# BRITISH WAR DEBT DUE NEXT WEEK

## YOUNG WOMAN TRAGEDY VICTIM IN CARIBOO COUNTRY

### National Government Will Make Announcement Next Tuesday In Regard To Thursday's Payment

#### INQUEST IS HELD

Jury Probing Death of John Edward Bolk of Tachick Lake

VANDERHOOK, June 10.—At the opening of the inquest into the death of John Edward Bolk last evening, the coroner stated that evidence would be produced to show that the remains of the deceased, who lived about six miles south of here, were found in the living room of the burned cabin. So badly was the body burned that it was unrecognizable. A revolver was lying beside the body, one shot from which had been fired the others having evidently been exploded from the intense heat. Further evidence would indicate the possibility of suicide.

Dr. W. R. Stone is conducting the inquest, the jury consisting of Messrs. Day, Ogston, Matthews, Mitchell, Taylor and Hadden. Constable Jennings of the provincial police is conducting the investigation.

#### Library Board Is Carrying On

City Commissioner Requests it to Continue Administration For Time

City Commissioner W. J. Alder has requested the library board to carry on administration of the affairs of the Prince Rupert Public Library for the next two or three months, the board having consented to act.

With Commissioner Alder in attendance, the library board was in monthly session this week when routine business was taken up and library matters discussed generally. Members of the board present were G. V. Wilkinson, president, Victor Basso-Bert, H. A. Breen and T. B. Black, with Miss A. D. Cruickshank, librarian. The usual monthly reports were presented.

Many Rumors Are Meantime Current, Strongest Being That £2,000,000 on Account Will be Offered to United States—Chamberlain to be Spokesman

LONDON, June 10: (Canadian Press)—An announcement regarding the British war debt instalment due to the United States by Great Britain next Thursday will be made in the House of Commons on Tuesday by Rt. Hon. Neville Chamberlain, Chancellor of the Exchequer, it was stated today. Until then nothing official will be known regarding the government's position.

Meantime many reports are current here as to the stand the government will take, the strongest of several rumors appearing to be that the government had decided to offer the United States a "token payment" of £2,000,000 on the instalment.

#### ECONOMIES DISCUSSED

Get-Together Between Hospital Board and Members of Medical Profession

Question of economy and other matters of common interest were discussed at a recent conference between the board of directors of the Prince Rupert General Hospital and the Prince Rupert Medical Association, minutes of which were read at the regular monthly meeting of the hospital board last night.

Soliciting the co-operation of the medical men in the effecting of economies, the hospital board informed them that a deficit of \$15,000 this year was anticipated. At present the hospital was owing \$3,000 and its reserve fund was in city bonds which were at present non-negotiable.

Alleged over-hospitalization of patients under the Workmen's Compensation Act was discussed with the doctors who were asked for their particular co-operation in this regard. A number of individual cases were referred to.

In connection with indigent cases, it was suggested that at least four men were patients in the institution.

Continued on page 2

#### GROWTH OF CROP FAST

Wheat and Other Grains Coming Along Splendidly on Prairies With Conditions Generally Favorable

WINNIPEG, June 10.—In Manitoba the crops are making rapid growth, according to the Canadian National Railways weekly grain growing report. The grasshopper menace is by no means over. The general situation seems to be that they are much more spotty than they were at this season last year but the provincial government and municipal organization for poisoning the insects is more complete and bait is being scattered on thousands of farms.

All sub-divisions in the Dauphin division report weather has been warm and showery with excellent wheat growth and the hay crop gives excellent promise with no damage from any source. Central and Southern Manitoba have experienced heavy rains and all grains and pastures are doing well.

In the Weyburn, Radville, Central Butte and Qu-Appelle sub-divisions of Saskatchewan, weather during the past week has been mostly warm with showers. All grains, with the exception of some late oats and flax, are now seeded and wheat is showing from eight to sixteen inches above ground. Pastures are in good shape and livestock are doing well. No serious damage from grasshoppers is reported although they have made their appearance in some districts and poison bait is being supplied to combat them.

