PRICE: FIVE CENTS

GERMANY IS HEARD AT CONFERENCE

WEST KOOTENAY DISTRICT VISITED BY SERIOUS FLOODS

Central Power Asks For African Empire; Not Enough Room

Reaction to Speech of Premier Bennett Yesterday—Canadian Prime Minister Declares Litvinoff Utterance Is Challenge to Parley

LONDON, June 16: (Canadian Press)—Germany asked the world today for an African colonial empire. A memorandum prepared by Dr. Alfred Hugenberg, German minister of economics, for the economic committee of the economic conference, said there were two possible ways of increasing Germany's capacity to meet her international

debts, first, by giving her an African empire where large public works schemes could be carried through or, second, by opening new territories "to this people which has not space in which to live."

Utterances of Prime Minister R. B. Bennett, in his enunciation of Canadian policy at yesterday's session of the conference, received wide publicity in London and European press with divergent editorial reaction. In demanding immediate stabilization of the American dollar to the pound sterling, Premier Bennett stated that Canada's general policy was in accord with that enunciated by Chancellor of the Exchequer Neville Chamberlain but Canada desired that more emphasis be placed on certain aspects of economic and monetary problems which he declared were inseparably linked. Stating that civilization was threatened by impending disaster, Mr. Bennett declared that it was absolutely necessary that the two great countries, Great Britain and the United States, reach a de facto stabilization of their exchanges without delay. Canada would agree to maintain the stability of her dollar in New York and London whenever these two nations agreed.

Premier Bennett, without naming Commissar Maxim Litvinoff, Russian delegate, characterized his speech as a "challenge to the conference."

WARM ON PRAIRIES

Hot Weather in Peace River With Grains Making Good Progress

WINNIPEG, June 16.—Cool weather was experienced during the early part of the week in all the prairie crop growing areas but this was followed by one of the hottest spells in years which has made growth exceptionally rapid, according to the weekly crop report of the department of agriculture, Canadian National Railways.

