TO PROCEED SOUTHWARD

Col. and Mrs. Lindbergh May Visit Rio de Janeiro and Buenos Aires Before Return to States

NATAL, Brazil, Dec. 8: (CP)—The safe arrival here at 3:01 Wednesday afternoon of Col. and Mrs. Charles A. Lindbergh after a 16-hour and ten minute flight across the Atlantic Ocean from Bathurst, West Africa, a distance of 1870 miles at an average speed of about 120 miles per hour, was the signal for the suspension of all business activities so that the entire population might participate in the welcome and the holiday spirit that pervaded. The people had been kept well advised of the progress of the flight and knew in advance almost to the minute when the big Lockheed-Vega monoplane should land.

Col. Lindbergh, after landing, stated that the flight had been an uneventful one. They had been aided by a brisk breeze almost all the way and a good deal of the trip had been made by moonlight. For Col. Lindbergh it was the third crossing of the Atlantic Ocean, the first having been in 1927 when he flew the famous old "Spirit of St. Louis" from New York to Paris and the second during the last summer when he and Mrs. Lindbergh flew across the ocean by the easy stages of the northern route, being now on their return home.

The plane was being checked over today and it was believed that Col. and Mrs. Lindbergh would be here until tomorrow. While they have not definitely announced their plans for continuation of the home-ward flight to the United States, it is believed they may proceed southward from here to Rio de Janeiro and Buenos Aires and thence across South America and up the West Coast, crossing the United States to New York.

The first concern of Col. and Mrs. Lindbergh, after landing, appeared to be to get some much-needed rest. Both appeared to be in the best of health and fine spirits.

DEATH WAS ACCIDENT

Inquest Held Yesterday Into Shooting of Freeman George Brynolson of Seattle

Was Badly Hurt

Doctor Describes Nature of Injuries—Hunters Urged to Wear Marks

The coroner's jury at the inquest held here Thursday afternoon into the death of Freeman George Brynolson of Seattle, victim of a hunting fatality near Butedale, down the coast from here on Wednesday, found that deceased came to his death on board the boat Norah Jane, on which he had been taken following the shooting, as a result of a shot fired by John A. Hanson on Princess Royal Island, it being the opinion of the jury that death was accidental. The jury strongly recommended that hunters wear some distinguishing mark when in the woods.

Dr. L. W. Kergin, who performed a post-mortem examination, described the nature of the injury and ascribed death to shock and loss of blood. He gave it as his opinion that the nature of the injuries were such that there could have been no possibility of saving deceased's life unless an expert medical man had been in immediate attendance. The femur or thigh bone had been shattered and the femoral artery severed. There had been profuse bleeding.

Principal witness at the inquest was Jack Hanson who fired the fatal shot and particulars of whose story were published yesterday. Other witnesses were George S. Harrison, Oscar Anderson, Thomas D. Frapp, Thomas A. Kelley and Jarvis H. McLeod who told of the arrangements which had been made for separate hunting territory and of assistance that had been given deceased after the accident.

Evidence was adduced to show that deceased, contrary to the arrangement which had been made before Hanson and he had started out from the beach, had crossed a river to the opposite side into Hanson's territory. Hanson had believed that deceased had been on the other side of the river and had no idea of any living person being in the vicinity.

Deputy Coroner A. J. Lancaster presided at the inquest and Constable Robert Gibson conducted the investigation of witnesses.

Burial in Victoria

Mr. Brynolson's remains were taken aboard the steamer Prince George last night for burial in Victoria, deceased's mother as well as other relatives being residents of the Capital City, and his father being buried there.

Accompanying the remains south were City Commissioner W. J. Alder, father-in-law of deceased, other members of the ill-fated hunting expedition also returning south on the same vessel.

Order Placed for Logs To Be Shipped Through Prince Rupert to China

Million Feet of Poplar to Go to China From Country Around Fraser Lake Early in New Year

A new phase of the timber industry is being started in Central British Columbia that will be of great benefit to the people there and also to Prince Rupert. It is the shipping of poplar logs to China for the making of matches. An order has been placed with M. M. Connelly of Fraser Lake for a million feet of logs, eight or sixteen feet long

RECEPTION WAS COOL

Ketchikan Seiner, Seeking Herring, Driven Out of Myers Chuck

KETCHIKAN, Dec. 8: (CP)—It was not a very cordial reception that greeted the seiner Yellowstone when it pulled into the little fishing settlement of Myers Chuck, thirty miles north of here, to secure herring. The Yellowstone no sooner arrived in the harbor Wednesday than all residents put out in rowboats, surrounded the seiner and, armed with guns, ordered Captain A. Strand to leave. One man aimed a gun at the captain but a woman knocked it down with an oar.

