Statement Expunged From the Records After Suggestion Is Made That This Should be Done

WINNIPEG, Jan. 21.—Walking into the court-room where an investigation was being conducted into charges of misconduct against Judge L. St. G. Stubbs, Mr. Justice W. H. Trueman created a sensation yesterday in an attack upon the accused jurist.

The judge interrupted the evidence of a witness and declared he wished to deny a statement in the course of which Judge Stubbs had said he intended to move for an impeachment against Mr. Justice Trueman for "gross interference in the administration of justice" in connection with a shooting affray between two officers at Tuxedo Barracks. The judge branded Judge Stubbs' charge as "an absolute falsehood" and described it as "a rotten characteristic of a rotten, infamous man."

Judge Stubbs interrupted and suggested that if his reference complained of had not already been published they should be struck from the record. He said he would issue a "public statement."

Commissioner Ford ruled Judge Stubbs' references from the record.

United Farmers Suggest Issuance Similar to Wooden Money in Some of the States

CALGARY, Jan. 21.—As an initial step in the revision of the currency system, an issue of scrip by the Alberta government is proposed by the United Farmers of Alberta in their annual convention here.

The only place where scrip has been issued in Canada so far is at Raymond, Alta. where it is said to have proved very successful. A great many places in the United States have issued wooden money redeemable within a stated period.

REAL PROGRESS MADE

M. W. Wilson, vice-president and general manager of the Royal Bank of Canada, states in his annual report that real progress toward business recovery has been made and that he looks to the future with increasing optimism. He mentions the need of greater reductions in interest rates following up the reduction which has already been made.

Sir Herbert Holt, the president, mention of whose address has been made in telegraphic despatches more than once recently, is also optimistic. He says: "Present indications point to the initiation of a recovery in 1933, the present year."

A feature of Mr. Wilson's address is the statement that "in the United States the financial crisis is apparently over, and a return of greater confidence is in evidence." This means a great deal to this part of Canada where we all look to the United States as the market for the halibut catch. If conditions improve there, they improve here.

In view of whisperings that have gone around in regard to the financial condition of the Royal Bank it is very satisfactory to know that they are in excellent financial condition and in a position to meet all calls made on them. Especially prepared are they in regard to liquid assets which may be needed to meet any sudden demand. The liquid assets amount to \$355,929,915 or equal to more than half of the total liabilities.

VALUE OF DEPRESSED DOLLAR

As a result of the depressed dollar Eastern Canadian ports are quite busy at the expense of the U. S. Atlantic ports. Vancouver is also getting some of the business. Prince Rupert has not so far found an impetus but we still have hope.

It is suggested that if the dollar were further depressed more wheat would flow through Canadian ports. American wheat would be shipped out through Canada instead of as in the past and Canadian railways and Canadian ports would benefit. This is at the expense of municipalities and provinces that have to make settlements in the United States and which have to pay huge bonuses to liquidate the debts. That is what has put Prince Rupert in the red.

A SATURDAY SERMON

Worship

(By Rev. W. D. Grant Hollingworth)

Why is it that the church and the individual who give a proper emphasis to worship are always a source of strength? Possibly because what one worships determines largely what one's life becomes. Therefore where any group of people meet together the object of their worship will help to determine what they as a group will do and be.

The act of worship may be described as the giving of one's self in humility, appreciation and longing to that which one regards as superior to one's self. Each one of us worships something—it may be money or truth or beauty or physical strength or any one of a score of such things. Whatever the object of our worship may be it moulds our life.

The Christian Church seeks in every service to have as the underlying motif—worship—and that worship is expressed in the words: "God is a spirit and they that worship Him must worship Him in spirit and in truth."

Rather than restricting, this opens out limitless possibilities in worship. It leaves worship unrestricted to creeds or ceremonies or institutionalized forms. All of that

which is of the highest we know is of the "spirit" of life—the beauty of music or art or literature, the power of unselfishness, of love and sacrifice, the strength of great personality. If then the worship of the highest good and truth and beauty—of God as we know Him—is in the realm of the spirit we must see how close it is to what we experience every day in our finest moments. Worship therefore is nothing which is relegated to certain days of the week or to certain hours of the day. The question of what a man worships is not merely interesting. It is vital. To what does a man devote his life? Is it to spiritual force or material possession? What you worship determines for you the trend of your life.