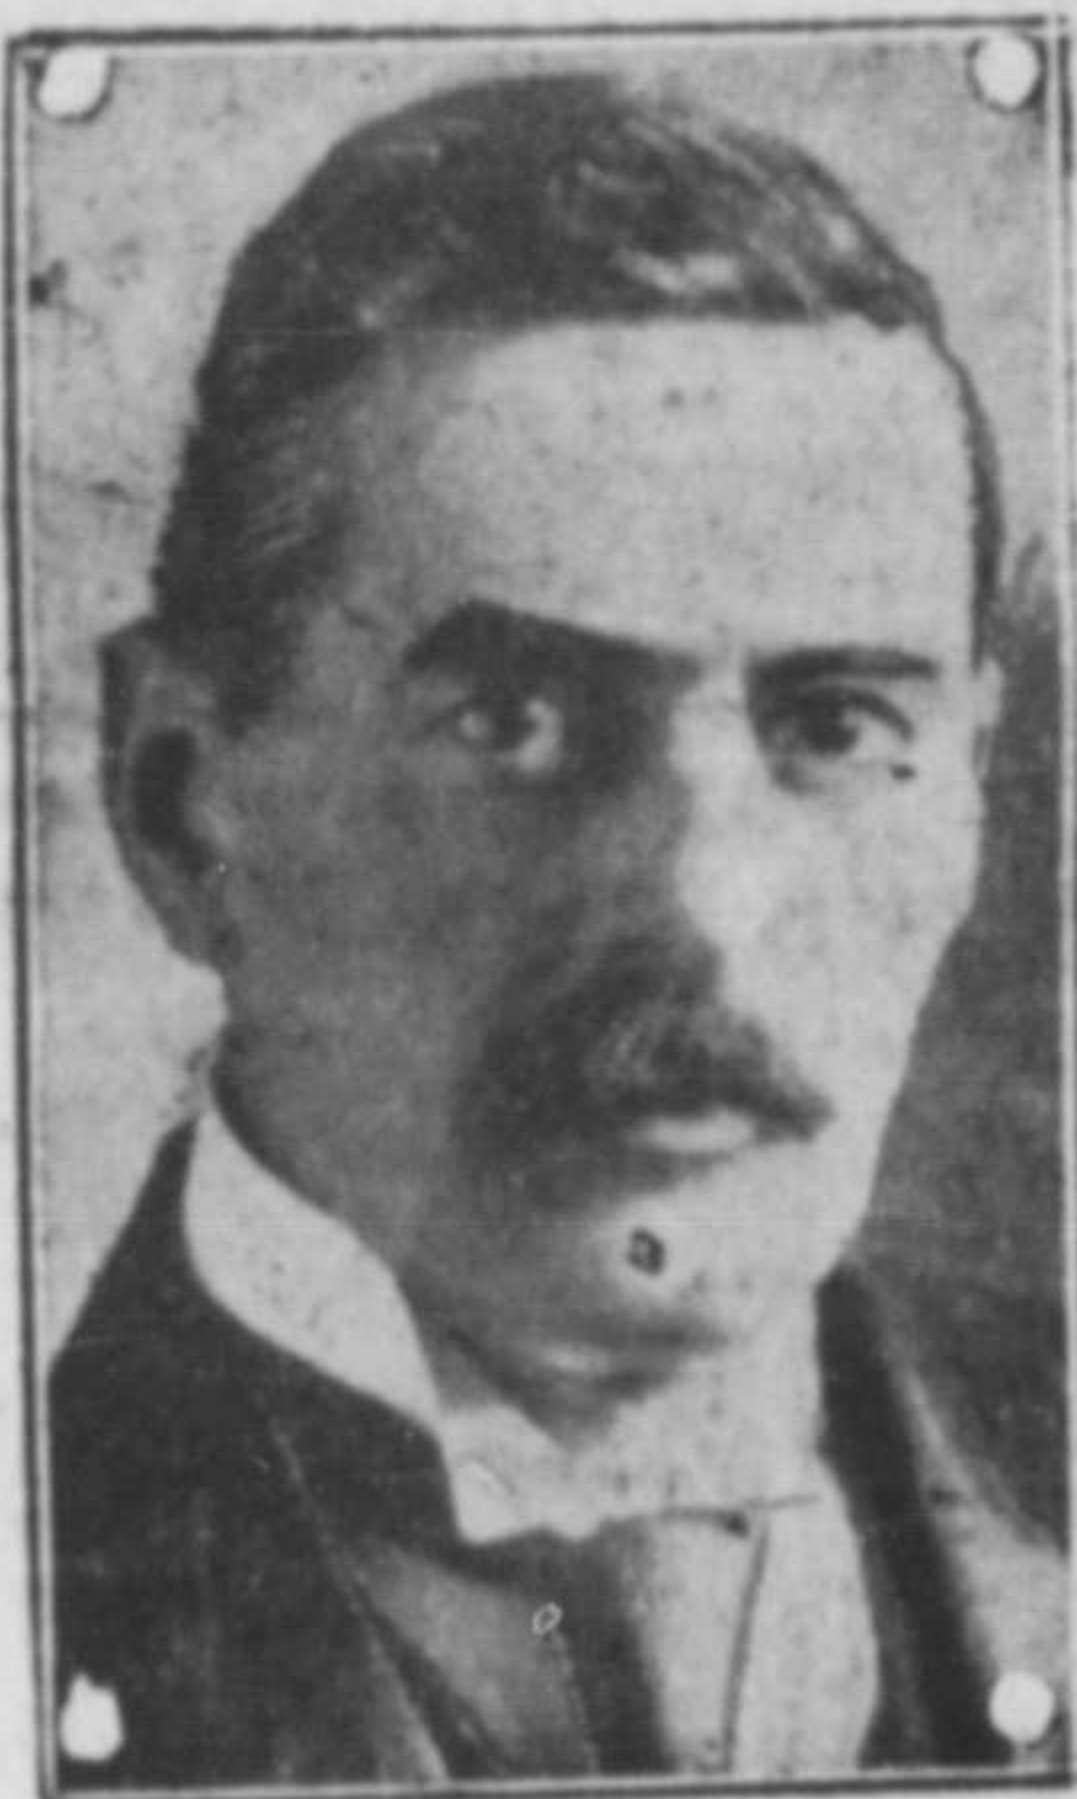

Grasshoppers are active in many districts of each province and poison bait mixing stations are operating. In a few Alberta districts some cutworm and wireworm activity is evident and some reseeded has had to be done.

