## Resident of Prince Rupert Had His Skull Broken and Ribs Cracked When Machine Plunged Into Anderson Lake

### EDITORIAL

#### WORK ON HIGHWAY

We thoroughly agree that it is vital to Prince Rupert to get work continued on the highway. We have urged this for many years and when others were silent pointed out the foolishness of abandoning it, removing the equipment.

What we should like to see now would be a section of the road built with the men paid decent wages for the work they do. This would not only give us an additional piece of highway but would enable the men to become once more self-respecting citizens. They and we have had enough of this relief business.

If it is possible in the United States to find work for those who are unemployed, it should be possible in Canada. We have been told that Mr. Bennett has a scheme for employing the men by the co-operation of the federal and provincial and municipal governments. Such a plan is not feasible. Prince Rupert, for instance, is not in a position to do any work, as long as interest rates are continued as high as they are at present. The Dominion has power to reduce interest rates and also to put the men to work during the coming winter at a remunerative wage.

Another thing that must be guarded against in dealing with politicians is that many of them will promise anything in order to get elected. It will be remembered that promises were made at the last election but they were not carried out. A good start was made but that was all. In pledging candidates it must be considered what are the prospects of such a candidate being ready and able to carry out the promises made.

One more suggestion is that a contract should be let for a definite portion of highway construction and that the contractor be independent of political influence. If a contract is let, we shall get some real work done. While we do not consider the letting of a contract essential to the conduct of the work, we do think that we shall get a larger amount done if it is done on a contract basis instead of by day labor.

### Today's Weather

**THREE PEOPLE KILLED INCLUDING YOUNG BRIDE OF TWO MONTHS WITH HER HUSBAND; TWO BODIES NOT YET FOUND; OLIER BESNER IN HOSPITAL.**

VANCOUVER, Aug. 16:—Olier Besner of Prince Rupert is in the Vancouver General Hospital with a broken skull and several ribs fractured as the result of an airplane accident at Anderson Lake near Bridge River in which three persons were killed and another man seriously injured and a sixth person slightly injured.

The accident happened late last night when a seaplane owned by the Wells Transportation Co. crashed into the deep waters of the lake, 150 miles north of Vancouver. The dead are:

W. Dean, former employee of the Pioneer Mine and recently operating a brokerage agency near the mine, and his wife, a bride of two months.

W. J. Butt, proprietor of McGillivray Falls Lodge, located near Bridge River.

The injured are Pilot Gordon Mackenzie who received a fractured skull and whose condition is said to be fair, Olier Besner of Prince Rupert, and A. Gray Parker of Vancouver who was slightly injured.

The machine left Vancouver at 6:45 p.m. for Bridge River and crashed at about 8:30 when nearing the end of the flight.

The bodies of Mr. and Mrs. Dean were trapped in the wrecked plane and have not been recovered. Butt's body was thrown clear. The other occupants managed to reach shore.

A. G. Parker praised the work of Pilot Mackenzie who, he said, made a beautiful flight over the mountains in to Anderson Lake. It was getting dark, he said, and the plane had just come down to drop. Mr. Butt could see the fog hovering over ten feet above the lake. The pilot levelled off and eased on to the water when suddenly the nose of the plane plunged head first into the lake. Mr. Parker said he believed the machine struck a log or some other obstruction.

Mr. Besner was on his way to the Bridge River district with Parker to examine some mineral claims for Miller Court Company.

### Gandhi Begins Fast To Death Today

POONA, India, Aug. 16:—Mahatma Gandhi began a fast today what he said would be a fast until death. He was arrested August 1 at the outset of a new disobedience campaign.

### Vancouver Wheat

VANCOUVER, Aug. 16:—The price of wheat here today was 66½c.

CHICAGO EXCHANGE WILL NOT KEEP TO PEGGING OF WHEAT

CHICAGO, Aug. 16:—It was decided at the grain exchange today that in spite of the pegging effort of the Canadian exchanges all price restrictions would be removed today on the Chicago wheat market but no drop in prices of more than four cents in one day would be allowed.

