PRICE: FIVE CENTS

LEAGUE CRITICIZES GERMANY TODAY

REFUNDING LOAN TO BE OFFERED PUBLIC ON OCTOBER 10

Anti-Jew Treatment Is Condemned by League Of Nations Members

Successive Speakers For Various Countries Unanimous
In Views Against Hitler Attitude—Canadian
Delegate Opens Discussions

GENEVA, Oct. 5: (CP)—Germany today faced a barrage of criticism when successive speakers for different countries in the political commission of the League of Nations condemned her for her treatment of the Jews and summarily rejected her conception of an ethnic nation. A nation was not limited by political frontiers, it was held.

Mr. J. H. J. Manion, Canadian delegate, opened the discussions and stressed how Canada had settled minorities' problems on the principle of equal rights for every race and religion, an unfettered and free parliamentary institution.

NEW SCHOOL DODGE COVE

Work Has Started on Digby Island
Structure and Road is Asked
By Settlers

A new school building is being erected at Dodge Cove, Digby Island. Already the foundation has been started by voluntary labor and it is proposed to continue the work as a community undertaking so that the labor will cost the settlement nothing. Lumber is expected to be on the ground Friday and the building will probably be finished by the end of this month. Mrs. D. Lund has been appointed teacher and is at present holding classes in Carl Elm's house.

The size of the new building is 18 by 28 feet and it will be of frame construction.

The people at the Cove have petitioned the government for a road in order to enable the children to get to school and for better communication between the homes which have been established there. At present it is very difficult getting around.

In Fight

CAPT. IAN MACKENZIE
REVELSTOKE, Oct. 5.—Hon. Ian Mackenzie, speaking at campaign meeting here on behalf of Dr. W. H. Sutherland, Liberal candidate for re-election to the Legislature, charged the Co-operative Commonwealth Federation with lifting planks from the Liberal platform and asserted that the Tolmie government had made British Columbia the laughing stock of Canada.

CUBA HAS BIG GALE

Political Turmoil in Island Republic
Quiets Down as Heavy
Storm Rages

HAVANA, Cuba, Oct. 5.—As a 60-mile gale swept the Island of Cuba yesterday, doing considerable damage and presaging another possible tropical hurricane, troops and strikers spent a quiet day and little political disorder was reported. Many of the low sections of the country were inundated as a result of heavy rain which accompanied the wind and telegraph and telephone communications were interfered with. Considerable looting was reported.

NO FISH SALE

No boats being in with catches, there was no sale of halibut on the local Fish Exchange this morning.

Lloyd George Unveils Memorial to Lewis Carroll

No. Ex-premier Lloyd George is not giving the bunny a lecture. He has just unveiled a memorial to Lewis Carroll, who made the bunny famous in his immortal "Alice in Wonderland." The six-foot monument stands at Llanudno, Wales.

VANCOUVER CANDIDATES

Mrs. MacKay, Donaghy and Walkem
Nominated as Independents—
C. C. F. in Grand Forks

VICTORIA, Oct. 5: (CP)—The following nominations have been reported since yesterday in the provincial election contest:

Vancouver-Point Grey — Mrs. Laura Dickie MacKay, Dugald Donaghy and George A. Walkem, Independents.

Grand Forks-Greenwood—Robert Lawson, C. C. F.

VOTERS' LIST NEEDED
BEFORE NOMINATIONS
ARE FORMALLY MADE

Nominations for the forthcoming provincial election will not be formally received by the returning officer until after the new voters' list has been prepared and certified, it was stated this morning. The list must be available so that names of candidates and sponsors may be checked. The list is expected to be ready within the next day or so. Nominations will close on Thursday of next week. Meantime, of course, nomination papers may be taken out on behalf of candidates.

KILLED AT POWELL R.

Hit and Run Driver Held Responsible For Double Tragedy
Last Evening

POWELL RIVER, Oct. 5: (CP)—George Vargo and Steve Kozear were killed and a third man was injured when a truck driven by a hit and run driver crashed into them last evening near here. The men were walking homeward from the paper mill.

IS STRONG FOR PEACE

British Labor Party Pledges Resistance to War—Peace Co-operation of United States and Russia Necessary

HASTINGS, Eng., Oct. 5: (CP)—The British Labor Party, in annual convention here yesterday, pledged its strong resistance to any war and passed a resolution favoring total disarmament of all nations.

A resolution was also passed favoring the calling of a general strike, if necessary, to prevent participation of Great Britain in any future war.

The convention heard Rt. Hon. Arthur Henderson declare that participation of United States and Russia was necessary in peace conversations sponsored by the League of Nations.

BODIES ARE TAKEN OUT

Search Continuing in Los Angeles Canyon For Remains of Fire Fighters

LOS ANGELES, Oct. 5.—Further bodies were removed late yesterday from the box canyon at Griffith Park, a suburb of this city, where between fifty and sixty unemployed relief workers were burned to death on Tuesday while fighting a brush fire. Most of the bodies were burned beyond recognition and some could not be definitely identified although the names of all the missing are recorded. The victims were employed on various relief projects at \$2.40 per day ten days per month and had been drafted to fight the fire.