Warm weather was experienced in the Peace River territory and grain is growing fast although crops are a little later than in an average year.

SILVER AND COPPER ON NEW YORK MARKET

NEW YORK, June 16: (Canadian Press)—Bar silver closed at 35 1/4c on the local metal market today. Copper was steady at 8c.

Much to Fore

Rt. Hon. Neville Chamberlain, British Chancellor of Exchequer, in limelight at economic conference as well as in connection with war debt negotiations.

PATTERSON IS ACTIVE

Original Owner of Surf Point Mine Believes He Has Another Winner on Porcher Island

Frank Patterson, pioneer prospector and mining man of Porcher Island and original owner of the now famous Surf Point mine, is in town on a brief business visit. Mr. Patterson is now engaged in the active development of another Porcher Island property near the Surf Point in which he believes he has a second winner. He already has \$5000 of good ore on the dump.

MATTER OVERDUE ON HOP TO NOME

NOME, Alaska, June 16:—As James J. Mattern, young American round the world flyer, became several hours overdue today on the Khabarovsk to Nome hop, considered generally to be the most perilous of his entire globe-girdling project, hopes were held that the aviator might have overshot his mark and landed at some inland point. Forty hours after leaving Khabarovsk, Mattern was still unreported. His gas supply would have been exhausted by 8:30 last night.

QUAKES ARE STILL FELT

Anchorage Has Another Tremor Of Moderate Intensity—200 Acres Slumps Thirty Feet Into Ground

ANCHORAGE, Alaska, June 16: (Canadian Press)—Almost daily earthquake shocks which have been felt in this area for some time continued yesterday with a shock of moderate severity with no damage reported.

Arrivals here from Beluga River, thirty miles west of Anchorage, reported having found a section where a tract fully 200 acres in extent had slumped about thirty feet into the ground.

MINING IN OMINECA

McCorkell Interests and Consolidated Reported to Be Getting Good Results

Many Employed

Many Individual Prospecting Parties Are in Field

VANDERHOOF, June 16:—Great results are expected from the mining operations north of here, particularly at Germansen Creek and Slate Creek where the R. C. McCorkell interests and the Consolidated Mining and Smelting Company are operating.

Mr. McCorkell controls the Germansen Placers Ltd. and the Omineca Placers Ltd. He has a sawmill operating at Germansen Creek and has built a flume eight miles long for hydraulic work. Everything was ready for production at the commencement of the season but, owing to the condition of the road due to bad weather, no reports have been received from here for several weeks. It is assumed, however, that he is operating. He also has a drag line operating and it is understood a big clean-up is expected this year. Forty men are employed there now.

The Consolidated had caterpillars operating night and day during the winter, taking in several years of heavy machinery and all of it is now on the ground at Slate Creek. It is not known whether or not production will commence there this season but fifty men are employed at the work.

An airplane landing field has been constructed at Slate Creek to enable planes from Trail to fly all the way to the mine.

A number of prospecting parties have gone into the country this spring but little is known of them.

The Consolidated is also operating at Aiken Lake and machinery is being taken there by airplane.

Prospectors and Miners Poke Are Under Gov't Ban

SEATTLE, June 16.—The Seattle Chamber of Commerce has been advised that, under a special order made some time ago by President Franklin D. Roosevelt, all prospectors and mining men must hand in their gold holdings to the government. The ruling, which is designed to prevent gold hoarding, is of particular interest to Alaska prospectors and miners.

