SUN STARTED TO SHINE AS PROCESSION BEGAN

A Good Omen Attended the Coronation of King George and Queen Mary—Singing of Loyal Crowds Outside the Palace Was Acknowledged in a Few Words by the King

(Canadian Press Despatch)
London, June 23.—A happy augury attended the Coronation of King George and Queen Mary. For several hours while the crowds were assembling in the streets, the rain fell and the clouds were threatening. At one time it looked as though a downpour would take place.

As the time for the procession to start arrived, the weather improved, until at the very moment when their Majesties left Buckingham Palace the sun burst forth from the clouds, dispelling the clouds and the rain.

The Great Procession

The first portion of the procession consisted of the Royal and other representatives. All of them drove in closed carriages. The second portion of the procession, including the members

of the British Royal family, came half an hour later. The Prince of Wales, in the Order of the Garter Robes accompanied his sister and brothers in the last carriage.

At 10.30 o'clock a Royal salute announced the departure of the King and Queen from the Royal Palace and as the most gorgeous of processions made its way through the troop-lined streets a great wave of cheering spread from one end of the route to the other.

A Crowd of Notables

A wonderful display of uniforms preceded the Royal coach. Immediately behind the Royal coach Lord Kitchener rode beside the Standard; then came the Duke of Connaught, Prince Arthur of Connaught, the Duke of Teck, Prince Christian, and Prince Al-

ON RAILWAY INSPECTION

J. W. Stewart, C. C. Van Arsdol and Mr. Kelliher Make Trip Up River by Today's Copper City Train. Work Being Rushed Ahead.

On today's train for Copper City J. W. Stewart of Messrs. Foley, Welch & Stewart, Mr. Kelliher, G. T. P. engineer, and C. C. Van Arsdol will travel together on a visit of inspection.

Progress with the construction work in hand up river is rapid at present, and there is no lack of labor. Tunnel work at Kitselas is being pressed on, and large shipments of bridge steel for the Skeena crossing bridge are being handled now at the waterfront to be sent up river some time in advance of the actual need for them so that the work of bridge construction may cause no delay.

Mr. Van Arsdol came down to Rupert from up the river district in order to meet Mr. Stewart and Mr. Kelliher.

We make suits to suit your satisfaction. Call and see us.—Rudnick & Sweder, Helgerson Block Basement, Sixth street.

Lazo reports the fish-tug Kingfisher passed south at eleven this morning.

RAPID WORK AT DIGBY ON NEW PROCESS PILING

Marine Station Yards Being Graded Fast—Fine Residence for Superintendent at Second Storey—Several Large Gangs of Men Can Be Employed Together Shortly

Under the direction of Mr. Thomas Stedham, the inventor of the Stedham process of making re-inforced concrete piles gangs of men are actively engaged at present preparing the first set of these piles to be made at the new Marine Station works at Digby Island. Mr. Stedham's process is very simple and swift. In a few hours on Wednesday a gang of about a dozen men had three piles ready framed for the concrete. From Mr. Stedham's experience the piles can be very speedily placed in position.

Other Work Progressing

Under the active supervision of Mr. F. P. Jennings, resident engineer, the work of grading the yard area, roadways, and residential sites is rapidly being accomplished. Excellent progress is shown upon the house for the

superintendent of the station. This building designed by Mr. Jennings promises to rank easily amongst the most commodious and attractive residences erected in the Prince Rupert district.

Will be Big Gang Soon

Owing to the disposition of the works to be undertaken it will be possible to have several, in fact, almost all of the important parts of the work carried on simultaneously. This will mean that a large number of men can be employed together on the work, and the contract can be completed very expeditiously. Mr. Stedham has no intention of letting such an item as frost interfere with the making of the 200 odd piles required for the work. At the present rate of progress these will be all set long before the frost comes.

INDIAN BANDS WIN COMPLIMENT

Leading Orange Official in Toronto Regrets He Cannot Get Some for July 12th.