Those holding reservations on ss. Prince Rupert for Ketchikan Excursion should pick up tickets by Friday noon as bookings are heavy and space cannot be guaranteed beyond that time. (231)

HEARD BY CATHOLICS

President Roosevelt Addresses Association of Charities in New York City

NEW YORK, Oct. 5.—President Franklin D. Roosevelt addressed a dinner here last night in connection with the convention of the National Association of Catholic Charities. The chief executive expressed optimism for a continued improvement in the economic and industrial affairs of the country but emphasized the necessity of the public continuing to assist in relief and charity work.

CANDIDATE FOR ATLIN

United Front Decides to Enter Owing to C. C. F. Apathy

Claiming lack of co-operation from the C. C. F. candidate, T. J. Shenton, whom they had originally intended to support, it was announced at United Front headquarters here this morning that it was intended by that party to put a candidate in the field in Atlin riding.

The name of Joe Grace, pioneer loggers' union organizer, who is now residing at Stewart, is prominently mentioned as a possible candidate. Fred Garner of Prince Rupert is also mentioned.

"With six candidates in the field in Atlin riding, we feel that our chances of success there will be as good as any of the others," United Front officials here stated.

Pound Sterling and Canadian Dollar on New York Exchange

NEW YORK, October 5.—The British pound sterling closed at \$4.76 1/4 on the local foreign exchange yesterday. The Canadian dollar closed at 98 1/2c.

Bennett Says Country On Road to Recovery In Asking For Money

Government Seeking \$225,000,000—"Downward Trend Has Come to Stop and Upward Swing is Now in Progress"

OTTAWA, Oct. 5: (CP)—With due precaution against unwarranted optimism, I think I may say in Canada that we are now on the road to recovery," Prime Minister R. B. Bennett declares in a statement with which he will launch the campaign in connection with a refunding loan which is to be offered to the public on October 10. It is announced the loan will be limited to \$225,000,000.

HEAVY GAIN IN STOCKS

Distinct Forward Movement Recorded on New York Exchange Yesterday

NEW YORK, October 5.—With renewed buying demand following the recent slump, a bull movement got under way on the New York Stock Exchange yesterday with all issues, particularly industrials, moving forward definitely. Industrial average for the day was up 5.5 points, rails 2.77, and utilities up 1.53.

FUNERAL IS HELD

Henry Heilbroner Laid at Rest With Many Attending Final Rites This Afternoon

First United Church was crowded to capacity this afternoon by friends and sympathizers for the funeral service of the late Henry Heilbroner, one of Prince Rupert's best known and most popular younger men, whose death at the age of twenty-three years occurred earlier in the week.

The service was a most impressive one and was conducted by Rev. C. D. Clarke, the pastor, who was assisted by Very Rev. James B. Gibson, dean of St. Andrew's Anglican Cathedral. Miss Swanna Olafson, church organist, presided at the organ.

Prior to the service, the body had lain in state at the church for two hours during which time many friends availed themselves of the opportunity to take a farewell view of the remains.

Following the service, interment was made in Fairview Cemetery, a long concourse following the cortege to the final resting place.

Palbearers were W. E. Drake, Alex Mitchell, J. H. McLeod, G. P. Tinker, R. L. McLennan and Phillip Edgecombe.

Esteem and sympathy was expressed by the numerous and beautiful floral tributes which were offered and with which the bier was banked at the church.

SILVER AND COPPER ON NEW YORK MART

NEW YORK, Oct. 5: (CP)—Bar silver closed at 39 3/4c per ounce on the local metal market today and copper was unchanged at 9 1/2c per pound.

DISTANCE FLIGHTS

French Flyers Leave Algeria For India—Mollison's Flight Delayed

ORAN, Algeria, Oct. 5: (CP)—Two French aviators, seeking a world's distance record, hopped off from here yesterday with India as their destination.

Amy and Jim Delayed

TORONTO, Oct. 5: (CP)—The plane of Capt. and Mrs. James A. Mollison was repaired yesterday following the crash of Tuesday when damage was done to the undercarriage in taking off but, with weather reports for all stages of the route unfavorable, all possibility faded of a take-off today from Wasaga Beach for Bagdad on another long distance flight attempt.

BRIDGE IS CONSIDERED

Electors of Vancouver May Vote On First Narrows Project Bridge Head Site Important Matter

VANCOUVER, October 5.—Representatives of the Vancouver city council, Parks Board and bridge company, at a conference yesterday afternoon, agreed upon the draft form of a plebiscite to be submitted to the people in connection with the First Narrows bridge project. Before the plebiscite can be put, however, it must be ratified by the city council. The question of a bridge head site in Stanley Park is one of the important matters to come up in connection with the project and this will have to receive special consideration at the hands of the city council.

John Carmichael, Pioneer of City Of Edmonton, Dies

EDMONTON, October 5.—John Carmichael, well known pioneer of this city, passed away yesterday at the age of seventy-two.

METHOD IS CURIOUS

The method of the C. C. F. is a curious one. Most of their candidates were chosen on a general socialist platform and when the selection was almost completed a convention was held to decide on a definite platform to place before the people.

It is planned to keep control of the party by the present committee of nine with headquarters at Vancouver. There will be no democratic control as in British countries generally.

While the old party machines are being criticized the foundation for the new party machine is much more complete than anything hitherto dreamt of by the old parties.

THINKING ABOUT ALASKA

It is reported in news despatches that President Roosevelt is thinking about the road to Alaska. That is splendid. It is something that must precede action, no matter whether the action follows or not.