J. S. Cowper

Former editor of Prince Rupert Daily News and now with Edmonton Bulletin. He covered the recent sensational divorce case at Edmonton involving an Alberta cabinet minister.

TO BUILD WARSHIPS

Uncle Sam Starting on New Program of Naval Construction

WASHINGTON, D.C., June 16: As part of the national recovery industrial program, which has just been approved by Congress, Secretary of the Navy Swanson yesterday announced plans for construction of new naval tonnage involving an expenditure of some \$238,000,000 which will keep shipyards on both Atlantic and Pacific coasts working to capacity during the next three years.

In addition to seventeen war vessels already under construction, the new program calls for the building of thirty-two warships including four cruisers, twenty destroyers, four submarines and two gunboats.

This warship construction is financed under the \$3,600,000,000 emergency appropriation bill which was adopted Wednesday by the Senate and which is now awaiting signature at the White House.

Cousin of Vice-President Garner Dies in Berkeley

BERKELEY, Cal., June 15.—Guy S. Garner, aged 50, cousin of Vice-President Nance Garner died in a local hospital on Wednesday after a lengthy illness. He was a real estate broker.

S. J. Jabour

Local representative of the Sun Life Assurance Co., who was advised this afternoon by the head office of his company in Montreal that, for volume of business during the last twelve months, he led all individual salesmen in Canada. He thus heads the "Macaulay Club," an organization of leading salesmen for the Dominion in point of production. Accompanied by his wife, Mr. Jabour leaves tomorrow evening for St. Andrew's-by-the-Sea, N.B., where he will attend the annual convention of the "Macaulay Club." On the way home they will attend the World's Fair in Chicago.

W. H. Tolin, proprietor of the King Edward Hotel at Stewart and prominently identified with the Mountain Bay mine, is a passenger aboard the Prince Rupert today bound from Vancouver to Stewart.

Residents of Sandon Are Forced to Desert Homes for Hillsides

Stores and Residences Undermined and in Some Cases Filled With Water—Highway and Railway Bridges Washed Out—Damage is Extensive

NELSON, June 16: (Canadian Press)—Their homes menaced by flood waters from Carpenter and Star Creeks, residents of Sandon were forced to seek safety yesterday on the hillsides surrounding the town. Basements, stores and homes were flooded and many buildings of the old mining camp were undermined. The loss is thought to be considerable and the residents will be forced to stay in the hills until the waters recede.

Three bridges, two of them railway structures and the other a highway span between Sandon and Three Forks, have been carried away.

Everywhere in the West Kootenay district flood waters are causing damage to highways and other property. Travel is dangerous in some places.

Communication with Nelson from the south is cut off and the highway is washed out in many places.

A big \$35,000 flume of the Sheffer-Hitchock Lumber Co. on Goat Creek is wrecked.

GOLD STIR ON ISLANDS

Virtual Stampede Developing There As Interest in Mining Ground Continues Keen

SPECULATION RIFE

One Report is That Steamer Prince Charles is to Be Chartered For Excursion

Recent developments in connection with gold mining have created a great deal of stir on the Queen Charlotte Islands, according to word brought by the steamer Prince John which arrived from the islands this week. Many prospectors are in the field and there is a great deal of staking activity, particularly on the West Coast. The "gold bug" is certainly in the air.

There is considerable speculation in regard to the recent visit to the Queen Charlotte Islands of W. S. (Duke) Harris who flew north from Vancouver in the Air Land Manufacturing Co.'s Junkers seaplane "City of Prince George" to look over a number of gold properties on behalf of important United States capital which he represents. Mr. Harris visited the Skidegate Sunrise, the Gold Harbor and the Prince Rupert group as well as other gold mining properties.

It is reported on the islands that a group of gold claims in Douglas Harbor adjoining the Gold Harbor property and owned by E. C. Stevens of Skidegate and associates will shortly be operated. The ore is free-milling gold.

Another interesting report current on the islands is that the steamer Prince Charles, at present lying tied up at Prince Rupert, is to be chartered for an excursion of mining men to visit the Prince Rupert group of claims, the Gold Harbor group and other interesting properties.

