WARFARE INTENSE

Hostilities Between Paraguay and Bolivia More Acute Since Declaration of War

ASCUNCION, Paraguay, May 16.—Hostilities in the war between Paraguay and Bolivia have been continuing even more vigorously since the official declaration of war by Paraguay last week.

It was the first official declaration of war in the world since Guatemala entered the World War in 1918 by declaring hostilities on the Central Powers and also the first since the formation of the League of Nations thirteen years ago.

This latest declaration of war was based on Bolivian aggression and violation of the territorial integrity of Paraguay beginning with the Bolivian attack on Pitiantuta on June 15, 1932, and also in view of the failure of all peace efforts. The two countries have been in unofficial warfare for several months.

Outlay With Respect to Direct Relief to be Curtailed by Province Under New Agreement Which Has Been Reached With Ottawa

VICTORIA, May 16: (Canadian Press)—New construction on the trans-Canada and trans-provincial highways and extensive improvements to other main roads of the province to afford work for British Columbia residents is listed in a schedule of works announced by the British Columbia government as projects coming within the scope of the Dominion relief agreement.

The schedule includes the northern trans-provincial highway, the North Thompson River highway from Kamloops to Tete Jaune Cache, extensions or improvements to the Bear River road at Stewart in Atlin district, the Cariboo highway from Ashcroft to Barkerville and the Prince George-Babine Lake road.

Confirmation of the intention of the Dominion government to curtail its outlay with respect to direct relief within municipalities while at the same time agreeing to the preparation of a program of needed works within the province as a measure of unemployment relief with a work return was indicated when the cabinet yesterday released a summary of the municipal clauses in the new federal-provincial agreement.

Russia Likely To Be Recognized By Roosevelt

BENEFITS TO CANADA

To Get Favorable Tariff Treatment On Fish and Wheat From France

OTTAWA, May 16: (Canadian Press)—In the matter of Canada's two principal exports to France, wheat and canned salmon, reductions in the tariff form very important parts of two treaties between Canada and France which were signed in the office of Premier R. B. Bennett here last week. Canada has been paying five cents per tin on one-pound tins of salmon whereas the Japanese paid approximately one and a half cents per pound. Under the new treaty, Canada will get a minimum tariff at least as low as that accorded the Japanese and considerably lower than United States.

Canadian wheat now faces a general tariff of \$1.70 per bushel in France. This will be reduced to a minimum tariff of 85c.

France's minimum tariff will be extended to all Canadian fresh and canned fish.

Canada, in turn, over a long list of articles, is granting considerable reductions in tariff to France.

Selling Organization, Industrial Committee And Publicity Needed

W. J. Alder Interesting Speaker at Gyro Club Luncheon—Reviews Progress Which Has Been Made Here Since Early Days

W. J. Alder, city commissioner, who addressed the Prince Rupert Gyro Club at luncheon today, prescribes as remedies for present conditions of depression under which Prince Rupert is struggling, the following: organization of local markets for trade in this field against competition of the south and east, publicity, the establishment of an industrial committee and strict economy in civic affairs. These are matters, Mr. Alder declares, upon which all local citizens should endeavor to co-operate and it will be one of his objects, in his job of putting Prince Rupert back on its civic feet, to take a leading part in their accomplishment.

Leading up to the causes of present local conditions, Mr. Alder recalled conditions as he found them in Prince Rupert when he first arrived here in 1909 and compared them with those existing today. He pointed to the great developments and actual progress which had been made in the meantime. In the early days there had been practically no development of such industries as mining, agriculture, fisheries and timbering. Today all were great industries despite the depression and yet Prince Rupert was not deriving the benefits or getting the business it should from them. Mr. Alder then propounded remedies.

Established Now Mr. Alder also touched incidentally upon civic development, referring to the present condition of streets, etc., as compared with those in 1909. "Why, we have a city already established here now," he declared. "Then we had nothing. We have a comfortable place in which to live and there are none of the hardships such as those of the early days." Mr. Alder stressed the necessity of local people being willing to content themselves on the basis of the same profits and returns as in other places.