SAVIOR OF ITALY

Editor, Daily News:

I was keenly interested in the articles on Fascism which appeared in your paper some weeks ago, particularly as they were written by Mr. Basso-Bert. I thought that possibly some one would venture to give the other side of the picture. Maybe many refrained from doing so because the articles came from

the pen of a native of Italy. I have found a different view which is also Italian, Angelo Di Domenico, who says that the enthusiasm for Il Duce is manufactured. These are his words:

"Every shop and factory of a city which is to be visited by Il Duce is compelled by the corporative authority to shut down for so many hours or days as the case may require and send all their employees to the place where the Duce is to appear. Every individual is furnished with a numbered ticket which he has to present at some 'gate' of the meeting place which is encircled with many lines of fascist militiamen. The same thing is done all along the streets where Il Duce is to pass. No person of the encircled crowd can get out of the 'walled' streets and piazzas and all must 'enthusiastically acclaim' the 'Savior of Italy.' It goes without saying that if any employee does not report for the occasion or if he should not cry out 'Viva Mussolini' he would invariably lose his job and incur the risk of being sent to Lipary Island. This scheme is not only for home consumption but especially for the American public opinion. The Christian name of Mussolini is Benito. In his recent visit to Turin, the news leaked out that the people were so tired of that farcical reception that they gave vent to their feelings when Mussolini was leaving the city by crying out Benito, which word means 'well gone.' Evidently, Mr. Editor, the sons of Italy are not agreed on Mussolini and his Fascism."

Enjoyable Play and Excellent Singing at Metropole Hall Last Night

The Varden social held in the Metropole Hall last night proved to be a great success. There were about 150 present to enjoy the entertainment. During the evening a

humorous three-act play, entitled "Like Born Liker Best," was staged by Mrs. Black's orchestra. To close the evening, delicious refreshments were served by the lady members of Varden Singers.

Presiding at the door was H. Byholm, and a Gunterson official as M.C.

When the balance sheet was presented by the secretary, President Brown remarked that the incoming board would have to consider the matter of increased economies. The balance sheet was referred to the annual meeting.

The report of the managing secretary for the month of December showed:

Collections	\$2,694.30
Disbursements	5,508.02
Deficit	2,813.72

It was pointed out that included in the disbursements was a payment of \$1,308.34 for recent renovations. Also during the month no subsidies had been received by the government of the city.

KITSELAS

On Friday evening a dance and social entertainment was put on by the younger members of the Kitselas Young Peoples' Association in honor of their newly elected office-bearers. The hall was packed to capacity by natives and whites from the surrounding district, and with music provided by the Kitselas Indian orchestra, a most enjoyable time was spent.

James Peak was host at a party held in the K. Y. P. A. Hall, Kitselas, on Monday evening. After a sumptuous repast, dancing was indulged in by a large gathering until the early hours of the morning to music purveyed by the local orchestra.

How to Guard against the FLU

Every News reader is urged to heed these precautions

The flu epidemic has reached this community. The health authorities are doing their part, but every individual must be on guard.

Keep the family medicine chest supplied with the sensible aids to health; any sickness weakens the system and lowers your resistance to germs.

Every household should have at least one hot water bag, in good condition, or an electric pad; and a fever thermometer. Sleep in airy rooms, with ample covering. Avoid an overheated house during the day; dress warmly when you go out. Beware of over-crowded cars, poorly ventilated public meeting places, stuffy telephone booths. Flu is contagious! Breathe through the nose. Keep the system alkaline, the bowels in good order; Phillips' Milk of Magnesia will help you do both. If you have any symptom of a cold, take some Aspirin according to directions. Don't lose even five minutes! Genuine Aspirin tablets can't harm you, but a common cold is dangerous at a time like this.

Eat plain foods, get enough rest, and don't over-do. Take these extra precautions to keep in sound physical condition, so your system will have normal resistance against germs.

At any sign of actual flu, call a doctor at once. Do not try to treat yourself for influenza!