Capt. C. B. Haan has commenced running weekly trips for mining men and prospectors with his large seineboat Beatrice H. from Queen Charlotte City and Skidegate to the Gold Harbor and Kootenay Harbor gold mines on the west coast of Moresby Island.

Steamer Aleutian On Special Voyage

Big Alaskan Liner Leaves Seattle Today For North With Two Hundred Passengers on

SEATTLE, June 16.—With a large list of 200 passengers, the Alaska Steamship Co.'s steamer Aleutian sailed from here this morning on a special two weeks' cruise to the principal ports and points of scenic interest on the Alaska coast. Beer is being sold on the Alaska liners this season.

BIG HAUL OF DRUGS

Opium Valued at \$500,000 Seized on Italian Liner in New York Harbor

NEW YORK, June 16.—United States coastguard and revenue officers staged a spectacular raid yesterday on a band of alleged opium smugglers on the Italian liner Comte de Savoie. A large quantity of the drug, value of which is estimated at \$500,000, was found in burlap bags and seized.

PENSIONS COMPROMISE ADOPTED BY SENATE; CONGRESS ADJOURNING

WASHINGTON, D.C., June 16: (CP)—The United States Senate late last night adopted a compromise measure of President Franklin D. Roosevelt on the issue of veterans' compensation. Following ratification of the measure, Congress closing of which has been held up by differences on the pensions question, adjourned its special session early this morning after enacting much far-reaching legislation.

IMPORTANCE OF ELEVATOR

The importance of something being done to insure the continued operation of the Prince Rupert elevator is made clear by talks with farmers and merchants everywhere between Prince Rupert and Prince George. It has been pointed out that the prosperity of the whole region depends to a considerable extent on the use of the elevator for shipping grain. Not only does it provide a ready market for the output but every train that goes through helps to provide employment for the people who live in the towns and villages.

It is interesting to know that a number of different firms have been making inquiries and considering the possibility of leasing the house. It is to be hoped that the minister of trade and commerce through the grain board will be successful in making such a deal that the Prince Rupert section of the railway will be able soon to pay its way and relieve the general taxpayer of the annual deficit on it.

INTEREST IN RUPERT

Throughout the interior great interest is taken in Prince Rupert and her doings. The municipal activities are watched and officials of interior municipalities take a keen interest in the new commissioner and his doings. The elevator is a frequent subject of conversation and the methods of the railway come in for more or less friendly criticism.

Indignation is expressed almost everywhere at the manner in which the highway construction has been neglected. To know that no work has been done on the Prince Rupert end for the past two years arouses ire. What is more they seem to know where to place the blame. They say that if it were possible to drive their cars into Prince Rupert they would come often and do business here but under present conditions it is impossible.

Prince Rupert's fish business is carefully watched and the number of express refrigerator cars going east carefully noted. Also the shipment of poles and lumber is always a subject of conversation. Everyone wants to see Prince Rupert prosper because the people feel that if it becomes a big city they will have a steady market for what they produce.

BOATS ON NEW RUNS

Canadian National Steamships to Extend Service to Alaska Waters Next Week

Summer schedule of Canadian National Steamships under which service by the steamers Prince Rupert and Prince George will be extended to Alaska in addition to Anxox and Stewart comes into effect

Capt. H. E. Nedden

Master of steamer Prince George.

next week and will continue until the end of August when fall schedule will go into effect.

Under the summer schedule the steamer Prince George or Prince Rupert will arrive here Wednesday mornings at 11:30 from Vancouver, Powell River and Ocean Falls, sailing at 3 o'clock the same afternoon

FOOTBALL IS ROUGH

Canadian Legion Defeated Canadian Labor Defence League 5 to 4 Last Evening

In a game which was marred by rough play which persisted in spite of emphatic warning by Referee James A. Johnston, Canadian Legion defeated Canadian Labor Defence League by a score of 5 to 4 last evening in the Stuart Benefit Shield football competition. The first half ended in a score of 4 to 1 for the Legion which had the hill in its favor during that period. The Defence League, after the switch-over, pulled ahead and nearly evened up the count but not quite.