Mr. Alder touched interestingly on some early incidents of the city's history and recalled some of the pioneer characters. He told how George Nickerson was the first person he met following his arrival here. Other pioneers he mentioned included F. W. Hart, H. B. Rochester, W. J. McCutcheon, C. H. Orme, W. P. Lynch, Bishop DuVernet and Archdeacon and Mrs. E. P. Laycock. Some were still carrying on here and playing an important part in the life of the community, some had moved to other fields and some had passed beyond.

T. W. Brown, president of the club, was in the chair at the luncheon and, at the conclusion of Mr. Alder's address, tendered to the commissioner the thanks of the club.

THE NEW COMMISSIONER

W. J. Alder has taken charge of all civic affairs as commissioner appointed by the provincial government. He has asked for the co-operation of all Prince Rupert people. The commissioner has an opportunity to do a great deal for the city and we bespeak for him every possible consideration and help in the work to which he has set his hand. So far as this paper is concerned, we shall do all in our power to forward the interests of the city and we believe we can do that best by co-operating with the commissioner. We have faith in Prince Rupert and its future and so has Mr. Alder. If we all work together and make a determined effort we shall soon have a prosperous community here, the centre of a huge prosperous district.

T. DUFF PATTULLO

In Sunday's issue of the Vancouver Province George Murray writes a snappy article about Prince Rupert's member in the Legislature, T. Duff Pattullo. In it he mentions the early days when money was scarce. The Pattullo family went to Port Dover for the summer and T. D.'s father sent him the train fare to come to visit them for the week-end. Instead of taking the train he walked the whole distance, forty miles each way, and used the money to buy things for himself. Toward the end of the article Mr. Murray discusses the present situation and says: "He has reorganized his party, has consolidated his position as leader, and is now all set for the provincial election. "In a one-man fight against the Conservatives led by Dr. Tolmie, Duff might not do so well. But with a thoroughly divided Tory camp Pattullo's chances are much better. "One thing is certain that if Duff Pattullo ever gets the reins of office at Victoria, there will be action. There was always something doing in his department when he was minister of lands. "The Vancouver Province recently gave Duff a sound trouncing on the grounds that he is a rabid partisan. In reply Duff accused The Province of undermining public confidence by 'belittling the work of our great public servants.'"

Local Man Gets Publicity From Ford Advertising

The Ford Company in its advertising circulars is using part of a letter from Roy G. Van der Sluys of Prince Rupert which says: "Have just completed a trip of 4,000 miles. Highest speed registered was 82 miles per hour. Used 230 gallons (American) of gas, an average of slightly better than 19 miles per gallon. A remarkable achievement for an 8-cylinder car." There is also in the same folder a letter from M. S. Stephens of Courtenay, B. C., a brother of M. M. Stephens of this city, telling of a run he made.

BONUS ARMY VANCOUVER IN SESSION

Troubles Multiply For Administration in Washington
WASHINGTON, D.C., May 16.—Bonus army troubles have multiplied for the administration as marchers, the vanguard of which began to arrive a few days ago, have now reached thousands in numbers, coming from many different parts of the country. While others have been sitting into the city, differences have beset the marchers already here. On the whole, however, the annual convention of the bonus army, still in progress here, is an orderly gathering in contrast to the tumultuous demonstration of last year.

The marchers have come by foot and on busses, trucks and trains. The Veterans' Bureau has been endeavoring to provide all with food and lodgings during their stay.

SOFTBALL AT HIGH SCHOOL

Senators Defeat Tigers by Score of 5 to 4

In yesterday's fixture of the High School softball league the Senators overcome the Tigers in a hard-fought game 5 to 4.

From the outset both teams were playing tight ball. The Tigers drew first blood in the second inning when one run crossed the plate in the third. The Senators drove in the equalizer.

An error in the outfield was responsible for the three runs gained by the Tigers in the fourth. The Senators, by a run of hitting equalized the score in the fifth. It was not until the seventh inning, however when the combined efforts of Small and McCaffery broke the tie. The Tigers were quickly retired in the last half of the seventh.

