M. P. McCaffery Gives Address on Reciprocity to Members of Gyro Club at Their Luncheon Yesterday

Giving a history of the reciprocity movement with the United States since the year 1854 and showing how Can-ada would have benefitted from it and how it would still benefit the fish and lumber businesses in Prince Rupert, M. P. McCaffery gave an interesting and instructive address yesterday to the members of the Gyro Club at their regular weekly luncheon in the Bos-H

ton Cafe. Mr. McCaffery told of the treaty Will Put Men negotiated by Britain with the United States in 1854 which was in force for five years. The main reason for making the treaty was to prevent Canada joining the States at that time. Since that time almost every! leading statesman had tried to negotiate a new treaty but it was not First Step in Big Scheme to Take until 1911 that Sir Wilfrid Laurier, then premier of Canada, was successful in arranging a plan for reciprocal trade with the U.S. ad-Laurier went out of office.

INCREASED TAXES

Last week the provincial minister of finance announced that the taxes would be increased. Yesterday the federal minister announced that the little sum of seventy million dollars more than the previous year would be extracted from the pockets of the ten million people who inhabit this country. It means seven dollars each for every man, woman and child in the country and the people with children will pay more than their share because the children consume as much sugar and other taxable commodities as grownups. In a family of six the tax would be approximately \$42 a year more than formerly.

To levy that much extra taxes when the average earning power of every community has dropped ten to fifty

percent is a terrible blow.

The hardest tax is that upon investors in companies, and it is probable that in many cases companies will be dissolved and a return be made to private control. Incorporated companies have to pay twelve and a half percent on the income earned and if there is a dividend the shareholders have to pay again on the same money from three percent up, according to the amount of their income.

HARDSHIPS ON FAMILIES

Is it any wonder that people refuse to have families. Doctors' fees for mothers are so high that it is impossible for many to pay in these difficult times. Living costs are being increased through taxes levied upon food. Hospital this invention, "The Repulsion providing the bridge stays up, Mayor fees are high. Everything is loaded against the person Bridge," proves a success, it will un- Bussanich will cut the tape, and with a family. Governments conspire with others to make doubtedly revolutionize the bridge- the multitude, led by K. Green and family life difficult. Now it is being proposed in some quarters to do away with what are known as social services, which are in many cases services designed to assist those who raise families.

TAX ON SUGAR

The most recent levy of the government announced yesterday is one that will hit every famiy. Sugar is to be taxed ordinarily cost thousands of dollars. two cents a pound, in addition to the six percent sales tax cially prepared to meet such an ex- Not 50 Lovely in and the increased income tax on the people who manu-pense, Prof. Obata and Dr. O. Pretty Wedding

Smith Becomes of William Lonville Holmes in Anglican Church

TERRACE, B.C., March 22-One of the prettiest weddings witnessed for some years was solemnin the Anglican Church, Friday last at 11 a.m., by Rev. A. Mc-Kim, when Miss Mary Violes Smith, eldest daughter of Mr. and Mrs. E. M. Smith of Terrace; was united in marriage to William Lonville Holmes, eldest son of Mrs. Lee Bethurem of Usk.

The bride, given away by her father, was charming in a long rophila and pink and white roses, ver. ied with a large white satin bow. The groom was supported by his

brother, James E Holmes, and Stanley Onlson. hat; and Miss Jeane McLeod of Vancouver, who was gowned in a long white jade taffeta and sal- mon velvet dress, satin slippers, and a large white and green or-

ice, and the bridegroom's mother, Miss Janet Young played Lohengrin's "Wedding March." and accompanied Miss Velma Greig, who sang "Because I Love You," dur-

hat. Both girls carried

ing the signing of the register. The church was banked in roses. lillies and fern, and decorated in bink and white streamers.

Following the ceremony, the bride's parents entertained at the wedding luncheon served in Philbert Hotel at 12:30, noon. H. Wilson was toast-master for the oc-

turned home on the ss. Prince Ru-

Mr. and Mrs. D. B. Finn and the Prince Rupert this morning

The help of every person in the community is solicited in providing books for the Library.

The Prince Rupert arrived in port this morning from Vancouver at 10 o'clock sailing for Stewart and Anyox at 4 p.m.

G. A. Hunter, news editor of this paper, writes that he expects to return to Prince Rupert on Sunday next and if all goes well will go on the job again Monday morning. He has been in Vancouver and vicinity for the past two months and is now recovering rapidly followng an operation at the hospital.

W. C. ASPINALL D.C.

FOR ANY PAIN

Have you ever found any quicker relief than this?