"Myers Chuck people seem to want the herring themselves," Captain Strand said. The Yellowstone will return there today with a coastguard boat as convoy.

Why the Salaried Man Should Buy at Home

Editor, Daily News:

In response to your editorial of the 4th instant we wish to submit the basic reasons which constitute the foundations of the present "Buy at Home" campaign. We also wish to thank "Patriot" for his support while we do not share his views as outlined in his letter.

We want it clearly understood that we are not championing the cause of the Prince Rupert merchant. He has to fight for himself and conduct his business along up-to-date lines which will enable him to compete favorably with out-of-town business houses.

Also we are not exonerating the business men from being themselves guilty of the offence of buying out of town. We know who is doing it and we have statistics to show the amount of money which leaves town every year. Prince Rupert has the highest record.

What would happen if we were to buy all our requirements from the United States, or any foreign country? Canada would be bankrupt. The same thing will happen to Prince Rupert. Canada, of course, is protected by tariff but no such privilege is available to a municipality. This is left to the loyalty of the people of any community.

We believe that the salaried people are reasonable people and (Continued on Page 5)

with a minimum of ten inches diameter at the top. Shipment of these will commence next month.

The initial order called for shipment of half a million feet but a wire was received by Mr. Connelly here yesterday doubling the order.

A good deal of negotiation preceded the receipt of the order. Various concessions had to be made by the government, the railway company and others in order to make it possible.

The present plan is to ship the logs to Vancouver on scows from which place they will be transhipped to China. If it were possible to provide full cargoes here, a ship would call for them but this does not at present seem probable.

It is pointed out that this order will provide a good deal of work in the interior and also work for railways and longshoremen and will be of distinct value to Prince Rupert and district.

This is the beginning of a new industry which may prove very important.

FAVOR KEEPING MONEY HOME

Editor, Daily News:—
The merchant and the consumer were talking about the "Buy at Home" campaign sponsored by the Junior Chamber of Commerce and both agreed that it was a highly commendable effort and should be supported by consumer and merchant alike.

The Merchant: "But why mention that I should support the "Buy at Home" campaign, when it is to my own best interests that I should do so?"

The Consumer: "This is the reason that I mention that the retail merchant should support the "Buy at Home" campaign. This campaign is an effort to keep our money in town and when the consumer buys your goods and gives you his money are you going to spend that money where it will leave the largest amount possible in Prince Rupert by shipping your goods in and out by the transportation companies that provide the largest amount of employment to local citizens such as longshoremen, railway and steamship employees, express company employees, etc. or are you going to send that money out of town by shipping with a transportation company that has no employees in town, thereby defeating the purpose and intent of this campaign?"

The Merchant: "Yes, that is sound reasoning. I must do my share in keeping all the money possible in Prince Rupert if we are all going to derive the maximum of benefit from this campaign."

DINNER TO VISITORS CITY HELD

Number of People Entertained at Commodore Cafe Last Evening by Chamber of Commerce

T. H. Johnson, president of the Prince Rupert Chamber of Commerce, presided over a gathering of interior visitors and others who were the guests of the city at dinner last evening at the Commodore Cafe banquet room. A good dinner was served and felicitous speeches followed, the speakers being President Johnson, Bishop G. A. Rix, Olof Hanson M.P., Donald Sutherland of Smithers, E. C. Stevens of Skidegate and John Dybhavn.

Mr. Johnson welcomed the guests and expressed the hope that this was but the beginning of a series of events of a similar nature.

Bishop Rix humorously referred to climatic conditions, to the excellent places of business in Prince Rupert, to the buy at home campaign and then referred seriously to the development which had taken place in the interior in the 25 years during which it has been opened. Nothing in the history of the country equalled it. He told of the varied products of the different sections and the market for them in Prince Rupert. Also he showed how much better off they were than in many parts of the country. The country and city were interdependent and only by co-operation could they prosper. He prophesied that there would be added tens of thousands of population to the interior valleys in the next few years. All should be proud of Northern British Columbia.

Mr. Sutherland, district agriculturalist at Smithers, complimented the Chamber of Commerce, dad and junior, and assured them that their action was appreciated. There were indications of greater prosperity. The prosperity of Prince Rupert was linked up with that of the interior.