### Navy is Coming For Carnival In Prince Rupert on Tuesday And Wednesday of Next Week

The British Navy as represented by H. M. S. Dragon is to take part in the carnival in the city next week it was announced by Commissioner Alder this morning. The commissioner wired Commander Wake Wilber at Courtenay where the ship had put in for gun practice, asking if the ship's company and band would take part in the big procession on Navy Day. Today he received a reply that the band would take part and that a team from the ship would be ready to meet a native team in a football game on the same day.

The carnival takes place Tuesday and Wednesday of next week.

### Numerous Charges Including That Of Murder Brought Against Former President Machado in Law Courts

HAVANA, Aug. 16:—The new administration of Cuba is not content with having driven President Gerardo Machado out of the country and deposed him from the presidency. He has been able to get away by airplane but an effort will be made to reach him in Nassau and to have him brought back to face his accusers and meet numerous charges laid against him.

Legal action was taken yesterday when charges were laid against Machado in the law courts charging the ex-president and five associates with misappropriation of public funds, frauds, falsities, swindles, homicides, murders and other crimes, allegedly carried out in the presidential palace.

Eight more persons met violent deaths yesterday in the disorders consequent on the change in government as the new administration labored to set its political and economic house in order.

### SILVER AND COPPER ON NEW YORK MARKET

NEW YORK, Aug. 16:—Silver was quoted here today at 35c and copper at 9c.

### Chamber of Commerce Asks That Government Replace the Bonds of City by New Issue

Makes Number of Recommendations to Municipal Commission Particularly in Regard to Municipalities in Default Asking For Lower Interest Rates

The members of the Municipal Commission, with the exception of Commissioner Anscob, who has been in the city a couple of days, arrived on the Prince George this morning and the first sitting is being held this afternoon at the Court House. The Prince Rupert Chamber of Commerce submitted the following recommendations:

#### Courts of Revision

It is suggested that the establishment of a tax commission, instead of a court of revision made up of members of the municipal council, to review and decide upon protests against assessments, would be a change for the better. This system is in effect in the Province of Ontario.

#### Direct Relief to Indigent Families Residing in Municipalities

The present system which provides for the same amount of direct relief all over the province, regardless of any differences in the cost of living in different localities, is regarded as inequitable. It is suggested that a survey might be made to determine the cost of living in different parts of the province and that the relief given be based on such costs.

#### Licence Fees, Liquor Vendor Stores and Hotel Bars

Whereas the provincial government has decided to cancel the shares of the municipalities in the liquor profits, be it resolved that the municipalities be allowed to charge a licence to the liquor stores operating in municipalities and receive part of the government licences on beer parlors.

#### Hospitals

We recommend that the hospitals be a charge on both Dominion and provincial governments, relieving the municipalities of any charges.

#### Mothers' Pensions

We recommend that mothers pensions be a charge on both Dominion and provincial governments relieving the municipalities of any charges.

#### Asylum and Mentally Deficient Cases

We recommend that asylum cases and mentally deficient cases should have been residents of a municipality for three years before their cost of keep could be charged to a municipality, and that the existing cases be investigated to ascertain exactly what municipality should be charged with their keep.

#### School Boards

Recommended that legislation be enacted whereby municipal councils will control expenditures of the school boards. As it is at present, the school board has full authority over the matter of ordinary expenditure, and the council has to provide the money with no voice whatever in the matter.

#### Financing of Municipalities in Receivership

Formerly the provincial government shared with the municipalities revenue from automobile licences and liquor sales profits. It has now ceased to do this, and also further burdened municipalities with increased proportions of social services costs, which are wholly the result of provincial legislation enacted without the consent of municipalities. These reduced revenues and heavier charges against Prince Rupert, which has been forced into receivership on account of inability to satisfy bondholders, caused by

(Continued on page three)

### B. C. BONDS OF RAILWAY ARE SOLD

Province Pays 5.67 For Three Million Dollars Worth of 25-Year Securities

VICTORIA, Aug. 16:—Finance Minister Jones announced last night that three million dollars' worth of 25-year 5% bonds sold to an eastern syndicate at a cost to the province of 5.67%.