The Indian brass bands of North British Columbia have just had a very good compliment paid them. In accepting an article of the subject from the editor of the Daily News, Mr. William Banks, Sr., editor of the Globe magazine and one of the leading officials of the Orange Order in Canada, writes, "I found the article so interesting, that I cannot help regretting the impossibility of bringing some of the bands here for the 12th of July. They would make a great sensation and a serious show. I wish it could be arranged for some of them to be here for the July of 1912."

The Orangemen are said to have a theory that there's nothing too

good to walk in the parade on the 12th. The compliment paid the Indian bands is a very sincere one.

CANNERIES OPEN

Started in Full Swing This Week

Business is now in full swing at the various canneries along the Skeena River. At the Inverness and North Pacific canneries the first catches of salmon this season were landed and canning began right away.

It is expected that the harvest of fish will be an exceptionally good one this year. Accordingly the canners have made preparations to put up several thousands of extra cases.

The opening up of the G. T. P. line, which runs alongside several of the plants, is going to help them in getting in supplies and also in shipping out some of their goods.

BABY'S LUCKY ESCAPE FROM SHOWER OF GLASS

Explosion Shattered Windows of Clapp Block and Fragments Fell Three Stories on to Pram—Mrs. Kugler's Baby Saved by Her Thoughtfulness

By the greatest of good fortune yesterday a tiny baby escaped a painful injury when a spark from a burning root pile near the Clapp Block ignited a quantity of dynamite and caused a terrific explosion. The baby is Mrs. Kugler's. Mr. and Mrs. Kugler were in the Clapp Block, and Mrs. Kugler was just going out an airing with her baby in a pram. The awning of the pram was down as she put baby and Mrs. Kugler left her pram for an instant on the sidewalk while she returned to doorway. Fortunately just before stepping into the doorway a tremendous crash shook the whole

building, and a perfect hail of broken glass came pattering down from the shattered upper windows of the Clapp Block. Mrs. Kugler darted back to her baby in the very midst of the shock as the glass came showering down. Jagged pieces fell around her and on to the pram awning, but thanks to the young mother's protective instinct the little one was quite safe shielded by the awning. Mrs. Kugler swiftly got her small treasure out of reach of any more bangs that might be coming.

Not Much Dynamite

Fortunately for the Clapp Block and its residents only a few last sticks of dynamite were in the case which exploded. Had a whole caseful gone off so near the result would have been the wrecking of the whole building with perhaps loss of life. Greater care will be taken under strictest supervision of the police in future.

Shower of Glass

Scarcely was her back turned when the accident occurred. A plank fell into the dynamite left in the near grading work, a tremendous crash shook the whole

CITY'S FIVE THOUSAND PAID TO HOSPITAL FUND

Hon. Wm. Templeman Remembers the Hospital Too---President Expresses Appreciation---Printing of By-laws Awarded---New Water Tank to be Ordered--Ambulance Not Yet

Prince Rupert City has made good its promise through the city council and presented a cheque for \$5000 to the Hospital Board to be devoted to hospital purposes. At yesterday's meeting of the Hospital Board held in C. D. Rand's offices, Second avenue, the Secretary, Mr. William Wright, reported the receipt of the cheque.

President D. G. Stewart expressed the appreciation of the Board of the civic contribution, and the secretary was instructed to write a letter of thanks to the Mayor and council.

Hon. Wm. Templeman Too

Another cheque which it gave the President much pleasure to have acknowledged was one for the sum of \$50 from the Hon. William Templeman, M. P. Mr. Templeman who with characteristic thoroughness took a very great interest in the establishment of the General Hospital when he

was here last, took care to leave his cheque with the secretary before leaving Prince Rupert. A letter of thanks will be sent him by the secretary, and the Board expressed appreciation of the gift.