November Scale of Logs in District

Total Was 4,823,419 Board Feet, Bringing Aggregate For Year Up to 55,788,076 Feet

Log scaling in Prince Rupert forestry district for the month of November this year totalled 4,823,418 board feet as compared with 5,128,069 board feet in the same month last year, bringing the total scaling for this year to date up to 55,788,076 board feet as against 53,904,406 board feet in the first eleven months of 1932. Per species the log scaling this November was as follows:

| Species | Board feet |
|--------------|------------------|
| Douglas Fir | 691,556 |
| Cedar | 673,011 |
| Spruce | 2,340,726 |
| Hemlock | 693,246 |
| Balsam | 364,719 |
| Jackpine | 60,660 |
| Total | 4,823,418 |

Production of poles and piling in the interior this November amounted to 165,545 lineal feet, all in cedar, as compared with 5600 lineal feet in November 1932. Cordwood this November scaled 41 cords in comparison with 184 last year. Despite greatly increased actual production in the interior, no new ties were scaled this November, shipments of newly made ties having not as yet commenced.

Mr. Sutherland, district agriculturalist at Smithers, complimented the Chamber of Commerce, dad and junior, and assured them that their action was appreciated. There were indications of greater prosperity. The prosperity of Prince Rupert was linked up with that of the interior.

TELLS ABOUT RECENT TRIP

Syd. Thomson Had Interesting Visit
In California and Recounts His
Observations at Rotary
Luncheon

A very interesting address was given yesterday afternoon at the regular luncheon of the Prince Rupert Rotary Club by S. C. Thomson, dealing with things he saw on a recent trip to California. While in San Francisco he met his son and daughter both of whom are living in the city.

Outstanding among the interesting things he saw were the new Golden Gate bridge at present under construction at a cost of \$31,000,000. Another was the bridge connecting with Oakland by way of Goat Island. This was eight and a quarter miles long. The upper deck had six lanes for transportation and the lower five. No provision was made for pedestrians. The bridge is 200 feet above high water.

Mr. Thomson passed through San Jose, the scene of the recent lynching after the commission of the crime but prior to the hanging of the criminals. He said the people there were very bitter against the perpetrators of the kidnapping and murder of Brooke Hart. He attributed the action of Governor Rolph and others to the laxity in securing convictions in that state. He thought there would be no change for the better as long as judges and other officials were elected as at present.

The speaker said he was in San Francisco at the time of the rejuvenation of John Barleycorn but he saw no particular change in the habits of the people as a result. Things went on just about the same.

A number of interesting observations and incidents were reported by the speaker. At the close he was thanked by John Dybhavn, the president.

HOOP GAME SCORE BIG

C. N. R. A. Beats Kaiens 84 to 53—
Sonny Stiles Makes Record

Senior League—Canadian National Recreation Association, 84; Kaiens, 53.

Ladies' League—Cardinals, 17; High School, 8.

Intermediate League—Merchants, 19; High School, 8.

Junior League—Flashes, 14; Scythians, 6.

Before a good turnout of fans the C. N. R. A. cagers ran roughshod over the Kaiens in the Senior League to win 84 to 53. Sonny Stiles set an all-time record for individual scoring by snaring forty points. The Kaiens had to use two intermediate boys to make up their team. At half time the score stood 38-18.

After the interval the C. N. R. A. machine clicked and started to pile up the points.

The girls from that Seventh Avenue school of learning lost to Feb Stone and her red demons in a hectic struggle 17 to 8 with the students playing the better brand of basketball in the second half.

The High School had little trouble to defeat the Merchants 33-19 in the Intermediate League. All the school team played well while Don Arney was outstanding for the Merchants.

In the junior game the Flashes won their tussle with the Scythians in a one-sided match 14-6.

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.

Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.

Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

Jap Orange Season At Its Height—West Indies Product Arrives—Navals Due Next Week

Quality of Valencia oranges now being offered on the retail market is very poor and it will be about a week before the new navals come in. Meantime, the Jap orange season is now at its height and the Oriental variety is, as usual, proving very popular. A new shipment of West Indies oranges and grapefruit arrived here Wednesday and is meeting with ready sale.