A million dollars, the minister stated, would be used for unemployment relief.

### DEVELOPING PROPERTY

Work Resumed on Silver Lake Claims Near Smithers by Wilson Interests

SMITHERS, Aug. 16:—Development work has been resumed on the Silver Lake group of mining claims on Hudson Bay Mountain which has been under option since 1929 to R. W. Wilson and W. R. Wilson & Sons of Vancouver.

The property is a promising silver-lead one upon which development work has been carried out during each of the past three summers with good results.

In the fall of 1931 Charles M. Campbell, Vancouver mining engineer, who personally superintended the work on the property that summer, recommended the driving of a 2,000 foot tunnel, partly cross-cut and partly drift on four different veins. Work preliminary to the carrying out of this program, which it is estimated will ultimately cost \$50,000, has now commenced. The crew of men now at work is engaged in preparing the approaches.

The property is located some 12 miles from Smithers, six and a half miles by motor road and six miles by trail.

### PUBLIC NOMINATIONS HELD YESTERDAY IN NOVA SCOTIA ELECTION

HALIFAX, Aug. 16:—The time honored custom of public nomination meetings was observed with the usual vigor in many Nova Scotia counties yesterday as 66 candidates entered the fight for 30 seats in the House of Assembly. With election day a week away political feeling ran high.

### Construction of New Hospital is Now Under Way

SMITHERS, Aug. 16.—Following the actual breaking of ground last week, a crew of men arrived by motor this week from Vancouver to be employed by Archie Sullivan of Vancouver, the contractor, on the building of the new hospital here for the Sisters of St. Anne who are taking over the Bulkley Valley district hospital here.

The building, which is to be erected in a commanding position in the back of town, will be a handsome, three-storey structure. It will have twenty-four beds and will be modernly equipped throughout with all the latest in hospitalization fittings and devices. Construction will take several months.

### Man in the Moon

Good afternoon. Have you pulled the weeds out of your garden? Jake says if this fine weather continues he will be considering the possibility of getting a garden next year. But Jake takes a long time to consider.

The dress cutters' strike is a national calamity. Think of women wearing dresses that had never been cut.

A dress my wife once bought  
 And I like any nut  
 Paid just as big a price for it  
 As if it had been cut.

"Good by to the parasites," says Mister W. L. M. King. Like his noble and almost hanged ancestor, he has a spite against the person who has become rich at the expense of the rest of us and uses his riches to help him lord it over the bol polloi such as you and me. All right, Mr. King. Go to it. We'll cheer while you do the dirty work.

A leader once there was  
 His name was Mister King  
 He talked and talked and talked  
 and talked  
 But did not do a thing.  
 But Mister King got wise.  
 A platform new he got  
 And now when he elected is  
 He plans to do a lot.

### Dalhousie Wins Honor at Oxford

Fulton C. Underhay Gets Highest Possible Mark in Jurisprudence

HALIFAX, Aug. 16.—Oxford University's highest possible mark in jurisprudence has been awarded to Fulton C. Underhay, 1931 Nova Scotia Rhodes Scholar, according to word received by friends here. He is the third Rhodes Scholar to obtain the honor since 1904.

Underhay, a native of Fortune, P.E.I., had a distinguished career at Dalhousie University, graduating in arts and winning the Avery prize. Although he completed four years' work in three he found time to write a thesis entitled "Sir Robert Borden and Imperial Relations" which won him the Overseas Club essay prize.

In the fall of 1929 he entered Dalhousie Law School, winning the Carswell essay prize in his first year, and in 1931 he was selected Rhodes Scholar.

### C. C. F. Party to Nominate Here

Pattullo to be Opposed Provided Suitable Material Can be Found

Dr. Lyle Telford, well known Vancouver physician and surgeon, in the course of a campaign tour on behalf of the Canadian Co-operative Commonwealth Federation, came north from Vancouver to Ocean Falls on the steamer Prince George last evening, addressing a meeting there following the arrival of the boat. He will arrive here from the paper town on the Prince Rupert Friday and, after speaking here that night, leaves to make a tour of the central interior points before returning to Vancouver. Dr. Telford announces that it is the intention of the Federation to place a candidate in the provincial election field here to oppose T. D. Pattullo providing a suitable local man can be brought out.