Printing the By-laws

Tenders for printing the new by-laws, revised by Mr. C. V. Bennett were opened. The successful tenderer is O. H. Nelson of the Journal Printing House. The bids were as follows:

O. H. Nelson, "The Journal," for 500 copies \$39, for 1000 copies \$59. P. R. Publishing Co., "Daily News," \$42.50 and \$62. "Empire" Publishing Co. \$45 and \$60. Premier Press \$47 and \$72.

Order Water Tank

A large storage tank for water is to be ordered at once to be erected beside the hospital for a safeguard against drought or frost. Mr. H. H. Clark has been making special investigations about these tanks

for the House Committee. His experience has led him to recommend the selection of a specially lasting red-wood tank which is to be purchased down below at a cost of \$136. The stand for the tank to rest on will be put up by days labor here. A tank constructed locally would not be such a profitable investment, it was decided.

Ambulance not Yet

No report on prices of ambulance has yet been brought in by the executive committee which is investigating this matter. Various minor matters were attended to at yesterday's meeting. There are altogether some nineteen patients in the hospital at present, and the secretary reported matters running smoothly and efficiently in spite of pressure of work on the staff which responds well to the demand for its services.

SERG. PHILLIPSON RESIGNS FROM FORCE

Popular Officer Has Received Promotion From the Dominion Authorities—Will Enforce Law Among the Indians Up the Skeena River

Citizens of Prince Rupert will learn with regret that Sergeant "Pat" Phillipson, has resigned from the local police force. His excellent record as an officer, brought him to the notice of the Dominion authorities, and he has been appointed to act as constable in the Skeena river district under the Department of Indian affairs.

The position is a distinct promotion, and well-deserved. Few men, if any, are more popular in the city than Sergeant Phillipson. He has proved himself a capable officer, courteous and firm in enforcing the law. His pluck was evidenced during the strike, and he carried a bullet wound

on his forehead received during the riot. His real name is Albert, but "Pat" fits in better with his rich brogue and the merry twinkle of his eyes.

Sergeant Phillipson's new district will extend from Prince Rupert to Hazelton. It is likely he will make his headquarters at Port Essington.

WILL BUILD A LINE TO PEACE RIVER VALLEY

Norton Griffiths, Lord Brassey and Other Wealthy British Capitalists are in on a Big Project—Have Arranged for a Charter

(Canadian Press Despatch)

Vancouver, June 23.—It is announced here that Mr. Norton Griffiths, the British M. P., and the largest individual railroad contractor in the world will build a line from Vancouver, northeast to the Peace River Valley.

Lord Brassey, one of the richest of Englishmen, is said to be among Mr. Griffiths' associates, and there are other wealthy British interests behind the scheme.

Will Get Charter

Mr. Norton Griffiths has already secured promises through his agents that the Dominion Government will grant a charter for the road, and work will commence at an early date. Mr. Griffiths and his associates are said to be greatly impressed with the agricultural future of the Peace River Valley and the British Columbia interior.

THE COSY CORNER

DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper, which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns, and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will fill a social need.

THE BENEFITS OF WORK

Keeps the Whole Physique in Tune and Makes for Health

We often hear of the evils of overwork and overstrain and a good deal of pity is wasted upon people who have to work hard, while others enjoy perpetual leisure. But there is another side to the picture, a side which shows the worker in an enviable light. A medical journal declares that people who work (especially the brain workers), and observe ordinary hygienic care of their bodies, resist disease better than the leisured classes, and when they are actually ill recuperate sooner than those who have lived less intellectual lives. The medical authority might also have added that the workers keep their youth longer. One has only to compare women like Ellen Terry and Sarah Bernhardt with the average idle rich woman of the same age for a proof of this. It is often said, and with some truth, that a woman ages sooner than a man. Maynot this also be due to the fact that man is more commonly a worker, and that the perpetual exercise of his intellectual faculties keeps him young?

THEY DON'T PLAY CARDS

Good Game for an Evening Party Instead of Card Games

For a game for those not playing cards and one to include many players, try "Words." Provide each player with pad and pencil. Choose a rather long word. Starting together, everyone sees how many words can be made out of the word, beginning with the first letter, using no letter twice, and allowing three to five minutes time.