Continued on page 2

#### Baby Car Turns Turtle

Just as the photographer swung his camera around, a tiny racing car stood up on its hind legs, dumping the driver on to the road. The spill occurred at Downington Park, Leicestershire, Eng.

### Mystery In Connection With Finding of Body Of Girl at Roke Lake

Remains of Miss Ashley, Formerly of New Westminster, Discovered on Bed in Cabin—Died as Result Of Gunshot Wounds

VICTORIA, June 10: (Canadian Press)—An unexplained tragedy in the Roke Lake area of the Cariboo district is being sifted by the provincial police consequent upon the reported finding of the body of a young woman on a bed in a cabin. Death is reported to have been a result of gunshot wounds. Word received here from Sergeant Wood of Ashcroft is to the effect that the remains are those of a Miss Ashley, formerly of New Westminster, who had resided at Roke Lake for some time. Two officers and the coroner have been sent in to investigate.

#### IS FLYING TO PACIFIC

Jimmy Mattern on Way Today From Belye to Kharbarovsk

MOSCOW, June 10: (Canadian Press)—James J. Mattern left Belye at 2 o'clock this morning for Kharbarovsk on the Siberian coast in continuation of his flight around the world. Weather conditions were favorable for the hop. From Kharbarovsk, Mattern plans to fly to Nome and thence via Edmonton to New York.

On leaving this point, which is 450 miles west of Chita, Mattern as three days behind the Post-Gatty record and there appeared to be little chance of his beating the time of the Oklahoma flyers for the flight around the world.

#### Mayor Porter of Los Angeles is Election Loser

LOS ANGELES, June 10.—In the mayoralty election here this week, Mayor John C. Porter was defeated by Frank L. Shaw, chairman of the board of county commissioners, the vote approximating 117,779 to 98,309. There will also be a number of new faces on the aldermanic board and the board of education as a result of the election.

As soon as the results of the election made his defeat evident, Mayor Porter issued a statement in which he said that he had no regrets at being defeated, nor had he any apologies to offer for the work he had done during his term of office. He declared that he was proud of his record and conveyed his thanks to all his friends and supporters during his period of incumbency as well as during the election campaign.

### Case For Veterans Presented By Visiting Officials; State Of Economic Affairs Rapped

T. A. Barnard, president of the provincial command of the Canadian Legion, was the speaker before a large gathering of local returned men at the Canadian Legion club rooms last evening. J. Preece, president of the local branch, presided and introduced the speaker. Mr. Barnard stated that the two chief objectives of the Legion were to care for

those who suffered from the last war and to prevent another such calamity. The present young generation have not the knowledge of what the veterans gave up, what they risked and what they were entitled to from the country. During the war an artificial situation grew up in the replacement of the man power at the war by mechanical means at home and the returned man was faced with an absence of opportunity to work. Now, when the financial interests wanted to economize, they looked at the amount spent on pensions and said that is where we can save. The obligation of the nation to the pensioner was just as solemn as the contract with the holders of the \$495,000,000 worth of non-taxable bonds. In the same breath that a demand for economy was made, the salary of an official drawing \$12,000 a year was increased to \$15,000 and a pension of \$7,500 assured him at 60 years after ten years' service. The veteran was begrudged a \$20 a month pension after 60 years.

The position of the Canadian Legion was clear. When other available sources of revenue had been explored, then the returned man would be the first to make the extra sacrifice. Criticism of the recent amendments to the Pensions Act dealt with the substitution of a body of officials that did not see the applicant in person.

#### BONDS ARE RECOVERED

Securities Valued at \$8000 Stolen in Vancouver Are Located in San Francisco

VANCOUVER, June 10: (Canadian Press)—Negotiable bonds to the value of \$8,000 which were obtained in the hold-up here on April 4 of Western City Bond Corporation messengers have been recovered in San Francisco as a result of co-operation between the police of Vancouver and the California city.