Along similar lines it would be a wonderful thing if we could get Premier Bennett to think about Northern British Columbia and its highway, crossing the province between Jasper and Prince Rupert. If he would only think he would immediately see the value to the country of this trunk artery both from an economic and utilitarian viewpoint and would get the unemployed working on it for real wages. Possibly Mr. Bennett may follow Roosevelt's example and get to thinking one of these days.

AGREE WITH C. C. F.

There is one point among a number on which we agree with the C. C. F. and that is in their policy of abolishing the Canadian Senate. We look on it as a useless appendage not serving a sufficiently useful purpose to justify its existence. It ranks along with the grand juries that recently have been abolished both in Canada and Britain. The House of Lords and Senate will probably follow within a few years. British people move slowly but when they are convinced of the need of a change they move surely.

PEACE BEYOND PRICE

Peace of mind, like the quiet of a moonlit lake, is beyond price. It belongs to those who are protected against emergency. An adequate Savings Account gives this protection; it provides a reserve of ready cash, accumulating at compound interest.

BASKETBALL AT TERRACE

Mr. Burchel Elected President For Ensuing Year—Active Season Planned

TERRACE, Oct. 5.—The annual meeting of the Terrace Basketball Club was held in the Terrace Hotel Monday evening of last week.

Officers elected for the ensuing year are as follows:

President, Rev. B. Burchel.
Vice-president, S. R. McLeod.
Secretary-treasurer, Duncan K. Kerr.

D. G. Little was elected as business manager.

It is the intention of the club to place three senior men's teams and three senior girls' teams on the floor this season and it is to be hoped that games can be arranged with outside centres before the end of the season.

Surprise Visit By Moose Ladies Upon Men Last Evening

Following their regular meeting last night, members of the Moose Lodge were paid a surprise visit by the Moose ladies and a very enjoyable evening ensued. Cards were enjoyed, prize-winners being Ted Rorvik and Mrs. N. S. K. Brewer. After the men had served delicious refreshments which had been brought by the ladies, there was a program of humorous readings and the proceedings broke up at midnight.

England Defeats Ireland Four to Nil

LONDON, October 5.—England defeated Ireland by a score of four to nil in international soccer yesterday.

SUBJECT TO COPYRIGHT

Restaurant Owners Must Pay Legally If They Tune in Radios On Patented Music

OTTAWA, Oct. 5. (CP)—Every Canadian restaurant owner who tunes in his radio while copyrighted music is being played leaves himself open to payment of copyright fees, it is stated by Thomas L. Richard, commissioner of patents.

"Yes, we have the same law in Canada," Mr. Richard stated in commenting yesterday upon the judgment of an English court which ruled that hotels, restaurants and other public places must pay copyright fees if copyright music comes over the air.

Congratulations Are In Order

Joe Cronin, youthful playing manager of the Washington Senators, is congratulated by Clark Griffith, owner of the club, after the Senators clinched the American League pennant and earned the right to meet the New York Giants, National League flag winners, in the annual World's Series.

Washington Gets Back In Series Picture By Beating Giants Today

National Leaguers Are Shut-Out by Score of Four to Nothing—Lefty Whitehill Held New Yorkers Safe at All Stages of Play

WASHINGTON, Oct. 5. (CP)—Lefty Earl Whitehill put Washington Senators back into the World Series picture today as he shut out the New York Giants four to nothing in the third of the world championship baseball contests. The Senators got their bats working loudly for the first time. President Franklin D. Roosevelt was among the crowd of thirty thousand fans, the number of whom was held down by unfavorable weather.

Whitehill held the Giants safe at all times, allowing only five scattered hits. He fanned Mel Ott, the heavy hitting rightfielder of the Giants, twice and purposely passed him in the last frame.

Both teams fielded brilliantly. Manager Cronin of the Senators being charged with the only error of the game.

Fred Fitzsimmons started off badly for the Giants when the Senators bunched three hits and scored two counters in the opening frame.

In the second inning two hits accounted for another run while the final tally came in the seventh after Sewell singled, stole second and scored on Myers' third hit of the game.