### FINAL SET IN TENNIS

Greggor and Horton Won Only Remaining Game at Acropolis Courts

Only one set was required to decide the winners of the men's doubles at the Prince Rupert Tennis Club courts last night. Greggor and Horton winning out over Tobey and Mitchell. The former pair started last night with a lead over their opponents two sets to one and took the fourth set to decide the match, 8-6.

Though interesting to the considerable number of spectators on hand to see the finish, the brand of tennis served up was far below that produced in the three sets or Sunday. The players seemed nervous, endeavoring to play their shots carefully, with the result that there was little driving and few rallies. Tobey in particular seemed to be off his game and none of the players produced the game they are capable of.

Breaking Tobey's service in the second game Greggor and Horton

### C. N. R. A. Beat Elks Yesterday In Softball Game

In last night's softball game, the C.N.R.A. managed to defeat the Elks, by a score of 4-3.

The Elks played nice ball throughout the game, and by the fifth inning they had a 3-0 lead on the Railroaders, but the C.N. team settled down in the sixth, making one run, and scoring two more in the eighth to tie the score. The ninth inning was played without either team scoring, necessitating an extra inning's play, and in the last half of the tenth, Astoria scored for the C.N.R.A. and made the final score 4-3.

Jack Campbell, playing second base for the Elks, played nice ball, while Carl Smith brought down some nice catches for the C.N. in centre field.

J. D. Westenhaver who is here looking after his business interests has placed the management of the Westenhaver properties, including the Clapp Block with H. G. Helgeson Ltd.

### Baseball Scores

**National League**

Chicago 1, Boston 2.
St. Louis 5, Philadelphia 1.

**American League**

New York 8, St. Louis 5.
Philadelphia 8, Cleveland 7.
Boston 5, Detroit 3.
Washington 5, Chicago 1.

Solitude is the nurse of wisdom.

### PEGGING OF WHEAT

The idea that wheat can, under our present system of buying and selling be pegged at a certain price by one country and not by all others seems to be a foredoomed failure. So far it has not been tested. Yesterday when it was decided to make no sales on the Winnipeg exchange at less than Monday's closing prices, the prices at once stiffened. If they had dropped we do not know what would have happened.

### DRESS CUTTERS' STRIKE

The dress cutters of Montreal are out on strike. The result is that all the seamstresses and others occupied in dressmaking have no work with which to go on. The industry, which supplies the whole country, has stopped and if the strike continues no new fall dresses will be available except such as are imported from other countries. The Canadian women will suffer but it will be a high time for the men who pay the bills.

### FASCIST MOVEMENT

There is no excuse in this country for the Fascist movement which seems to have started in the east. At best it is only an imitation of some other country where conditions were so bad as to justify the dismissal of democratic institutions.

In Italy the Fascist movement took advantage of a situation when it seemed that the country was about to become Socialist. In Germany the Communist danger brought about Hitlerism and the Nazi movement. While in Canada there has been a tendency toward Socialism it has not become so pronounced as to justify any radical move to offset it. Any movement which sets itself against any particular class in the community seems foredoomed to failure in a British country.

### MEAL TAX APPEAL

It seems as if it would have been better for Attorney General Pooley to have saved the expense of appealing the Meal Tax. Even if he wins it will be only a brief period before a change takes place politically which will result in the tax being abolished.

### APPEAL TO EMPLOYEES

Heads of Each System Ask for Co-Operation From Mer and Promises Fair Treatment

MONTREAL, Aug. 16.—Employees may have every confidence as in the past that they will be dealt

with fairly," says a statement issued last night asking employees both of the C.N.R. and C.P.R. to accept the proposed wage reductions in the spirit of co-operation with the management.