The first reads his list and any word all have is struck out, each word being valued by its scarcity. If only one person has it he gets 8 marks, supposing that the number playing is 8. If 3 people have it, they get 5, estimated on the number who have not got it; if 2 have a word, they would count 6, and so on. Each totals up his winnings each time and also after all the letters are used up and prizes are given. If the word is very long it would be well to omit some letters.

Prizes for either lady or gentleman would be cup and saucer, napkin ring, vase, pack of cards, box of candy; for lady, jabot, handkerchief; for gentleman, card case, cigar holder, cane.

KINDRED SPIRITS SUPPLIED

Extraordinary League Instituted for Lonely Wives. Affinities to Order

Many fashionable ladies of Bucharest, Roumania, have recently received invitations to join a society known as the "Women's International Free Love League." The league undertakes to put them into communication with kindred spirits who will supply the deficiencies of husbands who fail to understand the complex nature of their wives.

The league's motto is "Equal rights for all," and ladies are assured that the heads of the league will be in a position to put them into communication with their affinities. Ladies are asked to subscribe to the funds of the league whether they are in immediate need of its services or not, as it is impossible to know when such a need may arise.

A husband of one of the ladies who received the league's circular, put himself into communication with the police. The police traced the circulars to Milan, where it was discovered that a certain Hungarian and her Italian husband were the founders of the league. The woman, questioned by the

police, said that the league had thousands of members in every country in the world. She explained that the consolation offered to the ladies was of an entirely spiritual nature and that her object was merely to supply the demand for sympathy caused by the brutal obtuseness of most husbands. The police decline to take any action against the league.

PLACING THE PICTURES

Pretty Way with Them in a Pretty Girl's Room

How to dispose of a great many small pictures without making too patchy a wall is a question that girls whose rooms are attractive have been obliged to spend a great deal of time in solving. The pictures should be framed uniformly, and if they are somewhat the same in character it is a good plan to group them together. A frieze of small pictures placed close together and extending across one wall space is a very good way of disposing of a number of pictures all of the same size. The pictures look well placed over a shallow shelf on which there are placed small vases and bits of bronze or brass which will give a color to the wall and a sharp and piquant note to the wall decoration.

The frieze, and indeed most pictures, should be hung above the line of the eye, considered from the average height. It is contended by some persons that they should not be hung lower than the line of the eye when standing, but when pictures are hung low enough to be in line with the eye when one is sitting the effect is very pleasant. It used to be the habit of the majority of people to hang pictures so high that one was obliged to stretch one's neck most uncomfortably to see them. but that fashion has happily gone by to a large extent.

ITEMS OF SPORT

William Walker, the Canadian owner, has announced his retirement from the turf, and disposed of all but his Canadian-bred horses at auction.

Jack Johnson's statement that he will not listen to a fight promoter for less than \$30,000 is "pooh-poohed" by friends of the black champion.

William J. Amos, the well-known Western long distance runner, left for New York, where he will likely reside. He will go into active training again.

Sporting Editor Frank Calder, of the Montreal Herald, says the French population of Montreal is lacrosse crazy, but the English speaking people are all baseball. He declares Montreal only has to produce a winning team in the Eastern league to set the town on fire.

The Vancouver Jockey Club and the British Columbia Thoroughbred Association, which will control the racing at Minoru park this coming summer, will have only the pari-mutuels in operation. There will be no books or pools at the track.

Harry Hyland has turned out with the Montreal Shamrocks, and will strengthen their home for the rest of the season.

Joe Jeanette, just returned to New York from Oklahoma, where he had been training White Hope Carl Morris, declared the Western heavyweight "is there." Jack Johnson ain't gonna last forever. Carl Morris has a wallop that could kill a cow, and he's gonna use it to keep dat black champion from lastin' all time."