Goal scorers were: Canadian Legion—Dickens, 3; Murray, 2.

Canadian Labor Defence League—Zarelli, 1; McKay, 2; Chenoski, 1. At half time, the referee called the players together and warned them against continued rough play. In the second half, Zarelli of the C. L. D. L. was removed from the field suffering from a nose injury sustained in a collision with Charlie Baptie of the Legion who sustained a cut in the forehead but was able to continue after receiving first aid. Bronson Hunt was banished from the field in the second half for interfering with the referee and generally questionable tactics.

Baseball Scores

AMERICAN LEAGUE

WHIFFLETS

From the Waterfront

Reports reaching here from the Hippo Island trolling grounds on the west coast of the Queen Charlotte Islands are to the effect that the fish are very scarce there and the weather rough. Unless conditions improve soon, it is likely the most of the fleet will move north to the Langara (North) Island grounds.

Making a special trip over from the Queen Charlotte Islands, the big tug St. Faith arrived yesterday morning from Queen Charlotte City, bringing in for treatment at the Prince Rupert General Hospital Richard Sigmund, who suffered injuries in an accident at the Allison logging camp at that point. Sigmund was removed from the wharf to the hospital in the ambulance. The St. Faith, which returned soon after to the islands, is engaged in towing of logs from the various camps to the Powell River pulp and paper mill.

There are too many things in modern American life that separate people.—Sherwood Anderson.

SOURD ON THE WORLD?—THAT'S LIVER

Wake up your Liver Bile—No Calomel necessary

Many people who feel sour, sluggish and generally wretched make the mistake of taking salts, oil mineral water, laxative candy or chewing gum, or roughage which only move the bowels and ignore the liver.

What you need is to wake up your liver bile. Start your liver pouring the daily two pounds of liquid bile into your bowels. Get your stomach and intestines working as they should, once more.

Carer's Little Liver Pills will soon fix you up. Purely vegetable. Safe. Sure. Quick. Ask for them by name. Refuse substitutes. 25c. at all druggists.

HERE'S PROOF

Free from Carbon after 18,000 miles on HOME GAS

HOME GAS

"YOU CAN BUY NO BETTER"

Made in the modern refinery of the HOME OIL DISTRIBUTORS LIMITED on the North Shore of Burrard Inlet, owned and operated by the only 100% B.C. company manufacturing gasoline in B.C.

80% of Public Motor Transportation Companies in B.C. operate on HOME GAS Exclusively.

"AFTER making a careful test of five different kinds of gasoline, I found that Home Gas gave me 1.7 more miles per gallon, quicker, starting, faster pick-up, smoother performance. . . After driving 18,000 miles on Home Eastern Motor Oil and Home Gas, my motor is still perfectly free from carbon, thus saving repair bills. . . This proves to me that 'I can buy no better'."

(A signed statement by D. H. Vitzery, 2781 West 15th Ave., Vancouver, B.C.)

Wallace Beery as Wrestler in Film "Flesh" is Here

With Wallace Beery in the role of a wrestling beer garden waiter who becomes a world's champion, "Flesh" opens tonight at the Capitol Theatre. As Herr Polikai, who wins the title with a murder charge staring him in the face, Beery has a role both powerful and dramatic. Karen Morley and Ricardo Cortez appear as a pair of American dancers, stranded in Germany, who pick Beery up in the Berlin beer garden where he is a wrestling waiter, and bring him to America to seek the world's title.

The story pulsates with drama interwoven with comedy. Through laughter and tears the play moves to a happy and satisfying ending.

Others in the cast include Jean Hersholt, John Miljan and Wladak Zbyszko.

Report Made By Delegate to the Rotary Gathering

John Dybhavn Gives Racy Account of Proceedings at Victoria District Convention

At the Rotary luncheon yesterday afternoon John Dybhavn, the club's president elect and delegate to the district convention at Victoria recently, told of his visit to the province's capital and of the outstanding speakers and events connected therewith. It was a racy report which proved very interesting, differing in this respect from the insufferably dull reports usually given by delegates of organizations following visits to conventions.