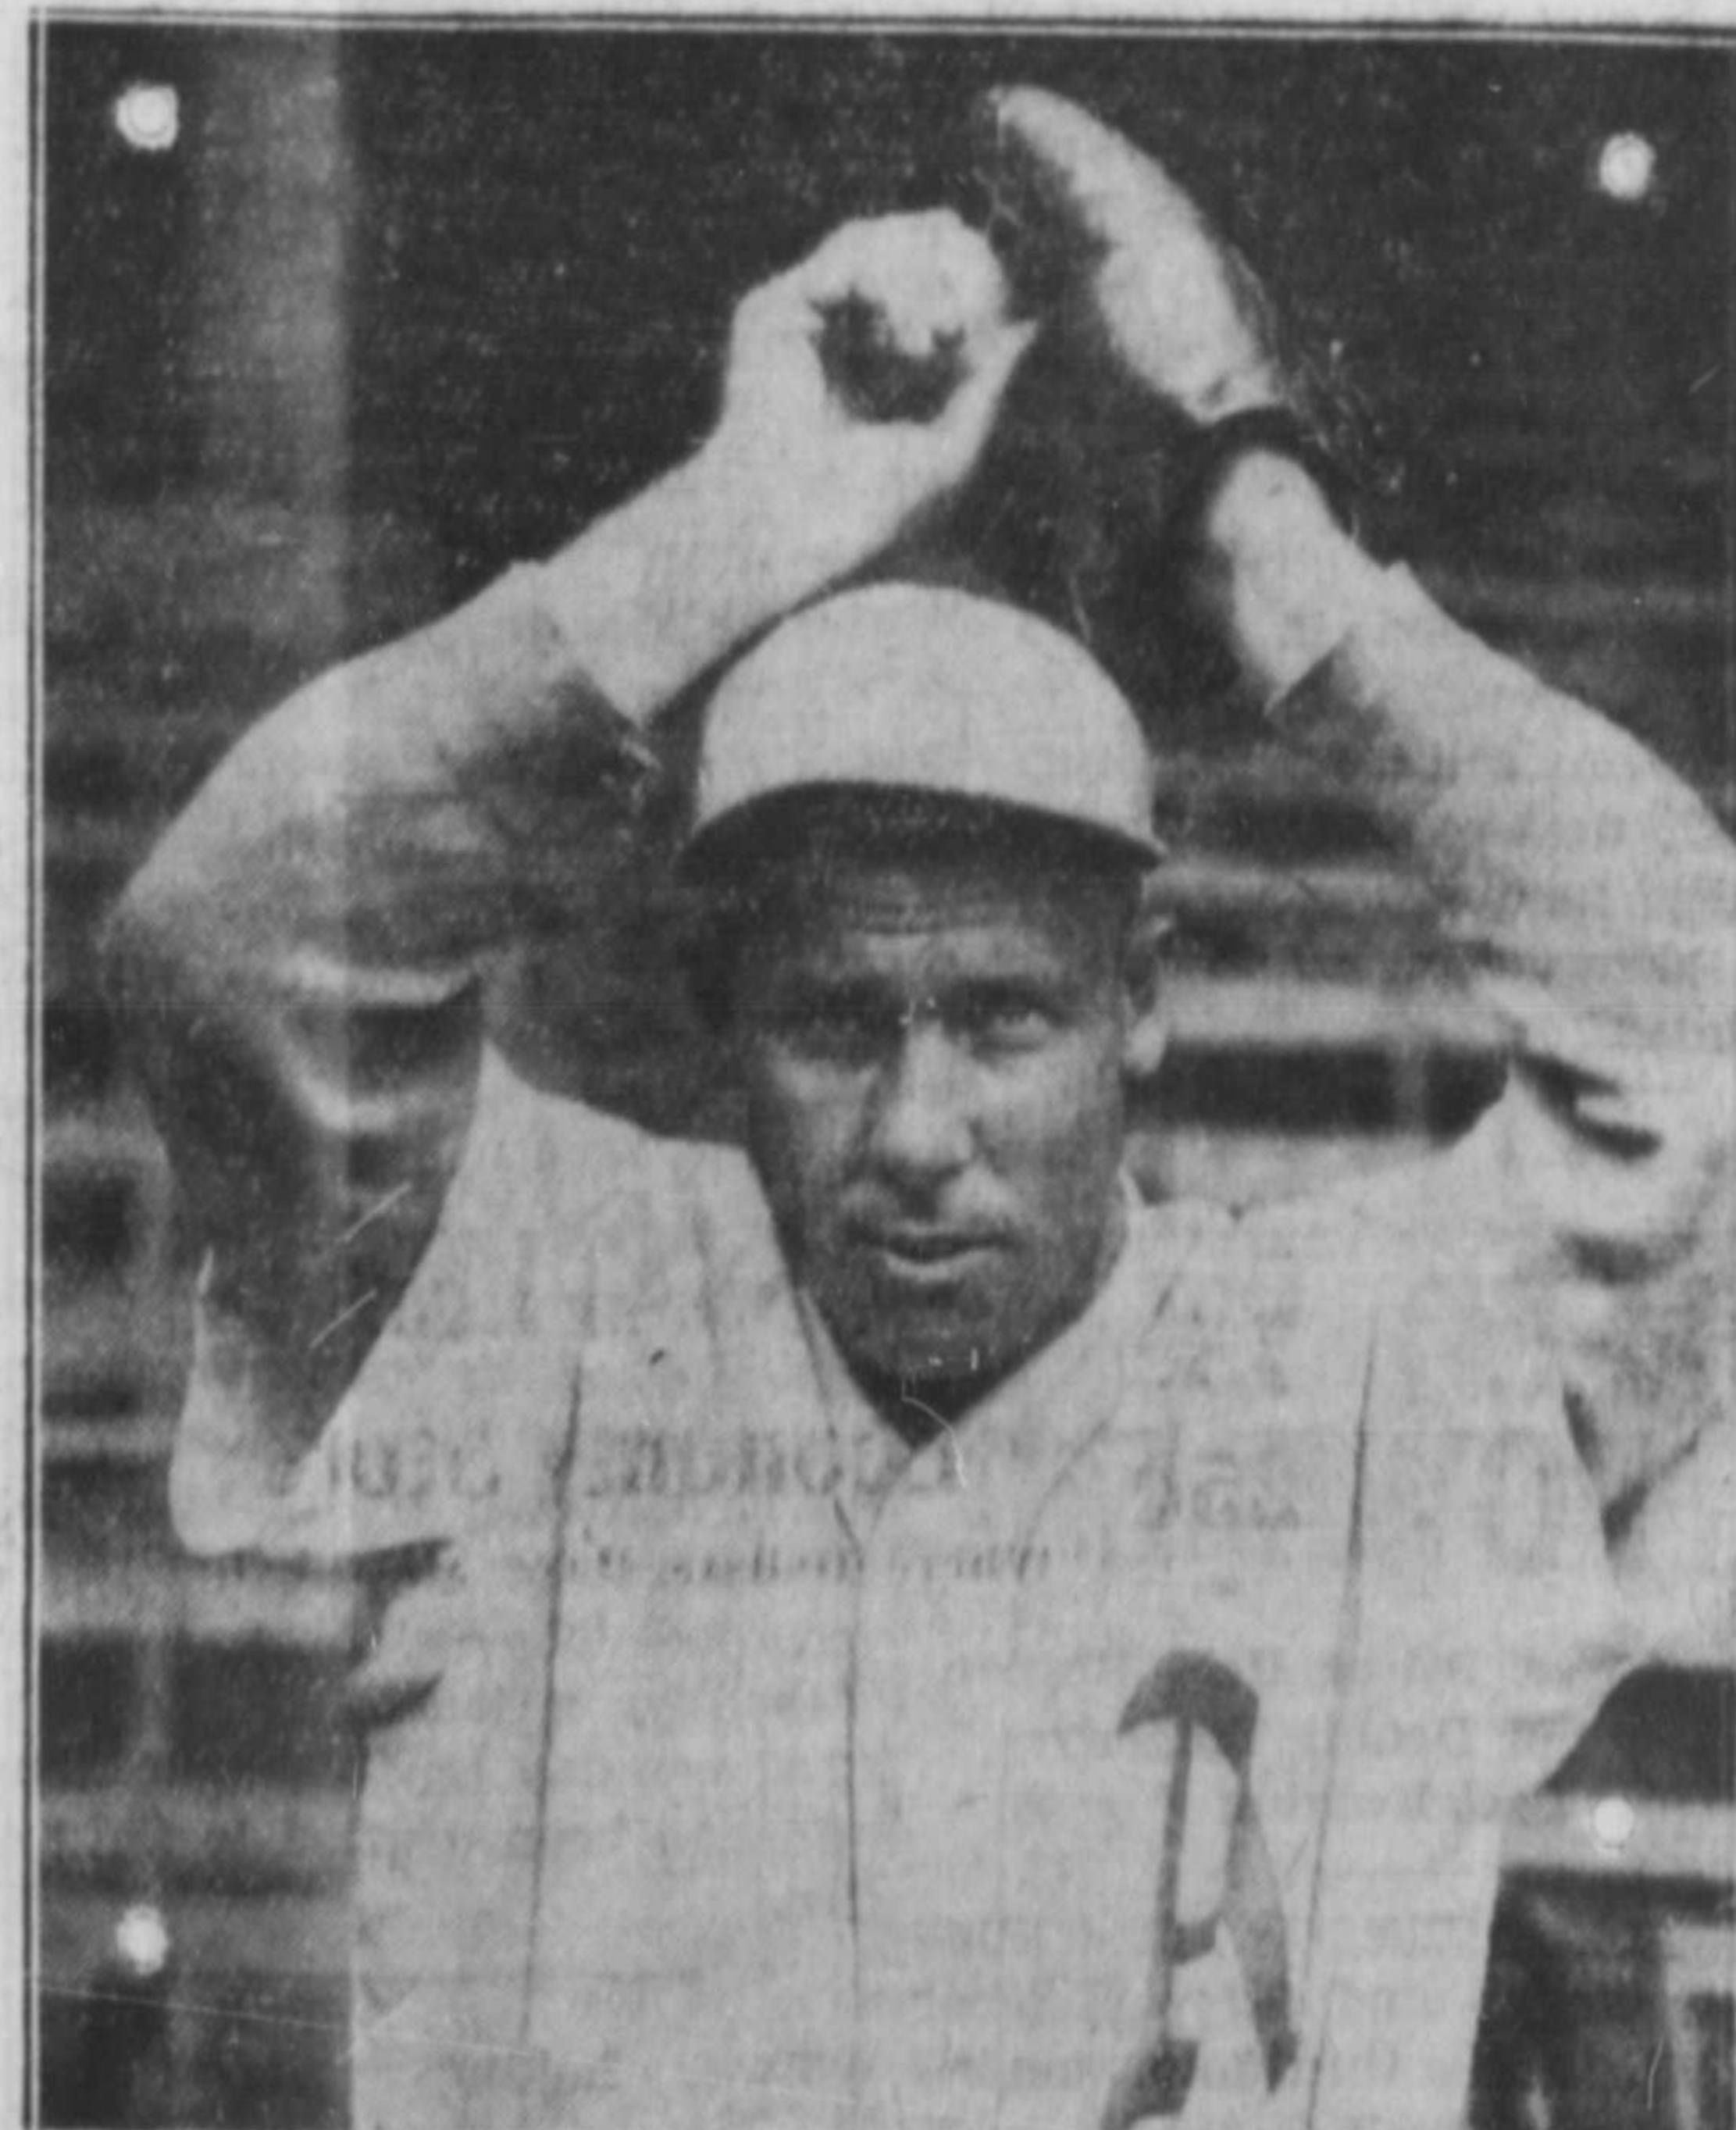

The Giants put Homer Peel in as a pinch-hitter for Fitzsimmons in the eighth. He singled sharply, reached third on Cronin's error and a roller by Critz but Manager Terry failed in the pinch, hoisting out.