#### FEDERAL GOVERNMENT WILL CONTRIBUTE TO RELIEF IN THIS CITY

VICTORIA, June 10: (CP)—Hon. R. W. Bruhn, minister of public works, has been informed that the Dominion government will assume one-third of the cost of direct relief in eight additional areas of British Columbia including Prince Rupert.

Continued on Page 2

### Brocklesby of Prince Rupert Speaker at Science Meeting On Subject of Fish Research

VANCOUVER, June 10: (Canadian Press)—In an interesting address before the Pacific Science Congress here, Horace N. Brocklesby, assistant director of the Prince Rupert Fisheries Experimental Station, reviewed ten years of research activity in connection with fish oils and their by-products which had resulted in the marketing of between five and six million gallons of fish oil annually.

Through a maze of graphs and abstruse chemical formulae, Mr. Brocklesby revealed scientific methods, distinguishing fresh fish from stale, analyzing animal and vegetable oils and devising by-products of chemical importance.

### SIGNING UP PEACE PACT

Mussolini Agreement Expected To Be Initialed Now By Four Great European Powers

ROME, June 10.—With the official announcement of the clearing up this week of differences between France and Germany the way appears to be once again clear for the signing of the Mussolini four-power peace pact designed to guarantee ten years of peace in Europe. French representatives have already been instructed by their government to sign the agreement and similar instructions are expected from Berlin by the German representatives. Great Britain and Italy were already in accord.

Headaches and Dizzy Spells Nerves in Bad Condition

Mr. Neil Crawford, Hamilton, Ont., writes: "My nerves were in such bad condition I found it almost impossible to get a good night's sleep. I was also bothered with headaches and dizzy spells. I tried many different remedies, but they did not seem to give me much relief, but after I had taken Milburn's Heart and Nerve Pills I could hardly believe the change they had made in my condition."

DAILY EDITION Saturday, June 10, 1933

THE ORIENTAL TRADE SITUATION

Prince Rupert, in view of its position and possibilities of being an important factor some day in trade with the Orient, naturally takes a very keen interest in the economic and commercial affairs of such nations as Japan and China. Yesterday press dispatches referred to the clouds of economic warfare which were looming over the Orient on the eve of the world economic conference. The suggestion was conveyed that Japan was considering reprisals against the British Empire following the abrogation of the Indian-Japanese trade agreement and other moves that have been made to keep cheap Japanese goods off the British markets.

Naturally, if Great Britain takes steps to keep Japanese goods out of its domestic market, Japan may be expected to take similar action to keep British goods out of that country. It is another of the problems that presents itself in connection with the attempt to develop intra-Empire and, at the same time, foreign trade. In view of the great extent of the British Empire, it is a most difficult undertaking to develop along both lines.

Many economists, however, believe that, as far as trade with the Orient is concerned, that will naturally develop if something can be accomplished in the way of stabilizing the value of silver which is such an important factor in the Oriental currencies. This is another important matter to be taken up at the world conference in which Prince Rupert district is vitally interested both from the standpoint of silver mining and Pacific trade development.

MR. BOWSER ADAMANT

As those who know the astute old politician best had expected, former Premier W. J. Bowser has refused to give up his "non-party movement" in British Columbia by rising to the bait of a possible, if improbable, reunion of the Conservative party under leadership of Hon. H. H. Stevens. Mr. Bowser could hardly have been expected, after all, to give up so easily as that exclusive control of the Conservative party machine which, call it what one may, it is a well known fact that he today has entirely in his own hands.

Incidentally, Mr. Bowser's insistence that he has no intention of foresaking this final bid for governmental power, should just about eliminate Mr. Stevens from the picture as far as foresaking his secure position in the federal field to lead a hopelessly tottering party in British Columbia is concerned, even should Premier Tolmie agree to retire and about which eventually there is much uncertainty. The position of the "non-party," "coalition," "government," "union," "Conservative" (perish the word!) or what-have-you, parties in British Columbia appears to be about as confusing as ever.