The statement was issued by Grant Hall, vice-president of the C.P.R. and S. J. Hungerford, acting president of the C.N.R. It reviews the whole situation in connection with the dispute between the railways and employees.

### Island Mining Property Taken Up 25 Years Ago

Jim Campbell says that while he was on Queen Charlotte Islands 25 years ago the mining property at Kootenay Harbor now being prospected was staked and efforts made to interest capitalists in it.

The Gold Harbor property was held then by Mr. McLennan who later left for England. He and Captain Davie were in the habit of going out to the mine, getting out a few thousand dollars' worth of gold and then coming out and spending it.

### Smelters' Plane At Burns Lake Is Keeping Busy

BURNS LAKE, Aug. 16.—Pilot Kenneth Dewar, during the past few days, has been freighting considerable quantities of provisions and mining supplies north from Fort St. James into the Germanson Creek placer grounds with the Consolidated Mining & Smelting Co.'s Fairchild seaplane which makes its base here. Several full loads have been taken in.

A few days ago Pilot Dewar made a three-day trip from here with Provincial Constable Tait and Game Warden David Roumieu into Thutade Lake, the officers having gone north to investigate complaints of Indians robbing prospectors' and trappers' cabins there. Pilot Dewar is having a busy season with his plane.

### FINE YACHT CALLS HERE

The yacht Samona II, Capt. W. B. Studley, called in here last evening and tied up at the C. N. R. wharf. She is on her way south after cruising in Alaska waters.

The boat belongs to W. H. Hole of Los Angeles, is 159 tons net, one of the largest and best yachts that has ever called here.

### Urge Sending Team on Tour

LONDON, Aug. 16.—The Lawn Tennis Association is being pressed to change its decision not to send an official tennis team to Australia this year. Australia's invitation was refused on the ground the leading English tennis players, including the team that recently won the Davis Cup for England for the first time since 1912, have been in continuous competition for two years and need a lengthy rest.

Thanks to Life Insurance ... kept in force

He is Headed for Success

HERE is a young man who has reason for confidence in himself and in his future. Back of him are definite financial resources—created by savings wisely invested in Life Insurance.

As a result, he is sure of money for tomorrow's needs. He can favorably impress his employer. He can take advantage of business opportunities that come his way. In short, he is headed for success.

Look ahead, and you will see the wisdom of saving regularly, and investing in Life Insurance.

Life Insurance is cash property—it gives you credit standing in business—it is a necessity for every man.

Consult a Life Insurance representative today.

**READ WHAT A LEADING BUSINESS MAN SAYS:**

"I have always advocated that young men should avail themselves of Life Insurance at the commencement of their earning power, when the cost of Life Insurance is low. The habit of saving and investing thus begun is in many cases the most valuable business asset that men have in later life."

T. A. RUSSELL,  
 President, Massey-Harris Co., Limited.

Silversides Bros. for Wallpaper, Glass, Paint and Murexco.

Men's and young men's summer tweed suits. Clearing Price \$13.50. Bryant Company Ltd.

Mrs. D. Zarelli returned to the city on the Prince George this morning from a two-weeks' trip to Vancouver and Victoria.

Constable G. A. Wyman of the city detachment of the provincial police returned to the city on the Prince George this morning from a trip to Vancouver on escort duty.

Frank Williams, who several years ago was a member of the old Westholme Theatre orchestra here, is at present violinist in the orchestra of the steamer Prince George which he joined recently.

From August 22 to Sept. 6 the C.N.R. will have on sale a bargain coach excursion to all prairie points at one cent a mile. This rate is for the round trip, the return limit being 15 days.

John W. Allen, superintendent engineer for the Dominion Fisheries, arrived in the city on the ss. Prince George this morning from Vancouver, being here on one of his periodical visits on official duties.

It seems that residents on Borden Street consider they have the finest gardens in the city. Undoubtedly they are very effective and the owners deserve the commendation of the community for their energy.

Nine men of the congregation of the United Church turned on Monday night to a working bee at the church to improve the grounds around the building. It was an excellent effort and good work was done. It is planned to have a lawn there that will greatly improve the appearance of the place.

