TUESDAY, JUNE 27

FOR MR. BOWSER'S INFORMATION

In mutilating the charter of the city of Prince Rupert Hon. Mr. Bowser said he did so because the Initiative, Referendum, Recall and Commission clauses contained therein were "new" and "unusual. The fact is that these clauses are neither new nor unsuaul.

The State of Oregon is the next door but one neighbour to the south of British Columbia, and as is pointed out by a writer in the circuit. "There are too many Twentieth Century Magazine, the Initiative and Referendum have been used in the State of Oregon with excellent results since the year

During the last four general elections sixty-four proposed measures have been submitted to the direct vote of the people.

At the elections of 1908 and 1910 the Secretary of State was required to print and mail to every registered voter a pamphlet giving the full text of every measure to be voted on, with arguments submitted and paid for by those supporting or opposing the several measures. There were 128 pages in the pamphlet of 1908 and 208 pages in the pamphlet of 1910.

The total cost to the State for postage, printing and binding and distribution of the pamphlet issued in 1910 was less than 20 cents for each registered voter. Thirty-two measures were submitted to the popular vote in that year.

The vote on measures has been generally intelligent, and the system is of great educational value.

The official pamphlet of measures and arguments is carefully studied by a great many of the voters.

The returns indicate that most of the electors do not vote on measures that they think they do not understand, though many in that case vote "no."

It is believed by close observers that the percentage of voters who carefully read every one of the thirty-two measures submitted at the recent election is fully as high as the percentage of members of the Legislature who read every one of the 500 to 800 bills they are called upon to vote for or against in the Legislature.

No measure containing a "joker" has yet been approved of by the people.

The smallest vote cast in the eight years was 70.726 on a local measure in 1908, being 63 per cent of the highest vote cast for any political candidate. The largest vote was 106,215 on State-wide Blinds prohibition in 1910, being 90 per cent of the vote cast for Governor, Curtains which was the highest number of votes cast.

The people are giving more and more attention to the measures submitted. Both the teachers and the pupils in the public schools are taking an ever increasing interest in public questions and the study of the science of government.

It is said that the control of the government by party bosses and political machines is now completely abolished.

Among the direct beneficial results of this direct legislation are:

- 1. Abolition of the temptation to buy or sell votes in the Leg- BIG FURNITURE Store islature.
- 2. People of every city and town to have the right to make an F. W. HART & COMPANY amend their city charters on all local matters at their own pleasure, absolutely free of special acts of the Lesgilasture.
- 3. Right to recall any elected public officer from Constable to Governor, including judges of the courts.
- 4. Approval of the State-wide prohibition of the manufacture Skeens Land District District of Coast Range and sale of liquor, leaving, however, the principle of local option untouched.
 - 5. Indorsement of Workman's Compensation Act.
- 6. Public credit not to be used to aid, build or operate private or government railroads.

Is it not time Prince Rupert revived its claim to have an up-to- Pub. May 6. date and model city charter?

RAT CATCHER IS WORKING WELL

But Medical Health Officer Demands Further Precautions Against Invasions of Rats from Steamers.

Dr. Reddie has reported favorably regarding the efficiency of the present city ratcatcher. He recommends, however, that a minimum number of 800 rats per month should be required from the ratchatcher before the bonus on rats can be paid. Dr. Reddie further recommends that measures be taken to prevent rats from getting ashore from the steamers. Dr. Reddie is of the opinion that as many rats come off the vessels as can be killed by the ratcatcher.

The city council agreed to exact the minimum number of rats from the ratcatcher and to lay upon the table the recommendation regarding the prevention of rats from coming ashore from the boats.

A copy of the Vancouver Bylaw regarding rats and the vessels was enclosed by Dr. Reddie and steps will probably be taken shortly to have a similar by-law for Prince Rupert.

SHIP IN DISTRESS

Investigation into Supposed Co-Ilision. Craft Docked in Police Court.

Into the still waters of the police court dock this morning the mysterious little craft or crafty little mystery who yesterday rejoiced in the name of Toni Capilano, was carefully steered. It turns out this morning that the vessel' name sounds more like "Coquitlam." In any case the craft got clearance papers all right today Rumors that the S.S. Toni Coquitlam had been in collision with the Comox Cruiser Blanche King carrying away her hand-gear were apparently groundless. The cruiser sailed into dock an hour late, and had to pay the costs of the other boat's dockage dues \$5. The missing hand-gear seems to have gone adrift. It was worth

Alderman Morrissey wanted to The special feature was S. A. Do away with this. Patronize a white know who had given authority Edy who broke alley record by for the lending of the machine. 12 pins rolling 11 strikes and 1 Pioneer Laundry. Phone 118 Nobody knew-not even the May- spare.

Alderman Kerr on behalf of the streets committee declared that the pile-driver was the best one in Prince Rupert today; and someone in the audience hinted that it might be a good thing to lend it next to the Government Wharf contractor to help him get in another pile before Christmas.

TAKE CARE OF THE CITY SCOW

Launch Owners Will be Asked to Tender for Towing the Scow out of Harbor for Dum-Fears for Its Safety.

Now that the city garbage dumping scow is ready for service, and and back.

that it will not do to accept the olowest offer for towing without assurance that the tug boat is equal to the handling of the scow safely in case of bad weather arising while the craft is at sea.

The Mayor rather fancied this can be left to those tendering. They will not risk their own launches by undertaking too heavy towing for varying weather. But Alderman Morrissey thought a launch owner hampered by the city scow in time of risk would cut the scow adrift. He wanted to have the tenderers put up bonds covering the value of the

City Solicitor Peters declared that you couldn't find seafaring men on the Pacific coast who would put up bonds like that. He suggested that insurance of the scow covered the situation

Tenders will be called for, and the council will not award the contract except to a trustworthy launch owner with a reliable boat equal to ordinary risks on these

CLAIMS HOSPITAL FEES

Hugh Campbell Fell off Sidewalk and Broke Three Ribs

Hugh Campbell has petitioned the city council to pay his hospital One of the greatest slaughter expenses for attendance necessary sales ever held in this city will as the result of an accident. He fell off the sidewalk and broke three ribs, one penetrating the lung. It was mentioned in council last night that the Hospital Board has promised that two city patients shall be accommodated in consideration of the hospital's con tribution from the council. Mention of this was not made in the-Secretary's letter of thanks for the grant, but the matter is to be attended to.