FLAG DAY OBSERVED

Postponed Ceremony and Sports Program Being Held This Afternoon at Acropolis Hill Grounds

With a thousand or more kiddies in attendance, the local Elks' Lodge is this afternoon holding its annual Flag Day ceremonies and sports program at the Acropolis Hill grounds, the event having had to be postponed from the King's Birthday on account of bad weather on that day.

The afternoon's proceedings started with a parade from the Westholme Theatre to Acropolis Hill grounds. The parade, of which Sam Joy was chairman and marshal, was led by the Prince Rupert Boys' Band, under Bandmaster Robert Greenfield, the Sea Cadets, under Chief Petty Officer Instructor Anslow; the Girl Guides, under Lieut. Norma Rogers, and Boy Scouts, under Scoutmaster P. C. Miller, with several hundred children taking part in the procession. Pete Chenoski, mounted upon a horse and representing Buffalo Bill, and a dozen or so clowns created much merriment.

Following arrival of the parade at the Acropolis Hill grounds, there was the ceremony of raising and saluting the flag after which "O Canada" was sung. There was an address by City Commissioner W. J. Alder who spoke on the meaning of the flag. Following the distribution of free peanuts and ice cream, a program of juvenile races was started including a Junior League football game. The committee in charge of the sports program consisted of W. D. Vance, Harry Menzle and Lee Gordon.

This evening another clown parade is planned followed by a comic baseball game, children's masquerade, presentation of cups and public dance. The May Queen, Miss Lydia Pettenuzo, and her court will take part in tonight's parade.

The Letter Box

UNEMPLOYED AND CAMPS

Editor, Daily News:- It is indeed refreshing to have our faith in human nature restored and realize once more that fundamentally we are connected with the Arborescent Order of Apes. "Citizen's" letter in the press yesterday brings me into the ring on behalf of organized unemployed labor. The unemployed would be in a sorry plight if unorganized. We, who have borne the brunt of the depression for three years, are now to be corralled in the bush under the supervision of ex-army officers. How anyone can view with equanimity thousands of his fellow creatures being herded like animals is beyond my comprehension. What "Unemployed" was trying to explain was that if the wealth were to be taken from the rich, or, if everyone's means of livelihood were to be taken from them, and they were to be herded into camps, they would do exactly the same as the unemployed are now doing. It is no matter what principles, patriotic or otherwise, actuate the gallant Major Fordham. The well being of the unemployed is his least consideration. He is only the puppet of political higher-ups who now propose to exploit the unemployed by forced labor in order to get rid of surplus clothing and throw a sop to camp caterers and political hangers-on. The unemployed have now had experience of camps and many of them of army officers and we have no desire to renew the experience, especially in times of peace. If we have a choice, we may elect to try the Salvation army. Personally, I am disappointed that the church has not entered the political arena but it seems to be emasculated. There seems to be no hope from any of the present political parties to judge by past and present mis-government. W. A. HOGG, for Unemployed Councils.

Hotel Arrivals

ECONOMIES DISCUSSED

(Continued from Page 1.)

tion who should go to the Old Men's Home. The finance committee will go further into the matter.

X-ray service of the hospital was also discussed, the doctors stating that the same charge was made here as elsewhere but without the full service being given. A committee consisting of Wm. Brown, G. P. Tinker and Managing Secretary H. W. Birch will continue discussion of x-ray operation with the doctors. The doctors also brought up the desirability of additional equipment in the hospital.

Health of Nurses

Health of nurses was discussed with particular reference to x-raying of the staff, rotation of night nurses and sleeping quarters of night nurses.

In the matter of x-raying the nurses as to physical condition, the board last night decided that, in future, all girls coming in for training should at first have x-ray examination and that all members of the staff should have such examination annually. Certain improvements in the sleeping quarters for the night nurses in the hospital building proper were discussed by the board and these will be gone into further by the house committee.