Anyone can take Aspirin, for doctors have declared these tablets perfectly safe.

And there is no quicker form of relief for any pain.

It is well to remember these things when anyone tries to persuade you to try anything in place of these tablets.

Aspirin may be taken as often as there is any need of its comfort: to stop a headache, throw off a cold, drive away the pains from neuralgia, neuri-

tis, rheumatism, lumbago, etc.

Whenever you take Aspirin you know you are going to get immediate results - and you know there will be no ill effects. You know what you are taking.

Why take chances on some form of relief which may not be as swift-may not be as safe? The new reduced price on bottles of 100 tablets has removed the last reason for ever experimenting with any substitute for Aspirin!

(Continued from page one)

The agreement made up in 1911 covered some three hundred aragreed that better trade relations ticles As time does not permit to go are necessary. That applies mostly into details, it is sufficient to say that the treaty covered all farm, as we are lying alongside each other forest and fish products, thereby for four thousand miles. We, with including every article of importnatural resources and a small poance to British Columbia, and giving free trade in them with the pulation, the United States, with a neighbors to the south. Also, an agreement was made with the two countries whereby a tariff of 159 would be charged on all manufactured goods, such as automobiles, shoes, etc. This amount was considered sufficient to protect the manufacturers and leading industries in Canada.

Effect on Fishermen

see how the non-acceptance of the last lap to go, has to call upon the H. R. Frost, and suitably replied to We Always Advise the Consumer of treaty has affected people of B. C.," last dying bit of courage to cross by the groom on behalf of the bride. time, there is a two-cent tariff on of Canada are in that position to- maids, wishing them no less good all fish going into U. Hastie, Mrs. Rennie, Miss was used in America. In 1932 our ism." neighbors to the south imposed at tariff on lumber of \$4.00 per thousand feet which practically shut out Canada as far as the lumber trade with the United States was concerned. This tariff has more to do with present conditions than any other thing that I can think of,' stated Mr. McCaffery. "This would not have happened had reciprocity gone into effect in 1911.

"During the time of the Empire Conference, Russia negotiated a deal with the Empire to buy 780,-000,000 feet of lumber from her. This is a big order, and to illustrate it, I might say that the lumber cut between Prince Rupert and McBride, with 35 mills operating all season is only one-eighth of the Russian

"We cannot hope to compete with Russia, Balkan States or Sweden in the lumber trade with the Empire." declared Mr. McCaffery. "so that our only hope lies in the country to the south. This is another reason why reciprocity is necessary. Further reasons for reciprocity may be

illustrated in the following: "Picture a man in Halifax with produce to sell. He must send it four thousand miles to Vancouver with Boston right across the harbor ready to use up all the produce. But it is impossible to trade with Boston

on account of the high tariff. "Another instance we could take, would be a man in Vancouver with

Miss Doreen Dunn Becomes Bride of John Williams of Port Clements

MASSETT, March 22:-A wedding of more than ordinary interest to the many friends of the principals both on the Queen Charlotte Islands ized at St. Andrew's Church in Massett when Miss Doreen, second; Dunn, was united in marriage to John, son of Mr. and Mrs. Williams, of Port Clements, B.C.

'AIR MAIL'

Story of Picture is Based on Work of Mail Pilots and Efforts to Do Their Work

In "Air Mail", being shown tonight and tomorrow at the Capitol Theatre the story concerns a group of mail pilots stationed in an isolated desert airport whose job to relay the mail through treacherous mountain passes to the coast beyond. With a storm raging, those who attempt the passage go to a certain death, leaving only the airport chief and his ace flyer, a cocky, unruly soldier of fortune to put through the mail. Here personal conflict enters, and the rebellion of the ace pilot provides one of the most dramatically intense moments of any recent screen play.

Ralph Bellamy as the virile airport chief is perfectly cast and carries off his role with the most finished performance of his career. Pat O'Brien was never more a daredevil "Duke," and Russell Hopton's interpretation of the morose yeteran pilot is a fine piece of character acting. With his usual long face, Slim Summerville lends his able comedy touch and Gloria Stuart and Lilian Bond provide two interesting and entirely opposite types of feminine charm. William Daly, Leslie Fenton, Frank Albert-Tom Carrigan and others round out the exceptional cast.

Photographically, "Air Mail" is in a class by itself, and its locale Thursday, ss. Venture, midnight. has lent itself to some scenic grandeur in addition to the breathtaking flying shots, Karl Freund's p.m. camera technique is very evident in this picture.