Making her final voyage of the season to Alaska, C.N.R. steamer Prince George, Capt. H. E. Neiden, arrived in port at 11:30 this morning from Vancouver, Powell River and Ocean Falls and sailed at 3 o'clock this afternoon for Skagway and other northern points. The vessel had upwards of 300 passengers on board, the large majority of whom were round trip tourists. The company's last Skagway tourist voyage will be made next week by the steamer Prince Rupert after which the two vessels will revert to fall schedule.

Miss Hilda Wilson-Murray of the undergraduate nursing staff of the Prince Rupert General Hospital, who has been taking special courses in tuberculosis nursing at the Tranquille Sanitarium near Kamloops and in dietetics at the Vancouver General Hospital, returned to the city from the south on the Prince George this morning.

Dr. A. S. Lamb, in the course of his annual northern tour for the purpose of holding chest clinics, arrived at Ocean Falls from Vancouver on the Prince George last evening and will be here Friday on board the steamer Prince Rupert enroute to Anyox and Stewart. Returning here next Tuesday morning on the Catala, Dr. Lamb will conduct clinics at the Prince Rupert General Hospital for two or three days before proceeding to the interior. Accompanying Dr. Lamb is Miss J. B. Peters R.N., official nurse of the clinic, who will return to Vancouver after the clinic here next week.

W. D. Smith, local manager of the Northern B. C. Power Co. at Stewart, who has been in Vancouver to attend the marriage of a brother, arrived in the city from the south on the Prince George this morning and will proceed to Stewart on the Prince Rupert on Friday.

Miss F. A. Russell arrived in the city on the Prince George this morning from Vancouver to pay a visit here with her daughter, Mrs. T. N. LePage, 719 Fifth Avenue East. Mrs. Russell is the wife of Chief Engineer Russell of the lighthouse tender Newington.

Mrs. McLennan, wife of Dr. P. A. McLennan of Vancouver, who arrived here on Monday's train by way of Jasper, is making the trip to Skagway leaving today on the Prince George and stopping over here on her return to catch the same steamer south on its next trip.

Mrs. W. H. Stevens and daughter Lillian are among the passengers making the round trip on the ss. Prince George from Vancouver. Mrs. Stevens is a sister-in-law to H. H. Stevens, Minister of Trade and Commerce.

Increased expenses and other diminished revenues, are proving a great hardship.

We are of the opinion that instead of being further burdened, a city in receivership should have assistance, therefore, suggest as a relief measure, that the government take up the bonds of such cities and float fresh issues, at interest and terms that can be met.

Respectfully submitted,  
Prince Rupert Chamber of Commerce, per M. P. McCaffery, C.H. Orme, J. H. Pillsbury, Theo. Collart, Committee.

The commission consists of Judge A. M. Harper of Vancouver and Reeve A. D. Paterson of Delta, former M. L. A. for Delta, who arrived this morning from Vancouver on the steamer Prince George, and Ex-Mayor Herbert Anson of Victoria. W. E. G. Johnston, well known as an official reporter of the Supreme Court, is acting as secretary of the commission which expects to conclude its local hearing in time to sail by the steamer Princess Louise on its return south.

City Commissioner W. J. Alder is presenting the case on behalf of the city of Prince Rupert before the commission.

The fire department was called out yesterday afternoon about 4:45 to Beach Place where there was a small grass fire.

## DURING BABY'S TEETHING TIME

The Bowels Become Loose  
Diarrhoea, dysentery, colic, cramps, manifest themselves; the gums become swollen, and cankers form in the mouth. This is the time when the mother should use

and perhaps save the baby's life. On the market for 58 years. Price, 50c. a bottle at all druggists or dealers.

## Former Local Girl Honeymoons Here

Miss Cathie Jones is Bride of Provincial Government Official

In the course of a northern honeymoon tour, Mr. and Mrs. R. M. Bagshaw, who were married last Saturday in Vancouver, arrived in the city from the south on the Prince George this morning. Mrs. Bagshaw was formerly Miss Cathie Jones and, up to six years ago, made her home in Prince Rupert. She is receiving a hearty welcome as well as the felicitations of many local friends. Mr. Bagshaw is a travelling auditor for the provincial government and, while in the north, will visit Anyox, Stewart and Telegraph Creek as well as other northern points on official duties.