An outstanding speech at the convention was that of Dean Quinton of Victoria who gave some pungent advice to the members of the organization in regard to their work.

Delightful Tea And Sale Held At Mrs. Bryant's

The spacious rooms being most attractively decorated with a color scheme which centred on yellow broom and mauve lilacs, the home of Mrs. G. A. Bryant, Fourth Avenue West, was the scene yesterday afternoon of a delightful tea and sale of home cooking by the Woman's Auxiliary of St. Andrew's Anglican Cathedral. Weather was auspicious for the occasion, many ladies called during the afternoon and the affair was completely successful.

The guests were received by Mrs. Bryant and Mrs. A. T. Parkin, president of the Woman's Auxiliary. Mrs. A. H. Waddington and Mrs. H. L. Alexander presided over the tea tables and serviteurs were Mrs. A. L. Holby, Mrs. J. A. Hinton, Mrs. W. C. Aspinall, Mrs. Ernest Anderson, Mrs. H. L. Landry and Mrs. George Grosvenor. Mrs. E. W. Tucker acted as cashier. The home cooking table was in charge of Mrs. Robert Bartlett and Mrs. J. W. McAuley.

An acceptable musical program which was rendered during the afternoon included violin and piano selections by Wisner Bryant and Mrs. W. M. Blackstock, piano solos by Miss Ruth Nelson and piano duets by Mrs. Robert Bartlett and Mrs. W. L. Stamford.

C.P.R. steamer Princess Adelaide, Capt. S. K. Gray, is due in port at 4:30 this afternoon from the south and will sail tonight on her return to Vancouver and waypoints.

A Salad Dressing Everybody Likes!

MANY a knowing housewife has discovered this eggless mayonnaise recipe. Try it for yourself, and once you do we predict that it will become one of your most cherished cooking secrets.

- 1/2 teaspoon salt
- 1/2 teaspoon dry mustard
- 1/2 teaspoon paprika
- 1/2 teaspoon sugar
- Few grains cayenne
- 3 tablespoons St. Charles Milk
- 1/2 cup salad oil
- 2 tablespoons vinegar, or 1 tablespoon lemon juice and 1 tablespoon vinegar.

Thoroughly mix dry ingredients. Add the milk, blend well and beat in the oil gradually. Add the vinegar, or the lemon juice and vinegar, beating until mixture is smooth.

This is just one of the many tempting recipes that you will find in the 80 pages of "The Good Provider". This beautifully illustrated practical cook book is yours for the asking. Write to The Borden Co. Limited, 50 Powell St., Vancouver, and a copy will be sent to you by return.

United Church Tea And Sale Success

Favored by fine summery weather, the Ladies' Aid of First United Church held a very enjoyable and successful tea and sale of home cooking yesterday afternoon at the home of Mrs. J. J. Payne, the president, 423 Seventh Avenue West. The rooms were tastefully decorated with bright colors and blossoms and the scene was a very attractive one. Numerous callers during the afternoon were received by the hostess who was assisted in receiving by Mrs. C. D. Clarke, wife of the pastor. The tea room was in charge

of Mrs. James Krikevsky and Mrs. H. Clavring, Mrs. M. T. Thomas and Mrs. E. J. Moore poured and serviteurs were Mrs. Thomas Silversides, Mrs. Lance Stiles, Mrs. Merrill Solow and Miss Dorothy Stiles. Miss McGregor acted as cashier and Mrs. D. Santerbane and Mrs. Jenkins were in charge of the home cooking table.

During the afternoon there was a delightful musical program which included vocal solos by Mrs. P. C. Miller and Mrs. H. N. Brocklesby, accompanied by Mrs. S. A. Kielback, and by Mrs. F. N. Good, accompanied by Mrs. W. L. Stamford, piano solos by Mrs. Kielback and violin and piano selections by Misses Aileen and Phyllis Hamblin.