Manager Menary of the Toronto Lacrosse Club has let out Holmes, who played goal, and Dad Stuart, who tried to make the team. Holmes played for Young Torontos last season. Irwin, formerly of the Maitlands, and Jimmy Byrne are candidates for the position. They are also out after another player and have hopes of landing him.

The pari-mutuel bettings in Paris France, for 1911 reached a total of \$74,900,997 from which \$1,500,000 was deducted for charitable purposes, according to a report just issued.

THOUGHT BABY WAS DEAD Are Suffering from Shock after Explosion at Clapp Block

As a result of the explosion yesterday which shook the entire Clapp Building, and endangered the life of Mrs. J. Kugler's baby, Mrs. Kugler, with Mrs. Hauley and Miss Helen Hauley are today suffering from the effects of the shock to their nerves. The ladies were very much alarmed, and thought for a moment or two that the baby had been killed. Naturally when it was all over they felt the re-action.

Axtell Hayes, a fullblood Lapwai Indian, standing six feet tall and weighing about 180 pounds, will report to Spokane and be given a tryout for a backstop position. Hayes has been catching splendid ball for the Lapwai team in the Nez Perce Valley League. He was signed up by President Cohn early in the spring, but asked the privilege of staying through the greater part of his own league's season.

CHARGE AGAINST TWO CHINAMEN

Case Has Prolonged Hearing before Magistrate Caras Yesterday Afternoon. Did Dr. Lew Compel Girl to Write to Him?

For a considerable part of yesterday afternoon the hearing of the unsavory case against Dr. Z. P. Lew and Mah Hong, the two Chinamen charged with procuring, was continued in the police court. A few men besides those engaged in the case were present in court. A. Manson who is appearing for the defence, suggested to the Magistrate that it might be advisable to have the public and the press excluded, but City Solicitor Peters, for the prosecution, contended that the press in Prince Rupert might be confidently trusted to use discretion. Mr. Manson's contention was that in public court the girl witnesses might be inclined to withhold evidence of moment. The case was not heard in camera, however.

Chief Vickers, who kept a quiet and close watch on the two Chinamen from the day of their arrival in Rupert with the girls until their arrest believes that the case against them is strong enough to secure conviction. The following letter purporting to have been sent by one of the girls to Dr. Lew while in Vancouver is entered as evidence. Chief Vickers says he has reason to believe this letter was written by the girl quite recently in Prince Rupert, under compulsion of the Chinaman. Chief Vickers can produce witnesses to prove this.

Vancouver June 1st, 1911
Dr. Z. P. Lew.

Vancouver, B. C.
Dear Friend,

As you are going to Prince Rupert, and I would like very much to leave Vancouver, I thought I would write you a few lines to ask you to take me, because I want to leave Vancouver to get away from all the bad company I am in with here. I have had enough of it, and I want to go to Rupert to go to work and settle down and be good.

Winnie

The letter is written in copying ink pencil on a sheet of blue ruled essay paper, in the younger of the girl's school-girl hand. The paper is creased, but does not look as if it had ever come through the mail. "Winnie" is not the girl's real name. Two Comox avenue women are witnesses in the case which was not concluded yesterday evening.

SNEAK THIEF

Stole Half Box of Cigars from Little's News Stand

Some mean sneak thief broke into Arthur Little's cigar stand at the wharf on Thursday night and stole half a box of cigars. The light weight burglar was busy prying open the front of the stand when he was disturbed by Mr. H. B. Rochester, who occupies rooms in his office next door to Little's news stand.

The thief took to his heels. He was evidently a stranger here, for nobody who knows Mr. Little would dream of stealing his goods.

The 1911 model cork pill has got to go, according to experts—and the pitchers. A circular letter has been sent to all the directors and officials of the American and National leagues, asking for an expression of opinion on the new pill and it is said that more than half are opposed to it. They want it made just a little less lively.