Twenty Years Ago in Prince Rupert

January 21, 1913

Mayor S. M. Newton delivered a lengthy address at a civic election campaign meeting in his support in the Empress Theatre. In the course of his address, Mayor Newton was rebuked by T. D. Pattullo, his majority opponent, for indulging in personalities. Other speakers at the meeting included Ald. Hamilton Douglas, Ald. John Dybhnavn, Ald. Thomas Maitland, Ald. L. Bullock-Webster, Ald. W. H. Montgomery and Ald. G. W. Kerr.

At the annual vestry dinner of St. Andrew's Anglican Church, officers for the year as follows were elected: wardens, R. L. McIntosh and W. E. Burritt; sidesmen, Messrs. Purdy, Williams, Evitt, Cramble, Grand, Christie, Shrivty, Lucas, McMaster, McMullin, Dr. Tremayne and Long. The auditors are Messrs. Mortimer and Forster and the delegates to Synod, Mr. Shirley and Mrs. Greenfield.

Sir Marilyn Evans of London, president of the Canadian Fish & Cold Storage Co., will shortly arrive in Prince Rupert to pay a visit of inspection to the company's local plant.

BASKETBALL GAMES CLOSE

Kaiens Won in Senior Conflict 59 to 49 in Senior Class Last Night

Girls Played Clean

Decisive Victory For Warriors and Scouts Defeated Rovers

In a heavy shooting conflict last night the Kaiens at last turned the tables on the C. N. R. A. 59-49. The C. N. R., although weakened by two of their staunch players being absent, were well served by the intermediates who took their places, and put up a stirring fight. Kaiens were strengthened by Kelsey who has transferred from the C. N. R. He worked in very nicely with the Kaiens, scoring twenty-nine of their points. The rest of the team gave wonderful support and showed better team-work than they have done all year. The 59-49 score shows that it was but a shooting contest from start to finish.

The girls' game in which the Comets won from the Cardinals 14-12 proved to be the most interesting and closely contested game of the evening. The score was tied practically all the time and a two-point lead was as far as any team got. Both teams played good, clean basketball, neither having the edge on floor play. But it's baskets that count and the Comets managed to gain a slim two-point lead with but a minute to go.

Warriors won a decisive victory over the Merchants in last night's intermediate fixture. The Warriors have been coming along steadily and showed in last night's performance what perseverance and practice can do. Shooting with deadly accuracy and working together they ran up their 44 score with ease. Merchants were handicapped by the absence of some of their players, but the junior players taking their place started for them. Their long range shooting and weak passing were responsible for their defeat, 44-29.

The Scouts defeated the Rovers 23-19 in the junior game. As far as floor work was concerned the Scouts showed their superiority and if their shooting had been accurate the result would have been decidedly one-sided.

Prince As Nimrod VISITED SIMPSON

Prince Michael is in again. This time he's hunting on his father's estate at Temeswar, Roumania.

Ketchikan Athletic Club Members Prove Popular

PORT SIMPSON, Jan. 21.—Port Simpson was again visited by another group of hoop players from Ketchikan and these became very popular from the start, showing excellent sportsmanship and making themselves all-around good fellows. As a group of entertainers they were certainly hard to excel and, during their visit here, took occasion to visit the hospital and the Girls' Home, entertaining the inmates of both places.

In the hoop tilts with the two local clubs the visitors did not fare so well. In the first game with the Port Simpson Athletic Club they came out on the short end of a 13-29 score in favor of the locals and the next day they met with the Young People's Educational Association, champions, who took the measure of the visitors by a score of 31-21.

The line-ups for the series were: Ketchikan—Fawcett, Handbury, Ridley, Atkinson and Inman.

P. S. A. C.—G. White, J. White, Russel Mather, Musgrave, Green, Y. P. E. A.—Bryant, Sankey, Wesley, Johnson and Knott.

The visitors were the cleanest and sportiest players seen on the local floor for some time.

Among the entertainers who accompanied the team was an artist who, in the past, has often been heard over KOMO station in the person of Jimmy Thomas, guitar and banjo soloist. His many calls for request numbers won him instant popularity while here and added much to the entertaining qualities of the visitors. The party was in charge of Ed. Ridley.