The score:

New York..... R. H. E.
Washington..... 0 5 0

Pigeon racing in Belgium is a national sport.

Coming Athletics' Pitching Star

Connie Mack, veteran manager of the Philadelphia Athletics, whose hobby seems to be moulding championship teams only to tear them apart, is already building his team for next season and is placing great hope on Johnny Marcum (above). The young twister, obtained from Louisville, has already set the baseball world talking for in two starts he blanked both his opponents setting down both in Chicago "White Sox" and the Cleveland "Indians" without a run.

Rent Deductions Are Discussed at Workless Meeting

There was discussion at the regular meeting of the local unemployed council in the Canadian Labor Defence League Hall last evening in regard to the deduction of amounts from relief of married men to cover rents and it was decided to interview the city commissioner today in connection with the matter.

The proposal to send single unemployed men into camps was also discussed again and opposition was reiterated.

Angus McIver presided over the meeting and speakers under good and welfare included William Brown, Robert Kydd, Owen White and J. M. Dunn.

Parents of Band Boys in Annual Meet Last Night

The Boys' Band Parents' Association held its annual meeting last night in the Army with election of officers as follows:

President, V. Houston.
Vice-president, R. Long.
Secretary-treasurer, Mrs. H. B. Carlsie, D. Macphie and Sam Currie.

Executive—Mrs. J. Viereck, Mrs. Carlisle, D. Macphie and Sam Currie.

George Johnstone was elected as the Parents' Association representative to the Band Association.

Masset Appeal is Being Heard Here

David Rutten Takes Certiorari Proceedings Against Conviction and Fine For Selling

Hearing of an appeal by certiorari of David Rutten of Massett against a conviction and fine of \$400 by Stipendiary Magistrate Dunn of Massett for selling beer opened in County Court before Judge W. E. Fisher yesterday and was adjourned until Friday. L. W. Patmore is acting as counsel for the appellant and J. T. Harvey for the crown.

Evidence of Local Men Taken Here For American Case

Sitting as a commissioner for a State of New Hampshire court, Judge W. E. Fisher of this city on Tuesday took evidence of M. M. Stephens, local real estate broker, and D. J. Matheson, city assessor, in an action from Manchester, N.H., in which beneficiaries of a trust are questioning the accounts of the administrator, a Manchester broker named Arthur H. Hale, who has mortgage investments here. After the hearing evidence was sealed and forwarded east.

In the local hearing, T. W. Brown acted as counsel for Hale and W. O. Fulton on behalf of the beneficiaries.

GOOD ORE ON SPIDER

Spectacular Samples of High Grade Silver Brought to Stewart

STEWART, Oct. 5.—Owney McFadden and H. J. Thomey, leasers of the Spider group of mineral claims, situated some three miles north of the Big Missouri, brought into town last week-end some very spectacular samples of high grade silver ore. These are considered as fine as any samples ever brought to Stewart and are arousing widespread comment.

Messrs. McFadden and Thomey have returned to the property where they are continuing their explorations.

DOING WELL ON DUNWELL

Are Running Over 100 Ounces Silver and One Ounce Gold Found

STEWART, Oct. 5.—Great interest is being taken here in recent developments at the Dunwell mine. Samples of the last discovery are described by an authentic and well informed quarter as running over 100 ounces in silver and three-quarters to one ounce in gold. This discovery was made in the old workings and the ore carries its value over a width somewhat in excess of two feet.

Leasers on the Ben Ali claim, a part of the Dunwell holdings, are also encountering very satisfactory results.

At the Dunwell mine at the present time in six different places leasers are working at a profit. In each case the work is hand work and it is doubtful if there are many other lode mines in British Columbia where money can be made by hand work only. The opinion is expressed in informed quarters that the Dunwell mine never looked as promising in its whole history as it does today.

Dr. J. T. Mandy, department of mines resident engineer, spent three days on the property this week.

Head Colds VICKS VAPOR

GOLD ORE IS FOUND

Surprise Strike Made on Glacier Gulch Property Near Smithers

SMITHERS, Oct. 5.—Keen interest was aroused among the mining fraternity of Smithers when Stewart Campbell brought in some samples of new ore from the Glacier Gulch with free gold visible to the naked eye. The Glacier Gulch group is owned by Campbell, Loveless and Banta and they have been getting out a carload of bismuth-telluride ore for shipment to Trail. Assays of this are ran very high in gold but the new samples are the first showing free gold. In fact, this rock was not put in the carload, the gold being found quite by accident by one of the miners at work. Samples have been sent out for assaying to find the values and there is every reason to expect that they will be high.

The Glacier Gulch is only six miles from Smithers with a good road right to the camp. The mineralization that is being worked at present is 12 feet wide and values run as high as \$100. The free gold is in hard white rock in which no values had been looked for until the precious metal was noticed recently.

Mrs. Jack Wood (Annette Stone) sailed yesterday afternoon on the Prince George for a brief business to Anyox.

Nuisance of Cows' Bells at Stewart By Night Removed

STEWART, Oct. 5.—A short business meeting of the municipal commissioners was held on Tuesday last. The giving of three readings to a bylaw to prohibit horses and cows running at large at night with bells on them was the main item of interest. This bylaw provides fairly severe penalties and the commissioners announced their intention of having it rigidly enforced.