Mrs. W. H. Stevens and daughter Lillian are among the passengers making the round trip on the ss. Prince George from Vancouver. Mrs. Stevens is a sister-in-law to H. H. Stevens, Minister of Trade and Commerce.

## CHAMBER OF COMMERCE ASKS THAT GOVERNMENT REPLACE THE BONDS OF CITY BY NEW ISSUE.

(Continued from page one)

Increased expenses and other diminished revenues, are proving a great hardship.

We are of the opinion that instead of being further burdened, a city in receivership should have assistance, therefore, suggest as a relief measure, that the government take up the bonds of such cities and float fresh issues, at interest and terms that can be met.

Respectfully submitted,  
Prince Rupert Chamber of Commerce, per M. P. McCaffery, C.H. Orme, J. H. Pillsbury, Theo. Collart, Committee.

The commission consists of Judge A. M. Harper of Vancouver and Reeve A. D. Paterson of Delta, former M. L. A. for Delta, who arrived this morning from Vancouver on the steamer Prince George, and Ex-Mayor Herbert Anson of Victoria. W. E. G. Johnston, well known as an official reporter of the Supreme Court, is acting as secretary of the commission which expects to conclude its local hearing in time to sail by the steamer Princess Louise on its return south.

City Commissioner W. J. Alder is presenting the case on behalf of the city of Prince Rupert before the commission.

The fire department was called out yesterday afternoon about 4:45 to Beach Place where there was a small grass fire.

### When Ladies Meet Racy Film Drama

Ann Harding and Robert Montgomery Co-Stars in Interesting Matrimonial Tangle

A racy film drama is being featured tonight at the Capitol Theatre. It is "When Ladies Meet," starring Ann Harding and Robert Montgomery.

The picture is a swift and pictorially perfect adaptation of the Rachel Crothers stage success. In it the performances add a zest to the brittle dialogue and hilarious situations upon which the unique plot relies.

Miss Harding, as the understanding, modern wife of a philandering husband, gives a portrayal at once reminiscent of her "Holiday." Montgomery is his usual adequate self as the young newspaperman who handles his romantic troubles as he would a front page story. His flare for flip lines is deftly appeased by the crackling dialogue given him.

Myrna Loy is grand in her part of the girl novelist who tries to live the life of her own heroine. It is a far cry back to the exotic types she used to do and this new portrayal advances her miles ahead of her own achievements in character parts.

Alice Brady makes her return to the screen as Bridget, the flighty week-end hostess of the tangled gathering. Miss Brady runs away with honors in the scenes she is in and sets a pace that fairly leaves herself, and the other players, breathless with its fast tempo.

### TOLD ABOUT SUN LIFE AT GYRO LUNCH

S. J. Jabour Described Trip East and Insurance Company Convention in Quebec

The speaker at the Gyro dinner yesterday afternoon in the Boston Cafe was Sam Jabour who told about his recent trip to the Sun Life Insurance convention held in Quebec City.

The convention was switched to that city from St. Andrews-by-the-Sea, N.B. On account of the large attendance the accommodations at the latter place being insufficient.

Mr. Jabour spoke about the high-lights of the convention and some interesting figures Mr. McAuley the president showed describing how things are on the upgrade.

From Quebec Mr. Jabour went to New York and Washington, D. C., the latter place the speaker described as being the most beautiful city he had ever seen. On his way home he stopped off at Chicago and attended the Century of Progress Fair there, telling of the wonderful displays.

On his return home Mr. Jabour came by way of Winnipeg and Jasper.

### Gigantic Plan For Producing Oil From Coal

Millions of Pounds Involved in British Scheme Aiding Industries And Employment

LONDON, Aug. 13.—Several millions of pounds, all to be spent in England, will be involved in the government's great plan for a big oil and gasoline industry deriving the products from coal which of course will be of tremendous aid to the coal industry while rendering England less dependent on foreign sources for her oil and gasoline supplies.

