottish descent, for years in early days was a factor for the Hudson Bay Co. and had been for many years later sheriff for that district. He made his home at Fraser Lake where he had a farm. Sheriff Peters is survived by a widow and grown-up family. Following Sheriff Peters' death, the provincial government has made an order appointing Monroe C. Wiggins of Prince George as his successor as sheriff of Cariboo.

### SUSPENDS SENTENCE

(Continued from page one)

"that this experience will impress upon you the necessity of keeping one's temper and avoiding trouble. Meantime, you owe the province a debt of \$500, which I am not calling upon you to pay, as a bond that you shall appear at any time you are called upon for sentence. If you get into further trouble and appear before me, you will receive a heavy sentence but, if you behave yourself, you will hear nothing more of the matter."

Medical Men to be Asked to Co-operate in Making of Economies at Hospital

With a view to bringing about further economies in hospital operation, the board of directors of the Prince Rupert General Hospital last night adopted a recommendation from the finance committee that the board should have a round table conference at an early date with the Prince Rupert Medical Association to discuss where economies may be effected as well as other matters. The proposal is that the president of the board in collaboration with the lady superintendent and managing secretary act as a special committee to prepare an agenda on behalf of the hospital board for such a conference, making suggestions where the doctors might co-operate in the making of economies. This agenda would be approved by the board as a whole prior to such conference.

The secretary revived the question of hospitalization of Workmen's Compensation Board cases at the order of doctors in many of which cases the Compensation Board would later refuse to pay accounts in full on the grounds that hospitalization was unnecessary. This was one matter in which it was felt that the doctors might co-operate more fully with the board.