The clerk was instructed to take the necessary steps to have a technical mistake in the official boundaries of the village corrected.

Current accounts amounting to \$41.12 were passed.

The collector reported that taxes were coming in very well and that it was expected that only some fifteen parcels would be offered for sale at the tax sale. It was also reported that a large proportion of lots sold at tax sale last year were being redeemed this month.

EDWARDSBURG CROWN BRAND CORN SYRUP

The economical and delicious table syrup
A nourishing sweet for the whole family
THE CANADA STARCH CO. LIMITED, MONTREAL

Eating Milk

—AN EASY, CONVENIENT WAY TO ADD EXTRA QUANTITY AND QUALITY TO ALL COOKING

Milk drinking has its limits, especially among children. Encourage your family to eat milk. You will find more enthusiasm for milk when served this way—and there is such an appetizing variety of dishes to choose from, in all of which you can use Nestlé's Evaporated Milk just as it comes from the tin, concentrated to double the richness of ordinary cow's milk.

Try this simple method of getting your family to eat more milk! Let us give you a few hints that are sure to appeal to your experimental nature and your sense of thrift.

Nestlé's Evaporated Milk can be used in dishes not ordinarily prepared with milk at all. Omelets, poultry stuffings and stews will taste much better when this rich, creamy milk is added.

Rolls and bread made with Nestlé's Evaporated Milk are not only delicious but are also very nourishing; and, remember,

you don't have to sterilize the milk—that is already done.

Add Nestlé's Evaporated Milk to the liquor from vegetables and sea foods when you are creaming these dishes. That is something you cannot do with ordinary milk—but when you use Nestlé's, the liquor will combine smoothly with the milk to make a rich, creamy sauce, giving you all the nutritive value of your vegetable or sea food.

Nestlé's Evaporated Milk in its concentrated form, makes an excellent glaze for bread, rolls, and pie-crust—and a splendid coating for deep-fat frying; and, quite often, in cake and cookie recipes, this very economical milk can be used in place of part of the eggs called for.

And, remember, in any dish calling for milk, Nestlé's Evaporated Milk gives you an added creaminess and richness and an exceptionally fine texture and color.

The recipe given opposite is one that will be sure to find a place in your "special recipe" book. Try it—and then clip it out for further use.

District News

SKIDEGATE

A. J. Ingraham, manager of the Hydah gold mine, arrived here on Sunday from Kootenay Harbor. With him came Mr. de Silva, manager of the Gold Harbor mine.

The Queen Charlotte Islands seem to be overrun with eagles this fall.

Mr. and Mrs. Francis Richardson of Tieli were visitors here and at Queen Charlotte City for a short time recently, having motored down from Tieli.

As usual, old timers of the Queen Charlotte Islands rose to the occasion recently to assist Mr. and Mrs. N. Schuier following the destruction of their home at Southeast Harbor with all its contents. Robert Scharffe, Skidegate merchant, and Horatio Ross, Port Clements' merchant, were among those who made generous donations.

BETTER PRICE FOR POTATOES

Good Crop Being Harvested At Terrace Due to Showery Weather

TERRACE, October 5.—There seems to be a better market for potatoes this year than in 1932. At that time the grower was lucky to get 75c a bag. This year he will clear somewhat over a dollar. There is a good crop to be harvested owing to the showery weather that characterized the growing season.

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism. Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication. Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

A Brief Synopsis of Liberal Policy

HEREWITH is a brief synopsis of policy as laid down by the Liberal Party of British Columbia, in convention held in October, 1932.

Many matters of interest, not specifically set out, will require consideration. The principles enunciated are indicative of the Liberal viewpoint, and are broad enough to meet every question within provincial jurisdiction.

The Liberal Party exists as an official organization for the purpose of formulating and furthering measures that will make for the well-being of each individual member of society, and the welfare of society as a whole.

Innumerable questions, both of public and personal character, can be properly treated only through the agency of government.

Government is not an ordinary business, but carries responsibility to meet every problem arising from our complex social and economic conditions, in order that not merely a few, but all of our people may live in reasonable comfort.

The Liberal Party pledges immediate action under the best available advice and closest study.

T. D. PATTULLO.

August, 1933.

1.—Profitable and permanent employment is the most important question facing our people. There should be co-operation between the national, provincial and municipal authorities and the Canadian banking system to establish the necessary credit to carry out a broad programme of constructive and useful wage-distributing public enterprise, and to further the health, education and well-being of all our people.

An Economic Council should be established, the membership of which shall consist of representatives of the various avenues of endeavour, such as health, education, agriculture, labour and the industries. This council will be appointed by the government on recommendation of the interests involved, and will act in an advisory capacity to the government.

Amongst other things the council will study industrial and social effort in the province and suggest means to correlate these efforts. It will familiarize itself with intra, inter-provincial and foreign trade, and will co-operate with the other provinces and the Dominion. It will also study such questions as production and consumption, and the marketing of our products, the number of hours of work per day and days of work per week, the standard of wages and commodity prices. These questions are of national as well as provincial concern, and British Columbia can take the lead in urging co-operation with the other provinces and the Dominion as a whole.

National Unemployment Insurance should be established upon a contributory basis.

2.—Our Financial position must be reviewed. Current expenditure must be kept within current revenue. While maintaining the credit of the province, effort must be made to reduce capital charges. We cannot continue to pay exorbitant rates of interest for money.

