CONSERVATIVE OR WHAT?

She was the only boat first gold brick from the new mill Tolmie, Attorney General Pooley and Minister of Labor tosh. Dennies made righting speeches dealing with provincial affairs which seemed to indicate that the picnic was part of the Tolmie election campaign. As the Premier had only Montgomery and P. McIntosh. recently announced publicly that he was no longer a Conservative but a Unionist, the gathering was significant.

In the course of his address Dr. Tolmie made a joint attack on the Liberal leader, T. D. Pattullo, and W. J. Bow-ser, flaying them both for having been members of ad- Baseball Standings ministrations which spent a lot of money and increased the public debt. Mr. Bowser was particularly attacked for having been a party to the taking over by the province of New York the P. G. E. Railway. The speaker told of the former Premier having led his party to defeat on three successive occasions, thus establishing for himself a record for defeats.

The Premier also took a fall out of the Co-operative Commonwealth Federation and the Fascists and defended his own government.

Attorney General Pooley predicted the return of Premier Tolmie at the head of a Unionist ministry with the active co-operation of Labor. Hon. W. M. Dennies said the Unionist Party in British Columbia stood solidly behind health and unemployment insurance through the national government but apparently did not deal with provincial labor policies.

Everything was in perfect order politically except for the curious anomaly of it being a Conservative gathering sponsoring a Unionist group at a time when many Conservative associations are sponsoring the non-partisan movement of Mr. Bowser in different parts of the province. This leads many people to wonder what is a Con- night's Senior League football servative?