Rotation of night nurses was already being practised to a certain extent, it was stated.

There will be another conference shortly between the board and the Medical Association.

Moose Dance Last Night is Enjoyed

Another Happy Affair Staged by Lodge With Good Sized Crowd in Attendance

Another very enjoyable dance was staged by the Moose Lodge in the Moose Hall last night. A good sized crowd took part in dancing from 10 p.m. until 2:30 a.m. Music was by Mrs. J. S. Black's Orchestra and Joe Siaggard was a genial master of ceremonies.

At midnight, delicious refreshments were served with Mrs. Ole Stegavig and Mrs. Peter Wingham in charge of the catering.

The committee in charge for the evening consisted of W. B. McCallum, Andrew Macdonald, A. K. Nelson, Ted Rorvik, B. J. Bacon, D. C. Schubert and Percy Cameron. Presiding at the door was B. M. Simpson.

SMITHERS BASEBALL

Home Team Defeats Hazelton But New Hazelton Defeats Seniors

SMITHERS, June 10—On Sunday there was a very exciting baseball game in which the Smithers Snappy Nine team defeated the Hazelton team by the close score of 6 to 5, the winning run being made in the last half of the ninth inning. There was a large crowd of rooters out for each side, a number of Hazelton people having driven over to support their team. The batteries were: Smithers—Victor Giraud, pitcher, and Pat Downey and Harley Lewis, catchers. Hazelton—Perry York, pitcher, and Ab Moore, catcher.

On the same day the Smithers Seniors were beaten 11 to 2 by the crack New Hazelton team on their own grounds.

Baseball Scores

CASE FOR VETERANS PRESENTED BY VISITING OFFICIALS: STATE OF ECONOMIC AFFAIRS RAPID.

(Continued from Page 1)

son for the previous arrangement whereby the Pension Tribunal saw the claimant in person. Even a criminal was given an opportunity to state his case in person to his judges.

Heritage of Youth

The speaker expressed his sympathy with the youth of today. Lack of opportunity to work, lack of opportunity after they completed their university education, suggestion that even the schools be closed, were indicative of the heritage that the youth of today were heir to. And the happiness of their dependents that the world might be safe for democracy.

In a world suffering from over-production people were expected to live on nine cents a meal; and tuberculosis was increasing as a result of mal-nutrition. The Canadian Legion had a definite work ahead in planning a democratic method of seeing that people had enough food, clothing and shelter and that the veteran prematurely aged as a result of his war experiences be assured an old age free from the spectre of starvation and suffering.

A hearty vote of thanks was accorded the speaker by J. S. Wilson and the president.

It is expected that Mr. Barnard and A. Coburn, president of the Nanaimo branch of the Canadian Legion, who is accompanying him on a tour of the north, will address another meeting here on their return south from Stewart if boat connections permit. Notice will be given through the press and returned men with specific cases for discussion will be asked to meet Mr. Barnard then.

FUNERAL OF ALEX M'RAE

Chapel of B. C. Undertakers Taxed to Capacity This Afternoon by Those Desirous of Paying Last Respects

The chapel of the B. C. Undertakers was taxed to its capacity this afternoon by many friends desirous of paying final tributes of respect to the memory of deceased and expressing sympathy for the sorely bereaved relatives at the funeral of the late Alexander McRae, victim of a tragic accident at Hyder, B.C. earlier in the week. Following the funeral service, a long concourse wended its way to Fairview Cemetery where interment was made.

Rev. W. D. Grant Hollingworth, pastor of First Presbyterian Church, officiated both at the chapel and at the graveside. He spoke fittingly of the life of deceased and expressed words of comfort for the bereaved. A. J. Lancaster presided at the organ to accompany the hymns which were "Lead Kindly Light" and "Abide With Me."