For the Senators Allan, Obata and Bussnach were strong in the infield while Campbell was a consistent hitter. Tobey and Santurbane served well for the Tigers.

AVOID THE DANGER OF CONSTIPATION

Delicious Cereal Overcomes This Condition Safely and Pleasantly

The first signs of constipation may be headaches, tired feelings, sallow complexion, sleeplessness, loss of appetite. If neglected, constipation may seriously impair health.

Today, you can banish constipation by simply eating a delicious cereal. Laboratory tests show that Kellogg's ALL-BRAN provides "bulk" to exercise the intestines, and vitamin B to further aid regular habits. ALL-BRAN is also a good source of iron for the blood.

This "bulk" in ALL-BRAN is gentle in action similar to leafy vegetables. Within the body, it forms a soft mass, and gently clears out the intestinal wastes.

Two tablespoonfuls daily will overcome most types of common constipation. If not relieved this way, see your doctor.

Enjoy ALL-BRAN as a cereal, or use in cooking. Appetizing recipes on the red-and-green package. Sold by all grocers. Made by Kellogg in London, Ontario.

At the recent University of British Columbia examinations Archibald J. Thompson, son of Mr. and Mrs. J. H. Thompson of this city, completed his second year in arts with first-class honors. S. T. SAYS MEANS TALE HOAX

Story in Regard to Lindbergh Described as 'Fgment of Imagination by Federal Officer'

WASHINGTON, May 16 (Canadian Press)—A federal officer, after investigating a story told by Gaston B. Means of "contacts" with kidnapers of Charles Augustus Lindbergh, jr., baby son of Col. and Mrs. Charles A. Lindbergh, Saturday pronounced the tale "a figment of a weird imagination that makes the Baron Munchausen look like a piker."

Means had testified in the District of Columbia Supreme Court on Friday that the Lindbergh baby had been stolen by New Jersey liquor runners, saying that J. Max Hassel and Max Greenberg were responsible. He did not know the men but they had sold beer to servants at the Lindbergh home. He said that Irving Fenton, described previously by him as one of those responsible for the kidnaping, had told him Col. Lindbergh, as a practical joke, on occasions had placed the baby in a closet and told servants the baby had been stolen. This joke, said Means, gave the kidnapers an idea of how to take the baby. One of the members of their "ring" did go to the Lindbergh house with beer, picked the baby up from its crib and went away.

Means said that, after lengthy negotiations with Fenton for the return of the baby, he found a note saying that, "in an attempt

to remove the baby from its hiding place in New Jersey, the baby was dropped on its head and killed."

Means, a former Justice Department agent, who came into prominence during the regime of the late President Warren G. Harding about whose private life he made "revelations," was testifying in his own defence against a charge that he conspired to defraud Mrs. Evelyn Walsh McLean of \$35,000 for the alleged purpose of ransoming the baby.

Hassel and Greenberg were slain at Elizabeth, New Jersey. Known as beer racketeers, the men were presumed to have been shot to death by gangster enemies.

The BEST way to stop CONSTIPATION

Nothing like Fruit-a-tives

"I was in a very bad way with constipation. My stomach was off-colour and I kept having headache after headache. Quite frequently I had severe pains in my joints and muscles. The general effect was very depressing. Indeed, I felt so wretched that I was about to give up work. Today my health is excellent and I certainly feel that 'Fruit-a-tives' played a large part in bringing this about. They toned up my entire system."

HIS CASE MYSTERY

Vancouver Police Still Delving Into Circumstances of Death of Ketchikan Man

VANCOUVER, May 16 (Canadian Press)—Police have found that Sam Shequin, aged 60, wealthy miner of Ketchikan, whose body was found in Stanley Park on April 8 and was exhumed recently by request for further investigation, friends of deceased having expressed the belief that he met with foul play, was registered at a local hotel in November and December under the name of "Sam Delaney." A portion of his baggage and laundry has been found but there was no record of valuable jewelry.

Shequin may have died of poisoning, it was revealed at an inquest held here at the end of the week. The coroner's jury found that Shequin died through administration of morphine or severance of the arteries in the wrists.

