# SKIING HERE

Cold Snap is Marked By Opening Of Season For Winter Sports At Prince Rupert

The cold snap which has been experienced here for the past two or three days was marked at the end of the week by the opening of the season for the popular winter pastimes of skiing and skating.

Many of the ski devotees ascended Mount Oldfield on Saturday afternoon and Sunday and found snow conditions there just right for that sport. A couple of new cabins have been erected since last winter and more enthusiasm for this line of sport is in evidence this season than ever be-

There was a fine sheet of smooth ice on Oliver Lake on the Kaien Island Highway yesterday when same of the younger element had their first skating of the season. There was also skating at the week-end on Morse Creek. With even colder weather last night, the ice had become of amply safe thickness today.

## PROOFS--Not Mere Claims

'Blood Tests' before and after taking a remedy afford the surest proof of its value in the treatment of weak, run-down, nervous conditions that indicate anaemia. Physicians are able to measure accurately the heamoglobin con+ tent of their patients' blood streams and to "count" their red corpuscies.

As the haemoglobin and red corpuscles increase toward normal, the patients definitely experlenge restored energy. That is because their body cells are then receiving the amount of vitalizing oxygen from the lungs and of nutriment from the digestive organs needed for rebuilding and

clearing the system of poisons. Though Dr. Williams' Pink Pills are credited with 40 years of good results, and their bloodbuilding benefits are attested to in 72 different countries, this remedy need not stop at claims and testimonials—it can point scientific PROOF of its efficiency.

Recently a reputable physician 'blood tested" a group of underpar patients, prescribed Dr. Willater, again tested their blood. The physician's records showed increases in haemoglobin and red corpuscles that were nothing short of marvellous. These records are authentic and copies of them will be given to any person who desires them.

Be sure-and safe. Try this "blood-tested," proven preparation, 50 cents.

'Made on Broadway" and "King's Cup" Make Double Bill at Capitol Theatre

"Made on Broadway," a big city picture presenting a glittering panorama of New York life with and Madge Evans in the principal roles, and "The King's Cup," thrilling British air picture based on story by Sir Alan Cobham and depicting the great annual air race around Great Britain, comprise an excellent double picture bill at the Capitol Theatre here at the first of this week.

In "Made on Broadway" Montgomery has the role of a debonair man about town who is actually the power behind the city's political scene. He prevents Miss Eilers from committing suicide because of poverty and transforms her into a dazzling Broadway personality. Miss Evans has the part of the exwife who still loves her husband.

Romance and thrills are combined in an exciting and enjoyable story in "The King's Cup" with Dorothy Bouchier and Harry Milton the principal players. Sir Alan Cobham, responsible for the melodramatic story, is probably Britain's most famous airman.