Following the service at the graveside, military honors were paid deceased with the sounding of "The Last Post." Pallbearers were Bert Morgan and George Howe, representing the Prince Rupert Whist and Cribbage League; J. W. Pottinger, representing the Trades and Labor Council; John McKenzie and William McLeod, representing the Canadian Legion, and Peter Thompson. There were numerous and beautiful floral tributes.

GROWTH OF CROP FAST

(Continued from Page one)

In Central Saskatchewan and districts to the north thereof, weather has been ideal for growing crops, although some districts report excessive moisture. All seeding is completed while wheat is well above ground and making splendid progress. Coarse grains are commencing to show, growth is rapid and, so far, no damage has occurred from any source.

The Drumheller, Red Deer and Azadia Valley sub-divisions in Alberta have had excellent growth during the past week with practically all seeding completed and wheat showing about six inches of healthy appearance. No damage is reported and pastures are in fine condition.

Along the Unity, Viking, Camrose, Vegreville and Alliance sub-divisions all grains are progressing favorably although some slight drifting is reported on lighter land and a good rain would be beneficial.

While receipts of cattle this week on western stockyards have not been very heavy, the trade has ruled slow with generally lighter prices on everything with the exception of stockers and feeders. Very few of the latter are coming through and more could be handled at present prices. The hog market remains unsettled.

Today's Weather

(Government Telegraphs)

Prince Rupert—Part cloudy, light southeast wind; barometer, 30.10; temperature, 51; sea smooth.

Triple Island—Part cloudy, moderate southerly wind; sea smooth. Langara Island—Clear, calm, sea smooth.

Dead Tree Point—Part cloudy, light southeast wind; barometer, 30.29; temperature, 52; sea choppy.

Terrace—Cloudy, south wind, 48. Aiyansh—Cloudy, calm, 52. Anvox—Cloudy, calm, 50.

Stewart—Cloudy to rain, south wind, 46.

Hazelton—Part cloudy, calm, 56. Smithers—Part cloudy, calm, cold.

Burns Lake—Cloudy, calm, 48.

LOCAL NEWS

Tonight's train, due from the east at 10:15 p.m., was reported this afternoon to be on time.

S. M. Manning of Premier, who has been on a trip to Juneau, sailed last night by the Prince Rupert. Mr. Manning will be a passenger on board the same steamer tonight for a trip to Vancouver.

Miss Jean Harrison R.N., lady superintendent, informed the hospital board last night that she intended to take her annual vacation next month. At Miss Harrison's recommendation, Miss Phyllis Mooney R. N., operating room supervisor, was named acting lady superintendent during her absence at an increase in salary for the month.

Miss Florence Rose, who has been on a brief holiday trip to Vancouver, returned to the city on the Prince Rupert yesterday morning.

Constable G. A. Wyman of the city detachment of the provincial police returned to the city on the Prince Rupert yesterday morning from a brief trip to Vancouver on escort duty.

Regular monthly meetings of the Prince Rupert Shrine Club have been cancelled for the holiday months of June, July and August, there having been no meeting, as scheduled, on Tuesday night of this week.

Mr. and Mrs. W. B. Cornish and child sailed this morning on s.s. Cardena for a holiday trip to Vancouver. Mr. Cornish is in the employ of the Railway Mail Service here.

Olof Johnson, for drunkenness, was fined \$25, with option of fourteen days imprisonment, by Magistrate McClymont in city police court this morning.

RECITAL by VIGGO KIHL, world famous pianist, TONIGHT in United Church, 8 o'clock sharp. "There is only one Viggo Kihl and his recitals are like nobody else's" (Toronto Globe). HEAR HIM! Admission 75c.

Rev. and Mrs. C. W. McKim and family arrived in the city on Thursday night's train from Terrace, where Mr. McKim has been stationed for the past two or three years as Anglican rector, and sailed later in the evening on the Prince George for Vancouver. They will later proceed to England to take up residence, travelling via St. John, New Brunswick, where they will pay a visit.