BADMINTON SCHEDULED

Complete Set of Players Must Take Part Each Night That Games Are On

The Prince Rupert Badminton Association has sent a notice to the members of the affiliated clubs for their guidance in connection with the series of games to be played in second half of the "A" division league. The games are to be played January 23 and 30 and February 6, 13, 20 and 27. The teams taking part are the Prince Rupert Club, the C. N. R., the Skeena and fourth team in which the Skeena and Anglican have combined. Each team must play a full set of six players in both the Number 1 team and number 2 on each night of play and the names of the twelve players for each club should be submitted to Secretary Lyons.

Teams in Class A may borrow players from Class B in order to fill up gaps.

SPORT CHAT

There were no games played today in the Scottish League because of the first round in the Scottish Cup taking place.

Half of Seattle Fleet Leaving This Week-End For Halibut Banks—Schooner Eagle Chartered by Fisheries Commission

Word received in the city from Seattle indicates that about fifty percent of the halibut fleet are leaving this week-end for the halibut banks to be there in readiness for the opening of the season on February 1. Others will remain in port for a short time so as to prevent the bunching of the boats in port with their catches.

The same report indicates that slightly improved prices are expected in view of the fact that a great deal of the American frozen halibut has been disposed of.

So far as the local fleet is concerned it seems that the larger and better boats will be fishing at the opening of the season but that the outfitting companies are refusing to give credit to the other boats until something is known as to the prices likely to prevail.

Last year the outfitting concerns in Seattle, Prince Rupert and Ketchikan lost a good deal of money through failure of the boat owners to meet their obligations, due to low prices. They claim they cannot take chances on a repetition of last year's experiences and credit will be given less freely unless it is shown that prices rule sufficiently high to allow vessel owners to meet their obligations.

The well known American halibut schooner Eagle, Capt. J. R. Engdal has been chartered by the International Fisheries Commission for a cruise of investigation in the Gulf of Alaska during the early part of this year. The Eagle, which has a net tonnage of 68, is the largest vessel in the active halibut fleet of the Pacific Coast. She is now being fitted out at Seattle for her new work and will be leaving the Puget Sound port shortly for the north with members of the scientific staff of the International Fisheries Commission on board. The schooner Dorothy, Capt. Ole Hvatum, which has served the commission on most of its cruises to date, is at present under charter to a mining company which is seeking to exploit Chirikof Island.

Emil M. Urell of Astoria, Ore., who was located at Prince Rupert during the summers of many years up to a few years ago engaged in the buying of mild-cured salmon, is now the head of the Urell Fisheries at Astoria. Recently he paid a visit to Seattle to confer with Einar Beyer of the Northern Products Corporation on whose account he put up a pack of mild-cured chinook and silver salmon last season. The fish were caught in the Columbia River in the neighborhood of Astoria.

M. D. Sullivan, well known Porcher Island fishing skipper and settler, has recently moved his home from Jap Inlet to Oona River. "After living for twenty-one years in Jap Inlet, through lack of education and inability to speak the present language used there, I have been forced to move to the white man's settlement of Oona River," Capt. Sullivan cryptically remarked this week during a visit to town when interviewed by the Whiff Man.

Jim Bacon of the Bacon Fisheries claims he is the only one along the waterfront who is really busy. For the last few days and even part of the nights they have been busy cooking and shipping crabs. This week 500 dozen crabs came in from Naden Harbor, the majority of them being shipped to Seattle. Mr. Bacon states that the most of his work is along experimental lines.

In the last week a large load of flat fish was brought in by the

boat C. N., which is in the employ of the Bacon Fisheries, all these fish being shipped to outside points. The C. N. is now on the ways putting in more ballast but will be resuming fishing in a few days.

The Anna S. came in this week and reported a good run of herring in the vicinity. J. Orvig of the Balsac is busy putting on the seine in readiness for going out. From all reports it seems likely that there will be fresh bait on hand for the opening of the season.

Captain Anderson of the halibut boat Gony arrived this week from Alberta after having spent the last few months on the prairie.

Many of the boats that have passed the winter here are now having a general overhaul. Engines are being tuned up and gear prepared in readiness for an early start for the banks.

The troller Witchman left within the last few days to troll for spring salmon. She is the first troller out this year but it is expected that many will soon follow.

The Prosperity A. Cape Beale, Eric Roy, Takla and several other well known halibut boats are expected to arrive from the south at any time now.