George Walker of the Vancouver Athletic Club, the wrestler Canada sent to the Festival of Empire sports in England, weighs 157 pounds. He holds the British Columbia middle and heavyweight titles, and through the disqualification of Crawford of Frisco a "pro" who beat him, holds the Pacific Coast championship. He is also the Pacific and Northwest title holder. Walker says that McDonald, the Inter-collegiate champion, gave him more trouble in the elimination contests than did Aike, the Manitoba champion.

BOAT AND TRAIN TODAY

Full Passenger Lists, Heavy Cargoes, and Numerous Bookings.

Both the Camosun last night and the Prince George this morning brought full passenger lists, and heavy cargoes. Waterfront business continues steady though the absence of the Prince Rupert on Wednesdays tends to make things a little quieter at mid-week. The Camosun pulled out early for Stewart, and the Prince George makes her usual weekend trip on Sunday. Today at 1 p.m. the train for Copper City pulls out. This train running in connection with the Prince George from the south is well filled every time. Bookings this morning kept the G. T. P. office busy.

REV. DR. TEEFY DEAD

Prominent Roman Catholic Divine Passes Away in Toronto

The death is announced at Toronto in his 62nd year of Rev. Dr. John Read Teeffy, former rector of St. Michaels College and one of the more prominent Roman Catholic divines in Canada. He had been ill for nearly two years.

Dr. Teeffy came from an old Richmond Hill family, and early in life turned from a promising secular career to the service of the Church. At one time he

was Assistant Master in the Hamilton Collegiate Institute. After entering the Church he devoted himself largely to educational work. He was noted as a preacher and platform speaker.

bert of Schleswig-Holstein, all on chargers.

Scenes at Night

At night the throngs of people converged in front of Buckingham Palace until the throng reached such dimensions that it was impossible to move.

Acknowledged by King

A group of boys struck up the National Anthem. Instantly the strains were taken up by thousands. As the singing ceased, cheering again broke forth, the sound reaching the interior of the Palace, and his Majesty came out on the balcony to acknowledge the tribute.

The Prince of Wales also appeared at the window and waved his hand at the assemblage. They responded by singing "Rule Britannia."

A Quiet Evening

After luncheon, all the members of the Royal suites remained. Their Majesties spent the hours very quietly. In the evening they dined en famille, the only guests being Royal representatives residing in the Palace. The younger son of Premier Asquith by a telephone message from Downing St. gave the signal to the Crystal Palace to fire a gigantic rocket at 10 o'clock at night, whereupon a ring of bonfires around London burst into flames.

Crowds Retired Early

All the illuminations were extinguished by order of the police at about midnight, and the tired crowds retired early.

The actual hour of the Coronation was 12.27. The Queen was crowned half an hour later.

Day in Vancouver

Vancouver.—Never before in the history of the town did such crowds gather on any occasion as they did to celebrate the Coronation of the King and Queen. A civic celebration took place at the Recreation Park where after prayers and the singing of patriotic songs, George H. Cowan, M. P., delivered an oration, as did Mayor Taylor also.

Flags and bunting floated everywhere, and a general holiday was observed. In many churches, services were held in the morning, while a salute of twenty-one guns fired at 5.28 a.m. announced to the sleeping citizens that the great event in the Empire's history which had been eagerly awaited, had passed into history. The weather was all that could be desired.

TYPOS ACCEPT CHALLENGE

Royal Blue Ribbons are Preparing Their War-paint for Tuesday Night.

Valiant as ever the brave and brilliant band of Typographical exponents of indoor baseball in the city, have leapt forward with an answer to the challenge of the Royal Blue Ribbon team newly organized. The contest will take place at the Auditorium on Tuesday night. In their fortress the Royal Hotel, the Blue Ribbonites are industriously applying themselves to the preparation of war-paint and attire calculated to strike terror into the hearts of their opponents. The Typos are ready for them.

In preparation for the boat race on July first, the Longshoremen's sextette were out practising last night in their boat. The sextette represent the Longshoremen's Union and will meet half a dozen picked men from the crew of the S.S. Lilloet. The course will be a half mile along the harbor and back. Betting is in favor of the local boys.