An autopsy was performed on the body by Dr. A. W. Hunter, coroner's physician, who announced that the man had died from loss of blood from deep gashes in each wrist, the traces of morphine being later found. There were no other signs of violence.

The possibility of Shequin having been murdered is still being investigated by the police. Although the body showed that the wrists had been slashed, there were no traces of blood found on the soil where it was found nor was any weapon discovered.

Friends of Shequin, who say that he drew the \$7,000 from the Seattle bank shortly before his disappearance, believe he was "taken for a ride" in Vancouver and murdered. It had been previously learned that he had been in Vancouver for some time before the finding of the body and had been seen here by a friend.

LONG IN SERVICE

Late Francis White Peters Was 72 Years of Age and Followed Railway Life For Many Years

The late Francis White Peters, former general superintendent of the Canadian Pacific Railway for British Columbia, who died last week-end in Vancouver where he had lived in retirement for many years, was a native of St. John's, N.B., where he was born on August 7, 1860, being 72 years of age when he died.

Educated at St. John's Grammar School, the late Mr. Peters entered railway service as a telegraph operator and became identified with the engineering and surveying departments before being appointed agent at Port Huron in 1881 for the Michigan, Chicago and Grand Trunk Railway which post he held for five years. Joining the Canadian Pacific Railway, the late Mr. Peters first came to British Columbia in 1886 and was for two years general freight agent at Vancouver later becoming freight traffic manager for five years. From that post he transferred to the executive and became assistant to the vice-president at Winnipeg. Later his appointment as general superintendent for British Columbia at Vancouver followed and he retired several years ago.

Mr. Peters was married in 1884 to Mrs. Gertrude Wynyard-Hurd of Winnipeg. He belonged to the Commercial, Fort William, Brandon, Nelson, Vancouver, Manitoba, St. Charles Country and Union (Victoria) Clubs. His recreations were golf and shooting. He was a Conservative and an Anglican.

TACKS OF HIKERS ON HIGHWAYS

Are Worst Cause of Automobile Punctures, Says Pete Black, Jr.,—Drove From Montreal

Shoe tacks left on the highways from the boots of hitch hikers are now the worst cause of punctures for motorists on the roads of Canada and the United States, states Peter Black, jr., who is here from Montreal to spend a brief visit with his mother, Mrs. Peter Black, sr. Mr. Black, who expects to leave within the coming week on his return to Montreal, drove from Montreal to Vancouver and will drive back from Vancouver where he left his car. He made a very speedy trip West, having driven clear from Wyoming to Vancouver a distance of 1800 miles in forty-six hours without stop.

Payment of Tax Arrears is Being Now Encouraged

The city council, at its special meeting Saturday night, finally reconsidered and adopted a bylaw whereby property owners may settle taxes delinquent and in arrears by paying 50 percent of said arrears prior to October 1, the date of the annual tax sale. The passage of such a bylaw was permitted by legislation passed at the recent session of the British Columbia Legislature.

MR. DAVIE EXPLAINS

Gives Incidents Showing Why He Has Deserted Tolmie For Bowser

VICTORIA, May 16: (Canadian Press)—For the past several years, there has been alarming increase of policies by the present government which have been very embarrassing and most difficult to countenance, states Charles F. Davie in further explanation of his action in resigning the Speakership of the Legislature to join W. J. Bowser's "non-party" movement.

The last straw, said Mr. Davie, was the enforced resignation of Hon. Nelson S. Lougheed, who, he said had not done a great deal of permanent work for Cowichan-Newcastle when he was minister of public works.

Mr. Davie accuses Hon. Joshua Hinchliffe, minister of education, of withdrawing old privileges from school districts in Cowichan-Newcastle while continuing appropriation of a quarter of a million dollars for the "university of the favored few."

"In this and many other acts of this government, there has been most wanton disregard of the rights and privileges of the poorer people," says the former Speaker, adding that he could go on enumerating dozens of important reforms in the interests of the people "to which this government has turned a deaf ear."

He finds no alternative, says Mr. Davie, but to align himself with W. J. Bowser in the latter's effort "to restore good government."