The hospital board, at its meeting last night, discussed means whereby a caveat in the contract under which the board a few years ago purchased a block of some ten acres of land on Overlook Street from the Grand Trunk Pacific Development Co. providing that the land would be used only for hospital purposes might be removed so that, if considered desirable, the land might be subdivided and some of it placed on the market. Before taking any other line of action, the board is now in touch with the development company seeking removal of the caveat. The board, which bought the land with a view to eventually using it as the site of a new hospital, is now finding it a rather a costly matter to carry the property.

When is a fire alarm not a fire alarm? Such is the question that has been agitating Fire Chief Morrison and his good men following a call which was sent in yesterday morning to the home of Mr. and Mrs. W. H. Smeeton, Park Avenue, whence they turned out to extricate from its plight a cat which had been encircled upon the roof for twenty-four hours or more and which it was feared might be feeling the pangs of appetite. The feline was extracted without much trouble. In fact, the boys were more puzzled on how they were going to log the call. To be sure, there was no fire. Nor did they feel justified in putting it down as a false alarm. "Why not call a spade a spade and put it down as a catcall?" was the suggestion of a newspaperman who was called into conference to assist in solving the burning (?) question. We have not yet heard if this idea has been acted upon.

Special for 2 weeks drycleaning Evening Gowns \$1.25, other dresses \$1.00. Ideal Cleaners, Phone 858.

Mrs. A. Hudema, who has been on a trip to Vancouver, returned to the city from the south on the Prince Rupert yesterday.

Mrs. Jessie Jacobs of the local Indian Office left on last night's train for a vacation trip in the course of which she will travel as far East as Winnipeg.

S. Morrison, district engineer for the Canadian National Railways, returned on Wednesday night of this week to his headquarters in Vancouver after a trip over the line on official duties.

Just received a large shipment of crockery direct from England. Wonderful value. Prices 50% below normal. Buy now as prices are advancing. GORDON'S HARDWARE, Phone 311.

J. D. Forsythe, Vancouver auditor, who has been here in connection with the winding up of the affairs of the Big Bay Lumber Co., sailed by the Prince George Thursday night on his return south.

On a charge of vagrancy William Mintake, a resident of the province of Saskatchewan, who is alleged to have sought to obtain relief here, was fined \$10, with option of seven days imprisonment, in city police court yesterday.

G. W. Dunn, in charge of the Consolidated Mining and Smelting Co.'s assay office here, sailed on the Princess Adelaide last night for a trip to Vancouver. Mr. Dunn has not been enjoying the best of health lately and is hopeful that the change will be of benefit.

A letter from the Royal Trust Co. of Victoria informed the hospital board, at its meeting last night, that a dividend of twenty per cent, which would probably be the last, had been declared in the estate of late George G. Bushby. Accordingly a check for \$5.55 on an account of \$27.75 owing to the hospital was being tendered. The check was accepted by the board as settlement in full of the account.

The regular monthly meeting of the board of directors of the Prince Rupert General Hospital was held last night in the hospital. Those present were Frank Dibb, chairman, R. E. Benson, G. P. Tinker, Robert Gordon, W. M. Brown, G. V. Wilkinson and Dr. L. W. Kergin, directors; City Commissioner W. J. Alder, Miss Jean Harrison, R.N., lady superintendent, and H. W. Birch, managing secretary.

Fishermen Given Opportunity to Qualify as Tugboat Masters—Halibut Landings—New Commissioner Pays Visit to Alaska

Capt. J. R. Elfert, harbor master at Prince Rupert, has been advised by the Department of Marine to the effect that hereafter fishermen who have served on halibut and purse seine vessels of ten tons gross and upwards will be permitted to take examinations for qualification as tugboat masters. Heretofore such fishermen, many of whom

have attended schools for navigation conducted by Capt. Elfert during each winter, have been unable to take the examinations and qualify for tugboat masters' certificates unless they have served some time at sea in general, such as ocean-going or coastal, service other than on fishing vessels. Under the new ruling they will be credited with service on fishing vessels over ten tons. As a result, it is expected that even greater numbers of fishermen will be attracted to take advantage of the instruction offered by the navigation school which it is anticipated will be held as usual during the coming winter.