3.—The Taxation Structure must be revised with a view to reduction wherever possible, including exemption in the lower scale of wages and salaries.

4.—The health of each of us is important to the whole community, and a measure of State Health Insurance should be made effective, not only to preserve health, but to reduce costs both to the average citizen and to industry.

5.—A general and effective review must be made of the Educational problem, rejecting any proposed organization that involves a caste system. We must facilitate the intellectual growth of each individual member of society in order to equip him for his daily tasks, and for the enjoyment of such cultural pursuits as may be in keeping with our social customs.

Triangular disagreements between the school boards, municipal councils and the department of education must be adjusted, and our whole system placed upon a sound financial basis.

6.—The financial position of our Municipalities is of increasing concern. An equitable adjustment must be made as between the province and the municipalities, and the municipalities placed in a sound financial position.

7.—An effort should be made to settle our Agricultural Lands in order that more of our citizens may be self-supporting. Agriculture as a whole must be put upon a sound and profitable basis, and made capable of sustaining and directing itself, in line with all other national, basic industries.

8.—Continuous effort should be put forth to assist industry in Marketing its products, in timber, agriculture, fishing, mining and, in fact, every operation where it appears that useful service can be rendered.

9.—Our highways must be kept in good condition, both for the benefit of settlers and the tourist traffic, and expanded as circumstances warrant. In this connection a Highway Board should be established to make for continuity of policy and to inspire confidence in impartial treatment.

10.—A Public Utilities Commission should be established.

11.—A National Central Bank should be established.

12.—Social Services, such as Mothers' Pensions, Old Age Pensions, etc., must be maintained. Abuses of administration should not be allowed, and injustice through mere technicalities should not be permitted.

13.—The Peace River must be given access to the Coast.

14.—In order that the utmost Freedom of Action by Members of the Legislature may be assured in respect of questions before the House, it is Liberal policy that a government shall be considered to be defeated only upon a straight want-of-confidence motion.

15.—The Dominion Government will be asked to place the Province of British Columbia upon a basis of equality with the other provinces, and to this end request will be made for a Royal Commission to ascertain the extent to which the Province of British Columbia has not been given Equality of Treatment with the Other Provinces of the Dominion.

16.—There shall be a permanent Voters' List to ensure that all eligible voters are enrolled.

17.—The Leader of the Liberal Party is given a free mandate to choose for his associates in government, men of character, ability and standing, having regard solely to the public interest.

GOLD ON ISLANDS

Is Still Absorbing Topic of Interest
—To Inspect Prince Rupert Group

SKIDEGATE, Oct. 5.—Gold and gold mining continues to be the major topic of interest on the Queen Charlotte Islands and prospectors and mining men continue their activity in the field while development operations continue on a number of promising properties. J. Kison of Sandspit is reported to have made the discovery of a big body of gold-bearing ore at Copper Bay, Moresby Island. The new discovery joins one of the claims owned by Norman Fraser of Prince Rupert.

A. Johnson M.E., consulting engineer for the Hydah gold mine, and B. G. Hawkins, one of the directors of the Hydah Gold Mines Ltd., are expected to make an inspection very shortly of the company's holdings at Kootenay Harbor known as the Prince Rupert group. They will be accompanied by E. C. Stevens of Skidegate.

On the Prince Rupert group the Hydah Co. now has one tunnel in 235 feet on the Victoria vein, this having run in splendid ore all the way. Recently some very rich ore was encountered in the Meaford tunnel which is in 70 feet. Gold can be seen scattered through the white quartz.

Robert Scharffe's partners have brought in from Cumshewa some of the finest gold samples ever seen in these parts.

Norman Fraser of Prince Rupert has made a gold discovery three miles south of Copper Bay and has located three claims there.

Stewart Canadian Legion at Premier

Large Contingent Makes Journey
And Innovation Proves Successful

STEWART, Oct. 5.—Members of the local branch, Canadian Legion, travelled to Premier in a body and held their regular semi-monthly meeting there, the library being placed at the Legion's disposal through the kindness of the company management. The local branch has been considering for a long time the advisability of holding an occasional business meeting at Premier where several members of the branch are located, and the results of the meeting held recently are such that the branch will certainly soon repeat the experiment.

Four new members were initiated and preliminary plans laid for the annual poppy campaign and for the winter's program of entertainments.

Before the Stewart contingent returned, refreshments were served by the Premier members. Transportation was provided by members of the organization.

WHIFFLETS

From the Waterfront

According to latest reports from the Skidegate Bar trolling grounds, the fishermen there, owing to very stormy weather, have not been able to do much fishing lately, although a fair run of cohoes is reported. Capt. Don Yelf, buying with his packer B. and Y. for the Canadian Fishing Co. of Butedale, is now on the grounds there and is paying 5c per pound for bright cohoes and 3½c for colored ones. Capt. Brandy Newell recently left Skidegate with the packer Bruce I with a load of 18,000 pounds for Butedale and is expected back there shortly.

Jim Bacon, chief factotum of the Bacon Fisheries in Prince Rupert, it is reported, will shortly make a trip to the Queen Charlotte Islands to spread the gospel of Liberalism prior to the coming provincial election. Jim, who bought fish on the Queen Charlotte Islands long before some of the rising young buyers were born, has a host of friends in those parts who will be delighted to see him again and who, doubtless, will do all in their power to insure that he is suitably entertained.