Science for years has been working on processes to produce oils from coal. Under the British plan, announced in the House of Commons by the Prime Minister, the new industry will be protected by an eight-cent a gallon preference over foreign oils for a period of about nine years.

The Prime Minister instanced a plan capable of producing roughly 30,000,000 gallons of petrol (gasoline) a year, which will consume 350,000 tons of coal in a year, giving employment to 1,000 miners.

This plant is expected to be built in the North of England, costing several millions of pounds. There is some expectation further plants will be built. Legislation will be introduced in Parliament this fall and the plan is expected to go into effect April 1, 1934.

About 7,000 men, according to government calculation, will be directly employed and a slightly lower number indirectly.

Japan offers a much larger opening for Canadian wheat than it does for Canadian flour.

### FUNERAL OF MISS BEYNON

Quantities of Flowers Sent by Many Friends of Port Simpson Girl

PORT SIMPSON, Aug. 13.—The funeral of Miss Elizabeth Grace Beynon took place Monday, at Port Simpson. The cortege went to the United Church, where the funeral service was conducted by Rev. Dr. Shepley and the choir of which the deceased was a member was in attendance. The very high esteem in which the deceased was held was shown by the huge token of flowers. The Y. P. E. A. and the P. S. A. C. societies attended in a body and pallbearers were from these two societies. The following sent flowers. The family, Mr. and Mrs. Geo. P. McColl; Musgrave family, Marlette Musgrave, The Epworth League, Hospital Staff, Port Simpson Concert Band, Mr. and Mrs. J. H. Moraes and Family; Walter A. Wesley, Mr. and Mrs. P. M. Wells, Ivy Guild, P. S. A. C. Orchestra, Mrs. W. G. Clarke, Mrs. Henry Brentzen, United Church Choir, Women's Hospital-Auxiliary, Maude and Cecil Ross, Mr. and Mrs. C. B. Flewin, Mrs. F. Brentzen, Martha Henry, Mr. and Mrs. Wm. Dudoard, Esther Pollard, Mr. and Mrs. W. E. Kelly, Mr. and Mrs. E. F. Dudoard, Mrs. K. Dudoard, Mary Cooper, Mrs. Jack Moraes, Guy and Salome Wesley and others.

### Trollers Still Make Fair Wages At North Island

Word received from North Island yesterday indicates that salmon are still running sufficiently well there for the fishermen to make good wages. The men are talking of moving to Skidegate Bar but as long as there is a good run at North Island most of the men will stay on the job there. Natives from the Skidegate village will be the first to change because they will be nearer home at Skidegate.

### New Deal In United States

Assistant Secretary Payer in Address Gives His Views of President's Action

WASHINGTON, Aug. 13.—In an address before the University Club here Assistant Secretary Payer discussed the New Deal as follows: "What is the new deal? Some say that it is optimism on a rampage, and they express fear that it is too good to last. Others say that it is the best brains of America mobilized for action with a war-time enthusiasm and that the drumbeat of 1776 has become the drumbeat of 1933 with brains and guts on the march—and in action.

"Some believe that recovery was inevitable anyhow—that revolution or evolution had to come—and that the Democrats were just lucky to come into power at the psychological hour. Others believe that the Republicans established an all-time record—and by their policies precipitated the worst and most cruel depression that the world has ever known—and that the new deal was born of necessity and is the child of destiny.

"I heard a story the other day that may amuse you. A cousin of one of my secretaries in Cleveland has a bright little girl six years old, who had been going to Sunday School with her mother. One Sunday the lesson was on the Crucifixion—and after they got home the members of the family were discussing it for her benefit. Whereupon the youngster broke into the conversation and said: 'I bet if they had told Roosevelt about it—he wouldn't have let them do it!'

"And that seems to be overwhelming public opinion: that within his soul there doth some magic power dwell—that when challenged by adversity—galvanizes men into action—makes them forget their wounds and their despair. And behold prosperity coming off the Cross."