Halibut landings at the port of Prince Rupert for the 1933 season up to and including June 9 totalled 5,764,600 pounds as compared with 3,774,250 pounds for the 1932 season up to a similar date. Canadian landings for this season stood at 2,508,300 pounds as against 1,591,950 pounds at the same date last year while this year's American landings were 3,256,300 pounds in comparison with last year's 2,182,300 pounds. For the week of June 3-9 inclusive landings amounted to 432,800 pounds made up of 193,000 pounds Canadian and 239,800 pounds American fish. The high price of the week for Canadian fish was 5.6c and 3c which the Joe Baker received for 11,000 pounds and the low 5c and 3c which a number of boats received. For American fish the top bid of the week was 7.7c and 4c paid the

Emma for 15,000 pounds and the low 6c and 4c received by the Urania for 19,000 pounds. J. L. Kask, a member of the scientific staff of the International Fisheries Commission, who is well known at Prince Rupert, recently visited the Scripps Institute of Oceanography at La Jolla, Cal. The purpose in visiting the California institute was to observe studies made of fishes and researches on plankton.

According to a message received at the Indian Office here yesterday, William Robinson, well known Metlakatla native, who was missing for several days recently and was rescued safely at Craig, Alaska, after having been shipwrecked, is now at the North Island trolling grounds where he is engaged in fishing.

In the course of his first official tour of Alaska, Frank T. Bell, new United States commissioner of fisheries, succeeding Henry O'Malley, arrived in Ketchikan yesterday morning from Seattle aboard one of the department's patrol vessels. At noon he attended a mass meeting in the Coliseum Theatre of all classes of fishermen and persons interested in the fisheries. The mass meeting was sponsored by and was in charge of the Alaska Seiners' Association. Resolutions were presented to Mr. Bell urging an eight-day extension of seine fishing over

trap-fishing, opening of certain additional bays and inlets to fishing, preference to white men in the fisheries and the holding of public hearings each year in order to get the views of the Alaska fishermen before the promulgation of annual regulations. Mr. Bell, in addressing the meeting, which was broadcast over radio station KGBU, assured his listeners that it would be his policy to bring about fishing regulations which would be as advantageous as possible to the various branches of the industry, having always in view the important matter of future conservation of the fisheries. During Mr. Bell's tour of the territory of Alaska, he intends to hold sixteen official hearings at various points as well as to inspect various fishing grounds and operations.

**Commission's Figures**  
According to official estimated figures issued by the International Fisheries Commission, the total Pacific halibut catch for the 1933 season up to the end of May was 17,019,477 pounds of which 9,525,402 was from Area No. 2 and 7,485,075 pounds from Area No. 3. The total quota allowance set by the Commission for these two areas this year is 46,000,000 pounds and, when this figure is reached, the season will automatically cease as far as fishing is concerned. The allowance for Area No. 2 is 21,700,000 pounds and for Area No. 3, 24,300,000 pounds. The total catch of the Pacific for May is estimated by the commission at 4,516,080 pounds including 2,336,686 pounds from Area No. 2 and 2,179,394 pounds from Area No. 3. The correct weights of landings at Prince Rupert for the month of May are placed by the commission at 1,732,080 pounds including 1,329,186 pounds from Area No. 2 and 342,894 pounds from Area No. 3. Landings for all other ports of the coast for May are placed at 2,784,000 pounds consisting of 947,500 pounds from Area No. 2 and 1,836,500 pounds from Area No. 3. Official figures of the commission covering the coast catch up to the end of April were announced two weeks ago in these columns.

R. G. (Bob) Johnston, pioneer manager of Inverness cannery on the Skeena River, was an overnight business visitor to town, having arrived yesterday morning from the river on one of the company's tenders. He reports everything in readiness at the plant to start canning operations the week after next when the season for fishing with sockeye nets opens.