Library Board Considering Ways And Means of Raising Money For Purchases

The question of raising money for the purchase of books for the Public Library was discussed again Tuesday night by members of the library board but it was decided to defer any action until after the New Year. It was reported that the Tox H bridge drive to be held in the Moose Hall tonight was being well supported and a considerable sum was expected to be realized from that source for the juvenile section but this would not meet the general need. Something else would have to be done to raise money for new books in the general section. A proposal for a library sweepstake had been mentioned and was favored by some of the members. The librarian, Miss Cruikshank, reported a falling off in borrowings because of the lack of the newer books. During the month of November there were issued fiction, 4319 volumes; non-fiction, 698; juvenile, 1113, and duplicate pay, 51. Some new books for the duplicate pay section will be arriving in a few days. The average daily borrowings was 2943. The number of borrowers now registered is 3761. Fifty-six new books were placed

in the shelves during the month, of which 43 were from the Gyro drive. Seventy volumes were discarded and many more would have to go soon. There are now 8,740 books in the collection.

WHY THE SALARIED MAN SHOULD BUY AT HOME

(Continued from Page 1)

would like to do all they can for the benefit of the city in which they live. Why should anyone be loyal to Prince Rupert? Well for the simple reason that anyone that has a position in Prince Rupert, whether it is with the Canadian National, Dominion Government, Provincial Government, wholesale houses, legal firms, medical profession, teaching profession or in the city itself, owe their position to the very existence of Prince Rupert. Take Prince Rupert off the map and salaried people will be out of jobs. Is it too much, therefore, to anticipate loyalty to Prince Rupert from the salaried people? We are suffering from too much knocking. Why not let us direct that energy which is spent on knocking on boosting and see what a difference there would be? About a year ago there was a letter circulated by the employees of the C.N.R. requesting that the people of Prince Rupert support

MANY CALL AT BAZAAR

Annual Affair of United Church Ladies' Aid Was Pretty and Pleasing

The social parlors of First United Church presented a gay appearance yesterday afternoon when the Ladies' Aid held its annual fall bazaar. Many attractive stalls were laden with articles suitable to all tastes and tempted numerous buyers. The tea room was especially pleasing, the beautifully arranged pouring table being centred with a lovely silver basket containing pluk carnations while the dainty tea tables each had bouquets of pink rosebuds.

Mrs. J. J. Payne, president of the Ladies' Aid, and Mrs. C. D. Clarke, wife of the pastor, received the guests.

Mrs. James Krikevsky, Mrs. G. V. Wilkinson and Mrs. Jenkins had charge of the tea room and Mrs. W. H. Kergin, Mrs. G. W. Dunn, Mrs. J. H. Thompson and Mrs. R. G. Large poured. Serving were Miss McGregor, Miss Edith Thompson, Miss Edith Connery, Miss Ruby Krikevsky and Miss Myra Peero. Acting as cashiers were Mrs. M. J. Thomas and Mrs. G. A. Edgcombe.

In charge of other stalls were the following:

Baby Booth—Mrs. T. W. Silver-sides and Mrs. N. Thomas.

Plain Sewing—Mrs. George Wilson and Mrs. J. Cicconne.

Fancy Work—Mrs. Hugh Killin, Mrs. H. Clavring and Miss Dorothy Stiles.

Candy—Miss Daisy Sharpe and Miss Peggy Smith.

Home Cooking—Mrs. W. B. Cornish, Mrs. Frank Vickers, Mrs. George Davey and Mrs. J. S. Irvine.

Men's Booth—Rev. C. D. Clarke and G. A. Edgcombe.

A pleasing program included piano solos by Mrs. S. A. Kielback and Miss Ruby Krikevsky and violin and piano trio by Misses Eileen and Phyllis Hamblin and Edith Johnstone.

The proceeds of the bazaar were very satisfactory.

Gracie Fields Is Here Again

British Musical Star Featured in "Sally in Our Alley"

Gracie Fields, popular English music hall entertainer, stars in "Sally in Our Alley" at the Capitol Theatre this week-end. Perhaps no feminine stage star of the past decade enjoys the popularity that Gracie does with the radio, stage and screen fans of the British Isles.

This picture concerns Gracie's career in a Mile End Coffee Shop in London where she is employed as a singing waitress. She is given ample opportunities to sing songs in her own inimitable style and to enact her role of "Ministering Angel" with the denizens of the tenements, who look upon her as the peacemaker and advisor in their trials and tribulations. Always ready to help others and laughing and singing her own cares away provides the main theme in "Sally in Our Alley."

Her wise-cracks and dialogue with the Cockneys of the Coffee Shop are side-splitting and her mimicking efforts of the swells of Mayfair are delightful.
